REPORTED GERMANS HAVE LEFT DIXMUDE.

Operations of the allies in Flanders apparently have assumed the character

of a general movement in an attempt to press back the entire western end of the German line. Latest French official statements say appreciable gains have been made, although it is admitted that the Germans are determinedly resisting.

In Poland heavy Russian reinforcements are being dispatched to the front, and undoubtedly severe fighting is in progress. Petrograd reports the Germans have sustained great losses in attempts to reach Warsaw, while General von Hindenburg states casualties among the Russians are enormous.

TRENCHES REGAINED BY BRITISH TROOPS.

Paris, December 21.—The following statement given out in Paris this afternoon: There is not a single mention of a German success or of a French repulse.

The day of December 20 brought nothing of importance in Belgium, if exception is made of some progress in the region of Lombardie and St. Georges, and at a point to the southeast of the Inn of Kortaker.

Between the Lys and the Aisne we have occupied a line near the route between Noulette and Souchez, and we also took possession of all the line of German trenches between this highway and the first houses of Notre Dame de Lorette, south of Loos.

German Guns Silenced. "The enemy has bombarded Arras. Our heavy artillery silenced the repeated cannon fire of the enemy to the north of Carnoy, which is to the east of Albert."

official communication was issued by the war office tonight:

"The British troops have attacked and this morning regained most of the trenches previously lost. Before Liégeois the enemy delivered four successive attacks for the purpose of recapturing the trenches which we had previously won in that region, but all of them were repulsed."

"In an attack to the northwest of Pulaisselle, south of Noyon, we have gained a foothold in the enemy's trenches of the first line and have made progress in the wood of Saint Maréchal. There has been no other report of any host on the enemy's operations."

Progress has been made between the Argonne and the Meuse, and on the heights of the Meuse. At one point an advance of 1,200 yards is recorded, and at another the French made 500 yards of progress."

The French heavy artillery, is described as having been successful in the Aisne, near Rheims, and elsewhere. The text of the communication follows:

which is to the southeast of Carnoy. The heavy artillery also secured distinct advantages on the Aisne and the region of Proennes, Fortin, and Beausejour, as well as in the Argonne, where we made along our entire front considerable advances.

This is particularly so to the northeast of Beausejour, where we won the heights of the first line of the enemy's trenches. In the forest of La Grurie we blew up four mined trenches and captured ourselves in the positions thus made.

Between the Argonne and the Meuse there has been progress along all the front, particularly in the region of the Argonne, where the brook of Chappes has been crossed by the French troops, and in the region of German Court-Bethincourt.

On the right bank of the Meuse we have gained ground at La Croupe; at a point two kilometers northwest of the heights of the forest of Consenvoye. Finally, on the heights of the Meuse, there has been slight progress in the forest Des Chevaliers to the northeast of the Fort of Coyon."

GERMANS RETREATING, IS RUSSIAN CLAIM.

Petrograd, December 21.—The official communication issued today by the Russian headquarters says: "In the region of Mlawka (east of Poland), the Germans have fallen back to the line of Lautenburg-Neidenburg (across the frontier into East Prussia)."

On the left bank of the Vistula there is no incident of importance to report. In Galicia the Austrian offensive is being greatly hindered by our troops, and the operations in this region have taken on a character extremely favorable to the Austrians. One of the divisions which was operating in the vicinity of Dukla pass was easily defeated by our bayonet charge made by our troops.

The enemy left on the battle field five hundred killed and was captured ten officers and more than a thousand soldiers. The attempts of the Przemysl garrison to break through the Blotz line have been definitely repulsed. The garrison has retreated back into the line of fortifications with heavy losses. In the direction of Van, on December 20, engagements occurred which resulted in the capture of a piece of mountain artillery with 500 other pieces of equipment.

The Russian army of Sary-Kamysh (Trans-Caspian district) there have been several engagements of no importance. It is pointed out that the Russians have thus assumed positions on their third line of defense. The evacuation of the line which lies to the west of this line, was thus logical consequence to this movement and, according to the general opinion here, had no bearing on the attack on Warsaw. The Austrians for the present apparently are attempting nothing more than to retreat to the west of the line of the Russian movements.

The Russian press is convinced that the success of the present military alliance may be announced at any time, as the result of the conference last week by Kings, Haakon, Gustave and Christian.

The newspapers believe such an alliance could possibly be a source of danger to Russia and would ally all apprehension about the possible pro-German sympathies of Sweden.

BRITISH REVERSES CLAIMED BY KAISER.

Berlin, December 21.—(By wireless to London.)—The German press today gave out an official statement in which it is related that on December 19 German successes were reported in the region of the Somme. The German army of about 200,000 men has been endeavoring to cross the river and the heights of the Meuse, who are holding the right bank.

Sochaczew continues to be the German objective, the attempt to reach Warsaw. The Russian forces on the right bank of the Bzura are heavily outnumbered. For three days the German army of about 200,000 men has been endeavoring to cross the river and the heights of the Meuse, who are holding the right bank.

KAISER GOES TO FRONT DESPITE DOCTOR'S WISH

London, December 21.—Emperor William's departure for the front, announced yesterday, is said by the Exchange Telegraph company's correspondent at Amsterdam to have been decided upon against the advice of the emperor's physician. The military chiefs, however, insisted, the correspondent adds, that the emperor should go to the front with his troops and he so decided.

WIRELESS INCIDENT RESENTED BY ENGLAND

Washington, December 21.—Great Britain has addressed a note of inquiry to the state department in regard to the incident of the radio apparatus of Colonel Goethals had admitted were baseless against the conduct of the British colliers in the waters of the Canal Zone. The communication implied that the British ship captain was harshly treated.

So far Secretary Daniels has not learned just what led to the recent incident of the radio apparatus of a British collier at Panama, even the name of the ship being unknown. He has ordered a full report, which will be laid before the state department.

Naval experts suggested today that radio messages sent by British warships in the Caribbean directly across the isthmus to other British naval vessels in the Pacific might have been attributed by the operators in the naval wireless tower on the isthmus to British colliers lying in canal waters.

AUSTRIANS CLAIM RAPID PROGRESS.

Berlin, December 21.—(By Wireless.)—While a German bulletin yesterday gave only scant details regarding operations in Russian Poland, the Austrian communication supplies data showing that the eastern movement of the Germans through Poland and the northward movement of the Austrians through Galicia are proceeding steadily and in some regions rapidly.

