

Wilson Turns Down Huerta's Plea for Arbitration; Pacific Battleships Also Are Ordered to Mexico

LEO FRANK'S FIGHT TO GET NEW TRIAL WILL BEGIN TODAY

Counsel for Prisoner Will This Morning File Extraordinary Motion in Judge Ben Hill's Court.

AUTOMATICALLY DELAYS SCHEDULED EXECUTION

Attorneys for Defense Say That No Amendments Will Be Made to Paper Furnished to Mr. Dorsey.

Some time this morning, counsel for Leo Frank, convicted of the murder of Mary Phagan, will appear before Judge Ben Hill in the Throver building and present the extraordinary motion for a new trial, on the grounds of newly-discovered evidence.

The scheduled execution of the convicted superintendent will then be automatically delayed until Judge Hill's decision is handed down upon the retrial application. Leo Frank will not hang tomorrow morning between the hours of 11 and 1 o'clock.

Frank's attorneys stated Wednesday afternoon that no amendments would be made to the motion, and that nothing but one that of which Solicitor General Hugh Dorsey has already been notified will be contained in the document.

Further grounds, however, will be added at the time of the application's hearing.

Burns Has Not Returned. Detective William J. Burns had not returned to Atlanta Wednesday, although his arrival was expected at any time.

The proposed amendments to be made in the defense motion when it is brought before Judge Hill for argument will be more than likely be passed entirely on the final report of Detective Burns, which, officials of his organization say, will be made immediately upon his return to the city.

It became known Wednesday that a subpoena has been served upon Dr. Roy Harris to appear before the retrial hearing to give testimony of his personal examination of the body found upon the pencil factory lathe, which he says does not resemble specimens taken from Mary Phagan's head.

Refuses to Sign Affidavit. Dr. Harris, it was stated, had refused to sign an affidavit presented him which bore on this phase of the case. He was a star witness for the prosecution in the Frank trial, and it was through his testimony that the state sought to establish the time of the victim's death.

According to legal authorities, Judge Ben Hill can either refuse to grant a hearing without the delay in presenting him today, or take up the motion for consideration. In this latter case, he will set a date for a hearing, at which arguments from both the defense and prosecution will be heard in a manner similar to all new trial plea proceedings.

The grounds contained in the proposed retrial motion, of which Solicitor General Dorsey has been notified, are largely in the nature of affidavits presented by C. Brutus Dalton, the character witness the statement of Mary Rich, the woman who says she saw Conley emerge from the alley in rear of the pencil factory at 2:15 o'clock on the afternoon of the Phagan murder, and the affidavits of other state witnesses who repudiate their testimony.

Dewey Hewell's Story. One of these witnesses is Dewey Hewell, the girl who is said to have been approached menacingly by Leo Frank in the alley in which she was cross-examined by the defense. She now says that she was coached in her story. Dalton repudiates his story. Dr. Harris' phase of the matter found on the lathe will also be contained in the motion.

The stories of a number of girls who say they were approached menacingly by Leo Frank will be presented together with affidavits from witnesses who allege frame-ups on the part of the police and detectives who investigated the murder mystery.

Woman Pulls Bridge Down Upon Herself. In Tearing Away Plank She Loosens a Plank Which Crushes Her Skull.

Buchanan, Ga., April 15.—(Special.) Mrs. J. K. Baldwin was almost instantly killed at Monroe's bridge, six miles northwest of Buchanan, this morning. Her home was near the bridge and she went underneath it for the purpose of getting a piece of plank. As she pulled the plank out of a large girder of the bridge, it became unloosened and came crashing down upon her, striking her upon the head and rendering her unconscious. She lived only about thirty minutes after the accident.

ELECTRICAL BOARD PUT UNDER ATTACK

City Electrician Is Busy Drafting Ordinance to Put Electrical Committee in Charge.

City Electrician R. C. Turner is today drafting an ordinance which proposes wiping out the board of electrical control and putting the electric light committee in authority over all matters pertaining to the electrical department.

In a statement given out Wednesday, Turner explained that his department is the only one in the city government which is practically controlled by the heads of two other departments—Chief W. B. Cummings, of the fire department, and Chief R. M. Clayton, of the construction department.

Unfair, Says Turner. "It is unfair to me and I imagine it is embarrassing to the heads of the two other departments to have the control of my department," Turner said. "My office is controlled by council, and it is no more than fair and just that a committee of council have absolute control."

Turner served notice on Monday during the investigation of the complaint on the board of control, and his actions should be made accountable to the city council as representatives of the people.

McClure Co. Pays \$460,000 For Fifty-Foot Corner Lot At Whitehall and Hunter

The Chamberlin-Johnson-DuBose Corner Purchased for Record Price in South. Sale Does Not and Cannot Affect Big Department Store, Which Has a Long Lease.

ONE OF THE LARGEST REALTY TRANSACTIONS IN HISTORY OF CITY

Property, Which Brings \$9,200 Per Front Foot, Is Sold by Boynton-Cole Co. to Realty Company Headed by Famous Ten-Cent Store Man.

One of the largest realty transactions in Atlanta's history was closed Wednesday when the C. W. McClure Realty company, of which C. W. McClure, the famous ten-cent store man, is president, and by far the largest stockholder, paid \$460,000 for the property at the corner of Whitehall and Hunter streets now occupied by the Chamberlin-Johnson-DuBose company.

The ownership of the corner itself has nothing to do with the Chamberlin-Johnson-DuBose department store on the property, nor can the sale in any way affect the business, as the company has a five-year lease on the property, which, incidentally, is but a small part of the establishment of the Chamberlin-Johnson-DuBose company.

TROOPERS' VOLLEY STOPS TULSA RACE

Militia, Under Governor's Orders, Fires Over Heads of Riders as They Come Down Home Stretch.

Tulsa, Okla., April 15.—Disregarding a restraining order issued by Judge M. A. Breckenridge, of the supreme court, state troops today took possession of the Tulsa fair grounds, proclaimed under martial law by Governor Lee Cruise, and when an attempt was made to run the races carried for the afternoon a squad of militiamen fired a volley over the heads of the jockeys.

With this show of force and the declaration of Frank M. Canton, adjutant general, who was in personal command of the troops, that if another race was started the militiamen would fire to kill the horses, officials of the Tulsa Jockey club ordered the spring race meeting, which began Monday, abandoned, temporarily, at least.

Today's action brought to culmination a contest as to the right of "book-makers" to operate at the track, Monday upon betting was permitted and Monday night application was filed by county officials before District Judge L. M. Poe asking that an injunction be issued prohibiting the placing of wagers Tuesday, despite a restraining order issued by Judge Poe, report was made to the governor that violations of the state anti-gambling laws continued and last night the proclamation declaring the track under martial law was issued.

The next move will be the hearing of habeas corpus proceedings instituted in behalf of several men arrested by the state troops today. Application for the writs was filed before the court of criminal appeals in Oklahoma City late this afternoon. The date of hearing has not as yet been set.

Two companies of militia were employed in stopping the races today. First the stands were cleared of spectators and orders given formally for the discontinuance of the races. This order was disregarded and ten horses entered in the first race were sent to the post. The starter lost time in dropping the barrier and as the horses entered the stretch the militiamen fired over the heads of the jockeys.

J. M. Stewart, a private detective, who had refused to leave the grounds; a stable boy, who attempted to lead a horse from the track, and a spectator, who tried to force his way through the guard lines, were arrested.

TUG DRAGGED UNDER BY BARGE; TWO DROWN

New York, April 15.—The submergence of the steel tug boat, Arries, by being dragged under by the barge she was towing, caused the death, by drowning, of two of her crew today. There were nine persons on the tug. Seven were rescued by an oyster dredge. The barge, which was on a short hauler, was struck by a sharp wind and veered to one side, dragging the tug under water. The tug sank immediately.

President, in Emphatic Statement, Tells Mexican Ruler Time for Evasion Has Passed and That American Government Will Temporarily No Longer.

HUERTA SUBMITS TO MEXICAN SENATE DEMAND FOR SALUTE TO "OLD GLORY"

Wilson Determined to Seize Tampico and Vera Cruz and Declare Pacific Blockade Unless Reparation Is Made for Insult to the United States.

Washington, April 15.—With a majority of the ships of the American navy under orders today to proceed immediately to the Atlantic and Pacific coasts of Mexico, the United States government gave Provisional President Huerta final warning that unless a salute were fired to the stars and stripes within a reasonable time to atone "for repeated offenses against the honor and dignity of the United States" serious eventualities would result.

It was learned tonight that General Huerta, when apprised by Charge O'Shaughnessy of the proposed demonstration of the Atlantic fleet, argued that the episode growing out of the arrest of American bluejackets at Tampico was a fit subject for arbitration at The Hague, and that he would appoint a commission to investigate the incident.

President Wilson, in an emphatic reply, through Charge O'Shaughnessy, is understood to have told General Huerta that the time for delay and evasion had passed, and that the American government would temporize no longer. Administration officials hold that insults to the flag and questions of national honor are not subjects for arbitration.

HUERTA CALLS MEETING OF SENATE

Huerta submitted to an executive session of the Mexican senate today the demands of the American government for a salute to the flag. No answer has been received by the Washington government late tonight of the result of the deliberations.

Some anti-American demonstrations at Vera Cruz and other points were reported. Developments here today showed clearly that a determined and forceful policy had been adopted by the president, which would be backed up by congress and enforced if necessary by the army and navy.

