was included in the districts decided on. It showed that the capital and surplus of national banks in Atlanta was greater than in New Orleans, while in Dallas it was less, but that in both Dallas and Atlanta, loans and discounts and individual deposits were greater than in the Louisiana city. Discussing the choice of Richmond, the committee pointed out that banks in South Carolina, North Carolina and Virginia preferred that city to Baltimore or Washington, and declared it was thought unwise to locate another reserve bank close to Philadelphia. It was pointed out also that sworn statements to the comptroller of the currency showed on January 13, 1914, that Richmond national banks were lending twice as much money in the district eventually created as Baltimore and Washington combined. In support of its choice of Kansas City, the committee said that Montana, Idaho, Arizona, Texas and Nebraska, as well as the states of Oklahoma and Missouri, were in favor of the banks of a tentative district suggested by Omaha preferred other cities. "It seemed impossible," said the statement, "to serve the great section from Kansas City to the mountains in any other way than by creating a district with Kansas City as headquarters. The loans and discounts of all reporting banks and trust companies in Kansas City on June 4, 1913, amounted to \$31,680,000, exceeding by about \$7,000,000 the total loans and discounts of all banks and trust companies in the cities of Omaha, Denver and Lincoln combined. "Movement of trade in district No. 10 is to the east. To place the federal reserve bank for that region in New Orleans would have been necessary to disregard these facts and the opposition and earnest protests of banks—both national and state—throughout the district. The committee devoted most of its attention to New Orleans. It said in part: "New Orleans selected a district extending from New Mexico to the At-

lantic ocean, including all of Texas, Louisiana, Mississippi, Alabama, Florida, Georgia and that part of Tennessee south of the Tennessee river. It would be represented by Texas, Kansas City and St. Louis. In a poll of the banks of Texas made by the comptroller of the currency, 212 banks expressed a first choice for Dallas. No bank in Texas expressed a first choice for New Orleans. The whole state protested against being related to New Orleans. Banks Desired Atlanta. "The banks of Alabama generally desire to be connected with either Birmingham or Atlanta, only three expressing a first choice for New Orleans. The banks of Georgia desired to be connected with Atlanta, none expressing a second choice for New Orleans. They represented that it would do violence to them to be connected with a city to the west, and claimed that Atlanta was the best choice for Georgia. Atlanta or cities to the northeast. Of forty-four banks in Florida, nineteen banks in Florida expressed a first preference for New Orleans, and these were in the western corner of the state. Only one expressed a first or second choice for New Orleans, while seven expressed a first choice for Atlanta, fourteen a second choice and thirteen a third choice. "Generally speaking, the only banks desiring Atlanta as their first choice are those in this class: Minnesota, which has \$27,000,000; New York, which has \$30,000,000; Louisiana, which has \$38,000,000. "This item, of course, does not include public buildings owned by states or by state institutions. "In 1880 the total debt of Georgia, at the close of the fiscal year September 30, was \$9,918,000; in 1913 it had been reduced to \$6,934,000. The population of the state increased from 1,542,500 in 1880 to 2,697,000 in 1913. In 1880 the per capita debt was \$6.42, decreasing annually to \$2.57 in 1913. In contrast with the state of Georgia we find that the entire debt (less sinking fund assets) for the forty-eight states the per capita debt according to the latest reports is \$3.52. "It will thus be seen that if the committee was to give weight to the views of the business banks in the section of the country affected, it would consider the position of the banks of Texas, Alabama, Georgia, Florida and Tennessee, and to be guided by economic considerations it could not have designated New Orleans as the location for a reserve bank to serve either the western or the eastern bank district of the country. The course of business is not from the Atlantic seaboard toward the interior, but largely from the state of Texas to that city, and if Dallas and Atlanta had been related to New Orleans, the ground complaint could and would have been lodged by them against the committee's decision that made by New Orleans. "Some of the banking statistics which the committee had to consider threw light on the problem. It should be borne in mind that the committee considered primarily the banking statistics with reference to assenting banks. In this section of the country the banking statistics for the year ending in March, 1914, the capital stock and surplus of the banks in the three cities named as shown by the statistics of the comptroller of the currency were as follows: CITY. Capital and Loans and Individual Surplus. P. C. of Atlanta, Sept. 1904, Mch. 1914, Inc. \$5,506,000 \$26,038,000 \$24,248,000 Dallas, Sept. 1904, Mch. 1914, Inc. 2,076,000 5,968,000 120 New Orleans, Sept. 1904, Mch. 1914, Inc. 2,205,000 17,255,000 * "Decrease. CITY. Sept. 1904, Mch. 1914, Inc. P. C. of Atlanta, Sept. 1904, Mch. 1914, Inc. \$10,328,000 \$36,988,000 162 Dallas, Sept. 1904, Mch. 1914, Inc. 7,652,000 18,822,000 143 New Orleans, Sept. 1904, Mch. 1914, Inc. 6,048,000 17,255,000 * "Decrease. Individual Deposits. P. C. of Atlanta, Sept. 1904, Mch. 1914, Inc. \$1,251,000 18,351,000 129 Dallas, Sept. 1904, Mch. 1914, Inc. 1,945,000 16,857,000 * "Decrease. "The loans and discounts in the national banks of New Orleans at the time of the report, March 4, 1914, were less than those of the national banks of either Atlanta or Dallas. "Banks of Virginia. "By tables the committee shows that the capital and surplus, individual deposits and loans and discounts of the national banks of Virginia exceed those of the national banks of Richmond, largely surpassing the national banks of Maryland, including Baltimore. "The capital and surplus of Virginia national banks, it said, "are 50 per cent greater than the capital and surplus of the national banks of the states of Louisiana and Mississippi combined, including the national banks of Texas, while the loans and discounts by the national banks of Virginia are more than three times as great as the loans and discounts in the national banks of Louisiana, including New Orleans. "While the capital and surplus of the national banks of Georgia exceed those of the national banks of Louisiana and Mississippi combined, including the national banks of Texas, the loans and discounts made by the national banks of Georgia exceed by \$1,000,000 the loans and discounts of all the national banks of Louisiana and Mississippi combined, including the national banks of Texas. "The capital and surplus of the national banks of Texas amount to four times as much as the capital and surplus of the national banks of the states of Louisiana and Mississippi combined, and the individual deposits of the national banks of Texas also amount to about four times as much as the individual deposits of the national banks of Louisiana and Mississippi. The only states from which New Orleans received as many as three times as many first choice votes for the location of a federal reserve bank. Selection of Richmond. "In defending its selection of Richmond rather than Baltimore or Washington, the committee said in part: "North Carolina, South Carolina and Virginia preferred to be connected with Richmond. West Virginia was divided in its preferences; Maryland and the District of Columbia, of course, desired Baltimore or Washington. In a poll of banks made directly by the comptroller's office, Richmond received more first choice votes than any other city in the district, 167 against 128 for Baltimore, 35 for Pittsburgh, 28 for Columbus, S. C., 27 for Cincinnati, 27 for Washington, D. C. Of the remaining 31 votes, 19 were for Charlotte, N. C. and for New Orleans. "The states of Maryland and Virginia, Richmond received from the rest of the district three times as many first choice votes as were cast for Baltimore. "District No. 5 is composed of the states of Maryland, Virginia, West Virginia (except four counties), North and South Carolina, and the District of Columbia. These states have always been closely bound together, commercially and financially, and the business dealings are large and intimate. The reports made to the comptroller of the currency on March 4, 1914, show in every essential respect that the business of the national banks in Virginia, including Richmond, is greater than the business of the national banks of Maryland, including Baltimore, or any other of the states embraced in District No. 5. "Especially significant are the following statistics, showing the increase in capital and surplus, loans and discounts, and individual deposits of national banks in the three cities named: Capital and Surplus. P. C. of CITY. Sept. 1904, Mch. 1914, Inc. Richmond, Sept. 1904, Mch. 1914, Inc. \$3,415,000 \$11,314,252 138 Washington, Sept. 1904, Mch. 1914, Inc. 25,732,000 25,405,000 5 Baltimore, Sept. 1904, Mch. 1914, Inc. 18,262,000 18,265,000 5 New Orleans, Sept. 1904, Mch. 1914, Inc. 5,250,000 6,750,000 * "Decrease. STATE'S RESOURCES SHOWN BY HARRIS Georgia's Income Bearing Property Exceeded Only by Massachusetts, Minnesota, New York and Texas. Washington, April 10.—(Special.)—William J. Harris, director of the census, made public today an advance report on the state of Georgia's debt and taxation figures. If the value of the Western and Atlantic railroad, fixed at \$90,000,000 in the comptroller general's report for 1912, is taken into consideration, the census bureau shows the state's income bearing property far exceeds its \$7,000,000 of bonded indebtedness. The report continues: "In the entire United States the only states having a larger amount of revenue-producing property or securities comparable to this item of Georgia's are Massachusetts, which has \$46,000,000 in this class; Minnesota, which has \$27,000,000; New York, which has \$30,000,000; and Texas, which has \$38,000,000. "This item, of course, does not include public buildings owned by states or by state institutions. "In 1880 the total debt of Georgia, at the close of the fiscal year September 30, was \$9,918,000; in 1913 it had been reduced to \$6,934,000. The population of the state increased from 1,542,500 in 1880 to 2,697,000 in 1913. In 1880 the per capita debt was \$6.42, decreasing annually to \$2.57 in 1913. In contrast with the state of Georgia we find that the entire debt (less sinking fund assets) for the forty-eight states the per capita debt according to the latest reports is \$3.52.

