

WOMEN ARE DENIED PLACES ON BOARDS BY COUNCIL ACTION

In His Veto, Which Was Sustained, Woodward Stated Law Would Make Commissions Unwieldy.

CHIEF OF CONSTRUCTION TO BE NAMED BY PEOPLE

Council Overrides Mayor's Veto of Resolution Giving It Permission to Break Board Deadlocks.

Atlanta women who desire to participate politically in the administration of the city's affairs saw their hopes blasted yesterday when the general council sustained Mayor James G. Woodward's veto of the proposed charter amendment admitting women as members of four city boards.

In his message to council Mayor Woodward took the position that by adding five more members to the educational, park, library and hospital boards, making the membership seventeen instead of twelve, these bodies would be made too unwieldy and less useful, and he pointed to his attitude in the recent charter fight as a precedent for his action.

When the mayor's message was read before council it was voted to appoint a committee of five to discuss the vetoes, seven in number, among which was the suffrage amendment. Three members of the committee voted on a report sustaining the mayor. They took the position that while women should be allowed on boards, still they should not be added along with the twelve now provided for in the charter, but should be eligible to take the places of retiring members. The other members of the committee thought that women should be made eligible to take places on the board and serve whenever elected.

When the veto was finally offered to council for vote it was sustained by a vote of 17 against 10.

Woodward's Explanation.

Mayor Woodward's explanation of his action is the matter of placing ladies on different boards of your city. I do not wish to see the charter amended to give women the right to vote on these boards, but I return it to you, body because of the addition of five members to these different boards. These different boards are composed of twelve members each and the addition of five more means to make them too unwieldy and less useful.

"If you will pass up a measure leaving the membership of the boards as they are, but should be eligible to take the places of retiring members. The other members of the committee thought that women should be made eligible to take places on the board and serve whenever elected."

When the veto was finally offered to council for vote it was sustained by a vote of 17 against 10.

Six Vetoes Sustained.

The seven vetoes were acted on Monday afternoon and six were sustained. One of the most important was the amendment authorizing the mayor and general council to elect the chief of construction. Under the charter the chief of construction is elected by a popular vote of the people.

Alderman Albert Thomson, chairman of the charter amendment committee, argued on behalf of the amendment, declaring that Mayor Woodward himself had agreed that the chief of construction should be elected by council.

"What reason does the mayor give for vetoing the amendment?" asked Alderman John S. Owens, of Alderman Thomson.

"I don't know," he replied, "except that possibly the mayor expects to run again this fall."

Mayor Woodward also vetoed the amendment authorizing an amendment giving the city police power to regulate the smoke nuisance one mile outside the city limits. The veto was sustained by reason of council's failure to vote the requisite two-thirds majority.

Aimed at Martha's Home?

Quite a sensation was sprung by Mayor Woodward, in his message vetoing the amendment authorizing the city to exercise police power in the regulation of fertilizer plants and cemeteries in the city limits. The mayor intimated that the amendment was aimed at Martha's home, the institution maintained by the Men and Religion Forward Movement for fallen women. The home is located in the seventh ward, and is a source of considerable objection by the people of the seventh ward.

The vote on the amendment was 15 to override the mayor and 14 to sustain. Because of the vote to override did not carry a two-third majority, the mayor was sustained.

Other Vetoes Sustained.

To authorize the mayor and council to assess property owners for white-way lights on a petition signed by a majority of persons living on a given block.

To authorize the mayor and council to condemn sidewalks and streets.

Mayor Woodward's veto of the amendment authorizing council to elect chairman of board to break deadlocks was overridden. The amendment was offered by Alderman Nutting, and is aimed to correct just such situations as resulted in the police board in the contest between Commissioner Fain and Pace. The amendment authorizes council to step in and elect a chairman in the event a board does not elect one within sixty days after the

AT LAST!

55,000 RAIL MEN MAY GO ON STRIKE

Vote Being Taken on 98 Roads West of Chicago. Efforts to Settle the Trouble Have Failed.

Chicago, June 1.—A referendum vote as to whether the 55,000 engineers and firemen on ninety-eight railroads west of Chicago shall strike will be taken at once. This was the announcement of Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, and W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, tonight after negotiations between the firemen and engineers and the general managers' committee, representing the railroads, had been broken off.

The railroads late today gave a final refusal to the demands of the railmen for wage increases and new working conditions.

Mr. Stone said it probably will require about thirty days to complete the vote. In the meantime no further proposals will be submitted.

Negotiations have been going on here for nearly three months. The railroads involved include practically all the lines in the United States west of Chicago including the Illinois Central and all lines in Canada west of Fort Williams except the Grand Trunk Pacific. They have a total extent of 140,000 miles and annually pay \$67,750,000 in wages to the engineers and firemen.

WHITMAN ANNOUNCES FOR N. Y. GOVERNORSHIP

New York, June 1.—District Attorney Whitman, of New York, tonight announced his candidacy for the republican nomination for governor.

It was learned also that a movement had been launched with the design of procuring Mr. Whitman's nomination on both the republican and progressive tickets. For this purpose it is planned to hold a non-partisan mass meeting in Syracuse in the last week of July to name a ticket headed by Mr. Whitman for presentation at both the republican and progressive primaries.

Charles H. Duell Jr., a New York lawyer, active in the progressive campaign of 1912, said tonight Colonel Roosevelt had given him positive assurance that he would support the plan.

DR. S. C. BENEDICT DIES OF APOPLEXY IN MACON

President of the State Board of Health—Funeral in Athens Today.

Macon, Ga., June 1.—(Special).—Dr. Samuel C. Benedict, of Athens, president of the state board of health of Georgia and conspicuous in Georgia medical circles for a great many years, died this afternoon at 2 o'clock at the

DR. SAMUEL C. BENEDICT, Who died Monday in Macon.

Williams sanitarium, where he had been for several weeks suffering from a stroke of apoplexy. His death had been expected daily, and those who were acquainted with his condition considered it remarkable that he clung to life as long as he did.

Announcement was made that the body would be taken to Athens tomorrow morning for funeral and interment.

Born in Connecticut.

Dr. Benedict was born in Hartford, Conn., in 1856. He graduated at the Miami Medical college in Cincinnati, Ohio, in 1878 and for one year was resident physician of the Cincinnati hospital. From 1880-1881 he was a surgeon in the United States army, and since that time had been professor of medical jurisprudence at the University of Georgia. Since 1908 he had been dean of the school of pharmacy of the University of Georgia.

Among the other important positions held by Dr. Benedict was the presidency of the state board of health, which office he held at his death; surgeon at Athens for the Central of Georgia railway, the Seaboard Air Line railway, the Georgia railroad and the Gainesville Midland railroad; ex-president of the Medical Association of

5,000 VOTERS ASK GAS INVESTIGATION

Petition Filed With Council Asking Appropriation With View to Securing a Cheaper Rate.

The Gas Consumers' league, through City Electrician R. C. Turner, yesterday filed with council a petition signed by 5,000 registered voters urging the city to appropriate \$5,000 for the use of the Georgia Railroad commission to make an investigation into the affairs of the Atlanta Gas Light company.

The petition is the first filed invoking the initiative and referendum granted under the charter amendments which were passed up by the legislature last year.

The petition also marks the first step in the direction of forcing the Atlanta Gas Light company to reduce its rate from 51 to 40 cents.

The resolution accompanying the petition was referred to the finance committee because it will be up to the committee to find the money to be used in making the investigation. The question will then be submitted to the voters at an election to be held probably in August to determine whether or not the investigation shall be made.

RENOUNCES WORLD IN ORDER TO NURSE HIS LEPER COMRADE

Milwaukee, June 1.—When physicians at the Soldiers' home, at West Allis, definitely determined last week that an inmate, Vernon D. Bennett, was a leper, they called for volunteers to nurse him. Fred W. Curtenious, another inmate, has announced he would take the place.

Curtenious, like Bennett, served through the Spanish-American war. He is listed in the books at the home as "B. a laborer, a Protestant, unmarried and friendless."

In accompanying Bennett into the exile which the latter's isolation in a shack at the home means, he virtually renounces the world. Physicians say that in time he will probably contract the disease. Ten civil war veterans also volunteered to nurse Bennett. All were over 70 and too feeble, it was decided, to do the work.

Scarlet Fever in Pen.

Auburn, N. Y., June 1.—Eighty per cent of all the convicts and guards examined in Auburn prison show symptoms of scarlet fever, according to a statement made today by a special deputy of the state health department. The prison was quarantined Saturday.

BETTER FACILITIES FOR FIRE FIGHTING IN ATLANTA URGED

Present Facilities of Local Department Criticized at Many Points in National Fire Underwriters' Report.

ASK INDEFINITE TERM FOR THE FIRE CHIEF

Additional Companies Declared Needed in Outlying Districts—Third of Hose in Questionable Condition.