Special dispatches from Austrian general headquarters say that the Austrians advanced some days as much as 30 miles, yet the official bulletin declares the Russians are resisting with heavy forces on the lower Danube in Galicia, where heavy fighting is in progress. This also is true north of Lupkow Pass in the Carpathians.

AUSTRIAN REPORT CLAIMS PROGRESS.

Vienna, December 21.—(Via London.) The following official communication was issued today: "The Austrians are making progress in the Carpathians over the district of Upper Latorza are proceeding steadily. To the northeast of Krosnow and Tuchow and on the lower Dunajec river, severe fighting continues. The situation in north Poland is unchanged."

MOURNING DISPLACES COLORS IN LONDON

London, December 12.—(Correspondence of the Associated Press.)—In spite of the gloom which hangs over London at night and the general depression as a result of the war, the more important London theaters will offer their Christmas pantomimes as usual, and the position of children must not be robbed of their holiday treat because of the war.

Heavy losses and the Bean Stalk, Sleeping Beauty and a number of other favorite fancies of childhood are to be revived at Christmas time with the same brilliancy as in past years. Hotels which have not attempted to have dinner dances in an effort to throw off the gloom which is settling over England.

30 mourning is rapidly displacing color in London streets, and shop windows are filled with black hats. Belgian and French visitors are nearly all in mourning, and few London hostesses are now able to arrange dinners, even very small affairs, without directing the waiters to wear black with upon the families of many of their friends.

SENTENCE OF DEATH PRONOUNCED ON NEGRO

Albany, Ga., December 21.—(Special) At a special term of Dougherty superior court here today, Ransom Williams, a negro, was tried for criminal assault, under an indictment found in Calhoun county, Judge E. B. Cox having ordered a change of venue in view of the high feeling against the negro...

in Calhoun county. The trial lasted but a few hours, and the jury was out less than three minutes, returning a verdict of guilty. Judge Cox sentenced Williams to be hanged in this county on January 15. The crime was a most revolting one, the negro's victim, a white woman, being the principal witness against him. Another negro was with Williams when the crime was committed, and though he is equally guilty, he has never been apprehended. Williams was captured in Florida last October. A large number of Calhoun county people were in Albany today, but they made no demonstration, seeming satisfied when the death penalty was pronounced. Judge Cox goes to Camilla to hold a special term of Mitchell superior court tomorrow, when Flem Jackson, the negro charged with the murder of Deputy Sheriff Griner, will be tried.

AMERICANS HONORED BY FRANCIS JOSEPH

Vienna, December 21.—(Via London) Emperor Francis Joseph has conferred on the American ambassador, Frederic Courland Fenfield, Rear Admiral Agasson Ward, U. S. N., retired, commander of the American Red Cross ship Red Cross and the American minister to the Netherlands, Dr. Henry Van Dyke, the Red Cross Medal of Merit for their services in connection with the American Red Cross mission to the dual empire. Recently the emperor decorated Mrs. Fenfield with the Grand Cross of the Order of Elizabeth, for establishing a hospital at Vienna. The Red Cross order was founded by the emperor in commemoration of the semi-centennial of the Red Cross society, organized in 1864.

JAPAN'S RULERS GIVE TO SALVATION ARMY

Tokio, December 21.—The emperor and empress, according to an announcement made today, have donated 2,000 yen (about \$1,500) to the Salvation Army. This is the first time, it is stated, that imperial recognition has been given to that organization.

TSING-TAU DEFENSES WEAKER THAN REPUTED

Japs Could Have Stormed the Works Easily—Ammunition Gone, Germans Surrendered.

Teiing-Tau, December 1.—(Correspondence of the Associated Press)—The German fortress of Teiing-Tau was not a second Fort Arthur, as it has been credited with being. The defenses were not nearly as strong as the Japanese supposed, and they could have carried their works by storm much more easily than they did. The ammunition for the guns had long since been used up, and the Germans had more than one hundred and fifty guns against forty of the Germans, many of whose pieces were out of order.

Deceived by the vigorous German defense the Japanese advanced slowly and cautiously. Their methods undoubtedly had the merit of giving them the victory at the minimum sacrifice of men. Good feeling with regard to the Germans individually was shown by the Japanese throughout the operations. In the final assault November 7, the Japanese soldiers displayed their noted dash and fury. At Fort Bismarck a party of Japanese sappers led the attack, armed with trenching tools, which they had forgotten to throw down. The Nippon soldiers killed fourteen Germans, including an officer, in an angle of the fort, killing the defender with spades and picks.

Japs Amuse Defenders. The Japanese toward the end of the siege could not understand, apparently, why the retreating Germans should destroy their abandoned work and scatter the ammunition. The Japanese protest against this was undertaken in a way which amused even the defenders. A Japanese aeroplane flew over the city one day and dropped a message among the Japanese, the contents of which the following is a literal translation: "To the officers and men in fortress: 'We deem it to be contrary to the will of God that the enemy should destroy the still useful weapons, warships and other materials which no longer have tactical value and only should not fall into the hands of the enemy.'"

"Although we believe that with German officers and men who appreciate the honor of their country, such lawlessness has not been carried out, we take liberty in expressing our opinion in regard to the matter." "THE SIEGE ARMY COMMAND" Although the Germans were quiet to declare that their Japanese conquerors had conducted the entire investment in the spirit of chivalrous warfare, accounts agree that the German manifestly intended to resist against the British. One witness declared that when the British entered the city with the Japanese, a scene of execution broke from the German prisoners. A report was current that an officer among the prisoners spat in the face of General Bernardston. The British took part in the negotiations for surrender, and in the occupation hoisted their flag only over the own quarters.

The British engaged were 1,000 South Wales Borderers and 600 Sikhs, and had 23,000 men in the siege. The allies possessed 140 guns. They also had a number of field pieces and eight heavy guns, enough to insure from the distant gunboats in the harbor. These forces were arrayed against 4,500 Germans, with their 40 guns. Dev stages of importance, and large numbers of troops engaged have resulted in such a heavy proportion of casualties. The Germans lost 176 killed and between 500 and 600 wounded. The Japanese casualties were given by Lieutenant General Kamio, Japanese commander-in-chief, were slight. The British losses were given as 60.

The besiegers, after protracted and circuitous approaches, began their bombardment October 31, the milkadeo birthday. Artillery fire was continuous for a week preparatory to the storming of the works on November 7. The Germans had not sufficient strength to defend a line across the peninsula at a distance from the city, and, therefore, concentrated on a narrow span from the sea to the city. This left their last line so close to the city that one battery was placed in the street. These positions the Germans defended with such tenacity that the Japanese took no chances, but methodically pushed their trench heads forward until the German defenses were silenced by the overwhelming bombardment of the allies. So skillful were the Japanese engineers that the Germans were driven to evacuate redoubt No. 2, found Japanese rapid-fire guns and machine guns in place covering the exit from the German bomb proofs.

