

OVER 200 MEN ENTOMBED WHEN MINE IS WRECKED; MINE BURNING FIERCELY

There Were Nearly Three Hundred Men at Work When Explosion Occurred in the West Virginia Collieries.

FOUR TAKEN OUT DEAD AND 59 RESCUED ALIVE

Many of Those Saved Alive Are Badly Burned and Will Die—Not Believed There Is Any Hope for Buried Men.

Eccles, W. Va., April 28.—Four miners are known to be dead, fifty-nine were rescued, many of them severely burned, and 203 others are entombed in two burning mines, and are believed to have but a small chance for their lives, as the result of an explosion of gas in mines Nos. 5 and 6 of the New River Collieries company, here late today.

On a bench close by was the coat, hat, collar and tie, arranged in order and with care. The man was lying on the floor, his back, his right arm outstretched. One suspender strap was broken, as though done in a violent struggle with the murderer.

LITTLE HOPE OF SAVING MEN.

The depth of the two main shafts is 600 feet, and the mines are connected underground. There are two other shafts into the mines, but the explosion totally wrecked three out of the four. The long entrance leads into mine No. 5, and by means of it the rescuers were made. No. 5 mine, apparently, is completely shut off from the surface, and rescuers hold little hope of reaching the large number of men in time to save them.

The explosion occurred in mine No. 5. The two shafts of this mine were demolished. It is believed the explosion traveled through this mine into No. 6. One shaft of the latter remains intact, and was the salvation of at least forty-nine of the workmen.

DEATH TOLL TAKEN FAR UNDERGROUND.

This little mining community of 1,500 persons was shaken by the muffled rumbling of the explosion. At first, there was no smoke, but men on the tipsles knew that far underground the toll of death was being taken.

Superintendent Thomas Donaldson, of mine No. 3, another operation of the company; Local Superintendent M. E. Kent and General Superintendent F. R. Bayles, of the New River Collieries company, were at the scene of the disaster within a short time. Superintendent Donaldson and an expert rescue crew were lowered down the shaft of No. 5 mine.

For a time the crowd of frightened women and children at the tipsles waited in suspense, but soon the signal came to hoist away, and the cage appeared. It bore two men badly hurt, a few of the rescue party and two bodies. Other trips were made as rapidly as possible, and each time blackened and burned miners were brought to the surface, until sixty-three men had been brought up, four of them dead. The injured were assisted to nearby houses, where physicians waited to care for them.

MINE WRECKED BY EXPLOSION.

The rescued men expressed doubt that any of the thirteen miners still in No. 6 shaft would be taken out alive. Some of the men said portions of No. 5 mine were badly wrecked, and they feared that the entrance connecting with No. 5 mine had been entirely destroyed.

Of the bodies recovered, two are Americans, one a foreigner and the fourth a negro. A large portion of the miners employed are Americans.

A United States government rescue car reached the mines from Bluefield, W. Va., at 5 o'clock, and another will arrive here from Pittsburg, Pa., at noon tomorrow.

The New River Collieries company is connected with the Guggenheim interests. The rescue parties worked throughout the evening. Their combined efforts were directed to mine No. 5, where the men are entombed. Notwithstanding the feverish haste of the rescuers, they made little progress from shaft 6 into shaft 5 because of the intense heat and gases.

Many women were induced to seek their homes tonight and there was little excitement at the mines. Although the rescuers were making slow progress and had expressed little hope of getting the entombed men in No. 5 mine out alive, they had the work well in hand. At 10 o'clock they had installed new fans, making the task of boring into mine No. 5 less difficult.

FIRST BIG DISASTER IN SEVERAL YEARS.

The present mine disaster is the first of considerable extent in West Virginia.

MURDERED MAN IS FOUND IN PARK

Identity of Man Not as Yet Known—Hole in Head Indicates He Was Shot—Coroner's Inquest Today.

Just as the gray dusk of evening fell over Piedmont park yesterday, and small boys began to quit games of baseball to return to their homes, a negro man, employed by the city as a laborer on the construction of a new sewer in the neighborhood, dashed up the hillside to the plaza from the deep-wooded ravine at the north end of the lake, and frightened the small boys with the news that a murdered man lay within fifty yards of their play.

Officer Freeman was watching the game of baseball, and he immediately telephoned police headquarters for a detachment of plain-clothes policemen and succeeded in locating the man. Call Officers Dodd and Shumate were the first to arrive upon the scene. Twenty-five yards below the north end of the lake, and to the right of the tennis courts, down in a deep hollow, near a narrow path leading through the woods, was lying the body of a dead man, apparently 30 years of age. He wore good clothing.

On a bench close by was the coat, hat, collar and tie, arranged in order and with care. The man was lying on the floor, his back, his right arm outstretched. One suspender strap was broken, as though done in a violent struggle with the murderer.

In the right hand pocket of the murdered man was found a half-dollar, two dimes, a nickel and a one-cent piece.

In his right-hand coat pocket were found two 38-caliber revolver cartridges. In his inside coat pocket was a safety razor blade which had not been taken out of its wrapping.

Bloody marks and dark bruises on the man's face and head indicated that a body conflict had preceded his death.

His left eye was swollen as big as an egg, and black. Behind his right ear was a large black bump. Behind his left ear was a large hole which looked as though a bullet had penetrated his head. Blood had run from this hole, and formed a pool.

Sergeant George Bullard, Detectives Wiley and Taggart arrived at the scene and proceeded with the investigation of the death mystery.

G. F. Cunningham stated that he had seen the dead man about 12 o'clock leaning against a large tree about fifty feet from the scene of his death, and apparently in a watchful attitude, as though expecting some one. He stated that he had seen the man, and that a detective watching some one down further in the woods.

The fact that two revolver cartridges were found in the coat pocket of the man caused the detective to think that probably it was a case of suicide. A thorough search was made in the high grass around the dead man's body for a revolver, but no pistol could be found.

Nothing to Identify Him.

There were no letters or identification cards or papers in the man's clothing. Not a trace of identification was found outside of the laundry mark on the man's collar. The name "Paul" was stamped in large letters on it, and the initials "P. G." were scratched in pen ink.

The man's coat was tailor made, marked "T. M. C. Co., Chicago. He wore a gray hat, marked "B. H. Levy Bro. & Co., Savannah and Brunswick."

A policeman who believed that he knew the man's face, but could not recognize him due to the bruised condition of it.

Coroner Paul Doneho visited the scene of the murder. An inquest will probably be held this morning. The body was removed to A. O. and Ray Doneho's undertaking establishment.

At Coroner Doneho's investigation at the scene of the murder last night two men named Baker and Palmer stated that at 8:10 o'clock they passed the place Tuesday morning and saw the murdered man there. They also declared that at 10 o'clock they returned through the same path, and that he was this time standing against a tree near the place.

Baker is the superintendent of the construction work on one of the city's sewers being built near the place, and succeeded in evading the question from his work he had seen the unidentified man hanging about the place for the last three days.

Dr. J. W. Hurt, county physician, at the request of the coroner, examined the bullet wound in the man's head. He stated that the shot was fired at close range, which was indicated by powder burns found around the bullet wound.

There were many who believe that the man committed suicide. Some even advanced the theory that the hole in his pistol was accounted for by the probability that someone passing had stolen the pistol.

GUNS AND AMMUNITION FOR IRISH NATIONALISTS

Londonderry, Ireland, April 28.—The Irish Nationalist volunteers, a body similar in organization to the United States volunteers, made matters even with their political opponents early today by successfully landing a large consignment of arms.

The weapons, which are said to have been brought from America, were taken ashore at a remote spot on the coast of the county of Donegal, in the far west of Ireland.

A strange steamer had been seen off the coast for three successive nights. Late last night a number of fishing craft approached, took off the cargo and succeeded in evading the coast guards and landing the rifles, which were quickly distributed.

The size of the consignment is unknown, but it is believed to have been considerable, although not equalling the 40,000 rifles and 500,000 rounds of ammunition the Unionists received on April 25.

DORSEY MAY ASK FOR EARLIER DATE

Solicitor Will Insist That the Ragsdale and Barber Affidavits Remain a Part of the Record.

Having announced that he is amply prepared to combat the amendments to the motion for a new trial by Frank's attorneys, Solicitor General Hugh M. Dorsey, in all probability, will go before Judge Ben Hill today and make the starting request that Judge Hill revoke the retrial hearing Thursday morning—a day earlier than set. When attorneys for Frank's defense last Friday presented to Judge Hill the affidavits of Rev. C. E. Ragsdale and Anna Maud Carter, who testified that Conley had confessed to Mary Phagan's murder, Solicitor Dorsey asked that the hearing be postponed in order to give the prosecution time to prepare a counter showing.

Affidavit a Frame-Up.

The postponement was effected, and the re-convention date set for Friday of this week. Since that time Ragsdale has repudiated his affidavit, declaring that his story was a "frame-up," and R. L. Barber, whose affidavit corroborated Rev. Ragsdale, has made a similar confession, saying his story was "bunk" and that there have been any such developments in the story of Anna Maud Carter, the negro woman who says Conley made a complete confession to her, neither Solicitor Dorsey nor any of his staff would say yesterday afternoon. They declare, however, that they are well-equipped to combat this evidence of the defense.

Another interesting fact that came advanced in their statement published in Tuesday afternoon was the prospect of Solicitor Dorsey making an insistent request of Judge Ben Hill to revoke his action in expunging the Ragsdale and Barber affidavits from the testimony presented by the defense in its retrial motion.

The Chicago Angles.

It was said by members of Dorsey's staff yesterday afternoon that the solicitor had been making an investigation on the Chicago angles of the Frank case which Detective Burns and his men had been investigating. It is said that the results of these out-of-town inquiries by Dorsey resulted in sensational disclosures which will be produced at the hearing tomorrow.

Attorneys for Frank, as was announced in their statement published in Tuesday morning's Constitution, de-

JUDGE THOMAS G. JONES SUMMONED BY DEATH

For Half a Century He Was One of Most Prominent Figures in Alabama.

Montgomery, Ala., April 28.—Thomas G. Jones, federal judge of the middle Alabama district, former governor of the state and one of the most prominent figures in Alabama for half a century, died this afternoon at 8:30 o'clock at the family residence here. Judge Jones was born in Macon, Ga., in November, 1844, and with the exception of the periods spent at the Virginia Military Institute and with Generals Lee and Gordon during the four years of civil war, he spent his entire life in this state.

700 AMERICAN REFUGEES HELD AT QUARANTINE

New Orleans, April 28.—Approximately 700 American refugees from Mexico have arrived at the quarantine station 100 miles down the Mississippi river from New Orleans. They are awaiting expiration of the government health authorities' limit of six days from port so that they may proceed to New Orleans. The boats reported at quarantine today were the Jason, Mexico City of Mexico and the Livingston. Thirteen refugees were taken on the latter and the vessel allowed to proceed because of the perishable cargo. The other vessels are held there.

THREE BATTLESHIPS HEADED FOR MEXICO

Key West, Fla., April 28.—The United States battleships Virginia, Georgia and Nebraska passed here today on their way to Mexican waters. Mail for the marines and bluejackets already on ships off the Mexican coast was taken out to the battleships from here by the mine planter, General Schofield.

MILL MEN KNOCK COTTON EXCHANGE

Manufacturers Want the New York Concern Regulated by Act of Congress or Put Out of Business.

New York, April 28.—Unless the New York Cotton exchange "can be so regulated by action of congress as to compel the performance of its proper functions" it should be abolished, in the judgment of the American Cotton Manufacturers' association. In the closing hours of the association's annual convention here today speakers attacked the methods of the local exchange. The abolishment of the mart unless regulated by federal legislation was urged in a resolution adopted unanimously at the suggestion of Lewis W. Parker, chairman of the committee on cotton exchanges.

Mr. Parker's report was read after Arthur R. Marsh, president of the New York Cotton exchange, had made an address on the new rules of the exchange.

Exonerating Mr. Marsh and other members of the New York exchange of any personal intention to do injury, Mr. Parker denounced exchange methods, especially those which he said obtained to depress or inflate prices for purposes of manipulation. He said he hoped reforms would be obtained through national legislation.

516 AMERICANS LEAVE MEXICO CITY.

Mexico City, April 28.—Mexico City was tranquil today. There have been no demonstrations here since last Sunday.

ENVOYS SEEKING PEACE BUT THE UNITED STATES IS PREPARING TO FIGHT

SEVEN AMERICANS REPORTED KILLED BY MEXICAN MOB

Unconfirmed Report Reaches Vera Cruz of Bloody Work at Cordoba—Victims Taken From Jail.

EMBARGO ON AMERICANS LIFTED BY THE DICTATOR

They Are Free to Leave Mexico City—Several Train Loads of Refugees Are Expended at Vera Cruz.

Vera Cruz, April 28.—An unconfirmed report was received here today to the effect that six Americans had been taken from the jail at Cordoba and killed, and also that another American had been put to death at Cosamaloapan, a town about 60 miles south of Vera Cruz.

Neither Rear Admiral Fletcher nor Consul Canada had what they regarded conclusive information as to the execution of the Americans, but they were investigating the report.

EMBARGO LIFTED ON AMERICANS.

Consul Canada was advised today by the Brazilian minister at Mexico City that the embargo on Americans at the capital had been entirely raised, and that they were free to depart as they pleased.

The American consul also ascertained that the women among the refugees detained at Cordoba had been referred to hotels. The women still are experiencing difficulty in procuring food, but their condition is said to have been materially improved.

It is known that many of the Americans who had been held at Orizaba will reach Vera Cruz on a train, the arrival of which is expected hourly.

A. B. Emory, of the La Fe Milling company, of Aguas Calientes, G. Duran, an engineer, and a number of other refugees from the state of Aguas Calientes, are said to have been obliged to pay 250,000 pesos for a train to take them to Mexico City.

TRAIN LOADS OF REFUGEES.

Rear Admiral Fletcher was advised by telegraph from Mexico City today that several train loads of refugees were ready to leave the capital.

Which left here at 7 o'clock this morning with the expectation of meeting a refugee train from Mexico, returned later in the day, not having been able to get any information as to the probable time of arrival of the expected train from the capital.

Senator Guillermo Obergon, of Mexico City, who was passing through Vera Cruz from Tampico on the way to the capital and went out on the train from here, remarked at Orizaba, C. A. Smith, an Englishman, and a number of other refugees from the state of Aguas Calientes, are said to have been obliged to pay 250,000 pesos for a train to take them to Mexico City.

MEXICAN REPORTER PUT UNDER ARREST.

El Paso, Tex., April 28.—The reporter of El Paso, Tex., who came here yesterday to write a story of the situation in Vera Cruz for his newspaper, was arrested last night on the charge of having written a sensational article with having been the interpreter while an American was in trouble in the capital and with complicating the situation of the American by misrepresentations.

De Liane was released and told to report later at headquarters. He called there today and disclosed his identity, after he was received by Captain Huse, chief of staff for Rear Admiral Fletcher, who gave him much information and the privilege to go anywhere in the city.

Vera Cruz, April 28.—Americans here who were preparing a memorial protesting against the United States government further delaying a general movement of its forces into Mexico, have agreed not to take any action at the present time which might be likely to embarrass the administration.

516 AMERICANS LEAVE MEXICO CITY.

Mexico City, April 28.—Mexico City was tranquil today. There have been no demonstrations here since last Sunday.

Sir Lionel Carden, the British minister, today advised all Americans that the last refugee train from the capital would leave this evening at 8:30 o'clock. Up to noon all Americans had registered for passage on the train.

Headquarters of the Americans in the Hotel Geneva was thronged with Americans, men, women and children, during the day.

The refugee train will proceed from the capital to Puerto Mexico instead of to Vera Cruz, to avoid hardships to the women and children entailed by the long walk from Soledad across torn-up tracks to the end of the line controlled by Americans. The train, in two sections, will fly British and American flags. An escort of 100 federal troops and six representatives of the British legation will accompany the train to Vera Cruz, to avoid hardships to the women and children entailed by the long walk from Soledad across torn-up tracks to the end of the line controlled by Americans. Two Distinct Branches of Activity Manifest at Washington—One for Peace and One for War.