The committee on fire prevention of the National Board of Fire Underwriters, which has just rendered its complete report on the city of Atlanta, recommends many important changes and improvements in the city's fire protection system.

The report criticizes Atlanta's fire-fighting facilities at many points. It cites that the pumping capacity is inadequate, and that while pressures generally are well maintained, they are only fair in the congested valve district.

The report gives Chief W. B. Cummings a clean bill of health as a capable fire chief. The department, however, says the report is slightly undermanned and supervision is not wholly satisfactory. Additional companies are needed in the outlying districts. The chemical service is declared deficient. One-third of the hose supply is found to be in questionable condition. The fire methods and the manner in which records are kept was found by the committee to be mainly satisfactory.

Financial Support Needed.

The department is in need of more financial support, declares the report. The fire alarm system was commended, with the exception that better internal fire protection is needed.

Fire department auxiliaries, such as police co-operation, were pronounced adequate.

The building inspector's department was given a clean bill of health, with the recommendation that the fire limits and the shingle-roof limits be extended.

Configration hazard in the congested valve district, says the report, is somewhat reduced by recent construction, but the potential hazard is still high for the southern section of the city. Buildings of improved construction and automatic sprinkler equipments have greatly reduced hazards on the north side of the city.

Important Recommendations.

The following are some of the recommendations made by the report:

(a) That an employee of the water department respond to first alarm fires in high value district and to all second alarm fires, to cut out broken service connections and hydrants and otherwise to co-operate with the fire department.

(b) The reliability of the supply works be increased as follows: Additional boilers aggregating 600-horse power to be installed at the Chattahoochee pumping station.

(c) The proposed 48-inch main from the connecting main to the filters, to be laid at once, to complete the duplication of the supply works.

(d) An additional clear water basin of at least 2,000,000 gallons capacity to be constructed and suitably connected to the pumps. This could advantageously be done in connection with the installation of additional filter units.

(e) That changes and additions at the Hemphill pumping station be made as follows:

(1) Install additional boilers aggregating 600-horse power.

(2) Install 20,000,000 gallons additional pumping capacity.

(3) Install an automatic sprinkler system throughout boiler and pump rooms from the rest of the building by approved fire doors on standard fire walls.

Organization of Department.

That the chief be appointed for an indefinite term with removal only for cause after trial.

That members in the ranks be retired from the fire duty after reaching the age of 62 years.

That the following changes and additions in companies and apparatus be made:

Install a seven-man company in new station 15 West Peachtree street, near Fourteenth street, equipped with an automobile combination chemical and hose wagon.

Build a station on the city lot at West Hunter street, near Jeptha street; install an eight-man company, equipped with a 700-gallon automobile combination pump, chemical and hose wagon.

Provide automobile chemical and hose wagon for engine company 9.

That each hose wagon carry about equal amounts of 2 1/2 and 3-inch hose, with a total of at least 1,000 feet; all 2 1/2 and 3-inch hose to be fitted with 2 1/2-inch couplings, properly beveled.

That a suitable pomper tower and other necessary equipment be provided for drilling men in the use of all tools and appliances, including scaling ladders.

Mediation Boat Roughly Rocked By Mexic Rebels

WIFE OF HUERTA AND HER 4 SONS FLEEING MEXICO?

Reported That They Are Secret Passengers on the Steamer Ypiranga Which Sailed From Vera Cruz Monday.

Vera Cruz, June 1.—Coinciding with the sailing of the Hamburg-American steamer Ypiranga from here late today, persistent rumors, originating in Mexico City and spread here by refugees, were circulated that Senora Huerta and her four sons were aboard the ship. The Ypiranga cleared for Europe by way of Havana. As she left the harbor the German cruiser Dresden unexpectedly hailed up her anchor and followed at sea. There was a report that the liner's destination was Puerto Mexico.

Neither Brigadier General Funston nor any other army or navy officer heard the rumor that some of the Huerta family were aboard the Ypiranga until after the steamer had sailed. There is no means to verify the report or to get a positive denial.

Element of Mystery.

A similar report of a more vague nature was in circulation Saturday, but this the ship's officers and agents denied. There was an element of mystery, however, in eight, Huerta himself originally reserved for Dr. Urrutia, the former minister of the interior, which were not otherwise disposed, although he had proceeded to the United States.

According to the reports in Mexico City, Senora Huerta and her sons went to Puerto Mexico several days ago on a special train, escorted by palace guards, boarded the Ypiranga there and remained in seclusion during the steamer's stay in port.

General Funston said that this might be possible, as no attempt had been made to ascertain who was aboard the steamer. It was reported also from the capital that Senora Huerta drew from the bank 1,000,000 pesos before she started.

Huerta May Depart Secretly.

Still another report from the capital had it that President Huerta himself had left for Puerto Mexico several days ago in a sleeping car, with train loads of the Twenty-ninth infantry ahead and behind. Refugees declare that they passed a train of this nature this morning on the way from Mexico City and noted that more than 300 soldiers of the Twenty-ninth infantry were aboard.

These reports are generally discredited here, but are viewed as interesting inasmuch as showing a general belief in the capital that Huerta may depart secretly at any moment.

DR. PICKARD CHOSEN PRESIDENT OF MERCER

Savannah Pastor Was Elected Over Dr. Landrum and Professor Sellers.

Macon, Ga., June 1.—(Special).—Dr. W. L. Pickard, pastor of the First Baptist church at Savannah for the last six years, and one of the best known and most popular ministers in Georgia, was elected president of Mercer university shortly before midnight tonight, after the board of trustees had spent three hours debating the question behind closed doors.

A wire was immediately sent to Dr. Pickard, who is conducting a revival meeting in North Carolina, asking him if he would accept. His friends here say that he will undoubtedly do so.

The trustees, holding his original name and Professor Sellers' dropping ball to three. Then a motion was made to make Dr. Pickard's election unanimous, which carried without dissent.

Dr. Pickard, previous to becoming pastor of the First Baptist church at Savannah, held several pastorates in the north and east.

The trustees today accepted the resignation of Professor E. J. Forrester as treasurer of Mercer, and will elect in his place a business manager to handle the finances of the institution. The board will continue in session through tomorrow.

The question of the abolishment of fraternities will probably be taken up tomorrow.

GUAYAQUIL SHAKEN BY AN EARTHQUAKE

Guayaquil, Ecuador, June 1.—A heavy earthquake occurred here yesterday morning and also was felt severely at Quito. Many houses were damaged.

Gen. Carranza and His Advisers Issue a Statement Sharply Attacking Work of the A. B. C. Envoys at Niagara Falls.

OUTSIDE INTERFERENCE WILL NOT BE TOLERATED ACCORDING TO REBELS

Declare They Have Conquered Huerta and Intend to Settle Mexic Problems in Their Own Way. Amazement Is Expressed at the Proposals of the Mediators.

El Paso, Texas, June 1.—A semi-official statement from General Carranza's headquarters at Durango, criticizing the action of the A. B. C. mediators at Niagara Falls, and an announcement from General Villa reiterating his allegiance as a military leader to Carranza, were the developments today of the Mexican situation here. Villa arrived at Chihuahua City from Torreon on his way from Juarez. Carranza was reported as having begun preparations to move by way of Torreon to Saltillo where he will perfect his provisional government.

The statement from Durango, where Carranza's provisional government was established several days ago, was addressed to the press of the United States with a note to the effect that it had official sanction, although it was not a formal declaration.

ASTONISHMENT DOMINANT SENTIMENT.

The telegram, in part follows:

"The dominant sentiment of the constitutionalists regarding the proceedings of the mediation commission at Niagara Falls is one of astonishment that there should be such an apparent lack of understanding on the part of that body, not only with regard to conditions in Mexico, but as to the attitude of the constitutionalists regarding the mediators. This lack of understanding is not confined to the commissioners themselves, but seems to be shared by a large portion of the American press as well as by the government.

"Judging from what has been published from day to day, the mediators appear to consider General Carranza and his followers as a negligible quantity, scarcely worthy of attention, and who, perforce, must agree to whatever conclusion the commission may reach. They do not seem to be aware of the fact that the constitutionalists are conquerors, that they have inaugurated and carried almost to a successful completion a revolution, and that this means the establishment of a government entitled to recognition by the rest of the world. Recent successes of the constitutionalist army, and others that are imminent, are conclusive proof that the power of Huerta is practically ended. His troops will not fight. They either run away or join their opponents, without a sign of willingness.

MEXICAN CAPITAL READY TO FALL.

"All that prevents the constitutionalists from entering Mexico City today is the physical obstacle of the destruction of the railroads. With communication restored, which is being accomplished with rapidity, the army would be in Mexico City in less than a week. Yet the constitutionalist leaders balk at the deliberations of the commission and the statements of the press as absolutely ignoring this situation. The pacific commission even goes so far as to propose that the constitutionalists must recognize whatever provisional government they desire.