Japs' Furious Attack. This was the point where the Japanese broke through. They entered their final assault November 7 with tremendous fury. Their ammunition spent and their trenches overgrown, the Germans could not offer further effective resistance, and at 6 o'clock in the morning the white flag went up over the forts, the ranks of Nippon infantry already were marching through the streets of the city. From a military point of view the Japanese aviators proved a disappointment. The single German aviator evaded them and brought valuable information. General Kamio expressed disappointment with the aviators' work. He said he was skeptical of the value of their reports. Little damage was done by the bombs he dropped. The German aviator escaped into Chinese territory and interned his machine for war. The Japanese common soldiers could not understand how the Germans should surrender while they had so many men not killed. Military men who talked with the men in the Japanese ranks had a glimpse of their Japanese soldiers' conception of duty when they heard them say the Germans should have fought until the last man was killed and that Governor Meyer Waldock should have committed suicide.

SIX GERMAN SHELLS STRUCK INVINCIBLE. Montevideo, Uruguay, December 21.—One hundred German sailors, survivors of the Falkland islands naval battle of December 8, sailed from here today for England on the steamer Crown of Galicia. They were brought into port yesterday by the British cruiser Invincible. It was learned today that the Invincible had fired six shells. Nine men aboard her were wounded, including Commander Richard H. D. Toomey. In the course of the reception tendered the British officers in Victoria harbor a certain incident took place. It was made by the British minister, A. M. Innes in response Admiral Sturdee. "I thank you for this reception. I hope our little victory will improve our relations with the German navy, and probably for Japanese commerce during this, Titanic conflict which has just begun."

Fix Repentance Day. Amsterdam, December 21.—(Via London)—The newspaper Nieuwe Rotterdamse Courant learns from Cologne that the archbishops and bishops of Germany have ordered that January 1 be kept as a general repentance day by the Catholics in the armistice. In the field are charged to encourage the soldiers to participate as much as possible.

CHILE SENDS FORMAL PROTEST TO GERMANY

Reparation Demanded for Alleged Violations of Neutrality in Chilean Waters.

Washington, December 21.—After a searching investigation of activities of the German fleet in the southern Pacific recently, Chile has protested formally to Germany against alleged German violations of neutrality in Chilean waters. The protest transmitted by the Chilean minister at Berlin sets forth the German ships prior to their successful engagement with Rear Admiral Cradock's British squadron, stayed as long as five days at one island owned by Chile and transferred supplies at another small island after a stay of seven days. The protest is understood to be couched in vigorous language, demanding reparation.

GERMAN PRISONERS NOW KEPT ON SHIPS

South End, England, December 12.—Correspondence of the Associated Press)—German prisoners who were interned at the race track at Newbury, concerning which so many complaints were made in German papers, have been taken to the Duchy of Saxony, where they are now kept on ships which are now docked here in command of Colonel de Cordes, a retired officer who had long experience in charge of prison camps in the South African war. Baron Louis Anton von Horst, whose citizenship has been much in question since the opening of the Duchy of Saxony, a ship formerly in service between Bristol and Canadian ports, which has been converted into a prison ship, together with the liners Saxonia and Ivernia.

Baron von Horst is well known in California, where he has lived much of his life. He has many relatives. His attorneys say he is really an American, but his father was naturalized in the United States, and consequently the present baron, who was then under age, automatically became an American citizen. However, Baron von Horst accepted a baronetcy from the Duchy of Saxony, and believed he had thereby secured his American citizenship in doing so. At least he registered in London at the opening of the war, as an alien enemy. His case under representations from American embassy, is under consideration. German prisoners are delighted with the transfer to the enemy passenger ships, where they can keep warm and dry, in contrast to the unfavorable conditions under which they lived in canvas and stables at the Newbury race course. Even the three prison ships here has about 800 Germans on board. Sanitary conditions are excellent on the ships, and it is not unlikely that more vessels will be added to the prison fleet, as this means of caring for Germans is especially satisfactory. The prisoners on the ships eat from

GERMAN CRUISER SUNK, SAYS RUMOR IN LONDON

London, December 21.—Persistent rumors are current that a German cruiser has been sunk off the coast of Scotland. It is also rumored that two British destroyers arrived at Leith, Scotland, badly damaged. There is no official confirmation of these reports. At Queen's ferry, in Wales, an unused iron works has been taken over for the use of prisoners, and several hundred men are quartered in the building. The establishment overlooks the sea and is surrounded by several acres of land enclosed in a high board fence on three sides. The prisoners have a large ground for football, baseball and other sports. Lack of employment is the great problem in all the prison camps. Bad weather makes sports impossible, and the men are unable to amuse themselves satisfactorily in their cramped quarters. In many of the camps they have learned to knit and busy themselves making socks and neck scarves.

NO AGREEMENT REACHED ABOUT SEARCHING SHIPS

London, December 21.—No definite agreement has been reached whereby England will refrain from searching ships which leave American ports with statements from English consuls that they are carrying no contraband. England is willing to accept these statements when there is no reason to believe the cargoes may have been augmented at sea, but long negotiations between England and America have resulted in no positive understanding. It is stated authoritatively that consular inspections in most cases would expedite shipments greatly, as the number of suspected cargoes is comparatively small.

AMERICAN INVENTS SHELL TO SCATTER WHITE HOT STEEL

Gloucester, Mass., December 21.—A new projectile which would scatter a white hot mixture of molten steel over the object of attack, and fill the atmosphere with a deadly gas, making it impossible for fire-fighters to approach, has been invented by John Hays Hammond, Jr., according to a statement made by the inventor tonight.

The missile is designed for use in siege guns, and is explained that it carries an aluminothermic mixture which, five seconds after the projectile is discharged, turns the steel inside to a white hot mixture at a temperature of 5,400 degrees Fahrenheit.

When the projectile hits, the inventor said, it explodes, its white hot contents firing whatever inflammable material it strikes.

OPPOSE LITERARY TEST IN IMMIGRATION BILL

The executive committee of the chamber of commerce, at a meeting Monday afternoon, discussed the literary test provided for in the immigration bill now pending in the United States senate. The committee was unanimously agreed that this provision was un-American. Resolutions requesting the senators and representatives to oppose its passage were presented and adopted upon motion of V. H. Krieger.