CONGRESS READY TO BACK WILSON EVEN TO WARFARE

Republicans as Well as Democrats Are Indorsing His Aggressive Policy in Demanding Reparation.

MESSAGE TO CONGRESS EXPECTED FROM WILSON

Nine-Tenths of Members of the Senate Will Stand Behind the Administration, Declares Hoke Smith.

Washington, April 15.—Congress stands behind the administration almost to a man in the aggressive policy to demand reparation for indignities the Huerta government has offered in the situation was the absorbing topic made general that the president would be backed even to actual warfare.

Both administration and republican leaders expressed emphatic views that the United States was not sending the fleet to Tampico as a "bluff," that it is sending it there to signalize the fact that at last American patience has been exhausted and reparation must be made, or the already war-scarred southern republic must suffer grave consequences.

Many hold that it is not necessary for the president to ask congress for authority to land armed forces in Mexico to seize the ports, but even these anticipate that, whatever the president and cabinet determine upon, congress will be informed in a message from the president and agree that the purpose set forth in such a message would be ungrudgingly indorsed.

Patriotic Fervor Aroused. Though both houses proceeded in the regular course of legislative business today, it was apparent everywhere that the departure of the fleet had aroused patriotic fervor, and the Mexican senate will stand behind the administration. If the government is compelled by Huerta's defiance to land armed forces, I do not believe it would be necessary to have authorization from congress for such a move.

Members of the senate foreign relations committee considered the situation and concluded that the United States must enforce Admiral May's demand that Mexico's federal forces salute the flag no matter what the consequences may be.

It was pointed out by members of the committee that authority of congress to land armed forces in Mexico would constitute a virtual declaration of war.

Continued on Last Page.

HOPING FOR PEACE, BUT READY FOR WAR.

While expressing earnest hope for peace, the president unequivocally told members of the senate and house committees on foreign affairs, that the offenses of the de facto government at Mexico City could no longer be tolerated, and that unless Huerta complied with the American demands, seizure of the customs houses at Tampico and Vera Cruz, and even the declaration of a Pacific blockade shutting off commercial intercourse with the United States, would be fully justified by precedents in international law.

It was established that no aggressive act such as the landing of marines or the shelling of any towns or the seizure of any ports would be undertaken without authorization from congress after President Wilson had personally delivered a message on the subject.

STEP APPROVED BY BOTH PARTIES.

The nearly unanimous approval that republicans and democrats alike gave the administration's initial steps made it apparent, however, that should Rear Admiral Badger find it necessary, congress would back up the American navy without hesitation.

After orders had been issued today for a naval demonstration on the Pacific coast of Mexico as well as on

## Over Thousand Workers in Attendance at Milledgeville Convention — Atlantans on Program.

Milledgeville, Ga., April 15.—(Special.)—With between 800 and 1,000 delegates present from every county in the state the Georgia Sunday School association today in annual convention assembled here, made great progress in the development of the Sunday school work in Georgia.

Atlanta people who were prominent in the program today were Dr. Marion McH. Hull, superintendent of the North Avenue Presbyterian school, who conducted the sunrise prayer service and made other addresses during the run of the day; Dr. Joseph Broughton, president of the state association, J. V. Wellborn, treasurer of the state association; Miss Daisy McGee, superintendent of the state association; Mrs. James D. Allen, superintendent of the secondary department of the state association; D. W. Sims, general secretary of the state association; Miss Flora Davis, assistant secretary of the state association; Rev. Henry E. Mays, pastor of the Druid Hills Methodist church; Dr. L. O. Bricker, pastor of the First Christian church, and Mrs. Hugh M. Lokey.

More delegates to the convention have come to Milledgeville than were expected, and the city is taxed to care for all who have come. The committee on arrangements, under the chairmanship of Colonel John A. Sibley, had secured homes for 750 visitors, but during today at least a hundred more than that number have come in, necessitating the use of the armory for lodging them. This afternoon a special train load of Atlanta Sunday school teachers is expected, which will make Fulton county's delegation the largest of any one county in the entire convention. Hancock county is represented by a large delegation, in which is a body of boy scouts, led by Colonel John D. Walker.

**Big Pund Pledges.**  
The most enthusiastic feature of today's deliberations occurred tonight, when the executive committee made their report, and asked for voluntary pledges from the various counties for financial support of the state association work during the next twelve months. The most enthusiastic approval during the hour, when counties vied with each other in their eagerness to support the great work being done by interdenominational body of Sunday school workers. Within an hour's time the sum of \$20,000 was pledged. Fulton county taking the leading part, as it did last year. Other counties that took heavy pledges are Baldwin, Chatham, Bibb, Floyd, Hall and Chatham.

A new executive committee was elected, in which every county is represented. The state association is a co-operative effort of all denominations, helping every white Sunday school in the entire state. The members are the leading Christian business men of Georgia, were chosen for membership on this committee. In the committee are Dr. Joseph Broughton, president, 19 Presbyterians, with the remainder of the body made up of men from the smaller denominations.

**Morning Session.**  
Hon. Frank L. Mallory, of Macon, presided over the morning session of the convention today. Besides the reports of the various state officers, and the report of the national officers, Joseph Broughton, state president, made an address on the state-wide work of the Sunday school, and the Boy Scout movement. Rev. Henry B. Mays spoke of "The Object of the Sunday School," and Dr. Bricker discussed "Half an Hour With the Bible."

At noon all the superintendents of Sunday schools in attendance gathered in a luncheon and conference, where an hour was spent in studying and discussing the reports of the superintendents. Dr. McHull spoke of "The Superintendent's Work Between Sundays," while W. M. Wilcox, of Elberton, spoke of "The Superintendent's Work on Sunday." C. Evans, of Warrenton, told of "How the Attendance in His School Was Increased From 80 to 400 in a Year's Time."

The Sunday school teachers also gathered for a luncheon and conference at noon. During the teachers' conference Mrs. Aubrey Mote, of Roswell, spoke of "The Efficient Teacher Between Sundays," and E. E. French, of Nashville, spoke of "The Efficient Teacher on Sundays."

In the afternoon hours the entire convention body divided into three separate conferences and elementary work. Hon. Sam Tate, of Tate, presided over the adult conference, discussed the subject "How to Organize an Adult Class," Mrs. H. H. Hitt, of Decatur, spoke of "How to Increase the Membership of a Class," while Rev. W. L. Cutts, of Canton, spoke of "How to Direct the Activities of the Class." Dr. L. O. Bricker, of Atlanta, discussed "How to Teach an Adult Bible Class."

**Secondary Division.**  
Rev. Henry B. Mays, of Atlanta, presided over the secondary division conference, and Mrs. James D. Allen, of Atlanta, made an address on the subject "The Character of the Boy Scout." W. T. Smith, of Decatur, spoke of the "Teen Age Characteristics of the Boy," and H. H. Harris, of Columbus, spoke of "Teen Age Organizations." H. H. Harris discussed "Teen Age Activities."

Mrs. Len C. Baldwin, of Marietta, presided over the elementary division conference. Mrs. Irene Clark, of Chicago, gave a demonstration of how beginners and primaries are handled in the Macon schools. Mrs. M. J. Smith, of Red Oak, gave a demonstration of how a small country Sunday school teacher class of juniors and seniors is handled. Mrs. M. J. Smith, of Red Oak, spoke of "What Graded Lessons Mean to the Elementary Grades."

Late in the afternoon a special thirty minutes' men's meeting was held, in which W. Sims, V. Wellborn, Joseph Broughton, W. A. Brown and F. L. Mallory made addresses.

On the program for the night service were Mrs. G. G. Candler and W. S. Witham, of Atlanta. Mr. Candler conducted the devotional exercises at the beginning of the service, and made a short talk. Mr. Witham made an address on the subject "The Sunday School Up-to-Date and Dated Ahead."

Specially attractive features of the convention this year is the music, as managed by E. O. Bassett, of Chicago, assisted by his pianist, Alvin W. Roper, of Winona Lake, Ind. Mr. Excell is recognized as one of the world's best leaders of convention music.

**Today's Session.**  
The sessions of Thursday will be devoted exclusively to the work of the county associations. The various county associations will be introduced, and many of them will make talks relating the successes of their county organizations. The delegates of the president of the Fulton County association, is the leading speaker among the county presidents, and will make a talk tomorrow. Others who are scheduled for addresses are Colonel Hammond Johnson, of Gainesville, and W. L. Abbott, of Asworth.

Banners have been prepared for the counties reaching the banner standard, and these will be presented to the representatives of such counties tomorrow. Counties that have reached the banner standard of perfection will be presented with banners tomorrow at Fulton, Baldwin, Campbell, Carroll, Cotton, Clarke, Cobb, Cowart, Elberton, Floyd, Habersham, Hancock, Henry, Jeff Davis, Newton, Spalding and Ware.