STATE FRUIT CROP NOT HURT BY COLD

Danger to Georgia Peach Now Seems to Be Thing of Past—Crop Safe, Says Worsham.

So far as can be learned, the fruit crop of Georgia passed safely through the cold weather of Wednesday and Thursday nights, and the danger now seems to be a thing of the past.

According to reports, the frost predicted for Thursday night did not materialize. A fair and warmer weather is expected from this time on.

State Entomologist Lee Worsham stated Friday that, from all reports he had received, the peach crop from this point on south was safe. As to the northern section of the state, he was not so certain.

In sections where the weather was severe Thursday smudges were kept burning during the day and night. This helped minimize the danger.

It will be a day or two before the reports from all sections come in and the real condition of the crop is made known.

H. D. Marks, manager of the Georgia Fruit exchange, stated Friday that he thought all danger had passed.

Macon, Ga., April 10—Advices received in Macon this morning from Fort Valley and Marshallville are to the effect that very little if any damage was done to the peach crop last night. The weather was cold, but no damage to fruits or vegetables in south Florida.

Leading orchard owners express the opinion, however, that no damage has been done, and that any Georgia will produce a record-breaking crop.

No Damage Around Augusta. Augusta, Ga., April 10—The fruit crop was not damaged in this section of the state by the cold last night. The official record at the local weather bureau office showed that the lowest temperature during the night was 40 degrees.

Two of the largest fruit growers in this section stated this morning that their crops were not injured at all. There was a brisk wind during the night.

Florida Fruit Safe. Tampa, Fla., April 10—The minimum temperature in this section this morning was 59 degrees. The expected cold wave did not develop, a gentle rain falling throughout the day. No damage to fruits or vegetables in south Florida.

The Ocala-Gainesville section was visited by a hailstorm yesterday afternoon, with some damage to fruits and field crops.

Missouri Crop Badly Hurt. Springfield, Mo., April 10—Leading horticulturists of the Ozark fruit belt today said the freezing temperatures of the last three nights had damaged the peach crop \$20,000. Much damage was done also to other fruits, the experts said. The minimum temperature today was 23 degrees.

Little Damage Done in South Carolina. Columbia, S. C., April 10—Although light frosts were reported during the night from various sections of South Carolina, little damage resulted to fruit.

Floyd Orchards Unhurt. Rome, Ga., April 10—(Special)—The frost cold weather here has passed without any serious damage to the orchards and gardens of Floyd county. There was a slight frost, but precautionary measures prevented any permanent injury.

No Damage at Dawson. Dawson, Ga., April 10—(Special)—Frost throughout this county last night, but no perceptible damage was done to crops—vegetables or fruits.

Ice Around Marietta. Marietta, Ga., April 10—(Special)—Fruit growers here think the crop not materially hurt by Friday morning's cold. Frost was light, and there was some ice. The thermometer went down to 34 degrees.

Little Damage at Calhoun. Calhoun, Ga., April 10—(Special)—The fears which were held in this section for the safety of the peach crop were unrealized when last night passed without any frost or freezing temperature except in the low-lying districts and river bottoms.

Fruit growers are of the opinion that the crop has suffered exceedingly slight damage, if any at all, and there is a general feeling of relief that the threatened destruction of what appears to be a very promising fruit crop has not come about.

1,200 VOTERS ASK CHEAPER GAS PROBE

Petition Urging \$5,000 Appropriation Goes to Council at Next Meeting.

One petition to which there are 1,200 signatures of voters attached is in the hands of the Gas Consumers' league to be filed with council at the first step towards forcing the Atlanta Gas Light company to reduce its rate from \$1 per thousand feet to 80 cents.