MEDIATORS NOT READY TO ANNOUNCE PLANS

President Wilson Hopes for Peaceful Outcome, But Continues to Prepare for Eventualities—Funston Is Ordered to Land 5,000 Soldiers at Vera Cruz.

Washington, April 28.—The Mexican crisis now is centering on the issue between those who are seeking through the good offices and intermediation of Latin-America to find some middle ground for pacific adjustment, and those who regard a resort to arms as an inevitable consequence of what has occurred.

Throughout today two distinct branches of activity were manifest here—that of the envoys of Argentina, Brazil and Chile in formulating a plan of adjustment to be submitted to the United States and the Huerta regime, and that of the military and naval forces of the United States which continue to go forward steadily in preparation for any eventuality which may develop. The arrival of General Funston and a brigade of 5,000 troops at Vera Cruz was one of the notable military developments of the day.

CHIEF INTEREST IN WORK OF ENVOYS.

Chief interest was directed to the sessions of the South American envoys, lasting through the day and late into the evening. The meetings were held at the Argentine legation, where, seated about a long mahogany table the envoys deliberated much as an international court would weigh a case of supreme importance.

At the white house President Wilson and his cabinet advisers held a lengthy meeting, devoted chiefly, however, to the Colorado situation, although the Mexican crisis continued in the foreground. To a large extent, however, it was felt that the Mexican situation was now before those who had undertaken to exercise their good offices and care was taken not to embarrass the efforts of the envoys by any announcement of conditions of settlement which the United States would insist upon. A spirit of optimism over the progress of the negotiations was apparent in executive quarters.

While the mediators are not ready to announce their plans, or even to indicate when a proposal might be complete for presentation to the two parties, it is known that the good offices probably three or four days, or even a longer time, might elapse before they would be ready to take their next step.

PRESSURE BROUGHT ON THE DICTATOR.

Secretary Bryan was called upon by ambassadors and ministers of European as well as South American countries. Among the visitors was the French ambassador, M. Jusserand, who expressed the warm sympathy of his country in the cause of mediation. With the exception of the three South American countries, no power has taken any official action, although the European diplomats are doing their utmost to further the cause of peace.

Sir Cecil Spring-Rice, British ambassador, also was one of Secretary Bryan's callers, his purpose being to report the results of the interview held

FEDERAL SOLDIERS ORDERED BY WILSON TO QUIET COLORADO

Gov. Ammons Admits He Is Helpless, and the President Sends U. S. Troops to the Strike District.

YOUNG ROCKEFELLER ATTACKS THE UNIONS

Says There Is Nothing to Arbitrate—Believed That Presence of U. S. Troops Will Stop Rioting.

Washington, April 28.—President Wilson today extended the protecting arm of the federal government to the state of Colorado, where, because of riots and pitched battles between mine guards and striking miners, Governor Ammons had found the state militia unable to cope with the situation and asked for help. The Colorado delegation in congress, mine owners and miners themselves joined in the request.

It was one of the rare occurrences in American history when a state found itself impotent to assert its authority, but the president, in a telegram to the Colorado governor, expressly stipulated that the federal troops would confine themselves to maintaining order only "until the state can reassert its authority and resume the enforcement thereof."

The president issued a proclamation ordering all persons engaged in domestic violence to disperse and "retire peaceably to their abodes," before April 30. Secretary Garrison, after a conference with the president, ordered the troops of the Fifth cavalry from Ft. Leavenworth and two troops of the Twelfth cavalry from Fort B. A. Russell, Wyoming, to Trinidad and Canon City, respectively.

Colorado members of congress say the mere presence of federal troops will prevent rioting. Efforts of the federal government to settle the strike thus far have failed. On this point the president made it clear that federal troops were being sent merely to preserve order and not to interfere in the strike controversy itself.

State Must Settle Controversy.

"I shall not, by the use of the troops," the president wired Governor Ammons today, "or by any attempt at jurisdiction, inject the power of the federal government into the controversy which has produced the present situation. The settlement of that con-

trovercy falls strictly within the field of state power."

The president asked that the militia be withdrawn temporarily until the legislature, which will meet Monday, considers the situation and arranges for it to resume its police duties in the state.

The situation in Colorado occupied the president and his cabinet at a long meeting, after which the president's telegram to Governor Ammons and the formal proclamation calling on malcontents to disperse were made public.

The Colorado situation was brought to the attention of congress again, Representative Bryan, of Washington, introducing a bill declaring that a state of anarchy and insurrection exists in the United States in Colorado, and directing the president, as commander-in-chief of the army, to use federal troops to restore order, and that he acquire control of the strike in mining companies affected. The measure would appropriate \$10,000,000.

ROCKEFELLER ATTACKS UNIONS.

New York, April 28.—John D. Rockefeller, Jr., tonight issued a statement, in which he declared that the Colorado Fuel and Iron company, had taken regarding the Colorado mine strike, which has cost the lives of many men, women and children, and caused a large property loss. The statement, which was given out after Mr. Rockefeller and his personal attorney, Starr J. Murphy, had worked over it all afternoon, reads:

"In view of the inaccurate accounts in the press regarding my interview with Congressman Foster, chairman of the congressional committee on mines and mining, I think it proper to make the following statement:

"In that interview, at which Starr J. Murphy, one of the directors of the Colorado Fuel and Iron company, was present, we pointed out that of the following statement in southern Colorado, we were interested solely and as minority stockholders in the Colorado Fuel and Iron company, which controls only about one-third of the production of that state. After a long and full discussion of the question in all its aspects, Dr. Foster was unable to make any suggestion which did not involve the unionizing of the mines or the submission of that question to arbitration. We stated to him that if employees of the Colorado Fuel and Iron company had any grievances, we felt sure that the officers of the mines and company would be willing now, as they always have been in the past, to make every effort to adjust them satisfactorily. We showed the doctor that all the points which are claimed to be at issue, with the exception of unionizing the camps, the Colorado Fuel and Iron company had granted voluntarily to its employees long before the strike was called or talked of."

Claiming that the company has granted the eight-hour day, check weighing and an increase of wages, the Rockefeller statement continues:

"In addition to the above, the only matter which has been raised by the union is the unionizing of the company's camps. On this question of the open shop, namely, the right of every American citizen to work on terms satisfactory to himself without securing the consent of the union, I reiterated to Dr. Foster what I said in my examination before the committee on mines and mining in Washington a few weeks ago—that we regarded this as a matter of principle, which could not be arbitrated."

As to Organized Labor.

"In order to correct an impression which seems to have gained currency

I desire to restate what was fully stated in the congressional examination, namely, our position with reference to organized labor. We do not consider the situation and arrangements for the furtherance of their common and legitimate interests, but we do assert the equal right of an individual to work independently of a union if he so elects. We are contending against the right of unions to impose themselves on an industry by force, by assault and murder, and we assert the right of men to organize for their mutual benefit.

As for the labor unions, representing a small minority of the workers of the country, to be sustained in their disregard of the inalienable right of every American citizen to work without interference, whether he be a union or a non-union man? Surely the vast majority of American citizens will, without fear or favor, stand for even-handed justice under the constitution and equal rights for every citizen.

"But there is a final aspect of this grave matter which deserves more than all else the attention of the American public in this crisis; whether the Colorado Fuel and Iron company and the other operators have been wholly free from blame or not in the present controversy, the issue now to be decided is whether the state, or failing the state, the nation, shall make good the constitutional guarantee of law and order. At the present moment in Colorado funds are being openly raised and levied upon the citizens for the avowed purpose of resisting the authorities of the state. Since that is an act of resistance to constituted authority is raised, it is unthinkable that the Colorado Fuel and Iron company or any of the companies operating in the state, should be asked to yield its position on a preliminary and inconclusive matter, as the price of securing the withdrawal of an armed combat from their own government."

Upton Sinclair, socialist author and lecturer, accompanied by Mrs. Sinclair and Mrs. Laura G. Gannon, wife of Joseph Gannon, organizer of the West-coast miners, visited the offices of John D. Rockefeller, Jr., to protest against conditions in the Colorado mines.

Mr. Rockefeller declined to see any of the party, sending back word that he was too busy to receive them at that time.

ONE MAN KILLED AND TWO WOUNDED.

Boulder, Colo., April 28.—One dead and two slightly wounded are the known casualties in the fighting at the Hecla mine at Louisville, which broke out today, according to advices received at 6 o'clock.

One of the men employed at the Hecla mine, was shot through the head early today.

Among the men who are working in the mines, were removed to Boulder and camped only the mine guards at the property.

The strikers are entrenched on every side and the law is being enforced by a renewal of the attack, according to M. M. Rinn, attorney for the mine owners.

The county commissioners authorized the purchase of all the arms and ammunition necessary to equip the citizen volunteers. Word was received that Sheriff Cook, Larimer county, was coming to Boulder with automobiles gathering up all available arms and ammunition in the county.

Plans were completed for sending strong detachments of citizen volunteers to guard the Hecla mine and to guard the Industrial mine at Superior.

Traveling General John Chase and 120 militiamen, which left Denver at 4 o'clock, was reported to have stopped at the Hecla mine at Louisville, and it was said a strong force of strikers was moving in that direction.

PROCLAMATION BY GOVERNOR.

Denver, Colo., April 28.—The issuance of a proclamation by Governor Ammons today, "to give their moral and active support to the effort to restore peace in the strike districts, called attention today to conditions which were described as a 'state of insurrection.'

The proclamation said the state authorities had but one desire, "to restore and maintain order," and declared that until this was accomplished "there can be no machinery to secure justice in the courts."

The proclamation declared "there need be no further bloodshed if the strikers will quit and return to their homes. If they refuse, every available power will be brought to bear to compel them to do so."

The proclamation concludes:

"Peace officers throughout the state are urged to arrest and hold for conspiracy every man caught collecting arms or ammunition to ship to any other part of the state, or for volunteers or organizing companies of men to be used against the constituted authorities of the state."

ONE DEAD; THREE WOUNDED.

Walsenburg, Colo., April 28.—One dead, one probably fatally wounded, two slightly wounded, was the toll of fighting between strikers and mine guards in this vicinity which began yesterday afternoon at the McNally mine and during the night spread to the Walsenburg mine on the edge of the town. The fighting has ceased.

The dead: **GEORGE BOCK**, striker.

The wounded: **Mike Lenzi**, storekeeper, shot in stomach, probably die.

Margaret Gregory, shot in arm.

William Peet, striker, shot in leg.

Sheriff Jefferson Fair had not veri-

ified two to four fatalities reported from various sources. Two strikers were reported to have been killed.

The buildings at the McNally mine one mile west, where the fighting started yesterday, were destroyed by fire during the night, according to advices.

It was stated here that the strikers had sent an ultimatum to the manager of the Oak View mine near La Veta, demanding the surrender of that property. It was said that the demands had been refused and that an attack was expected momentarily.

HOWARD MADE FIGHT FOR LITTLE CHILDREN

Atlanta Congressman Succeeded in Getting Appropriation Largely Increased.

By John Corrigan, Jr., Washington, April 28.—(Special.)—Representative William Schley Howard, of Georgia, was one of the most active advocates of the children's bureau appropriation which the house passed last week.

Representative Fitzgerald, chairman of the appropriations committee, favored \$25,640, but Mr. Howard fought for an increase to \$162,640, the amount asked for by Miss Julia Lathrop, head of the bureau. The house overruled the appropriations committee and gave the increase.

Some Ugly Statistics.

The great opportunity before the children's bureau in overcoming the frightful mortality among babies and young children was stressed by the speaker.

Some ugly statistics were given by Representative Victor Murdock. He said:

"Out of every 1,000 births in this country, 159 of the children die before they reach the age of 1 year. Out of every thousand only 14 children die before the age of 5 years. Wherever a locality or community has a high infant mortality of children under 1 year of age, that community also has a high mortality of children between the ages of 1 and 5 years. Therefore, the matter of infant mortality, dealing with the death of infants under 5 years of age, is of the highest importance to the nation. Someone has said, and said truthfully, that infant mortality is the most sensitive index of social welfare that we have."

Howard for Amendment.

Representative Howard said:

"I heartily approve of the amendment. I hope the any of us who favor this amendment on this side of the aisle under the condition in existence in the children's bureau will not be accused of being in any unholy alliance with the 'doctors of the treasury.' This bureau can do more good for the amount expended than any other bureau in any department of this government. It is stated that annually that out of 300,000 infants born in the United States annually 150,000 little souls enter into eternity within the age of five years, because of this disease. If those 150,000 infants are not worth the effort and expenditure of the small sum asked for the maintenance of this bureau, then none of our appropriations are worthy of consideration."

United States Behind.

"On vital statistics of the social conditions in the United States we are far behind any civilized country on earth, and this bureau will do one good that I know has not been suggested here so far during this debate. That is this: If a social condition of poverty or crime in the states where the federal government seeks to enter, of course the probability is that the very presence of the federal government will stir up pride, to remedy any conditions they might fear would be exposed by the bureau and criticized by the world (I pause.) That is one good that it will do, and that will overshadow the minor appropriation of the amendment of the gentleman from Iowa."

"I hope the amendment offered by the gentleman from Iowa will be agreed to, and that the bureau will be supported in the beneficent work it is so effectively doing and which will redound to the benefit of our country and the millions of innocent little babies yet unborn."

A Hazardous Occupation.

(From Woman's Home Companion.)

The United States health authorities are that we lose at least 300,000 babies every year before they have reached the age of one year—more than a third of them before they are a month old. Miss Lathrop goes on in her report to the children's bureau:

"Dr. J. W. Schereschewsky, of the public health service, in a recent address said 'The mere business of being a baby must be classified as an extra hazardous occupation, since the perils which ever compass human existence are never so bitterly emphasized as in the first year of life.'

"The government census figures show that in the last ten years more than 2,500,000 children born in this country died before reaching the age of one year. This, in terms of total population, is stated to be the second city of the United States, were to be wiped out of existence every ten years, and the life being saved. It means the annihilation, each decade, of a population as large as that of the state of New York. That is a staggering figure. In the last year in which statistics were available, the deaths of infants under one year in this country during 1913 were 300,000. This is the combined population of Montana, Idaho, Wyoming, Colorado, New Mexico, Arizona, Utah and Nevada."

Radium for Race Horses.

(From The New York Press.)

A radium treatment for race horses has been tried with success on the crack French steeplechaser, Lutteur. After being crippled for nearly two years, the horse was now running owing to the new treatment, which, it is stated, will supersede branding and cauterizing. It is not yet certain whether Lutteur's cure will stand the rigorous preparation necessary for a top race, it has been proved successful.

"Gittin' 'Thar Fustest" Decides the Auto Contest.

A Confederate general with more bluntness than education used to say that battles were won by—"Gittin' 'thar fustest, with the mostest men."

That also is the secret of success in The Constitution's free distribution contest of autos, player-pianos, cash prizes.

Getting there first with the most votes, is what counts.

The Constitution is after circulation.

You are after an auto or a player-piano.

It is easy to get subscribers to The Constitution.

It's the only morning newspaper in the field, and it has back of it forty-six years' prestige in having "delivered the goods."

The Constitution means an accurate newspaper to men and women.

That's why working for The Constitution is an easy matter.

But, it will help you a lot to "Git 'thar fustest."

Getting Ready for 1992.

In Chicago, one of our most bustling little business places, they are still methodically setting up the affairs of the late world's fair, which many of Collier's younger readers will not recall. Another dividend of 1 per cent or thereabouts is ready for the stockholders, and some official with a good memory has recalled the fact that at the close of the exposition a sum of money—\$25,000 or so—was left in charge of the president of the board of women managers. The attention of Mrs. Potter Palmer, the said president, having been called to this, she has recalled the fact herself and has covered that the fund has now swelled to over \$60,000. Preliminary discussions regarding the disposal of this money—\$60,000 or so—are now on.

As the five hundredth anniversary of the discovery of America is now seventy-eight years away, it might be a good plan to leave the money right where it is and let it continue drawing interest, which will undoubtedly hold another world's fair in 1992, and this is none too early to begin preparations.

ATLANTA NEW YORK PARIS

As Usual Chamberlin-Johnson-DuBose Co. Shows the Distinct Dress Novelty of the Day

The Rainbow (Copy-righted) Dress

It is as new as the morning. And still its vogue is thoroughly established—because of its wonderful attractiveness, its distinct individuality. It is smart to an unusual degree—and as a woman remarked as she tried one on "It is such a WEARABLE dress."

