## MORE AMERICANS KILLED BY VERA CRUZ "SNIPERS"

#### VERA CRUZ QUIETED BY SHARP SHELLING AND GALLANT WORK OF THE BLUEJACKETS

Six Americans Killed and About Thirty Wounded in Wednesday's Fighting. Mexicans Fought From Houses.

#### SHELLS FROM THE SHIPS DROPPED ON THE ROOFS TO STOP THE "SNIPERS"

Mexican Loss Reported as Very Heavy—Several of the Buildings From Which the Mexicans Fired Were Demolished by Shells From Ships.

Vera Cruz, April 22.—Six Americans killed and about thirty wounded marked the complete investment of Vera Cruz at noon today by the United States forces.

Rear Admiral Frank F. Fletcher has taken up headquarters at the Terminal hotel. The entire city is strongly patrolled and quiet prevailed tonight. Rear Admiral Fletcher is in command of the land operations, while Rear Admiral Badger, commander-in-chief of the Atlantic fleet, has brought his flag into the harbor on the Minnesota.

After the general advance began this morning, Mexican sharpshooters on the roofs put up a stubborn resistance. There was one brisk action, guns of the Prairie and Chester assisting in silencing a heavy fire from the naval college. Shells from the Prairie finally shattered its walls.

#### MEXICAN LOSS VERY HEAVY.

The number of Mexicans killed yesterday is estimated at 150, with many wounded. The Mexican loss today is not known, but is thought to be heavy.

The paymaster of the British cruiser Essex, Albert W. Kimber, was wounded on board his ship by a "sniper" ashore.

The British bluejackets crowded to the bows and vociferously cheered the American marines as they proceeded inshore for the landing.

The flags on the Essex and Fortress were half-masted and the dead were carried to the boats.

Rear Admiral Badger has not decided whether to proceed to Tampico, and it is believed his departure will be delayed. An indication of this is found in the fact that his flagship has entered the harbor.

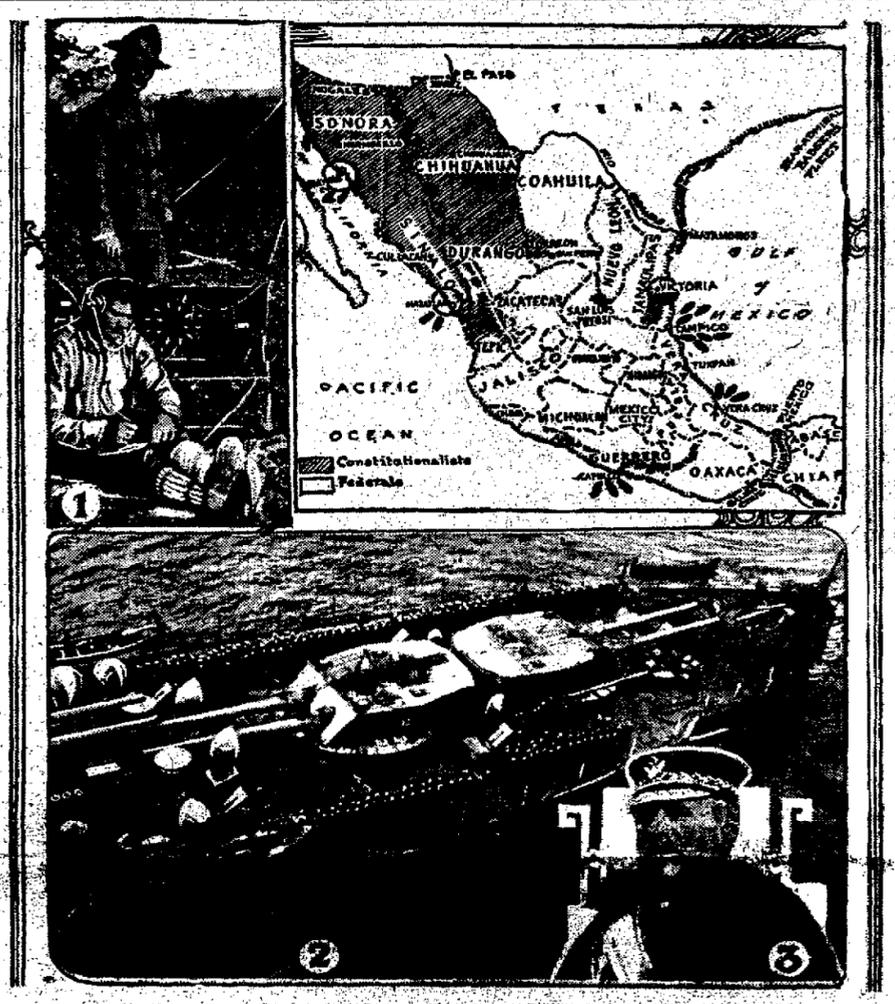

Major Smedley D. Butler, with marines from the Prairie, made a sortie up the railway for a considerable distance late today.

Rear Admiral Fletcher's staff is composed as follows: Chief of staff, Captain Harry McL. Huse; adjutant general, Commander Stone; quartermaster, Lieutenant Commander Edward C. Kallibus; brigade engineer, Naval Constructor Richard D. Gatewood; ordnance officer, Lieutenant Albert M. Cohen; aid and secretary, Lieutenant George M. Courts; ensigns, Dood and Hery; brigade mess, Middleton S. Elliott; brigade laundry, Paymaster Christian J. Peoples.

#### MARINES FACED HEAVY RIFLE FIRE.

Rear Admiral Fletcher at 8:30 o'clock in the morning ordered a general movement for the occupation of all the town. A bluejacket column advanced and passed the uncompleted market place and naval college. When they reached the walls of the college a terrific rifle fire was poured in all directions from the roof and windows. The bluejackets, helpless to return the fire against the stone walls, scattered. The Prairie, Chester and San Francisco opened their five and six-inch guns and shattered the walls. The bluejackets formed again and advanced against the fire, which had diminished. By 10 o'clock there was only desultory firing from the inshore end of the town. Battalions of bluejackets made their way along the water to the southern end of the town. Several streets, but the only one from houses continued at intervals. The scout cruiser Chester pounded buildings on the outskirts with six-

General Leonard Wood will head the army of invasion in event of the necessity of ordering United States forces across the border. Secretary of War Garrison has made this official announcement on account of the army age limit. The sailing of the United States submarine North Dakota for Mexican waters will prove of decided aid to Rear Admiral Badger. She will be followed shortly by the New York.

#### How Our Hospital Facilities Fall Down

No words could be added to or subtracted from the following self-explanatory table:

MUNICIPAL HOSPITAL BED CAPACITY IN 1913.			
Atlanta, Ga., population.....	200,000	Bed capacity.....	200
Augusta, Ga., population.....	45,000	Bed capacity.....	275
Worcester, Mass., population.....	165,000	Bed capacity.....	300
St. Paul, Minn., population.....	225,000	Bed capacity.....	400
Louisville, Ky., population.....	230,000	Bed capacity.....	450

Atlanta is in a class with all these cities. Proportionately, she is wealthier than any of them. She does less for her sick.

