

MEXICANS LOCKED IN DEATH GRAPPLE FOR TORREON CITY

General Villa Wires That City Has Not Fallen and That Heavy Fighting Is in Progress.

REBELS ARE MEETING STUBBORN RESISTANCE

Villa Has Taken Part of the City, But the Federals Are Barricaded in Buildings and Fighting Desperately.

Juarez, Mexico, April 1.—Heavy fighting was in progress at Torreon today, according to a 1,000-word report received by General Carranza from General Villa tonight.

The gist of the information was given out through General Carranza's secretary, Alfredo Breceda, to the effect that the heaviest fighting was proceeding in a so-called canyon named Huarache, the southern railroad exit from the city.

The canyon is said to be in reality a sort of basin formed by the proximity of three mountains. Through this basin two railroads run. It is one of the most strongly fortified of the federal positions and Senor Breceda said the rebels were meeting with stubborn resistance.

To Cut Off Reinforcements.

It is reported that General Joaquin Marks, with federal reinforcements, who has been reported at Saltillo, from where he recently has been sending his dispatches and which is to the east of Torreon, is making a circuit to the south with the purpose, the rebels assume, of joining the Velasco forces in Huarache. Whether the rebel force under General Herrera sent out to intercept him has been engaged is not known.

According to Senor Breceda, the rebels have cut the railroad between San Luis Potosi and Aguascalientes, this is 300 miles south of Torreon and he said to indicate the activity of another column of rebels, intent on hindering the movements of the federals.

Not Yet, But Soon.

Before the dispatch was sent to General Carranza, General Villa in another telegram had denied the reports that Torreon had fallen. His telegram was based on a message of congratulations to him yesterday by Colonel Fidel Avila, chief of arms of the garrison here. General Villa replied as follows:

"Gomez Palacio, April 1, 1914.—Colonel Fidel Avila, jefe de las Armas, Juarez: In reply to your message, I wish to state that I have taken part of the city of Torreon, the struggle is not yet completed. I expect to obtain a triumph of which I will advise you."

GENERAL FRANCISCO VILLA.

Details of the struggle received today were brief and showed that the relative positions of the contending forces have not changed to any extent in the last five days.

Carranza Is Confident.

General Carranza today seemed confident that a big military chieftain would conquer the federals at Torreon under General Refugio Velasco.

Both armies are said to be so worn and exhausted by continued fighting that the present action lacks the virility of the rebel conquest of Gomez Palacio.

A telegram from Gomez Palacio to General Chao, at Chihuahua, was copied here today. It was that a train wounded left Gomez Palacio at 2 o'clock this morning and added that at that hour fighting continued.

It is said the rebels occupy Gomez Palacio, Lerdo and some of the outskirts of Torreon. The federals have fortified themselves in some of the strongest buildings in the last named city, the report adds.

Federals in Big Hotel.

The federals, among other defenses, are occupying a big hotel on the plaza, while the rebels have mounted a few blocks away in the market house.

From time to time the rebels have penetrated into various parts of the city at great sacrifice of life.

According to information from authentic sources, General Villa had taken the railway station in Torreon, and for the past two days has been working his way from house to house toward the center of the city. He is said to have taken nearly half the town with an appalling loss of life on both sides.

HUERTA TELLS CONGRESS HE INTENDS TO STICK

Mexico City, April 1.—"Before leaving these precincts I must engrave upon your hearts that it is my purpose, as I have said before to the national congress, to achieve the peace of the country and, if to do so, your sacrifice and mine shall be indispensable, you and I will know how to sacrifice ourselves. This is my purpose or, what is the same thing, my profession of political faith."