**IF BLADDER OR KIDNEYS BOTHER**  
Try the Favorite Recipe of Old Folks—Buchu and Juniper.

Everyone knows that Buchu and Juniper properly compounded is the best medicine for weak kidneys or bladder. When the urine becomes cloudy, the bladder irritable, when you have an unusual flow of urine, scalding, dribbling, straining, or too frequent passages from the bladder, your head and back aches—your ankles, or eyelids are swollen, spots before the eyes, cramps, shortness of breath, sleeplessness and dizziness, dizziness, and if weather is bad you have rheumatism, and the following: Get from any reliable druggist a 11-oz. bottle of Stuart's Buchu and Juniper Compound. Take a spoonful after meals. Drink plenty of water. Drop the use of sugar and sweets. In a day or two your kidneys will act fine and natural. Stuart's Buchu mixed with Juniper has been used for years to clean out impurities from the kidneys and bladder, also to neutralize the uric acids in the blood and urine so it no longer irritates, thus ending all kidney and bladder weakness and curing diabetes. Stuart's Buchu and Juniper is a fine kidney and bladder regulator and has helped thousands of sufferers when most every other medicine failed to help or cure.

# Tag Day in Atlanta This Year Will Be Held May 7

The management of the Sheltering Arms society have announced that "Tag Day" in Atlanta this year will be May 7, and they urge that Atlanta citizens-at-large be generous in their contribution. The philanthropy represented in the Sheltering Arms society has broadened to that extent when more facilities are necessary to meet the needs, and the appeal for this is made through Tag Day.

The institution known as the Sheltering Arms is dear to all public-spirited Atlantans. It was one of the first organized movements here to aid a large industrious element, which is incident to Atlanta's 500 or more industries, employing large numbers of people.

In nearly every center of these industrial communities there has been established what is called the "day nursery," which is the kindergarten annex. This enables the mothers who work all day out of the home, to send their younger children under school age where they will be properly cared for, nourished at the right time, given medical aid and kept off the streets. When they are old enough they are given kindergarten training.

In connection with the central day nursery there has been maintained classes for girls in domestic science, and similar instruction for the boys.

The different day nurseries take care of from 200 to 250 children each day, and there are employed women specialists in the care and instruction of these.

The work of the Sheltering Arms frequently extends to the home of the child, especially in case of illness, and recently in the case of an epidemic of measles the Sheltering Arms, the Order of Old-Fashioned Women, and the Associated Charities had to combine their energies to look after the children, this incident giving rise to the general demand for a contagious ward at the Grady hospital.

The only mode of securing the general fund necessary, adopted by the Sheltering Arms society, is through "Tag Day." It has been for a number of years understood that the privilege of Tag Day was accorded to this commendable work, and there has been no infringement on the unwritten right of Tag Day this year, the most successful in the city's history.

Mrs. W. S. Elkin is president of the Sheltering Arms society.

# Stock and Display Cabinet Interests Local Merchants

Atlanta merchants have become interested in a stock and display cabinet invented by Sigmund Weil and G. G. Waters, which was recently patented, and which will soon be put on the market.

The device is said by experts to be one of the most needed inventions in the modern sales room. It is a cabinet, which stands three feet in height and is two or more feet in width and revolves upon a roller castor base.

Each of the four sides of the cabinet contain display cases with glass fronts, and a fifth display case is upon the top similar to the present type of show case. The device is convertible, and is constructed with a view to saving space, time and labor.

It contains both display goods and stock material. The four doors—which contain the display cases—open by friction locks and reveal the inner stock compartments. The cabinet is so constructed that any kind of wares may be displayed and stored.

Mr. Weil, one of the co-inventors, is a prominent merchant of Atlanta, and is an ex-associate of the firm of Eisenman & Weil, with which he was connected for twenty years. The patent is issued jointly to him and Mr. Waters, who is also well known. An operating model of the invention is on display in the offices of Mr. Weil in the Atlanta National Bank building.

# ANNUAL INSPECTION OF UNIVERSITY CADETS

Athens, Ga., April 15.—(Special.)—On Saturday the cadet corps of the University of Georgia will have its annual inspection, beginning at 8:45 in the morning and lasting through the afternoon's dress parade.

The inspection is to be of more than usual import, for on the result will depend the rank which the University of Georgia will take among the military institutes of the United States. The entire grading of military colleges has been rearranged and the inspection this year will fix the positions of the 200 such institutions for a long period in future.

# MAYOR HAS VETOED RESOLUTION TO SELL OLD LIGHTING PLANT

Mayor Woodward yesterday vetoed the resolution providing for the sale of the old Edgewood lighting plant to J. Farmer for \$4,500, because an offer of \$5,000 has been made by the Georgia Cotton Oil company for the property. Mayor Woodward claims that the offer is nearer the value of the plant than the price council was asked to dispose of the property for.

The machinery was dismantled some time ago, and because the property cannot be used by the city, Councilman C. W. Smith set about to get a good price for the land. At the last meeting of council he reported that the city could sell the land for \$4,500, and the proper resolutions were drawn up.

# FAR-FAMED CARUSO WILL SING IN THREE OPERAS

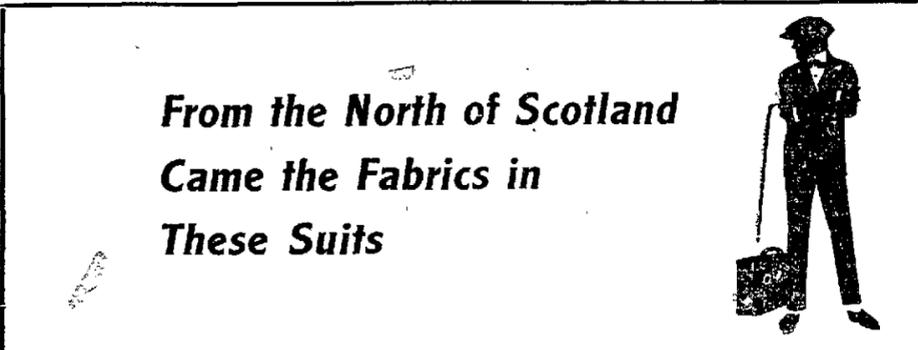

Gadski Will Also Sing Three Nights and Geraldine Farrar Twice.

The final confirmation of the personnel of the various casts for the Metropolitan grand opera in Atlanta received Wednesday by Ben Lee Crew, of the Music Festival association program committee, shows that Atlanta will get in every instance the exact cast outlined in this year's prospectus, and that the combination of stars this year will be the heaviest and most brilliant of any opera season Atlanta has had.

Monday night, Thursday matinee and Saturday night; and Mme. Gadski is also going to sing three times, Tuesday matinee, Thursday matinee and Saturday night. Farrar will sing twice, on Monday night and Friday night. Frieda Hempel, Margarete Ober, Anna Case, Amato, Gilly, Scotti and other stars announced in the prospectus will actually be here. There hasn't been a single illness or any other providential hindrance to stand in the way, and with opera now less than two weeks off, the prospects are bright for a season that will eclipse all past years in brilliancy.

The sale of tickets for single performances is being increased by several thousand dollars every day.

# From the North of Scotland Came the Fabrics in These Suits

When we say that these Scotch mixtures are imported it is not only a truthful statement but to the uninitiated we wish to add the information that the best fabrics in the world come from the north of Scotland.

And further—the best tailoring in the world is done in America.

Handsome Scotch weaves, gray and brown mixtures with little flecks of color and dimly lined plaids—

The honest Scotch weaver and expert American tailor have worked together to give you this Suit for Service—

English, semi-English and conservative models.

Patch or inset pockets; waistcoats piped with black silk braid; coat quarter-lined with fine mohair; sleeve lining of pongee silk.

THE MEXICAN SITUATION.

As the flower of the American navy sails down to the Mexican coast and as the constitutionalists on the north press southward toward Mexico City, these contingencies stand out as presenting the Mexican situation.

Huerta knows the end is inevitable and last approaching—that the coils are tight and that he is threatened with revolt from the diminishing territory he now holds.

Knowing the finish to be near he should prefer that it come through the United States rather than through a revolt in his own citadel or through the triumph of his hated antagonists to the north.

If the United States should be driven to intervention the scope of our military operations will no doubt be restricted to the territory dominated by Huerta so long as the constitutionalist attitude on the north permitted us to observe this restriction.

These premises being true and they are reasonable the constitutionalists being freed of menace from Huerta and federal Mexico on the south will stand aside to watch Huerta's finish proceeding to concentrate their energies toward putting their house in order.

The coasts-wise subsidists are hard pressed for arguments. The attempted "gerrymandering" of public sentiment is about as transparent as the attempt to mask an outright subsidy with the name of patriotism.

The state of Alabama in view of these facts voted overwhelmingly to sustain the president's tolls policy for even most of the free toll repeal newspapers were for Underwood just as The Constitution was.

ATLANTA AND COLUMBIA.

The chamber of commerce and business men generally of Columbia S. C. are actively and commendably engaged in an effort to get through sleeping car facilities between Columbia and Atlanta via the Southern and the Georgia railroads.

Under changed schedules recently argued before the Georgia railroad commission with every chance of their being authorized through sleeping car connections between Atlanta and Columbia ought to be easily assumed.

The doctor of today is vastly better equipped than the ante-bellum doctor. His work is specialized. His sense of individual and social obligation becomes keener. His ethics grow broader and more sensible despite the lingering medievalists.

The sanitarians and the physicians of Georgia are a singularly conscientious and active set of men whether their activities be of a public or a quasi-public nature.

through sleeper from Atlanta to Columbia and return, if the Southern, as part of the route, agrees. The officials of that road believe the New Orleans and southwestern business will justify the schedule.

It is to be hoped the Atlanta Chamber of Commerce will actively interest itself in the matter. It will be of direct benefit to Atlanta to be connected by through sleeping car service with the South Carolina capital and vice versa.

A PIONEER WITH A "PUNCH."