C. F. von HERMANN, Section Director.

side to set up and to declare that they must be forced to recognize that government or be crushed.

The constitutionalist leaders are wondering how they are to be forced to do this in view of their present accomplishments and by whom they are to be crushed if they decline to obey the commission. Calmly too the commission proposes that Huerta shall be permitted to be a candidate for the presidency in order merely to save his face. Do they think the constitution will consent to that any more than they will consent to recognize a provisional government constituted as the commission proposes of one person selected by Huerta, one by them-

selves, and one, perhaps, but not at all likely, by the constitutionalists?

BAN ON HUERTA AND SUPPORTERS

No one the constitutionalist leaders point out, who has had any acquaintance with the objects and purposes of their movements would fancy that they would ever consent to have anything to do with any one heretofore connected with Huerta. The constitutionalists make it plain beyond question they will recognize a government established under the plan of Guadalupe at the triumph of the revolution. According to this plan the commander in chief of the constitutionalist army will be the provisional president of the Mexican republic while the elections are being verified and constitutional order is restored. They point out the fact the conquerors are not usually wont to permit the conquered to dictate the terms of peace which is practically what is to be asked of them by the commission. Constitutionalists are especially caustic in their comment on the proposal of the commission to take up the Agrarian question and propose some form of settlement. They declare that this is a purely internal problem and that they will tolerate no outside interference.

Indeed this is their attitude with regard to the entire proceedings of the mediation commission. They declare that if let alone they will settle the entire Mexican problem in a few months and in proof of their ability to do this point to what they have already accomplished in the way of driving the federalists from two-thirds of the country with the imminent prospect of securing the other third in no public while the elections are being verified and constitutional order is restored. They point out the fact the conquerors are not usually wont to permit the conquered to dictate the terms of peace which is practically what is to be asked of them by the commission. Constitutionalists are especially caustic in their comment on the proposal of the commission to take up the Agrarian question and propose some form of settlement. They declare that this is a purely internal problem and that they will tolerate no outside interference.

AGRIAN SOLUTION CAUSES LAUGHTER

The announcement that a basis had been secured for the solution of the agrarian question received with laughter. The constitutionalists do not recognize the right of the mediators to rule concerning this subject especially as the stand of the Huerta party on the matter largely was responsible for the unrest in Mexico.

The constitutionalists assert the foreign mediators have not been able to settle this question on their own countries and yet they apparently take it upon themselves to settle so grave a matter for a country of whose local affairs they must be ignorant. The leaders explain the agrarian problem is one for local settlement and that the only parties to the Niagara plan who understand local conditions are those who hold the reins of power in Mexico. The inference that Huerta might become a candidate for president at a future election is regarded as impossible. He is regarded as a candidate by the constitutionalists and that he should become a candidate for anything except the guillotine or the electric chair is not considered serious.

throw of the Huerta regime capture the government at Mexico City and then protest that there was nothing to be done.

ATTITUDE OUTLINED BY REBEL AGENTS.

Washington June 1—Constitutionalist representatives in Washington tonight issued their first formal statement. With nearly two thirds of Mexico in their control and peace being restored to a basis of peace after four years of civil strife the constitutionalist leaders are anxious to bear to constrain them to accept the plan. They assert that with an army of approximately 50,000 men in the field the capture of the remainder of Mexico and the elimination of Huerta and his followers is a matter of not more than two months.

Should any or all of the foreign nations party to the conference at Niagara Falls decide as a result of that conference called to promote peace, use force to secure acceptance of their plan, the constitutionalists declare that it would present a situation so contradictory as to be ludicrous.

AGRIAN SOLUTION CAUSES LAUGHTER

The announcement that a basis had been secured for the solution of the agrarian question received with laughter. The constitutionalists do not recognize the right of the mediators to rule concerning this subject especially as the stand of the Huerta party on the matter largely was responsible for the unrest in Mexico.

The constitutionalists assert the foreign mediators have not been able to settle this question on their own countries and yet they apparently take it upon themselves to settle so grave a matter for a country of whose local affairs they must be ignorant. The leaders explain the agrarian problem is one for local settlement and that the only parties to the Niagara plan who understand local conditions are those who hold the reins of power in Mexico. The inference that Huerta might become a candidate for president at a future election is regarded as impossible. He is regarded as a candidate by the constitutionalists and that he should become a candidate for anything except the guillotine or the electric chair is not considered serious.

MEDIATORS WANT MORE INFORMATION

Niagara Falls, Ont., June 1—More explicit information about the attitude of General Carranza than was contained in his last communication brought by Juan P. Uruel, of the unofficial statement to the press telegraphed from Durango tonight is being sought by the mediators concerning the subject of constitutional representation here. This may be obtained from the Washington government.

The mediators are preparing a reply to the message. Carranza's statement from Durango did not clarify the situation as to the points they are interested in. Carranza will agree to an armistice for ten days or two weeks or more and the mediators will discuss the entire subject of pacification of Mexico.

The expression from Durango did not alter the opinion of the mediators toward the constitutionalists. The diplomats claim the United States has not yet outlined they have kept the interests of the constitutionalists in mind and have pledged to give the country a new government as is proper to the interests of the people.

The American delegates argued at length with the mediators today about the constitutionalist position. The conclusion of the conference Justice Lamar said that he was hopeful and that the views presented were not so far apart.

The issue is squarely before the mediators for decision. The Mexican diplomats indicated they were willing to abide by the will of the three diplomats. Carranza's original conditions must be complied with before an invitation to Carranza can be renewed. Carranza will not enter the negotiations but believe if he does not enter they will be able nevertheless to reach an agreement. Carranza's opinion and keep their interests in mind in the establishment of a new government.

The American government is known to be active in an effort to bring the constitutionalists into the government. Niagara Falls upon the developments of the next two days depend the trend of the entire peace program. Should the constitutionalists remain obdurate and refuse to meet the terms fixed by the mediators, the mediation program will not be disrupted on that account for the United States it is known will not insist on such a demand. It would appear what has already been accomplished toward obtaining a change of administration in Mexico.

WASHINGTON URGES REBEL RECOGNITION

Washington June 1—American delegates to the Mexican mediation conference at Niagara Falls were in frequent communication with the Washington government in relation to it was said to the hitch in the negotiations which has arisen since the message was sent last week to the mediators outlining the position of the constitutionalists.

That Justice Lamar and Mr. Lehmann have been urging recognition of Carranza seems more apparent than ever in Washington tonight. President Wilson personally sent messages to his representatives in the matter of which was held in the strictest confidence. Mediation progressing satisfactorily Secretary Bryan was asked if it can be said that the conference is progressing satisfactorily. He said with a smile.

Whether mediation will come to naught in case the southern revolutionaries should determine to reject all the proposals for enlarging the scope of the conference to include representatives of the Mexican revolutionists was the uppermost subject of discussion here today. Many said that the original proposal for a protocol to be signed by the United States and Huerta's representatives was a step toward peace and that the United States would then await developments hoping that influence could be brought to bear which would result in a reorganization of the governmental affairs in Mexico with friendly participation of constitutionalists after the United States and Huerta had settled their differences.

Others inclined to the view that the constitutionalists would proceed with increased vigor to the physical overthrow of the Huerta regime capture the government at Mexico City and then protest that there was nothing to be done.

WOMEN ARE DENIED PLACES ON BOARDS

Continued From Page One.

The vote on the veto was 70 to over ride and to sustain.

In his message which covers all the votes submitted to Congress, Woodrow points out that he is abandoned the idea of general revision of the charter and explains that he has rejected even of the proposed amendments because he believes the people would not approve them.

Pathecock, says Mayor I regard the seven amendments I have returned as just as many patches. He says that if council will pass on the charter drawn by the committee last year and incorporate more than 6,000 voters he will approve it.

Alderman Thomson drew a resolution urging the mayor to produce 100 postal cards returned by the voters in the postal card test vote during the charter campaign last year.

The mayor says he will turn the cards over to council or to Alderman Thomson whenever he sends or calls for them.

BETTER FACILITIES FOR FIRE FIGHTING

ders in salvage work and in life saving.

Fire Alarm System That fire alarm headquarters be removed to a fireproof building, especially in case of fire, and of reducing to a minimum all liability to interruption of service.

That owners of existing, defectively constructed buildings, which are so located as to form a fire trap on the side, be required to install fireproof masonry party wall and exposed window openings.

That automatic sprinkler equipments with outside hose connections and controlling valves, be required in all buildings which by reason of their size, construction, occupancy, or location, are combined might act as conflagration breeders.

GRAND JURY TO MAKE PROBE OF COUNTY BOARD

The prospects Monday were that a speedy investigation of alleged irregularities in the county board will be made by the grand jury. The accusations were made during the campaign for re-election by rival candidates and resulted in an organized move to investigate them.