City Electrician R. C. Turner, one of the leaders in the campaign to bring about a reduction of the rate on gas, stated Friday that the petitions will be placed in the hands of council at the next meeting. The petitions will contain the names of one-tenth of the voters registered in 1913 which is the number required by the recently enacted initiative and referendum amendment to the city charter. The petitions urge council to appropriate \$5,000 for the use of the Georgia railroad commission to make an investigation of the gas situation in Atlanta with a view of forcing down the rate to 80 cents.

S. A. Wright, president of the Georgia Railway and Power company, and head of the gas company, takes the stand that the company cannot reduce its rate because of the high prices of coal and oil. He says that in other cities where the rate is lower than \$1 per 1,000 feet the manufacturers get a 10 per cent rate on coal and oil.

WOMEN'S VOTES HELP "DRYS" IN ILLINOIS

Chicago, April 10—Four more Illinois counties and twenty-five additional cities and towns will be the scenes of wet and dry elections on April 21. An effort to prevent the closing of the saloons in many of the cities, villages and townships which voted dry at the local option elections last Tuesday until after the supreme court passes on the constitutionality of the women's suffrage act will be made by the wets, it was announced today. Complete returns from Tuesday's elections, indicated that the votes of the women were responsible for many of the dry victories. The supreme court will pass on the constitutionality of the suffrage act sometime before the first of May.

WE have been selling the new Encyclopaedia Britannica, at an extremely low Introductory Price. For the last several months we have been warning the public that this introductory price would soon be withdrawn, and the real value price would be inaugurated.

The Day has been Set

We are now in receipt of instructions from the publishers, the University Press of Cambridge (England), that on May 28th the price must positively be advanced. This means an increase of from \$29 to \$50 per set, according to the style of binding.

The Encyclopaedia Britannica is universally recognized as the most complete storehouse of the world's knowledge ever gathered together. It is the resort of all scholars, teachers, thinkers and workers whenever information and facts are required by them. It is the court of last resort in research work. It is the invaluable possession of the foremost libraries, universities, colleges, schools, laboratories, newspapers, magazines, literary men, manufacturers, students, and of the wide-awake men of every calling. The new 11th Edition embodies the most recent scientific knowledge of the day. It is unique and unrivaled in this respect as in many others.

To bring out the present new 11th Edition has required the investment of \$1,500,000 before a single page was printed. The most eminent scholars and authorities on every known subject, have contributed to its 28,000 pages of text, which treat of every conceivable subject or fact of human or special interest. There is no other book like it in the world to-day—none so helpful to any man or woman, to any boy or girl who wishes to rise above the dead level of average ability. The world today pays its biggest rewards to those who know. To be able to get the facts quickly and easily, to get authoritative information at first hand, those who know books instinctively turn to the Encyclopaedia Britannica. People go to it to verify what they have read elsewhere.

The Encyclopaedia Britannica

(11th Edition)

is published as a book of world knowledge for all people. In order to popularize it quickly, the publishers offered it at an introductory price so low, and on terms so reasonable, that people in all walks of life could easily avail themselves of this wonderful library. More than 8,000 men and women have seized this rare opportunity.

The new Britannica has been purchased by rich and poor alike. Never before has an Encyclopaedia been so universally needed, because this is the age of remarkable advances in every field of learning. The people of America value knowledge as they have never before valued it, because knowledge is recognized as the only highway to self-betterment and success. And the new Britannica has been accepted as the most complete and easily available fountain of facts in existence.

May 28th the Present Price will be Advanced \$29 to \$50

Those to whom the saving of \$29 or \$50 is a practical economy, should not delay. To wait till after the 28th of May will be actually throwing away \$29 or more. To save thousands of ultimate buyers this amount, we are giving the widest possible publicity—throughout the whole country—to the impending increase in the price. By ordering today you can have the complete edition of 29 volumes delivered at once.

For people of limited means we have a plan that requires the first payment of

Only \$5.00

the balance can be paid in 4, 8 or 12 instalments on a monthly basis of \$5 a month.

Very soon we shall be out of stock. The sales have more than doubled within a month, and the sets now available for immediate delivery are being called for by those who see the advantage of Ordering at Once. To get one of these sets you must decide very quickly. If you wait until the 27th or 28th of May you will still secure the Britannica at its present price, and the option of the monthly payment plan, but you will then have to accept delivery "As soon as possible."

Below we print two application forms. For those who know the Encyclopaedia Britannica by reputation there is an order blank which we suggest that you fill in at once, and mail to us with a check or cash payment of \$5.00. This will reserve a set for immediate delivery.

For those unacquainted with the Britannica, but who wish further facts about it, we print an inquiry blank, which properly filled in, will bring you our large and handsome prospectus, showing sample pages and the new and greatly superior style of bookmaking, in which this 11th Edition is put out.

The Encyclopaedia Britannica, 120 West 32d St., New York.

Please reserve for me a set of the Encyclopaedia Britannica and send me an order form which shows the full prices and terms. I will return same, signed, promptly.

AFTER LONG ILLNESS ELMER CHAPMAN DIES

Well-Known Citizen and Retired Merchant Leaves Ample Estate.

Elmer C. Chapman died at a private sanitarium in Atlanta at noon Friday. He, with his family, had returned to the city on March 29 from Florida, where he had been in January in search of health, but not at all improved. His death was caused by several complications, but principally heart trouble. Mr. Chapman had been in failing health for several years and had practically retired from business. He was a capitalist and leaves an ample estate, besides the Gould building, which he had charge of for many years until his only son, Erastus Gould Chapman, reached his majority last year, and which has since been leased for a number of years.

Mr. Chapman was born in the town of Phoenix, in the state of New York, in the year 1856, where he spent his boyhood days until he became a partner with his father, Constant C. Chapman. In the year 1875 he was married to Miss Lillian J. Gould in Saginaw, Mich., the only daughter of the late Erastus J. Gould, who was a large lumber and salt merchant at that time and with whom Mr. Chapman became associated in business.

In 1884 Mr. Gould came to the south to live and located upon Atlanta as the most inviting from the standpoint of health and opportunity for investment. Shortly afterwards Mr. and Mrs. Chapman joined him here. In 1886 Mr. Gould erected the office building known as the Gould building, being the first office building of its size erected in the city. Mr. Chapman also erected the handsome residence situated on Elizabeth street, in Inman Park, which was then just being opened up as a residence district, the house for a long time being known as the "marble house," where Mr. Chapman and his family have resided when in Atlanta. Mr. Chapman and his family have spent a great deal of their time in Los Angeles, Cal., since they first moved to Atlanta.

OPERA SEAT SALE IS LARGEST ON RECORD

Harvey Johnson, Business Manager of Festival Association, Makes Gratifying Report.

"The sale of tickets outside Atlanta and outside Georgia for Metropolitan grand opera this year is exceeding all past seasons," said Business Manager Harvey Johnson of the Atlanta Music Festival association Friday morning.