Of Crepe de Chine—splendid quality—the bodice and a deep lily pointed flounce or over skirt are accented, plaited, in the shade of the dress but for a very smart, woven Roman stripe above the waist line and at the edge of the flounce. Half length sleeves lace edged, low collar.

It may be had in navy, Copenhagen, royal, wistaria, bronze green, black and black and white.

But it is hardly fair to DETAIL such a dress. Its charm lies in seeing it as it is.

We have exclusive selling rights for it in Atlanta. It is \$25.00.

Knowledge and Integrity

are two things that must enter into the optical business. Combining these two with high-grade workmanship, careful attention, honest dealings, and the grinding of the greater portion of prescriptions written for glasses by our better oculists, has fully demonstrated the fact that there is something indescribable about the way in which we conduct our business that few opticians have been able to understand. We know when glasses are suited to your eyes, and if you need the service of an oculist we will so advise, but positively will not accept your money without satisfaction from us. Just ask anybody if this is true.

NEW YORK FINANCIERS REACH HERE NEXT WEEK

Will Inspect Georgia Railway and Power Company Property.

Following the issuance of the last annual statement of the Georgia Railway and Power Company, showing the gross earnings of the corporation, reports became current that a bond issue was contemplated for the purpose of making extensive improvements in Atlanta and at Tallulah Falls. President Preston S. Arkwright vigorously denied that a bond issue had been determined upon by the board of directors.

Next Monday morning a party of New York bankers members of the firm of J. Morgan & Co., of New York, and Dr. C. W. Phillips, of Philadelphia, will be in Atlanta. Reservations have been made for the party at the Georgian Terrace. While officials of the Georgia Railway and Power company are reticent regarding the visit of the bankers, it was definitely learned Tuesday afternoon that the party will inspect the property of the corporation in Atlanta and will also go to Tallulah Falls, where the company recently completed its water power plant. It is understood that the party will remain in Atlanta two days, devoting one to the inspection of the hydro-electric plant. President Arkwright declared Tuesday that he had not been informed of the coming of the New York bankers. See "Arkington" is chairman of the board of directors. He asked to be excused when approached.

COST OF SCHOOL BOOKS IS LESS IN GEORGIA

The School Book Commission Adopts Majority Report Favoring the Present Plan.

The commission created by the last legislature to investigate the proposition of the state's publishing its own school books as provided in the pending McCrory bill, adjourned after a more or less turbulent session. Tuesday the adoption of a majority report that the cost of Georgia's school books under the present system is considerably less than in the forty-seven other states and that the Ontario plan of school book publication does not appear to be desirable for Georgia.

By a rising vote resolutions were adopted thanking State Superintendent of Education Brittain, as chairman for his courtesy and his impartiality in his rulings and for his assistance in drawing the report.

The Majority Report.
The summary of the majority report adopted by all except Mr. McCrory is as follows:
Summarizing for your convenience, therefore our answers to the questions which we were asked by you to secure are as follows:

1 Compared with the prices paid for similar books in other states in this country the cost in Georgia is not only reasonable but actually considerably less than the average paid in the other forty-seven commonwealths of this union.

2 The California plan which involves the purchase and equipment of a printing plant, managed by state officials for the purpose of printing state school books, does not appear to be desirable for Georgia.

3 We would not recommend the publication of our school texts by the Ontario plan of having manuscripts prepared at the state department of education and let out by contract.

Minority Report.
To the foregoing report Superintendent Brittain added the following summarized minority report:

There are certain books such as geographies, for instance that require the services of experts of nation wide skill and ability. We do believe, however, from the evidence before us, that the state should have the right to test this plan and we recommend:

1 That the state department of education be authorized, with any necessary assistance by legislation to prepare the manuscripts for Georgia civics and to secure its publication by the lowest satisfactory bidder; and
2 That authority be given to the plates of a publisher with whom satisfactory arrangements can be made and to test the cost and distribution of another text, such as may be selected by the state department of education in order to find out the relative merit of the state to publish books by either or both of these methods.

FAIR WEATHER FOR STILL ANOTHER DAY PROMISED ATLANTA

Although the general rain area persists in the central valley with large amount of rain from Texas north to Minnesota it appears to be advancing eastward very slowly. The chances are therefore not so favorable for rain at Atlanta and today is very likely to be fair. The winds will continue from the south and the weather will remain warm for another day. The temperature at Atlanta Tuesday morning was 76 degrees at St. Louis 83 degrees. A wave of somewhat cooler weather should be experienced Thursday or Friday.

BANQUET IS ENJOYED BY NEW MEDICAL FRAT

Following the institution of Alpha Tau chapter of the Alpha Kappa Alpha medical fraternity at the Capital City Medical college Friday afternoon the members of the new chapter attended a banquet at the Capital City club Saturday night.

The new chapter was instituted by Dr. George Cook of Concord, N. H., grand paramount of the fraternity. The visiting members at the instituting ceremony were as follows: W. Papes and E. A. Block of Psi chapter; L. E. Hastings, of Epsilon chapter; these three being members of the faculty of the school. Bagley, of Alpha Nu chapter; C. C. Fishburne and N. L. Kirkland, of Alpha Tau chapter.

Membership was conferred on the following men: D. Henderson, J. W. Payne, W. W. Griffith, J. E. Powell, W. D. Jordan, J. T. McGee, H. O. Brown, E. Johns, R. L. Carter, Jr., J. O. Worrell, R. C. McMillan, H. Mett, W. A. Coleman and I. O. Ruffalo. The following officers were elected: President—James H. Payne; chapter primary—L. F. Henderson; president, J. W. Payne; vice president, H. O. Brown; recording secretary, E. McGee; corresponding secretary, E. Johns; treasurer, R. L. Carter, Jr.; historian, J. E. Payne; marshal, T. C. Ruffalo; warden and J. O. Morgan, chaplain.

Women Working For Hospital

Mrs. Hugh M. Willet has been added to the list of Atlanta women working for the greater hospital movement. Mrs. Willet returned from a visit to New York early in the week, visited the hospital and at once began her part on the campaign. Mrs. Willet was formerly president of the Georgia Federation of Women's clubs, she knows thoroughly the organized effort of women, in the state as well as the city.

She has reached many of these with the message of the bond issue, and reports that in no case has she encountered anything but enthusiastic support of the proposed measure, which will insure the greater hospital.

Mrs. Lamar's Interest.
Mrs. Walter D. Lamar, of Macon, Ga., who is a visitor in the city, expresses great interest in the movement of the greater hospital. She is chairman of the hospital committee of the Georgia Federation of Women's clubs which proposes hospitals being built in connection with the state educational institutions. "I believe the greater hospital proposed for Atlanta will be helpful to the entire state, and I am delighted to learn of the department of research to be established in connection with it," said Mrs. Lamar. "I believe that we would have better health conditions especially through rural Georgia, if people were better educated in the matter of the care of the sick and how to prevent the diseases of which we have too many in our section where none should prevail. The establishment of the greater hospital in the state would broaden facilities for more general education of people in public health work."

OFFICERS CHOSEN BY PROGRESSIVES; DELEGATES NAMED

At a mass meeting of the Fulton county progressives held at their headquarters in the McKenzie building Monday night, the following were elected as delegates and alternates to the state convention to be held here on the 12th of next month.

Delegates—Bernard Suttler, Albert Ellis, Alex Hamilton, John T. Fugh, C. W. McClure, Dr. F. H. Peck alternates—Sam J. Jones, G. W. Chamberlain, H. Wolfe, D. H. Kent, W. E. Mashburn and W. D. Hart.

The convention also elected permanent officers, as follows: Bernard Suttler, chairman, Sam J. Jones, vice chairman, M. R. Duffy, secretary.

Wednesday Closing Meets Approval of the Downtown Merchants

The committee from the Retail Grocers association which is sounding the downtown merchants on the Wednesday half-holiday question reported Tuesday that all but a few of the merchants had been interviewed and that general sentiment seemed overwhelmingly in favor of the change.

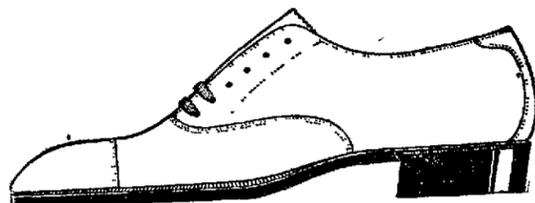

Dissatisfaction with Saturday as the retail half-holiday has been existent for some time among both workers and retailers. Workers complain that as the majority of them are paid on Saturday, they should be given an opportunity for shopping and settling up their accounts. This they are unable to do under the present system of closing the retail stores during the summer on Saturday afternoon.

Wednesday has been chosen as the best alternative for two reasons. Because it makes a break for the workers in the exact middle of the week and because it is the day on which retail business is ordinarily lightest. If Wednesday is finally chosen as the day, the new plan will go into effect June 10.

Mitchell Sixes Products of Long Experience

This company has been building popular priced sixes longer than any other concern in this country. Hence the sixes we offer are the product of many years of experience, and in no sense experiments.

The Mitchell Little Six which was known as the "Baby Six" in 1912, is, in our opinion, the profoundly logical investment in the automobile market. It is not only the sensible compromise between big and little power and passenger capacity, but it has everything that any high-priced car can offer you.

It has quality that insures long life. It has the style of beauty that the exacting mind demands. It has as much speed and power as any person can desire. It will hold its place in any company and look classy and work perfectly for several years to come. Its equipment is complete and details thereof sterling in character. The price \$1,895, brings this smart car to you ready for instant use. There is nothing left for you to buy—no extras—no appointments.

The Mitchell Big Six is the biggest and best car at the price that has ever been produced. It is built along the same lines as the Little Six save that it has 144-inch wheel base, somewhat larger tires, greater passenger capacity. Yet the quality of the two are identical. The equipment is precisely the same—the outward beauty similar. For a big family car the Big Six has no equal in America and there is nothing as good for less than \$3,500 or \$4,000. The price of the Mitchell Big Six is only \$2,350.

The Mitchell Four is intended for those who feel that they cannot afford either of the Sixes. It is the only four-cylinder car we make. We build it to meet the demand of those persons who still like a four-cylinder car of class at a popular price. It has the same equipment as the other two cars and sells for \$1,595. We want you to look this car over minutely and then ask yourself if there is a four-cylinder car at anywhere near the price that can compare with this one in any detail.

Here is the Equipment for all the Mitchell Models Which is Included in the Prices as Given

Electric self-starter and generator—electric lights—electric horn—electric magnetic explosion lamp—mohar top and dust cover—Tombac valves—lifty quick-action side curtains—quick-action two-piece rear vision windshield—demonstrable runs with one extra—speedometer—double extra tire carrier—Bar bow holders—license plate bracket—sponges, jack and complete set of car-care tools.

Specifications of the Three Great Mitchell Models:
Mitchell Little Six—fifty horse-power—128-inch wheel base—\$1,895
36 x 4 1/2 in. tires—five-passenger capacity
Mitchell Big Six—sixty horse-power—144-inch wheel base—\$2,350
37 x 6 in. tires—seven-passenger capacity
Mitchell Four—forty horse-power—four cylinders—36 x 4 1/2 in. tires—two and five-passenger capacity \$1,595

Dollar for Dollar

When you buy a motor car, you make one of the important purchases of your life. You want all you can get for your money. You want dollar for dollar value—and more if possible. You are the man we had in mind when we designed our Light Six five-passenger touring car. This car "speaks" convincingly to the man who has the Missouri habit of saying, "You have to show me."

I think of a powerful six cylinder car having a wheel-base of 123 1/2 inches—a motor which has proven itself perfect in performance to engineers and to the trade—a streamline five-passenger body with plenty of room, deep rich upholstery—latest Delco electric starting, lighting and ignition system—full floating rear axle—35x4 1/2 inch tires—left side drive—center control—mechanical tire pump—selling at \$1800

For you who favor a four cylinder car, there is the Oakland thirty six at \$1200. A small edition of the best car you can think of with features that no other car ever had and at a smaller cost than cars of this type ever sold for.

It has a streamline five-passenger body with left side drive and center control, Delco electrical equipment, crowned fenders.

JOHN YARBROUGH FREED BY BIBB CO. GRAND JURY

No Bill Returned to Charge of Giving Girl Poisoned Banana.

Macon, Ga., April 28.—(Special.)—The Bibb county grand jury today returned a "no bill" against John W. Yarbrough, the hack line proprietor, who has been in jail under a charge of assault with intent to murder in

connection with the alleged giving to Miss Irene Herndon, of a poisoned banana. Since his arrest Yarbrough has been in jail, unable to make the bond required by Judge Daly, in the municipal court. Shortly after the grand jury refused to indict him Yarbrough was released and his attorney, W. D. McNeil, announced that he would probably enter suit against Raymond Oglesby, an alleged Pinkerton detective, for false arrest and malicious slander. It was charged that Yarbrough had given Miss Herndon, a 14-year-old girl, a banana containing bichloride of mercury in order to keep her from telling what it was claimed she knew about a recent fire which destroyed Yarbrough's house and on which he was endeavoring to collect \$1,200 insurance. Yarbrough was recently given a commitment hearing on the charge of arson, but the case was withdrawn by

State Fire Marshal Joyner. So far, the grand jury has not reported on the arson charge. **Weds Sister-in-Law.**—Dr. A. P. Kemp, a prominent Macon physician, was married at Barnesville last night to his sister-in-law, Miss Mary Minhinette. Accompanied by a party of friends she couple motored to Barnesville and went to the home of Mr. and Mrs. Sam Jones. Up to that time they had told no one of their intention to wed and they kept their plan secret until the minister, Rev. L. M. Ledbetter, arrived at the house. Then the announcement was made and the ceremony performed. Since the death of Dr. Kemp's first wife, Miss Minhinette had been his housekeeper. She is the daughter of F. J. Minhinette.

B. P. AXSON NOW HEADS MASON GRAND COUNCIL

W. A. Sims, of Atlanta, Is Elected Deputy Grand Master.

Macon, Ga., April 28.—(Special.)—Macon today, for the first time in many weeks, put on her "red rag" and extended her hand of welcome to another convention gathering, the grand council, Royal and Select Masters, of the Masonic order, and tomorrow she will extend welcome to still another body, the grand chapter, Royal Arch Masons. Fully 100 delegates attended the meeting of the grand council today, and fully 400 are expected for the grand chapter meeting tomorrow. The convention sessions are being held at the Hotel Dempsey, and a wide range of subjects affecting the interests of the two orders in Georgia will be considered. These two branches are the business end of the Masonic order, and meet in Macon every spring. B. P. Axson of Savannah, was elected grand master of the grand council at the meeting this afternoon, succeeding Joseph P. Bowden, of Adairsville. Other officers elected were: W. A. Sims, deputy grand master, Atlanta; M. J. Nevin, grand conductor of work, Augusta; W. A. Wolfin, grand recorder and secretary, Macon; J. A. Walton, grand captain of guard, Columbus; Max Meyerhara, grand marshal, Rome; Charles L. Eass, grand conductor, Atlanta; M. A. Weir, grand steward, Macon.

Taxpayers of Athens Aroused by Threat to Print Property Returns

Athens, Ga., April 28.—(Special.)—There was as much excitement on the streets in gathered talking groups in Athens this morning over a simple announcement from a member of the city council as if the war had broken out afresh in Mexico. The announcement was that the mayor and city finance committee had definitely decided to publish in a few days in both the daily papers a full list of all the taxpayers and the amounts they give in for taxation in their personal property returns. "I know men," said he, "who are giving in their household and kitchen furniture, diamonds and jewelry, automobiles and live stock, books, pictures, cash, notes, and everything like that, at one-tenth, some one-twentieth of their market value. And they are kicking because the city does not have money to spend for improvements that want made or because it does not reduce the tax rate from \$1.25 to \$1. We are simply going to show the city why the treasury does not overflow with tax money."

ELECTRIC BUTTONS WERE UNDER BRYAN AND BELL SOUNDED

Washington, April 28.—While Secretary Bryan was receiving a number of callers today bells in the state department began to ring everywhere, followed by a quick rush of clerks and messengers to the secretary's office. Arriving they looked askance at Mr. Bryan. Finally some one discovered that the secretary was sitting on a row of electric buttons along the edge of his desk.