Resolved, that the committee of the Atlantic Chamber of Commerce, that in our opinion the literary test provided in the immigration bill, senate No. 243, pending in the United States senate is against public policy un-American and directly in conflict with the liberal spirit which inspired the founders of this government.

Resolved further, that the adoption of such a restriction would bar out thousands of honest and industrious men and women who are needed to develop the natural resources of the country. A large part of our best citizenship has descended from just such people who came to America under humble circumstances, often to find refuge from oppression and have by their labor and sterling character left an impress upon the material development of the country and on the moral character of its citizenship.

Resolved further, that our senators and representatives in congress be requested to oppose this provision of the pending bill.

Miss Brown Entertains At Holiday Supper-Dance

A beautiful Christmas party last night was the buffet supper and dance given by Mr. and Mrs. George M. Brown for Miss Mary Brown, Miss Lawson Hines and Miss Rosalie Davis.

There were fifty guests, and the happiest hospitality made the evening memorably enjoyable.

The house was elaborately decorated in the holiday colors. Holly and mistletoe, poinsettias and red carnations were used in attractive arrangement, and the buffet table in the dining room was a glowing picture in red, its centerpiece of carnations. The trees were brought in with red candles burning in them, the candles set in red candy roses, and in every detail of entertainment the holiday spirit and symbolism was carried out. After supper there was a dance at the residence across the street owned by Mr. and Mrs. Kelly Evans.

There the holiday decorations were repeated, and five shining Christmas trees were a feature. Each tree was laden with favors, and these were drawn for partners in the dance. One tree was decorated with birds and animals, which were matched for partners. In another tree gilt hearts, big and little, and gilt rings were the favors; poke bonnets and farmers' hats were numbered to correspond in a third tree. "Old gray bonnets" were quaint souvenirs for another dance, and the last was covered with red tulips, which held hearts and butterflies, the heart drawn by the lucky men and the butterflies by those for whom there was no partner. An orchestra provided the music for dancing.

Miss Brown wore a handsome costume in black net and jet sequins. Miss Mary Brown wore a dainty dancing gown in yellow tulle. Miss Rosalie Davis' costume was a Parisian model in white satin, the tulle tunic embroidered in gold beads and finished with ostrich feather bands. Miss Lawson Hines was thrown in seafoam tulle over flesh-colored satin, the girle of lace embroidered in iridescent.

GAS and ELECTRICITY?

Electricity is being applied to more and more uses every day. It cooks, lights and works for you. If Your Baking Today is not what it should be—if your bread or your biscuits don't have the fine, flaky texture, the satisfying flavor and appetizing appearance they should have—perhaps it isn't your fault at all, but the fault of the flour.

Unreliable flour, flour not made according to standards, makes unreliable bread and spoils the best efforts of the most skillful cooks. Flour that varies will give disappointing results three times out of five.

Use Pillsbury's Best and you won't have any trouble. For Pillsbury's Best is always the same, always has the same strength, the same fineness and flavor—every pound that ever goes out must conform absolutely, in every respect, to the highest and most rigid flour standard that flour makers have ever established, the PILLSBURY STANDARD.

They not only add beauty, but give the personal touch of sentiment. Wouldn't a healthy, growing plant—azaleas, for instance, or poinsettias—be a splendid gift in itself?

Even though it is but three days before Christmas—we are still able to supply the great demand for our flowers—both cut and growing. Our great greenhouses furnish us daily with Roses, Orchids, Carnations, Lilies, Violets, Poinsettias, Azaleas, Begonias, Hyacinths, Narcissus, Cyclamen, Lilies of the Valley, Primroses and Pansies, etc.

WAYCROSS ELKS MAKE REPLY TO A MINISTER

His Subject Being "Whitewash," Rev. Holcombe Attacks Order—The Reply.

Waycross, Ga., December 21.—(Special.)—Following a severe attack by Rev. H. R. Holcombe upon the Benevolent and Protective Order of Elks and other fraternal organizations, in a sermon delivered Sunday night, the subject being "Whitewash," the Waycross lodge of Elks today issued a short but pronounced answer to the criticism of the Baptist minister.

It was charged that Elks and other fraternal organizations used this season of the year to apply the "whitewash" of benevolence and charity to cover their shortcomings and the real purpose of their existence. The minister said no man can be a loyal member of the Elks and at the same time a loyal follower of Jesus Christ. Members of the Order of Elks claim the Order of Elks is founded upon charity, and does more real charity without ostentation than any other organization in the world. In their answer to Rev. Holcombe, the Elks say:

DR. CALLAWAY'S FUNERAL TO BE CONDUCTED TODAY

The funeral of Rev. John Sanders Callaway, one of the best known ministers in the state, who died Sunday at Carter's Grove, will be conducted this morning at 10 o'clock from the old Mercer chapel at Penfield. Rev. C. O. Evans, pastor of the church, is conducting the services in compliance with the request of Dr. Callaway. Interment will be in the Penfield cemetery.

He was one of the best loved men in Georgia. More than 100 couples in Atlanta alone were married by Dr. Callaway, and he perhaps married more people than any other minister in the state. He was an uncle of M. L. Brittain, state school commissioner, and of W. H. Brittain, president of the J. M. High company.

During the civil war he served as a member of Longstreet's famous brigade. He was a professor at Mercer university when it was situated at Penfield, Ga. At the time of his death he was pastor of the Penfield Baptist church, the Carter's Grove church, the county line church at Bethesda, Ga., having been pastor of the latter since his ordination, fifty years ago.

WAR MAKES TOBACCO POPULAR XMAS GIFT

The prominence given to tobacco in the great conflict in Europe, as the one joy for millions of men, the countless Christmas presents of tobacco being sent to the soldiers of all nations by their families and friends at home, have made Christmas gifts of tobacco here more popular than ever before. The war has shown thousands of people that tobacco is the one thing a man prizes above everything else, and if he can enjoy it amid the rigors of life in the trenches, it will give him much greater enjoyment before his peaceful hearth on Christmas morning.

Local dealers say that a very popular tobacco for Christmas giving is Tuxedo, because of the handsome appearance of the Tuxedo crystal glass humidor with its Christmas card attached by a red ribbon bow, all ready for sending to friends or placing near the Christmas tree of father, brother, husband or son. This Tuxedo humidor is most beautiful and a practical humidor as well. Keeping its pound of Tuxedo tobacco in fresh, perfect condition.