"Not only are we selling a great many more tickets, but we are going into territory which we have not reached in previous years. We have a number of orders, for instance, from Virginia and from Kentucky. In fact, the audience this year will be represented by all the southern states. The largest crowd we have ever had will be up from New Orleans, and there will be parties from many other cities in Louisiana and Mississippi.

WARMER WEATHER WILL NOW PREVAIL, SAYS FORECASTER

Following is the weather forecast for Atlanta: Warmer weather will now prevail, and all danger from frost is passed. East to southeast winds will prevail with increasing cloudiness, but without precipitation. The outlook for Sunday is not altogether favorable, but the day is likely to be more or less cloudy and threatening but with warm southerly winds.

PRICE OF CRUDE OIL IS SLIGHTLY REDUCED

Bartlesville, Okla., April 10.—Announcement was made here today that the pipe line companies in the Oklahoma-Kansas fields had reduced the price of crude oil from \$1 to 95 cents per barrel. This is the second reduction of 5 cents made by those companies in the present week.

Labor Delegates Chosen

Rome, Ga., April 10.—(Special.)—The labor unions of Rome have chosen their delegates to the State Federation of Labor, which will meet in Macon on April 15. The delegates from Rome will be as follows: R. C. Brooks from the Central Labor Union, E. P. Anderson and W. T. Kerr from the Moulders Union, T. S. Deering from the Typographical Union, and Mrs. E. P. Anderson from the Ladies' Label League.

New Thomasville School

Thomasville, Ga., April 10.—(Special.)—The tract of land known as Fallette Heights has been purchased for the erection of the new school building for Thomasville, the city of Thomasville assuming the title to the property and formally tendering it to the board of education for school purposes. It is expected that work on the building will begin at an early date and it will be completed in time for the fall opening of the schools.

"BOTTLE NECK" WORK NEARING COMPLETION

Good Weather Has Aided the Construction Department in Its Efforts.

Within the next ten days the widening of the "bottle neck" of Peachtree from Carnegie Way to Ellis Street, which council appropriated \$11,000, will be completed. The work has progressed far more rapidly than the construction department anticipated because of the exceptionally good weather, and at the present time the street presents a splendid appearance.

CITY HALL PEOPLE SORE OVER FAILURE OF DECORATION PLAN

City hall folks are wrought up over the failure of the aldermanic board to sustain council's approval of an appropriation of \$1,200 passed for the purpose of installing an electric display on the city hall for Shiner's week. Councilman S. L. Dallas, chairman of the building and grounds committee of council, with the aid of City Electrician Turner and Custodian Shearer, submitted elaborate plans for a permanent decoration, and succeeded in getting council to pass up an appropriation of \$1,200. The aldermanic board killed the appropriation because there was not \$1,200 in the contingent fund to spend for decorations. Now, city hall will be half-dressed, according to Councilman Dallas. He made the statement Friday that the city hall will be the cheapest-looking building in Atlanta during the Shiner's week.

SCULPTOR COMPLETES HAY MONUMENT MODEL

New York, April 10.—James E. Frazer, sculptor, has completed his clay model for the monument to John Hay, which will be erected by the Hay family in Lake View cemetery, Cleveland, Ohio, in memory of the diplomat and statesman who was secretary of state. The memorial is being carved in stone and will be placed over the grave late in the spring. Near the grave are the James A. Garfield memorial and the Rockefeller mausoleum. The figure, which unites strength with grace, stands with arms folded on a pillar across which is laid a heavy wreath of olive and oak leaves, the ability of Mr. Hay. The head, covered with a Greek helmet, is bent in meditation, and the impression is that of strength held in perfect control by judgment.

"Skimming through the air like a swallow flew the airship, the rapid vibrations of the engine beating a tattoo on the heart of the excited girl, who was urging the aviator to increased speed—a speed which had already almost attained the danger point. Out over the waters of the blue Pacific they shot, the excited girl always pointing in the direction of the volume of smoke, marking the passage of the fast out-going liner carrying with it the secret that would clear up the mystery, restore a lover to his rank and remove the stain from the character of a devoted father."

Lucille has persuaded Harley, the Government aviator, to take her in the airship in pursuit of the Pacific Liner Empress sailing away with Hugo Loebogque, the arch-spy, in whose hands are the state papers which she must recover in order to save her lover's honor.

MAN KILLED IN SHAFT WAS MUCHLY MARRIED

Murder Theory Abandoned When Coroner's Jury Hears Evidence of Accident.

That J. M. Rowe, the man found dead Thursday morning in the bottom of the freight elevator shaft of the Emory street building, on the Peachtree viaduct, and declared Friday morning by a coroner's verdict to have met his death by an accidental fall through the shaft, had many wives developed Friday when a woman, known to her neighbors as Mrs. Lela Burton, and living at 441 Fraser street, declared that she was married to Rowe in March, 1912, in the city of Atlanta.

The second, or possibly the third, Mrs. Rowe, said Thursday: "My name was Mrs. Lela Burton before I married Mr. Rowe, never before divorced from him, but I have no interest whatever in him. I am sorry he got into a course for he was an intellectual man ruined by drink. I gave him his choice between a home with me and no home with liquor. He chose the latter and I have not seen him since."

\$200,000 INSURANCE CARRIED BY MCKENZIE

In Addition, His Estate is Reported Valued at Approximately \$500,000.

A five-hundred-thousand-dollar estate and two hundred thousand dollars' worth of life insurance are said to have been left by William M. McKenzie, the capitalist, who died Tuesday. The will was not yet probated.

It is said that Mr. McKenzie carried more life insurance than any man in Atlanta. His property holdings included stock in several important business concerns, the site of the Fairliegar apartments on Peachtree street, a long-term lease on the Silver building, and the McKenzie residence in Brookwood.

TREASURER DEFENDS SALE OF MASS. BONDS

Boston, April 10.—In defense of his recent sale of an issue of \$6,000,000 state bonds "over the counter" rather than through a syndicate of bankers, State Treasurer E. W. Mansfield said in a public statement today that the net loss to the state was \$75 compared with the last bond sale under the old methods.

NO PEACE DECLARED BY SMITH AND BELL

Fact That Representative's Nominees Have Been Confirmed No Evidence That They Have Buried Hatchet

By John Corrigan, Jr. Washington, April 10.—(Special.)—The fact that two nominations of presidential postmasters in the ninth district made by Representative Thomas M. Bell recently have been approved by the postoffice department and sent to the senate, is not to be construed as evidence that Senator Hoke Smith and Representative Bell have resumed friendly relations.