J. O. Borton, of Marshallville, Ga., is a pioneer with ideas and the "punch" to capitalize them. The other day The Constitution showed the significance of Mr. Borton's achievement in being the "pioneer mail order farmer of Georgia."

He ran a series of advertisements in The Constitution offering fresh asparagus by parcel post or express. So far as our knowledge goes, he is the first producer in the state to avail himself of the combination of these quick transportation agencies and the advertising columns to broaden a market for his wares.

His venture is proving practical and abundantly successful as indicated in a letter from him published elsewhere. He says he finds he has tapped an almost magical stream of revenue, and that he expects forthwith to broaden the bill of fare he will offer city people through city newspapers.

It will not be long as Mr. Borton says, before other small and large truck growers and farmers follow the trail he has blazed. There is hardly a farm within quick shipping radius of Atlanta that cannot raise a surplus of vegetables and poultry products for city sale.

The city consumer is anxious to make connection with fresh goods from the country the ever present desire in the mind of the enterprising housewife. The advertising columns of the daily newspaper of large rural and city circulation is the connecting link.

Mr. Borton has made distinct history as the pioneer in an industry destined to attain large proportions in this and every other state.

HARD PRESSED.

Referring to recent congressional elections The Cincinnati Enquirer says:

The repeal proposition of President Wilson has been rejected by the voters of Massachusetts and New Jersey.

Alabama nominated two senators last week. One of them, Mr. Underwood, will not take his seat until next March.

The state of Alabama in view of these facts voted overwhelmingly to sustain the president's tolls policy for even most of the free toll repeal newspapers were for Underwood just as The Constitution was.

The coasts-wise subsidists are hard pressed for arguments. The attempted "gerrymandering" of public sentiment is about as transparent as the attempt to mask an outright subsidy with the name of patriotism.

MEN WHO KEEP GEORGIA WELL.

By a fitting coincidence the annual convention of the Medical Association of Georgia meets in Atlanta while the public memory is still fresh from the annual gathering of state county and municipal health officials.

In the tasks of fighting disease and lowering the death rate the physician and the health officer are logically partners. One supplements the functions of the other and either one is indispensable in the equation of community health.

The health expert is a comparatively recent evolution. Forty or fifty years ago our knowledge of the science of sanitation was tentative and empirical.

Today we realize that the trained sanitarian holds life or death in his hands equally with the physician. His conquests in cooperation with the doctor in the tuberculous, typhoid, malaria, hook worm and other fields have been among the most brilliant achievements of the interlocking nineteenth and twentieth centuries.

The science of medicine has also undergone a radical transformation within the past two generations. The doctor of today is vastly better equipped than the ante-bellum doctor.

His work is specialized. His sense of individual and social obligation becomes keener. His ethics grow broader and more sensible despite the lingering medievalists.

The sanitarians and the physicians of Georgia are a singularly conscientious and active set of men whether their activities be of a public or a quasi-public nature.

Under their guidance city county and state daily give more intelligent attention to the science of human conservation. It is appropriate that they should meet this year in Atlanta a city whose energies are now being concentrated upon improving her health facilities, in the enlarging of Grady hospital and the enactment and application of adequate sanitary laws for every class of city life.

M'CORD OUTLINES PLAN AND OPERATION OF THE REGIONAL BANK SYSTEM

The Constitution is indebted to Joseph A. McCorde, vice president of the Third National Bank of Atlanta, for the following compact and comprehensible summary of the regional bank idea and operation. Both before and after Atlanta's destination as the location for the Federal Reserve Bank, Mr. McCorde has been deluged with inquiries for an explanation of the operations of the bank and the system in plain language.

McCorde's Statement. I desire to state that I am in favor of the Federal Reserve Bank which is to be located in Atlanta.

First: What is a regional bank? A regional bank is one of a series designated by the Federal Reserve Act located in a region or part of the United States.

Second: What is the purpose in creating such banks? The purpose of these banks is to mobilize the local reserves of the banks in each district in order to prevent panics and to create a staple money market for the protection of the people.

Third: How and by whom will the reserve bank be managed? The Federal Reserve Bank will be managed by a board of directors consisting of representatives of the member banks in the district.

Fourth: How will the bank make its money to cover expenses and dividend of 6 per cent on its capital? The bank can discount for and on the member banks and it can also discount for the general public.

Fifth: How will the bank make its money to cover expenses and dividend of 6 per cent on its capital? The bank can discount for and on the member banks and it can also discount for the general public.

Sixth: How does this bank affect other banks now in existence? It does not interfere with them at all. The same reserve is now carried by in New York, Chicago, Boston, Philadelphia, etc.

Seventh: How does this bank affect other banks now in existence? It does not interfere with them at all. The same reserve is now carried by in New York, Chicago, Boston, Philadelphia, etc.

Eighth: How does this bank affect other banks now in existence? It does not interfere with them at all. The same reserve is now carried by in New York, Chicago, Boston, Philadelphia, etc.

Ninth: How does this bank affect other banks now in existence? It does not interfere with them at all. The same reserve is now carried by in New York, Chicago, Boston, Philadelphia, etc.

Tenth: How does this bank affect other banks now in existence? It does not interfere with them at all. The same reserve is now carried by in New York, Chicago, Boston, Philadelphia, etc.

Eleventh: How does this bank affect other banks now in existence? It does not interfere with them at all. The same reserve is now carried by in New York, Chicago, Boston, Philadelphia, etc.

Twelfth: How does this bank affect other banks now in existence? It does not interfere with them at all. The same reserve is now carried by in New York, Chicago, Boston, Philadelphia, etc.

Thirteenth: How does this bank affect other banks now in existence? It does not interfere with them at all. The same reserve is now carried by in New York, Chicago, Boston, Philadelphia, etc.

Fourteenth: How does this bank affect other banks now in existence? It does not interfere with them at all. The same reserve is now carried by in New York, Chicago, Boston, Philadelphia, etc.

Fifteenth: How does this bank affect other banks now in existence? It does not interfere with them at all. The same reserve is now carried by in New York, Chicago, Boston, Philadelphia, etc.

Sixteenth: How does this bank affect other banks now in existence? It does not interfere with them at all. The same reserve is now carried by in New York, Chicago, Boston, Philadelphia, etc.

Seventeenth: How does this bank affect other banks now in existence? It does not interfere with them at all. The same reserve is now carried by in New York, Chicago, Boston, Philadelphia, etc.

Eighteenth: How does this bank affect other banks now in existence? It does not interfere with them at all. The same reserve is now carried by in New York, Chicago, Boston, Philadelphia, etc.

DAILY GRIST FROM THE STATES POLITICAL GRIND

EX-GOVERNOR BROWN DECLARES FOR GOVERNOR SLATON FOR SENATE. Colonel F. J. Paxton back from a trip to Marietta on Monday last makes an announcement of considerable interest to some of the state newspapers.

Some of the newspapers which to say the least of it are not over zealous for Governor Slaton are painting all sorts of pictures of the widening canyon between Slaton and Brown.

It is of course all pluperfect poppycock declared Colonel Paxton yesterday authorized by Governor Brown just to make a social call and he had a hearty laugh when he read some of the newspaper reports referring to the alleged rupture between him and Governor Slaton.

He authorizes me to say further that he says he will later say for himself that he is heartily for Governor Slaton for the senate and will spare no effort to support to the extent of his ability.

Since these absurd reports have been so generally circulated evidently for the purpose of creating trouble where none existed Governor Slaton authorized me to tell Governor Brown that there is no basis for such reports and to also inform the public that he will have his very earnest support for the United States senate.

It seems to me concluded Colonel Paxton "that this should put at rest the entirely unwarranted reports which have been circulated for political effect."

HARRIS ANNOUNCES THAT HE WILL MAKE RACE FOR GOVERNOR. By John Corrigan, Jr. Washington April 15 (Special).—Hon. William J. Harris, director of the census and announced today that he would enter the race for governor.

Mr. Harris states that he has been receiving hundreds of letters from prominent citizens in all parts of the state urging him to get into the race.

Mr. Harris has a wide acquaintance all over Georgia and a considerable personal following. He was for many years private secretary to Senator A. S. Clay and actively campaigned in behalf of the senator who recognized in him an indispensable assistant.

Mr. Harris was one of the leading Wilson men in the state and was very active at Baltimore in behalf of Mr. Wilson in the last national campaign. He was named director of the census at a salary of \$6,000 a year and since taking office has made considerable changes in the bureau looking to improving the force and eliminating waste.

from the United States army should be established among the youth of each county in the state the members of each of these embryonic standing armies to be paid so much per month of course after the crop have been paid by another candidate county by stating that he is entitled to all of the votes as he is the only candidate who has been bold enough to publish his own platform saying nothing however in said platform about the regularly adopted democratic platform.

The third candidate comes back at the bold publisher of platforms and ornithologically squelches him by stating that the aforesaid gentleman is Tom Till. Thus the merry but harmless and bloodless skirmish continues in the bloody Tench as those who reside outside of it are wont to call it.

Having thoroughly canvassed the district and feeling that he knows the people and their needs I would not if I could and could not if I would go for such an enlightened and intelligent people as that of the tenth district with any catch penny platform or issue and expect them to sustain me in such an appeal.