The proposed investigation will like the start of the present business is cleared away by the jury.

“NOT GUILTY” VERDICT FOR NAVAL STORES MEN

Four Defendants Freed After Legal Action Extending Over Six Years.

Savannah Ga. June 1—The four officers of the suspended American Naval Stores company charged with violation of the federal anti-trust laws were found not guilty in the United States district court here tonight. The defendants E. S. Nash, P. Shetter and J. E. C. Myers of this city and Carl Mueller of Jacksonville Fla. were accused of a conspiracy to monopolize the naval stores trade.

Arguments by counsel and instructions to the jury by Judge Grubb occupied today's session of the trial after which the case was given to the jury at 6:25 o'clock tonight. The verdict finally acquitting the defendants after more than six years of legal action was returned at 10:15 o'clock tonight.

The trial just concluded was the second in the case. In the previous trial the present four defendants and George A. Boardman of New York, also an officer of the company, were convicted. Fines were levied and in addition Mr. Shetter and Mr. Myers were sentenced to three months imprisonment each.

An appeal was taken to the United States circuit court of appeals. The verdict of the lower court was affirmed. Application was then made to the United States supreme court for writ of certiorari. It was granted and the supreme court has since finally handed down a decision setting aside the verdict of guilty.

A recommendation was made as to a retrial of the defendants. Attorney Akerman had States District Attorney Akerman had after a few minor delays this year, and after the exception of Mr. Boardman, the case was placed on trial against the latter was dismissed with the approval of Attorney General McReynolds. Mr. Boardman testified to the government at the present trial.

When court convened today Judge Grubb ordered that a motion made by counsel for the defense satisfied the direct the jury to return a verdict of acquittal.

W. J. HARRIS FIGURES IN THE SENATE DEBATE

Washington June 1—(Special)—When William J. Harris, senator from Georgia, was introduced as a candidate for the subject of comment to date during the debate on the tariff.

The comment was caused by the introduction of a resolution by Senator W. J. Harris of Georgia, for the collection annually of statistics on marriages and divorces throughout the United States by his director.

Oh I didn't know we had a director of the census interrupted Senator Harris. The senator then asked the director Mr. Harris had resigned to run for governor of Georgia.

But that will adjust satisfactorily to all insisted Senator Sheppard.

He said he had been in a caucus long not to know that a man never resigns voluntarily. He replied Senator Sheppard.

WOMEN ARE DENIED PLACES ON BOARDS

Continued From Page One.

The vote on the veto was 70 to over ride and to sustain.

In his message which covers all the votes submitted to Congress, Woodrow points out that he is abandoned the idea of general revision of the charter and explains that he has rejected even of the proposed amendments because he believes the people would not approve them.

Pathecock, says Mayor I regard the seven amendments I have returned as just as many patches. He says that if council will pass on the charter drawn by the committee last year and incorporate more than 6,000 voters he will approve it.

Alderman Thomson drew a resolution urging the mayor to produce 100 postal cards returned by the voters in the postal card test vote during the charter campaign last year.

The mayor says he will turn the cards over to council or to Alderman Thomson whenever he sends or calls for them.

REFUGEE FROM MEXICO ROBBED OF HER JEWELS

A negro snatched the purse of Mrs. W. A. Allen of Mexico City, a refugee with her family to this city on North Broad street last night about 9 o'clock and escaped with jewelry valued at \$500 down the steps leading from the Broad street viaduct to the railroad yards beneath.

Detectives Barier and Tugale answered the call and a investigation of the case. They discovered that the freight train was passing at 11 o'clock and believe that the negro took it. Mrs. Allen gave chase to the thief, thief but stopped when she thought he might injure her with a knife. She and her sister gave the alarm and several citizens aided in the pursuit. North Broad street in the street of the negro was seen when he had fled several steps down the viaduct. The jewelry was a ring, a brooch, for the most part, which Mrs. Allen's mother who recently died in the city had given to her.

Pass Prohibitive Tax To Bar Phrenologists And Readers of Palms

A prohibitive tax of \$200 was placed on palm-readers and phrenologists upon the recommendation of Chairman C. W. Smith and the tax committee, yesterday afternoon.

prohibited palm-readers operating in Atlanta under any terms, but it is stated that recently a clique who call themselves phrenologists have infested the city and are doing just what the Ashley ordinance prohibits but under a different name.

MILLIONS TO PUSH VOCATIONAL TRAINING

Measure Authorizing Federal Grants to States Before Congress—States Must Act to Secure the Appropriations.

Washington, June 1.—National grants to the states for vocational education are recommended in the report of the commission on national aid to vocational education, which was submitted to congress yesterday.

Seven million dollars, as a maximum annual appropriation for this purpose, is advocated by the commission. This amount is to be reached by a graduated scale in the year 1924 and is to be made annually thereafter.

For the group of agricultural teachers it is recommended that \$500,000 be appropriated for the fiscal year 1916-17. This annual amount is to be increased at the rate of \$250,000 a year until it reaches in the fiscal year 1921-22 \$2,000,000.

For the training of teachers of vocational subjects the sum of \$3,000,000 is appropriated for the fiscal year 1916-17, \$7,000,000 for 1917-18, \$10,000,000 for the year 1918-19 and \$15,000,000 for the year 1919-20.

To secure the benefits of these appropriations the state must accept, through its legislature, the provisions of the bill and create or designate a state board of vocational education.

Substantially the same requirements must be met by the state board in its plan for technical and industrial education. The instruction for persons who have not entered upon employment must extend over a period not less than nine months in the year and not less than thirty hours a week.

The state must appoint its state treasurer as custodian of the federal grant. If any portion of the fund is actually allotted to any state has not been expended for the purpose provided for a sum equal to this portion shall be deducted from the state's succeeding annual allotment.

For speed and economy in preparing a report this commission has established a precedent which has made its report on time. It has done its work in less than two months.

The commission was created on January 20 with instructions to consider the subject of national aid to vocational education and to report its findings and recommendations not later than June 1.

location association, New York, was appointed secretary. The full commission met practically every morning thereafter. A subcommittee of the five non-congressional members was in session every afternoon and I frequently at night.

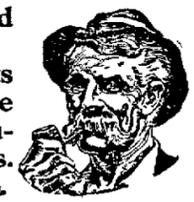

Members of the commission are Senator Hoke Smith, of Georgia, Senator Carroll S. Page, of Vermont, Representative D. M. Hughes, Georgia, Representative S. D. Peas, Ohio, John A. Ladd, director, Indiana bureau of legislative information, Indianapolis, Miss Florence M. Marshall, director, Manhattan Trade School, New York, Miss Agnes Nestor, president International Gloveworkers' union, Chicago, Charles A. Prosser, secretary National Society for the Promotion of Industrial Education, New York and Charles H. Winslow, special agent, bureau of labor, Washington.

Our Great White Exhibit of Canvas and Buckskin Shoes

The shoes you want today are pretty sure to be the newest white canvas or buckskin. June leads off the real summer season, and after that white shoes are a large order—

Yours are here in size and style—those of smart Colonial designs with long graceful vamps, pointed toes and Spanish Louis heels.

Real canvas of quality looks as fine as soft linen, and almost as dressy as satin—this means MUSE quality canvas.

Smart Oxfords, Pumps, Sailor Ties for outing wear, some with the comfortable straight leather heel that every woman's collection demands.

Other Dress Shoes

When you're "filling in" with fine patent and bronze Colonials for dress—we'd remind that we have also "filled in"—we have all your sizes and width—and certainly the good fashion and best of quality.

\$4, \$5, \$6 and \$7

Geo. Muse Clothing Co.

Chamberlin-Johnson-DuBose Co.

Atlanta—New York—Paris

It's Values

It is still early in the morning at this writing, but crowds are filling the several departments that offered White Sale values today.

We told you to expect the most comprehensive White Sale that Chamberlin-Johnson-DuBose Co.

Undermuslins, Waists

That Count

had ever invited you to. That was our promise.

Our preparations warranted no disappointments and the way the crowds are buying now fulfill our promise.

It's Values That count.

Gathering Momentum

The Muslin Underwear Sale started Monday morning with \$8,000 worth of snowy, fresh garments as new as the month—all bought to your advantage for this event.

It is under full headway now! The flag of a new record should be flying by tonight.

This is why—

There is not a value that was advertised for yesterday that will not be offered today.

\$8,000 worth of unusual values in muslin underwear—it might be compared with a huge iceberg that shows but a fraction of its size above the water, while the great bulk of it is out of sight.

So with the sale of Muslin Underwear—the great bulk of its stocks were out of sight. Today it is brought forward, fresh, attractive, valuable.

Will you see what this means to you right here on the threshold of the long summer? An opportunity to buy prettier, daintier, finer undermuslins than you have ever bought for the same money.