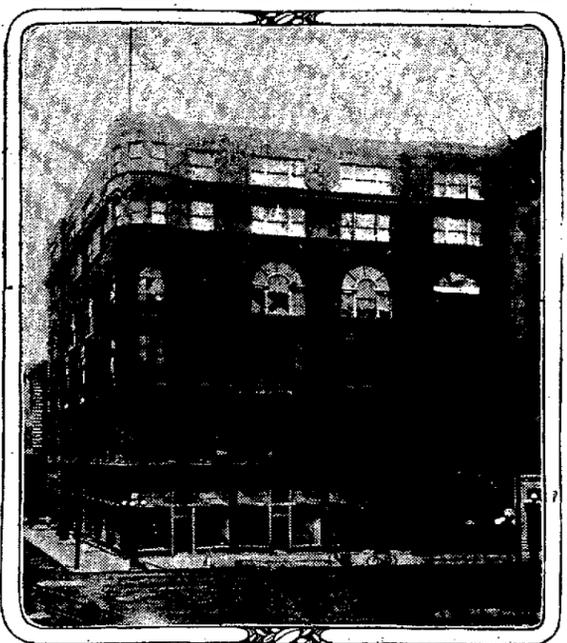

With this statement President Huerta ended his message to congress, which convened tonight. The document otherwise was devoid of sensational statements or dramatic effect. Throughout the reading neither members nor those in the gallery interrupted with applause. Just before his closing words the president paused and surveyed the house, which became unusually silent. He pointed his finger as he impressed on the congress his "profession of political faith."

Then came applause with cries of "Viva Huerta!"

In his message President Huerta said

WOTHERSPOON CHOSEN FOR CHIEF OF STAFF

He Will Succeed Gen. Wood When the Latter Retires on April 22.

Washington, April 1.—Major General William W. Wotherspoon, now assistant chief of staff of the army, has been selected to succeed Major General Leonard Wood as chief of staff at the end of General Wood's term, April 22. Brigadier General Hugh L. Scott, commanding the troops at Fort Bliss, Texas, will be assistant chief of staff.

Wood to Command in East.

General Wood will assume command of the eastern department, with headquarters at Governor's Island, New York.

The appointment of General Wotherspoon to be chief of staff had been expected, as it was in accordance with the practice of promoting the assistant chief of staff to the first place. So the interest of the army centered in the selection of an assistant chief of staff who might in turn succeed General Wotherspoon when the latter retires, on account of age, next November.

A short time ago it had been about settled that the position of assistant chief should be tendered to Brigadier General Frank H. Blyden, in command of the southern department with headquarters at Fort Sam Houston, Texas. Later a report was current that this tender was declined by General Blyden, and the position was given to General Scott.

The latter made a favorable impression on the administration by the dispatch and thoroughness with which he personally settled the recent Navajo uprising in New Mexico.

Scott Only Brigadier. Unlike his predecessor, General Scott will become assistant chief of staff with the rank of brigadier general. There now is no vacancy in the grade of major general, and to promote him to that rank when General Wotherspoon retires it would be necessary to jump him over the heads of nine brigadiers who are his seniors.

It was recalled today, however, that there is no obstacle to the assumption of the office of chief of staff by a brigadier general, as that was done when Brigadier General J. Franklin Bell was appointed to the place.

No selection has yet been made of a successor to General Scott as commander of the Second cavalry brigade at El Paso.

SWIFT NAVAL VESSELS FOR MAILED AND FREIGHT

Washington, April 1.—Steps that may lead to establishing a line of swift naval vessels to carry passengers, mail and freight between the United States and South America, were taken today when the senate adopted Senator Weeks' resolution calling upon Secretary Daniels for information on the feasibility of the project.

BATTLE IN SENATE OVER CANAL TOLLS TO BE PROTRACTED

Repeal Measure Is Referred to O'Gorman's Committee, Which Will Begin Consideration Next Tuesday.

MAJORITY OF SENATE CLAIMED FOR REPEAL

Certain That Efforts Will Be Made to Amend, and a Spectacular and Heated Debate Is Expected.

Washington, April 1.—The administration bill to repeal tolls exemption for American coastwise ships in the Panama canal, which passed the house yesterday amid spectacular scenes, reached the senate today and was referred promptly to the committee on inter-oceanic canals without debate.