#### Over Twenty-Five Thousand Dollars Will Be Given Away In Constitution's Campaign

The Constitution is paying more than \$25,000 for automobiles, self-play pianos, cash prizes, etc., with the idea of distributing them to the winners of a contest for subscriptions. All that is asked of those who desire to participate in this distribution is to obtain paid-in-advance subscriptions to the Constitution. Upon each subscription free votes are given in number according to the length of time for which the subscription is run. The prizes will be given to those who gather the largest number of votes before the contest closes on June 27, 1914. To those who become interested and do not gather enough votes to win one of the magnificent listed prizes, will be paid cash awards. Every energetic contestant who enters this contest and puts forth the proper efforts will win some kind of a prize.

Two Divisions. The Constitution has divided its territory into two divisions, No. 1 and No. 2. Each division has a list of prizes. The prizes themselves have been divided into five districts, four districts in No. 1 and one in No. 2. Prizes have been provided for the two grand divisions.

#### Carranza Promises to Punish Huerta And Urges Wilson to Order Cessation Of the Fighting at Port of Vera Cruz

Chihuahua, Mexico, April 22.—Replying to a telegram from Secretary Bryan, at Washington, General Carranza today telegraphed that the United States is not justified in occupying Mexican territory.

"The invasion," says the letter, "will drag us (Mexico) into an unequal war with dignity, but which, until today, we desired to avoid."

The unofficial translation of the text of the letter follows: "United States Consul J. C. Carothers: In answer to the message of Mr. Secretary of State Bryan, which was communicated to me through you, please transmit to the said Mr. Bryan the following note addressed to Mr. President Wilson:

"Awaiting the action of the American senate on your excellency's message, directed to said body, caused by the lamentable incident which occurred between a crew in a whale boat of the cruiser Dolphin and the soldiers of the usurper, Huerta, certain acts of hostility have been executed by the naval forces under command of Admiral Fletcher at the port of Vera Cruz, and in the face of this violation of national sovereignty, which the constitutionalist government did not expect from a government that had reiterated its desire to maintain peace with the Mexican people, I comply with the duty of elevated patriotism in directing this note to you, with a view to exhausting all honorable means, before two friendly nations sever the pacific relations that still unite them.

#### O'Shaughnessy Told to Leave

Washington, April 23.—Nelson O'Shaughnessy, the American charge at Mexico City, has been handed his passports by General Huerta and is preparing to leave Mexico City.

Charge O'Shaughnessy telegraphed the state department under date of Wednesday night as follows: "Having been given my passports, I am leaving tomorrow night or Friday morning."

The message was given out at 3:20 a. m.

#### Mexic Situation Stirred To New and Acute Crisis By Demand of Carranza

Washington, April 22.—General Carranza's note to President Wilson declaring the seizure of Vera Cruz by American forces a violation of the national sovereignty of Mexico, inviting the United States to suspend hostile operations and withdraw its forces, and suggesting that the constitutionalist government should receive demands for reparations of offenses committed by Huerta, stirred the Mexican situation to a new and acute crisis tonight.

Opposition to the American government's action coming from an unexpected quarter after the Washington administration had hoped for an attitude of neutrality from constitutionalists, brought the government face to face with possible hostility from the great body of Mexican forces lying in proximity to the southern border of the United States.

#### 800 COFFINS PLACED ON ARMY TRANSPORTS

Galveston, Texas, April 22.—Eight hundred coffins today were taken aboard the army transports here, which are stocked and ready to carry the Fifth brigade of the United States army to Mexico if the war department so orders. It was learned tonight that the transports carry two months' supplies for the 4,800 men of the Fifth brigade, the stores of provisions having been included at the last moment. At first plans were made to put aboard only about thirty days' provisions.

It was stated tonight that from eighteen to twenty-four hours would be required to make the transports ready to sail. The men and camp equipment could be taken aboard in a few hours.

The three torpedo boat destroyers, Flusser, Preston and Reid, which arrived here yesterday, took on coal today. The destroyers are to convoy the transports in case of sailing.

Evidence of the watchfulness of army headquarters here for emergencies was seen during the day in orders to steamships here or inquiries about their availability for war service.

Lieutenant Commander Denso Mori, of the Japanese navy, who arrived here today from Tampico, said he found the transport accorded Japanese in Mexico satisfactory. He made a trip of inspection in several parts of Mexico.

#### BRANDS HUERTA AS-USURPER.

"And the Mexican nation, the real people of Mexico, have not recognized as its executive a man who had pretended to launch a blunder on its national integrity, growing in blood its free institutions, consequently the acts of the usurper Huerta and his accomplices do not signify legitimate acts of sovereignty, they do not constitute real public functions of interior and exterior relations, and much less do they represent the sentiments of the Mexican nation, which are of co-fraternity towards the American people.

"The lack of representative character of General Victoriano Huerta, as concerning the relations of Mexico with the United States, as well as with Argentine republic, Chile, Brazil and Cuba, had been clearly established with the justifiable attitude of these nations, who have refused to recognize the usurper, in this way lending a valuable moral support to the noble cause I represent.

"The usurped title of the president of the republic cannot invest General Huerta with the right to receive a demand for reparation on the part of the United States, nor the right to grant a satisfaction as due.

"Victoriano Huerta is a culprit who is amenable to the constitutionalist government, today the only one under the abnormal circumstances of our nation.

It spread over the top of her head in a solid crust. When dry it looked like white bran and it annoyed the baby a great deal. She did not rest well at any time while affected.

Like white bran and it annoyed the baby a great deal. She did not rest well at any time while affected.

I used Cuticura Soap and Ointment and made washes of different things and all failed to cure her head. It would look a little better at times and after I would wash and bathe her head it would look like dandruff and when dry it looked rough and scaly. Nothing did any good until I tried Cuticura Soap and Ointment. I used three cakes of Cuticura Soap and two boxes of Cuticura Ointment and could tell they helped her the first time I used them. My other baby did not get so bad as I knew what to do first without experimenting. They both had letters of the scalp and were cured with Cuticura Soap and Ointment." tribunals of the constitutionalist government. The individual acts of Victoriano Huerta never will be sufficient to involve the Mexican nation in a disastrous war with the United States, just as there is no solidarity whatsoever between the so-called government of Victoriano Huerta and the Mexican nation. "Moreover the invasion of our territory and the permanency of our forces in the port of Vera Cruz are a violation of the rights that constitute the sovereignty and will drag us into an unequal war with a dignity which we would today desire to avoid.

ACTS AT VERA CRUZ OFFENSIVE TO MEXICO.