# CHEAPER GAS FIGHT NOW ON IN EARNEST

## First Blow Will Be Struck on Monday, When Council Will Be Asked to Take Action.

"The fight for 80-cent gas is on in Atlanta. We are not going to cease our campaign against the Atlanta Gas Light company until consumers get a fair reduction. The first blow in the fight will be struck in council on Monday when gas users will ask the city to give the Georgia Railroad commission \$5,000 to make an investigation."

City Electrician E. C. Turner made the above statement late Wednesday afternoon, declaring at the same time that the initiative and referendum petitions circulated by the Gas Consumers' league will be filed with council at the next regular meeting.

According to Turner there are more than 1,100 names of registered voters of Atlanta signed to the petition which asks council to appropriate \$5,000 for the use of the commission to make an investigation of Atlanta's gas rate.

### Council Must Take Action.

Under the recently enacted charter amendments one-tenth of the registered voters can invoke the initiative and referendum. Under the law, council can either provide the money asked for or can refer the proposition to a vote of the people.

That the Atlanta Gas Light company is preparing to combat any effort on the part of consumers to have the price of gas reduced from \$1 to 80 cents per 1,000 feet is evident from statements of officials to the effect that Atlanta is enjoying a comparatively low rate. They also state that it is not fair to the company to compare the rate in Atlanta with rates in some of the other cities located close to the coal mines and oil fields.

Figures which City Electrician Turner says he will present to the railroad commission will show, he asserts, that the Atlanta Gas Light company can manufacture and store gas for less than 10 cents per 1,000 feet. It was reported Wednesday that the Gas Consumers' league, the organization said to be behind the fight for cheaper gas, will file its charter with Secretary of State Cook just as soon as council has taken the initiative and referendum petitions. The organization has been holding secret meetings, and only such information as has been given out by City Electrician Turner has appeared in the newspapers.

### Organization Really Exists.

"I understand there is an effort to discredit the association by reports that there is no such organization as the Gas Consumers' league, but I can vouch for the fact that there is an organization and I can give the further assurance that the members are ready to back up the organization when the time comes," said Mr. Turner. "The reason the organization has been working without publicity is because we did not want our plans to become known too soon. Publicity might have had the effect of injuring the cause."

"For more than twenty years the consumers of gas in Atlanta have suffered. Nothing has ever been done to make the Atlanta Gas Light company reduce the rate, for the reason that it has almost been impossible to organize a movement to bring about concerted action on the part of all users of gas. We have organized the Gas Consumers' league, the best business men in Atlanta are in the organization and they will be heard from at the next meeting."

### Unanimous Indorsement.

City Electrician Turner has several of the petitions which were circulated among the voters, also reports from members of the organization who formed the committee for the express purpose of getting the signatures of voters.

"It has been reported to the association that in no case have consumers declined to sign the petition. This indicates clearly that the cause will have the almost unanimous indorsement of every person who receives the gas bill on the first of every month."

Recent reports from the office of the Atlanta Gas Light company also indicate that the corporation is busy preparing information to be given to the public. The information is expected to come out in the shape of a statement showing the cost of manufacture and delivery of gas to consumers in Atlanta in comparison with some other cities which are enjoying rates varying from 50 cents to 80 cents.

### GOV. SLATON TO ATTEND SMOKER AT DECATUR

Decatur, Ga., April 15.—(Special.)—The Decatur Board of Trade will hold a buffet smoker in Atlanta on Friday night, April 24, and Governor Slaton is expected to be present at the occasion when he will speak at the occasion will be Governor Slaton.

# Prominent Atlanta Women Pledge Help to Movement For Greater Grady Hospital

"There are so many ways women can help in the passage of the bond issue I scarcely know how to enumerate the ways," said Mrs. Samuel Lumpkin yesterday. As president of the City Federation she is directing the work of the federated organizations.

"I have conferred with the president of the women's civic ward clubs and they have appointed subcommittees to be called neighborhood committees, their duty to go among the women of their neighborhood and discuss the matter with them; give information where it is needed and urge that the women see that the men of the family vote."

"Opposition is easier to cope with than indifference," said Mrs. Lumpkin. "For in nearly every case where we have discovered women aggressively opposed, it is because they have not been properly informed of what the business status of it is."

"I hope that within the next few days many of the eighty federated organizations will have met, and formally signed the movement, but in the meantime I wish to urge upon all our organizations to work. Let each individual woman feel her personal obligation and feel it her duty to confer with her neighbors about it. If any apparent opposition, this information may be secured by conference with the officers of the city federation or with any members of the central committee of which Doctor Eikin is president."

### Formal Action Asked.

"As organizations pass their resolutions of indorsement they are urged by the women editors of the three Atlanta papers to send those resolutions to the city federation."

"I have arranged with Dr. Summerville to visit the hospital this week, and I hope it will be possible for the presidents of the civic ward clubs to accompany me, that they may see the noble work that is being done with struggles in the hospital as it now is, and the work that still must be done before Atlanta has done what is her duty toward the city."

### Mrs. Lowry Will Aid.

"I have called no meeting of the Grady Hospital Aid society," said Mrs. Lowry, "for the faithful assistance I have already had from my co-workers in this organization convinces me that they always have the good of the hospital at heart and are working for it as they did in the days when we built the children's ward of the hospital."

"I confer with Mrs. Samuel Lumpkin in her belief that the most direct way to secure the bond issue is through spreading the gospel of the greater hospital wherever they go, and urging upon the men of the family to vote with whom they come in contact, to vote for the bonds. The indifferent voter is the one who must be pushed out of the line. There are many who will oppose the upbuilding of our hospital which bears the name of the great Henry Grady, and which stands for the health and protection of our great city."

### Mrs. McDougall's Stand.

Mrs. Emily McDougall, president of the Atlanta Equal Suffrage party, was the first of the three suffrage organizations to give its message of indorsement to the hospital movement carrying the request that her organization work for it. She expressed her deep appreciation of the significance of the movement and pledged the practical assistance of her organization. Subsequently the organization passed resolutions to the effect:

"Can't you see how women are needed in all vital movements?" said Mrs. McDougall. "I believe that woman's suffrage will prove the greatest boon to just such movements as this for some time to come. If women were voting today, Atlanta would have the most beautiful and well equipped hospital in the world. It is essentially our obligation to look after the helpless and afflicted, and the more we are interested in the community in this direction. Personally, as well as through my organization, I do heartily indorse the hospital movement, and will do all I can to help it on."

### Parent-Teacher Associations.

Mrs. George Haugh, president of the Parent-Teacher Association of Atlanta, has been asked to bring the subject of the movement to her organizations, and ask their co-operation. Probably some more than the mother and the teacher know better the need of every facility in a hospital that interest their aid has been solicited. The Daughters of the Confederacy and the Daughters of the American Revolution are active in the general movement of the women for the greater hospital.

### College Park Will Aid.

At a meeting of the College Park Women's Association held Wednesday afternoon, hearty indorsement was given the greater hospital movement and the proposed bond issue. It was stated that there are not a great many citizens of Atlanta residing in College Park, and that the women of College Park belong to the City Federation of Atlanta. The greater hospital will be a benefit, not only to Atlanta, but to this entire section.

### Want Women on Board.

At a meeting of the Atlanta Equal Suffrage association on Wednesday afternoon, at the Ansley hotel, the resolutions indorsing the \$750,000 bond issue for greater Grady hospital were offered by Mrs. Mary L. McLendon and suggest that women be given representation on the board of directors.

The association was enthusiastic in its support of the movement for the bond issue for a greater hospital. In a speech to the suffragists Mrs. Amelia Woodall, the president, said: "The greater Grady hospital is not simply a want, but a real need in our city. We must build not only for today, but for tomorrow. We must be well equipped and how can we expect to stay the rush of a growing city without the proper facilities for fighting it?"

Miss Helen Gray, the founder of Mineral Bluffs school, made an address on "Economics and Political Economy," in order to become better acquainted with and understand something of the work to be done at the coming session of the legislature. The Atlanta Equal Suffrage association at a previous meeting decided to conduct a class in citizenship. From now until the first of May, the suffragists will have prominent men and women lecturers on proposed legislative measures.

Dr. J. H. Campbell, chairman of social service work, made a fine report.

of the significance of the movement and pledged the practical assistance of her organization. Subsequently the organization passed resolutions to the effect:

"Can't you see how women are needed in all vital movements?" said Mrs. McDougall. "I believe that woman's suffrage will prove the greatest boon to just such movements as this for some time to come. If women were voting today, Atlanta would have the most beautiful and well equipped hospital in the world. It is essentially our obligation to look after the helpless and afflicted, and the more we are interested in the community in this direction. Personally, as well as through my organization, I do heartily indorse the hospital movement, and will do all I can to help it on."

### Reports Criticising Dan Carey Are Found To Be Without Basis

Criticism of the manner in which Dan Carey, park manager, was handling the improvement work on Adair park, presented to the city by Forest & George Adair, have been declared by the Tenth Ward Civic Improvement league, after investigation, to be without basis. A letter on the subject from A. M. Turner, secretary of the league, follows:

Editor Constitution: In Sunday's Constitution appeared an article, furnished by Forest & George Adair, in which reference was made to improvements in a park given by Messrs. Adair, presented to the city by Forest & George Adair, have been declared by the Tenth Ward Civic Improvement league, after investigation, to be without basis. A letter on the subject from A. M. Turner, secretary of the league, follows:

The residents in the vicinity of Adair park have been misled regarding the association at that ward. Mr. Carey has kindly furnished an itemized statement of the expenditures for the total of which amounts to \$1,496.75, which proved that the unfavorable reports were unfounded.

