

FOR GOD'S SAKE DON'T USE FORCE, SHE CRIES TO KING

Militant Suffragette Invades Palace and Creates a Scene as British Rulers Are Holding Court.

WOMAN FELL ON KNEES BEFORE KING GEORGE

She Was Attired in Court Dress and Created Consternation—She Was Handed Over to Police.

London, June 4.—The king and queen held court at Buckingham palace tonight and despite all precautions a militant suffragette gained access to their presence and interrupted the presentations.

As she was passing the king the suffragette dropped on her knees and cried: "Your majesty, for God's sake do not use force."

The woman was attired in court dress and her action caused consternation. She continued to admonish the king, but the conductor of the band in the gallery signalled the band to play and the woman's voice was drowned.

The woman immediately was removed from the room and handed over to the police. Her name was not learned and close inquiries are being made as to how she obtained a card of admission.

Ether Cleveland Presented. Among those presented to the king and queen were Miss Ether Cleveland, of Princeton, N. J., daughter of the late Grover Cleveland; Ralph Page, son of the American ambassador at Mexico; Ralph Page, son of Edward Bell, wife of the second secretary of the American embassy; Mrs. Randolph Mordecai and Miss Margaret Pennington, both of Baltimore; Miss Dorothy Doubleday, New York, and Miss Mary Sanger, of Sangerfield, N. Y.

The scene was brief and the assemblage generally had little knowledge of what was transpiring. Whether the woman was an invited guest who sympathized with the suffragette movement or an intruder who gained admission by forged card is not known. The police had knowledge of a conspiracy to approach the royal presence, and every guest and every carriage arriving at Buckingham palace tonight and had been subjected to close inspection by detectives—a unique precaution and one that caused considerable delay and not a little indignation or irritation in court circles.

Tonight's incident is calculated to produce a feeling of still greater cooperation in the public mind and renewed demands for strong measures to suppress the suffragette agitation.

On Her Knees to King. London, June 4.—Late editions of the London morning papers publish different versions of the court incident. The Daily Mail says: "Just before 11 o'clock the court was started by a well modulated voice crying, 'Your majesty, for God's sake—' Immediately two gentlemen of the court stepped forward, and it was seen that a handsome young woman, attired in court dress, had been kneeling stretched toward the king. The officials raised her and without demur on her part escorted her out. Neither the king nor any member of the royal circle showed the slightest attention to the incident."

According to The Daily Chronicle the demonstration was made by two titled ladies, sympathizers with the suffragette movement, both of whom had previously been presented at court and were entitled to cards for all court functions. When in the royal presence they raised their voices in a denunciation of the king's conduct toward women. Court officials intervened and escorted them to an ante-room to await their automobiles, and they then were conducted beyond the palace precincts.

Women's Presentation. Scenes were witnessed at a meeting of the Women's Social and Political Union tonight. Mrs. Mansell presided and threatened London editors with the use of the "cat and mouse act."

ROOSEVELT IS URGED TO RUN FOR GOVERNOR

New York, June 4.—Theodore Roosevelt as the progressive party candidate for governor of New York is the desire of the state progressive campaign advisory committee, which met here today. After his return from his State American explorations, Colonel Roosevelt stated he would not be a candidate.

The advisory committee, after its meeting today issued a statement saying there was a demand for Colonel Roosevelt to be the progressive gubernatorial nominee and that the time had come for his party "to end the futile alternation between republican and democratic misrule between Roosevelt and Tammany and Barnes Tammany."

Alluding to the announced candidacy of District Attorney Charles S. Whitman for governor on the republican ticket, and the published statement that Colonel Roosevelt probably would support Mr. Whitman, the committee asserted that it approved the statement of State Chairman T. Douglas Robinson on Tuesday pointing out "the impossibility of Mr. Whitman's candidacy on the progressive ticket."

"MAN OF MYSTERY" FOUND BY MOTHER AFTER EIGHT YEARS

Chicago, June 4.—"J. C. R." the Rochester, Minn., and Chicago man of mystery today was identified by Mrs. H. E. Pitkin of Chicago as her son, Carl W. Iles, a mining engineer missing eight years. Iles gave her feeble signs of recognition, but he could say nothing as his vocal cords are paralyzed.

"J. C. R." was found unconscious on the streets here last November. At an infirmary he sometimes wrote the initials, "J. C. R." and at other times "J. R. R." Later he was identified as a man who had escaped from a Rochester, Minn., hospital. He had spent years there and was known only as "J. C. R."