We speak particularly of

- Drawers at 19c, 39c, 48c, 69c and 98c.
- Corset Covers at 19c, 39c, 48c to \$1.25
- Gowns at 48c, 69c, 89c, 98c, \$1.49 and \$2.50
- Petticoats at 79c, 95c, \$1.25, \$1.50 to \$5.00
- Princess Slips at 98c, \$1.25, \$2.50 to \$5.00
- Teddy Bears at 98c, \$1.25, \$1.50 to \$2.50

A Thousand Cool White Waists at \$1.00

We will not tell you they are \$1.50 and \$1.25 waists according to the Chamberlin-Johnson-DuBose Co. standard, we have prettier waists at those prices.

But we will ask you when you have seen daintier, smarter styles at \$1.00 We never have!

Twenty styles to choose from—buy by the half dozens and dozens, for waists go hand in hand with summer comfort and style.

Voiles, Crepes, Dimities, Linenes

Embroidered voiles, voiles with colorful flower designs, plain crepes, striped dimities and dotted dimities, linenes in white and natural shades. Long sleeves, short sleeves, three-quarter length sleeves, collars as cool as they are stylish—that turn back from the neck, that lie flat, that stand out at the back—sometimes of sheer organdie, again showing a touch of color; again with an insert of lace or embroidery or piquet edged.

See them!

For the White Sale 250 Waists at \$1.50

Six styles—each one individually attractive.

Mostly voiles—with fronts so embroidered that the work looks much like handwork.

Others with embroidered dots over them. Others with fine, soft laces, dainty as can be.

All fashioned in the loose, blousy style.

They will not stay long, once women see them.

For the White Sale New Waists at \$2.25

Here is one of cream white voile, with lace set in the front panel with hemstitching; another with a band of shadowy lace extending across the front and back into the half-length sleeves; another with scalloped collar; another with embroidered design in front and back.

Values that command a woman's interest.

Something New--The Coat Cape \$15 to \$25

We are now showing the novelty Coat or Cape, as you please, for those who will travel this summer.

Usually it is of a light, firm serge and is styled variously—perhaps in a tunic effect or plain. It has a vest at one time white, again in green or black-and-white striped silk.

The most distinctive style that has been brought in some while. Smart women will appreciate its novelty.

Chamberlin-Johnson-DuBose Co.

HOOPER ALEXANDER GIVES TO STUDENTS EXAM LASTING WEEK

United States District Attorney Hooper Alexander has made a new record for the giving of final examinations in the Atlanta Law school. He gave Monday to his class on "Corporation Law," an examination that will last a solid week allowing the students to take the examination home and bring their finished papers to him next Monday signing a pledge that no aid was received from fellow students or from outside persons.

So searching is the examination however involving practical questions requiring hours and hours of investigation in digests, law encyclopedias and judicial decisions that Mr. Alexander told the class Monday that they could easily spend the entire week in working out the examination and then not exhaust the investigation. He said that he would allow them the whole week so that each man could put just as much time on it as he desired.

Both the junior and the senior classes are in the midst of examination now and the graduation exercises of the law school will bring an end to the term on June 15.

HATCHER SUCCEEDS RICH ON BOARD OF EDUCATION

W. H. Terrell Opposed for Re-election But Wins Place Over V. O. Rankin.

Harvey Hatcher ex councilman from the second ward was elected by council yesterday to fill a place on the board of education caused by the retirement of Walter Rich and elected W. H. Terrell of the first ward to serve another term. Councilman Hatcher's name went before council unopposed but a contest was started against Commissioner Terrell when Councilman Colcord offered the name of V. O. Rankin in opposition to the first ward delegation choice nominated by Alderman Bea Wright. Terrell received 13 votes and Rankin 12.

KNIGHTS OF PYTHIAS CONFER PAGE DEGREE

The degree of page was conferred by Atlanta lodge No. 20, Knights of Pythias last night at a large and enthusiastic meeting. At this meeting also the following officers were elected for the ensuing year: Young H. Fraser, chancellor; commander, Otto A. Moran; vice-chancellor, J. T. Russell; A. A. Craig, keeper of records and seal; J. G. McCallister, master of finance; J. T. Russell, master of work; C. D. Meyers, inner guard; G. Goettie, outer guard.

AT LAST RAIN COMES; MORE EXPECTED SOON

Weather Prediction for Today, However, Is "Fair With Temperature Not Over 90."

There was a big shower yesterday that hurried pedestrians to shelter and drenched those who didn't. It lasted for thirty minutes in the morning, after which the sun broke through the clouds in all the splendor it has shown for these past many days of dry weather.

It was only a summer shower however and not near enough to satisfy the parched and thirsty soil of the territory that has been arid so long. Weather Forecaster Lord yesterday stated that the probabilities were that rain would fall spasmodically for the next few days.

The following is the latest weather prophecy: Fair weather is predicted for Tuesday but the drift of air will be from the north and the temperature during the day will not be so high probably not exceeding 90 degrees. Some cloudiness is expected.

Strikers Say Only 100 Of 1,800 Operatives At Mills Are at Work

That only 100 of the 1,800 operatives employed by the Fulton Bag and Cotton Mills are nearer at hand on account of the walk out at the mills which began about three weeks ago when over eighty operatives were discharged was declared Monday morning by labor leaders at an afternoon meeting of the strikers. Some 400 strikers were present at the gathering which was held in the Odd Fellows hall, on More street.

Miss Alice Simkins, an operative, told of being insulted while at her machine by one of the men in charge of the plant who she said brushed rudely against her. Mrs. Alice Carlton declared that she has been working for the company thirty six years—ever since she could stand on a box at her work—and that the officials told her she was the most skilled worker in the mills and one of the best in the establishment but she testified that she was making only \$6 a week and had rarely ever made more. Mrs. Lulu Church testified to practically the same thing only she had been working thirty years.

Charles A. Miles of New York, general organizer of the American Federation of Labor and Mrs. E. B. Smith well known Atlanta labor leader were principal speakers among some fifteen.

The speakers told of the aid offered the strikers by most of the labor organizations in the city and the rapidly with which others are coming to their rescue.

They declared that Police Chief James I. Beavers had refused to arrest any striker at the gates of the streets and had told the strikers that if they were arrested for such by an officer they would just have a free automobile ride.

E. B. Marks, president of the Georgia branch of the Federation of Labor said the mill officials declared they would refuse to see an arbitration committee even if backed by Governor John H. Slaton. Some of the women testified that they would never return to the Fulton mills as long as certain men were in charge.

The former operatives will hold another experience meeting this morning at 10 o'clock at the city hall. The socialists of Atlanta will hold a sympathetic meeting in behalf of the striking textile workers next Wednesday night on the lawn of the Temple of Labor at 11, Trinity avenue. The strikers have a convention tomorrow colony of socialists of South Bend will also be present. Addresses will be delivered by Charles A. Miles, a prominent socialist of New York and Mrs. Minnie W. Man who is connected with the socialist party of Cleveland.

Police Chief's Action Sustained by Council Over Lee's Objection

As the result of a fight he had with Chief James I. Beavers of the police department Councilman Jesse B. Lee offered a resolution in council yesterday urging the police board to make an investigation of the chief's action in the matter of placing police protection around the property of the Fulton mills where a strike is in progress.

Council voted against Councilman Lee's resolution members taking the position that in view of the fact that the police are being called on to preserve order that now is not the proper time to indulge in personal differences. The resolution was tabled.

It will be recalled that Councilman Lee took exception to Chief Beavers sending men to guard the mills during the strike. He called on Chief Beavers and asked him to withdraw the police and when the chief refused Councilman Lee demanded to know by what authority the police were being loaned to a private corporation to preserve its property. Apparently the interior of the chief's mind was not so clear as it seemed for he took the matter to council with the above result.

