

# ATTEMPT TO MURDER GIRL WITH POISONED BANANA CHARGED TO MACON MAN

### Irene Herndon, After Talking About Alleged Incendiary Fire, Claims J. W. Yarbrough Gave Her Fruit Containing Enough Bichloride of Mercury to Kill a Dozen People—Yarbrough Under Arrest.

Macon, Ga., April 8.—(Special)—John W. Yarbrough, who came here from Savannah about six months ago where he operated a dry line, is confined in jail here on the charge of assault with intent to murder, it being alleged that he gave a banana containing enough bichloride of mercury to kill a dozen people to 75-year-old Irene Herndon, daughter of G. W. Herndon.

It is understood that the serious charge will be made against Yarbrough in connection with the fire which recently destroyed his home on Harris street, the origin of the fire being thought to have been due to incendiary.

**Yarbrough's Home Burned.**

After Yarbrough's home burned, the family took rooms at the Herndon home temporarily and Yarbrough made application for his insurance. He is said to have made an affidavit that all of his effects were destroyed when, it is claimed, four trunks filled with household goods were saved.

Miss Herndon is said to have had this knowledge and to have repeated it about pretty generally. In the meantime a Pinkerton detective had been sent here to investigate the fire and secured a room at the Herndon home also and became acquainted with Irene.

**Chemists Test Bananas.**

A couple of days ago Yarbrough returned home with two bananas in his pocket and another in his hand which he was eating. He met Miss Herndon, who claims that Yarbrough gave her the banana. Yarbrough, on the other hand, claims she took it from his pocket. For some reason or other Miss Herndon did not eat the banana at that time, but laid it on a table and next morning, when she went to eat it it had taken on such a peculiar color that it was sent to a chemist to determine the cause.

The analysis, according to the chemists, showed that the banana contained enough bichloride of mercury to have killed a whole family.

Yarbrough's arrest followed.

**Yarbrough Talks of Case.**

Tonight, in his cell at the Bibb county jail, Yarbrough showed a disposition to talk of his case, but he had no explanation of how the poison came to be in the banana. He admitted that he gave the fruit to the girl, or rather he said she took it from his pocket.

His whole affair is just a plot to keep me from collecting the \$1,200 insurance on my furniture," said Yarbrough. "A mysterious fellow turned up about two weeks ago at the Herndon home and soon became very friendly with members of the family, and I believe he is at the bottom of it."

As far as my setting fire to the house I did not do it. The night of the fire some young men and women called on my three daughters and the men were smoking cigarettes during the evening. After 2 o'clock in the morning my daughter came running in to my room and told me the house was on fire. We barely had time to get out the fire must have started from the front room, and I am sure it was from the cigarette stumps. We stopped with the Herndons for four days after the fire and got very friendly with them. They rented a house on Rembert avenue and moved there.

**Asked About Her Sweetheart.**

I had to pass the Herndon home place every day on my way home from work and last Saturday when I went by Miss Irene was in the swing. She asked when I had seen her sweetheart, last referring to the man who had been rooming there and who has later turned out to be a detective. I don't remember what I told her but I continued eating a banana I had in my hand at the time. Miss Herndon asked me for a banana and before I could answer reached up and took one out of my pocket. I then went on home and thought nothing further about it until they began to stir up this mess. As far as the banana was concerned, it was just like the one I was eating and I know nothing about it being poisoned.

G. W. Herndon father of Miss Herndon, said tonight that his daughter did not reach into Yarbrough's pocket for the banana, as stated by Yarbrough, but that he took it from one of his inside pockets and handed it to her himself, first asking her if she did not want one.

After the chemist's report was made today the mother of the girl, Mrs. G. W. Herndon, swore out the warrant for the arrest of Yarbrough.

State Fire Marshal Joyner has been several days investigating the case and it is said that his inquiry is not yet complete.

# IN JAIL FOUR YEARS FOR REFUSING WIFE SUM OF \$5 A WEEK

Mercer, Pa., April 8.—L. M. Bollinger, of Pa. City, who has been in jail here for four years because he refused to obey a court order to contribute \$5 a week to his wife, today was refused release on his own recognizance.

"Tell Bollinger," Judge A. W. Williams told Bollinger's lawyers, "that unless he makes some settlement with that girl soon I'll sentence him to the same term as an act of assembly that covers such cases."

# HE ADMITS SLAYING HIS UNCLE WITH AX

### Harry Lee Confesses to Killing P. O. Bonnell, of Hawkinsville, as He Lay Asleep.

Hawkinsville, Ga., April 8.—(Special) Harry Lee, 13-year-old nephew of P. O. Bonnell, who was charged with the murder of his uncle, confessed to the killing this morning. A detective from the Burns agency arrived here yesterday from the Atlanta branch and with the local officers began work to ferret out the crime. After spending about three hours at the scene of the crime they were convinced that sufficient clues were obtained to point to the murderer. The coroner's jury in the meantime had released the boy but the solicitor general ordered him held for commitment trial.

The officers talked with Lee in the jail last night and again this morning, when he broke down crying and confessed.

"I killed my uncle because he continually abused me, and would not give me money to go home with," the youth said.

Bonnell, who was 22 years old and a baker, was killed while sleeping. Lee, who roomed with him, gave the alarm, saying his uncle had been killed by a negro and that he was awakened just as the negro was escaping from the room.

The youth told the authorities, according to their statement, that he arose early Sunday morning, dressed with the exception of putting on his shoes, obtained an ax from the back of the door in which the door was living, and struck Bonnell on the head.

"He struggled some after I hit him," Lee is said to have told the police, "and then I struck him two more blows with the ax on the head."

The dead man and his nephew came here recently from Florida. Bonnell is survived by a family there.

# RABBIS APPEAL IN VAIN FOR THE FOUR GUNMEN

### Gov. Glynn Again Refuses Stay of Execution—Gunmen Die Next Monday.

Albany, N. Y., April 8.—An impassioned and dramatic appeal by five Jewish clergymen of New York for a stay of the execution of the four gunmen convicted of killing Herman Rosenthal, was denied by Governor Glynn late today. The convicted men now must die in the electric chair at Sing Sing next Monday.

The plea, which was made in the executive chamber, was based on the possibility of new evidence developing in the second trial of former Police Lieutenant Becker. It so completely unnerved the executive that he had to retire to his private office for a time before he could continue his duties.

**Governor Glynn Nervous.**

The clergymen are all officers or members of the Union of Orthodox Jewish Congregations in America. Each was permitted to make his plea. The governor, meanwhile, stood nervously twitching his watch chain. His face was drawn, while his lips quivered and his eyes flashed.

At times the governor interrupted the speakers to say that the evidence before him did not warrant a change of his decision not to grant the prisoners' plea for executive clemency.

"If it were my heart alone that was considering this case," he said, "you know what I would do. It was a choice between sentiment and justice and I had to choose justice. I would have given every cent I possess not to have had to pass upon this case finally."

Rabbi Jacob Goldstein, chaplain of the Tombs and of Sing Sing, asserted that the plea of the rabbis had told him in all solemnity that Frank Cirofici was not there at the time of the shooting.

**Bailing Out Sweetheart.**

The records show that Goldstein said, "that forty-five minutes after the shooting, Cirofici was in a neighboring police court bailing out his sweetheart. Would an criminal with blood on his hands have the audacity to invade a station house after committing a crime?"

The clergy then urged that evidence in the second Becker trial might throw new light on the identification of Cirofici. When other appeals failed the clergymen finally requested that the execution be stayed until after the feast of the passover, which begins tomorrow, and continues through the early part of the following week, and which they described as "a festival of rejoicing, which will be marred for everyone of our faith if this cloud of gloom hangs over its beginning."

This request, too, was denied.

# FRUIT ENDANGERED, SAYS FORECASTER

### Frost and Continuation of Cold Weather Is Predicted for Today by C. F. Von Herrmann.

The wave of cold which reached Georgia Wednesday is expected to grow worse, rather than better, today. Tonight, on the authority of C. F. von Herrmann head of the weather bureau, there may very well be a frost of sufficient heaviness and duration to endanger the peach crop. Freezing weather is very likely.

Nothing prevented frost Wednesday and the early part of Wednesday night, except the steady wind—the same wind, by the way, on which the cold weather rode down from the northwest. By noon today, however this wind is expected to lapse leaving the cold behind. This will end the clouds which have kept away the frost so far, and, in all probability, make Thursday afternoon and night clear—and cool. No relief is promised for Friday.

"The cold wave originated in the northwest," Mr. von Herrmann explained Wednesday night. "We rather hoped it would be so ameliorated by the time it reached Georgia that the danger of frost would be eliminated. Instead, it has maintained its low temperature all the way down the Mississippi valley."

Those acquainted with the fruit situation in the southern part of the state where the blossoms have already fallen, but that in the northern section a great deal of damage may be caused at this particular time.

Following is the weather forecast for Thursday:

Generally colder weather will prevail during the next forty-eight hours. The area of high atmospheric pressure and cold wave will spread over northern Georgia rapidly from the northwest and the morning temperature at Atlanta will be close to freezing. A killing frost will be prevented Thursday morning by some cloudiness and high winds. Thursday, however, will be windy, with continued low temperatures, and the wind will diminish in velocity, so that Thursday night conditions will be especially favorable for a killing frost, with a minimum temperature at Atlanta of slightly below 30 degrees.

**Ice Chilled Wave Coming.**

Washington, April 8.—An ice chilled wave direct from the frozen fields of Alaska is bearing down on southern and eastern states tonight bringing what promises to be a record-breaking fall in temperatures. Weather bureau experts predicted furs and overcoats would be exceedingly popular in Easter parades Sunday.

From the lower Mississippi valley states east to the Atlantic and as far north as the Ohio valley the temperature records reported tonight ranged from 20 to 50 degrees. At Pensacola, Fla., the thermometer registered 50 degrees, and was expected to drop to the forty point by morning. By tomorrow night, the reports said, the northern portion of Florida would be in the grip of heavy frosts.

The course of the cold wave is due north from the southern Atlantic states and by tomorrow the eastern states are expected to feel a decided difference in temperature.

# Neither Is Willing to Retire From Race—Hardwick Attacks County Unit Rule.

By John Corrigan, Jr.

Washington, April 8.—(Special)—Attorney General Feltzer left Washington this afternoon after holding a lengthy interview with Representative T. W. Hardwick, which failed to accomplish anything in the way of smoothing out the pathway of either of these candidates for the senate.

Mr. Feltzer was here with John D. Little, of Atlanta, to argue the Ducktown, Tenn., copper case before the supreme court. He also utilized his spare time to talk politics with Mr. Hardwick and Senator Hoke Smith. Some time between the time the court rose at 4:30 o'clock yesterday afternoon and midnight Mr. Feltzer and Mr. Hardwick had a heart to heart talk to see if either could induce the other to step out of his way. It came to nothing.

They met again casually in the senate restaurant today, where Mr. Feltzer, having lunch with Senator Hoke Smith and having already resigned as attorney general, to take effect May 1, Mr. Feltzer could not turn back now if he wanted to Mr. Hardwick, on the other hand, has definitely announced his intention not again to seek re-election to the house. There is no way for him to turn back. If he fails of election to the senate he will go out of public life.