LOVE OF STEPPAUGHTER MADE HIM MURDER WIFE

Galesburg, Ill., April 10.—Robert Higgins today pleaded guilty to the murder of his wife, whom it is charged he shot to death because of his love for Julia Flake, his stepdaughter. Miss Flake was not arraigned for her part in the crime, although she had written letters to an uncle and his son requesting to support her mother. Owing to her youth and the influence exerted by Higgins it was decided that she was not criminally at fault.

RURAL CREDITS.

Joel Hurt, of Atlanta, capitalist and student of financial and economic conditions of southwide scope, contributes elsewhere significant comment upon the beneficial industrial, commercial and agricultural revolution we may expect with the materialization of rural credits.

Mr. Hurt corroborates the contention of The Constitution, many times reiterated, that for fifty years the producing class of this country has had to fight the stagnating influence of discrimination in the matter of credit conditions.

THE MOON AND THE PEACH.

Reports indicate that Georgia's peach crop has escaped destruction or impairment from frost by the skin of the teeth, or the peach, begging pardon for the twisted epigram.

When the belated ante-Easter blizzard came raging down from the Alaskan ice fields, many orchard men threw up their hands in token of surrender and began to get busy with their profit and loss columns.

So, although the safe emergence of the Georgia peach drives the paragraphs to fields more fertile, the orchardists and Georgians generally will rejoice that this auspicious and profitable fruit has negotiated the shoals and narrows of the season into the promise of a noble maturity.

THE MEAT EMBARGO.

The Brooks County Industrial club, organized in the home of the famous "Brooks county hams," in common with representatives of small cattle, hog and sheep raisers from other Georgia communities, are protesting against Atlanta's somewhat inflexible meat inspection law.

SINGLE OPERA TICKETS.

Just as all records for season ticket grand opera sales were this year broken, so all records for sales to individual operas have been broken.

HENDERSON--GOOD WORKMAN

The death of W. F. Henderson, newspaper cartoonist and artist, is more than a casual loss to readers of dailies in Georgia and other southern states.

THE INHERITANCE TAX.

The state of Minnesota has just collected \$82,538 from the estate of the late Charles G. Gates, under its inheritance tax law.

There is an inheritance tax, reasonable and conservative, on the statute books of Georgia and this year it should make a substantial contribution to the chronically depleted treasury of the state.

What are the ordinary of the various counties doing about the enforcement of the law? We assume they are on the job, keeping their eyes peeled to the end that the state may receive its dues, and the burdens of the general taxpayers be lightened by relief from this direction.

An inheritance tax is the fairest of all taxes. The person from whose estate it is subtracted does not feel it, since it is operative only at death.

Joel Hurt Shows How Light Dawns for Farmer In Rural Credit Plan

Editor Constitution: Allow me to mention a matter which seems to me to deserve more than a casual notice. I refer to what seems to me an approaching revolution in the interest of farmers of this country.

There is every reason why the fundamental and sustaining class of our population should be put upon an equal plane with other classes of citizens.

We are in the age of revolutions in domestic economies. We have rural free delivery, the greatest boon extended to the farmer in recent years; we have telephones, reaching now to every community; we are getting better roads through the farming districts, and the work in this line is just begun.

Another Cobb County Echo. WANTED TO GOVERNOR SLATON. Another echo of the recent Cobb county executive committee meeting, at which a resolution was passed calling on Governor Slaton to resign, has come to the executive office in the form of a letter from Robert H. Barnes, of Powder Springs, a member of the committee who was absent when the meeting was held.

DAILY GRIST STATE'S POLITICAL GRIND

JUDGE THOMAS STRONGLY ROOMED FOR GOVERNOR BY SOUTH GEORGIA. Of those spoken of as candidates for governor, and you can hear scores of names if you listen at all closely, the name one hears most often these days is that of Judge W. E. Thomas, of Valdosta.

Judge Thomas is not only strong in south Georgia, but has friends all over the state who are anxious to see him make the race. Judge Thomas has presided over the superior courts here in Atlanta of more than any other judge now on the bench in the state, and he has been more warmly commended than any other man who has ever presided here temporarily.

White Judge Thomas is a man of liberal views, he was prominently identified with the several prohibition movements in his county, and took a prominent part in the fights held over the question. It is thought that Judge Thomas will make a definite statement of his intentions within the next few days.

The crop of candidates, or rather prospective candidates, is steadily growing. The latest name to be mentioned in this connection is that of Barry Wright, of Rome. Mr. Wright said to be seriously considering the race, and it was not surprising his friends to hear of his announcement.

C. Murphy Candler, chairman of the railroad commission, can be looked upon as a strong possibility. He is known to be considering an announcement. He stated Friday that he had that day received letters from eleven different counties in various parts of the state urging him to run. Several of these letters were from men he does not know personally.

It is expected that within six weeks the full crop of gubernatorial candidates will have made their announcements. From present prospects, there will be at least half a dozen—perhaps more—in the race. How many of these will think their chances worth the \$250 entry fee and continue in the race after August 1, when the entry fee must be paid, is a question to be determined by future events.

Another echo of the recent Cobb county executive committee meeting, at which a resolution was passed calling on Governor Slaton to resign, has come to the executive office in the form of a letter from Robert H. Barnes, of Powder Springs, a member of the committee who was absent when the meeting was held.

is, is to become a candidate. Judge Quincy has notified his friends that he will decide at the next meeting definitely whether or not he is to become a candidate. Congressman Walker is offering for re-election, and it is understood that Hon. J. W. Conover, of Valdosta, may also be a candidate.

Judge F. Willis Dart, of Douglas, is chairman of the executive committee. It is expected that all counties in the district will be represented.

SEVERAL WARM CONTESTS FOR BROOKS COUNTY OFFICES. Quitman, Ga., April 10.—(Special)—The political pot has been boiling in real earnest during the past few days. W. Hope Thomas' entry in the race for clerk of the court, opposing Clerk W. R. Knight, has created widespread interest throughout the county.

Much surprise was caused by the announcement appearing in this week's Quitman Advertiser to the effect that W. H. Patrick, of the Briggs district, would contest J. H. Malloy's right to succeed S. S. East as county auditor. It is understood that Quitman and Briggs districts. Much interest is still manifested in the sheriff's race of the county. Former Sheriff A. J. Conoly is opposing the incumbent, J. F. Wade.

VERY LITTLE DOING IN THE POLITICAL LINE IN LAURENS. Dublin, Ga., April 10.—(Special)—Local politics is not being agitated much at this time, due principally to the long time before the state primary. The race for representative and senator will probably furnish the most excitement outside of the governor's race and the campaign for United States senator.

So far there are three candidates in prospect for the legislature from Laurens. W. E. Coleman, present representative, will stand for re-election, it is understood; R. Earl Camp, a prominent attorney of this city, will be in the race against the incumbent; and J. W. Taylor, one of the present representatives from Laurens, who is serving his second term, states that he will not be in the race for re-election.