METHODIST CHURCHES ARE PLANNING REVIVAL

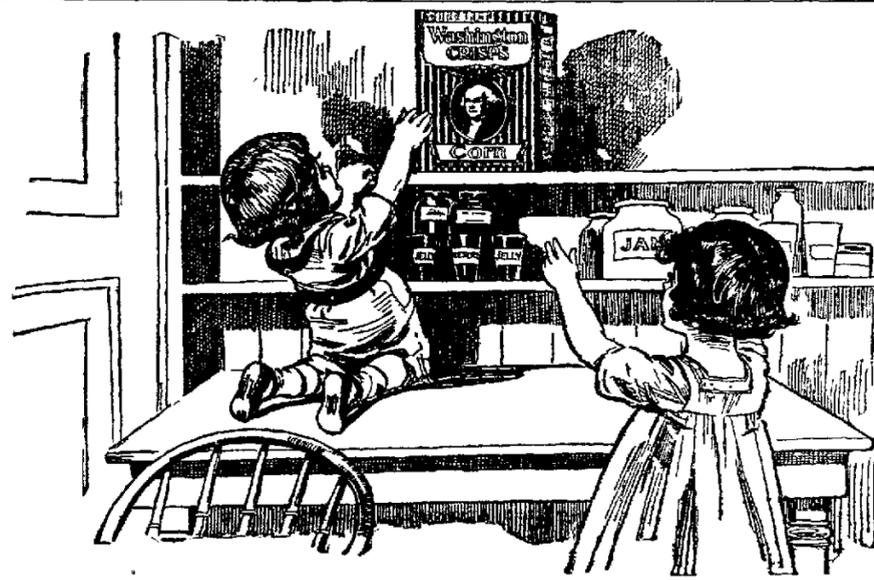

The Methodist churches of the city are planning an evangelistic campaign of six weeks duration to be held in the near future. The plan is tentative but will probably include daily revivals in all the Methodist churches in the city by the leading evangelists of the county.

EXPOSITION PHOTOS ATTRACT ATTENTION

The M. H. High company is exhibiting in the White House a framed photograph of the exhibit of the French Market coffee as was made at the Atlanta exposition in 1895. Also a faded duplicate of the gold medal awarded to the New Orleans Coffee company of New Orleans at the same time. These pieces are much admired and bring back to many the remembrance of that great exposition.

Sues Former Marshal

In the United States court yesterday, Judge Newman presiding a \$15,000 suit for personal damages filed against a year ago by Bob Heath a resident of Dawson county against Walter H. Johnson the United States marshal for the northern district of Georgia and the United States Fidelity and Guarantee company. His official bondman was put on trial. A jury was secured during the morning and several witnesses were presented. The plaintiff Bob Heath got out in his papers that on March 1, 1912 Marshal Johnson sent W. S. Kemp one of his deputies to Lawson county to arrest him. While the prisoner was being conveyed to the Millway jail he asserts that one of his legs was crushed and that he was otherwise permanently injured because of the careless driving of Deputy Marshal Kemp who had him in custody.

Children like Washington Crisps and it's Good For Them, too

LET the children have WASHINGTON CRISPS to eat—often. These crisp brown flakes of toasted white corn are easily digested, delightfully appetizing and full of nourishment.

The whole family will enjoy them for breakfast, lunch or supper—and be the better for them. WASHINGTON CRISPS have the well known high food-value of corn—one of Nature's most complete foods, and the WASHINGTON package is a big one.

Cooked, prepared and packed in spotless surroundings by shining steel machines. No human hands touch WASHINGTON CRISPS—they are clean.

Order WASHINGTON CRISPS from your grocer to-day. You'll find it a treat and a good sensible food, too.

Washington CRISPS 10c. The best value in the grocery store today. 10c.

SPECIAL WEAR-EVER Aluminum Demonstration

For the next two weeks we will have at our Peachtree Store Miss Mabel Cornell, special representative of Wear-Ever Aluminum, and a recognized authority on home economics. She will demonstrate the practicability and utility of Wear-Ever cooking utensils, placing special emphasis on the use, economy and care of Aluminum.

During this Demonstration we offer a special discount of TEN PER CENT on every piece of Wear-Ever Aluminum in our store.

Table with 3 columns: Item, Regular Price, Special Price. Includes 3-Quart Double lipped Sauce Pan (95c to 43c), 2-Quart Berlin Sauce Pan (\$1.05 to 69c), and Special Price on two pieces separately (\$1.12) and Extra Special for two pieces bought together (\$1.05).

CLEVELAND THE SCENIC WAY WITH DINING CARS

Out-of-Town Orders Will Receive Prompt and Careful Attention. Handsome Mid-Summer Suits of Linen, Palm Beach, Poplin, Shantung and Pongee Silks.

Attractive models, beautifully made and trimmed in a variety of fabrics such as you would naturally expect to see in a Shop like this which features the uncommon in both style and materials.

The experimental stage of men's washable fabric suits for hot weather has been passed. We are now confronted with a demand, a permanent one, in our opinion, so great that even our second supply this season has been practically exhausted.

This feature of the clothing business has given us an untold opportunity—kind of a coming into our own, as it were—for creating and showing uncommon ideas, advanced styles and exclusive fabrics in ranges and sizes which no other store has yet attempted. Ours is the Shop and has just the proper environment for the successful selling of these specialty lines and the opportunity, you may be sure has not been allowed to pass.

Today we show more than five hundred new suits of various fabrics and in many styles that you will certainly not find elsewhere. Materials that are new to you—uncommon—styles that haven't been shown before, as well as the more staple and conservative styles, with sizes to fit any man who happens to walk in our door.

- List of fabrics and price ranges: Cotton Pongee, Palm Beach, Linen Crash, German Linen, French Linen, Irish Poplin, Japanese Togo, Pongee Silk, Shantung Silk, Silk Alpaca, Tropical Mohair, White Flannel, Blue Flannel, Flannel and Serge Trousers.

Extra trousers to any of the above suits can be had at about one-third the cost of a two-piece suit.

As a fitting complement to the mid-summer suits, we have provided a striking array of hats, caps, shirts, neckwear, belts, hosiery, underwear, soft collars and the like, which are particularly adapted and in perfect harmony with the ensemble.

SOUTHERN WILL SPEND \$14,500,000

Plan Is to Double-Track the Road From Charlotte to Atlanta and Bond Issue of \$20,000,000 Is Asked of the Commission.

Application was Monday morning filed with the railroad commission by the Atlanta and Charlotte Air Line railway which is a part of the Southern railway system for authority to issue \$20,000,000 of first mortgage bonds the proceeds to be used in completing the double tracking of the road from Charlotte to Atlanta.

Of the issue of \$20,000,000 the petition sets forth that \$5,000,000 is to be used in retiring some matured bonds and \$14,900,000 for the work of double tracking and the completion of terminal facilities.

The Southern railway is already double tracked for a distance of approximately 40 miles between Atlanta and Gainesville. It is the purpose of the road to double track as soon as possible. When this work is completed the work of double tracking all the way to Washington will have been completed. The actual mileage between Atlanta and Charlotte is 363 miles. Less the 10 miles completed, 353 miles remain to be finished.

The railroad commission has set June 10 as the date for the hearing on the petition.

The value of the work to the south cannot be estimated. It is regarded as one of the most important pieces of work that has come before the commission for action in an effort to facilitate the handling of eastern business.

LABOR AND FARM UNIONS ARE GRANTED EXEMPTION

Washington June 1.—Trade unions and farmers unions would be specifically legalized in their existence and declared not to be combinations of restraint of trade by a paragraph which the house today incorporated in the Clayton bill to supplement the anti-trust laws.

Although it is designed only to clarify existing law, organized labor leaders say the final passage of this amendment will mark the culmination of a fight waged by them for fourteen years since the passage of the Sherman antitrust law—for exemption from prosecution under the laws against monopolies and restraint of trade. On a vote to perfect the labor provision the house was recorded 207 for and none against.

As adopted the provision declares that nothing in the anti-trust law shall be construed to forbid the existence or operation of labor unions or farmers or cooperative associations or to forbid or restrain members of such organizations from carrying out the legitimate objects thereof, nor to prevent the organization of labor unions or farmers or cooperative associations or to forbid or restrain members of such organizations from carrying out the legitimate objects thereof, nor to prevent the organization of labor unions or farmers or cooperative associations or to forbid or restrain members of such organizations from carrying out the legitimate objects thereof.

As adopted the provision declares that nothing in the anti-trust law shall be construed to forbid the existence or operation of labor unions or farmers or cooperative associations or to forbid or restrain members of such organizations from carrying out the legitimate objects thereof, nor to prevent the organization of labor unions or farmers or cooperative associations or to forbid or restrain members of such organizations from carrying out the legitimate objects thereof.

JEKYL ISLAND CLUB PLANS TO PROSECUTE PROF. HART'S SLAYER

Brunswick, Ga., June 1.—(Special)—It was stated today that the Jekyll Island club would arrive in the city tomorrow morning for the purpose of investigating the murder of Prof. J. W. Hart, who was shot and killed on the southern end of the island.

It is stated that the Jekyll Island club, the millionaire organization is going to take a part in the prosecution of Thompson and that Superintendent Grob is coming for the purpose of employing counsel to assist Solicitor Thomas in the prosecution of the case. It is more than probable that Thompson will be tried during the next month at the Glenn county court in law in session and he will be indicted by the grand jury during the present week.

Thompson with the forefinger of his right hand wounded is occupying a cell in the Glenn county jail and while he has refused to make a statement he claims that he shot Professor Hart in self defense. The only witness to the crime however is state trial Professor Hart did not fire at all and did not have a revolver therefore the state will contend that Thompson shot himself in an effort to establish his plan of self defense.