Mr. Hardwick issued a vigorous statement this morning concerning the action of the state democratic executive committee in regard to the county unit rule. Mr. Hardwick strongly attacks the rule. He refers to the committee as the "Slaton committee," but the reports reaching here are to the effect that all the friends of the governor on the committee voted against the rule.

# SCHOOL BOY STABS HIS MATE TO DEATH

### Drawing Pocketknife, Philip Goodrich, Aged 9, Kills Ernest Grubbs, Aged 10, on Road From Davisboro.

Sandersville, Ga., April 8.—(Special) A schoolboy's quarrel ended fatally today when Philip Goodrich, the 9-year-old son of Sam Goodrich, a well-known merchant of Davisboro, drew a pocket knife and stabbed to death Ernest Grubbs, his 10-year-old companion.

The difficulty between the two boys occurred as they were walking along the road after having been dismissed from school. Becoming violently angry, young Goodrich is alleged, whipped out a pocket knife and stabbed Grubbs many times. The last cut inflicted upon Grubbs, who was struggling to protect himself from his assailant, almost slashed his heart in two and he fell dead in the roadway. A doctor, who was quickly summoned, but arrived to find the boy lifeless.

The coroner will hold an inquest Thursday morning. The schoolmates of the dead lad will attend the funeral, which will occur in the afternoon in a burials.

The Goodrich boy has not yet been arrested.

# UNDERWOOD HASTENS TO ILL FATHER-IN-LAW

Orlando, Fla., April 8.—Congressman Oscar W. Underwood democratic house leader and nominee for senator from Alabama, arrived here this afternoon and hastened to the bedside of his father-in-law, J. W. Woodward, who died of heart failure at the point of death at his winter home here. Mr. Woodward, a Birmingham, Ala. capitalist, relapsed early today from a rally yesterday.

Underwood has been with his father for the past ten days. The democratic leader said the length of his stay here depended upon the condition of his father-in-law, but he hoped to be able to go to Washington and resume his duties within a few days.

Mr. Underwood came here directly after the primary in Alabama, where he had gone to direct the closing of his campaign against Congressman Richmond Pearson Hobson and to receive returns.

# REBELS BATTLING TO TAKE TAMPICO FROM FEDERALS

### Rear Admiral Mayo Cables Shells Are Falling in City and Non-Combatants Are Fleeing to U. S. Warships.

# 800 EXILED SPANIARDS WORRYING WASHINGTON

### People Driven From Torreon by Villa Have Reached El Paso—Rebel Decree Creates Grave Situation.

Washington, April 8.—Official interest in the Mexican situation here tonight was divided between the grave problem presented by the arrival of the 800 Spanish exiles at El Paso and the outcome of the struggle between constitutionalists and federals for supremacy at Tampico.

Sharp fighting already has occurred at Tampico and army and navy strategists expect the battle there to be the next decisive struggle. Rear Admiral Fletcher today received the navy department that refugees already were going aboard men of war in Tampico harbor, and he forwarded a report from Rear Admiral Mayo at that port saying the presence of an army transport was desirable as a refuge for non-combatants from the shells of the contending forces.

**Report of Admiral Mayo.**

Admiral Mayo's report follows:

Ten p. m. Tuesday.—Sharp fighting during afternoon until 11:30. No apparent advantage either side. Rebels still hold Dona Cecilia and Arbol Grande oil refineries. Pierces refinery burned. Government customs warehouses at Dona Cecilia destroyed by fire. A loaded freight car, probably derailed 5 p. m. Tuesday with no troops have delivered letters to federal and rebel forces. Men of war taking some refugees tonight. Remainder tomorrow unless otherwise directed will hold both battalions in Torreon. Intention of capture Tampico this time. Time refugees must be held is uncertain therefore presence of army transport is very desirable although refugees do not wish to leave country.

The letters referred to by the admiral were sent without instructions from Washington but it is presumed here that he demanded that non-combatants be safeguarded and possibly that a neutral zone be designated.

The American fleet is represented at Tampico by the battleships Minnesota and Connecticut, the cruisers Chester, Des Moines and San Francisco and the dispatch boat Dolphin. The battleship Utah was ordered there from Vera Cruz tonight. The German cruiser Dresden and the British cruisers Hermione and Essex are among the vessels of the international fleet at Tampico and the Spanish cruiser Carlos V is en route from Vera Cruz. Rear Admiral Fletcher reported he had ordered the hospital ship Solace now at New Orleans to proceed to the readiness for service at Tampico.

**Expulsion of Spaniards.**

State department officials were reticent in discussing the expulsion of Spaniards in whose behalf representations were made to General Carranza yesterday. Officials were non-committal when asked whether further representations would be made.

The war department probably will be called on to direct measures for the care of the 800 new international visitors at El Paso, although at the state department late today it was said that phase of the question had not been considered.

While officials agree that in international law those Spaniards have a right to seek asylum on American soil, it is realized that the problem of their ultimate disposition is likely to bring up many questions to be adjusted between the United States and Mexico. The gravity of the situation will be increased if the constitutionalists refuse to allow the exiles to return, the immigration authorities are sure to meet with perplexity in dealing with such a large class of refugees. It has been suggested that negotiations might be entered into with Spain looking to sending the unfortunates to the mother country. The gravity of the situation will be increased if the constitutionalists carry out their threat.

to drive the Spaniards out of all the territory they conquer.

Concerning the refugees the state department issued this statement:

From El Paso it is reported to the state department that a train bearing about 700 Spaniards arrived at Juarez on the morning of the 8th. No difficulties were encountered en route and the government departments are facilitating entrance at El Paso. Many of them are said to be in need, and some are almost destitute.

eral Villa after having passed through the recent battle that resulted in the capture of Torreon by the rebels, ordered the United States. They had been stripped of their property temporarily at least, but supplied with temporary funds. They expressed relief as they crossed the wooden bridge over the Rio Grande to American soil. They had refused to leave the train in which they and their baggage had come from Torreon to Juarez until George C. Carothers, special agent of the department of state, arrived to advise them they would be restored to their homes, his interviews with General Carranza yesterday having met with the flat statement that expulsion of Spaniards from Mexico was a settled policy of the rebels and would be modified only in the cases of individuals who might be found innocent of mixing in politics.

**EXPELLED SPANIARDS ON UNITED STATES SOIL**

El Paso, Texas, April 8.—Eight hundred members of the Spanish colony of Torreon, expelled from Mexico by General Carranza, were today being sent to the United States.

General Carranza, an exile said while Villa had not specifically demanded that the Spaniards be expelled, that it was "pretty well taken for granted in Mexico."

Carothers was unable to ascertain that no one in this party did anything unjust to the rebel cause," he continued. "We are sure the Spaniards are not owners of our home and we cannot but hope that some day we will be left to dwell in peace in our own country."

All sorts of vehicles were called into service to transport the refugees and their belongings from Juarez to El Paso. There were trunks, wash boilers, stoves, bedding and clothes, and showing the haste with which they were collected after the order of expulsion was issued.

All the refugees were provided with food and shelter soon after their arrival.

Rafael Arozana, wealthiest resident of the Laguna district and reported to be the most conservative grower of Sea Island cotton in the world, was one of the Spanish refugees who roared to the United States. He is a wealthy man with only his personal possessions to show for his lifetime of struggle in the Coahuila cotton country.

Arozana is to the Coahuila Spanish colony what Luis Terro is to the Chihuahua refugee colony, of Mexico. He is the leader in commercial activities of the Laguna district and a number of the largest haciendas in the district and his wealth is estimated at \$1,000,000 Mexican currency.

The most important property left behind by the Spaniards was cotton said to be valued at \$15,000,000. It was received from Torreon today that one million dollars worth of cotton was being loaded on trains for shipment to El Paso by Villa.

**MEXICAN TROOPS DASH INTO UNITED STATES**

Austin, Texas, April 8.—Armed Mexican soldiers in numbers variously estimated from forty to eighty crossed into the United States Tuesday morning and paid a dashing but peaceful visit to the United States.

The incident occurred at Madero, Texas on the Rio Grande above Brownsville. This was the substance of a report from Austin, Texas, received by the United States Government.

It is known all over the republic that the Spaniards have taken an active part in the overthrow of Madero and after that held a public manifestation at the city of Cuernavaca, in celebration of the event. Hundreds of them have come out openly and taken part in the celebration.

It is known all over the republic that the Spaniards have the same language and customs of our country, and that they are not to be distinguished from Mexican citizens, although they mix actively in our politics.

**LOCAL OPTION FAVORED BY PRESIDENT WILSON**

Washington, April 8.—President Wilson today expressed his opinion on the liquor question and does not believe prohibition should be made a part of a party program, a statement by Secretary Daniels was issued prohibiting the use of liquor by officers in the navy, persons in a position to obtain liquor, and the views have learned that he will stand by his letter written in May, 1913, which is signed by Secretary Daniels and the Rev. Thomas B. Shannon, of Newark, N. J. in which he said:

"I am a thorough believer in local self-government and believe that every self-governing community which constitutes a social unit should have the right of prohibition or the regulation of the withholding of licenses. But the questions involved are social and moral and are not susceptible of being made parts of a party program."

Secretary Daniels told friends the purpose of his order was in no way to give a political aspect to the subject of prohibition or to commit the national administration, but only to promote efficiency in the navy. The president looks on the matter as a departmental matter. Secretary Daniels having acted on his own initiative.

**BUCHU FINE FOR WEAK KIDNEYS**

Mixed With Juniper Is Old Folks' Recipe for Clogged Kidneys and Backache.

Most folks forget that the kidneys like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe rheumatism, chronic cystitis, liver and stomach sluggishness and all sorts of bladder disorders. Muzzy balls, sleep before the eyes, frequent desire to urinate.

To avoid above troubles you simply must keep your kidneys active and clean and the moment you feel any of the above symptoms get a 14 oz. Compound from any good drug store take a tablespoonful in a glass of water after meals. Stop eating sweets or sugar and in a few days your kidneys will then act fine and naturally. Buchu and Juniper are harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer hurts to pass water, thus ending bladder disorders.

Should you take Buchu and Juniper now and then to keep their kidneys clean.

**CHILDREN TO HEAD SUFFRAGE PROCESSION**

Washington, April 8.—A feature of the women's suffrage parade which will march on congress May 9, will be a parade of children with flowers. It will be announced today that the children of the parade will be symbolic of spring, youth and hope, and suffrage leaders say it will make a spectacle unrivaled in pageantry.

**Sore THROAT BROWN'S TROCHES**

Relief and Comfort in 30 Seconds and 100 Simple Free.

Villa today took over the four principal banks of Torreon, according to a report which he telegraphed today to the press of the United States. His prize does not include money or negotiable securities, however, as the bankers took the precaution of shipping these when Volasco evacuated the city, but he has the buildings and furniture.

The banks are the Banco Nacional, the Banco de Lagunas, the German and South American bank, and the Bank of London and Mexico.