"In the face of the real situation through which Mexico traverses, weak more so than ever after three years of bloody strife and compared with the formidable power of the American nation in considering the acts committed at Vera Cruz as acts highly offensive to the dignity and independence of Mexico, it is our duty to our reiterated declarations of not desiring to sever the state of peace and friendship with the United States, and in contradiction also with the resolution of the American senate which already has been passed, the United States does not assume against the Mexican people, neither do they propose to take any action, considering also that the hostile acts already accomplished exceed those exacted by our own existence, which may be considered as satisfied.

WANTS CESSATION OF HOSTILITIES.

"It not being on the other part, the desire of Mexico, to constitute a reparation, I interpret the sentiment of a great majority of the Mexican people, which is so jealous of its rights and respectful of foreign rights, I invite you solemnly to suspend the hostile acts already initiated, ordering your forces to evacuate all places which they hold in their power in the port of Vera Cruz, and to formulate before the constitutional government, which I represent as constitutional Mexico, the demand for the acts which originated at the port of Tampico in the security that the demand will be considered in a spirit of elevated justice and conciliation.

CARRANZA'S BRYAN'S LETTER TO CARRANZA.

The letter from Carranza was inspired by the following to him from Secretary Bryan: "I do not desire any resolution that could be construed as authorizing the United States to take all the acts and all that will be given as a resolution declaring he is justified in his demand will be considered in a spirit of elevated justice and conciliation. The constitutionalist governor of the state of Coahuila and first chief of the constitutionalist army."

What Will Happen When We Invade MEXICO

By a remarkable piece of editorial luck, which happens to a magazine once in a lifetime, the May METROPOLITAN, out today, contains a vivid and timely description of the battle of La Cadena by John Reed, our war correspondent, who was the only American to witness this fight between the Rebels and the Federals. It is the first genuine pen picture of the Mexican soldier in battle, and it is also the first opportunity you have had to picture in your mind the kind of fighting our soldiers will face in their march on to Mexico City.

The story of the battle is illustrated with photographs taken by John Reed in Mexico. We missed a bunch of action pictures, as Reed's camera was smashed in a run for his life, which he describes, in part, as follows:

"I ran on—ran and ran and ran, until I could run no more. Then I walked a few steps and ran again. I was sobbing instead of breathing. Awful cramps gripped my legs. I ran. I wondered what time it was. I wasn't very frightened. Everything was so unreal. It just seemed to me that if I didn't get away I wouldn't be doing my job well. I kept thinking to myself, 'Well, this is certainly an experience. I am going to have something to write about.'"

Don't miss this story. Go to the nearest newsstand today and get a copy of the May METROPOLITAN. It is sure to be sold out within a few days, and as the June number is now on our presses it will be impossible for us to print any more copies.

# PENROSE ATTACKS HIS OWN COUNTRY

## And Expresses Sympathy for Huerta—He Calls the Mexicans a Naked and Helpless People.

Washington, April 22.—The action of the American government in the Mexican situation has been such as to invite the contempt of the civilized world for the state department and the executive office, according to a statement of Senator Penrose on the floor of the senate, when that body convened today.

cheap demagoguery, and Senator Shafer, who is something of which he should be ashamed.

Senator Penrose's statement arose out of Senator Reed's criticism of his "sterning" at the offer of Spanish war veterans in Colorado to enlist for service in Mexico.

"I expected cheap political capital to be made out of this wicked and unnecessary warfare on a defenseless people," said Senator Penrose.

"For months American citizens were murdered in Mexico and their property despoiled without the least attention being paid to it by this government. I doubt whether there has been such a contemptuous indifference manifested toward the interests of its own citizens in the history of the world."

"And now with the guns of fifteen battleships trained on a defenseless city, shooting at a naked and helpless people, we have the senator from Colorado appearing before the senate with this show of mock heroism."

"The patriotism of the volunteers from Colorado would stand a better test than that of the senator from Pennsylvania," retorted Senator Reed.

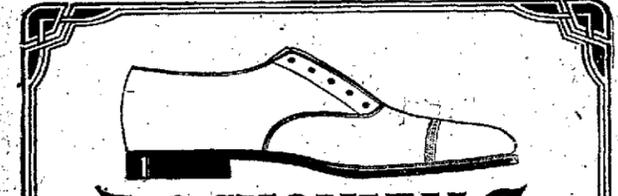

Senator Shafer declared Senator Penrose should be ashamed of the inconsistency of voting for the resolution justifying the president's course and then within ten hours criticizing the president's action.

The senate adjourned at 1:55 until noon tomorrow.

# BLOODY WORK BEING DONE IN COLORADO LABOR WAR

## TERRIBLY SORRY, DECLARES WILSON

Washington, April 22.—"I'm sorry, terribly sorry," declared President Wilson today when news of the fighting at Vera Cruz reached him. He had hoped that the city might be occupied by American marines without loss of life.

His Head Bowed.

As the president came to his office his head was bowed and his face was a study in deep feeling. He has determined, however, there shall be no backward step. He is trying to avert war and prevent further bloodshed, but he realizes that the American people want to see the dignity of their flag upheld.

Passage of the resolution in congress has given the president the feeling that he is justified in proceeding with aggressive steps, but he wants to have the full effect of the seizure of Vera Cruz impressed upon Huerta in the hope that he may be brought to terms without plunging further into armed conflict.

To Parents of the Killed.

Letters expressing the profound sorrow of President Wilson and Secretary Daniels at the deaths of the four sailors and marines at Vera Cruz yesterday were dispatched today by the secretary of the navy to the parents of the men.

Mr. Daniels wrote to each:

"This morning's dispatches from Vera Cruz, conveying the distressing news that your son was in the first line to give his life for his country, saddened all America as the tragedy brings gloom into your home."

"My feeling and the feeling of the president to you in this sad hour was expressed by President Lincoln when on November 21, 1864, he wrote to Mrs. Babby, of Boston, whose five sons gave their lives fighting under the American flag."

"I feel how weak and fruitless must be any words of mine which should attempt to beguile you from a less so overwhelming. But I cannot refrain from tendering to you the consolation that may be found in the thanks of the republic they died to save. I pray that our heavenly Father may assuage the anguish of your bereavement and leave you only the cherished memory of the loved and lost and the solemn pride that must be yours to have laid so costly a sacrifice upon the altar of freedom."

# STOP SWEETS IF KIDNEYS WORRY YOU

## Take Buchu Mixed With Juniper If Your Back Hurts or Bladder Troubles You.

No man or woman who eats sweets or sugar or candy regularly can make a mistake by flushing the kidneys with Buchu mixed with Juniper, a well known authority.