Mrs. Pitkin will take Iles to her home. She heard from him last in 1906. He then was in the Goldfield, Nevada, mining district.

TO STOP GAMBLING IN COTTON FUTURES

Lever Measure Is Favorably Reported to House—Provisions of Measure Are Explained by Chairman Lever

Washington, June 4.—The Lever cotton futures bill was favorably reported to the house today as a substitute for the bill already passed by the senate.

Representative Lever, of South Carolina, author of the bill and chairman of the agriculture committee, included in his favorable report a comprehensive analysis of cotton exchange transactions. The bill, says the report, recognizes the economic value of those cotton exchanges that use a contract representative of the true value of spinnable cotton, and levels its prohibition against those contracts in susceptible to violent fluctuations and manipulation.

Prohibitive Tax on Certain Contracts. "Upon such contracts the value of which, under the rules of the exchanges, does not reflect truly the value of spot cotton as it exists from day to day in the hands of the farmers upon local markets," adds the report, "a tax of 15 cents per bale of such a tax, in the judgment of the trade, is absolutely prohibitive. Upon such contracts as do represent the value of spot cotton, no tax whatever is laid, and this is true likewise of all spot cotton transactions, including 'job' cotton to arrive and 'for prompt delivery'."

The whole purpose of the bill is to compel, by law, the use of such a contract by the farmer. The bill is a modification of the value of which will reflect accurately and truly the value of spot cotton of spinnable and usable quality. In the light of the best information available, the ultimate effect of providing a contract of the character described in the bill will be to enhance, in the opinion of experts, the value of the cotton crop in the hands of the farmers of the south, not less than \$100,000,000 annually.

Mr. Lever said he hoped for passage of the bill by the house at this session. The senate measure, which was introduced by Senator Smith, of South Carolina, is similar to the Lever bill only in minor details.

Effect of the Measure. Summarizing at length the provisions and effect of the house bill, Chairman Lever's report says: "The bill compels the adoption of the uniform standard for all future markets. It is a uniform standard of grades throughout the country and relieves the trade of the confusion and abuses growing out of the present multiplicity of standards in different markets. It prohibits the sale of cotton of inferior quality, of the illogical and ununiform difference system, and substitutes therefor the system of commercial differences in determining the relative value of grades delivered upon contracts. It denies to any person the right of any contract for the future delivery of cotton, under the terms of which, very low grades of cotton, 'rejections,' 'left-overs,' 'misfits' and 'dog-tails' are sold, for entirely unprofitable spinning purposes—are delivered upon it. It provides that cotton of a staple less than seven-eighths of an inch in length shall not be delivered in the settlement of such a contract.

"Each bale of cotton to be delivered upon a contract shall be identified by grade with the date when the cotton is to be delivered to the purchaser, thus abolishing the vicious practice of long contracts, and the former deliveries. It provides that the secretary of agriculture shall determine in cases of disputes arising between the person making the tender and the person receiving the same, the quality, or the grade or length, or the amount of staple cotton furnished, as it were, an unbiased tribunal to which may be referred disputes which involve the quality of the cotton or the length of staple cotton tendered under the contract.

To Determine Relative Value. "Provision is made for the method of determining the relative commercial value of the different grades of cotton which may be delivered upon contract, and the secretary of agriculture is given such plenary power as will be impossible to manipulate the machinery by which these differences are determined. Authority is given the secretary of agriculture to establish and promulgate standards of cotton by which its quality and value may be judged, thus making certain the legitimacy of the official standard of grades.

"It is required that all persons coming within the provisions of the bill to keep such records and statements of accounts as will fully and correctly disclose all transactions made upon any such contract, or any similar institution, or place of business. The bill undertakes to prevent, as far as possible, the transfer of the present vicious practices of certain exchanges from this country to foreign countries.

"It is provided that any person liable to the payment of any tax imposed by the bill who fails to pay, or evades or attempts to evade, the payment of such a tax, or any other provision of the act, or any rule of regulation, made under it, shall be fined not less than \$100 nor more than \$20,000, and in case of natural persons may in addition be punished by imprisonment for not less than sixty days or more than three years and, in addition to this, may be fined \$2,000, to be recovered in an action brought on this act in the name of the United States as plaintiff."