Villa's explanation is this: "When on October 18, 1913, he took Torreon the first time friends of the constitutional cause contributed 2,000,000 pesos for this Villa said he used to buy foreign drafts to strengthen his credit. When Villa abandoned the city for the northern campaign a federal garrison moved in and in January of this year, when he attempted to draw on his drafts he found the banks had stopped payment. He therefore accuses them of having robbed him and is taking retaliatory measures."

**EXILE OF THE SPANIARDS DEFENDED BY CARRANZA**

He Says They Have Been Deported Because They Are Supporters of Huerta.

Juarez, Mexico, April 8.—General Venustiano Carranza tonight gave out a statement dealing with the expulsion of Spaniards from Mexico. He said that the Spaniards would not be confiscated. A similar statement on the subject of confiscation was made by Isidro Fabela, Carranza's minister of foreign relations.

Points made by Fabela are included in the Carranza statement, which reads: "The Spaniards have been deported from Mexico because of their active participation in the movement in favor of Huerta. This expulsion of the Spaniards has been done as a favor to them to save them the trouble of a stay in Mexico. Their presence in Mexico tended to inflame our soldiers. In the case of Mexicans who have assisted the Huertistas, the penalty is death. In the case of Spaniards, the penalty is deportation. It will not be molested, as to do so would be contrary to the principles of the revolution. General Villa is justified in his action in that he is detesting those obnoxious persons and his act is in accordance with our laws, as article 23 of the constitution says that all pernicious foreigners shall be deported from the country because of their active participation in the affairs of the country. Later a similar statement was made by Carranza's minister of foreign relations, Isidro Fabela, who said that any of these Spaniards have never meddled in political affairs they will be allowed to return.

"It is known all over the republic that the Spaniards have taken an active part in the overthrow of Madero and after that held a public manifestation at the city of Cuernavaca, in celebration of the event. Hundreds of them have come out openly and taken part in the celebration.

"It is known all over the republic that the Spaniards have the same language and customs of our country, and that they are not to be distinguished from Mexican citizens, although they mix actively in our politics."

**COMER AND HENDERSON IN RUN-OFF IN ALABAMA**

Comer Leads Field by Substantial Plurality—Underwood's Majority 30,000.

Birmingham Ala. April 8.—Returns from Monday's primary election are still slow tonight, but the results for the big offices are now settled. Oscar W. Underwood's majority for the seat of governor is 30,000. B. Comer has a substantial plurality for governor over Charles Henderson, with whom he must participate in the run-off. May 11.

Richard E. Baker (D) and Walter D. Steel are third and fourth, respectively, in the governor's race.

Captain Frank S. White is sure of election to the short term in the United States senate.

Counting of the ballots in the last of the big Birmingham boxes was not finished until tonight.

Underwood leads in all the counties. He will be officially canvassed on Friday.

Restores From Sixty Counties.

Montgomery Ala. April 8.—Returns from sixty out of sixty-seven counties in the state, fifty of these being complete and official and the other ten with but small country boxes missing that will not change the result, at 10 o'clock tonight gave the following results.

Underwood's majority over Captain Hobbs for United States senator is 25,000.

For governor: Comer 13,256; Henderson 13,256; Kolb 25,394; Seed 21,945.

Complete official returns from every district in the sixth congressional district show Oliver defeated Bankhead for congress by a majority of 500. Oliver carried six of the counties and Bankhead three.

**ROCKEFELLER MONEY GIVEN WELLESLEY**

Wellesley, Mass. April 8.—Wellesley college has received a gift of \$750,000 from the Rockefeller foundation for the ward restoration of facilities lost in the recent college fire. In announcing the gift today the board of trustees of the college said it was conditional on the raising of \$2,000,000.

The trustees plan to expend a million and a quarter for new buildings and three-quarters of a million for endowment. Seven new buildings will be required to do the work formerly done by the single great building burned.

**Intimates Trickery Caused Adoption of Morris Resolutions**

Acworth Banker, Who Attended Cobb County Meeting, Says It Was Scheme of Disappointed Politicians

In reference to the resolutions adopted by the Cobb county executive committee at its meeting Tuesday, George L. Lemmon, cashier of the S. Lemon Banking company, of Acworth, who attended the meeting writes the following highly interesting and illuminating article.

"Editor Constitution: You have seen the news item concerning the action of the Cobb county executive committee yesterday, the 7th instant held in Marietta.

"I was present at the meeting of the committee, holding a membership by proxy, G. W. Hill, whose proxy I held, being sick.

"The history of the resolution calling on Governor J. M. Slaton to resign and prematurely condemning whatever action the governor may take in the Frank case is as follows: N. A. Morris, who now stands before the whole state as a discredited politician, was a member of the committee, holding the proxy of C. W. DuPre of Marietta. Ga. Mr. DuPre was around from Marietta during the session of the committee and I do not know why he gave Morris his proxy.

"Purpose of Meeting.

"We do not question a call of the chairman, who had been presented with a petition from the Confederate Veterans who, desiring to vote in the primary, which had already been set for the 15th day of May, also wanted to attend the reunion to be held in Jacksonville on the 6th, 7th and 8th day of May. We met solely for the purpose of taking action on the date. We did change the date and fixed the primary for May 1.

"After the work had been completed at the meeting of the committee was adjourned N. A. Morris arose and hurriedly read the resolution and moved its passage and before the committee had been put upon full notice of the thing and what it meant a Mr. Brown seconded the motion and two voted 'aye' and the chair announced the resolution as adopted.

"I know that the chairman was not the object of the meeting, that he himself did not realize the purpose of the resolution and speaking for myself I know that I had hardly heard enough of the thing to know what was in the thing.

"Misleading.

"I say to you that if the committee had fully and thoroughly understood the thing it would not have been adopted, for it is entirely misleading and does not in the least represent the sentiment of the voters and people of Cobb county.

"We have always stood ready to help hold up the hands of our different officials, and to put us in the false light of condemning the governor before he has had any right or reason to demand of a new discredited politician to resign. It never has been his cause for reproach.

"The resolutions have caused quite a lot of talk among our people here and they, with one accord condemn and do not in the least sympathize with the action of the committee. I know that it was the outgrowth of a party program of a discredited politician to vent their spleen and to bring others in ill repute.

"It may be said that I ought to have been more alert in the discharge of my duty as a member of the committee. That is a thing for my own conscience, and I say now that I had any cause to think of the evil destiny of the resolution and the rest of the gentlemen had for one instant thought of what was in the thing, it would never have been adopted by us as a committee.

"Very truly yours,  
G. L. LEMMON

Tokio, April 9.—At an early hour today the dowager empress, Shu-toku was reported to be dying from a sudden heart seizure. At 10 o'clock the emperor and empress and other members of the royal family were summoned to the bedside. The dowager empress has been suffering from angina pectoris. She is 64 years old.

**URIC ACID IN MEAT CLOGS THE KIDNEYS**

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

If you must have your meat every day eat it, but flush your kidneys with Salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys. It is a thing that comes from the blood. They become sluggish and weaken, then you suffer with a dull pain in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. Urine gets cloudy. Full of sediment, the channels often feel sore and irritated obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive, cannot inure and makes a delightful effervescent lithia water drink.

**BELLINGER TO AID LOCAL MERCHANTS**

Officer of Quartermaster's Department Confers With the Chamber of Commerce Trade Committee.

Colonel John B. Bellinger, of the quartermaster's department, U. S. A., declared at the conference he had had with the wholesale trade committee of the chamber of commerce, Wednesday morning, that he would do all in his power to restore the trade from Fort McPherson to Atlanta merchants.

Assured that Colonel Bellinger has been convinced that the government can buy its post supplies here to the advantage of the chamber of commerce, the committee decided not to petition congress for a revocation of the order under which the supplies are now gathered through Governor's Island, New York. Colonel Bellinger outlined a plan to the committee through which Atlanta can get back the post trade without having the order set aside.

Committee is Elated.

Members of the committee are elated over the prospects of having the trade restored early. At present there are no troops at the fort, and there has been little trading in supplies here, but when the Seventeenth or some other regiment is returned to the post it will be expected that most of the supplies will be sold right here in Atlanta.

Colonel Bellinger appeared before the committee with Major L. F. Gardner, post quartermaster at Fort McPherson. Walter C. Cooper, secretary of the chamber of commerce, acted as secretary to the conference. Three members of the wholesale trade committee—Lynn Fort, chairman, and Asa S. Singer and Walker—were present.

Colonel Bellinger explained the method employed by the quartermaster department to purchase supplies for Fort McPherson. He declared that he did not believe the order which governs the department was intended as a discriminatory measure against Atlanta or any other city, nor did he believe it was issued to give advantage to any particular section. He said that it was his own private opinion that the supplies could be purchased through Atlanta as advantageously as through New York or any other post, and he outlined a plan for the benefit of Atlanta merchants explaining that if the plan were carried out there would be no need for Atlanta to ask for a revocation of the order.

Plan Impressed Merchants.

Atlanta merchants were greatly impressed with the plan, particularly with the sincerity Colonel Bellinger showed in the interest he has taken in the cause of Atlanta. He explained how it would be possible for Atlanta merchants to bid on all supplies and only the same advantages as other cities.

Result of the conference, Chairman Fort will call a meeting of the entire committee. It will be the purpose of the committee to thoroughly discuss Colonel Bellinger's plan and recommend its adoption by the chamber.

The conference Wednesday grew out of the publication by The Constitution of the discrimination against Atlanta merchants.

A SHADOW ACROSS THE PATH.

In a heated congressional campaign in
New Jersey a republican has defeated a
democrat for the seat of the late Congress-
man Bremner by a plurality of more than
5,000 votes.

The socialist vote alone came within al-
most twenty ballots of the number cast for
the democratic aspirant.

The result in New Jersey comes as the
first faint shadow across the pathway of
the triumphant democratic regime. The
district, proverbially, is not one that re-
sponds to the ordinary party slogans; its
political affiliations are controlled largely
by the conditions and circumstances affect-
ing the country at the time the vote is cast;

if the barometer reads "prosperity" the dis-
trict is apt to go for the party in power; if
it does not read "prosperity" the ballots are
apt to go against the party in power. The
verdict in New Jersey, where the presi-
dent's influence might be assumed to be
overpowering, is, therefore, an indication
and a warning. The democratic victory in
the by-election in Boston is not equally a
test. In Boston results are largely con-
trolled by political or partisan lines of
cleavage. Not so in the seventh New Jer-
sey, where the independent vote controls.

The lesson of the New Jersey election,
therefore, is that whatever is to be done in
the way of restoring confidence and un-
leashing prosperity, must be done before the
fall elections. If the process is postponed,
what is now a dim shadow may assume
formidable dimensions, threatening both
house and senate. It is useless to blink
facts.

for imperative betterments, business and
the railroads ought to know that fact now;
if it is decreed that the railroads must
adjust themselves to the present situation,
and that they shall not go into the markets
of the world for the capital needed for im-
provements, business and the railroads
should know that fact also.

The chief apostle of uncertainty and
obstruction before the commission is Law-
yer Brandeis, a Boston theorist. He is not
a railroad man. He may know every twist
of the legal labyrinth. He is as ignorant of
the practical problems of railroads as the
astronomers are of the political affiliations
of the Martians. He has been and is hold-
ing up a decision with a glittering array of
theories that may be excellent and that may
be buncombe. In the meantime, thousands
of employees are being laid off, trains are
being suspended, prosperity languishes.
The commission owes to the business men
of the country the plain duty of saying at
once whether the Brandeis bag of theories
is or is not to run the country. One way or
another, the country wants a decision.