When the urine becomes cloudy, the bladder irritated, when you have an unusual flow of urine, scalding, dribbling, straining, or too frequent passage from the bladder—your head and back aches—your ankles or eyelids are swollen, spots before the eyes, leg cramps, shortness of breath, sleeplessness and despondency, dizzy spells, and if weather is bad you have rheumatism, try the following: Get from any reliable druggist a 14-oz. bottle of Stewart's Buchu and Juniper Compound. Take a spoonful after meals. Drink plenty of water. Better drop the use of sugar and sweets. In a day or so your kidneys will act fine and nature Stewart's Buchu mixed and compounded with Juniper has been used for years to clean out impurities from the kidneys and bladder, also to neutralize the uric acids in the blood and urine so it no longer irritates, thus ending all kidney and bladder weakness and curing Diabetes. Stewart's Buchu and Juniper is a fine kidney and bladder restorer and has helped thousands of sufferers when most every other medicine failed to help or cure.—(adv.)

# ALL COLORADO TROOPS ORDERED TO THE SCENE

## Reported That the Strikers Sealed Up Mine in Which Several Persons Had Taken Refuge and Then Applied the Torch.

Denver, Colo., April 22.—Every branch of service in the Colorado national guard tonight at 10:50 o'clock, was ordered to entrain for Trinidad at once. Lieutenant Governor Stephen R. Fitzgerald issued a call for a special session of the state legislature to convene at the instance of the militia in the strike zone, to meet in Denver on or before May 4.

Trinidad, Colo., April 22.—Six mine employees dead and two missing, three men, two women and a baby reported to be entombed in a burning mine; several mining camps destroyed and others riddled with bullets; less than two hundred militiamen and company guards confronting an army of striking coal miners estimated by strike leaders at more than four hundred—this was the situation when the sun set on the third red day in the southern Colorado labor war.

The list of dead on the side of the coal operators as the result of the day's fighting, as near as could be estimated, was:

William Waddell, superintendent of the Empire mine of the Southwestern Fuel company.

John Church, engineer of the Empire mine.

Unidentified miner killed at Empire.

David Donovan, carpenter at the Delagua mine of the Victor-American Fuel company.

Fred Dougherty, guard at Delagua, found dead in the hills late today.

Carl Johnson, employed at Delagua.

Felix Gonzales and Joe Chavez, guards at Delagua, still are missing, and were supposed to be dead somewhere in the hills above Hastings camp.

A persistent but unconfirmed report had it that J. W. Siple, manager of the Empire and Southwestern mines of the Southwestern Fuel company, which had been sealed in the Empire mine, which then had been set on fire by strikers.

One Striker Killed.

Strike leaders tonight asserted that only one of their fighting men had been killed during the day's battle and that one had been reported wounded.

According to reports received by the military authorities, the fighting at Delagua, was participated in by the same number of strikers.

The firing at Delagua began soon after daybreak, with a clash between fifteen guards and a large body of miners. This fight occurred in the hills east of or two from the camp where the guards are declared to have gone to meet the approaching strikers. There was not fighting at close range for a few minutes and then the guards retreated toward the camp, the pursuing strikers at their heels. The strikers reached the crest of the canon directly above the camp, then rushed for the mine buildings.

Dynamite Was Used.

Mine company reports declared that in this run dynamite was exploded by the attacking party.

A party of militiamen, hastily sent from Ludlow in steel cars reinforced the guards and after heavy fighting the strikers were driven back.

Shortly afterward a party of strikers appeared in the Aguilar district, separated from the Hastings-Delagua canon by a high range of hills. The assailants of Delagua in the meantime had vanished in the direction of Aguilar. The attacks on the Aguilar mines followed.

Trinidad was a scene of tense excitement tonight. The saloons should be closed by order of the city council, but throngs of men still congregated on the streets. Labor headquarters were jammed with strikers, many of them, and the crowd overflowed the sidewalks.

Many women and children from the Ludlow tent colony were in Trinidad and in the city fields of southern Colorado and the clash between strikers and militia at Ludlow, Colo., today, called forth comment in both senate and house.

"I fear," said Senator Thomas, "that the keen desire of young Americans to go to war before many months will find satisfaction, and unless society finds some way of putting down the troubles between capitalists and labor, Mexico will not be the only country torn by internal warfare."

In the house, Chairman Foster, of the house committee, which investigated the Colorado coal strike, told of conditions in the strike zone. Representative Seldomridge of Colorado, said that conditions were intolerable. He charged that because of financial conditions of the state, Governor Ammons had failed to provide for the strike field, "until he consults the bankers and clearing houses to get funds."

# WILSON ASKS \$500,000 TO ASSIST AMERICANS

Washington, April 22.—President Wilson today sent to congress a message asking for an immediate appropriation of \$500,000 to be used to bring Americans now in Mexico back to their homes in the United States. The message was referred to the appropriate committee.

The message follows:

"In view of the exigency created by the existing situation in the republic of Mexico, I recommend the immediate passage by the congress of an act appropriating \$500,000 or so much thereof as may be necessary, to be placed at the disposal of the president, for the purpose of providing means to bring to their homes in the United States American citizens now in Mexico."

Later the house voted the \$500,000 without delay.

# HUERTA SCHEMED FOR INTERVENTION

Washington, April 22.—That General Huerta deliberately planned the arrest of American bluejackets at Tampico and other offenses against the United States with a view to bringing on armed intervention, and uniting all the Mexican factions behind him, was the substance of a letter received by a high government official today from an authoritative source in Mexico City.

# SHOT AT AMERICAN SAILORS

Galveston, Texas, April 22.—American sailors were fired upon by a Mexican gunboat at Tampico on the early today after a night of wild excitement. This morning more than two thousand refugees came to the American side of the Rio Grande for protection.

General Guajardo's forces are now camped at Puentes, three miles south of Piedras Negras, waiting for trains to transport them to Saltillo. All federal forces have been ordered

When the revolutionists attacked Tampico a few days ago the Wylie was lying in the river in the firing line between rebel and federal gun, with steam out. She cut loose, drifting out of danger. One of her lifeboats shows the marks of bullets. Drifting downstream, the Wylie passed several barges upon which women and children had taken refuge. The Wylie's crew took the refugees aboard.

# MARSHALL DEFENDS COURSE OF WILSON

Jacksonville, Fla., April 22.—Outlining and approving the course of President Wilson in the present crisis with Mexico, Vice President Marshall tonight addressed the Jacksonville Board of Trade.

The attitude of the United States, said he, was one of reprisal, not of war. The vice president likened it to the action of a big man taking the hat of a much smaller individual as a penalty for some offense of the latter.

"When any foreign power, real or de facto, interferes with the flag there should be action," said he and the audience loudly applauded.

"I would spend, if necessary, every American dollar to save a human life, if such was necessary, but I would not spend a single American life for all the American dollars that are invested in Mexico."

Vice President Marshall stopped here en route to Fort Myers, Fla., where he will attend the meeting of the Florida State Press association. He is accompanied by Mrs. Marshall.

# "DEATH TO GRINGOS" SHOUT THE MEXICANS

Eagle Pass, Texas, April 22.—Piedras Negras, opposite Eagle Pass, was evacuated by the federal forces early today after a night of wild excitement. This morning more than two thousand refugees came to the American side of the Rio Grande for protection.