Senator O'Gorman, chairman of the canals committee, who is marshaling the anti-administration forces, announced definitely tonight that he would call a meeting of the committee for next Tuesday. Until that time, no formal consideration of the repeal measure or proposed amendments can develop. Although friends of the president had hoped to have the canals committee meet earlier, they decided to make no effort to induce Senator O'Gorman to change his plans. They will insist, however, upon action within reasonable time after the committee gets down to work.

No Unnecessary Delay.

Senator Owen of Oklahoma, majority member of the committee, who will lead the fight in committee for the administration, visited the white house early in the day and conferred with the president. Later he made the emphatic declaration that friends of the repeal bill would not submit to unnecessary delay in preliminary consideration of the bill, but that they would discharge what he hushed should an attempt be made to impede the progress of the measure.

That some members of the committee who oppose exemption repeal desire to have public hearings on the bill was apparent late today, but administration senators were entirely unnecessary, and that there could be no other reason for them, except deliberately to cause delay.

"Public hearings" on this issue are being held, said Senator Owen tonight, "and would unnecessarily prolong this controversy, which is a clean-cut issue and thoroughly understood by every senator. It is the hardest working man here." The board met for a moment, and Mr. Wood, who, through the necessity of getting down the board meetings in shorthand, had another suggestion. He glanced down the board where Mr. Wood sat patiently recording the financial uplift.

Council Sanctions Bonds; Greater Grady Hospital Now Seems Assured Fact

COUNTY EMPLOYEES GET RAISE IN SALARY

County Commissioners at Meeting on Wednesday Show Great Liberty to All Officials.

To the accompaniment of an ingenious and varied assortment of reasons, the salaries of about twenty county employees went upward at the meeting Wednesday afternoon of the county commissioners. The financial session began when Solicitor General Hugh M. Dorsey slipped away from a forger trial in the criminal court long enough to point out that N. A. Garner, one of his deputies, could stand a little more in his monthly envelope. The solicitor general was in a hurry.

"Mr. Garner isn't in very good health," he said, "and the bad air in the courtroom makes his work just twice as hard."

It was suggested that it might be cheaper to ventilate the courtroom, but the solicitor general didn't have time to argue the point. After he had plunged back into the offending atmosphere the board raised Mr. Garner's salary from \$100 to \$125 a month.

Some minutes later, it was suggested that the desk sergeants in the office of the county police ought to work eight hours instead of twelve. The board promptly assented and, having started in this manner, didn't stop until it had raised the salaries of the whole force. The policemen and janitors who have served two years, were raised \$5 a month; Chief Mathison's salary was lifted from \$1,500 a year to \$1,550.

H. M. Wood, clerk and auditor of the board, then read a letter from A. A. Mitchell, warden of the female convicts, asking for a raise from \$60 to \$75 a month. Mr. Mitchell pointed out that he was getting much less than the warden of male convicts, and that taking care of fifty female convicts was quite as difficult as taking care of fifty male convicts. Mr. Mitchell got his raise.

C. M. Hollan, purchasing agent for the convict camps, was then raised \$500 a year to \$2,400, and stenographers of the board, from \$60 a month to \$75 a month.

"I guess that's all," said one of the commissioners. But Chairman Waters had another suggestion. He glanced down the board where Mr. Wood sat patiently recording the financial uplift.

GRANT IS DYING; EGGERS ARRESTED

All Hope for Game Little Prize Fighter Abandoned. Arthur George, Clerk at the Grady, Is Discharged.

While his victim lay dying from concussion of the brain on a cot in Grady hospital last night, Johnny (Knockout) Eggers, the prize-fighter, sat at police headquarters between two plain clothes policemen who had arrested him and broke into violent tears.

"Oh, Lord," he sobbed to Chief Beavers, "I'll never have the nerve to climb over the ropes again. De poor little Jimmy Grant, was such a game little devil 'n such a good fellow. 'n I wouldn't have 'im die on my account for th' biggest prize-fight pot that was ever split."

All hope was despaired for Jimmy Grant long before midnight. Chances were ten-to-one for death. He lay in an unconscious state ever since he collapsed after having shaken hands with Eggers after a good showing before the crowd which closed the fierce ten rounds of punishment he underwent at the Gate City club Tuesday night.