Ending of this uncertainty will largely
lift the shadow that now rests over the
country and the party. Common sense on
part of congress in its attitude toward fur-
ther radical legislation will lift the re-
mainder. But—
Action must be taken at once. The re-
sult in New Jersey sounds a sinister warn-
ing that not even sophistry can beguile into
silence.

HEROES AND STATESMEN.

The defeat of Congressman Richmond
Pearson Hobson illustrates the traditional
fact that the hero often encounters diffi-
culty in keeping perspective. Because a
man may justly lay claim to the title of
popular idol does not mean he is fitted for
the realm of statesmanship. Admiral
Dewey, with greater pretensions to heroism
than the man of the Merrimack, made the
same mistake as Hobson. He mistook the
plaudits of a grateful and admiring people
for a divine call to political preferment. He
recovered his balance just in time to keep
from falling into an abyss of ridicule and
obscurity.

Because a man may pound a hostile fleet
to scrap iron or bottle up the mouth of a
harbor under murderous fire, he is not auto-
matically a statesman. The two jobs are
different. Just as the president of a rail-
road would not try to run the night express,
or the shoemaker would not attempt to
usurp the calling of the carpenter, so it is
incumbent upon the hero to beware the be-
gunning blaudishments of popular admira-
tion. Kipling says one must "keep his head,
when all around him, are losing theirs."
The prescription is a hard one, but some-
what necessary if the glory of achievement
in one field is not to be dimmed by a fiasco
in another.

Mr. Hobson is a clean-cut and aggressive
young man. He has ideals and ability. He
has courage and the quality of sacrifice.
There is plenty of room for these assets in
the fields of endeavor in this country, with-
out going into the hurly-burly of politics.
Perhaps it is just as well that he seems
destined to pass from the arena of public
life. Opportunities for service will beckon
him in other directions. He should remem-
ber soldiers and sailors do not often make
statesmen.

THE MILEAGE COMPROMISE.

The long-drawn-out mileage-pulling con-
troversy between the Georgia T. P. A. and
the railroads has been brought to a conclu-
sion by a compromise upon a simple and
equitable basis suggested by R. A. Broyles,
of Atlanta, chairman of the T. P. A. com-
mittee on railroad affairs, and concurred in
by H. D. Shackelford, chairman of the same
committee for the U. C. T., by the carriers
and the railroad commission. Mileage books
on the various roads, withdrawn some
months ago, will now be restored, subject to
the new agreement.

The old arrangement, against which the
traveling men, supported by The Constitu-
tion, were justly in protest, subjected them
to endless and inexcusable inconvenience.
A traveler, for example, from Atlanta to
Macon wishing to make intermediate stops
is now required to exchange his mileage
coupons at every stop.

The new system is simplicity personi-
fied. At Atlanta he exchanges his coupons
for a ticket to his ultimate destination, say
to Macon. He is granted stop-over privi-
leges at any or all of the points intervening
between Atlanta and Macon, without once
being required to go to the ticket window
after leaving Atlanta. What this means in
time and convenience saved it is needless
to elaborate.

FATHER OF MILEAGE COMPROMISE
HAILS CONSTITUTION AS PIONEER

Editor Constitution: The railroads and
the Travelers' Protective Association of
Georgia have settled their differences in the
matter of the use of mileage tickets. The
full details will appear in your news col-
umns in the report of the approval of the
state railroad commission of the agreement
between the railroads and the Travelers'
Protective association.

As chairman of the committee having this
matter in charge in behalf of the Travelers'
Protective Association of Georgia, I wish to
thank The Constitution for its efforts in our
behalf. It was a pioneer in our fight for
the abolition of the present system whereby
the holder of every mileage book is required
to present his book at a depot window in

order to have mileage coupons lifted at
every point on a through trip. Under the
new system the book has to be presented
only at the initial point, one ticket being
issued for a through trip, with full stop-
over privileges.

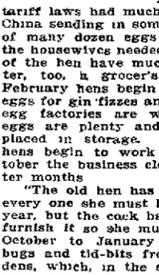

The Constitution has persistently urged
the abolition of the present system, and as
chairman of the Travelers' Protective asso-
ciation committee through which the new
agreement has been effected, I wish to make
expression of my appreciation and that of
the Travelers' Protective Association of
Georgia.

ROBERT A. BROYLES,
Chairman on Railroad Affairs, Georgia Trav-
elers' Protective Association.

THE HEN AND THE EGGS.

Though Lenten diet has made the price
of eggs soar again, they are still lower priced,
all things considered, than meat. Even when
eggs sell at sixty cents a dozen—and they are
not often so high—two
cent but ten cents and
two persons eat more
than two eggs at a
meal. Where can you
buy ten cents worth of
meat that will so well
satisfy a hungry man?
But thrifty housekeep-
ers do not serve eggs
alone, they combine
them with other foods,
making omelettes, and
a great variety of dishes.
The high price de-
manded in cold weather
for eggs has aroused the
nation's attention; that
it was quite unnecessary
was proved by the way
boycotts lowered the
price, though the new
tariff laws had much to do with the affair.

China sending in some thirty thousand cases
of many dozen eggs each just at the time
the housewife needs them most. The habits
of the hen have much to do with the mat-
ter, too, a grocer's exchange says: "In
February hens begin their annual output of
eggs for gin fizzes and other uses. By April
egg factories are working full force and
eggs are plenty and cheap and are being
placed in storage. Summer advances and
hens begin to work on short time, in Octo-
ber the business closes down for the win-
ter months."
The old hen has a reason for this. Like
every one she must have a new suit once a
year, but the cock has not been educated to
furnish it so she must do it herself. From
October to January all the hens lay, and
bugs and tid-bits from the neighbor's gar-
den, which, in the springtime would make
eggs, are used to produce a new dress for
Easter holidays. Result—price of eggs out
of sight.

"Enter villain of the play—the cold-
storage man! Cold storage has its uses and
abuses, and it is a far greater blessing than
a harm. When it comes to transferring fresh
foods long distances, and distributing foods
in times of necessity it is one of our greatest
benefactors. But when cold storage enables
food to be kept off the market until exorbi-
tant prices can be had for it, then cold stor-
age becomes a curse. Pennsylvania has a
law that limits the time that any product
may stay in storage. In that state April
eggs must be sold out in December, other
foods are controlled in the same way. Simi-
lar laws are the only thing that will ever
prevent monopolies mulcting consumers.

Another thing that every state dairy and
food inspector should insist on is that eggs
be sold by weight. Ten good sized eggs will
weigh a pound when fresh, but egg shells
are porous and eggs are fifty per cent water.
This water evaporates as the eggs stand open
in the air, so ten eggs ten days old will not
weigh more than half a pound.

Cobwebs.

By GEORGE MATTHEW ADAMS.

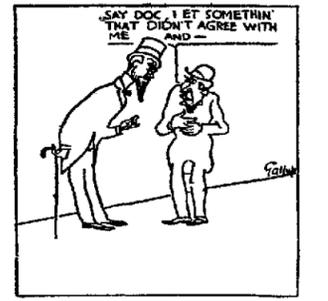

Cobwebs are the result of inattention.
The Housewife who is careless in her home
duties soon has a lot of Cobwebs looking
at her and her guests from the corners and
little out-of-the-way places.
Cobwebs are regular little confessors—
silent though they be of neglect that will ever
prevent monopolies mulcting consumers.

Though you may be unable to see them,
Cobwebs get into people's Brains. And they
come there for the same reason that they
come everywhere—while nobody is around
they come in. And they stay until cleared
out.
The idle and listless and complaining are
living examples of people where Brain Gar-
rets are clogged with Cobwebs.
There is but one remedy for those whose
Brains are Cobwebbed. Here it is—Think
Work. Get Busy. There is no room for
Cobwebs where a man's Brain Cells are flash-
ing real THOUGHT here and there and every
where.

SIGNS.

By GEORGE FITCH,
Author of "At Good-Old Swank."

A sign is a business announcement to the
public. It tells what the public may expect of
the man who owns signs. Some signs are
as large as a city block and cost thousands
of dollars. Other signs are very modest and
cost nothing at all. A plate glass window
covered with dust is as good a sign as a
large gilt affair informing the passers-by

When a man is asleep in the back
of the store and must not be disturbed
Some signs are hung on stores and some
are worn by their owners. When a young
man wears a board, in these American days,
one may safely approach him and ask him
to prescribe for indigestion. Ten to one he
is a doctor.

When a man travels about in an imported
automobile, it is an intimation to the in-
ternal revenue collector to step around about
March 1 and collect his income tax.

When a man leads his little daughter
down town by the hand, it is a sign warn-
ing sellers of poodle dogs to refrain from
wasting their time and his.

When a man wears a collection of frat-
ernal order badges and recognition pins, it
is a sign that he is in the lending business
without security and can be touched for a
reasonable loan by any member of good
standing.

When a man leaves a snow-drift in front
of his home for weeks, it is a sign to the
public not to disturb him on any subject
which refers to the convenience of others.

When a man carries a bag of golf clubs
down the street, it is an announcement to
all concerned that his office will be closed
at 1 o'clock sharp on Saturdays.

When a man wears a loud speckled vest
and a red necktie with a diamond horse-shoe
in it, it is a sign that he will be willing to
guess on the outcome of the next day's races
and to back it up with whatever he has in
his pocket.

When a man shakes hands from one end
of the block to the other and smiles at
everybody, it is a sign that he is in the
market for votes of all sizes and descrip-
tions for any office which happens to be
vacant.

And when a man enters your office with
the air of a dear old friend and carries a
small package neatly wrapped up in news-
paper, it is a sign that he is in the book
selling business and you had better jump
hurriedly out of the window and go away.

DAILY CRISIS
STATE'S POLITICAL GRIND

MORRIS' PERSONAL ANTI-PATHY BLACK
OF RESOLUTIONS ATTACKING SLATON

Marietta, Ga., April 8.—(Special).—A reso-
lution of decided political interest has been
sprung in Marietta, growing out of the fact
that the resolutions of the Cobb county
democratic executive committee attacking
Governor Slaton and asking him to resign as
governor if he runs for the senate, were not
only inspired, but actually written and in-
troduced by ex-Judge Newt Morris, who is
known to be bitterly opposed to Governor
Slaton.

It will be recalled that when Morris was
a candidate for Judge of this circuit against
the incumbent, Judge Patterson, he lost his
home county (Cobb) by an overwhelming
majority. The returns from Gilmer county
were indefinitely delayed, and when they
finally came in it appeared that this county
had gone for Morris by a staggering ma-
jority.

As Judge, Morris had approved the regis-
tration commissioners and the current talk
in the county was that every anti-Morris
man in the county, as far as practical to do
so, was refused a place on the registration
lists.