General Guajardo's forces are now camped at Puentes, three miles south of Piedras Negras, waiting for trains to transport them to Saltillo. All federal forces have been ordered

by General Maas to concentrate at Saltillo to "repel the American invasion." Last night when the people of Piedras Negras learned the American marines had occupied Vera Cruz, a dozen recruiting offices were opened and arms issued to volunteer companies as fast as organized. More than 1,200 volunteers, it was said, enlisted during the evening.

Crowds formed and marched through the streets shouting "Death to the gringos" until the cry became a chant in every street.

Excitement became intense and then came the announcement that General Guajardo was preparing to evacuate the town. In a few minutes the excitement had died down and the rush for the American side of the river began. The new volunteers who had just been proclaiming their intention of fighting the Americans soon were sending their families to the American side for protection.

## The New Piano Store Has Its Formal Opening Today

### Will You Wear a Red Carnation With Us?

The months of planning and studying, perhaps of dreaming, are over. The Piano Store is a realization! Today and hereafter it is at your service.

### Your Service

Such is the underlying principle, the very reason for its existence.

It marks the beginning, in the South, of selling Pianos in a department store, although it is a well established business in the North and East.

We shall make it easy for the people of this vicinity to buy pianos!

Simple, straightforward methods! Chamberlin - Johnson - DuBose Co. methods applied to the piano business!

Being but one of many departments of a big store we can effect economies that the exclusive piano store cannot. Our selling costs will be lower.

Treating pianos as we do all other merchandise, we can afford to sell them on a smaller margin of profit.

And they will be sold on convenient terms as can be arranged with the manager of the department, J. B. Cleveland.

All of which tends to make pianos easier for you to buy. Today, then, the opening, with a splendid array of

Face to Face Courtesy

GOOD Telephone service depends largely upon mutual courtesy. The telephone is more useful to those who talk as if face to face, for civility removes difficulties and facilitates the promptest possible connections.

As in other intercourse, it often happens that two or more people wish to talk with the same person at the same time. Without courtesy confusion is inevitable, and the confusion is greater when the people can not see each other.

The operators must be patient and polite under all circumstances, but they will do better work if they meet patience and politeness on the part of telephone users.

The Bell Telephone service enters intimately into the social and business life of each individual. The best results come through the practice of mutual courtesy.

inch shells, firing over the heads of the men ashore and showing almost perfect marksmanship.

The general movement from all the positions taken yesterday began in the direction of the main plaza.

Marines, under Lieutenant Colonel Wendell C. Neville, moved to the southward along parallel streets toward the center, while marines commanded by Lieutenant Commander Buchanan, of the Florida, and Lieutenant Commander Arthur E. Keating, of the Arkansas, were ordered from their positions east of the center toward the plaza.

The two forces swung forward with a rush for a distance of three blocks.

SHELLS FROM SHIPS CLEARED THE ROOFS.

The machine gun and rifle fire was supplemented by shell fire from the smaller guns of the Prairie and Chester. The ships' guns supported the movement of clearing the roofs to the south and east, occasionally dropping a shell a few hundred yards in advance.

Buchanan's men, under direct command of Lieutenant Guy W. O. Castle, moved forward to a position one block directly east of the plaza. Other detachments occupied positions to the north and west of the main plaza, and bluejackets dragged light field pieces, but there was little work for them.

There was no organized resistance, but from the beginning of the advance a smart fire came from defenders on housetops, which invariably drew the merciless fire from the advancing parties. The machine guns sounded their

"tap tap" in all quarters, and American sharpshooters, posted at street corners and other points of vantage, picked off at will any man who appeared to them acting suspiciously.

Urged by Rear Admiral Fletcher the city began returning to its normal civil government under its local officials.

The gradual cessation of hostilities was brought about through notes sent by Consul W. W. Canada to the mayor, the jefe politico or chief federal civilian official, the chief of police and other officials, calling upon them for their co-operation.

The chief point from which the Mexicans fired was in the central part of the city. From the Dilligencia hotel the sharpshooters directed a most troublesome fire.

Captain William Rush, commander of the battleship Florida, had received orders not to effect any advance, but to hold the positions he had taken yesterday.

3,000 MARINES IN VERA CRUZ.

Captain Rush had under his orders ashore nearly 3,000 men, while off shore there was awaiting his call as many more as he needed up to 3,000 men.

Rear Admiral Fletcher was determined not to lose more men than absolutely was necessary, and for this reason, in all probability, did not utilize the forces under his command ashore in charges or to advance on the positions held by the snipers.

The Mexican troops belonging to the regular establishment had practically all left the city and the firing was carried out by armed citizens and straggling soldiers and policemen.

Among the citizen element offering opposition to the American force there were many prisoners who had been released by General Gustavo Maas, commander of the federal garrison, before he evacuated the city. Many of these criminals inaugurated their liberty by becoming snipers, and their enthusiasm by joining the fighters on the housetops.

SHELL HINTS GIVEN MEXICANS.

As a hint of what might be expected later, the American force sent across the southern part of the city a few shells from their 3-inch rifled cannon, and shortly after 10 o'clock this morning these were followed by another series of shells. The principal reason for Rear Admiral Fletcher's hesitation to bombard was that hundreds of non-combatants, including many women and children, who had been unable to get out of the central part of the city, were crowded into the Dilligencia hotel building, from which most of the firing was done by the Mexicans.

Rear Admiral Fletcher's note sent to the local officials calling on them to cooperate with the American officers in the restoration of order by calling off sharpshooters and by resuming the local government, could not be delivered.

Julio Franco, the Mexican chosen by American Consul Canada to be the bearer of the warning, was unable to communicate with any of the federal officials, and only the mayor, Roberto Diaz, could be located.

Franco, denied admission by Mexican guards, called on the door, crawling over the roof of an adjoining building into the court of the Diaz residence.

Senor Diaz refused to leave his bedroom, so Consul Canada's messenger skinned the contents of Rear Admiral Fletcher's note to the mayor, and personally appealed to him to yield in order to save the city from bombardment by the American ships, reminding him that the note was followed by a message of Mexicans and others in the city.

Communication between the port of Vera Cruz and the federal capital has been cut since the morning of F. Hundley, superintendent of terminals, has been unable to ascertain what has become of the train that left for their way yesterday from Mexico City when the landing of American marines and blue jackets.

The street lighting system failed early last evening, and the only illumination during the night came from the interior of houses.

The losses of the Mexicans in yesterday's fighting could not be even roughly estimated. Many of the bodies of the gring by the American marines and blue jackets was at long range, and no attempt was made during the night to approach the center of the city, in which some determined Mexicans still occupied positions. At dawn some bodies could be seen lying about the streets beyond the American lines.

The efforts of Rear Admiral Fletcher late last night to get some one who exercised command over the Mexicans and to suggest that he call off his men to disarm the city, were unsuccessful. The rear admiral hesitated to shell the city, but the presence of riflemen, hidden in every office building, formed part of the defense. Sharpshooters, made the use of their rifles imperative to prevent sacrificing the lives of more Americans.