A municipal election will be held in Dublin this spring for the purpose of electing three aldermen from the city-at-large.

FULLBRIGHT MAY BE IN RACE FOR SPEAKER OF THE HOUSE. Waynesboro, Ga., April 10.—(Special)—Hon. Henry J. Fullbright, who has represented Burke county in the house of representatives for the last two terms, is seriously considering making the race with a view of being a candidate for the speakership.

Friends throughout the state have implored him to be a candidate for the position of attorney general, but, as there are already two avowed candidates for this place, he did not take this seriously. Many friends have also asked him to be a candidate against Judge Henry Hammond, who is at present the judge of this circuit.

Mr. Fullbright's friends here feel that the position of speaker in the house of representatives is a most desirable one, and his experience in the house especially fits him for the place.

COLENT OFFICERS TO BE CHOSEN BY VOTERS OF GORDON TODAY. Calhoun, Ga., April 10.—(Special)—Tomorrow the voting of the county executive candidates for county offices will be settled by the voters of Gordon county.

Chief interest is centered around the race for county treasurer, between L. D. Neal, who seeks re-election, and M. Moss, who was defeated by small margins in the last two races.

The other candidates are: For clerk of superior court, J. M. Benson, W. O. Lewis, H. J. Hoff, for assessor, J. H. and J. Owen; for tax receiver, J. D. Dorsey, C. W. Edwards, J. A. Fite, J. H. Gordon, W. L. Murphy, Claude Vandryke, J. R. Waldrip and C. T. Watts; for tax collector, O. A. Mims; for county surveyor, Z. A. Hewitt and W. W. Worley; for coroner, W. S. Childs and W. R. Fox; for county commissioners, A. M. Graham, W. H. Hardy, E. P. McEntire, B. S. Posner, R. Ford and W. L. Swain.

The voters are having an opportunity to state whether or not they favor the proposed new county of Tate, which would take a large slice of territory from Gordon. This latter question will be bitterly contested at the forthcoming session of the Georgia legislature.

Interurban Market Service for Chicago. (From The Electrical Railway Journal.) The Chicago city council has authorized the mayor to appoint a commission to investigate market conditions in Chicago. Representatives of the interurban roads entering the city were invited to advise the commission of the possibility of shipping food stuffs by the interurban lines. Each representative outlined the possibilities of taking advantage of electric railways to improve Chicago's market conditions. The commission is reviewing data and expects to report to the city council in the near future.

Alderman Kelley succeeded in getting council to appropriate \$15,000 for Pryor street, and Councilman Knight secured \$10,000 from the county with the assurance that the work will be started just as soon as the property owners declare that all adjustments have been made.

St. Paul's Is Preparing For Old-Time Revival Which Opens April 17

Easter Sunday will be made a great rally day at St. Paul's Methodist Episcopal church, in preparation for the big old-time revival which St. Paul's and Trinity church are going to hold jointly, April 17 to 24, inclusive, according to an announcement made yesterday by Rev. Dr. B. F. Fraser, pastor of St. Paul's.

The St. Paul's church proper and the Sunday school will combine forces for the Easter rally. There will be a special sermon, special music and reception of new members into the church. "It is a source of profound gratification to me and to Dr. L. G. Johnson of Trinity Methodist church, who is co-operating with St. Paul's for this joint revival that we have been able to secure the aid of some of the greatest preachers of this continent," said Dr. Fraser.

"Such men as Bishop John C. Kilgo, of North Carolina; Dr. C. L. Goodell, of Bible conference fame; Dr. Plato Durham, Dr. S. A. Steel, will need no introduction to an Atlanta audience and will need none to a Christian audience anywhere on this continent. Their magnificent work for the uplift of humanity stands out conspicuously.

Bishop Kilgo and Dr. G. L. Johnson will arrive Friday of next week. On Friday night Dr. Kilgo will open the revival at St. Paul's church and Dr. Johnson at Trinity. Night services will be held regularly from that date on until April 24 at both churches. Among the special meetings on Sunday, April 19, will be a meeting at St. Paul's for men only, at which Bishop Kilgo will speak.

TIGERS, JACKETS AND CRACKERS VICTORS

Crackers Outhit Hustlers In Hard-Hitting Contest; Last Practice Game Today

By Dick Jensen. The Crackers and Hustlers engaged in another free-hitting contest Friday afternoon with the local crack...

The locals connected for fifteen safe singles, for twenty-one bases, while the Hustlers got eleven singles during the nine innings, for twelve bases.

Every Cracker got a hit but Pitcher Price, who worked the last two innings for the locals. Reynolds and McConnell were each Ebel and Holland two each, and the rest one.

Reynolds had a triple in his three, and McConnell a circuit smash. Every Hustler got a hit but the second pitcher and left fielder Smith.

The Crackers played errorless ball, while the Hustlers only made one bobble.

Star Fielding. Morley Jennings, Tommy Long and Roland Barrows contributed the feature of the day.

Jennings robbed Schultz of a line drive hit by jumping into the air sideways in the field.

Barrows, who was in the line, counted by robbing Jennings of an extra base out in deep center. Long's one-man steal stole a hit from Barrows in the sixth.

There were many bright spots to the game, but chief from an Atlanta viewpoint is the blue and slugging the baseball. Everyone has on their hitting clothes, and they are pecking away at all.

It is also possible that Dent and Browning, the two logical choices for the opening day pitching assignment, may divide the game. The contest will start promptly at 3 o'clock.

The Box Score. ROCHESTER—ab. r. h. po. a. e. McMillan, ss. 5 1 1 2 4 0 Breen, 2b. 5 1 2 2 5 0 Barrows, cf. 4 0 1 7 1 0

CLEMSON DEFEATS MERCER BAPTISTS

Tigers Spring Batting Rally in the Tenth Inning, Scoring Four Runs—Webb's Work Is the Feature.

By Dick Jensen. The way every one in Atlanta is lining up behind the opening day attendance project to see for Atlanta the largest paid attendance on the opening day of the season bespeaks ill for all the other cities in the race.

Macon, Ga., April 10.—(Special.)—The college baseball season was opened in Macon by the Clemson Tigers by the scoring of 7 to 3 in a ten-inning battle.

The feature of the game from the standpoint of Clemson was the fielding of Hutto and Webb, together with the hitting of Webb. For Mercer, Hunt pitched brilliant ball at all times, but weakened badly in the tenth.

The team will dress up in their new white uniforms which are the handsomest set of uniforms that the local club has ever boasted of.

Blue caps and stockings and a huge letter "C" on the left breast make up the combination. The road uniforms are similar, being gray, with the word "Clemson" on the left breast.