At any rate, when the matter was
brought before the attention of the present
state executive committee in the shape of a
contest, it practically unanimously decided
in favor of Patterson against Morris, and,
in the vernacular of the day, Morris has "had
it in" for Slaton ever since. He has openly
declared against Slaton, and the story is
going the rounds that he will be either Fel-
ler's campaign manager or will occupy a
conspicuous position as an assistant in that
capacity.

Mr. Morris was not a member of the Cobb
county executive committee, but acted as a
proxy in introducing the resolution above
referred to criticizing Slaton.

The meeting of the committee was not
largely attended, there being present only
twenty out of thirty-eight members, as it
had been called solely for the purpose of
changing the date of the county primary,
the original date conflicting with the annual
reunion of the Confederate veterans.

When the fact became known that no
other business was to be considered it was
found difficult even to get a majority of
the members present. Taking advantage of
this it is said that the effort to quietly work
up the resolutions antagonistic to Governor
Slaton was put afoot by his political ad-
versary, Mr. Morris.

The matter has created quite a political
sensation in Cobb county, which Slaton will
carry for senator by five to one.

FRIENDS URGE JUDGE THOMAS
TO ENTER RACE FOR GOVERNOR

Valdosta, Ga., April 8.—(Special).—Dur-
ing the past few days tremendous pressure
has been brought to bear upon Judge W. E.
Thomas, of this circuit, to announce for gov-
ernor. He has received letters and tele-
grams from all parts of south Georgia, and
while he makes no announcement concern-
ing his intention, it is understood that he is
giving the suggestion serious consideration.

Judge Thomas is recognized throughout
the state as having as strong a personal
following as any man in south Georgia.
While he has been friendly with what is
known as the "Brown side" of state poli-
tics, still holding that alignment, he is be-
lieved strongly urged by the other element
as well. Among those said to be favorable to
his candidacy is Chairman William J. Har-
ris, of the state democratic executive com-
mittee and director of the census. Judge
Thomas and Mr. Harris were roommates at
the university and the warmest friend-
ship has existed between them ever since.

If Judge Thomas were to announce, a
formidable organization will be instituted
in his behalf and it will surprise
none of his friends in this section to hear
of his announcement at an early date.

J. R. SMITH MAKES STATEMENT ON
ATTITUDE OF EX-GOVERNOR BROWN

Concerning a recently-published state-
ment to the effect that friends of former
Governor Brown were instituting a move-
ment to collect a campaign fund and to
urge him to enter the race for the senate
against Senator Smith, Hon. J. R. Smith, of
Atlanta, says:

"I want to say that if there is such a
movement, I have no knowledge of it. I
would not attempt, however, to say that
there is not such a movement, for the reason
that thousands of things are happening
daily throughout the length and breadth of
this country about which I have no knowl-
edge whatever. The only personal knowl-
edge I have is that immediately after the
death of Senator Bacon scores of Governor
Brown's friends communicated with him
and urged that he enter the race. This was but
a natural consequence—he had served the
state twice as governor, and his friends now
desire to put him in a position where he can
be of service to the whole country."

CONGRESSIONAL SITUATION GROWS
WARM IN THE NINTH DISTRICT

Gamesville, Ga., April 8.—(Special).—
Ernest C. Palmour, of the firm of W. J. and
E. C. Palmour, has formally announced his
candidate for the state senate against
Colonel J. O. Adams. Mr. Palmour has been
a member of the lower house of the legisla-
ture for two years.

The announcement for governor of Dr.
L. G. Hardman, of Commerce, has caused
considerable stir among would-be aspirants
to congressional honors. It is thought that
Hon. John N. Holder, of Jefferson, will make
the race against Mr. Bell alone, although
Colonel W. A. Charters, of this city, former
soleholder general of the northeastern circuit,
is daily being urged by friends to enter the
race.

Developments of the next few days are
anxiously awaited by both friends of Mr.
Holder and Mr. Charters.

REFORM ORGANIZATION TO TAKE
PART IN WAYCROSS POLITICS

Waycross, Ga., April 8.—(Special).—In
Waycross to have a campaign of reform in
line with movements inaugurated during the
past year and a half in various Georgia
cities? This question is being asked on all
sides today in view of the avowed intention
of a civic league to give Waycross a thor-
ough cleaning—morally, spiritually, phys-
ically and politically.

Developments of the next few days are
anxiously awaited by both friends of Mr.
Holder and Mr. Charters.

FORMER GEORGIAN NOMINATED
IN ALABAMA PRIMARIES MONDAY

Brunswick, Ga., April 8.—(Special).—Ac-
cording to the returns from Alabama's elec-
tion on Monday Georgia is going to have
another congressman in Washington, though
he will represent an Alabama district. Ac-
cording to the early returns, Woodford
Mabry has defeated Congressman Dent in
the second district. Mr. Mabry is an old
Brunswick boy, having been born and raised
in this city, and who is yet a young man,
being only 34 years of age. He resided in
this city until four or five years ago when
he removed to Montgomery. He is the son
of the late G. B. Mabry, who was one of
the leading members of the local bar in
this city, and also has a number of other rela-
tives in Brunswick.

JUDGE SPENCER R. ATKINSON IS
URGED TO ACCEPT LEGISLATIVE
OFFICE

It is highly probable that Judge Spenc-
er R. Atkinson, one of the best-known lawyers
in Atlanta, will make the race for repre-
sentative from Fulton county.

At a meeting of the executive committee of
prominent lawyers, composed of R. B. Black-
burn, Van Astor Batchelor, Harvey Hill, A. J.
Orme, Edgar Latham, Walter Mashburn,
Alex Smith, J. P. Hughes Spalding, Lee John-
son, Sam E. Pomeroy, and J. E. Pomeroy,
Pomeroy and Roy Dorsey called on Judge
Atkinson and presented him with a petition
signed by practically every leading attor-
ney in the city and many prominent busi-
ness men urging him to make the race. R.
B. Blackburn acted as spokesman for the
committee.

It was urged on Judge Atkinson that
just at this particular time he would be espe-
cially fitted for the place; that just such
men as he were badly needed to represent
Fulton county in the legislature. It was
pointed out, among other things, that the
petition would come up for action at this
session and that legal procedure reforms
would be instituted.

Judge Atkinson thanked the committee
for the compliment paid him and promised
to take the matter under advisement and
give his answer within the next few days.

It is understood that it is just such men
as Judge Atkinson that the Citizens' League
will support in the coming election. A prom-
inent member of the league stated Wednes-
day:

"I hope Judge Atkinson will consent to
make the race. He is ideally suited to the
duties of the legislative branch and his
service of invaluable service to Fulton county."

Following is the petition asking Judge
Atkinson to make the race:

We, the undersigned lawyers of Fulton
county, Georgia, deem it of the greatest im-
portance to legislation likely to come before the
general assembly at its next session, such as
the plaza plan, legal procedure reforms and
other legal questions requiring the experi-
ence and sound judgment of a lawyer who
advocate the election of some able and emi-
nent member of the Atlanta bar to partici-
pate in this work.

With this end in view, we respectfully
petition you to accede to the wishes of a
great number of your fellow citizens and
enter the contest at the primary as a candi-
date for representative of Fulton county
in the next general assembly.

Judge Atkinson was at one time chair-
man of the railroad commission, member
of the supreme court and judge of the super-
ior court. Since retiring to private life
and making his residence in Atlanta, he has
been engaged in many important legal
cases.

An effort is also being made by many
of the friends of Hon. R. B. Blackburn to
induce him to offer himself as a candidate
for representative of Fulton county in the
next general assembly. It is pointed out
that Judge Atkinson has a strong follow-
ing and that his election, on account of his
experience in the house, would be a tower
of strength.

GOVERNOR SLATON WILL NOT GO
ON THE STUMP IN CAMPAIGN

Governor John M. Slaton stated Wednes-
day that he had no intention of going on
the stump during the coming campaign.
"By speaking engagements for the
next two months at meetings of an educa-
tional nature and these I shall fill. One
of these is at Atlanta at the Georgia Insti-
tute. Otherwise I will not make any speeches dur-
ing the coming campaign. I shall confine
my efforts to communications to the public
and will keep in touch with the voters by
means of personal correspondence and by
ploughing his fields than by listening to
two men abuse each other. I think the
farmers feel this way about it also."

BEN F. PERRY WILL NOT MAKE
THE RACE FOR TREASURER

A short while ago it was stated that
Editor Ben F. Perry, of The Jonesboro News,
would probably make the race for state
treasurer. He has just announced, however,
that he will not enter the contest. In an-
nouncing his decision, Mr. Perry is grateful
to his many friends in all parts of the
state—newspaper men, bankers and others—for
their kind expressions of confidence.

J. W. OVERTREET MAKES ADDRESS
TO VOTERS OF BURKE COUNTY

Waynesboro, Ga., April 8.—(Special).—At
the noon recess today Hon. J. W. Overstreet,
of Sylvania, candidate for congress from
the first district, addressed the voters of
Burke county. Accompanying Mr. Overstreet
were ten cars of citizens, who are all
strong behind his candidacy for this posi-
tion.

Mr. Overstreet made a rousing speech and
his remarks were well received. Mr. Over-
street is no stranger here, being in the ad-
joining county, and he has many friends
who wish him well in his race. He served
the short term in congress, after the death
of Hon. Rufus W. Battle, and has made an
enviable record during his short stay at the
national capital.

Colonel Joseph Law, of the Waynesboro
bar, introduced the subject of a campaign
of reform in line with movements inaugu-
rated during the past year and a half in
various Georgia cities? This question is
being asked on all sides today in view of
the avowed intention of a civic league to
give Waycross a thorough cleaning—morally,
spiritually, physically and politically.

Developments of the next few days are
anxiously awaited by both friends of Mr.
Holder and Mr. Charters.

**HOW WOMEN AVOID OPERATIONS**

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."

—Mrs. C. H. GRIFFITH, 7305 Madison Ave., Cleveland, Ohio.

Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."

—Mrs. ADA WILT, 196 Stock St., Hanover, Pa.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

**WILL ASK FOR DIVISION OF FULTON NEXT YEAR**

**East Point, Hapeville, College Park and Ben Hill Seek to Succeed.**

Arguing that the roads and other interests of the southern part of Fulton county have been neglected to the advantage of the northern part of the county, a movement has been inaugurated to have the general assembly form a new county out of the southern part of Fulton and parts of Clayton, Campbell and DeKalb counties. The same reason for wanting to be placed in a new county is argued by the citizens of the portions of the other counties which it is proposed to include in the new county.

The movement includes the idea of combining East Point, College Park, Hapeville and Ben Hill district into a single municipality. The promoters of the new county movement claim 100,000 population and \$12,000,000 taxable properties.

**GRAPHOPHONE HELD PUBLIC NUISANCE BY THE RECORDER**

"That a graphophone is a public nuisance" was ruled by Judge Nash Broyles at police court Wednesday afternoon. Dr. Elmer of Elmer's Smith sanitarium, on Luckie street, appeared in court with complaints against Alexander Zuzias, who plays his graphophone continually for the delight of his customers in his soft drink parlor across the street from the sanitarium.

Zuzias at first told the judge that it was none of his business if he played the graphophone, as he did it in his own private business. On this reply Judge Broyles proceeded to assess a fine of \$100.75 on the defendant, who immediately changed his mind, and told the judge that it was some of his business, promising to quit playing his graphophone so much.