Heart Was Broken. The doctors say Jimmy is dying of concussion of the brain or some other brain trouble, maybe a bursted blood vessel. But the prize-fighting clan who knew the gritty youngster say it wasn't Jimmy's brain that broke—it was his heart.

Tuesday's fight was the first important scrap of his career. It would have either made or broken him. Had he made a good showing before the crowd, his future would have been mapped out gloriously. Otherwise, he would have been forced back to the laboring world from which he tried to drag himself free.

Letters to His People. Some of these sporting fellows have sent letters that Jimmy Grant wrote home to his mother and sisters in Chicago, in which he told them how bent he was to get up again and win the bout with Eggers, and that his fighter his victory would make him. He had set his whole soul on it.

And that's why, with a broken hand and a broken ribs, before the rambling onslaught of the New York fighter, merely to show the crowd that, although he hadn't developed into a good fighter, yet, he had really been a man, and doggedness that would some day make him famous.

And when Referee Lou Castro announced the winner at the close of the fight, the crowd, eager over to him and whistling in his ear:

"I tell 'em I broke me hand in th' fight 'n that I got a bursted stat, but I stayed 'til I die!"

For water when he feel in a heap. But it was not until after he had shaken hands with Eggers, the victor, and shown that, although he had suffered from a broken hand, he had really been a man, and doggedness that would some day make him famous.

Eggers Arrested. Eggers was arrested last night about 9 o'clock in Grogan's saloon by Plain Clothes Wednesday Green and Fortson at the order of Chief Beavers, who had been informed by hospital officials that Grant was not likely to survive the night.

The fighter came with Green and Fortson to headquarters, later putting up bond of \$500 for the charge of disorderly conduct, and was heavily booked against him. He was hysterical and sobbed frequently. His scarred visage was streaked with tears that coursed over the scars of numerous ring battles and a nose that had been spread by many fists over both sections of his face.

Grant and Eggers had been companions before the fight. Eggers is from Chicago, where he has a wife and child. Jimmy Grant was a quiet and unobtrusive boy, that Jimmy Grant, always smiling, sitting in with the crowd, but seldom talking—hardly making himself known except for his greeting. He was smiling and expected to some day, be a big figure in the fighting game. For weeks he had keyed up himself so high over the prospects of his first big scrap that, when his vanquishment came, the tension strings just snapped and left him to topple over by the water cooler.

Done With Fighting. Eggers vowed before Chief Beavers last night as huge tears welled from his bruised and discolored eyes that he would never enter the ring again. He wouldn't have the nerve, he sobbed. Every time he saw a rope, he thought of the ropes that had been around his neck and left him to topple over by the water cooler.

Large Sun Spot Group. Washington, April 1.—A large sun spot group about 50,000 miles long, consisting of 4 large circular spots and a faculae with small spots in them, has been discovered by the naval observatory yesterday. The group is at solar noon yesterday. The group is at solar north latitude.

Woodward Stricken by Serious Illness. Orlando, Fla., April 1.—J. H. Lawyer Guilty of Forgery. New York, April 1.—Augustus M. Price, for thirty years one of the most prominent lawyers in Brooklyn, was today sentenced to serve from two and a half to five years in prison in Sing Sing after being found guilty of forging a client's name. Price is a graduate of Rutgers college. His summer home is one of the show places of New Brunswick, N. J.

She Alleges Two Men Carried Her Away in an Auto and Kept Her in Garage. New York, April 1.—Sixteen-year-old Jessie Wood returned to her home in Ridgewood Park, N. J., tonight as quietly as she left it last night, when she walked out hatless and disappeared, arousing suspicion to the extent that the school she attended was closed today so pupils might search for her. The girl is a daughter of Percy L. Wood, head bookkeeper in the Corn Exchange bank in this city. She had been worrying over school examinations that were to be held tonight.

Miss Wood walked unaccompanied down the road tonight, entered her home and went to her room. There it appeared, for a time, according to friends of the family, that she did not comprehend that she had been away and her family thought she was suffering from amnesia.