DECOYED TO STATION, ARTIST IS ARRESTED

Savannah, Ga., April 28.—(Special.)—Decoyed to the police station, Max Green, an artist who formerly lived in New York, was arrested this morning upon information from the New York police that he had abandoned several minor children. A detective has been trailing Green for some time. He was told at his home last night that the painter was out of the city. A message was left asking him to call at a certain number on Oglethorpe avenue on business. That number happened to be the police station.

ATHENS CLUBWOMEN ASK MEDIATION IN MEXICO

Athens, Ga., April 28.—(Special.)—The women's clubs of Athens at a great meeting in the city hall this afternoon followed a suggestion received by wire from George Foster Peabody and sent a telegram to President Wilson commending his course in management of the Mexican affairs which will settle the trouble by mediation. The message was signed by Mrs. John Z. Hoke, president, and Mrs. A. A. Lipscomb, former president of the Georgia federation.

PAPER IS PUBLISHED BY REFORMATORY BOYS

Milledgeville, Ga., April 28.—(Special.)—"The Future Citizen" is the name of a little four-page paper which made its first appearance a few days ago here. It is printed and published by the superintendent and boys of the reformatory. The paper is printed in a shop which was recently established in connection with that institution. Its motto is "The boy who does his duty, prints by boys doing the best they can." The subscription price is \$1.00 a year. This little publication does not state whether it is daily, weekly or monthly, but merely promises to be published "promptly, as often as possible" by the boys.

TOMATO CLUB FORMED IN HARALSON COUNTY

Tallahassee, Ga., April 28.—(Special.)—The Haralson County Tomato club was organized at Steadman yesterday, and will at once get down to the work of growing tomatoes. Forty-seven members compose the club, and they propose to can 10,000 worth of tomatoes this year. C. Allen was elected president; Miss Mary Stone, secretary; Johnnie Barrow, L. E. Chandler, J. W. Pope, G. F. Dodson and V. J. Roberts, directors of directors. Crop conditions in this section were never better. The cotton area is about planted, the corn planting is well under way, prospects of fine fruit crop are excellent and the grain crops will produce heavy yields.

BRIAR IN FINGER CAUSE OF W. E. HARPER'S DEATH

Mount Airy, Ga., April 28.—(Special.)—William E. Harper died Wednesday evening at his home near Airy. While doing some clearing on the farm a briar caught and lodged in the little finger of his left hand and blood poison resulted. For five days the most excruciating pain followed the accident, when death came very peacefully. Mr. Harper was a highly esteemed citizen. He is survived by three sons, Ernest, Garland and Meredith; three daughters, Mrs. Murrell Boggs, of Demorest; Myrtle and Lella Harper; one brother, Harvey C. Harper, of Demorest; Mrs. A. M. Askew and Mrs. J. J. Francis, of Atlanta, and Mrs. Ada Lillenthal, of Texas. Funeral exercises were held at Camp Creek Baptist church.

Bullock Court Adjourned.

Statesboro, Ga., April 28.—(Special.)—Judge B. T. Rawlings opened and adjourned superior court yesterday morning and for the first time in many years there will be no April term of the tribunal. This is due to the turn up condition of the courthouse, which is undergoing improvements, and a petition over for the sessions of the Statesboro bar. A majority of members of the bar are candidates for office in the primary to be held May 7, and they did not want to miss the opportunity of "seeing the boys" during the last days of the campaign.

THE BLOOD HUNTERS. The Constitution publishes from its Washington correspondent a blistering and accurate arraignment of the professional war-makers, the war bond that is striving for revenue only to plunge this country into an unprofitable and probably unnecessary war with Mexico.

These men who play upon murderous and low prejudice to provoke war are for it at any price. And what a price! Thousands of splendid young lives snuffed out perhaps uselessly.

Thousands of homes desolated. Millions—perhaps millions—of the people's money spent in operations and pensions. All for what?

To satisfy a few private bloodthirsty personal ambitions. To satisfy the personal and reckless greed of a few Mexican land-owners who knew what they were about when they went into Mexico, and at what risk.

This precious little conspiring coterie, abetted by convenient publicity allies, want their property enhanced by annexation. It matters not to them that thousands of lives, billions of dollars pay the price.

This country does not want war with Mexico, if it can honorably be avoided. We have nothing to gain there. Our obligation, under the Monroe doctrine, is purely the moral obligation of preserving order, restoring stable government.

We have now more unsolvable race and political problems on our hands than we can handle. This matters nothing to the war band. They know the country is not for war, if we can settle the situation peaceably and honorably.

They intend to kindle a war spirit if they have to resort to every "frame-up" in the catalogue of deception. The game is a despicable one. It knows no limits. The Willacoochee incident, to which our correspondent refers, is typical.

A Georgia father, whose son is killed, is asked by telegraph if mediation is not an "outrage"—is urged to tell congress that the blood of other men's sons should be poured out to save the national "honor."

He resents the attempt to seduce his patriotism as an insult. He offers his life and the lives of his other sons to his country. But he does not connive at bloody and mercenary war plots, at seditious criticism of an effort to get this country honorably out of a complicated situation.

No wonder Washington is agog over the incident. No wonder Washington sees the game of the war band. If we have war with Mexico it will be because honor and obligation takes us there. And we will get out as soon as we can, the professional war-makers for revenue only to the contrary notwithstanding.

We do not need Mexico and the jingoes will not succeed in their desperate effort to force it upon this country.

THE CITY THAT'S CLEAN. While Atlanta is in the throes of a "clean-up and paint-up" crusade, with an eye to making the city presentable to the Shriners, the following editorial extract from The Philadelphia North American is pertinent: A clean city means more business in the shops and stores and more money in bank. It means fewer inmates in hospitals, asylums and prisons—less in prisons, for dirt breeds crime as well as disease—and therefore more money for needed public improvements, such as parks, playgrounds, art galleries and schools.

It means more prosperity in mills and factories and more opportunities for work. Naturally, all these favorable conditions center their benefits in the homes of the people. A clean city means happier and better-provided homes, stronger children and more cash and comfort.

All this is not to be gained by waking up for a week and then going to sleep again. To clean up is only the first step forward. To keep clean is the way to reach the goal. One of the most significant sentiments of the foregoing extract is contained in the last paragraph. "Staying awake" is one of the main things in a crusade of this nature.

A clean city is a healthy city and an efficient city. But spasmodic cleanliness makes a mockery only of the true scope of any health or sanitary movement. It is imperative that Atlanta clean up and paint up for the Shriners.

It is more imperative that the city stay clean for its own sake, and for the sake of posterity. Fortunately, the matter of cleanliness is largely a habit. Once Atlanta forms it thoroughly it is apt to persist.

To both the temporary and permanent ends it will be well if every civic influence in the city exerted all the persuasion at its command. The game is distinctly worth the candle.

TAKE PARKS TO PEOPLE. David Houston, secretary of agriculture, has written the Atlanta Chamber of Commerce endorsing its plan for a mountain park in the forest reservation the government is now acquiring in the Appalachians.

It is particularly fortunate that the original idea of a single park should have evolved to include a series of parks. With the long strip of federal-owned territory, stretching from the foothills of the Blue Ridge in north Georgia to the White mountains in New England, there is no reason why the government should not construct and maintain several national parks. There is really no sound reason why a park should not be maintained in each state through which the reservation winds its way.

It is true that the original purpose of the reservation is to be for conservation. But conservation is in full effect in all the huge governmental parks in the far west, and it interferes in no wise with the scenic beauties and the tourist attractions of these great playgrounds of the people.

There are points in north Georgia and North Carolina qualified to bid with the Swiss Alps for picturesque. And certainly neither the Alps nor any other mountain system, even in our own country, can exceed the Appalachians from the point of view of health.

Thousands who can never make the trip to Yellowstone Park, the Grand Canyon, Yosemite or the Glacier National can visit north Georgia and North Carolina and Virginia and Pennsylvania and New England. If the government cannot take the people to the parks, it can take the parks to the people.

THE EMPLOYED. The new federal commission on industrial relations toward the end of minimizing chronic unemployment is to recommend something in the nature of a national employment bureau with jurisdiction over interstate employment agencies, and with authority to collect data concerning need for workmen in all places.

Unemployment is not an unusual thing in this country. It is not dependent upon industrial depression. Frequently there is the paradoxical spectacle of men unemployed in the high tide of boom times. Many students explain this fact on the ground of faulty distribution of labor, and faulty distribution of labor rises out of inadequate information as to where labor is needed. We cannot too soon have the truth about this situation.

There always will be an element of unemployment in this country that is unavoidable. But where unemployment can be traced to economic causes that are susceptible to remedy, that remedy should be quickly applied.

THE SOUTH AWAKES. The Houston (Tex.) Post, in reproducing The Constitution's cartoon illustrating the manner in which germ crosses the race line, strongly commended both the cartoon and the editorial that accompanied it.

The entire south is awakening to the peril of negro disease. The question of sanitation is one of the biggest issues underlying the negro problem in the southern states. It ranks with crime and vagrancy and the two obviously are closely interconnected.

If every county in the south recognized the menace to its white population from disease among its negro contingent, the disease and death rates would take a big slump, the negro's inefficiency would be lessened, vice and immorality and idleness would diminish and there would be a tremendous improvement at every point where the races cross, and universally among the negro race.

Think of trying to put a dignified navy on a little old water wagon. What a relief it will be to John Lind to find his lost voice and to feel free to give it exercise.

Just from Georgia. A Dixie War Note. The new war-drum through the land they're beatin'. Red hot times, and they're still a-beatin'. "March away, away," Say the boys of Dixie Land.

"Hooray!" we say, They'll heat em hot With shell and shot—"The fightin' boys of Dixie," "Hooray!" we say, "While bands are playin' 'Dixie.'" The world will wake, the world will wonder If Georgia's guns from her big ship thunder, "Dixie away, away," Sing the big guns of the "Georgia."

"This time it's 'Dixie' camp," says the editor of the town paper, "and we struck it quite accidental. While in Atlanta the other day we met our old friend, Deacon Morgan Bell, Captain Charles Smith and Brother Hester, who took us in their auto to their fish-camp on the banks of the Chattahoochee, and of all the juicy 'channel-cat' we ever tasted they had 'em, in sufficient quantity to feed a multitude and have enough left over to keep Coxey's army from perishing of hunger on the way to Washington! And there was cornbread like our mothers used to make; coffee that made you sit up cooled greats of butter-milk!"

"We spent three joyous self-satisfying days and nights with them, and felt that it was good to be living in this great, green world. Life drifted into sleep, to the music of mockingbirds, singing in the flower-scented dark; and our dreams came true—for breakfast was ready the minute the Sun said, 'Good Morning,' and all as free as the winds that wafted the blossoms! We said grace with a will, but with that savory breakfast before us, we cut it mighty short! 'There's no high cost of living in that springtime camp on the banks of the golden Chattahoochee!'"

War Shadows. Of the discords war made in the music of Spring the Bentztown Bard sings: "It is so hard to understand These shadows gathering o'er the land, These hatches whence there come The bugle's call, the roll of drum, The rally of the eager men, The ships clean-decked for strife again, The gathering troops, the swinging lines, The thunder of occasions when Above the brave old banner shines The eagle of untroubled eye, And God, with all his love divine, Calm on His throne in yonder sky."

The Trouble. "There's a real war hands to till the fields," says a Georgia editor, "but many mistake the braying of a hungry mule in the furrow for a call to office."

A Parody. "We don't want to fight, But by jingo! if we do, We've got the ships, the dollars, With the Eagle on 'em too!"

A Sorrow of Changes. World is rushin' on so—truth it is to speak, Hardly know the country when you've been away a week! Returnin' to the old place, new things on every hand, You're almost like a stranger in a strange, strange land!

World rushin' on, Whizzin' down the dawn, New times are with you, old times are gone!

Wonder where we're goin' to, flyin' on so fast, World is like a feather, a-whirlin' in the blast! Yer home-town, it leaves you; it's hard to find the place Where first you saw the starshine, looked Morning in the face.

World rushin' on, Whizzin' down the dawn, New times are with you, old times are gone!

Fair Notice. Says The Abilene Reflector. "We serve notice right here that although we may learn to spell the names of the Mexican towns and public men, we do not intend to try to pronounce them. This paper merely prints the news—it does not agree to read the paper to the subscribers."

DISTRACTING NOISES. LAB A LAWB OOGAH-OATZ PRUNZT LIBERTY!

SOME WHO WERT TO GRAND OPERA LAST NIGHT—AND WHO TRY IT THIS MORN!

The Lively Jingle. They'll have a lively jingle—The merry Maytime rhymes, But better is the jingle Of the dollars and the dimes.

It beats—these high-price times, The sweetest steeple-chime; Oh morrier is the jingle Of the dollars and the dimes!

The birds in blossoms singing—It beats 'em by a score, And when the dollars' singing The world hikes to the door.

Oh, fair and happy times Of money's silver chimes! The merry—merry jingle Of the dollars and the dimes!

FAMOUS STREETS. By GEORGE FITCH. Author of "At Good Old Swank."

Fifth avenue is a narrow slit through New York city walled on either side with several hundred million dollars worth of buildings. It has more good architecture than any other street in America, both in said buildings and in the clothes which adorn its sidewalks.

Once Fifth avenue was a fine residence street and the abode of the New York millionaire. From Washington Square, far downtown to Forty-second street, it was lined with brown stone mansions and the man who lived on this street could buy anything and have it charged. Then business crept in and began chasing the millionaires north. For years the chase has continued. Each year the wave of skyscrapers overtakes some fine old family; mashes its house into junk and fills its place with a hotel or dressmaking establishment or millinery shop. The millionaires are still retreating north and are now far up by Central Park looking anxiously south for the arrival of the wrecking crews and the steel derrick.

Fifth avenue is the handsome shopping street in the world below Central Park and the most elaborate residence street above that point. It contains the greatest church in America, the largest library outside of the one in Washington, the greatest art gallery in the country and the most expensive residence. It is lined with Venetian palaces, Egyptian facades, Roman porticos, Greek colonnades, Gothic spires and renaissance masterpieces together with considerable lobster nightshade agriculture. More automobiles in Fifth avenue than can be found elsewhere in the world and the Sunday parade of fashions is so startling that western visitors refuse to believe it even when they see it.

Years ago Fifth avenue was a wilderness of brown stone front steps. However, these have all been removed by city order and the houses have been shaved off to give room for the traffic. The shaving has improved the looks of the street as much as it would the looks of a Lieutenant of Coxey's army.

Fifth avenue contains the only motor bus line in America and a ride on the roof garden of one of these crafts is well worth twice the admission fee.

DAILY GRIST From the STATES POLITICAL GRIND. FRIENDS OF JUDGE DANIEL AGAIN URGING HIM FOR GOVERNORSHIP. Jackson, Ga., April 28.—(Special).—Friends of Judge Robert T. Daniel, Judge of the Flint circuit, throughout his circuit have been advocating him for governor. The fact has been made the subject of a letter from Governor Slaton offered for re-election has revived the interest of his friends in his candidacy.

Daniel has been the presiding judge of the Flint circuit four years and during his term on the bench has won the esteem and confidence of his fellow-citizens. If he decides to make the race, the entire Flint circuit will without doubt give him a splendid vote. Judge Daniel is very popular over the state and is one of the best known secret order men in the public eye today.

THREE-CORNERED CONTEST FOR JUDGE OF BRUNSWICK CIRCUIT. Hazlehurst, Ga., April 28.—(Special).—Jeff Davis county's primary for county officers was held March 18, and by a group of now looking for the statehouse officers. H. G. Moore, present representative, will announce for re-election, and will in Johnson, who represents this county, or F. J. Conyers, incumbent, has announced for re-election, and is opposed by Hon. Robert H. Baxley, Hon. J. P. Highsmith, of Baxley. This promises to be an interesting campaign, as all of the candidates are prominent and have a host of friends in the circuit. Hon. J. B. Baxley, Hon. Robert H. Baxley, Hon. J. P. Highsmith, of Baxley. This promises to be an interesting campaign, as all of the candidates are prominent and have a host of friends in the circuit.