HUERTA GENERAL FLEW VERA CRUZ.

General Gustavo Maas, commander of the garrison at Vera Cruz, left the city in a carriage at noon yesterday, half an hour after the first boatload of American marines landed from the warships.

Sixty Thousand Intelligent Men and Women have Paid \$10,800,000 for this Wonderful Book of Facts WHY?

SIXTY thousand men and women representing all intelligent classes among the rich, well-to-do and people of moderate means have testified to the rare value of the new 11th edition of the Encyclopaedia Britannica by buying and paying more than Ten Millions of Dollars for this library.

On one hand you find the leading educator of this half of the world, Dr. Charles W. Eliot, President emeritus of Harvard University, a man who knows the value of books, a man who can appraise the value of a book with the same nicety as your expert financier can appraise the value of a bond.

On the other hand, we find a farmer who prizes the Encyclopaedia Britannica as a valuable investment to inform him about the vital facts of scientific farming, and the advance of political thought.

Read What These People Say

If you give a man a set of books like the Encyclopaedia Britannica, he will tactfully say something nice about them. His testimony is tinged with the sense of obligation you have thrust upon him.

The letters printed below are the unsolicited words of men and women who have paid for the privilege of owning the greatest set of books of all the centuries, the collected, proven knowledge of the whole life and achievement of mankind as recorded by recognized authorities.

We ask you to give these few letters a thoughtful reading. We ask you to weigh carefully this question—

What Will Ownership of The Encyclopaedia Britannica Do For You?

No matter what your business or profession may be, somewhere in these 29 volumes of classified knowledge there is a wealth of information that you can put to actual use.

A Priceless Library

"I am much pleased with this wonderful work, so 'unique in mechanical construction and perfection' of printing. It is also so satisfactory in the style, 'freshness and completeness of the articles written, 'that I can say you have not overstated a single 'feature in your advertisements of it in the magazine. To me it is a priceless library.'—O. J. King, Grocer, Lincoln, Neb.

Bought for the Children.

"My object in buying the Encyclopaedia was to furnish my children who attend public school with 'the best books of reference obtainable and it has 'been a great help as well as a pleasure to them to 'use it, and with the help they get from it I am 'proud to say they are enabled to do good work in 'all their studies.'—H. P. Tobias, Farmer, Brownsville, Texas.

Quoted by a Chief Justice

"Possibly it may interest you to know that in an 'opinion of this court which I wrote and filed last 'week in S. v. Nipper on the question of the right to 'flog convicts as a part of the prison discipline, I 'made a long quotation from your excellent article 'on 'Prisons' giving due credit for the same, to the 'Britannica. 'We make constant use of your Encyclopaedia and 'find it very helpful.'—Walter Clarke, Chief Justice State of North Carolina, Supreme Court, Raleigh.

The Most Monumental Work

"Your edition of the Encyclopaedia Britannica '(11th edition) I think the most monumental work 'I have ever known. The best evidence of my en- 'thusiasm is that I have already distributed a dozen 'sets in America as presents among editors and my 'children, not counting my own sets. I can hardly 'conceive a more suitable present to both young 'and old. The work is a liberal education. I want 'to thank you for the intellectual pleasure I enjoyed 'this winter in examining this extraordinary pro- 'duction.'—Joseph Pulitzer, New York 'World.'

You Can Afford It

No man or woman of even moderate income need say, "I can't afford it." The publishers of the Encyclopaedia Britannica from the very start have considered this book to be for all the people, not for the intellectuals only.

You Can Own the Britannica

For a Cash Payment of Only \$5.00 and pay the balance in monthly installments of \$5.00. Could any offer be more reasonable? One word more,—on May 28th we are obliged by instructions from the publishers, the Press of the University of Cambridge, England, to advance the price of the Britannica \$29 to \$50 per set according to the style of binding.

# PLAN TO CELEBRATE BATTLE OF ATLANTA

### General Committee Discusses Plans at Meeting Held at Capital City Club on Wednesday Evening.

The proposition to hold a semi-centennial peace celebration of the battle of Atlanta on July 22 was enthusiastically taken up at a meeting of the general committee for the celebration which was held at the Capital City club.

There was practically a full attendance of the committee, which met at the call of Asa G. Candler, who is chairman of the committee and was appointed to arrange all the details of the day's celebration. This committee will meet in a few days at the call of Chairman Asa G. Candler, who is also chairman of this committee, and go thoroughly into these details. The committee will arrange the most magnificent program possible for the day and report back to the general committee.

### Prominent Speakers.

The committee will invite a number of prominent speakers of national reputation to make addresses on that day. It is probable that the committee will invite the governors and their staffs of the several states which had troops in Atlanta during the battle.

### Captain Clayton to Help.

Captain R. M. Clayton, who took part in the battle of Atlanta, and is thoroughly familiar with the field situation of this engagement, will cooperate closely with the committee in its work.

### Burns' Negro Detective Arrested Then Released, And This Is Reason Why

Now the question naturally arises: Should a detective be forced to explain his presence anywhere when demanded by the public? It is this that is what it comes from: John Smyles, a negro detective in the employ of the William J. Burns agency, was seen on the first floor of the Healey building last night, and according to W. J. Head, night superintendent of the Healey building. Head demanded that the negro explain cause for being in the building.

# Dr. Plato Durham Holds Great Audience in Thrall At Big Revival Services

The revival services at St. Paul's Methodist church continue to draw big crowds. The reason the revival services at St. Paul's Methodist church continue to draw big crowds is explained by the fact that yesterday it was Bishop John G. Kilgore, now Bishop Kilgore having departed to other fields, it is now Dr. Plato Durham.

### Please Big Congregation.

Dr. Durham is a young man. He is from Charlotte, N. C. He doesn't look particularly impressive. When he first began talking at the services last night the newcomers in the congregation were doubtless prepared to pardon him a few faults. But they never had the chance. If Dr. Durham has any faults he kept them carefully up his ecclesiastical sleeve.

His text was "... and the Lord Wrestled With David." He drew his conception of God. It was the majestic God of Israel and Christendom, surrounded by cherubim and seraphim. Dr. Durham used his colors recklessly. His words were painted. Then he drew his picture of David. He did not dwell on the extent of David's sin. He drew the personification of mankind. He gave his audience credit for knowing mankind was sinful. The main fact to Dr. Durham was that David was sinful and that God wrestled with him—and he made it the main fact to his hearers. Having finished this, he relinquished God and turned to the audience and began to tell about various men he had known.