Physicians were summoned and the girl became hysterical and declared she had been kidnaped by two men near her home. Her story was that she had been taken to New York in an automobile, kept in a garage over night, and that she escaped this morning, and made her way back to Ridgewood Park, a policeman giving her money for her fare. The police have begun no investigation, as far as is known, and the family regards the incident as closed.

FOUR GUNMEN OBJECT TO BEING IDENTIFIED

When Witness Appears They Jump Into Bed and Cover Their Heads.

New York, April 1.—Averse to being subjected to further identification processes, "Dago Frank" Crook, "Lefty Louie" Rosenberg, "Gyp the Blood" Horowitz and "Whitey Lewis" Seidenzner, the four gunmen convicted of the murder of Herman Rosenthal, and now awaiting execution at Sing Sing prison, have served notice on the authorities that hereafter they will go into hiding under their coats should other efforts be made to identify them in connection with the case. This was learned tonight through a statement issued from the office of District Attorney Whitman.

In preparation for the retrial of Charles Becker, the former police lieutenant whose conviction and sentence for the murder of Rosenthal recently were set aside by the court of appeals, Mr. Whitman had sent to Sing Sing a witness whose formal identification of the four gunmen was deemed desirable. When the witness appeared, two of the gunmen jumped into bed and pulled the covers over their heads. One of the other two eluded scrutiny by covering his face with his hands, while the fourth hid behind the bed.

YALE JUNIOR IS HELD ON CHARGE OF ASSAULT

New Haven, Conn., April 1.—Stanhope Wood Nixon, of New York city, a junior in the Sheffield Scientific School at Yale, was arrested by detectives tonight charged with assaulting Edward M. Everett, chief engineer of the Southern New England Telephone company, on October 23, last. Mr. Everett was walking home late at night, when he was struck from behind and rendered unconscious. It was thought at the time the motive was robbery.

On the night of the assault there was a student outbreak, during which iron bolts were hurled through windows of homes of prominent residents. Detectives have been working quietly ever since last fall, but no definite clues were found until today, when it is said several iron bolts were found in Nixon's room. Nixon then made a complete confession, according to the police. He said he had been drinking with other students, but otherwise gave no explanation of his act. He is out on bonds of \$1,500 for a hearing tomorrow.

News of Nixon's arrest caused great surprise at Yale tonight. He is one of the most popular men in college, a member of the varsity crew squad, and belongs to the Zeta Psi society, a prominent member of Tammany hall. He is widely known as a shipbuilder. Mr. Nixon left New York for this city tonight, upon receiving word of his son's arrest.

REXALL STORES AID DRUG LAWS

United Drug Co. Stockholders Seek to Throttle Traffic in Habit-Forming Compounds.

"One of the many activities of the 7,000 members of the United Drug company," said William C. Neilly, manager of Rexall conventions, yesterday, "is to fight the traffic in habit-forming drugs. Many of the stores have thrown out cocaine entirely, several have eliminated all trade in liquors and all seek carefully to gain full knowledge of all state laws regulating such matters and then

DR. W. S. ELKIN, JR., Elected director of United Drug Co.

advance their standard even higher than that required by law. Service to the public is the first principle of the company.

Mr. Neilly is here, a guest of Dr. W. S. Elkin, Jr., to arrange for the Rexall convention here June 2, 3 and 4. It was intended to hold the convention at East Lake, but the burning of the clubhouse may necessitate a change in the plans.

Dr. Elkin Honored. Coincidental with Mr. Neilly's arrival came the announcement of the election of Dr. Elkin to membership in the board of directors of the United Drug company. Dr. Elkin was president of the International Rexall clubs and is now president of the Georgia Rexall club. It is through Dr. Elkin's efforts that the big convention comes to Atlanta this year.

"What does Rexall mean," asked a young lady at the convention in Elkin's drug store yesterday. Mr. Neilly heard her and explained that Rexall is the trade mark of the United Drug company.