\$5.00 Sterling Silver Candlestick; With Shades and Holder, \$6.25

This heavy, Colonial candlestick is 8 3/4 inches high. It is a splendid value, and sold exclusively by us, at the special price of \$5.00.

We fit this candlestick with a holder, three shades, pierced silver, mica and cloth with silk fringe (any color), which brings the height to 17 inches, for \$6.25.

A pair of these candlesticks, plain, at \$10.00 or complete, with shades for \$12.50, will make a handsome wedding present. They are useful, ornamental and handsome—and the prices are right.

Appropriate and Serviceable Wedding Gifts

For a quarter of a century, our store has been the Southern headquarters for gift goods of all kinds.

We have always specialized wedding gifts in Sterling Silver, Rich Cut Glass, and Fine China—paying special attention to mail orders.

Modern Dances Defended by Teachers; Dr. McConnell's Sermon Answered

Miss Silverman and Mr. Mason illustrate old and new dance steps on the left the waltz, on the right the tango.

None of the new and modern dances taught and enjoyed in the ballrooms and drawing rooms of Atlanta could be accomplished if the couples were in what is vulgarly called a hugging position, said Miss Regina Silverman, one of the teachers of the art of dancing in Atlanta, commenting upon the criticism of the modern steps by Dr. Lincoln McConnell in his sermon Sunday night at the Baptist Tabernacle.

Miss Silverman has made the teaching of the art of dancing her profession and in defense of the new dances she posed Monday with Mr. Louis Mason, also a master of the art and at present one of the members of the Lyric stock company.

I am always astonished to see the opinions on the subject of dancing expressed so freely from the pulpit by

gentlemen who according to their statements have never danced themselves and who have never seen the dances they condemn presented, continued Miss Silverman.

It is a notable fact that those who condemn the new dances are those who when they are queried confess they have never seen the dances but have been told about them.

The present day dances are becoming so intricate in the number of steps and sets of steps that compose them that they are combining the poetry of motion accredited to the goddess Terpsichore with the latter day art of Del Sarte and the man or woman dancing them must have freedom of action otherwise they cannot accomplish the dance in its varied movements.

I must take issue with the eminent gentleman quoted in the paper as saying that the old time dances are not popular because of the lack of close

ness of position. Why none of the new dances could be accomplished if the position of the old time waltz was assumed. For instance in the old time waltz the lady places her hand on the gentleman's shoulder and he places his arm around her waist to guide and support her. This one position is maintained during the entire waltz which has but the one step. In the newer dances it is this position is assumed. The best dancers in the tango and the maxixe are dependent entirely on themselves they do not lean or drag upon the partner and grace depends upon the single individual.

Louis Mason explained that one of the first principles of dancing was to teach students never to assume close or graceless positions.

The so-called hugging position Mr. Mason declared would never be countenanced in the recognized dancing school. Again one of the charms of dancing is the expression of one's personality and spirit in the various movements.

STEPHEN C. UPSON DIES AT HIS HOME IN ATHENS

Athens, Ga., June 1.—(Special)—Stephen C. Upson Sr. died at his home here this morning, aged 39 years and 7 months. The funeral will be Tuesday.

The deceased is survived by his wife and six daughters and sons, Miss Eusey Upson, Miss Emily Upson, Miss Esther Upson, Mr. C. Upson Jr., Frank L. Upson, all of Athens, and Ed L. Upson of Atlanta.

A son of the late Judge Upson for whom Upson county was named, the deceased was born in the county coming to Athens twenty years ago. For years he lived in New York and half a century and more ago secured large holdings in property there—the property, along Broadway and extending to the city, was immensely valuable. The increase in these properties and in safe investments in railroad bonds and stocks made him one of the wealthiest men in this state.

Many citizens born and reared in Athens never saw or knew him. In one of the most delightful homes like the old country mansions of the south he lived and saw few except intimate friends of his early days. It is said he had not left the business portion of the city but two or three times in the twenty years of his residence here—spending weeks and months with his flowers, books and his beloved violin in the evergreen protected home.

His sons have become prominent in affairs. C. Upson Jr. being solicitor of the city court and Ed Upson referred in bankruptcy for this territory.

CURTIS TO ADDRESS UNIVERSITY CLUB ON ORIENTAL POLITICS

The members of the University club and their lady friends the members of the Atlanta branch of the Southern Association of College Women and the members of the associations that meet at the University club and their lady friends are invited to the club Wednesday night at 8 o'clock to the first of a number of lectures on Oriental Politics by Dr. Roy Emerson Curtis, A. B. Nebraska Wesleyan college 1906, A. M. University of Wisconsin 1908, Ph. D. University of Wisconsin 1912, now a member of the faculty of the University of Georgia.

These lectures are designed to portray the political, economic, social and cultural factors determining the present condition of the far eastern countries to give an understanding of the present trend of events in eastern Asia and to convey an impression of the extensiveness of American interests and opportunities in that part of the world. The subject of the first lecture will be "The Oriental Point of View."

FORMAL TRIBUTE PAID DR. BRANSON BY PUPILS

Athens, Ga., June 1.—(Special)—This morning at the State Normal school a formal tribute was paid to Dr. L. C. Branson who goes next fall to the University of North Carolina to take the chair of rural economics.

Burns Case Causes New City Ordinance Guarding Witnesses

As the result of charges and intimations that detectives working under William I. Burns in the Frank case caused witnesses to leave the city before testifying council yesterday decided to safeguard the dignity of the recorder's court by making it a misdemeanor for persons to interfere with witnesses summoned before that tribunal.

The ordinance was introduced before the ordinance committee and after thoroughly investigating the feasibility of the measure the committee approved it and council Monday passed it and made it an ordinance to become effective immediately. Under the ordinance the court has power to punish persons who interfere with witnesses for contempt of court.

BIG VOTE IN FAVOR OF \$750,000 BONDS IS CAST IN AUGUSTA

Augusta, Ga., June 1.—(Special)—The vote today on the bond issue of \$750,000 was surprisingly in favor of the bonds in the fourth and fifth wards where strong opposition had been expected and an even break would have been all hoped for the vote was 73 per cent of the registration in favor of the bonds. Out of a total registration of 3,013 the vote was 2,218 for bonds and 795 against.

Fire Chief Relieved Of Duty of Balloting On His Own Nominees

At the request of Chief W. B. Cummings of the fire department an ordinance was passed by council Monday on the recommendation of the ordinance committee relieving the chief of the duty of voting in elections of subordinates nominated by him for service in the department.

Under a resolution recently adopted by council the chiefs of the various departments are given absolute power in the selection of minor officers and the only function for the boards to perform is the confirmation of the appointments of the heads.

Until the passage of the ordinance Chief Cummings was required to vote on firemen named by him for appointment.

Medal for Dawson Boy.

SOUTHERN GOLF TITLE PLAY BEGINS

Edited By DICK JEMISON

Charley Frank Day At Ponce Thursday; Pels vs. Crackers

Former Bird Boss Will Be Honored by Local Fandom—Record Week-Day Crowd Must Attend.

Thursday will be Charley Frank Day at Ponce de Leon park, and will also be the first visit of the New Orleans Pelicans to Atlanta this season under their new manager Johnny Dobbs.

TRANSFERRED GAME WITH THE BILLIES

Wednesday's Game Will Be Moved Over Here—Will Start at 3 O'Clock Sharp.

The scheduled game between the Crackers and Billies set for Montgomery Wednesday, has been transferred to Atlanta, with the unanimous consent of the league.

STANDING OF CLUBS

Table showing the standing of clubs in the Southern League, South Atlantic League, American League, and National League.

TODAY'S GAMES

Table listing today's games for the Southern League, South Atlantic League, American League, and National League.

"Mutt" Williams Invincible; Errors Permit Billies Run; Kircher the Offensive Star

By Bradley Allen.

Montgomery, June 1.—(Special)—Williams, Atlanta's new pitcher, pitched effectively against the Billies today and Atlanta won the second game of the series by a score of 4 to 0.

While Williams was hurling with ease, Kircher was holding the hard hitting Crackers safe and for the first seven innings it was anybody's guess as to which side would run up to the eighth both of which were the result of errors and not the fault of the pitcher.

Atlanta out counted over in the first inning. McConnell was an easy out as he pitched the ball over the plate and Kircher hit it over the fence.

TWO STRAIGHT WINS FOR BOYS' HIGH NINE

Tech High Is Defeated 6 to 4. Third Game of Series Today.

By the score of 6 to 4 Boys high took the second game of the series from Tech high Tuesday afternoon, and now leads Tech high with two wins and one loss.

The game which was played at Grant field, was a hummer and in reality should have been won by Tech high, as they put up the best defensive game, but were weak on the offense.

SOUTH ATLANTIC

Peaches 5, Indian 3. Score by innings: 000 000 000-1 R H E. Savannah 100 001 000-3 8 5.