"MOTHER" MARY JONES BARRED FROM VESSEL

Seattle, June 4.—"Mother" Mary Jones, organizer for the United Mine Workers of America, today was barred by a Canadian immigration inspector from boarding a Canadian Pacific steamer bound for Vancouver, because Chief Campbell, of the provincial police, at Victoria, decided she would be a "disturbing element."

"Mother" Jones was on her way to Nanaimo to address striking miners. United Mine Workers of America officials immediately wired Secretary of Labor Wilson, at Washington, asking him to see that "Mother" Jones is accorded every right to which she is entitled as an American citizen.

The immigration official met Mrs. Jones at the wharf and asked at her ticket, and, according to her, he said: "You're not going to Vancouver. You want to reach Nanaimo to kick up a disturbance among the miners, and you can't go."

Husband's Friendship For "a Blonde Lady" Puts Schumann-Heink in Divorce Court

Celebrated Prima Donna Tells Story of Spouse's Infidelity and of Her Domestic Woes to a Chicago Jury.

SONG BIRD IS ACCUSED OF LIKING OTHER MEN

Schumann-Heink Denies That She Ever Lived With Any Other Man Except Husband—Scene Created by Husband.

Chicago, June 4.—Mme. Ernestine Schumann-Heink today unfolded the story of her domestic woes before a jury hearing her suit for divorce from William Rapp, Jr., of New York. Rapp, she said, had been friendly to "a blonde lady in New York" whom she subsequently named as Mrs. Catherine Dean.

Mme. Schumann-Heink entered court wearing a handsome black summer gown. She and Rapp separated three years ago.

Large Crowd Present. In one corner of the room stood the defendant surrounded by friends, and in another the singer with her friends. There was a large crowd of onlookers anxious to see what a prima donna looks like off the stage.

Ellis Mayer, attorney for the complainant, named Mrs. Catherine E. Dean, of New York city as co-respondent.

"We will show," he declared, "that this defendant lived in the apartment of the co-respondent at 337 Holmes street, and that later they were together at 2729 Manhattan avenue. We will show that Rapp sent Mrs. Dean a diamond engagement ring and that he wrote her a letter in which he said he had a steady income, but would send her \$25 a week if she would be satisfied."

Rapp's Alleged Visits to Woman. Two depositions were read, one from Mrs. Julia Williams, a maid formerly employed by Mrs. Dean, and one from a New York detective, who told of numerous visits to a Fifth avenue restaurant by Mrs. Dean and Rapp. According to his deposition the detective followed Rapp many nights from his office in West Thirty-fourth street to various places where he met Mrs. Dean.

The deposition of Mrs. Williams was that Rapp had lived at the apartment with Mrs. Dean for several months in 1912.

Madame Schumann-Heink's domestic traits were remembered by the spectators with smiles when she insisted that Chicago was her real home.

"I live here," the witness said, "and every day I help in tidying up and cleaning the place. I do washing, too."

She and Rapp separated three years ago. Direct examination by Attorney Mayer ceased abruptly without any attempt to go into the witness' life with Rapp or his alleged relations with Mrs. Dean.

She Has Eight Children. The singer has eight children, one adopted and seven by previous marriages. The oldest, she said, was 32 years of age.

In June of last year the singer went to Culver, Ind., to be present at the graduation of her son, Franz George Washington Heink.

"Did you go alone?" inquired Ben M. Smith, counsel for Rapp.

"My daughter, my chauffeur, my cooks, my waiters and a gentleman went with me," she replied.

"And who was the gentleman?" "Mr. George Baldwin."

Witness rented a cottage there and remained five days.

"Where did Baldwin live?" asked the lawyer, but an objection shut off the answer.

Madame Schumann-Heink chuckled when Smith asked her if a Mr. McNamara visited her at her New Jersey home.

"No man came to live with me in New Jersey," she laughed. "He came to me to take singing lessons. We sang together on the stage."

Mayer explained that the singer referred to was Edward J. McNamara, who visited her in New Jersey.

"Who was with you in Caldwell, N. J.?" the attorney asked. "Wasn't there a man named McNamara?"

The question aroused Mme. Schumann-Heink's wrath. Her eyes blazed, "I never have lived with any man," she answered. "I have lived alone since my husband left."

"I hadn't asked you that," the lawyer replied.

The singer told of a consultation with Rapp at her Chicago home last July. She testified that her husband then said she wanted a divorce.

"I didn't want a divorce I told him," she said. "I am happy as I am with my children and my art. I told him I would never think of marrying again. Always I said I never wanted a divorce."