SWIFT AND STOVALL RUNNING FOR STATE SENATE IN ELBERT. Athens, Ga., April 28.—(Special).—Colonel Thomas M. Swift, of Elberton, will probably announce this week for the senate from the thirtieth district. Dr. R. E. L. Stovall, member of the house this year, has already announced to succeed Senator E. T. DuBose, of Clarke. Mr. DuBose has positively declined to enter the race for the lower house from Clarke this year.

COWETA COUNTY VOTERS NAME NEW COUNTY OFFICERS SATURDAY. Newnan, Ga., April 28.—(Special).—Coweta's primary for the nomination of county officers will be held Saturday. With 25,000 qualified white voters and 21 candidates in the field for the various offices to be filled a lively contest is anticipated. The candidates who have paid their assessments and qualified are as follows: For clerk, C. J. Owens and Lynch Turner; for sheriff, J. D. Brewster and J. A. Stephens; for tax collector, E. P. Floyd, Charles H. Newton, Paul Smith and Thomas J. Wilkinson; for assessor, H. T. Taylor and J. C. Hubbard; for treasurer, John H. Cavender; John T. Holmes, J. A. Millians, John S. Moore, Dr. John M. Stallings and J. W. M. Turner; for coroner, A. E. Arnold, for coroner, J. C. Cook; for county commissioner, second road district, Henry L. Camp and J. B. Sims, one to be elected; for county commissioner, third road district, J. C. Sewell and George L. Warren, one to be elected.

GOVERNOR OUT OF THE CITY: LITTLE DOING POLITICALLY. With the governor out of the city there was little of interest politically about the executive quarters on Tuesday with the exception of a heavy mail. The governor spent the day in Fitzgerald, where he made a speech at the educational rally. There were a number of politicians in the city, but grand opera occupied their attention for most of the day, with the exception of those who had to attend the meeting of the legislative committee investigating the proposition of the state's publishing its own school books.

BILL MAY BE INTRODUCED TO ABOLISH SCHOOL BOARD. And speaking of the committee investigating the school book proposition—Representative McCrory, whose school book bill upon the reorganization of which the investigating committee was appointed, is pending in the legislature, it is said, predicts the introduction of a bill at the coming session of the legislature proposing to abolish the state board of education. It is Mr. McCrory's idea to replace the present board with another board, composed of one member, elected by the people, from each congressional district.

RALPH O. COCHRAN SPENDS DAY CAMPAIGNING IN COLUMBUS. Ralph O. Cochran, of Atlanta, candidate for the long term of the United States senate, spent his Saturday in Columbus. The following is the news comment of the Columbus Ledger. "Ralph O. Cochran, candidate for the United States senate, making the race against Senator Hoke Smith, came into Columbus yesterday morning, and spent the day going around and meeting the people, telling them of his platform. Mr. Cochran was on Broad street running seen by a representative of The Columbus Ledger, and he was shaking hands right and left. Mr. Cochran was asked by the newspaper man regarding his campaign for the senate, and he stated that he was in the race to the end, and ended saying: 'I am going to give the people of this state one chance anyway to vote for some one else besides Hoke.'"

THOMAS AND HARRIS DENY REPORT THAT THEY WILL HOLD CONFERENCE. Valdosta, Ga., April 28.—(Special).—The report of the daily papers of the state to the effect that Judge W. E. Thomas and Hon. N. E. Harris, both prominently mentioned in connection with the governorship, were to hold a conference in Macon, has been emphatically denied by both Thoms and Harris in an interview in the local paper, said: "I know nothing of any such conference. I have not decided whether or not I will announce my own candidacy for the office, but I am carefully studying the situation, so that should I announce I would lead my friends to victory and not to defeat."

Do you know what the above letters stand for? A North Carolina Newspaper Editor recently said in an Editorial, that they stood for "I Want Work." But here's a better interpretation— I WILL WORK! I was driving the writer of this little talk through a beautiful, productive country—a night's ride out of New York City—and in the course of the conversation, the remark was made that the country could be made to yield a tremendous increase from its soil—if it could get more and competent workers—more men who would put into real action the subject of this little talk.

"Moving Days" Hard on Electric Service Companies. In many American cities leaves as a writer to expire on April 30 or September 30, so that, by long-established custom, May 1 and October 1 have come to be regarded as "moving day." A large proportion of the population of the cities is transitory, and it follows that a great burden of making meter changes, disconnections and connections falls on the public utility companies by reason of the moving-day custom.

An effort is being made in Chicago under the aegis of the Board of Real Estate Board to cause renting agents to co-operate with the board in an endeavor to have leases terminate at various times during the year rather than almost entirely on the two mentioned dates. The movement is one that deserves general encouragement in all cities. In Chicago representatives of the electric service company, the gas company, the telephone company and of the can and warehouse interests have met with the real estate men in an effort to bring about the proposed reform, which, by general consent, is believed to be to the advantage of all the business interests concerned as well as of the general public.

POEM BY FRANK L. STANTON MADE STATE SCHOOL SONG. Oh, we live to love our Georgia, Our heart and hand to yield our Georgia Land, To live our lives for Georgia, Sing away, sing a song for loved old Georgia. We love her tales with school bells ringing, Her love we strive to yield our Georgia Land, To live our lives for Georgia, Sing away, today, Sing a song for Georgia Schools. (Chorus) 'Tis there we learn the state's high story, The page we turn to yield our Georgia Land, To live our lives for Georgia, Sing away, today, Sing a song for Georgia Schools. (Chorus) Each Georgia son a friend and brother, Their hearts beat high for the school—their Mother! Sing away, today, Sing a song for Georgia Schools. (Chorus) Oh, the ties that bind no storms can sever, Mother-Land of our Love forever; Sing away, today, Sing a song for Georgia Schools. (Chorus)

POEM BY FRANK L. STANTON MADE STATE SCHOOL SONG. The Georgia Teachers' association has adopted a poem by Frank L. Stanton, The Constitution's poet, as the state school song. It was first sung by the girls of the Lanier High School of Macon, at the opening night of the teachers' convention in Macon last Thursday. The words are set to the tune of "Dixie." About a year ago the Georgia Teachers' association appointed a committee to secure a state school song. That committee advertised in the newspapers of the state for an appropriate song, the words to be applicable to the tune of "Dixie," inasmuch as Georgia is the keystone state of the south. Many songs were submitted, many of them not without merit, but the committee thought none entirely satisfactory and asked Mr. Stanton to write a song. After the Macon school girls sang this song last Thursday night, the association adopted it. The song is as follows: In Georgia Land, where the sky is bluest, Heart and hand, where the heart beats truest, Sing away, today, Sing a song for Georgia Schools. (Chorus) Oh, we live to love our Georgia, Our heart and hand to yield our Georgia Land, To live our lives for Georgia, Sing away, today, Sing a song for Georgia Schools. (Chorus) We love her tales with school bells ringing, Her love we strive to yield our Georgia Land, To live our lives for Georgia, Sing away, today, Sing a song for Georgia Schools. (Chorus) 'Tis there we learn the state's high story, The page we turn to yield our Georgia Land, To live our lives for Georgia, Sing away, today, Sing a song for Georgia Schools. (Chorus) Each Georgia son a friend and brother, Their hearts beat high for the school—their Mother! Sing away, today, Sing a song for Georgia Schools. (Chorus) Oh, the ties that bind no storms can sever, Mother-Land of our Love forever; Sing away, today, Sing a song for Georgia Schools. (Chorus)

TILLMAN FIGHTING FOR CHEAPER COAL

Senator Alleges That the Southern Railway Is Used in the Interest of Pennsylvania Mines.

Washington, April 28.—An investigation by the naval affairs committee of the senate of alleged manipulation of the coal business of the southern states in the interest of the Pennsylvania railroad system and the mines which use that system was recommended to the senate today by the naval affairs committee. Senator Tillman, chairman of the committee, urged the importance of such an investigation. The resolution was referred to the committee on audit and control.

"The fight is in the interest of the navy and naval stations and for the consumers of coal in the south Atlantic states and for the producers of coal in the Appalachian region," said Senator Tillman. "The owners of the coal mines not in the coal trust are making little or no money because of discrimination in favor of the Pennsylvania railroad system. The southern states are being milked systematically by the Pennsylvania railroad system. The coal trust, of which the Pennsylvania Railroad & Co., George W. Baker and their associates, living in New York and New Jersey, are the principal members, is pushing and putting to undue expense because of the high price of coal and other discrimination."

Says Railroads Dominate.

Declaring that the railroads dominate the entire coal situation in the south, Senator Tillman said: "I was talking with a coal miner in South Carolina, who is president of three cotton mills, and he told me that coal cost them at the mines about 10 cents per ton, and miners could make money at that; that the cost of transportation was anywhere from 20 to 25 cents. It is due to the fact that the Southern railway, as is alleged, is controlled by the Pennsylvania railroad system, and abuse it in the interest of their greater investments in coal mines on the Pennsylvania system."

"There can be no just reason why the manufacturers in Georgia, South Carolina, North Carolina, Florida and Virginia should be discriminated against and their industries throttled, or made to bear unjustly as compared with their competitors in other states.

"Another thing," this coal trust, controlled by some arrangements which we seek to find out, prevents the shipment of coal from West Virginia and other territories in the coal fields of the York or any point south of it. The city of Washington itself is prevented from getting coal from this field on account of the Pennsylvania's dominating attitude towards the other coal roads, and the Southern railway, which connects the coal fields of West Virginia, West Virginia and Ohio and the Norfolk and Western railway, which connects the coal fields of West Virginia, West Virginia and Ohio, is controlled by the Pennsylvania system, and the coal cost at Washington at only 20 cents a ton higher than the rate to Alexandria.

Alleges Southern Is Robbed.

"I am told that the people of the South Atlantic states are sending several millions of dollars to the coal fields of the Pennsylvania system to pay for fuel and for its transportation, which ought to go to the Southern railway and to the mines on the Southern railway. I am told that the Pennsylvania system is robbing the Southern railway's interests, but do not care to see a fine property like that robbed by its own trustees. The relation of the trustees to the property in trust is a sacred one, and the trustees should be held responsible for the robbery of the Southern railway's interests. Besides, the people of my state are directly interested in getting cheap coal for fuel, but for consumption in their homes and to run their factories with, and the Southern railway penetrates the fields of the Pennsylvania system by bringing us cheap coal; but it is not allowed to do so because it is not managed as well as the Pennsylvania stockholders.

"If coal is shipped to Norfolk, it cannot go to the coal fields of the Pennsylvania system to serve our intermediate port or point. There is no free trade in coal within the area embracing the southern states of Pennsylvania, New Jersey, Delaware and Maryland, nor in the South Atlantic states, and the coal fields of the Pennsylvania system are completely at the mercy of the coal trust, both as to the supply and the price of their coal."

MONEY NEEDED TO BAR DISEASE FROM MEXICO

Washington, April 28.—A new phase of the Mexican problem was brought to the attention of congress today when Secretary McAdoo, on behalf of the public health service, asked the house to appropriate and make "immediately available" \$100,000 to prevent the introduction and spread of epidemic diseases. The current year fund for this purpose is exhausted.

"The danger to this country from the introduction of typhoid and typhus fever," Mr. McAdoo reported, "is greatly augmented because of the arrival of refugees and persons returning from Mexico to United States ports."

PRINCIPALS IN A DOUBLE RUNAWAY MATCH READING THEIR STORY IN THE CONSTITUTION

From left to right: Lucy Walton, of Cartersville; Ed Allen, of Atlanta, and Harry McCay, Dora Bridwell and Pat Shields, all of Atlanta. McCay engineered the double match. Miss Walton is now Mrs. Allen. Miss Bridwell is now Mrs. Shields. On Monday morning The Constitution carried a story of the futile chase of the police after these couples. They are shown here reading the account.

Admiral Ragsdale and Barber "with all the vehemence of their natures." They declare they were misled by the two men, and took their testimony with a grain of salt. The consul agent at Mazatlan, who gave numerous affidavits from responsible citizens, among them John E. White, who witnessed the character of both Ragsdale and Barber.

Dr. White Makes Statement.

In explanation of his connection with the Rev. E. Ragsdale in the Frank case, Dr. John E. White, pastor of the Second Baptist church, last night told a reporter of The Constitution that he had been asked to vouch for the minister's character by a doctor from the Bureau agency.

"I was visited in my office," he said, "by a young man, who told me he was a detective from the Bureau agency, who had been waiting for my arrival. He said he had come to inquire into the character of the Rev. E. Ragsdale, and asked me if I knew the Rev. E. B. Ragsdale.

"I asked him if Rev. Ragsdale was a good man, and if I would believe him on oath. I answered in the affirmative. He then asked if I would make an affidavit to that effect. I called on Rev. E. P. Robertson, who was intimately associated with Ragsdale, and I, being superintendent of the Mission Board of the Atlanta Baptist church, I then made the affidavit expressing my confidence in the man's character, as well as that of the nature of Ragsdale's testimony."

200 MEN ENTOMBED IN BURNING MINE

Continued From Page One.

In several years. It probably is second only in fatality to the Montrose explosion in December, 1907, when 386 miners lost their lives.

While the loss of life here will be heavy, there is a relief for families of victims that was not in force at the time of former disasters. The new workmen's compensation act provides \$20 a month for widows, and each of the surviving children, not to exceed three, is entitled to \$5 a month.

Governor Henry D. Hatfield, accompanied by Earl Henry, chief inspector of the state's department of mines; Dr. J. H. McCullough, chief medical examiner under the workmen's compensation act, and W. L. Thomas, chief assistant to Henry, were expected here at midnight. The governor, a physician himself, and Dr. McCullough were in charge of affairs on their arrival.

A thorough search of mine No. 6 has failed to disclose the thirteen men known to be in that operation. It is believed their bodies will be found under debris.

General Manager S. A. Cott, of the New River Collieries company, and T. H. Hudby, general manager of the Sunday Creek mines, are due here before morning to give assistance.

SEVEN AMERICANS REPORTED KILLED

Continued From Page One.

Rear Admiral Craddock, commanding the British cruiser squadron, to advise Rear Admiral Fletcher of the changes in the routing of the train so that the Americans at Vera Cruz may send transports to Puerto Mexico for the remainder of the American women and children in the capital will leave the city by this train. The American banks and business houses were open today, but most of American concerns remained closed.

Mexican volunteers to be used in repelling an American invasion are being drilled daily.

109 AMERICANS REACH VERA CRUZ.

Washington, April 28.—Arrival of 109 Americans at Vera Cruz at 5 p. m. today was reported to the Mexican department tonight by Admiral Fletcher. Of these, sixty-three were from Lomo Ponce, eleven from the American contingent, and the remainder from Cordoba, Tierra Blanca and outlying districts. Admiral Fletcher announced that the Americans now are believed to be out of the country lying between El Burro and Cordoba, Tierra Blanca and Vera Cruz. He added that, as far as could be discovered, "Nearly all foreigners in the vicinity of Durango and Torreon have left Mexico, according to a telegram from Consul Edwards at Juarez.

Consul Alger, at Mazatlan, has reported that twelve men and fifteen children, other foreigners are 41 Chinese, 150 Spaniards, fifty Germans

NEW YORK IS COALING FOR RUN TO MEXICO

Newport News, Va., April 28.—The supercargo of the New York flag ship of the recently formed "Flying Squadron," arrived in Hampton Roads this afternoon en route to Vera Cruz. The ship began coaling immediately after dropping anchor and the work is being pushed in order that she may resume her run to Mexico tomorrow. The New York has a large number of marines aboard. It is said here she will be the first battleship to pass through the Panama canal.

Consul Canada reported the receipt of the following telegram from General Maas, the Mexican federal commander now at Soledad, dated April 27. "I am sorry to hear of the departure of your esteemed letter of the 25th instant, advising that, in accord with instructions which have been received from my government, the military authorities under my command have been ordered to permit foreigners of any nationality whatever to leave the republic at will. Relative to Mexican citizens who desire to leave the city of Vera Cruz, you may permit or prohibit the same according to the orders you may have in the premises."

VILLA AND CARRANZA TO REMAIN NEUTRAL

El Paso, Texas, April 28.—Carranza and Villa have reached an agreement, according to a Mexican newspaper man who arrived from Chihuahua tonight, that the rebels will remain mere spectators so long as there is no invasion of rebel territory.