He told about a man who came to him and begged for help one moonlight night, when the air was fragrant and the stars were shining. He told of another man who came to him on another night, while negroes sang in the darkness. He told of yet another man who had driven a horse and cart to his wife's cheek and of how he had told this man that there was a garden where those roses bloomed again. He told of another man who found in God the power to face his children un-

### All Men Were Davids.

Gradually his theme became apparent. It unfolded like a cloud. These men were all Davids. The stars in the sky, the songs of the negroes, the sorrow of the woman, the innocence of the child—these were God. It was a sermon, but it was also a gospel of beauty that the young evangelist was expounding. David was mankind. It was the long struggle of mankind with the terrors of life that Dr. Durham was putting before the eyes of the congregation. The eternal, indomitable aspiration in the heart of the generations was God. Dr. Durham did not say so, but the thought was obvious.

"All that I am tonight," he said, "was given me by the long agony of the human race. And when I think of it, I say, 'My God, I cannot be less than a man.'"

He used a simple illustration—the ballot. Did the congregation know the ballot was stained with blood? "Who gave you your faith?" he asked. "Christ was the Son of God, or He was suffering humanity. God was the majestic figure surrounded by cherubim and seraphim, or He was the eternal aspiration of the world. And Dr. Durham was an evangelist or a poet."

### Wrestling With You Now.

The sermon was finished. Dr. Durham turned to the congregation. "He is wrestling with you now," said the evangelist. The response was certain. People arose all over the church and a half hour passed before the morning service was vacant. Dr. Durham will preach again this morning at 11 o'clock. The song and prayer service begins at 10:15. He will also preach tonight at 7:45 and Friday morning at 10:15. Dr. Goodell, New York, arrives Friday afternoon and begins his part in the revival services with a children's service at 7 o'clock Friday afternoon. He will also preach a sermon to evangelical ministers at 11 o'clock Saturday morning.

# CONLEY IS GUILTY, ASSERTS W. J. BURNS

### Detective Files Preliminary Report on Investigation. Dorsey Prepares Answer to Extraordinary Motion.

Solicitor Dorsey shut himself in his office in the Kaiser building Wednesday, locked the door, gave instructions that he be not even called over the telephone, and worked two shifts of stenographers for twelve hours preparing the answer to the prosecution to the motion for a new trial to be made by Leo Frank's counsel this morning.

### NO CABINET MEMBER THINKS OF RESIGNING

Washington, April 22.—The white house today requested the publication of this statement: "I emphatically deny and emphatically today as wholly unfounded reports that any member of the cabinet contemplated resigning. No such subject had not been considered by any member of the cabinet and had never been discussed. The statement was issued in connection with a report that Secretary Bryan was about to resign."

### Investigation Complete.

My investigation is about complete, with the exception of a few details which I have as yet been unable to cover. In addition to these, I had also expected to secure today from Chief of Detectives Lanford, assistant to the prosecutor, he had made while I was out of the city, certain affidavits bearing on the case, which were extremely important in view of the fact that I had offered a reward of \$1,000 to any person furnishing evidence of Leo M. Frank's immorality, and the only response thereto was from Chief Lanford, who had stated, in view of the public press, that he would turn certain affidavits over to me upon my return to the city which would pay this.

I called on Chief Lanford today and requested to see the affidavits he had, but he declined to let me see them, and made the astounding assertion that the charge of perjury did not enter into the case and had simply been injected by the attorneys for Frank.

It is my intention today to immediately increase the offer of reward for such information as I have previously mentioned to the amount of \$5,000.

I am now engaged in drawing up my formal report, which will be submitted to you as soon as the same has been finally completed. I desire, however, to anticipate the same in these respects:

1. The murder was unquestionably the crime of a pervert or homicidally-tendency of the most pronounced type.
2. That Leo M. Frank is not a pervert, and is innocent of the murder for which he has been convicted.
3. That James Conley—and he alone—is guilty of the murder of Mary Phagan, and further, he is a pervert of the type heretofore described.
4. All of which I am prepared to prove.

WILLIAM J. BURNS.

# Atlanta Women Are Urged To Work Hard This Week

"Work this week!" urges Mrs. Lumpkin, of Atlanta women who are aiding so signally in the greater hospital movement. "Believe the work of the Atlanta women will prove of the greatest value," said Mrs. Lumpkin yesterday. She has been directing the forces of the federated women since they were asked to co-operate last week, and has been pushing their efforts through the various organizations.

"This week is the time for the best effort to be made, I am trying to impress upon everybody," said Mrs. Lumpkin. "Opera week is always one to keep housekeepers busy; whether they actually go or not does not do away with the fact of the company in town, and the many social entertainments incident to opera week following will be preparations for the Shriner convention, and commencement, which keep women busy, therefore this week should mark a concentrated effort on the part of the earnest women who have the greater hospital movement at heart."

"The same comment has been made by many women working, which I am told is the comment of the men workers, that is that they do not encounter opposition, but a lack of interest—an apathy, while many take it for granted that of course Atlanta will get the hospital—she gets everything."

"All that I am tonight," he said, "was given me by the long agony of the human race. And when I think of it, I say, 'My God, I cannot be less than a man.'"

**ROYER NOW MANAGER OF PIEDMONT HOTEL**

**Atlanta Needs Street Signs and Revision of House Numbering System, He Says.**  
H. W. Dutton, who recently resigned the management of the Piedmont hotel to take the management of the Hotel Stratler, in Buffalo, N. Y., where, incidentally, his friends will be glad to know he is meeting with marked success, has been succeeded by William C. Royer, as manager of the Piedmont.  
Mr. Royer has taken up the active duties of his office within the last week. He is a popular and experienced hotel man, and, without, no stranger in Atlanta. For four years he was connected during the winter months with the management of the New Kimball house.  
That, however, was fourteen years ago. Since that time Mr. Royer has been connected with leading hotels in Charleston, Washington and Montgomery.  
"I find many changes for the better here," said Mr. Royer to some of his old friends Wednesday afternoon, "and I am more than delighted with the progress the city has made."  
"The city has grown so that I can hardly find my way about town. And that, by the way, brings me to a point of criticism. If there is any one thing that Atlanta needs, according to my observation, it is street signs and a revision of the house numbering system, so that a stranger within our gates may be able to know where he is going and when he gets there. It seems to me that this improvement would be a fine achievement and a great help for the city before the Shriners arrive. With the street signs and house numbering system in their present dilapidated condition, those 40,000 men are going to have a very hard time finding their way about town, and, mayhap, may leave with somewhat of a bad taste in their mouths on that score."

**THURSDAY WILL BE MODEL SPRING DAY, SAYS FORECASTER**

A fine generally clear day is indicated for Atlanta on Thursday. The early morning temperature says, the forecaster, will be about 65 degrees and the midday temperature will run up nearly to 80 degrees. Light southerly winds will prevail. The general cloudiness west of the Mississippi and the widespread rains in Texas indicate a change in the weather near the end of the week.