Jack Doscher will probably twirl the game this afternoon, though Elliott Courteney, who is scheduled to twirl the opener against Nashville, may work a few innings to give his arm a try-out.

It is also possible that Dent and Browning, the two logical choices for the opening day pitching assignment, may divide the game. The contest will start promptly at 3 o'clock.

Declamation Medal At Tech High School Won by H. N. Cobb

The declamation medal offered at the annual exercises of the Sidney Lanier Literary and Debating society of the Tech high school, held Friday at the Girls' High school, was captured by H. N. Cobb. Mr. Cobb chose for his subject, "Womer." It was explained that the judges, all being married men, were afraid, in consequence, to award the medal to anyone whose oration mentioned was won by E. D. Czintz, who gave Voorrees' "Defense of John E. Cook."

The program was as follows: Chairman of Exercises—Donald Thomas, president senior class. Music—Wurm's orchestra. Selection—Tech High Glee club. "The Stricken South," Grady—W. R. Bedell, second grade. "Emmett's Last Speech," Emmett—E. C. Hyde, second grade. "Women," Titos—H. N. Cobb, second grade. Music—Wurm's orchestra. Selection—Tech High Glee club. "Memorial Day Address at Gettysburg," Hefflin—W. B. Hancock, fourth grade. "The Defense of John E. Cook Against John Brown," Voorrees—E. D. Czintz, third grade. "America's Mission," Bryan—J. N. McEachern, first grade. Music—Wurm's orchestra. Selection—Tech High Glee club. Award of medal.

One object of the exercises was to select the high school at the inter-pret contest to be held next Friday night. This distinction goes, of course, to Cobb and Czintz.

Camilla Meet. Pelham, Ga., April 10.—(Special.)—The following were the winners in the literary contest in the second district high school meet at Camilla last night.

Music—First place, Miss Vera Inman, Albany; second place, Miss Gladys Dupress, Sylvester; third place, Miss Willie Campbell, Camilla.

Declamation—First place, Robert Roddenberry, Moultrie; second place, Alex Mitchell, Thomasville; third place, Benoit Spencer, Camilla.

The athletic contest did not close until late this evening, and the result could not be learned until this morning. Eight schools were represented in the meet.

The next meeting goes to Thomasville.

PRICE IS OPPOSED TO MEAT ORDINANCE

Secretary of Agriculture Thinks It Would Work a Hardship on the Cattle Raisers of the State.

James D. Price, commissioner of agriculture, is heartily in accord with the action of the citizens of Brooks county protesting against the proposed ordinance regulating the shipment of meat to Atlanta. Mr. Price thinks the ordinance would militate against the farmers of Georgia and would increase the cost of meat to the consumer.

"The agricultural department has been making a crusade against the killing of animals for food purposes, and while I am free to say that the ordinance is a step in the right direction, it should be amended. I am glad to say that not a town has outstepped its bounds in this respect. I am willing to co-operate with you, and these towns are passing such ordinances as will not interfere with the raising of these animals without working hardships on the farmer."

"They are doing this by having a competent meat inspector to look over the animals before they are shipped to Atlanta, and to inspect the meat before it is shipped. Then, if the inspector finds the meat to be of good quality, he issues a permit for it to be shipped. This way I don't see why it would be necessary to have a meat inspector at Atlanta. It would give the very people that we are endeavoring to protect a chance to raise more hogs and more cattle and have a market for their products as it now stands. It is not fair to the farmer who could ship as much as a carload of hogs or cattle, and who could very easily ship one or two hogs or beef. In my opinion, such an ordinance would be much better if it were so amended that it should be applied to all other states. It is not fair to the farmer of Georgia by offering him a market for his meat, requiring him to have a meat inspector at Atlanta."

"It looks to me like the great city of Atlanta should encourage the raising of hogs and cattle in Georgia, but I cannot see how such an ordinance as the one referred to would help the farmer in the least to do this."

"This is not written with an idea of criticism, but I think the ordinance as it stands should not pass such an ordinance as would discourage an industry which means so much to the state of Georgia, and especially to the farmers of the state."

"Very truly yours,
 J. D. PRICE,
 Commissioner of Agriculture."

Dr. Lingo Gives Bond Pending Probe by Jury Of Red Cross Complaint

Dr. William P. Lingo, superintendent of the Red Cross hospital, 88 Cooper street, arraigned yesterday before United States Commissioner T. W. Elliott charged with using the Red Cross signs, said to be the exclusive insignia or "distinguishing marks of authority" of the American Red Cross society, was asked by the commissioner to give a \$10,000 bond to await action of a federal grand jury. Dr. Lingo made bond immediately.

Four years ago, May 20, 1910, Dr. William P. Lingo and associates were given a charter by the first congress to operate a "Red Cross hospital and training school." Tuesday, Charles Jenkins, director of the Atlanta division of the American Red Cross society, an association given a national charter by the first congress in 1905 and amended June 23, 1910, caused the arrest of Dr. Lingo, charging that he was operating a hospital and training school, was violating the amendment approved June 2, 1910.

Appearing for Dr. Lingo, Attorney Charles T. Hopkins asserted that there could be no violation of the federal statute as the federal law was passed after the Cooper street institution had been authorized by the state courts.

TO MAKE NEW HAVEN BARE ITS SECRETS

Mandamus Proceedings by Commerce Commission to Follow Refusal of Officials to Answer Questions.

Washington, April 10.—Mandamus proceedings to compel the production of books and papers to disclose financial dealings between the New Haven railroad and the Billard company will be started immediately by the interstate commerce commission.

Chief Counsel Folk announced that he would bring the proceedings probably at New Haven. His decision came as the end of a morning of examination of witnesses who refused to answer questions intended to develop evidence regarding the dealings involving millions of dollars. Upon the advice of their attorneys they denied the right of the interstate commerce commission to inquire into the financial affairs between the company and the railroad.

When the hearing adjourned there was a probability that the testimony of Charles S. Mellen, former president of the New Haven system, might be delayed to await the outcome of mandamus proceedings.

Probe Ordered by Senate.

Further inquiry into the financial affairs of the New Haven railroad and the Billard company was ordered by the Senate committee on Commerce and Finance. The committee, under the direction of Commissioner McChord, is being made in compliance with a Senate resolution directing the commission to develop all facts regarding the New Haven's banking connections, the purchase of stock by the railroad, and the emoluments or commission paid for negotiating the various transactions.

Mr. McChord announced that the principal matter to be considered at present was the relations of the Billard company to the financial operations of the New Haven. Walker D. Jones, counsel for the present management of the New Haven, said at the opening that it was the policy of Chairman Elliott and the present management to keep the matter quiet with the commission and furnish all information.