Rapp's counsel asked about a visit to Culver, Ind., military academy when her son graduated. The singer said she met nearly every officer of the academy on the maneuver drill and that the officers had visited her at her home.

Hans Schulzer, a butler employed by the singer, testified that no man had ever spent the night at her home here.

Rapp Creates Commotion. A letter written by Rapp to his wife in June, 1913, giving seven reasons why

WILL GRATIFY HARDWICK IN DESIRE FOR DEBATE

John R. Cooper Writes That He Is Anxious to Meet Him.

Macon, Ga., June 4.—(Special.)—There is no further need for Congressman Thomas Hardwick to go gallivanting up and down the state crying out that no one will meet him in joint debate. John R. Cooper, one of the candidates who was not challenged by Mr. Hardwick, because, said the latter, there would not be time for all five to speak from the same platform, today wrote Mr. Hardwick a letter challenging him to a joint debate or a series of debates on the issues of the campaign. Apparently the issue is right up to Mr. Hardwick, and Colonel Cooper and his friends here say that the decision of the Georgia congressman will prove whether he was really in earnest when he was hurling darts at Governor Slaton and Thomas S. Felder.

That a debate between Hardwick and Cooper would draw a big crowd goes without saying. Both are born stump speakers and can set off enough fireworks in the course of an hour or two to furnish enough noise for an entire Fourth of July celebration. There are plenty of places that would be ready to bid for just such an event. Colonel Cooper's challenge to Mr. Hardwick follows:

"Hon. Thomas W. Hardwick, Washington, D. C.—Dear Sir: I see by the papers that you have expressed a willingness to meet your opponents who aspire to fill the unexpired term of the lamented A. O. Bacon in the United States senate on the stump and discuss the issues of the campaign before the people. In your letter you refer to me, and state that 'it would be impracticable for all five of the candidates to participate in the discussion without lengthening it too much,' giving as a reason why you did not extend me a similar invitation. I notice by the papers that the Hon. Thomas S. Felder has declined to accept your invitation, and I am pretty sure Hon. John M. Slaton will decline also, because he has already put himself on record that he will not meet any of his opponents on the stump."

"I believe, like you, that the people of Georgia are entitled to see and hear all of the candidates running for this great office speak from the same platform, so that they can intelligently make up their minds who is the best man in the race. So I have decided, after due consideration, to extend to you an invitation to meet me on the stump and discuss the issues of the campaign before the people of Georgia. If you accept my invitation, let me know and we will arrange a series of joint debates.

"With my high personal regards, I am, yours very truly, JOHN R. COOPER. "June 4, 1914."

DISMISS TWO CHARGES OF RECKLESS DRIVING

Cases of Drivers, Whose Cars Figured in Fatal Accidents, Tried Before Recorder.

Two charges of reckless driving of automobiles, following fatal accidents, were dismissed by Recorder Nash Broyles on Thursday.

The first case was against L. F. Whittier, of the Whittier Manufacturing company, who ran over J. T. Stevens, an aged resident of Lakewood Heights, on May 16, at the corner of Forsyth and Mitchell streets, while rushing his son to the Grady hospital for surgical treatment of a hand he had injured in a machine lath.

The injured man died a few days later.

The case against Mrs. A. M. Bolding, of 82 Garden street, wife of a local jeweler, who ran over David Liebermuth, an aged confederate veteran, of 497 Washington street, last Sunday and killed him, the injury resulting half an hour afterwards, was also dismissed. According to the testimony of witnesses, the accident was unavoidable.

Judge Broyles said that drivers of automobiles in the city should take more care in order to avoid accidents.

Chief Beavers has issued special instructions to his men to punish all violators of the speed law.

She Declares Husband Forced Her to Drink So as to Get Divorce

Savannah, Ga., June 4.—(Special.)—Admitting that she frequently got drunk, Mrs. Mary B. Moehrke testified in the superior court today that her husband, Paul Moehrke, forced her to drink in order that he might obtain evidence upon which to base action for divorce. They are fighting for divorce and the custody of their child.

The husband, who is one of the best known members of the Savannah police department, made serious charges against his wife and she retaliated in kind.

GOVERNMENT WANTS ALL RAILWAY SECRETS

Washington, June 4.—Attorney General McKeen today filed in the supreme court an appeal from the federal district court in Kentucky denying the application of the government for an order compelling the Louisville and Nashville railroad to permit examiners of the interstate commerce commission to examine its files of correspondence.