**AUTO OWNERS TO HOLD SMOKER FRIDAY NIGHT**

The called meeting for Friday night of all the automobile owners in Atlanta, which was originally planned as a dinner, will be held as a smoker instead at 7:30 o'clock Friday evening at the M. & M. club. The meeting has been called by the Automobile Club of Georgia. The principal speaker invited for the evening are W. C. Winn, of the Fulton county board of commissioners and president of the convention of county road commissioners, and Shelby Smith, of the county commissioners.

**DR. MARX WILL PREACH AT UNITARIAN CHURCH**

The Rev. J. Wade Conkling, minister of the Unitarian church of Atlanta, has just left for Daytona, Fla., for a visit of three or four weeks, with his wife, who has been with her parents for several weeks. During the absence of Dr. Conkling, the services will be held at the Unitarian church at the Woman's club, with Dr. David Marx occupying the pulpit next Sunday. The services will be held on succeeding Sundays will follow.

**MILITIA OF GEORGIA MAY MOBILIZE HERE**

**Adjutant General Nash Receives Orders From the War Department.**  
Having already received orders from the headquarters of the first division of the United States army, at Governor's Island, N. Y., directing him to find a site for the mobilization of troops and make the necessary arrangements to have such a site prepared for the purpose of encampment, Adjutant General Nash is awaiting further orders, which may call for having the mobilization site prepared and the actual calling out of the national guard of Georgia.  
While there has not yet been a call for volunteers or call for the national guard, these preparatory orders are given as significant, and the members of the national guard of Georgia are anxiously awaiting developments. It is understood that orders similar to those received by Adjutant General Nash have been received by the adjutant generals of other states.  
The orders were received by Adjutant General Nash on Wednesday, and read as follows:  
"Governor's Island, N. Y. Immediately find site obtainable for mobilization camp and find party able to furnish labor and material to pipe camp grounds for water. See about fuel. Make no arrangements until further orders. Wire results. (Signed) "SIMPSON."  
Adjutant General Nash stated that there will be no trouble in finding available grounds for such an encampment. He mentioned the race track and the grounds of Fort McPherson as readily obtainable.

**Spanish War Veterans May Form a Regiment For War With Mexico**

W. S. Thompson, of Columbia, S. C., lieutenant colonel during the Spanish-American war, arrived in Atlanta last night on a tour of this section of the country for the purpose of recruiting veterans of that war to form a regiment to volunteer in the strife with Mexico.  
Colonel Thompson declares that he is just from the senate chamber in Washington and that he has received much encouragement from that source.

Senator Tillman, especially, says he offers to back the proposition for appropriations. Colonel Thompson is at present field agent in South Carolina for the New York Life Insurance company.

**Your Grandmother's Remedy for Purifying the Blood**  
And Renovating the System in the Springtime  
Ask for Sulphur Tablets  
What was grandmother's unexcelled remedy? Haven't you heard of it? Yes, you have! It was sulphur, cream of tartar and molasses. The main trouble with it was its nauseous taste.  
A modern method puts the cream of tartar and sulphur into sugar-coated tablets and mixes them with herbs, roots, etc., making a wonderful tonic blood purifier and system cleanser.  
Just try Sulphur Tablets (not sulphur tablets), but Sulphur—remember the name—and get the tablets in sealed tubes at 50c per tube.  
Grown-up people and children who don't feel well, who are constipated or sluggish, or who have pimples, boils, carbuncles, atones and the like, can soon rid the system of these impurities by taking this good old-fashioned remedy in modern form.  
Their action satisfies or money is refunded by the Prescription Products Company, Dayton, Ohio. A free trial sent to any address. Buy of any well-stocked druggist.

**Society Women Asked To Help Tutor Children Behind in Their Studies**

The Associated Charities has sent a call to society for charitably inclined women who wish to assist in tutoring young school children who are falling short in their studies.  
Volunteer workers are wanted to devote an hour or so two or three days each week instructing the children of the various public schools who need additional tutorage in order to make required examinations at the close of the season.  
Last year numbers of young women responded to the call, and this year the number is expected to be greater. The Associated Charities will be pleased to receive applications, in person, over the telephone or through the mail.

**Quick Improvement Is Noticeable When Proper Aid to Nutrition Is Given.**

A low state of the general health is now the accepted cause of backwardness in children. So in the case of a backward child it is best to look towards building up its health. It will usually be found that the main trouble is in the food, in lack of assimilation and digestion. Hence care should be taken in the kind of food given to the child. This, with plenty of air and exercise, should bring about a change for the better.  
Watch the condition of the bowels, to note whether the waste is being passed off or not, or whether it is being passed too freely. If either condition prevails give a small dose of that gentlest of all laxative-tonics, Dr. Caldwell's Syrup Pepsin. Thousands of mothers will testify to the wonders it has wrought in the lives of their own children, and for that reason, generations of families like those of Mrs. Daisy McBroom, Hillsboro, Ind., are never without it in the house. She is the mother of Lucile and has been using Dr. Caldwell's Syrup Pepsin for Lucile since she was two. Mrs. McBroom says it saved Lucile's life. It is the standard family medicine in the McBroom home.  
It is pleasant to the taste and so perfectly safe that it is given to infants, and yet is equally effective for grown people. All druggists sell it and the price is only fifty cents and one dollar a bottle, the latter for families who need it regularly.

**LUCILE McBROOM**  
who need it regularly.  
Dr. Caldwell's Syrup Pepsin has no equal as a cure for constipation, indigestion, biliousness, sour stomach, gas on the stomach, liver trouble and kindred complaints. It has so many advantages that those who once use it forever after discard cathartics, salts, pills and other coarse remedies, for they are seldom advisable and should never be given to children.  
Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. E. Caldwell, 419 Washington St., Memphis, Tenn. Enclose postal card with your name and address on it will do.

Cracker Cast-Off Doubles, Breaking Up a Pitchers' Battle in the Final Round

By W. G. Foster.

Chattanooga, Tenn., April 22.—(Special.)—Pat Graham, former Cracker, went in to hit for Street in the ninth today, and the first ball pitched doubled over Jennings' head to left center, sending Flick home with the run that beat Atlanta in the most exciting game of the season.

For eight innings, Southpaw Floyd helped keep Perryman battered to a draw, but Perryman opened the ninth round with the fatal base on balls. Graham, who had been working the sleep walk for the minister-pitcher, The Atlanta twirler a great game, his speed being terrific.

From the very first crack of McConnell's bat when Coyie booted his opening grounder, the game abounded with thrills. Both teams supported their pitchers with firm determination to prevent runs, taking impossible chances and battling for every inch.

The local working crew was in one of its biting moods, however, and would not be denied. McCormick was passed and successful singles by Balent, and with a beauty hit to right, but Flanagan's perfect throw, and the Indian was out trying to go back to third.

YELLOW JACKETS OFF FOR ALABAMA GAMES

The Tech Yellow Jackets will leave on their first road trip of the season today, when they leave for games in Alabama and Mississippi. On Friday and Saturday, Alabama will play and on the following Monday and Tuesday, Mississippi A. & M. will be tackled.