The judge then remitted the fine, and dismissed the case against Zuzias on his promise.

**SEATTLE IS FIGHTING FOR SHRINERS IN 1915**

That San Francisco will not have everything its own way with its invitation that the Shriners' imperial council meet there in 1915 is indicated by the activity of Nile temple, Seattle, which also aspires to entertain the biennial meeting of the order.

Between these two will be waged a battle for the imperial council in Atlanta next month. Douglas White, of Los Angeles, is already here, busy with arrangements of the Kimball house for the coming year. The temple which will come together from that state and occupy four floors of the hotel. The California temple is boasting San Francisco. They will spend \$75,000 on their trip to Atlanta, making it a transcontinental tour reaching away up into the northeast.

**ORGANIST KRAFT GIVES EXPLANATION OF OPERAS**

In accordance with the plan of the Atlanta Music Festival association, to give the city a grand explanation and give selections from the operas which will be presented by the Metropolitan Opera company this season, Arthur Kraft, city organist, last night lectured at the Auditorium on the Wagnerian opera, "The Flying Dutchman," only read and talked of the opera in a very entertaining and instructive manner. He played a number of selections from it on the pipe organ.

At 8 o'clock Saturday night at the Auditorium Dr. Kraft will lecture on Puccini's "Madame Butterfly."

**ATLANTA ODD FELLOWS TO HOLD BIG MEETING**

Odd Fellows of Atlanta are interested in the meeting to be held Thursday night in the new Odd Fellows' temple, corner Hendrix and Peach streets, on Luckie street car line. The degree team of Piedmont lodge, No. 190, will confer the degree of Odd Fellowship on candidates for Hemphill lodge. This team, under the leadership of Past Master W. Strickland, is one of the best in the state, having won several prizes at grand lodge sessions. The meeting on Thursday night will be largely attended, as it is first degree conferred by a visiting lodge in the new hall of Hemphill lodge.

**KNIGHTS OF ROSE CROIX HAVE "MYSTIC BANQUET"**

A ceremony obligatory upon all Knights Rose Croix will be celebrated Thursday evening in Masonic temple by the Atlanta Chapter of White Lodge, Atlanta. It will be open to the general public, and ladies especially will be made welcome. The mystic banquet and the ceremony of Extinguishing the Lights, as it is known, will begin at 8 o'clock.

The ceremony of re-lighting the lights, held each Easter Sunday by all Knights Rose Croix, will be celebrated next Sunday afternoon at 8 o'clock in Masonic temple.

**JENKINSON TO ORGANIZE RED CROSS CHAPTER HERE**

Charles Jenkinson, director of the southeastern division of the American National Red Cross, will organize a local chapter of the Red Cross here tonight at 8 o'clock in the convention hall of the Piedmont hotel. He urges all to attend who can.

Mr. Jenkinson will tell of the general work of the Red Cross and what it is prepared to do in Atlanta and other sections of officers for the Atlanta chapter will take place.

**JOHN CARTER IS GIVEN PROMOTION BY SANTA FE**

John D. Carter, who for the last five years has been southern freight and passenger agent of the Santa Fe system, with headquarters in Atlanta, has been promoted to the position of general agent of the company with headquarters at Detroit. He leaves Atlanta May 1. While the large number of friends he has made since he came to Atlanta regret his departure, they heartily congratulate him upon his promotion.

**BLECKLEY TO DESCRIBE PLAZA PLAN TO AD MEN**

Haralson Bleckley, prominent architect, will discuss his plaza plan at luncheon of the Ad Men's club today. Mr. Bleckley has made an elaborate set of plans for the big improvement for which Mayor Woodward and the chamber of commerce are working to get a bond issue of \$2,000,000. The plan will be exhibited and will be explained in detail.

**Registration in Hall.**

Gainesville, Ga., April 8.—(Special.) The registrars have completed purging the registration books and the primary for county officers will be held Friday. There is the largest number of voters registered ever known in the county, and the rain of Wednesday night keeping the farmers out of the field on account of the ground being too wet to work, a large vote is expected to be polled.

**Candy and Cream Called Necessities By Mrs. Keefer**

Candy at 5 cents a pound and ice cream at 50 cents a quart may not be necessities to the world-at-large. Doubtless there also exist persons who can survive the struggle for life without the aid of salted almonds and fruit punch. But Mrs. Grace Macy-Keefer is not one of them. No, if you took any of the articles mentioned away from Mrs. Keefer, it would be equivalent to removing the mashed potatoes from the average dinner table.

This information was supplied Wednesday by Mrs. Keefer herself, Campbell and DeKalb counties, who are a deputy municipal clerk, her reply to a suit by the Nunnally company for \$53.55 worth of "necessities." The bill is for the months of June and July. Mrs. Keefer replies that, at that time, she was not separated from her husband, David H. Keefer; that no provision had been made for alimony; that Mrs. Keefer was consequently responsible for her necessities, and that the items supplied by the Nunnally company were necessities. This latter point she emphasizes thusly, in section two of her answer.

"That the items set forth in plaintiff's action constituted necessities in my case, in consideration of defendant's accustomed station in life.

Glancing over the Nunnally company's bill one then discovers that Mrs. Keefer's station in life requires daily rates, two bricks of ice cream, a pound of salted almonds, a couple of pounds of mints, a dozen or so oysters, and various other things of similar nature. One runs lightly across such entries as "Eight dozen cups frozen fruit punch, \$16." One discovers with a feeling of proud kinship that Mrs. Keefer's existence particularly craved caramels, and that she bought them in two and three-pound quantities.

On the fourth of July, it is evident, Mrs. Keefer gave a highly patriotic luncheon, for here are the entries: "One pound white mints, 40 cents; 1 pound blue mints, 40 cents; 1 pound red mints, 40 cents."

It is also apparent that Mrs. Keefer was occasionally in the habit of dropping into the Nunnally company's, purchasing an ice cream soda and signing a check, in proof thereof, witness the following: "Soda, 10 cents; soda, 20 cents, soda, 30 cents."

Mr. Stevens was consulted as to the validity of Mrs. Keefer's claims under the law.

"It all depends," he said, "Anything which is essential to the continuance of life is considered by the law to be a necessity. Now, while caramels are not necessary to me, they might very well be necessary to somebody else. Judging by the frequency with which they appear on this bill, I should conclude that they were necessary to Mrs. Keefer. But I may be wrong. The court will have to decide it."

The suit will come up next week for the court's decision.

**SUPREME COURT HEARS CHEROKEE LIFE CASE**

V. H. Davis and Others Seek to Have Certificates Declared Liabilities.

The case of V. H. Davis, et al. versus the Cherokee Life Insurance company, was the most important case heard by the supreme court on Wednesday. The question involved in the litigation, which attracted the attention of the legal insurance field, was the effort made by Davis to have the certificates held by them to be a debt.

The Cherokee Life Insurance company, as well as many other state insurance companies, have issued certificates which bear interest, and the companies claim that such collections and monies are not liabilities.

The certificate holders in the Davis case were represented in the supreme court by Judge Powell. Alex King represented the Cherokee company. J. B. Burton Smith, chief counsel for J. B. Porter, who has similar certificates issued by the American Life and Annuity company, and who has a proceeding pending in the Fulton county superior courts which would, in effect, subject the policyholders in that company to the same result, was also present. He filed a brief in the case upon the same day.

Members of the Fulton county superior courts which would, in effect, subject the policyholders in that company to the same result, was also present. He filed a brief in the case upon the same day.

Detroit Beauty Doctor Gives Simple Recipe to Darken Gray Hair and Promote Its Growth

Miss Alice Whitner, a well-known beauty doctor of Detroit, Mich., recently gave out the following recipe: "Anyone can prepare a simple mixture at very little cost, which will darken gray hair, promote its growth and make it soft and glossy. To half a pint of water add 1/2 oz. of bay rum, 1/2 oz. of Barbé's Compound, and 1-4 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray hair look twenty years younger. It is also fine to promote the growth of the hair, relieve itching and scalp disease, and is excellent for dandruff and falling hair."

MICHIGAN BLANKS GEORGIA'S NINE

Capt. Sissler Whole Show for Wolverines—Critical Errors Cost Georgia Game. Play Again Today.

By Clark Howell, Jr. Athens, Ga., April 8.—(Special.)—In a grueling pitchers' battle the Red and Black nine went nine innings without allowing a run, a hit or an error. The aggregation from the University of Michigan scored only two runs.

Michigan's first run came in the first when Sheehy walked, was sacrificed to second and scored when Hitchcock tossed Sissler's easy ground over first base.

In the second, the visitors added another run when they went to second on Torbett's heave to right field in an attempt to catch Baker off first.

For the Michiganers, Sissler was the whole show, plugging out a two-bagger and fielding a triple, in addition to his stellar pitching, although the team in all well balanced.

Henderson had a big day at first, handling eighteen out-plays. He pulled down a long fly in the fifth which looked good for a hit.

Michigan's score by innings: 1. 0 0 0 0 0 0 0 0 0 0. Georgia's score by innings: 1. 0 0 0 0 0 0 0 0 0 0.

Summary—Two-base hits, Sissler, struck out, by Sissler 12, by Hitchcock 4, base on balls, off Sissler 1, off Hitchcock 2, hit by pitcher, by Sissler (Henderson), 1, by Hitchcock (Henderson), 1, bases, Torbett 2, Hippler 0, stolen bases, Sissler, McWhorter, Henderson, sacrificed, Howard 1, Howland 1, on bases, Michigan 5, Georgia 6. Time of game, 1:45. Umpire, Brown.

### ILL-TREATED HUSBANDS HAVE INNING IN COURT

#### Various Charges Made During Hearing of Undeclared Divorces Wednesday.

It was the day for ill-treated husbands in Judge Ellis' court Wednesday, where the undeclared divorces are stippling by at the rate of thirty a day. Most undeclared divorce testimony runs something like this:

"Yes, sir, he would come home at night and hit me over the head with a chair, and call me names, and tell me he wished he'd never seen me."

But Wednesday was the exception. The brutal husband pulled into insignificance beside a magnificent array of heartless wives. One man told how his wife had threatened him with a revolver. Another testified that he was continually in fear of being poisoned. Another had been assaulted with a piece of board containing a nail. Another had been used as an instrument of revenge, the object of attack being a wise young man who had been so villainous as to avoid the husband's fate.

This last was D. C. Curtis, a man of forty. Mr. Curtis' wife was eighteen when they were married in November, 1912. Mr. Curtis loved his wife. He said so. But his wife did not love him. She had many little ways of proving to him that she did not love him.

"One day she came across the breakfast table, and observed, 'Say, do you know why I married you?' 'I don't know,' he answered. 'I married you because you were a fellow that had thrown me down.'"

Naturally, this prevented Mr. Curtis' freedom from flowering as it might have. Nor was his development encouraged when Mrs. Curtis advertised the stage. The break came on the day Mrs. Curtis actually did get a job with a theatrical company, and started for Florida. At that juncture, Mr. Curtis asserted himself, and the couple separated. After telling his story, Curtis was granted a final decree.