"It is taken from the two words, 'Rex' and 'all,' and means 'king of all,'" explained Mr. Neilly.

"The United Drug company," he continued, "was organized in 1902 with the purpose of revitalizing the retail drug business and placing it on a higher plane of public service. At that time the company had forty stockholders and thirty-six employees operated its plant in Boston. Today there are over 7,000 stockholders, the different factories and laboratories cover 23 1/2 acres and are kept in operation by over 1,500 employees drawing in salaries nearly \$1,000,000 a year. Branch warehouses are filled all the time in Chicago, St. Louis, San Francisco, Toronto and in Liverpool, England. This year's business will amount to over \$25,000,000.

"CAMPBELL KID" MAN SPENDS DAY IN CITY

Len M. Fralley, the Campbell soup "kid" man and famously known as the "Campbell Kid" man, is in Atlanta talking to old friends that he made back in the days when as a drummer he sold jelly through this territory. Mr. Fralley has risen to secretary and a director of the Joseph Campbell company, of Camden, N. J., whose soups are sold around the world.

In former days, says Mr. Fralley, the Campbell company made jelly. Then they tried soup and it sold fairly well as a side line for some time. Then, suddenly, the soup end of the business picked up considerably, and now they make nothing but soup and pork-and-beans. The plant turns out a million and a half cans a day during the tomato season.

The company last year contracted for 900 acres of tomatoes, in addition to those it grew on the Camden farm. Mr. Fralley further said that in order to develop a desired tomato seedling as many as 10,000 plants of many varieties are crossed, and that the work is under the supervision of S. F. Hall, president of the American Truck Growers' association.

PROSECUTION IS ENDED BY DEATH OF TURLEY. Jackson, Miss., April 1.—Death today ended the prosecution of T. H. Turley, former steward of the Mississippi, who was convicted of defrauding the state and sentenced to five years in the penitentiary. The appeal to the supreme court was expected to be passed on by that tribunal next Monday, but Turley contracted pneumonia on the day his infant child was buried, to which he succumbed.

Nashville Gets Convention. Chattanooga, Tenn., April 1.—A telegram from Miss Sara Bartwell Elliot, of Sewanee, president of the Tennessee Equal Suffrage league, announced here this morning that she had just received a telegram from Miss Marie Thompson Davies, of Nashville, Tennessee, to slip the date of her meeting on the place of meeting of the National Equal Suffrage association from Chicago to Nashville, thus giving Nashville the 1914 convention by one vote instead of Chattanooga as announced yesterday.

When these common-sense aids fail, the next thing to do is to take a mild digestive tonic with laxative properties, and there is none better than Dr. Caldwell's Syrup Pepsin. It contains the greatest of all aids to digestion, good pepsin. It has other ingredients that act mildly on the bowels, which together form a combination for the relief of dyspepsia or indigestion that is unsurpassed.

Its action is to tone and strengthen the stomach and bowel muscles so that they can again do their work naturally without outside aid, and when that happy moment comes all medicine can be dispensed with. It is the best remedy obtainable for any disorder of the stomach, liver and bowels, for dyspepsia, constipation, biliousness, headaches, drowsiness after eating, gas on the stomach, etc. Thousands of users will testify to this, among them Mr. J. W. Goucher, Siltes, Idaho, who for several years had all the worst symptoms of chronic dyspepsia. Since tak-

CLOSE OF COTTON A LOWER PRICES

Better Weather in the South and the Cotton Futures Bill Were Factors in the Decline.

New York April 1.—Cotton was unsettled today with near months relatively easy after nearly a week of selling with the close steady, but from 1 to 1 1/2 points net lower. Prospects for better weather in the South and the cotton futures bill which was passed by the Senate yesterday were factors in the afternoon decline but talk around the house seemed to indicate that the selling was based on a reactionary view of the situation after the past two weeks of active covering and advancing prices.

"Adele" Pleases Good Audience At the Atlanta Theater

"Adele," the sprightly and tuneful operetta which was presented at the Atlanta theater last night, delighted a fairly good-sized audience.