MONDAY THE SHORTEST DAY DURING THE YEAR

Monday was the shortest day in the year last night the longest night, and from now on the days lengthen. The "white light" was turned on Sunday afternoon at 4 o'clock on account of the fog and mist that made Atlanta look like a murky day in London when Zepherus' children set nervous for action. The weather man predicts an early freeze and a clear, bright Christmas day. Today will be fair and cold.

ATLANTANS SAVE MONEY FOR XMAS BY UNIQUE PLAN

One thousand Atlantans have just received their Christmas savings, ranging from \$2 to \$100 each, which they

FRANK HAWKINS, President of the Third National bank, whose unique Christmas savings plan has proved big success.

accumulated during the year for Christmas time under a unique saving plan of the Third National bank.

The savings amounted in all to \$10,000, and only two accounts ran as high as \$100. The checks were sent out by Assistant Cashier A. J. Hansell. The money was saved specifically for the Christmas holiday season by depositing small amounts weekly or monthly, so small that they could hardly be missed by the depositors. In this way many have laid away a neat sum for Christmas who otherwise would probably not have had any "spending money."

XMAS APPEAL IS MADE FOR BAPTIST HOSPITAL

The Georgia Baptist hospital has issued an appeal to the people of Atlanta and of Georgia to remember the sick who are too poor to pay for medical attention.

"We are not asking for dolls and toys, candies and fruits, and many other things dear to the heart of a child on Christmas morning; neither are we asking for that with which to supply our future wants and needs. This is an appeal to every man and woman to act the good part of Santa Claus to this institution with a substantial cash contribution as a Christmas gift with which to help us meet the obligations already made, and the responsibilities already assumed in caring for the sick and poor during the year now closing.

TWO PRISONERS NEAR DEATH BY SUFFOCATION

Thomasville, Ga., December 21.—(Special.)—Death by suffocation came near being the lot, Sunday morning, of two prisoners confined in the city barracks. They were locked up in the steel cages the night before in a soaked condition. It is thought the bed clothing was set on fire from a cigarette and the men were too drunk to get out before the room was filled with smoke, and then they could not reach the windows to let in air. Luckily the floors were of cement. About 7 o'clock Sunday morning both prisoners were found unconscious, but they were soon revived with the aid of a physician.

STIFF CUFF TO RETURN.

Vogue of Soft Cuff on Wane, Says Expert.

(Robert Lloyd Trevor in Vanity Fair.) Some time ago, but not so long ago that the day may not be remembered by the oldest inhabitant of the shirt-makers were, vulgarly speaking, "up against it." It was when the manufacturer's ambition to make money, instead of to improve the general public, and a somewhat reckless public, as they now love to do. There was a group of them sitting late one night in the lobby of one of our biggest hotels—or perhaps they were in the bar and they were round, round by round, for the fact that although people bought shirts, they didn't buy enough shirts. The problem was to invent some shirt that would sell itself by virtue of its novelty. It was an ugly situation. And as they worried so their spirits went down.

History does not relate how long they sat there, but an important fact is that the meeting was finally broken up by a member of the party jumping to his feet, waving his arms and shouting: "I've got it. I've got it. I've got it. No one could discover, because he immediately died. But a week later, he put on the market the first shirts with soft cuffs. The innovation was a success. All his competitors followed suit—in his hurry he had forgotten to patent his invention—and for years the market was inundated with soft cuff shirts. Everybody bought them because everybody else did, and because the makers said they were comfortable and handsome.

The vogue of the soft cuff has become immense, but at last it is on the wane, and I for one am glad to be able to report the fact. The soft cuff was not handsome; it was hot in summer; it crumpled in an hour or two; it absorbed like a sponge every atom of dust with which it came in contact and was altogether far from desirable. It has begun to go. The stiff cuff is coming into its own again. And men who dress according to the dictates of sense and cleanliness and practicality are wearing it quite extensively.

WATCHING A GAME OF POKER COSTS YOUNG MEN FINES

Everybody knows that poker playing is an offense against the law, but Recorder Johnson maintains that even watching a game of poker on Sunday afternoon is a violation of the law. As a result of this opinion, Recorder Johnson Monday afternoon fined five men \$10.75 each and one man \$5.75 for being, as they claimed, spectators at a poker game Sunday afternoon.

E. F. Flooding of the W. E. & E. H. Flooding costume and lodge paraphernalia house, 157 Whitehall street, was fined \$5.75 by the recorder on his plea that he had never in his life played poker and didn't know the first principles of the game.

"I had only dropped by the room to get a friend to go calling on some young ladies," said Mr. Flooding.

"That is all right," replied Recorder Johnson. "I will fine you \$5.75 for disorderly conduct, holding that you were disorderly in watching a poker game on Sunday. If it had been on any other day, Mr. Flooding, I would not fine you."

C. G. McKinney, in whose room, at 117 1/2 Whitehall street, the poker game was being played, with two friends, W. G. Whitley and C. G. Upchurch, were fined \$5.75 for affording the Sunday afternoon recreation to their six friends. Those fined \$10.75 were T. Hill, E. P. McKinney, E. L. Smith, J. Brantley and A. Garrard.

MACON ORDINANCE MAY KILL ALL LOCKER CLUBS

Managers Say Clubs Cannot Live if Proposed Law Is Passed.

Macon, Ga., December 21.—(Special.)—If the ordinance prepared by a special committee from council is passed tomorrow night the indications are that Macon will have no locker clubs next year. At least that was the opinion expressed today by the manager of one of the most popular clubs in the city.

The proposed ordinance prohibits clubs being located in alleys or on the second floors of buildings. All must be on the ground floor in store-front buildings with a limited territory. The prescribed limits extend from Poplar to Walnut street and from First to Third street. In addition the ordinance stipulates that each club shall have only one means of ingress and egress, and that through the front door.

The amount of license which the city is given the right to impose against the clubs under a charter amendment passed by the last legislature has not been fixed but the indications are it will range anywhere from \$500 to \$1,500.

We cannot operate clubs under the restrictions laid down in the ordinance, said a club manager today, and I don't think any of the present clubs will try it. The effect of the ordinance, in my opinion, will be to increase the number of blind tigers. Whisky is going to be sold by not by legitimate means, then by other means, and if the city lays down rules that are too stringent, then she is simply going to lose the revenue that she might get otherwise and the whisky will go on just the same.

In the opinion of a good many the ordinance is a bad thing. It is expected that the ordinance will be passed tomorrow night. Council is also expected to rescind action on the ordinance. A resolution adopted at the last meeting limiting the number of beer licenses to forty is said to have been voted in favor of limiting the number of licenses to twenty.

At all times, the position that is long held by the clubs, are to be permitted to operate, it all the city should get just as much revenue as the city of Macon.