Chihuahua, Mex., April 27.—(Via El Paso, April 28.)—Revolutionary headquarters here today denied that relations between General Villa and General Carranza were strained in proof of which a friendly telegram from Villa at Juarez to Carranza was exhibited. The telegram reported the defeat of a federal force at Santa Catarina, south of Juarez, and that the rebels captured 300,000 cartridges, 250 rifles and one machine gun according to the report. The federal loss is given as 200, including General Enrique Perez, and the rebel loss sixteen.

SMALLPOX IS FOUND AMONG THE REFUGEES

Galveston, Texas, April 28.—Smallpox was discovered on the collier Cyclops today, after about half of the 350 American refugees brought here by the collier had been allowed to land. Earlier in the day the steamship Esperanza and the conveyer Elgie landed their refugees, and by midnight over a thousand American refugees roamed through the streets of Galveston waiting for trains to depart to their homes.

While the refugees on the Cyclops were passing down the gangway, the ship's doctor observed a negro who was developing smallpox. Immediately the landing of the refugees was halted and efforts made to bring back those refugees who had left the ship. Once on board, the refugees were vaccinated and then permitted to depart. Dr. McGlendon, the state health officer, said he believed the Cyclops had been vaccinated, and there was little likelihood of further trouble.

Hereafter, all refugees brought to this port will be vaccinated.

SMALL BLAZE AT GRADY CALLS OUT DEPARTMENT

A general alarm caused the entire fire department to rush to the Grady hospital at 9 o'clock last night. A mattress in one of the rear rooms had caught fire and it was soon extinguished. No damage was done to the building.

Oscar Mills Calls on Tull C. Waters to Explain

TO THE VOTERS OF FULTON COUNTY:

The issue between me and Mr. Tull C. Waters IS NOT the record of Mr. S. B. Turman and of Mr. W. T. Winn as county commissioners. As to their records, I am not concerned.

The issue between me and Mr. Waters is MR. WATERS' RECORD. I propose in this campaign to compel Mr. Waters to stand before the voters for election or defeat ON WHAT HE HAS DONE AND FAILED TO DO.

The voters are entitled to have an explanation from Mr. Waters of some facts in his record.

Mr. Waters bought \$21,000 of asphalt paving material without having it analyzed. After delivery it was analyzed by Dow & Smith, of New York, the leading chemists of the United States in this line of work, and they reported that it was unfit for use on our roads in Fulton county. The samples submitted to Dow & Smith were not listed according to the various manufacturers, but were numbered, so that they were obliged to make a fair examination and an unprejudiced report.

What is Mr. Waters' explanation of this transaction?

The convicts of Roseland camp for 3½ months have been at work on Waters avenue, adjacent to Mr. Waters' farm—whence the avenue derives its name.

Why hasn't Mr. Waters, as chairman of the board, put these convicts to work on a road to College Park, to enable the people of that community to travel back and forth to Atlanta?

The county board in February directed the establishment of a convict camp in the north end of the county.

Why did Mr. Waters select as the first piece of work to be done the construction of a brand new road through Mr. Clifford L. Anderson's 200-acre farm?

Mr. Anderson and Mr. Waters constitute a majority of the public works committee of the county board, which committee practically controls the road work.

The program of county work for the current year is usually submitted to the board in January, so that no time will be lost in getting started.

Why has Mr. Waters waited until April to submit his program of 1914 work?

Recently a certain contractor submitted to the board a proposal—not a bona fide bid, in competition with other bidders—to paint the county's bridges for \$6,000. The proposal was referred by the board to the public works committee, of which Mr. Waters and Mr. Anderson, as above stated, constitute the majority. Without reporting back to the board and WITHOUT OBTAINING COMPETITIVE BIDS, AS REQUIRED BY LAW, Mr. Waters let the contractor go ahead.

What is Mr. Waters' explanation of this transaction?

There are many facts in Mr. Waters' record which I propose to make him explain, because it is ON HIS RECORD that he must stand or fall.

Respectfully,
OSCAR MILLS.

SPEAKING OF RECORDS

ONE RECORD:
A. P. Stewart, Tax Collector, running for re-election after 25 years' service—and "fees," says:
"I stand on my RECORD."
All right; here it is:

A. P. STEWART, Tax Collector, Plaintiff in Error Versus Commissioners of Roads and Revenues of Fulton County, Defendant in Error.

Judge Pendleton held the salary act good. Stewart appealed to Supreme Court. Among other things, he said the salary act was bad because it attempted "to deprive him of his private property without due process of law." HIS OFFICE—HIS FEES—"PRIVATE PROPERTY"—think of it, Mr. Voter! Is it not time to "excuse him" from further services. He will claim the whole COUNTY next time!

THE OTHER RECORD:
C. I. Branan, candidate against Stewart, has spent twenty years of time and money in FIGHTING for the PEOPLE of this county to STOP "fees" to county officers and SUBSTITUTE SALARIES.

The only way to do it is to elect Branan. He pledges himself, personally and officially, to see the law passed and ENFORCED. This will not only save the people of this county ONE HUNDRED THOUSAND DOLLARS each year, but Branan WILL NEVER CLAIM that he owns the office of Tax Collector. Is it possible any MAN will vote for A. P. Stewart who knows the FACTS?

Society

Many Guests at Tea.

The afternoon tea hour at the Georgian Terrace assembled there yesterday afternoon a carnival of pretty women wearing the prettiest of afternoon gowns. They came in after the matinee and assembled in the lounge and in the palm room adjoining, where the decorations were in palms and potted flowers.

A bright party was that at which Mrs. Shallenberger was hostess in compliment to Dr. and Mrs. Barker, of Baltimore, the guests of Mr. and Mrs. Hugh Richardson. Among the guests were Mr. and Mrs. Hugh Richardson, Dr. and Mrs. McRae, Dr. and Mrs. Michael Hoke, Dr. and Mrs. Paulin, Dr. and Mrs. Lokey, Mr. and Mrs. John D. Little, Mr. Frank Munsey, of New York, Pasquale Amato and Madame Amato, Mrs. E. F. Trosdale, of Savannah, and Dr. Montague Boyd.

Dr. and Mrs. McRae, Dr. and Mrs. Michael Hoke, Dr. and Mrs. Paulin, Dr. and Mrs. Lokey, Mr. and Mrs. John D. Little, Mr. Frank Munsey, of New York, Pasquale Amato and Madame Amato, Mrs. E. F. Trosdale, of Savannah, and Dr. Montague Boyd.

Many others entertained in small parties and there will be tea served in the lounge each afternoon during opera week.

Mrs. Jordan Gives Breakfast

Mrs. Lee Jordan was hostess at a beautiful luncheon yesterday in honor of Mrs. Gordon, of Columbus, the guest of Mrs. J. K. Orr. The guests were twelve in number and the table decorations were markedly artistic in the spring flowers in the exquisite shades of the iris, sun dragons, roses and lilies. These colors were reflected in the minor details and a unique feature was the souvenirs in French dolls con-

verted into little opera ladies and mounted on frames which covered the ice cream molds.

Each wore a costume in the design worn by Geraldine Farrar in "Nanon," the bodice full skirt and head dress, and each tiny figure holding a musical score.

Mrs. Jordan wore a becoming costume in grey and coral.

To Opera Visitors.

Mrs. Thomas Flournoy, of Fort Valley; Mrs. Henry Drane and Mrs. Monroe Gray, of Macon, are the honored guests of Mrs. Whit Durden on Forrest avenue for the grand opera week, which is being celebrated in the city. Mrs. Durden entertains on Wednesday afternoon at the Piedmont with a tea for her guests. Her guests for the week are being planned for Mrs. Durden's visitors.

To Study Peace.

Every Friday class meets this morning with Mrs. W. E. Mansfield, 130 Peoples street, at 10:45 o'clock. Mrs. E. M. Gunn will read a paper on "The Idea of Peace."

Brown-Feagle.

The wedding of Miss Myrtle Brown and Mr. Frank Feagle, of Greenville, S. C., was celebrated at the home of Mr. and Mrs. D. R. Wilder, on Ponce Leon avenue, Dr. John E. White officiating.

The bride was lovely in her wedding gown, a white crepe, being adorned with draped with chintilly lace, and lace was also draped effectively on the skirt and caught to the train. Her only ornament was a pendant of diamonds and pearls. Her bouquet of orange blossoms caught her tulle veil.

Her only ornament was a pendant of diamonds and pearls. Her bouquet of orange blossoms caught her tulle veil.

The bridesmaid wore a blue and white, and carried pink roses. The ribbon bearers were little Misses Alice Pope Summers and Julia Anne Hargis, both of Greenville, S. C.

Mr. Joseph Feagle, of Greenville, S. C., and Mrs. Feagle's best man, Mr. W. W. Stanley sang several selections before the ceremony, and played the wedding march.

The mantel in the living room was banked with handsome palms and ferns and Easter lilies. The sides were cathedral candlesticks, which formed a beautiful setting for the bride party, which was grouped in front of the dining room.

The dining room was in pink and white, the table having a basket of bridesmaid roses and the bouquets were pink and white. The silver candlesticks held unshaded pink candles, and pink roses were arranged on the mantel.

The punch bowls resting in the center of the table were decorated with pink and white. The punch bowls were placed in the library and dining room, and were presided over by Mrs. Feagle.

The bride's going-away gown was midnight blue silk with lace blouse, which had a touch of green to match the hat of green.

Mrs. Feagle left for Baltimore, Philadelphia and New York for a month's trip.

Mrs. Wilder was gowned in coral-colored silk, with overdresses of blue-spangled net, and wore Lady Hillington roses. Her visitor, Mrs. Katharine Summers, of Barnesville, assisted and wore nila green satin, draped in crystal.

For Miss Wellhouse.

Miss Corinne Wellhouse is being delightfully entertained before her marriage to Mr. E. H. Meyer, of Rochester, N. Y., which takes place May 9, at the Standard club. Mrs. Henry Wellhouse will entertain a party of ten at the opera afterwards at the Wellhouse and supper afterwards at the Piedmont.

Mr. and Mrs. Sol Wiseberg will give a theater party Monday night at the Forsyth and supper party after the theater at the Standard club.

For Dr. and Mrs. Baker.

A delightful occasion of yesterday afternoon was the tea given by Dr. and Mrs. W. E. Shallenberger at the Georgian Terrace for Dr. and Mrs. L. P. Baker, of Baltimore, who are the guests of Mr. and Mrs. Hugh Richardson for the opera.

Tea was served in the palm room, where a profusion of pink roses were effectively used for decoration with handsome plants.

Mrs. Shallenberger wore a gown of tan silk, combined with brown, with hat to match, and her sister, Mrs. Trosdale, of Savannah, wore black tulle, with lavender hat.

Invited to meet Dr. and Mrs. Baker were Dr. and Mrs. Floyd McRae, Mrs. Fredicy of Worcester, Mass., and Mrs. Hugh Richardson, Dr. and Mrs. Bates Block, Dr. and Mrs. Michael Hoke, Dr. and Mrs. Edgar Paulin, Dr. and Mrs. Pasquale Amato, Mr. and Mrs. John Little, Mr. Frank Munsey, of New York; Dr. and Mrs. Hugh Richardson, Mrs. E. F. Trosdale, of Savannah; Mr. and Mrs. Thornton Marrye, Dr. Montague Boyd.

Informal Dancing Party.

Mrs. C. K. Ayer entertained twelve couples at an informal dancing party last evening at her home on Myrtle street in compliment to her guest, Miss Gertrude Jones, of Selma, Ala., and for Miss Christine Barnard, of San Francisco.

For Mrs. Trosdale.

Dr. and Mrs. W. F. Shallenberger will entertain at 7 o'clock on Thursday night at the Capital City club for their guest, Mrs. E. S. Trosdale, of Savannah.

Their guests will be Mrs. Trosdale, Dr. and Mrs. Charles Remsen, Dr. Willis Ragan and Dr. Montague Boyd.

Atlanta Pan-Hellenic.

A mass meeting of the fraternal women of Atlanta, in the interest of the greater Greek hospital movement, was held yesterday morning at the University club.

Representatives from eighteen national fraternities were present and detailed plans were made for the work of the organization. Plans were taken. The different members have visited the hospital and are familiar with conditions. Plans were made for a summer sale which will be held on May 3.

The next regular mass meeting of the fraternal women will be held Monday next at 3 p. m. at the University club. A full attendance is requested and every fraternal woman in Atlanta is cordially invited to be present.

For Miss Biglow.

Mrs. J. M. Copeland will entertain informally Friday afternoon, May 1, at her home on Forrest avenue in compliment to her guest, Miss Katherine Biglow, of Michigan.

W. C. T. U.

The Atlanta Frances Willard Women's Christian Temperance Union will hold its regular session Thursday afternoon at 4 o'clock in the Sunday school room of Trinity church. A full attendance of the members is desired and visitors will be cordially welcomed.

MEETINGS

The North Avenue Parent-Teacher association will hold its next meeting on Friday, May 8, at 8:30 o'clock. This change of date was found necessary because of opera week and Field day. Mrs. Elveth will be the only thing till fall, a full attendance is urged.

FEDERAL RESERVE BANKS IN ACTION BY AUGUST 1

Secretary McAdoo Thinks System Will Be Ready for Business by That Date.

Washington, April 28.—Secretary McAdoo announced tonight that the treasury department expected the new federal reserve banks would be ready for business by August 1.

A statement by the reserve bank organization committee said subscriptions to the stock of federal reserve banks in the twelve districts received up to noon today, aggregated \$71,928,600. The banks in six of the twelve districts already have subscribed more than the minimum amount of \$4,000,000 necessary to organize the reserve banks.

These districts are the first, second, third, fourth, fifth and seventh, the reserve banks for the districts being Boston, New York, Philadelphia, Cleveland and Richmond and Chicago.

The statement issued by Secretary McAdoo said:

"The subscriptions thus far received have in the twelve districts received a total of 7,484. The largest number of subscriptions received from any one district is in the first district, New York, which has received 1,200 subscriptions. The next largest has come from the third, or Philadelphia, which has received 1,100. The banks are being organized with the maximum rapidity that observance of the formalities prescribed by law permits."

FLOYD COUNTY PRIMARY PASSES OFF QUIETLY

Rome, Ga., April 28.—(Special)—Returns from the county precincts in Floyd county's white primary today insure the re-election of John W. Gardner as collector, over five candidates, and of John W. Miller as coroner over 1. D. B. Aycock, J. R. Barron received the requisite minimum of \$4,000,000. The banks are being organized with the maximum rapidity that observance of the formalities prescribed by law permits.

Due to the fine weather the farmers were kept at their work, and not more than 2,400 votes out of a registration of 4,156 were cast.

The race for two county commissioners' places between J. Scott Davis and M. L. Connor, F. C. Griffin and T. H. Mullis is close. It is expected that J. Tom Jenkins and Zack Salmon for tax receiver. The results in these races will depend upon the vote in the Eastman precinct, which will not be known until an early hour in the morning, but chances favor Davis and Griffin for commissioners, and Salmon for tax receiver.

BARRETT IS NOMINATED IN WHITE CO. PRIMARY

Cleveland, Ga., April 28.—(Special)—Unofficial returns of today's primary indicate that J. B. Barrett is nominated for clerk of superior court over G. N. Colley and J. M. Allison by a big majority; G. V. Helms is nominated for sheriff over B. Trotter and A. L. Dorsey by a big majority; D. G. Humphreys, for collector, over G. N. Glass, Autry William Palmer, for receiver, and John Satterfield, for treasurer, over six other candidates.

Boy Scouts at Acworth.

Acworth, Ga., April 28.—(Special)—Howard S. Hiller, of Acworth, holder of a Rhodes scholarship, has organized a local troop of boy scouts. The entire troop is in the "tenderfoot" class. Messrs. Wilber Colvin, E. D. Patton and E. W. Helms are nominating as commissioners to direct the work. The patrol leaders are Robert Mitchell, Glenn Reed, Ed Nichols and Clyde Winn.

Woodmen Unveil Monument.

Eastman, Ga., April 28.—(Special)—The monument erected over the grave of Hosea Williamson by Lumberman Camp Woodmen of the World at Eastman, in Orphan's cemetery, was unveiled Sunday afternoon with appropriate ceremonies. Many Woodmen from neighboring camps were in attendance.