"Adele" is one of the most uniformly tuneful of musical productions and is by no means dependent on one or two airs for its popularity. There are quite a few which are certain to remember and to whistle as he leaves the theater.

The costuming of the play is one of its most attractive features.

The plot, stressed so much in the advance notices of the play, is really there. It is a sure enough plot with just a faint—a very faint—touch of the risqué to give it the proper appeal. At times the situations are gripping in their dramatic interest. But after the show is over and all has ended happily for all concerned, it is the music one remembers.

"Close Your Eyes," "When the Little Birds Are Sleeping," "Gay Soldier Boy," "The Clock Is Striking Ten," "Honey-moon With You"—these and more, and then "Adele, Oh, Adele," the play is presented by a company of very fair capabilities. John Park in the leading role is splendid. Hand-some in appearance, with a fine stage presence and a rich baritone voice, he is ideal for the part. Carolyn Thomson as Adele is very captivating. She has a splendid soprano voice and in it, much dramatic ability. Nanette Black and Alfred Kappeler in secondary roles are very good in parts and satisfactory at all times. George O'Donnell and Jules Espallany have comedy roles that appeal to the audience.

"Adele" will be heard Thursday, Friday and Saturday with Saturday matinee.

Keith Vaudeville.

(At the Pershing.)

A show of cleverness, possessing every quality that has made vaudeville the accepted style of entertainment, is the attraction that is selling out the seats at the Pershing at every performance this week. The two Grand Opera companies, the three-act play, "The System," as one of the hits of the season. The show deals with police

Blood Troubles Vanish As If By Magic

Remarkable Remedy That Drives Every Particle of Poison Completely Out of Your Entire System.

Strength, Power, Accomplishment are all Typified in S. S. S.

Blood troubles often become so deeply rooted in the glands and interstices of the tissues, that only a most searching remedy will dislodge them. There are many reasons why S. S. S. is this remedy. To begin with the ingredients of which S. S. S. is composed are of vegetable extraction. For this reason they are readily passed through the walls of both the stomach and the intestines. Thus it goes directly into the blood circulation and its action is relatively the same as that of the other blood materials.

THIS IS IMPORTANT.

We derive all sustenance from our food whether solids such as meats, grains, fats, salts and sugars or in liquids, as the elements of oxygen, hydrogen and nitrogen combined, or in the free or gaseous state as in the air we breathe. All of these various food materials are converted into substances which are selected from the blood stream to make up the constructive tissues and frame work of the body. And as fast as they keep building up, just as rapidly do all of these materials turn into body wastes to be excreted. But with a goodly share of humans, these wastes are not properly thrown out and they thus remain

A PERIL TO HEALTH.

Here is where S. S. S. enters to assist the blood stream to more adequately perform the function of supplying pure blood in the arteries and carrying off the waste material through the veins. Naturally an assimilable remedy, S. S. S. not only has a prompt medicinal effect, but unlike food, it is not changed, it is not converted by the liver, it is not burned up in the lungs or tissues by oxidation. On the contrary, it continues to circulate in the tissues until it gradually works its way out through the skin or the kidneys. And all the time it is an active agent, it

NEW TURN IN ARKANSAS TO SENATORIAL CONTEST

Little Rock, Ark., April 1.—A new turn was given to the senatorial contest between Senator James P. Clarke and William G. Hutton, secretary of the state democratic committee, refused to accept the certified vote from Poinsett county. The vote was given to the republican nominee, James P. Clarke. Without the Poinsett vote he will be several hundred votes behind Kirby.

The action of the state secretary came as a great surprise to the Clarke forces. The Clarke men are now in conference and it is not known what the next move will be.

Business Increases Rapidly.

Since the organization of the John Deere Plow company, of Atlanta, in April, its business has increased so rapidly that the quarters which were temporarily secured at 111 and 113 Rhodes street, have been entirely outgrown, and it was found impossible to secure a building in the city which would accommodate the space. Consequently, Manager Stentz set about arranging for a new building to be erected on a site near the location on account of its nearness to the business center of the city and the convenience of the site.