August in committing the operation of 100 saloons each to pay a license of \$1,000 meets with the approval of several of the Macon adherents and which it is highly expected that the \$1,000 license fee will be adopted here still it is reasonably certain that the limit will be taken off and that the saloons will be required to pay at least \$500 each. Some say that if this is done the city is sure of a revenue of at least \$500,000 from the saloons next year.

How to Live at Home.

Macon, Ga., December 21.—(Special.) John T. Williams, president of the Georgia Agricultural Society, who lives at Round Oak, was in Macon today en route to Atlanta to attend the annual business meeting of the state board of entomology. He is preparing to show his neighbors how to live at home next year, and along this line he said:

"I am going to buy nothing but coffee and sugar from Macon merchants next year, and I will carry those two commodities home in my pockets so as to save parcel post charges and war stamps. If Georgia farmers would follow the advice of the state board of entomology they would carry out the same program that I have mapped out for myself. I expect to plant only a few acres in cotton next year."

PRETTY BOOK AGENT FIGURES IN PETITION IN SUPERIOR COURT

It was a book agent who caused Michael Dempsey's tale of woe. She was a brunette, very pretty, a widow (?) and her name was Juliette. She sold volumes of 'The World's Best Music,' and Michael admits becoming enamored of her. He made her his wife and decided over his property to her.

That was two—very near three—years ago. Now he has filed in superior court a plea for an injunction to restrain her from disposing of his property, and to expose her alleged bigamy, accusing her of still having the husband from whom she pretended, at the time of their courtship, she had been widowed.

Not knowing whether she belongs to him or her other husband, Dempsey filed a petition in superior court, which was granted, and which temporarily restrains Juliette and her son-in-law, S. M. Barnick, from selling Dempsey's property at 23 Dargan street valued at \$3,000.

Dempsey avers that in 1911 a fascinating young woman under the name of Juliette Lawton visited him and endeavored to sell him a volume of 'The World's Best Music.' He didn't find so much charm in her wares, he sets forth, and he found in the saleswoman and, while she talked business he proceeded to talk love with the result that they were married in March of that year.

She posed, he alleges as the widow of Colin Lawton, of England, and he bought her a home at the Dargan street address. In 1913, she prevailed upon him, he says, to transfer the deed for titles to her, which he willingly did. On October 21 of this year, she accused 'Juliette' of obtaining a warranty deed to the property and purporting to have sold it to her son-in-law, Barnick, for \$5,250, although he has never seen any of the money.

His pays that the title to the property be decreed to him, and that Barnick and 'Juliette' be restrained from selling it. The petition's hearing will be held before Judge Pendleton at a date not yet set.

MRS. MARY E. SPENCER DIED MONDAY MORNING

Mrs. Mary E. Spencer, widow of Colonel S. B. Spencer, one of Atlanta's first mayors, died Monday morning at the residence of Harry Alexander, in Ansley Park, at the age of 84. She was one of the oldest members of the Central Presbyterian church.

Surviving her are three sons, W. A. Spencer, of Kenesaw, Captain M. Spencer, and F. S. Spencer, of Atlanta, one sister, Mrs. James H. Alexander, of Atlanta, and two brothers, Ray E. S. Baker, of Florida, and D. K. Baker, of Alabama.

Funeral services will take place this afternoon at 3 o'clock from the residence, Dr. Dunbar H. Ogden officiating, assisted by Dr. J. S. Lyons. Interment will be in Oakland.

Williams and Little Capture Honors at Boys' High School

Delivering the address, "Venezuelan Boundary Dispute," Edwin T. Williams won the declaimer's medal at the annual Christmas exercises of the Boys' High School held Monday morning at the Auditorium.

W. A. Little, member of the affirmative side of the debate, "Resolved, That Intercollegiate Athletics Should Be Abolished," was presented the medal as the best debater on the program.

Robert L. Foreman, Jr.'s, humorous address, "Sergeant Buzzfuzz in Pickwick v. Bardell," was well received by the large audience, as was Walter P. Binns' speech on "Southern Chivalry."

The debate was snappy and lively throughout. The president at the close announced his decision in favor of the affirmative. Richard Courts, W. C. Johnson and W. A. Little, the winner of the medal, composed the affirmative, while Charles H. Girardeau, Jr., Joseph L. Goldberg and W. Arthur Stokes, Jr., were the negative speakers.

The medal presented to Williams is given by Messrs. Maier & Berkele, while the debater's medal is presented by A. Holzman. They are both handsome medals, well worth the winning.

The judges were Dan W. Green, W. H. Farrell and Harvey Hatcher. The medals were presented by Dan Green, who made an excellent presentation speech.

The music furnished by the Boys' High school orchestra was one of the attractive features of the program, and well-received throughout with their various selections.

EFFORT TO ESCAPE MADE BY PRISONER THRILLS SHOPPERS

Harry Hart, a young white man of East Point created a thrill of excitement for downtown shoppers Monday morning, when he broke loose from Policeman McKinney at Whitehall and Alabama streets and made a desperate attempt to escape the policeman, being captured after a hot chase of several blocks.

Hart had just been arrested on a Howell Mill street car by the officer, having been pointed out by Mrs. J. F. Skinner, of 216 Cameron street, as having failed to fulfill his promises of marriage to her young daughter, Miss Ruth Skinner.

When the officer took him from the street car upon its arrival downtown he pushed his jilted fiancée, Miss Skinner, into the arms of Policeman McKinney, at the same time jerking loose from the officer's grasp. He dashed up Whitehall street, across the Viaduct to Viaduct place, then into Broad street. He doubled back to Alabama street where a pedestrian tripped him up, giving Officer McKinney time to overtake him.

Ostrom Boosts the Purchase Of "Made-in-America" Goods

A campaign to boost made-in-America goods was launched Monday at a luncheon in the Hotel Wincock at which were present manufacturers in various lines of industry in Atlanta.

The principal speaker was J. Garnet Ostrom, who outlined the plan of campaign adopted by a national manufacturers' organization, recently formed in New York.

Mr. Ostrom, who is advocating throughout the country the consumption of goods made in America, declared that because of the European war the time is now ripe for an active crusade to boost American made products in view of the almost complete shutting off of importations from abroad. He told of the formation of a corporation in New York recently with which has already become affiliated some of the country's most prominent manufacturers and which plans a general crusade to induce American consumers when making purchases to insist on getting American-made goods.