As stated in Sunday's paper, it is the purpose of this league to clear up all such reports and endeavor to remedy as far as possible the conditions.

## TRIES TO KILL HIMSELF AT TERMINAL STATION

### Before Horrified Crowd, H. H. Fudge Plunges Knife Into His Breast.

A horrified crowd of spectators shuddered Wednesday morning at the terminal station as they watched a nicely dressed man, H. H. Fudge, open a small pen knife and stabbed himself with a pen knife.

He was rushed to the Grady hospital in a private automobile. Physicians at the hospital state that he is not seriously injured, and that he will recover. Mrs. Fudge, his pretty little wife, was notified over telephone, and she rushed to the Grady in an auto, arriving there a few minutes after her husband.

When questioned by the reporter as to the probable cause of a strike on his part, Fudge said that he had tried to kill himself because he was broke, and dependent. He said that he had no money, but he could be in need of money, because he has a splendid position and has always had all the money he needed.

### Weavers on Strike.

Union, S. C., April 15.—Eight hundred persons were thrown out of employment here today by a strike of the weavers at the Buffalo cotton mills, near here. The weavers allege a reduction in wages. Officials say that there has been any reduction.

# WATER AND LIGHT MEN CONVENE HERE TODAY

## Mayor Will Welcome Visitors and Steiglitz Will Make Response.

# How To Darken Gray Hair

A very satisfactory preparation which darkens gray hair and acts as a corrective agent for dandruff and other diseases of the scalp can be made at small expense and in your own home by dissolving a small box of Barbo Compound in 7 ounces of water and then adding an ounce of bay rum and a quarter ounce of glycerine. Any drug store can furnish these ingredients. This is to be applied once a week until the hair is sufficiently darkened, then every two weeks to keep the hair soft and glossy and the scalp in a healthy condition. It may be used with equal success in darkening the beard. This is a preparatory treatment that gives splendid results both as a hair darkener and a remedy for all scalp disorders, and is well worthy of a trial. You will find it far superior to the ordinary store preparations and much less expensive.—Adv.

### Good Cheer Aids Digestion of Food

Dyspeptics Can Make the Best of the Family Happy by Using a Laxative-Tonic.

The temper of the family and the good cheer around the table depend so much on the condition of the individual present that the experiences of some former dyspeptics who overcame their trouble should be of interest to those now suffering in this way.

The best advice one can give—but it is advice that is seldom heeded—is to eat slowly and masticate each mouthful carefully. However, slow and careful mastication fail the next aid is one close to nature, Dr. Caldwell's Syrup Pepsin. It is an excellent digestant, and in addition to helping in the digestion of the food acts gently on the liver and bowels, ridding them of the accumulation of waste that should long ago have been passed off. It is safe, reliable, pleasant-tasting, and results are guaranteed.

Miss S. Martin, of Joplin, Mo., now 77, thinks Dr. Caldwell's Syrup Pepsin has helped her to a longer and happier life. It has not only cured her in years as she has since taking this excellent medicine, and in spite of his 77 years he says he feels like a boy.

It is the ideal remedy for indigestion, no matter how severe; constipation, no matter how chronic; biliousness, no matter how severe; and similar ailments.

### Modesty Forbids Too Much Self-Praise

But there is no reason why we should not go the limit when we come to speaking of Stein-Bloch Smart Clothes for Men and Young Men. We not only think, we know, that they are the best values obtainable in men's clothes. Why shouldn't we say so?

Just now the Spring showing is complete, and if we were disposed to do a little blowing on our own behalf we would say, truthfully, that we have chosen this season better than ever.

That gives our patrons a double advantage—the best men's clothes to be had, in the best variety we have ever shown.

## Wedding of Miss Richardson And Captain James Reeves

The marriage of Miss Katherine Richardson, second daughter of Mr. and Mrs. Joseph Richardson, to Captain James Haynes Reeves, of the United States army, took place last night at Alahurst, the beautiful country home of the Richardsons at East Lake, and was an occasion notably interesting socially and one most artistic in every detail. Rev. W. W. Memminger presided at the ceremony, which was witnessed by the relatives and a company of close friends. The decoration and in the music the national note was sounded in the flags used in the decoration and the music, while all the avoirdupois and cakes were expressed.

The ceremony took place in the music room, Mr. Charles Sheldon playing the wedding march, the organ accompanying. The ushers coming first were Messrs. Francis Manos and Corson Rowe, who drew the ribbons forming the aisle for the bride party and extending to the altar, was the groomsmen, Captain Grayson Heidt, Captain Castleman, Captain James F. McKinnon, Mr. Robert F. Cox, Mr. J. M. Watson, Lieutenant Creed F. Cox and Lieutenant A. M. Watson, preceded the officiating clergyman, and the groom, who was escorted by the best man, Captain Robert Foy.

Alan Richardson and Elizabeth Phillips, wearing white and bearing white satin cushions, approached and awaited the bride on the altar steps. Mrs. Preston Yates and Mrs. James McKinley entered together, followed by Misses Gertrude Gordon and Louise Easton, Misses Madge Cochran and Nancy Heintz.

Miss Gertrude Richardson, maid of honor, preceded the bride, who was accompanied to the altar by her father. During the ceremony, Mr. Sheldon played "The Evening Star." At the end of the ring service the bride and groom knelt and Miss Louise Richardson sang the 42nd verse of the orange blossom. Mrs. Preston Yates and Mrs. James McKinley entered together, followed by Misses Gertrude Gordon and Louise Easton, Misses Madge Cochran and Nancy Heintz.

The bride's gown was of white charmeuse satin embroidered in a design of gardenias. The sleeves and corsage were trimmed in tulle and rose point with orange blossoms. Her hair was done in a bun and she wore a necklace of white orchids and her only ornament, a necklace of diamonds, presented by her father's associates in business. The matrons of honor wore

for last time, and there were in the assembly as many as two hundred people who lined in the garden and enjoyed the refreshment of tea between 5 and 7 o'clock.

The dinner-dance Saturday night will be largely attended at the Dining club, and reservations have been made which indicate the party will number one hundred and fifty.

**GROSSMAN TO ADDRESS FEDERATION OF LABOR**

Attorney Leonard J. Grossman, general counsel of the Georgia Woman's Suffrage association, left last night for Macon to deliver an address before the Georgia Federation of Labor, in response to an invitation from S. H. Marks, president of the State Federation of Labor. Resolutions requesting Mr. Grossman to accept the invitation were passed by the Georgia Woman's Suffrage association, the Women Suffrage Party, Inc., of which Mrs. Mary L. McLendon is president, and the Atlanta Equal Suffrage association.

**Minstrel Show.** On next Friday night, the Pilgrims will present a grand minstrel show at the Central Congregational church. They will be assisted by both the Tech orchestra and the Tech Mandolin club.

There are thirty singers in the chorus and their voices blend wonderfully in the harmonies. The soloists of the occasion are unusually good. Messrs. Clark and Cripp in their songs will long be remembered by the audience. The rival quartettes, known as the "Snowball" and the "Cornfield," are working hard to outshine one another.

F. H. Chapman, of Tech, the hero of many a Glee club performance, will play the mandolin for the decoration of the audience.

**Howel-Simmons.** Rome, Ga., April 15.—(Special.)—The wedding at 7 o'clock this morning of Miss Annie Booth Howel and Dr. Robert O. Simmons was impressively solemnized in the handsome home of Mr. and Mrs. Robert W. Graves, on Eighth avenue, Dr. G. G. Sydnor, officiating.

Attendant upon the bride were the two young sisters of herself and the groom, Misses Estelle Howel and Annie Mary Simmons, while Dr. I. D. Deane, of Newnan, acted as best man to the bride.

No cards were issued, but the prominent connections of both families filled the spacious home with interested guests.

Following the ceremony and informal reception Dr. and Mrs. Simmons left on a brief trip, after which they will return to reside in Rome.

**MEETINGS**

The Atlanta Frances Willard Women's Christian Temperance Union will hold its regular session this afternoon at 3 o'clock in the Sunday school room of Trinity church. H. V. Duke wouldn't live without his mother, and Mrs. Daisy Duke wouldn't live with her. That, according to a divorce petition filed yesterday with Judge Lewis, is the reason for the superior court, explains why Mr. and Mrs. Duke are no longer living together. In the petition Mrs. Duke says she gave her husband the choice of leaving his mother's home or saying good-bye to his mother. Mrs. Duke says she said good-bye. They were married in 1911 and separated only recently. Mrs. Duke asks for a complete divorce.

**TWO ROME FAMILIES HAVE NARROW ESCAPE**

Rome, Ga., April 15.—(Special.)—The families of S. O. Harris and C. E. Abernathy had a narrow escape from death when lightning struck the house occupied by them in West Rome yesterday.

The bolt struck the chimney of the kitchen, and knocked the stove several feet into the air, and the children and household who were gathered about the stove.

James Harris, the 4-year-old child of Mr. and Mrs. Harris, was sitting directly in the path of the bolt and one of his shoes was blown from his foot by his leg severely burned.