The wife of J. A. Brown, a farmer, used under methods in getting at her husband's tender spots, according to testimony. Perhaps this was because Mr. Brown was older, and consequently more inclined to the outrage of an unkind world. It was at the time of their marriage, 1908, his wife was eight years younger. They separated in 1911, having reached the crest of their matrimonial difficulties one day in April, while Mr. Brown was on his way from the house to the barn. On that occasion Mrs. Brown objected to the deduction of his procedure, and having failed to hurry him by the ordinary methods, finally resorted to a plank. It is charged that plank happened to have a nail in the business end. He was granted a final decree.

The convention was a most elaborate one and was thoroughly enjoyed by both the visitors and the hosts. The convention will meet in Cordie next year.

## Atlanta Suffragists Will Not Hold Parade on May 2

The women of the three suffragist associations of Atlanta will not have the street parade planned for May 2, but they will have interesting exercises, devoted to the cause, in compliance with the request from the national headquarters of the association that May 2 be observed as Woman's Suffrage day. The story of the change of plan as it comes in the official report follows:

The executive board of the Atlanta woman's suffrage organizations met in the Ansley hotel parlors Monday afternoon at 4:30 o'clock, with Miss Amelia Rosch, chairman; Mrs. Milton Arrowood, secretary. Resolutions were passed to change the program of May 2 as follows: To hold public meetings, day, and grand opera in the afternoon,

## CONDUCTORS STRIKE ON S. & N. RAILROAD

### Men Go Out in Orderly Manner—Places Filled, Say Officials.

Savannah, Ga., April 8.—Their demands for more pay and recognition of their union being met, the officials of the road, the conductors of the Savannah and Northwestern railroad, formerly the Brunswick railroad, went on strike at 8:30 o'clock tonight.

The Savannah and Northwestern is small road employing only ten conductors in all.

The strikers' places have been filled, according to the officials. The strike was called by S. W. C. Turner, vice president of the order of Railway Conductors. The men went out in orderly manner and no violence is apprehended.

Officials of the railroad have refused to grant the committee a hearing, and it is claimed discharged M. C. Gallaher and W. W. McDowell, chairman and vice president of the committee, who endeavored to seek a conference.

## CALL OFFICER INJURED BY BOY ON A BICYCLE

Call Officer James L. Palmer, one of the highest policemen on the force, while rushing on the way to a police station in answer to a burglar call last night about 7 o'clock, was hit by a small negro messenger boy on a bicycle and thrown several feet, receiving painful injuries to his right leg and a deep cut over his left eye. He was relieved from duty and sent home for treatment. Late last night he was reported as being much better.

## CHRISTIANS KILLED BY THE ALBANIANS

Athens, April 8.—An official communication says that Mussulman Albanians yesterday entered Corfu, on the island of Monastir, and with the aid of the gendarmerie, who previously had disarmed the inhabitants, began today a massacre of the Christians.

A Vienna dispatch of April 3 said it was reported from Avlona that Greek irregular forces had attacked Corfu, but were repulsed by the Albanians.

## Looks Like Jesse Lee Has Smoked Peace Pipe With Mayor Woodward

Councilman Jesse E. Lee, of the fifth ward, ventured into Mayor Woodward's private office yesterday afternoon, and when he emerged he was smiling. Yes, it was a great big cherubic smile, and it was apparent from his jocular demeanor, that his interview with the mayor was entirely harmonious.

But neither Councilman Lee nor the mayor would state what the conference was about. Possibly, it was about the chairmanship of the fire board. Every one around the hall agreed that it was. But, whether or not the mayor and Councilman Lee made up, is not known.

Shortly afterwards, Mayor Woodward announced that he will recognize Councilman Lee as chairman of the fire committee, and almost at the same time the report gained currency that Councilman Lee had decided to resign the chairmanship and let the mayor give the place to Alderman Seawright.

Mayor Woodward and Councilman Lee split when the mayor, at the last meeting of council, named Alderman Seawright chairman of the fire board. At a previous meeting he named Councilman Lee for the place. Naturally, Councilman Lee was not pleased when the mayor attempted to remove him. He got an opinion from their attorney to the effect that the mayor had no cause to remove him, and he decided to hold on.

## CLEAN UP AND PAINT UP SIGNS GETTING RESULTS

The industrial bureau of the chamber of commerce has plenty more of the "clean up and paint up" signs, which, from many downtown streets, reiterate Atlanta's need for a general polishing before the arrival of the Spring.

So far, the results reported from the lithographed signs are encouraging. "People are getting more into the spirit every day," said a member of the bureau Wednesday evening. "It's contagious. One man puts a coat of paint on the front of his establishment, and the one next to it looks so bad by contrast that the other man begins to polish before the arrival of the Spring."

The best idea, though, is not to wait for your neighbor. Do the first cleaning and painting yourself. If just one quarter of the people downtown will really get into this movement, the rest will follow. They'll be ashamed to do anything else."

## To Dissolve Parliament.

London, April 9.—The Standard asserts that the government has decided to dissolve parliament in June.

## WHILE GUESTS TANGO BURGLAR LOOTS HOUSE

### Home of Mrs. Edith Powers Robbed of \$300 Worth of Jewelry.

A burglar entered the home of Mrs. Edith M. Powers, at No. 52 Williams street, Tuesday night about 9 o'clock, while a tango ball was being enjoyed by thirty guests of Miss Una Powers, and slipped through the house and up the stairs to the second floor, where he loaded himself with about \$300 worth of valuable jewelry, and as quickly slipped out again.

So enthused were the dancers that no one in the crowd noticed the intruder. Miss Powers states that she heard a noise in the kitchen of the house about 9 o'clock, but paid no attention to it.

The robbery was not detected until about 12:30 o'clock, when the family was about to retire, and Mrs. Powers looked for her gold watch to find it up. Missing it, she went to the dresser drawer and found a pin, set with diamonds and a ruby; one gold link bracelet, three lockets, with gold chains; one lavaliere, with gold chain; one gold ring, one Masonic pin, and an Elk pin in addition to her gold watch, were missing.

The \$100 gold watch and chain of Mrs. Powers was discovered last night when a negro stole it to a white man on Houston street. After purchasing the watch the white man looked inside and saw the initials engraved on it of Mrs. Powers and phoned the detectives.

## GIRLS SAVE PURSES AFTER HARD FIGHT WITH SNATCH THIEF

Two young girls, when attacked by a negro snatch thief last night in front of No. 252 South Pryor street, while returning home from their work, struggled bravely with their assailant, and managed to save their pocket-books and their money.

Miss Mary Gershon, of 348 Central avenue, and Miss Camp, of 252 South Pryor street, were bruised and shaken up in their tussle.

When the negro grabbed the purse of Miss Gershon, which was hanging on her arm, the two girls began to scream and fight the negro, who became frightened and ran.

Call Officers Cochran and Wood rushed on their motorcycles to the scene of the attempted robbery and made a thorough search of the neighborhood. They state that the description of the negro fits that of the negro snatch thief who grabbed the purse of Miss Anna Subba the other night in front of her residence at No. 111 Hill street.

Miss Saliba was not so fortunate as Miss Gershon and Miss Camp, as she lost a fine silver mesh bag and about \$5 in change in it.

## 13 AUTOMOBILES AMONG PRIZES

Continued From Page One.

be successful. Every energetic candidate must get something. If for some reason you fail of an award in the list, you may still win a prize. For instance, a cash commission of 10 per cent on the sale of all new business turned in by you in excess of \$100 or more will be paid to you. So there is everything to gain and nothing to lose. Simply send in your name to the Constitution office, and you are in.

Now is Time to Start.

You will always find the nomination ballot and voting coupon on the editorial page of The Constitution each day during the week and on Sunday.

No advantage will be gained by waiting. The contest begins in earnest in the time to make your start. Before the field is covered is the best time to begin. The rules governing the contest are concise and clear. Anything not clearly explained will be explained to you, and all possible aid will be rendered. Begin by sending in your name now. If you are not personally interested, you have some friend or relative that you would like to have enter this contest and win a valuable prize. Nominate her!

A subscription book for the convenience of the contestant will be off the press within a few days, together with instructions for securing subscriptions and all necessary rules and regulations governing the contest. The rules and regulations governing this contest will be published in Wednesday's Constitution, and will again be published from time to time in these columns. The important thing for you to do is either to nominate yourself or a relative or friend, and begin your preparatory work now. Try for one of the prizes and you will be surprised at what you accomplish.

About the Prizes.

Thirteen automobiles head the list of magnificent prizes. Four as grand division prizes and nine as district prizes.

The cars were selected with special regard to the greatest value of the money invested.

As the first grand prize to be awarded in each division to the candidate for the largest number of votes in each district, regardless of district. The Constitution offers an automobile conceded to be equal to any car in the world of its class. It is known as the "Velo 4-35."

It is a complete touring car, fully equipped, beautiful to the artistic eye, beautiful to the eye that sees beyond the outward forms and notes the perfection of mechanical arrangement and adjustment, beautiful in style and comfort, and beautiful to those who see in the graceful lines perfect and comfortable arrangements. A dependable motor car, and one that approaches the ideal in mechanical perfection.

The second prize in each of the grand divisions is the Velo 4-35 five-passenger touring car. The Velo is beautiful to the eye, and the body lines developed along the most advanced ideas, and has long since been known and used by the best of us. It is a car that will go day in and day out over all kinds of roads, anywhere and free from mechanical difficulties.

In addition to the second prize, usual equipments, are also equipped with Gray & Davis electric starter and lighting of the most advanced type.

District Prizes.

In each of the nine districts an award was selected, thought to be commensurate with the efforts of those who obtain the highest score in votes for the first prize of the second division prizes have been given out. After carefully considering the desirability of the prizes, the district prize list, the question arose as to which of the numerous motor cars upon the market should be chosen.

Many good cars could be had. But after considerable negotiations the Southern Automobile company for nine five-passenger Overland touring cars, one for each district, as cars embodying all of the qualifications demanded by the Constitution.

The Overland five-passenger touring car is one of the very best automobiles on the market. It is a roomy passenger model, richly upholstered, insuring perfect comfort. In addition to being fully equipped with all the latest cars are, it is also equipped with Gray & Davis electric engine starter and lighting. Nothing is to be desired. With plenty of power and perfect action, this car answers the demand for a consistent and dependable automobile.

After the automobiles in each of the nine districts come the second prizes, which are \$750 Ludden & Bates' Self-playing Pianos. Each of these regular Ludden & Bates' cabinet grand upright piano, into which has been built the most modern mechanical mechanism. The player is therefore two instruments in one; a piano for the musician and a self-playing piano for the amateur. Also included in the list of prizes are cash awards, as will be thoroughly explained in booklet of instructions.

For complete details of rules controlling this remarkable campaign write the Contest Department, The Constitution, Atlanta, Ga., or call upon the manager of the same. Bell phone Main 5000; Atlanta phone 5025.

## FEDERAL ATTORNEYSHIP NOT FOR PRATT ADAMS

### Senator West Told Definitely That Savannah Man Won't Be Appointed.

By John Corrigan, Jr. Washington, April 8.—(Special.)—Senator West was told definitely by the attorney general this morning that A. Pratt Adams, of Savannah, would not be named as federal attorney for the southern district of Georgia, because he would not comply with the department's request about leaving his father's law firm. Senator West will therefore send in another name.