"This is not a private corporation," said Mr. Ostrom, and it is not designed to conduct any campaign in favor of a particular line of goods. The plan is to get as many merchants and manufacturers as possible to subscribe a certain sum for one share of stock in the corporation and then to use this big fund in advertising American-made products of the manufacturers who so affiliate themselves with the company.

"There is no need for a prospective purchaser insisting on a made-in-America or made-in-Germany label on the material he buys. We make as good manufactured products as any country in the world and if we can bring to American purchasers a realization of this fact, there will be bigger business and a consequent larger amount of work for American operatives in all lines, together with a material reduction in the cost of living."

PENSACOLA WOULD ENTER THE GEORGIA-ALABAMA LEAGUE

Rome, Ga., December 21.—(Pensacola, Fla.)—In endeavoring to secure a franchise in the Georgia-Alabama league, Pensacola was in the Cotton States league, which disbanded in mid-season last year. Today it has been encouraged to connect with the Georgia-Alabama league by the action of Montgomery in the same direction.

It is not believed by baseball enthusiasts that Pensacola will be admitted because of its distance from the other cities in the league. Then, too, there is only one vacancy by the forfeiture of the Camden franchise. The other seven cities in the league all desire organized baseball another year.

If it comes to a contest between Montgomery and Pensacola it is believed Montgomery will be chosen.

FEDERALS INTEND TAKING JOHNSON CASE TO COURTS

Chicago, December 21.—President Weeghman, of the Chicago Federals, announced today he had to his counsel, submitted the case of Walter Johnson, who Saturday signed with his old team, the Washington Americans, after having recently accepted a contract with the Federals.

Walter Johnson will play with the Chicago Federals next year, or not at all, said Weeghman.

The highest legal talent in the country has declared that our contract with Johnson is binding.

TORONTO TO BE MEMBER OF FEDERAL LEAGUE

Toronto, December 21.—President James Gilmore, of the Federal League, paid a hurried visit to Toronto today and before leaving tonight for Chicago made a statement that Toronto would be a member of the Federal League circuit in 1915.

"I can see that conditions in Toronto are more or less favorable owing to the European war," said Gilmore. "We think it would not be advisable to place a team in this city in 1915. Our circuit is not as compact as we desire and Toronto offers the solution of the difficulty. Under conditions normal we would assuredly place a team here next season."

WILL TRY THREE WOMEN ON CHARGE OF LARCENY

Three women will face Recorder George E. Johnson today for trial on charges involving larceny. They are Eva Clarke, of Nelson street; Mrs. C. L. Downs and Mrs. Wilson, who have an apartment in the Carrollton apartments on Carnegie way.

Eva Clarke was arrested on Monday afternoon on the complaint of Catharine Caldwell that she had been robbed of \$65 while stopping at her home Sunday night. He accused her of taking his money. A case of disorderly conduct was booked against Caldwell.

Mrs. Downs and Mrs. Wilson, with one Tom Wilson, who also lives in the Carrollton apartments, according to the Londoner, were arrested in connection with the robbery of a young white man at their apartments late Sunday night. His name is withheld, but detectives say he was robbed of \$10, his overcoat and suit of clothes and hat.

MILLION FOR AIRSHIPS IN NEW NAVAL MEASURE

Washington, December 21.—A house naval affairs subcommittee today agreed to leave out of the coming naval appropriation bill a proposed \$2,000,000 appropriation for a dry dock, over the location of which Philadelphia and Norfolk have been contesting. The bill as now drawn is said to follow closely the department's estimates. It includes an appropriation of \$1,000,000 for aeroplanes.

The construction program will be considered by the full committee after the holidays.

Funds Were Lacking.

Brunswick, Ga., December 21.—(Special.)—Brunswick was to follow one of two other cities which have recently abandoned their charitable organizations and on the first of January the local Associated Charities will be abandoned and the charitable work will again revert to city council's charity committee. The local organization was organized almost a year ago and a paid secretary was secured, and some excellent work along charitable lines have been accomplished, but the necessary funds to continue the organization another year could not be secured.

MISSOURI OSTEOPATHS PLAY A. A. C. QUINTET

The American School of Osteopathy of Kirksville, Mo., will send its basketball team in action against the Atlanta Athletic club here tomorrow night at the club gymnasium.

This is the first visit of this team to the south. They have played several teams in this section and their scores of the games prove that they will be a worthy opponent of the locals.

Owing to the Christmas holidays this week, the game Wednesday taking its place.

SOCCER MEETING.

Organization to Be Perfected at Meeting Tonight.

With the advent of soccer weather some of the old enthusiasts have been awakened in the depleted ranks of the senior soccer players in the city and it is hoped that in the next couple of weeks the teams will pull together and get things going.

The organizers of the live wires of the game have left the city has served to dampen the ardor of those who are behind, but it is confidently expected that after the meeting on Tuesday matters will take on a new impetus.

All soccer players, senior and junior, are asked to be on hand at Spalding's store on North Broad street at 8 o'clock Tuesday evening. At this meeting much detail will have to be worked out with regard to an organization and games for the season and all players are requested to be on hand.

BILL IN CLEVELAND.

Probably Trying to Land Some Nap Youngsters.

Manager Billy Smith, of the Crackers, is in Cleveland for a few days. Evidently Bill has some kind of a trade on with the Naps, which he hopes to pull off in the near future.

We are in receipt of a post card from Bill. He says: "Am here in Cleveland for a couple of days. I'm trying to buy Joe Jackson. (Ha!) Do you think I have a chance?"

BRITISH CENSORS HAVING BUSY TIME

Washington, December 21.—Censorship on an unprecedented scale is in operation now over the complicated system of cables connecting Europe with America. After some friction the machinery created by the British government is handling an average of 50,000 cables a day, and even this figure does not represent the full volume of business because many cablegrams from their privilege character are not subject to censorship.

An official statement of the business of the British censors obtained here today makes it appear that in this great mass of business few cablegrams have been delayed or stopped. It is explained that when a properly addressed message destined for the United States is stopped the censor invariably informs the American ambassador with an explanation of the reason.

PRESIDENT CONFERS ABOUT APPOINTMENTS

Washington, December 21.—Efforts to straighten out differences between President Wilson and some democratic members of the senate over the appointments were made tonight at a conference between the president and Attorney General Gregory. Several of the contested appointments come under Mr. Gregory's jurisdiction, and he was consulted by the president as to the legal standing of men given recess appointments and later rejected by the senate. Mr. Gregory declines to say what conference has been reached at the conference.