NATIONAL LEAGUE

Dodgers Win Two. Brooklyn June 1.—Brooklyn won both games of today's double header with Boston 6 to 4 and 4 to 1.

FEDERAL LEAGUE

Indianapolis 5, St. Louis 4. Score by innings: 102 010 010-5 14 4. St. Louis 000 001 000-4 10 3.

GEORGIA LEAGUE

Brunswick 5, Waycross 1. Score by innings: 001 201 000-5 12 0. Brunswick 001 000 000-1 5 3.

OTHER RESULTS

Rank 6, Pot 4. Pot 4, Rank 6. Pot 4, Rank 6. Pot 4, Rank 6. Pot 4, Rank 6.

Large Entry List In Southern Golf Meet at Memphis

Texas Sends Largest Delegation—Twelve Atlantans Present—Over Two Hundred Entries in All.

Memphis Tenn June 1.—(Special)—On the eve of the thirteenth annual tournament of the Southern Golf association, which will be played over the course of the Memphis Country Club beginning today, interest is intense.

Crackers' Chances

BILL SMITH and his boys are far from being out of the running for the Southern league title. We make this statement after a perusal of the standing of the clubs.

THE WINNING STRID

THE LOCALS still carry a good clip during the month of June. This season they will probably not be able to strike their old winning stride.

Two Good Hurlers

THAT'S UP to Judge Kavanaugh to issue definite instructions to his umpires regarding the daily checking of the lines.

Watch Them

OUR TIP now is to watch Bill Schwartz and his splendid aggregation one that is playing good team ball.

Send Correct One.

WE HAVE received numerous letters from fans in the towns in the Georgia-Alabama league.

REDS GET KOESTNER; LAVENDER'S ARM BAD

Chicago, June 1.—The Chicago National league club today sold Pitcher Elmer Koestner to the Cincinnati Reds.

Hanton and Perry Battle At the Orpheum Tonight; Fans Are Expecting K. O.

Eddie Hanton and Jimmy Perry are trained to the minute for their ten-minute bout at the Orpheum theater tonight.

AMERICAN LEAGUE

ATHLETICS 4, YANKEES 4. New York, June 1.—New York and Philadelphia broke even in a double-header here today.

SECOND GAME

Philadelphia 000 010 010-2 4 0. New York 000 001 000-1 3 1.

Red Sox 1, Senators 0.

Boston, June 1.—Walter Johnson and a Hanklin Johnson the Red Sox recruit twined opposed each other today for the first time this season.

JACK MILLER SIGNS THREE-YEAR CONTRACT

St. Louis June 1.—Jack Miller, St. Louis National first baseman who has advanced to the Chicago White Sox, today signed a three-year contract.

Georgia-Alabama League

LaGrange 7, Rome 5. LaGrange, Ga. June 1.—(Special)—LaGrange took the first of the series from Rome this afternoon in a featureless game by the score of 7 to 5.

Gadsden 2, Selma 1.

Gadsden Ala June 1.—(Special)—Gadsden won from Selma 2 to 1, this afternoon in a fast exhibition.

Newman 10, Opelika 4.

Newman, Ga. June 1.—(Special)—Newman pounded two Opelika pitchers here today and won 10 to 4.

WHIFFS

Discovered. THE CRACKERS seem to have uncovered a cooking good twirler in Mutt Williams.

Early Game Today

TODAY'S game in Montgomery will be called at 3 o'clock to allow both teams to catch a train for Atlanta.

What's Your Hunch?

THE LOCALS still carry a good clip during the month of June. This season they will probably not be able to strike their old winning stride.

Watch Them

OUR TIP now is to watch Bill Schwartz and his splendid aggregation one that is playing good team ball.

COMMITTEE FAVORS INVITING ELKS HERE

Favorable Report Will Be Made at Meeting of Atlanta Lodge Thursday.

On next Thursday night the committee recently appointed by the Atlanta Elks to look into the advisability of inviting the Elks' convention to come to Atlanta in 1916, will report unanimously in favor of extending the invitation.

This decision was reached at a meeting of the committee, with fourteen members present at the home of Walter P. Andrews, on Peachtree road, last night. Mr. Andrews was elected chairman of the committee, and Fred Houser was made secretary.

The committee decided to make this unanimous report after a thorough investigation of the sentiment of many people toward inviting the Elks. The committee found all conditions favorable.

A large delegation of Atlanta Elks is expected to go to Denver when the next convention meets there in July and put up a fight for the 1916 meet.

AT THE THEATERS.

Keith Vaudeville.

When Kenny, Noboy and Platt introduced the famous race between Steamboat Bill and Casey Jones at the Forsyth, yesterday afternoon, as the conclusion to their act, they made a fatal mistake.

Why? Well, they came mighty near not being able to leave the stage. Before this song they could have walked off without any mishap, but their particular objection. After the race got under way and the horrible accident came to pass at the drawbridge it seemed for a moment as if the act on the bill would be a long time waiting for their turn.

Mr. Keith mentioned eminent comedians had taken off the stage the remains of the racing machines of their famous drivers. Miss Clara Rochester at Atlanta girl proceeded to prove that you don't have to rag in Atlanta in order to secure an appreciative audience. After the race got under way and the horrible accident came to pass at the drawbridge it seemed for a moment as if the act on the bill would be a long time waiting for their turn.

One-Act Plays.

If it's a thrill or a chuckle, you are seeking in your theater, the melodramatic stage literature, you have found the right place at the Lyric theater.

For Miss Lucille LaVerne and her gifted company is doing the daring in stock and vaudeville in the services of stage literature. "The Man in the Street" is the subject of the dramatic thriller. It is built around a disaster at sea and is a movie production of the historical Titanic tragedy.

"Goodness Gracious" and "Lost at Sea" will be presented for the first three days of the week after which the vaudeville company's production, "The Billionaire," will be presented.

Hupmobile

VALUE

High-grade steels, careful design, precise manufacture—all these make up wearing value.

In the Hup you get everything that's really worth while, that makes for lasting economy.

Round of Entertainments Planned for Delegates To Rexall Convention

The Rexallites are in town 800 strong, and with them comes L. Liggett, of Boston, Mass., father of the United Drug company.

The occasion is the twelfth annual convention of the United Drug company, which will open this morning at 10 o'clock, with welcoming addresses by Governor Slaton and Mayor Woodward, at the Auditorium.

These visiting druggists are from all parts of the country, and with them many have brought their wives and their families. For their entertainment the convention committee has brought to the hotel a number of novel entertainers, and during each of the three days of the session tea dances, theater parties, dinners and other forms of entertainment will be enjoyed by the visitors.

The Rexall convention which convenes in Atlanta today will be the biggest of the four conventions held this year by the Rexall drug stores, and Dr. J. T. Wages, of Winder, Ga., head of the state organization urges every member in Georgia to come to Atlanta and reap the benefits of the session.

A great time has been planned. The Auditorium has been handsomely decorated, and will present a beautiful scene to the druggists when they convene.

During the afternoon while the business session is going on the ladies of the party will assemble in the Auditorium and automobiles will be provided for their use.

The program is as follows:

9:30 a. m.—Auditorium Reception and registration of stockholders.

10:00 a. m.—Auditorium. Taft Hall. A great time has been planned. The Auditorium has been handsomely decorated, and will present a beautiful scene to the druggists when they convene.

MORTUARY

Mrs. W. N. Harris, Fairburn.

Fairburn, Ga., June 1.—(Special)—Mrs. Nellie Harris, aged 23 years wife of W. N. Harris, died Monday morning at a hospital at the family home, six miles west of Fairburn. She is survived by her husband and two children, a son and a daughter.

SAYS WOMAN PLANNED MURDER OF HUSBAND

Statement Written by Nick Wilburn Read to Prison Commission.

A sensational feature was injected in the hearing before the prison commission of Nick Wilburn, sentenced to hang for the murder of James King, a farmer of Jones county, when a statement written by the defendant was used. It was the first statement he has ever prepared.

In it he states that Mrs. King, the wife of the murdered man, forced her attentions on him, that when the affair first began he was seated on a woodpile and that she threw her arms around him and repeatedly kissed him. She afterwards met him in the woods, he says, and requested him to meet her there every day. Mrs. King he asserts was a woman much older than himself, and her influence over him was strong. She it was he says, who planned the murder of her husband.

She told him he must make way with King and that they would use the \$2,000 life insurance of her husband as a bribe for the commission of the crime.

The hearing for commutation consumed several hours. The commission now has the application under advisement.

Today At 10:30 O'Clock

We will sell today before the Courthouse door the Walker Lewis Estate.

No. 239 Capitol Ave. (cor. Richardson St.) 50x150 feet.

No. 309 Richardson St. (alley on side), 50x91 feet.