Mr. Adams was unwilling to admit even by inference that there was any improperity in his retaining membership in the firm which represented the naval stores men. The president agreed with his attorney general, so Mr. Adams will not be named.

It is understood that Senator West has in mind for the place are Robert M. Hitch, of Savannah; F. T. Saussy, of Savannah; D. A. A. Crum, of Cordele, and T. H. Hill, of Cordie. It is more than probable that one of them will be named within the next two weeks.

## CRUSTY RINGWORM ALL OVER FACE

### Suffered Terribly with Itching, Pimples in Patches, Formed Crust, Scalp Attacked, Hair Fell Out. Cuticura Soap and Ointment Cured.

R. F. D. No. 14, Corapeake, N. C.—"Some years ago I was troubled with what is called ringworm all over my face. I suffered terribly with itching and a crusty scale over my face which looked awfully. It would break out in fine pimples in patches about the size of a nickel and itched so that I would scratch them until they would form a crust. After a while the scalp was attacked with an itching which caused my hair to fall out. My head would itch so badly at night and in damp weather I could hardly rest. The ringworms were more annoying to me in the summer than in winter. Perspiration would get into the irritated places and cause me to scratch more than usual."

"I was asked to try Cuticura Soap and Ointment and I sent for a trial which helped me considerably. I ordered some and it did not take but a cake of Cuticura Soap and one box of Cuticura Ointment to cure me. I have a fine head of hair." (Signed) Miss L. M. Riddick, Sept. 4, 1913.

The itching, burning, suffering and loss of sleep of eczemas, rashes, and irritations of the skin and scalp are at once relieved and permanent skin health restored in most cases by warm baths with Cuticura Soap followed by gentle applications of Cuticura Ointment when all else fails. Cuticura Soap (25c) and Cuticura Ointment (30c) are sold everywhere. A single set is often sufficient. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

"Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp."

## BARRY FOUND A RING, THEN GOT ARRESTED; NOW MAY GET FINED

It may be that Barry Hutchins will get some good luck out of that diamond yet. And then it may be that the owner will read these lines, go down to county police headquarters, claim the stone and leave Barry nothing except sad memories of what might have been.

Barry is bigger and blacker than most negroes. He found the diamond some days ago at the Speedway. It didn't take him long to get from the Speedway to a Decatur street pawnshop, and he was just about to put his hands on the money when a county policeman happened to drop in.

"Where'd you get it?" the policeman inquired.

"I done found it," said Barry. "That gag was worn out a long time ago." He took Barry and the diamond to jail. Barry stayed in jail over night. The next day he was able to prove by several witnesses that he actually had found the diamond and, Wednesday, he was released. Chief Mathieson now knows as sure as the sun rises in the water you drink; to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto-toxemia, a condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

ling; S. S. gets at work in a twinkling; it just naturally rushes right into your blood and scatters germs right and left.

Do not neglect to get a bottle of S. S. to-day. It is prepared only in the laboratory of The Swift Specific Co., G-14, Swift Bldg., Atlanta, Ga. Send for their free book on impoverished blood.

Boozer in Bankruptcy.

A voluntary petition in bankruptcy was filed with Deputy Clerk Henley yesterday afternoon by the insolvent of Logansville. The petitioner gives his liabilities at \$3,860, of which \$1,000 is secured, and puts his assets down at \$714.

"Speaking of the harmful effects of baker's white bread, Dr. Edson Smith says: 'Baker's bread is an abomination to the stomach. Its fine flour, its yeast and its undextrinized starch make it largely undigestible. Only the well-baked outer crust is fit to eat.'"—Rutledge Rutherford in Nat'l Food Magazine, February, 1912.

Some 17 years ago there was originated a food designed to avoid the objectionable qualities of white flour products. That food is

# Grape-Nuts

It established a standard of digestibility and food value hitherto unapproached in any cereal food.

### This object was attained—

By building Grape-Nuts from the two greatest of food-grains—wheat and barley—and baking and rebaking it until the starchy parts were converted into dextrose (grape-sugar) or so thoroughly dextrinized as to require but little effort to digest.

## Grape-Nuts digests usually in about one hour

(White Bread requires about 3 1-2 hours for digestion)

In the milling of white flour, nearly all the "vital" mineral salts of the grain (such as phosphorus, lime, iron, sulphur, etc.) are thrown out with the bran-coat, just to make the flour look white and pretty.

These phosphates, or mineral salts, are positively demanded by Nature in order to build normal bodies, brains and nerves, and in their lack physicians find one great cause of impoverished blood, listlessness, nervous prostration, kidney disease, etc.

Grape-Nuts, on the other hand, retains ALL the vital phosphates so richly grown by Nature in wheat and barley, as well as ALL the other nutritive elements of the grains. It provides these well-balanced values in a convenient, appetizing food, ready to eat from the package, fresh, crisp, and untouched by human hand.

### "There's a Reason" for Grape-Nuts

**Rich's Good Morning!**

**Only 30 Shopping Hours to Easter: We're Ready**

ONE FINDS here the Easter Hat; the Easter Suit, and everything that goes with them.

Courteous salespeople, too, who know their stocks. In addition to regular salary they receive a bonus on their sales. They desire, therefore, to get your good will—for themselves and Rich's.

Plenty of stocks; plenty of good cheer—the store is at high-tide of Easter completeness.

**Racy Paris Blouses**

Relieved from Paris Prices Are Here for Easter

A BLOUSE is the garment upon which the Parisienne "spends herself" in discrimination and appreciation.

For a Blouse has most of all to do with the success of the "fro-tour" costume or, indeed, with suits and skirts of all kinds.

And so when America wishes special assurance of her smart accord with fashion, it is a French Blouse she seeks.

These new arrivals are copies and adaptations of Paris models. They include the new sulphur and flesh-colored tints—the smart Pussy Willow taffetas and crepe de chimes with their dainty floral patterns, and, of course, the all-white. Choose from—

Net blouses, \$6.50 to \$15.  
Creme de chimes, \$5.95 to \$10.  
Marquisettes, \$2.50 to \$10.  
Pussy Willows, \$7.50 and \$8.50.  
Georgette Crepe, \$10 to \$18.50.  
White Cresps, \$3.50 to \$10.  
Shadow Laces, \$6.50 to \$12.50.

**ROYAL WORCESTER CORSETS**

Are the link that connects YOU with figure perfection from the moment you first put them on. They create youthful, slender-appearing "lines"—the effect is that you seem almost corsetless.

They are supple, easy, graceful, and cling to your form in a most pleasing, comfortable manner, thus assuring the absolutely correct foundation for ANY gown you may wish to wear.

Women who saw the Royal Worcester corsets demonstrated on the living models recently know the truth of these statements.

It will PAY YOU to see the charming new designs, now on display in our corset department. Price \$1 to \$5. (Second Floor.)

**LIFE JOB IS ASKED FOR RURAL TEACHER**

**Claxton Makes Strong Plea for Betterment of Country Schools in South—Community Libraries Urged.**

Louisville, Ky., April 8.—Recommendations that the rural school teacher be employed to insure good behavior, and that each be furnished with a house and a plot of land for his own and experimental uses were made by P. Claxton, United States commissioner of education, at tonight's session here of the Conference for Education in the South.

This plan for the readjustment of the country's rural schools, which included the rearrangement of school terms and courses so that boys and girls forced to work can attend school one week and work the next, and the readjustment of normal schools so that teachers may be trained for the proper instruction of the country youth.

Discussion of relations between farmer and merchant and debate on methods for improving southern educational systems largely occupied the attention of the conference today, which was devoted primarily to business men's and normal school teachers' sessions here.

Dr. Claxton, United States commissioner of education, at tonight's session here of the Conference for Education in the South.

This plan for the readjustment of the country's rural schools, which included the rearrangement of school terms and courses so that boys and girls forced to work can attend school one week and work the next, and the readjustment of normal schools so that teachers may be trained for the proper instruction of the country youth.

**Claxton Makes Strong Plea for Betterment of Country Schools in South—Community Libraries Urged.**

Dr. Claxton also said a movement was under way for the establishment of rural community libraries, so that country people, grow-up children, and children, may have the same advantages in reading courses that city people enjoy.

Whether the adoption of various methods of school supervision occupied delegates at the afternoon session of the Southern Educational association. Debate was led by Miss Will Lou Gray, Laurin, S. C. Speaker of the conference, and other speakers included Robert A. Campbell, secretary of the Wisconsin state board of public instruction, and other speakers.

Other conferences today were held by the business men, farmers, and country women, country preachers and country doctors. The Southern Educational association, which is holding its annual convention in conjunction with the Southern Educational association, held a conference on the education of the negro, and joint sessions of the department of education, department of normal schools and conference on teacher training.

Dr. Claxton's speech was opened by an address of W. K. Tate, Columbia, S. C., president of the Southern Educational association. Tate recommended that the merger of the teachers' organization with the Southern Educational association be abandoned and broadened in recent years. Mr. Tate said that it now includes not only the normal school factors business, civic and agricultural interests, instead of "mere book learning."

**NEGRO BOYS CAPTURED IN A TOBACCO STORE**

Police call officers and detectives encountered a bunch of burglars last night about 7:30 o'clock at 113 Decatur street, the wholesale tobacco store of Edward Johnston, and after an exciting chase through the rear windows and back alleys in the neighborhood, caught three negroes. Call Officer Cochran, while making a dive to grab the leg of one of them as he jumped through a rear window, broke his right hand, and also broke the stock to his revolver. Though the injury was extremely painful, Cochran held the negroes to the more serious robbery of several boxes of cigars, cigarettes and cases of tobacco into the open space at the rear of Johnston's store.

One left his hat behind, in which were his initials. Later, one of the prisoners told his name, and his name will be made today.

Detectives were busy last night after the robbery investigation. The three negroes, believing that they are the ones who robbed several stores on Decatur street the night before, of which they were loaded with stolen goods were hauled off. It is believed by the officers that the three negroes on the street near not fear for the safety of their goods.

The three negroes who were caught were: One gave his name as Edward Johnston, 12 years old, and stated he lived in the rear of No. 28 Piedmont avenue, Marshall Bridges, 23 years old, who stated he was only 13 years old. Will Thomas declared that he was only 16 years old.

**Police Deny Charge Made in Damage Suit Of Attack on Woman**

It was said Wednesday night by Chief Mathieson, of the county police, that the suit of Mrs. M. E. McDonald against three county officers, charging them with breaking three of her ribs and dislocating her hip, was without foundation.

"Five of my men," said Chief Mathieson, "raided a blind tiger, which McDonald was running in his home at Eagan Park last October. McDonald was arrested and given his choice of a \$200 fine or twelve months. His wife interfered with the men in their search for evidence, and they had to push her out of the way. Nothing else took place."

Mrs. McDonald charges that one officer hit her with a bull's-eye, and another with a plank. She says that the resultant injuries confined her to her bed for six weeks. In her action, which was filed yesterday with Deputy Clerk Clark, of the superior court, she asks for \$5,000 damages.