Henry V. Whipple, president of the Merchants National bank of New Haven, Conn., the first to testify, refused to testify as to his business relations with the Billard company. He said he was not now a stockholder in that company, but had been one in the past.

"To whom did you sell your stock in the Billard company?" he was asked.

Declines to Answer.

"I must decline to answer that question because I regard it as an invasion of my personal rights," replied Whipple.

Judge Stoddard, counsel for the New Haven, explained Mr. Whipple's declination to reply.

"I must challenge the right under the jurisdiction of the commission," said he, "to inquire into any act of the Billard company that is beyond the scope of the commission's authority. Acting upon that conclusion we have decided to decline to answer questions that are beyond the scope of the commission's authority. Where there are any relations between the Billard company and the New Haven during your incumbency as treasurer of the Billard company?" Mr. Whipple was asked.

The witness again declined to answer, by advice of counsel.

"Suppose," suggested Chief Counsel Folk, "the commission should be shown that the Billard company owns the New Haven railroad many millions of dollars, do you think that it would be desirable to conceal this fact in view of the desire of the senate for information?"

"I think," interrupted Judge Stoddard, "that the senate resolution has gone beyond the powers of the commission or of congress. Neither the commission nor congress has the power to investigate the relations of the Billard company to the New Haven railroad."

CHILDREN'S HEALTH CENTERS PROPOSED FOR NEW YORK CITY

New York, April 10.—The urgent need in New York city and other populous districts of segregated centers, where children suffering from whooping cough can be cared for, was discussed at a meeting last night of the section on pediatrics of the Academy of Medicine. As a result of the discussion it was unanimously voted by the members to submit to the health commissioner a recommendation that such centers be provided in this city.

Dr. John W. Brannan, president of Bellevue and allied hospitals, said that the meeting from a standpoint of public health was one of the most important held in New York in years.

More than 1,000 children fell victims of the disease in the city last year and many of these, it was contended, could have been saved by proper care. At present only forty are available in the city for urgent cases. The most common cause of the disease is a monetary complication, broncho-pneumonia, carries away a large number of children every year. In many cases it succumb to tuberculosis after their paroxysms attacks he declared to be a downward task.

MAN'S BODY IS DRIVEN 2,000 YARDS THRO' PIPE

Newark, N. J., April 10.—Captain John Hanson, master of a stone barge, was knocked into Newark Bay yesterday in view of the danger of an eminent sand sucking dredge half a mile away, then cast through a 14-inch pipe two thousand yards into the Newark meadows. In passing through the dredge the body was cut into two parts.

The barge, May Madison was being towed from Newark to New York, in passing through the draw of the railroad bridge the joint threw Captain Hanson overboard.

An hour after he had fallen from the barge he was working in the meadows and was surprised to find a man's body shot out of the pipe with the head of the dredge.

The sections formed a complete man's body. In a pocket papers were found, and the body was that of Captain Hanson.

FLORIDA'S CITRUS CROP IS SERIOUSLY DAMAGED

Ocala, Fla., April 10.—Hail and wind storms, accompanied by a sharp drop in temperature, have done many thousands of dollars damage to vegetable and citrus fruit crops throughout central Florida. The damage to grapefruit and tomato fruits suffered most severely. Southern Florida, however, where the weather is generally milder, escaped the northwestern section, where crops were not sufficiently matured to suffer.

The heaviest loss reported was in this immediate section, which was swept by hail and wind of such proportions. Houses were unroofed, windows broken in at several places, and the crops destroyed. The melon crop in this and adjoining counties, comprising the central section of Florida, is believed to be almost a total loss.

MISSION BOARDS PROFIT BY MRS. HENRY'S WILL

Warren, Pa., April 10.—Home and foreign mission activities will profit from the will of Mrs. Henry, a widow, who died here today and left a bequest of an estate valued at \$500,000. The home mission board of the Presbyterian church, the Women's Board of Foreign Missions, and the Board of Home Missions of the United States are each given \$10,000 and \$25,000 is given to the Presbyterian board of Home Missions. The home mission board of the Presbyterian church, at Parkville, Mo., is given \$10,000 and a pension of \$500 a year provided for Fanny Crosby, the hymn composer.

EXPRESS MESSENGER PROBED ON ROBBERY

Little Rock, Ark., April 10.—As a result of the alleged robbery of a baggage car on the Rock Island train last night, William Ahring, express messenger for the United States express company, was closely examined by county and railroad officials today.

"I was on the train from Little Rock last night Ahring was rescued from a trunk in his car, in which, he said, the express messenger had been locked. He was rescued from the trunk and taken to the Little Rock station. According to express company officials at Hot Springs, the express messenger was valued at \$2,000 to \$3,000. No statement of the loss has been given out.

NO CHANGE SHOWN IN ALABAMA RETURNS

Montgomery, Ala., April 10.—An official of the voters' registration state-wide democratic primary was made in each county of Alabama at the election held on Monday. The returns indicated no change in the relative vote of the various candidates for United States senator, national representatives, state, legislative and county offices.

MINERS WILL VOTE ON ENDING STRIKE

Copper Country Locals of Western Federation of Miners Will Decide Matter Sunday by Referendum.

Calumet, Mich., April 10.—Copper country locals of the Western Federation of Miners decided today to take a referendum vote next Sunday on the question of calling off the strike which has been waged here since July 23, 1913.

The action of the locals came after reports of the district officers were submitted to five meetings held in various parts of the strike zone. It was said that the district officers informed the men that no more concessions could be expected from the copper mining industry, and that the union rank and file was to be a substantial eight-hour day and have arranged to bear grievances one each week. Recognition of the union, they said, had been steadfastly refused.

Approved by Federation.

Denver, Colo., April 10.—"The action of the Michigan copper miners to take a referendum vote on ending the strike meets with the approval of the federation officers," declared Charles E. Moyer, president of the Western Federation of Miners. He added:

"The members of the local decided to call for a referendum on the referendum vote. The officers and general federation went to their aid and have done the best they could in its conduct. If the men wish to have the eight-hour day and wage increase, two of their chief demands, and waiving the question of recognition of the union, they have the approval of the general officers. If they vote to continue the strike the federation will support them in that regard."

Mr. Moyer said the operators had advertised a minimum wage of \$3 a day, but that the members of the local had called the strike and had full power to pass on the question of whether it should end or continue.

THREE SMALL BOYS ASPHYXIATED AT PLAY

New York, April 10.—Three small boys crawled into a deserted moving van in vacant lot in Harlem last night, stopped up the cracks to keep out the chill, then squatted around a fire in a bucket. Patrick Kennedy, father of one of the fellows, searching for him, chanced to find the van today. He found his son Frank unharmed, but his companion, a fifteen year old companion, was dead and the third boy was apparently dying. Gas from the bucket fire had asphyxiated them.