The Real Secret of Rejuvenating the Face

She holds the true secret of facial rejuvenation who has learned how to remove the dead skin particles as fast as they appear. It's a secret anyone may possess. The aged, faded or discolored surface skin may be gradually absorbed in an entirely safe and rational manner, by the nightly application of ordinary mercerized wax. Within a week or two the underlying skin, youthful and beautiful to behold, has taken the place of the discarded cuticle. So little of the old skin is absorbed each day that there's no inconvenience at all, and no one suspects you are putting anything on your face. The mercerized wax, of fine surface, is a store (an ounce is sufficient), is applied like ointment. In the morning it is washed off with soap and water. The face in the solution produces quick and wonderful results.—(Adv.)

Ultimatum to Miners.

Peoria, Ill., April 28.—Illinois coal operators today issued their ultimatum to the miners. They refuse the 4 per cent increase the miners demand in the southern field and also refuse to submit any dispute to subdistrict conventions for settlement, unless operators and miners at that district agree upon the plan.

FOURTH WARD TO GET OUT A RECORD VOTE

Plans Are Discussed to Help the Passage of Grady Hospital Bonds.

Plans for a Greater Grady mass meeting to be held Saturday night in the North Avenue school, were made yesterday afternoon at a luncheon in the Hotel Ansley, of the Grady committee of the Fourth ward.

It was noticeable that no one of these thirty residents had anything more than the average citizen to gain or lose by the passage or non-passage of the bond issue.

GREAT SUFFERER FROM LIVER AND STOMACH

Used Many Different Remedies With No Result But Finally Succeeded With Theford's Black-Draught

Ridgeway, Va.—Prof. T. A. Walker, of this town, says: "Twenty-odd years ago, I became a teacher. The work was very confining and did not then very well agree with my health, and soon I became a great sufferer from liver and stomach troubles."

I used many kinds of liver and stomach remedies, but from none of these did I receive anything more than temporary relief. Yet, it seemed that I was compelled to take some kind of liver and stomach medicine. I became despondent and hardly knew what to do.

Along about this time Theford's Black-Draught was recommended to me. I bought some and began its use.

It did not take me long to discover that I was using a superior medicine. It thoroughly cleansed my liver and stomach, and gave me an almost ravenous appetite. My indigestion soon passed away, and so did my brown greasy-looking complexion. In short, I felt like a new being.

Now, I keep Black-Draught on hand all the time and take it occasionally. I cannot afford to be without it. If I ever have a sick spell, I take Black-Draught, and it always brings relief. I verily believe that Black-Draught is the best liver and stomach medicine that ever was made.

Costs only one cent a dose. At all druggists.

If You Are Between 18 and 45 Uncle Samuel May Draft You

If you're between 18 and 45 years old, you are a soldier of the United States. You can be picked up at a moment's notice and sent to foreign soil to fight. Did you know that the United States had a conscription law?

In case of war with Mexico every able-bodied male between the above ages is liable to be called into service. An act of congress approved January 21, 1903, and amended in 1908, commonly known as the "Dick militia law," makes it possible for the president of the United States to call into service of the United States not only the regularly organized militia of the various states, but also the so-called "reserve militia," which constitutes all citizens between the ages of 18 and 45 years.

Section 4 of this law provides that "whenever the United States is invaded or is in danger of invasion from any foreign nation" or in other contingencies named, "it shall be lawful for the president to call forth such number of militia as he may deem necessary."

Furthermore, it is provided that when the president calls out the militia for such purposes, "he may specify the period for which such service is required," and the militia so-called shall continue to serve during the term specified, either within or without the territory of the United States, unless sooner relieved by order of the president of the United States.

The use of language "either within or without the United States" shows that it is only necessary for the president to decide that there is a possibility of danger from invasion by Mexico, federals or constitutionalists, in order to have authority to ship to Mexican soil as many state militiamen and of reserve militiamen as he may deem necessary.

It will be surprising to the ordinary man on the street to know, therefore, that he may be summoned at a moment's notice to join the militia; that he is, in fact, already a reserve militiaman and as such subject to immediate call by the president for service either within or without the territory of the United States.

Drastic Penalties.
Not only that, but section 7 provides drastic measures and penalties for failure to obey such summons. After providing that members of the militia, when called out by the president, shall be mustered into the service of the United States with all the rights, privileges and without further medical examination previous to such muster this section says "that any officer or enlisted man of the militia who shall fail to offer himself for such muster, upon being called forth with as herein prescribed, shall be subject to trial by court-martial and shall be punished as such court-martial may direct."

Section 9, in effect, makes regular soldiers of the militiamen when thus called into the service of the United States. It says "that the militia, when called into actual service of the United States shall be subject to the same rules and articles of war as the regular troops of the United States."

Violation Serious.
Violation of articles of war is about the most serious thing that could happen to anybody. Many of the penalties prescribed call for death in war time and the other penalties are severe. There is another article of war entitled "An act to provide for temporarily increasing the military establishment of the United States in time of

war," the act by which a volunteer army could be mustered. But the failure of men to volunteer might be very readily followed by the enforced enlistment of citizens under the Dick militia law without the necessity of congress passing a special act authorizing conscriptions.

AFTER HOLDING REVIVAL HE WAS DONE TO DEATH

Cleveland, April 28.—A body exhumed from the Rockport cemetery here, today, was identified as that of Rev. Lewis Patmont, who disappeared from Danville, Ill., April 1. The body of Patmont was found along the Big Four railway tracks April 6. The coroner deems that murder had been committed, probably on a freight train, and that the body was then thrown overboard. Prior to his disappearance, Mr. Patmont had held a revival meeting in Danville. An option campaign was being waged, and it is said that he was given from town by partisans.

RAGSDALE RESIGNS AS PASTOR OF CHURCH

Full Report on Conley Affidavit to Be Made to the Church Tonight.

An investigating committee of six leading members of the Plum Street Baptist church, of which Rev. C. B. Ragsdale is pastor, called on him at his home Monday night in an effort to bring to light the true facts relating to the report that he had been instrumental in a "frame-up" in which Jim Conley was accused of having confessed to Mary Phagan's murder.

The committee was composed of Frank A. Smith, chairman; W. R. Beaty, church treasurer; Charles G. Wheeler, deacon; J. E. Dobbs, T. B. Dobbs and Rev. J. W. Cartin.

The committee would not disclose any information regarding the outcome of their visit except to say that Mr. Ragsdale had tendered his resignation, and that they, the committee, would make their full and final report to the church tomorrow night in conference. The church will then take action in the matter.

"The public," said Mr. Wheeler, "will be thoroughly satisfied with our investigation and report. We have the situation entirely in hand, and the church will act on our report as it thinks advisable."

"However, we would like to say that R. L. Barber is not, and never was, a member of the Plum Street Baptist church. The tone and texture of our rock is not low by any means. Rev. Ragsdale has been with this church little more than a year. He

was formerly pastor of Capitol View Baptist church. The Plum Street church was founded in October, 1912, with twelve charter members, and now has 120. The building was formerly used as a kindergarten, and at one time was an Episcopal church.

BRITISH MARINES GO TO RESCUE AMERICANS

Washington, April 28.—Rear Admiral Mayo reported that Admiral Cradock, of the British cruiser *Hermione*, had dispatched Major Clark and a detachment of British marines 40 miles inland from Tampico to rescue eight Americans at Orange Hill. The *Hermione* sent thirteen refugees aboard the *Des Moines* today. Admiral Badger reported that it would be inadvisable to send an American ship to the Yucatan district, as it might start anti-American demonstrations.

In regard to the reports from Tampico that American citizens there were being held in a "frame-up" in which the American battleships from the *Fiver*, Secretary of the Navy Daniels said today that this action had been taken after Admiral Cradock had informed Admiral Mayo that he would undertake to receive Americans from Tampico aboard the *Hermione* and transfer them to the *Des Moines* upon the American vessels taking a position at sea. This arrangement, it was thought, Mr. Daniels said, would meet anti-American demonstration in Tampico less likely.

"I will go in and bring the refugees to you," the British admiral was reported to have said to Admiral Mayo.

HEAD OF TEXAS RANGER WANTED BY MEXICANS

Austin, Texas, April 28.—There is a standing reward of 500 head of cattle among Mexicans for the head of any Texas ranger brought to Mexican soil, according to information received by Governor Colquitt indirectly from the *Madero* camp on the Rio Grande.

An investigation will be made, according to the governor.

To Hold Meeting at Grady Monument to Boom William S. Wier

At a meeting of the labor legislative committee, at Labor Temple, 112 Trinity avenue, last night, it was decided to hold a mammoth open-air mass meeting in the interest of William S. Wier, labor candidate for the county-at-large for county commissioner, at Grady monument, Marietta and Forsyth streets, Monday night at 8 o'clock.

William Strauss, chairman of the labor legislative committee, was appointed as a committee of one to confer with Mayor Woodward in regard to permission to hold the street meeting. Mr. Wier himself will speak, and it is anticipated that the meeting will be

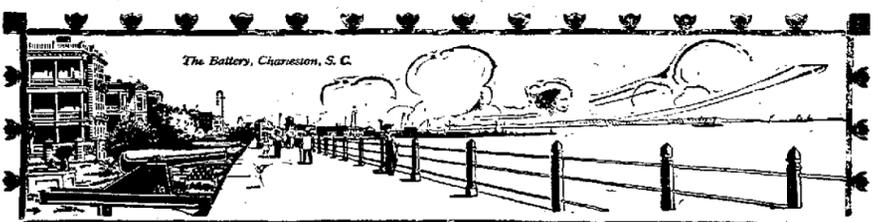

a large and enthusiastic one. A committee has been appointed to look into the matter of music for the occasion. Last night's meeting, in the interest of Mr. Wier, was an enthusiastic and encouraging one. A number of details of his campaign were outlined. Among these was the appointment of committees to forward Mr. Wier's cause in each of the precincts of the county. These are to report to a meeting of the committee to be held Saturday night at 8 o'clock at Labor Temple. Between now and election day the committees will work hard for their candidate, and will be on hand at the polls on election day.

Atlanta Gives Gracious Welcome To City's Grand Opera Visitors

NOTES ON TUESDAY'S SOCIAL EVENTS

By Inna Dooly.
Atlanta is giving gracious welcome to the stranger within the gate, and to her Metropolitan stars—for are they not Atlanta's at this season of the year? The glory of yesterday's sunshine put everybody in a good humor, and from the breakfast hour on through the day the clubs of the city and the hotels, where the visitors are presented a continued scene of gaiety.

Madame Gadski, Madame Ober, Caruso, Scotti, Gilly, Madame Amato, Miss Case and Seguroia were among the first to greet before noon, and appearing on the porch of the Georgia Terrace they were the center of admiring friends.

Thomas Dixey, Jr., age 4 years, son of Mr. and Mrs. Thomas Dixey, of New York, was among the first to greet the stars, whom he had been told about. He was introduced to the Georgia Terrace and there were tables in every available place in the clubhouse. The tables were bright in decorations of spring flowers, pink roses, snap dragons and the wonderful purple iris combined in the decorations. The menu served was delicious, and service was ready and adequate. In the center of the ballroom was a long table, at which Mr. Nunnally and other members of the club management were hosts. Colonel and Mrs. Peel were there, and a group of the opera stars.

After dinner the ballroom and main dining room were soon cleared, and the ball began. There was an orchestra in each room, and the flowers and lights and the glittering toilets of the beautiful women combined to make the scene one of great brilliancy.

Colonel Ragan's party of twenty-four, whom he had entertained at dinner, including Mrs. Kenneth Murchison, Mrs. Hurrecamp, Mrs. DeLos Blodgett, Mrs. Blodgett, Mrs. Edward Inman, Mrs. John Little and Mrs. Frank Ellis.

Dr. and Mrs. Barker, the guests of Mr. and Mrs. Hugh Richardson, were with Dr. and Mrs. Charles Remsen, entertaining for Dr. and Mrs. Ira Remsen.

POPULAR VISITORS.
Among the most popular of visiting ladies is Mrs. Richard Bissell, of Hartford, Conn., who, with Mr. Bissell, is visiting Mr. Thomas Eggeston. She was the guest of honor in Mrs. H. M. Atkinson's box Monday night, and was a becoming toilet in coral-colored chiffon over white satin. After the opera Mr. and Mrs. Bissell were entertained at the Capital City club by Colonel and Mrs. Lowry, who had invited twelve guests to meet them, among them Mrs. Lawrence D. Tyson, of Knoxville, and Miss Isabel Tyson, who is one of the most beautiful young women in the south.

Mr. and Mrs. Bissell were the guests of honor in the dinner party given last night by Mr. Eggeston. They will be among the guests at Mrs. Little's luncheon today, and will be entertained at the Druid Hills Golf club this afternoon. They will be among the visiting guests at the breakfast Colonel and Mrs. Robert J. Lowry give at the Driving Club Friday at 12 o'clock in the Knoxville party, and they will be with Governor and Mrs. Slaton in their box tonight.

Mr. and Mrs. Walter Lamar and Mr. and Mrs. Emory Winship and Miss Casey are being beautifully entertained. Miss Lamar was the recipient of many attentions at the Driving Club last evening, her toilet of white satin with embroidered green and silver. Mr. and Mrs. Winship were in the dinner party entertained at the Driving Club by Mr. Brooks Mayne, Mr. and Mrs. James L. Dickson, Mrs. Richard Johnston, Mr. S. S. Dunlap, of Macon, Mr. John Temple Graves, Mr. E. T. Lamb.

In Mr. Eggeston's party were Mr. and Mrs. Bissell, Mr. and Mrs. Walter Lamar of Macon, Colonel and Mrs. Lowry, Captain and Mrs. McKinley,

AT DRIVING CLUB.
The Piedmont Driving club proved its elastic qualities last night as well as its continuous hospitality in the beautiful dinner and ball marking the first large social event of opera week. Six hundred guests were entertained. The ballroom was devoted into a banquet hall; the main dining room was used, and there were tables in every available place in the clubhouse. The tables were bright in decorations of spring flowers, pink roses, snap dragons and the wonderful purple iris combined in the decorations. The menu served was delicious, and service was ready and adequate. In the center of the ballroom was a long table, at which Mr. Nunnally and other members of the club management were hosts. Colonel and Mrs. Peel were there, and a group of the opera stars.

After dinner the ballroom and main dining room were soon cleared, and the ball began. There was an orchestra in each room, and the flowers and lights and the glittering toilets of the beautiful women combined to make the scene one of great brilliancy.

Colonel Ragan's party of twenty-four, whom he had entertained at dinner, including Mrs. Kenneth Murchison, Mrs. Hurrecamp, Mrs. DeLos Blodgett, Mrs. Blodgett, Mrs. Edward Inman, Mrs. John Little and Mrs. Frank Ellis.

Dr. and Mrs. Barker, the guests of Mr. and Mrs. Hugh Richardson, were with Dr. and Mrs. Charles Remsen, entertaining for Dr. and Mrs. Ira Remsen.

MISS TYSON'S BEAUTY.
Miss Isabel Tyson was one of the honor guests in the dinner party given at the club last night with Miss Esther Eggeston. Mrs. Lawrence Tyson was with Mr. Eggeston's party.

Mr. and Mrs. Kelly Evans were the guests of honor in a congenial party, Mrs. Evans wearing a maroon-colored satin gown brocaded in silver.

Mrs. Francis Carter Devine was in the party given by Judge and Mrs. Atkinson, her gown of pink satin embroidered in silver and crystals.

Mrs. John Patterson, of North Carolina, was the center of admiration in another party, her gown of rose-colored satin embroidered in silver.