CONVENTION MEMBERS EXECUTED IN MEXICO

San Antonio, Texas, December 21.—General Guillermo Aragon, a member of the Army of the Constitution, and Colonel David Berlanga, secretary of the military chiefs' convention, were executed in Mexico City December 20, according to advices received here today.

It was reported that Berlanga had assisted the military of Gutierrez and other leaders at a meeting of the convention.

General Aragon, it is said, was accused of complicity in a plot to destroy telegraph and railroad lines in north Mexico, to hamper the movements of Villa troops.

ATLANTA CLUB STAGES FAST, SCRAPPY BOUT

The Atlanta club, Eugene Roberts superintendent, staged a scrappy six-round bout last night between Jimmy Pappas, the Greek favorite, and young "Kid" Superior. Referee Lou Castro, promoter of the fight and referee, declared "no decision." The scrap was staged for the benefit of members only and a large crowd was in attendance. Interesting preliminaries led up to the main card.

FIFTY NIGHT RIDERS NABBED IN OKLAHOMA

Marietta, Okla., December 21.—Fifty alleged Love county night riders have been arrested in the last few days, the authorities here announced today. It is alleged that the night rider organizations sought to hold cotton at 10 cents a pound, cotton seed to \$16 a ton and to cut next year's cotton acreage to 50 per cent this year.

Burglary in Waycross.

Waycross, Ga., December 21.—(Special.)—Burglars during Sunday night hauled off a wagon load of dry goods, shoes and groceries from the establishment of Thomas on Knight avenue. The back door was broken open and the wagon evidently driven to a nearby place. Investigation has failed to disclose any clues, other than wagon tracks leading into the edge of the city.

AT THE THEATERS

Keith Vaudeville.

(At the Forsyth.)
Eddie Leonard, popular minstrel star, had every reason in the world for being satisfied with himself and delighted with Atlanta yesterday afternoon at the Forsyth, for the patrons of the busy playhouse appreciated his work to the fullest extent and kept calling him back until his feet were tired and his voice hoarse.

It was in all probability the heartiest welcome that he has ever received in the land of cotton. Appearing in white face, and assisted by attractive Mabel Russell, he offered a program of dances and songs that won him new friends and justified the anticipation of those of former years.

The feminine part of the audience was given opportunity for admiration in the beautiful and most elaborate wardrobe of Miss Lillian Herlihy, described in the program as "the stunning prima donna in a gorgeous singing novelty."

Appearing first in a song called "Style, Style, Style," she makes three changes while on the stage, stripping off two dresses and finally facing the audience in a pretty green frock. All these changes she insists (that is in the song) were "made in America." If so, dressmakers in this country have little to learn from Paris and other centers of style.

Later she wears a striking black costume, when singing that she is the "worst woman on the stage." Of course, she means that she plays the role of an adventuress and that it is her duty to spoil the happiness of heroes and heroines whenever possible. And finally Miss Herlihy dons a wonderful wardrobe of Miss Lillian Herlihy, described in the program as "the stunning prima donna in a gorgeous singing novelty."

Vassadarkis, Greek consul general to the United States and a representative of the Panagiotopoulos company, of Athens, Greece, general contractors for the Balkan states.

"These supplies are not to be used for war," said Vassadarkis. "We are simply buying in this country supplies that we would have difficulty in securing in Europe."

"A Night in Old Heidelberg."

(At the Bijou.)
One of the best attractions of the season is promised in the merry musical comedy, "A Night in Old Heidelberg," which has been selected for Christmas day and the Saturday following at the popular Bijou. No better selection could have been made for the holiday, as the performance is brimful of catchy music, big ensemble numbers, entertaining vaudeville, and all that goes to make an up-to-date and pleasing musical show. A chorus of twelve pretty and well-drilled girls busily busily engaged, will be a delightful feature of the performance. The vaudeville numbers will include the Harming Trio, monarchs of song; Inez and Odey, clever stagers; and James Galager and Joseph Anthony, comedians. Special scenic and electrical effects are also promised. "A Night in Old Heidelberg" will be the offering at the Bijou given each day at 2:30 and 9, and two night performances at 7:45 and 9.

THE FLEET OF MERCY

BY ANTHONY HOPE

England's Most Spectacular Writer of Vivid and Thrilling Stories Tells of the Stranded Belgium, Which America's Ships Are Hurrying to Save—He Shows Why the Cry of Hunger Must Be Met, Why War's Prostrated Victims Can Turn to America Alone for Help.

This is Anthony Hope's contribution to the relief of Belgium. Some authors have gone to war and some must stay at home because of their age limit. Anthony Hope has been writing too long not to have acquired a name which is commensurate with his years. He is one of the notable group of English, French and Belgian authors who have seen command thousands of dollars in the literary market—where now contribute series of articles on the need of devastated Belgium.

Belgium wants food. She wants it on a scale with an urgency, and with an intensity which the imagination can hardly conceive. Even when aided by the vivid yet strictly business-like reports furnished by the representatives of the commission in Belgium, we find it difficult to grasp what the situation really is.

At Hamm, flour is hardly to be obtained in any quantity. The stocks of wheat, petrol and coal are unobtainable—with winter coming on; the amount of flour available is only a few thousand tons. Work cannot be resumed at the factories. At Charleroi men maddened by hunger make no attempt to work. They are not combatants, these people—women, children, and men not eligible for military service. It is the civil population of Belgium which suffers famine and is threatened with absolute starvation. And their number amounts to some seven million.

Who is to help, then? Neighboring Holland is doing all and more than could be expected of her. A small country, she can do no more. Germany, Austria-Hungary, France and Great Britain possess different powers; that fact sternly limits both their means and their opportunities. For example, Great Britain has no authority to prohibit the export of foodstuffs to Belgium. Who is to help, then and who can help in a measure really adequate? That question was asked some weeks before I started to write these lines and was answered. The answer came with all the characteristic national clearness, promptness and directness of the "old world's generosity"; nay, they strengthened it.

LEHIGH VALLEY ROAD WINS ANTI-TRUST CASE

New York, December 21.—The government's Sherman law monopoly suit against the Lehigh Valley Coal Company and a number of other defendants engaged in the mining and transportation of anthracite coal was today dismissed by Judge Hough in dismissing the suit. "No monopoly of interstate commerce, nor any attempt to monopolize is shown. The proof of the pudding is in the eating thereof and it is impossible to find any restraint or violation of the anti-trust law. The suits of monopoly without also finding violation of the anti-trust law, is an attempt to monopolize interstate commerce, and none is discovered. As to the restraint of interstate trade in coal, there can be no restraint without control, and since the railroad does not control the coal, it carries, it has no means of restraint."