# Win Game and Trophy--Two Games Today

Edited By DICK JEMISON

## Crackers Win the Opener, Hitting Forest More Hard; Double-Header Thursday

By Dick Jemison.  
Nine thousand six hundred and eighty-seven persons saw the Crackers win the opening game of the 1914 season at Ponce de Leon park yesterday afternoon, the Nashville Volunteers being the victims.

of the game and the answer to why the Crackers did not score any more runs than they did on 15 hits in the first nine innings. The Crackers had eleven stranded for lack of pinch hitters, while the Vols utilized every one that got on the runways.

**Deat V. More.**  
Elliott Dent and Forest More were the opposing twirlers. The former went along swimmingly in all but one inning, but he went right straight after his parent warning, he lost his "stuff" and the Vols romped on him for five runs and four hits in the sixth and losing the game in the seventh.

**How They Scored.**  
The Vols were the first to count. Williams beat out a slow hit to McCann in the first and advanced a second on Callahan's out and tallied when Sloan singled to center.

**Hard Hitting.**  
Every Cracker got a hit with the exception of Joe Dunn. Joe hit some hard balls, but they went right straight at some member of the opposition.

**Two Games Today.**  
The teams will battle in a double-header this afternoon, postponing the double menu until next visit of the Vols to this city, as first announced.

**Star Player.**  
Red Lench played a grand game at the hot corner for the Crackers, catching a foul up against the grand stand and handling two hard hit balls in splendid fashion.

## 9,687 Fans at First Game; Attendance Trophy Safe; Day Was a Huge Success

By Britt Craig.  
The streets of downtown Atlanta looked deserted after 2 o'clock yesterday afternoon as the adobe dotted avenues of Tampa will be when certain star spangled craft, headed that way in the night, and guns and turn 'em towards the shore.

**Car Service Good.**  
The car service was good; the overflow crowds were handled excellently. Everybody seemed to have a spirit of benevolence in that anatomical vicariness that struck him and even the umpires got along swimmingly.

**Mayor Horis Ball.**  
Mayor Woodward tossed the first ball, thereby officially opening the season for Woodward relatives—preferably grandmothers—and deep-seated grudges against umpires in general.

**Bedlam Loosens.**  
When Mayor Woodward stepped into the slush, two healthy, four-cylinder engines, a college band and the gongs which must not be overlooked.

of a hundred street cars attempted to outrival the vocal outbursts of thousands of fans. The mechanical action, however, awarded slightly more to the same kind of vocal shouting that would be expected of the voice of a Bath House Johnnie at a suffrage convention. Which wouldn't be much, it wasn't.

**Great Parade.**  
And there was another big feature which must not be overlooked. It was the parade of the Ad Men's club of Atlanta, a great affair from the mayor's standpoint.

**Some "First" at Poncey.**

DECLINE IN COTTON MARKET FOLLOWED BY RALLY DAY WAS ERRATIC GRAIN MARKET

In Spite of Good Weather Reports, New Crop Positions Were Relatively Steady—Spot Quiet.

New York, April 15.—An early decline in today's cotton market carried prices into new low ground for the reaction, and May contracts sold off to 12.21, the lowest since the high level of last week. Rallies followed, however, on covering, and in spite of favorable weather reports new crop positions were relatively steady, with the close steady not 1 point lower to 6 points higher.

There was a renewal of old crop liquidation at the opening, and after starting steady at a decline of 2 to 3 points the near months sold 7 to 11 points under yesterday's closing figures. A few spot orders were uncovered on the market, which carried May contracts a point or two under the lowest level reached on the early month reaction and the confidence of trailing buyers was apparently shaken by the absence of bull support, and the unfavorable view of Mexican conditions.

With May selling about 124 points under yesterday's closing, however, houses with English connections were buyers of that position, presumably to avoid scattering the market. The bulk of the top orders had been executed the market turned steeper on covering. Operators who were buying the later positions in some cases, while there was also a considerable amount of selling from street sources around the 11-12 cent level. Closing prices were practically unchanged on the whole, with a few of some 3 or 4 points from the early low level. Reports that arrangements were being made for the purchase of the local stock to southern mills were accompanied by rumors that shipments would be made in the latter part of the month rather than from the certificated stock. Local spot people say that much of the cotton which has failed to pass the inspection bureau represents good spinning value, and that there has been a considerable amount of buying of this material.

These rumors, combined with the increased spot business in Liverpool, probably helped to steady the market, and trading was comparatively quiet on the afternoon rally.

# Rich's Good Morning!

## Curtain Prices Drop Down! Down!

Every curtain in stock is included, and the stock is at its best for Spring.

Any kind of curtain any housekeeper will want for almost any purpose is here.

Savings are 1-5 to 1-3 & More

EXTRAORDINARY curtain selling the last three days. Customers came in, saw the fresh, attractive patterns, noted the "SPECIAL SALE PRICES" and ordered the quantities needed for their different rooms. "Just like that!" When a store gives people what they want at a price lower than they had expected to pay, neither salesmanship nor "hurry advertising methods" are needed. However, our salesmen will gladly show you the different styles—the curtains and prices alone will tell their story of VALUE. Here is part of the detail:

- \$1.15; values to \$1.50.
- \$1.25; values to \$1.75.
- \$1.50; values to \$2.25.
- \$1.95; values to \$3.00.
- \$2.65; values to \$3.50.
- \$3.00; values to \$4.50.
- \$3.50; values to \$5.00.
- \$4.00; values to \$6.50.

Prices climb gradually to \$20 for curtains worth to \$30. In between are many odd lots at greater reductions.

(Curtains—Third Floor.)

## The Second Shipment of This Silk Ratine at \$1

is in, and those customers who have been asking for it will please hurry. For this ratine sells as soon as it hits the counter—and justly. Though seemingly all silk, it has enough cotton woven into it to give body, and to insure washing and wear. It tailors beautifully, drapes delightfully, and is altogether charming for new spring suits and frocks. Blue, gray, wistaria, lavender, rose, pink, light blue and tan. 40 cents.

(Wash Goods—Main Floor, Left.)

## The Last French Steamer Brought Three New Blouses From Paul Poiret

POIRET has brought out a new blouse symbolizing the art of Baker, the Russian artist now lionized in Paris. The blouse is a strange style—quite indescribable. It is made of silk in strange "Futurist" colorings combined with white. It has short sleeves and it is very full. The price is \$9.00.

A corded white crepe blouse has deep suede belt of orange with orange colored buttons down front, and orange chenille on cuffs and collar. A picture blouse at \$9.

A matinee blouse to wear to afternoon dances charmingly combines a tan and white crepe with entredeux work. Green satin belt and Tango tie beaded tassels. Full sleeves, \$9.

Monsieur Paul Poiret authorized the Larymade Waist Co. to reproduce the above waists in this country. Manufacturing in quantities brings the price down to \$9. Paul Poiret designed waists are to be had in Atlanta only at Rich's.

Prices on Sheets, Cases and Spreads are down to bed-rock. Prices have touched bottom. In four days they go back to normal.

## \$12.50 Mattress \$8.75

The equal of any \$12.50 mattress we have seen in the city. 50-pound weight; filled with extra good quality sanitary felted cotton. Finished with French roll edge. Imperial stitched sides. Covered with genuine A. C. A. ticking. French covered satens or highest grade art ticking.

## \$6.50 Mattress \$5.00

Compare this high-grade, sanitary cotton mattress with any you find in the city at \$6.50. It is a full 40-pound mattress, covered with saten or art cretonne ticking and finished with a firm roll edge.

## \$8.50 Mattress \$6.50

Felt cotton mattress, soft and sanitary, saten or art ticking cover, finished with roll edge.

## TRIBUTES ARE PAID TO BUTT'S MEMORY

### Beautiful Memorial Bridge Is Dedicated at Augusta.

### Handsome Bronze Statue Unveiled.

Augusta, Ga., April 15.—Simple but impressive exercises attended the dedication here today of the Butt memorial bridge erected as a tribute to the memory of the late Major Archibald Willingham Butt, aide to former Presidents Taft and Roosevelt, who perished in the Titanic disaster on April 14, 1912.

Former President Taft, a delegation of Masons from the Temple No. 41, Lodge of Washington, of which Major Butt was a member; local Masons and members of the Butt Memorial association, participated in the services, which were held on the handsome new bridge spanning the canal at Fifteenth and Greene streets.

Arrangements had been completed for the dedication to be held yesterday afternoon, but on account of rain it was necessary to postpone the ceremonies until today.

The formal dedication of the bridge was preceded by the laying of a cornerstone with ritualistic ceremonies by the Masons.

Former President Taft, the first speaker, spoke feelingly of his former aide as a "southerner through and through" like to think of him," said Mr. Taft, "as the best type of the new south, with its full flavor of the chivalrous and patriotic sentiment of the old south, strengthened by the trials of war and its consequences, motivated by success in its struggles against obstacles after the war, and turned into the deepest loyalty to the flag by the Spanish-American war, and a sense of a full share in the power and responsibility of the government of the country."

"He was a southerner through and through. He had the tradition of the south deep-seated in his nature. But he had the self-control that enabled him to think rationally, and to be moved by unnoted expressions of prejudice or criticism toward what he held dear, made thoughtlessly, or upon the assumption that he was not a southern man."

The bridge proper is constructed of concrete. At each of the two approaches are two massive lions, carved with entire relief, upon the base shield engraved with the coat of arms of the United States, another with the Georgia coat of arms, and a third with the coat of arms of the Butt family. The four corners of the central arch of the structure, in the center is a bronze tablet bearing the following inscription, which was written by former President Taft:

"In honor of Archibald Willingham Butt, born in Augusta, Ga., September 26, 1865."