HOSTS AND HOSTESSES.
The hosts and hostesses at the club last evening were Dr. Willis Ragan, Mr. and Mrs. Henry B. Scott, Mr. and Mrs. Andrew Calhoun, Mr. and Mrs. Thornton Marrye, Mr. and Mrs. Frank Inman, Mr. E. V. Haynes, Mr. and Mrs. E. P. Ansley, Lieutenant Castleman and Mrs. Castleman, Mr. and Mrs. W. Chipley, Mr. and Mrs. Hugh Richardson, Mr. and Mrs. W. A. Speer, Mr. Royston Cabanis, Mr. and Mrs. J. C. Hunter, Mr. T. J. Lyon, Mr. and Mrs. W. T. Gentry, Mr. and Mrs. Louis Beck, Mr. Brooks Mayne, Dr. and Mrs. Thomas Hinman, Mrs. J. S. Slicer, Mr. and Mrs. Cam Dorsey, Mr. and Mrs. James E. Hickey, Mr. and Mrs. P. S. Arkwright, Mr. Hal Huntz, Mr. and Mrs. T. P. Daniel, Mr. Carter Woolford, Mr. and Mrs. J. F. Glenn, Mr. and Mrs. Harry English, Mr. and Mrs. A. J. Orme, Mr. and Mrs. F. E. Calloway, Mr. E. H. Barnette, Mr. L. Gregg, Mr. and Mrs. C. J. Hadon, Mr. and Mrs. W. E. Prescott, Mr. and Mrs. C. E. Sciple, Mr. and Mrs. Edwin Johnston, Mr. and Mrs. T. E. Felner, Mrs. Fitzsimmons, Mr. and Mrs. Henry Jackson, Mr. and Mrs. Ward Smith,

Mr. and Mrs. Lowry Arnold, Mr. and Mrs. H. M. Atkinson, Mr. J. N. King, Mr. and Mrs. G. C. Walters, Judge and Mrs. T. Newman, Mr. and Mrs. J. H. Porter, Mr. and Mrs. Ben Lee, Mrs. W. A. Speer, Mr. and Mrs. J. K. Orr, Mr. C. M. Sciple, Mr. Joseph Brown Connally, Mr. Arthur Clark and many others.

PRETTY COSTUMES.
Mrs. Richard Bissell wore a Frenchy toilet in gray tulle, her flowers orchids and lilies.

Mrs. Clark Howell wore a yellow brocade tulle combined with white lace.

Mrs. Edward C. Peters wore an ecru-colored lace gown, with effective trimmings in black tulle and lace.

Mrs. W. A. Speer wore a white tulle gown with sash and corsage trimmings of brocaded satin pink and gold.

Mrs. McKinley was beautifully gowned in white.

Mrs. John E. Murphy wore a white satin gown with draperies of lace and tulle.

Mrs. J. Carrol Payne wore a flesh-colored tulle gown, the corsage trimmed in tulle and embroidered in crystal.

Mrs. John Marshall Slaton wore a white tulle gown with sash and corsage trimmings in flowered silk; Frenchy finish given in blue.

Mrs. E. P. McBurney wore a dancing gown in white, embroidered in gold silk trimmed in brown tulle.

Miss Helen Dargan wore pale blue tulle and lace.

Miss Catherine Ellis wore pale blue tulle and lace.

Mrs. Douglas Manley wore rose-colored silk with trimmings of black tulle.

Mrs. W. S. Elkin wore a white satin gown with draperies of black tulle.

Mrs. Harry English wore a white tulle gown with trimmings of silver.

Mrs. E. A. Alsop was beautifully gowned in pale pink silk.

Miss Mary Atkinson wore an exquisite toilet in green silk with draperies of tulle, and corsage trimmings of daisies.

Mrs. Frank Inman wore pink satin trimmed in gold-threaded net.

Mrs. Don A. Fardoe wore a blue charmeuse satin trimmed in lace.

Mrs. James L. Dickson wore pale pink satin and lace.

Mrs. Morris Brandon wore a dancing gown in white embroidered net.

Mrs. M. K. Armstrong wore a yellow tulle gown with trimmings of brown tulle.

Mrs. Bates Block wore a white chiffon gown painted in roses.

Mrs. J. S. Howe wore a pale pink silk gown, embroidered in silver.

Mrs. John D. Little wore a French dancing gown of black tulle and satin, trimmed in ruchings of tulle; the bodice of white tulle trimmed in black.

TWO AUTOS ARE STOLEN; ONE OF THEM RECOVERED.
The police are looking for persons who stole two automobiles Monday night. One was owned by R. L. Bargo, of 13 Beecher street, and was in front of the Auditorium while he and his wife were attending the opening performance of grand opera. It had not been found late Tuesday night. The other was stolen from L. M. Sheffield, at the corner of Park and Hammond streets, and was found early Tuesday morning on Whitehall street, near Alabama.

Eastman Revival Closes.
Eastman, Ga., April 28.—(Special).—The revival services which have been in progress at the First Methodist church for the past two weeks came to a close last night. The pastor, Rev. W. E. Johnson, had the assistance of Miss Emma Tucker, of Enterprise, Fla., who is a noted Bible reader.

Round After Round of Applause Greet Gadski, Martin and Amato In Ever Popular Il Trovatore

TONIGHT'S CAST.
"Der Rosenkavalier," opera in three acts, by Richard Strauss.
The Cast:
The Princesses Werdenberg (soprano), Frieda Hempel.
Baron Ochs (baritone), Otto Gortiz.
Octavian (contralto), Margarete Ober.
Sophie (soprano), Anna Case.
Marianne (soprano), Rita Forna.
A Singer (tenor), Italo Cristallo.
Three Orphans—Rosina Van Dick (soprano), Sophie Braslau (contralto), Lenora Sparkes (soprano).
Conductor—Alfred Hertz.

By Inna Dooly.
As a whole, the performance of "Il Trovatore" at the matinee yesterday afternoon may be truly said to have overshadowed in brilliancy even those presented by the Metropolitan Opera company on previous occasions, and to stand out gemlike even in the Metropolitan collection.

The audience went to feast; many have said this opera is the only one they could see, and their response to the performance was one of joy, thrilling to behold.

It was proved again that among the Metropolitan artists there is no greater favorite with Atlanta audiences than the temperamental baritone, Pasquale Amato. While he was, as he always is, the artist of rare temperament, yet his rendition was the height of the Count del Luna's role, "Tempest of the Heart," was sung with a reserve, which is of as much value to the artist as this same temperament.

There was an affectionate ring in

the nature of the applause which followed his every appearance, whether or not his glorious voice was heard.

Triumph of Gadski.
As great in the coloratura role as she is in the dramatic Wagnerian parts which are her forte, Madame Gadski proved herself to be as Leonora in Verdi's world-beloved opera. Exquisite delicacy marked her interpretation of Leonora, and the audience responded to her artistic achievement with bravos again and again.

It was Madame Ober's first appearance in Atlanta, this her first year in Metropolitan opera, and she continued here the ovation which has been accorded her in New York. The precedent set by other famous actresses she lived up to, holding high the standard, both vocally and dramatically. Her voice, one of marvelous range, is equally beautiful in every register; it is powerful, and possesses the vocal quality and magnetism to rank her among the great singers.

Martin Scores a Hit.
Riccardo Martin's velvety tenor might have been in the mind of Verdi when he wrote the part of "Il Trovatore," and to its romantic beauty Martin gave tone and exquisite expression. His rendition was the height of lyric charm, and he carried with him the enthusiastic appreciation of one of the most representative audiences yet assembled during Atlanta's opera fete.

Marie Matfield presented an excellent tenor. Giulio Rossi sustained with the grace of the artist the role of Ferrando, and Bada and Reschiglian completed the harmony of a performance of all stars.

Richard Hageman ably conducted the orchestra, as it accompanied with wonderful beauty the music of an opera which meets the universal appeal.

Many Bright Social Events Have Been Scheduled Today

Mrs. John Little's Luncheon.
Opening Druid Hills Golf Club.
The opera "Rosenkavalier."
Supper at Capital City Club.
Judge and Mrs. Spencer Atkinson's Buffet Supper.

The opening of the Druid Hills Golf club this afternoon will be one of the happiest of the many social events of the week, and arrangements have been made by which the several hundred guests invited will be delightfully entertained. The ball room, which is thrown open and an orchestra will furnish dance music. There will be an orchestra on the front terrace, where those who prefer to enjoy the beautiful summer afternoon can do so in the open, and there sip their tea.

Many parties have been arranged for the afternoon and golf games have been arranged for every hour of the day.

The guests this afternoon will be received by Mr. H. M. Atkinson, the president of the club, and Mrs. Atkinson. They will be assisted by the officers of the club, and everything of management and their wives, the party to include Mr. and Mrs. Carrol Payne, Mrs. John Marshall Slaton, Mr. and Mrs. Ernest Woodruff, Mr. and Mrs. Frank Adair, Mr. and Mrs. Lowry Arnold, Mr. and Mrs. John D. Little, Mr. and Mrs. George Adair, and Mr. and Mrs. Thomas Hinman.

The Peels give each year has become one of the most anticipated events among the artists, and

the occasion today will be a most happy one. An old-fashioned breakfast will be served.

Mrs. Spencer Atkinson's supper party after the opera is to Mrs. Ome's guest, Miss Cox, of Tallahassee, Fla., and fifty guests will be entertained. There will be many parties at the Capital City club after the opera, including having been made for several hundred guests.

NEW TRIBE OF SAVAGES FOUND BY ROOSEVELT

The Savages Wear No Clothes. Stirring Adventures for the Colonel.

Rio de Janeiro, Brazil, April 28.—Colonel Theodore Roosevelt, on his journey through unexplored regions of Brazil, discovered a tribe of savages hitherto unknown. The tribesmen, who were named Fahlantes, were naked.

Captain Amilcar Magalhães, chief of the Brazilian mission accompanying Colonel Roosevelt, who relates this discovery to the *Gazeta de Noticias* today, says the party met stirring adventures. Colonel Roosevelt himself killed two large tiger cats.

The expedition traced the course of the river Gyrirana, a tributary of the Madeira.

The captain declares that in the accident on the Gyrirana, March 13, when one of the boats capsized, only the baggage was lost. The total bag collected amounts to about 2,000 specimens.

TANGO

ROOTS OUT CORNS PAINLESSLY
Don't Pick and Gouge and Torture Your Toes—Use TANGO.

TANGO for Corns is the most marvelous remedy of the age. No wonder everybody is enthusiastic about it. One touch of TANGO on a corn ends your suffering. Applied in a second and it's done. No plaster or salve to fuss with; nothing to stick to the foot and be jerked from the sore toe with excruciating agony; no swelling and tenderness. Never use a point or blade, because the risk is too great. A slip of the instrument and a drop of blood have caused many cases of blood poisoning. TANGO is the one safe remedy that roots out the core of the corn, painlessly. It softens the kernel and brings it out. The root, core and the corn are gone forever. No pain, no fuss, no sore, bandaged toes. TANGO is the safest and surest remedy for corns and bunions; the one GUARANTEED remedy. Any druggist will return your money if TANGO fails to root out the CORE of the corn painlessly. 25c at all Druggists. Made and guaranteed by Jacobs Pharmacy, Atlanta.

"Gittin' 'Thar Fustest" Decides the Auto Contest.

A Confederate general with more bluntness than education used to say that battles were won by—"Gittin' 'thar fustest, with the mosdest men."

That also is the secret of success in The Constitution's free distribution contest of autos, player-pianos, cash prizes.

Getting there first with the most votes, is what counts.

The Constitution, is after circulation. You are after an auto or a player-piano.

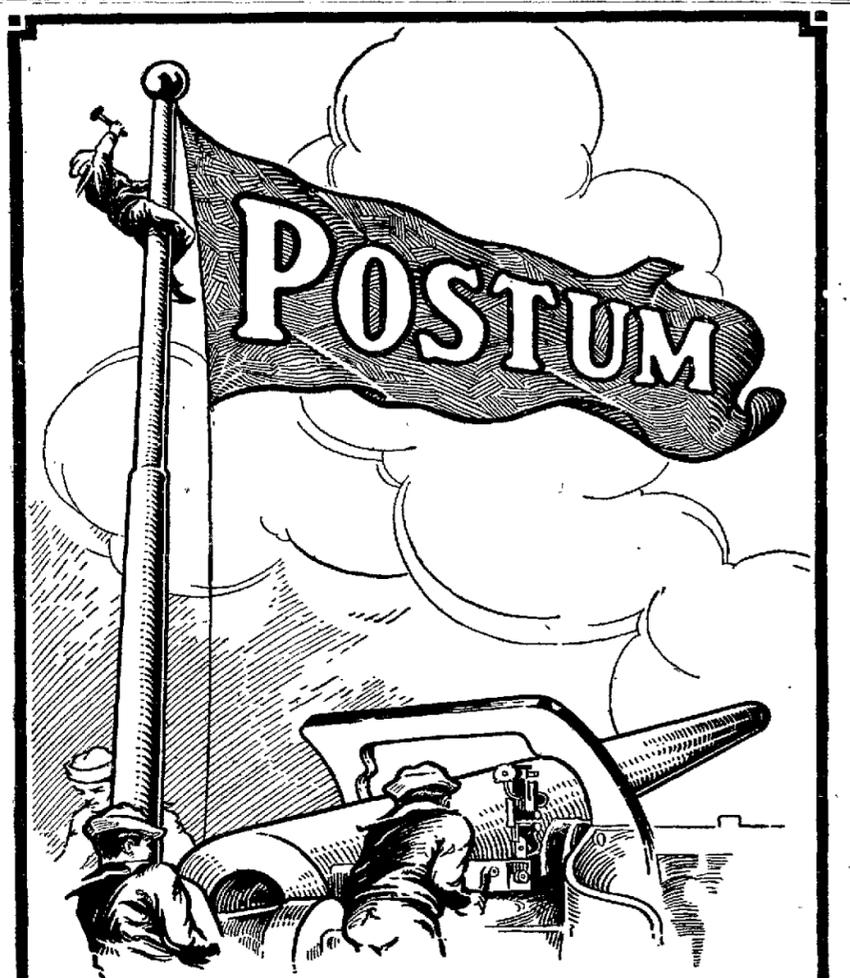

It is easy to get subscribers to The Constitution.

It's the only morning newspaper in the field, and it has back of it forty-six years' prestige in having "delivered the goods."

The Constitution means an accurate newspaper to men and women. That's why working for The Constitution is an easy matter.

But, it will help you a lot to "Git 'thar fustest."

WOUNDED FLOYD DEPUTY HAS A CHANCE FOR LIFE

Sheriff Dunahoo Retires From Race—Is Still Held in Jail.

Rome, Ga., April 28.—(Special).—Deputy Sheriff G. W. Smith, who was shot last night by Sheriff W. C. Dunahoo in a personal encounter over political matters, is still alive and his physicians state that his chances for recovery are improving. He is not yet out of danger, and will not be for the next forty-eight hours. However, he has a good chance for his recovery, and his condition does not set in from the wounds in his abdomen. Sheriff Dunahoo is still confined in Floyd county jail, his bond not having been fixed. Henry Dunahoo, a son of the sheriff, who was arrested under a warrant charging assault with intent to murder, it being alleged that he took part in the affray between his father and Smith, was released this morning under a \$5,000 bond.

The anticipated trouble and clash between partners of the two men, who were on opposing tickets for sheriff, did not materialize at the polls today, owing to the fact that Dunahoo this morning announced his retirement from the sheriff's race. In a card to the voters he states that he considered himself fully justified in everything that he did and would make a showing to this effect at the proper time, but that in order to avoid discussion and discord at the polls he withdrew.

Coroner John Miller is in temporary charge of the jail, and Sheriff Dunahoo, when recovered, the sheriff will be released on bond and will continue the duties of his office until he has retired on January 1, 1915. Should Smith die, and the sheriff be charged with murder, he will probably be charged in office, or proceedings might be taken against him for a trial by a special jury of men of the county. In the event a vacancy arises in the office, the ordinary of the county will appoint a special officer to hold the office of the sheriff for a month, and a special election will be called for the unexpired term.

W. E. BOOKER WILL HEAD FARMERS' PRODUCT CO.
West Point, Ga., April 28.—(Special). A call meeting of the Farmers' Product company was held this morning to complete the organization. The total stock of \$50,000 and to be increased to \$100,000, for the purpose of operating a "meat" plant.

The following officers were elected: W. E. Booker, president; W. L. Hardy, first vice president; A. A. Anderson, second vice president; J. C. McKemie, secretary and treasurer. The board of directors consists of W. E. Booker, W. L. Hardy, Brady, J. L. Barrow, P. J. McNamara, George H. Zachary and W. C. Batson.

The location of the plant will be on the Western of Alabama railroad property in the south end of the city. The work of the company will be in readiness for the fall business.