"Graduated University of the South, 1888."

"Served in United States army, trusted aide-de-camp to two presidents."

"Major Butt went to his death on the steamer Titanic after the rescue of the women and children from that ill-fated vessel April 14, 1912."

"In memory of his noble and lovable qualities as a man."

"His courage and high sense of duty as a soldier."

"His loyalty and efficiency as a public servant."

"His fellow citizens of Augusta dedicate this bridge."

An unexpected feature of the day's exercises was the presentation to the citizens of Augusta of another handsome memorial of the late Major Butt, a bronze statue, the work of Mr. J. L. K. Brown, a well-known master of the Washington Masonic lodge, in the form of a life-size copper reproduction of Major Butt.

At 3 o'clock yesterday afternoon, immediately after the laying of the cornerstone, a band set up in the lobby of the Bon Air hotel, where the entire party and many other visitors for the memorial exercises are stopping, and was adorned by thousands of people. This morning it was removed to a location near the bridge, and was conspicuously a part of today's exercises.

## ATLANTA'S STRIDES FROM DAY TO DAY

Announcement was made yesterday of the proposed erection on Peachtree street of the south's most elaborate moving picture theater by Pete Mion at a cost of \$25,000.

It will be located near Poplar street on the property now occupied by the building formerly tenanted by the old Sanitary Barber Shop concern. Plans have been completed and work will begin May 1.

The new theater will have a seating capacity of 750, and will run from Peachtree to Broad streets. A ten-year lease has been taken on the property by Mr. Mion from the Hummick estate.

A feature of the entrance will be a deep rotunda, 20 feet in space and 30 feet high, designed along the Corinthian style.

Five thousand dollars, Mr. Mion announced, will be spent on the rotunda and entrance. A huge electrical effect—one of the biggest in operation in the south—will be installed on the exterior. The lighting effect of the entrance will also be another marked feature.

The entire exterior and rotunda will be done in Bookwood tile. The interior will be designed in Byzantine. The balconies will extend along the walls and will be accessible from both Broad and Peachtree street entrances.

A feature of the entrance will be a deep rotunda, 20 feet in space and 30 feet high, designed along the Corinthian style.

Huge electric signs erected especially for the event are being hoisted over the streets and upon skyscrapers, and the downtown decorations are adorning the interior of downtown congregation places.

Business houses are making daily toilettes with hose and sandstone and paint.

The terminal station plaza will be one of the best lighted spaces during the convention. Plans have been made to place a fountain, and the lighting fixtures that will make the spacious plaza a place without a shadow.

The clean up and paint a real estate sale was completed Wednesday, when B. M. Grant & Co., sold 77 Broad street building for a consideration of \$38,500.

The property fronts 22 feet on Peachtree street and is 100 feet deep. It holds a two-story brick building.

## CHOLERA IS FEARED FROM PANAMA CANAL

Boston, April 15.—Fear that the opening of the Panama canal may be the cause of a cholera epidemic is being expressed today by Dr. Richard P. Strong, head of the Harvard school of tropical medicine.

Dr. Strong was formerly at the head of the government biological laboratory in the Philippines and later became prominent in his work in combating the pneumonic plague in Manchuria.

Another cholera epidemic is feared from the spread of tropical diseases by traffic through the Panama canal, he said, because of the world-wide redistribution of yellow fever and cholera which will cause great commercial loss, was expressed today by Dr. Richard P. Strong, head of the Harvard school of tropical medicine.

## ATLANTA'S STRIDES FROM DAY TO DAY

Announcement was made yesterday of the proposed erection on Peachtree street of the south's most elaborate moving picture theater by Pete Mion at a cost of \$25,000.

It will be located near Poplar street on the property now occupied by the building formerly tenanted by the old Sanitary Barber Shop concern. Plans have been completed and work will begin May 1.

The new theater will have a seating capacity of 750, and will run from Peachtree to Broad streets. A ten-year lease has been taken on the property by Mr. Mion from the Hummick estate.

A feature of the entrance will be a deep rotunda, 20 feet in space and 30 feet high, designed along the Corinthian style.

Five thousand dollars, Mr. Mion announced, will be spent on the rotunda and entrance. A huge electrical effect—one of the biggest in operation in the south—will be installed on the exterior. The lighting effect of the entrance will also be another marked feature.

The entire exterior and rotunda will be done in Bookwood tile. The interior will be designed in Byzantine. The balconies will extend along the walls and will be accessible from both Broad and Peachtree street entrances.

Huge electric signs erected especially for the event are being hoisted over the streets and upon skyscrapers, and the downtown decorations are adorning the interior of downtown congregation places.

Business houses are making daily toilettes with hose and sandstone and paint.

The terminal station plaza will be one of the best lighted spaces during the convention. Plans have been made to place a fountain, and the lighting fixtures that will make the spacious plaza a place without a shadow.

The clean up and paint a real estate sale was completed Wednesday, when B. M. Grant & Co., sold 77 Broad street building for a consideration of \$38,500.

The property fronts 22 feet on Peachtree street and is 100 feet deep. It holds a two-story brick building.

## CHOLERA IS FEARED FROM PANAMA CANAL

Boston, April 15.—Fear that the opening of the Panama canal may be the cause of a cholera epidemic is being expressed today by Dr. Richard P. Strong, head of the Harvard school of tropical medicine.

Dr. Strong was formerly at the head of the government biological laboratory in the Philippines and later became prominent in his work in combating the pneumonic plague in Manchuria.

Another cholera epidemic is feared from the spread of tropical diseases by traffic through the Panama canal, he said, because of the world-wide redistribution of yellow fever and cholera which will cause great commercial loss, was expressed today by Dr. Richard P. Strong, head of the Harvard school of tropical medicine.

## TO KEEP 'KIRKMAN' FOR 'TRUST' TRIAL

### McReynolds Insists on Retaining District Attorney for a Time When West Presents Name of Hitch.

Washington, April 15.—(Special.)—Attorney General McReynolds told Senator West today he would insist that Alexander Kirkman be retained in the office of district attorney for the southern district of Georgia until after the trial of the case against the American Naval Stores company, sometimes called the naval stores trust.

This case is set for May 18, and there is discussion how much time it will consume.

Senator West presented the name of R. M. Hitch of Savannah for appointment. Mr. McReynolds made the same point against Captain Hitch that he had against Pratt Adams. He demanded that Mr. Hitch resign from the law firm of Hitch & Denmark, because of the firm's connection with small railroads and other corporations.

"There is no reason to fear that Mr. Denmark will attempt to tamper with his present law partner about the latter enter the government service as district attorney," said Senator West.

In view of the objections urged, Senator West also presented the name of A. R. Crum, of Columbia, S. C., and S. S. Sausay, of Savannah, as alternates for the appointment.

"Did you present them in that order?" he was asked.

"I didn't mention any particular order," he replied, "but presented the three names for the consideration of the department."

Senator Smith was asked to object if he would offer any objection to the nomination of Mr. Hitch.

"I do not object to the arrangement I had with Senator Bacon in regard to south Georgia appointments," he said, "but I do not know the situation," said Senator Smith. "However, I have no objection to Captain Hitch."

## REPUBLICANS NOMINATE HOOPER FOR GOVERNOR

### First to Have Three Successive Terms Since the War, if Elected.

Nashville, Tenn., April 15.—The republican state convention today re-nominated Ben W. Hooper for a third term as governor. It elected him to be the first governor who has had three successive terms since the civil war. The convention endorsed Judge Sam C. Williams, independent democrat, appointee of Governor Hooper, to succeed himself.

The national committee plan for changing the representation was rejected. The national prohibition amendment was endorsed.

## FRAUDS CHARGED TO WANAMAKER'S STORE

Philadelphia, Pa., April 15.—An investigation by a federal grand jury today when the jury made a report to the United States district court recommending that the government prosecute the case of Wanamaker's store, because of alleged irregularities in the importation of goods.

The report of the jury stated that "the investigation has concerned importations made by Wanamaker's during a period of upwards of thirteen years, both in general merchandise and in special goods."

The report further states that "in March, 1909, the government paid the duty on \$100,000 in settlement of the civil claim for unpaid duties arising from the irregularities in the importations of merchandise, but that alleged irregularities concerning certain imports of personal goods were unknown to the government at the time of settlement, and therefore should be recovered."

## The Virtues of the Poor.

It is so easy to account for the faults of the poor, and in so-called simple cases, are unaccountable. We find many cases of heroism, in their struggle against desperate odds. The generosity of the poor is proverbial, and seems to be in inverse proportion to their possessions.

It is a common thing to find a family living up one of their roofs, who is doing with liberal ease. It is not unusual for one or more wails to be merged into a family, even though the poor quality of their clothing is already insufficient.

Over the years these things come over me as I write these things that always overwhelm me when I look out upon an audience of well-dressed, well-fed, well-housed people, and note the stream of silk and the splendor of jewels. How can we put the story of Poverty's Children into the vocabulary of these Children of the Sunshine?

## JUNIPER ST. HOME

We venture to say that there have been fewer places sold on Juniper street than on most other good residence streets.

There have been fewer places offered for sale on Juniper street than on most other good residence streets.

The fact that property on Juniper street is "most desirable" is self-evident.

Once in a while a reasonably-priced home on Juniper street is offered for sale.

We are offering No. 305 Juniper street (near Eleventh street) for \$7,000. Terms.