The attorney general contends that a railroad can have no secrets from the government.

The case is regarded of high importance.

STIFF PRICE PUT ON RESIGNATION

BY GEN. HUERTA

Dictator Demands as Compensation for His Retirement the Legalization of All His Acts.

Veracruz, June 4.—The price Provisional President Huerta demands for his retirement is the legalization of his official acts since his appointment to the provisional presidency, according to advisers from the capital today.

CARRANZA DELAYING REPLY TO MEDIATORS

A. B. C. Envoys and Washington Officials Regard the Silence of the Rebel Chief as Favorable Omen.

Veracruz, June 4.—The price Provisional President Huerta demands for his retirement is the legalization of his official acts since his appointment to the provisional presidency, according to advisers from the capital today.

This is said to have been the proposal General Huerta authorized his delegates to offer at the mediation conference at Niagara Falls.

The constitutionalists, it is said, have insisted that no act of General Huerta's administration shall ever be regarded as legal and in that sense General Huerta foresees enormous financial losses for himself as well as personal risk for the members of his cabinet for the new congressmen installed in place of those whom he imprisoned and for thousands of minor officials and even private citizens who willingly or unwillingly aided his government.

NO EARLY ANSWER FROM GENERAL CARRANZA. El Paso, June 4.—General Carranza announced today through agents here that he would not make answer to the communication of the A. B. C. mediators, nor issue his proclamation dealing with the formation of a provisional government in northern Mexico until he had reached Saltillo.

At the same time it was announced that the constitutionalist commander-in-chief had departed from Durango on his way to Saltillo by way of Torreon.

The delay in the issuance of the proclamation is believed to have had occasioned by some of the Niagara Falls conferences and by the reported desire of Carranza formally to establish himself as provisional president at Saltillo.

General Villa today was reported as preparing to move south from Chihuahua City to meet Carranza at Torreon, and thence to proceed south on the campaign against Zacatecas and San Luis Potosi. Meanwhile the creation of a new central military zone in command of General Natera, which was made yesterday by Carranza, continued to cause speculation as to its effect on Villa's military plans.

The opinions of those surrounding Carranza regarding the three-cornered conference at Niagara was reflected once more in a semi-official statement from Durango.

The statement follows: "Hamlet with Hamlet Left Out" is the way many constitutionalist leaders here expressed themselves today regarding the conferences at Niagara Falls. That a plan can be found to settle the interior in Mexico without the participation of the constitutionalist government is regarded by them as impossible. They point out that the only party directly interested in Mexico which has been represented in the formation of the A. B. C. This party, defeated by the constitutionalists at every point, is in the throes of dissolution and is in no condition to fulfill any pledges that might be made. The constitutionalists have decided that the sole solution of the internal difficulties of the country was the elimination of Huerta and his party from politics.

"The constitutionalists emphasize the fact that they will recognize only a government established under the plan of Guadalupe at the triumph of the revolution. By this time the commander-in-chief of the constitutionalist army will be provisional president of Mexico, while elections are being verified and constitutional order is restored.

"In a word, the constitutionalists

DROUGHT BREAKING, SAYS WEATHER MAN

All Sections of State Have Fared Better Than Middle Georgia, Where No Rain Has Fallen for Many Days.

Weatherman von Herrmann gave out the highly pleasing information yesterday that the continued drought is gradually breaking, and that the entire state will soon receive its long-needed share of rain. Some portions of Georgia have had no rain at all during the present dry spell, while other sections have had a little.

An investigation into weather records Thursday revealed the fact that in middle Georgia there has been no precipitation since the beginning of the present drought. This area of arid territory extends from Columbus to Macon to Augusta.

Atlanta and adjacent community, however, has had several showers in the past few days, and the prospects are good for plenty more. There have been a few summer showers in southern Georgia, which occurred on May 31 and last Wednesday.

North Georgia's first rain fell Wednesday, when there was a general downpour through all this section of the state. Southwest Georgia seems to have fared more luckily than other parts of the state, receiving downfalls on May 27 and 30 and on June 3.

Weather Forecaster von Herrmann stated Thursday that the drought is gradually breaking. He expected rain Thursday afternoon, but was disappointed. Unsettled weather conditions are predicted to prevail through the rest of the week, with frequent showers.

Following Our Custom of Years, the Summer Schedule Goes Into Effect Saturday, When the Store Closes at 1 o'Clock—Shop Friday.

A New Phase of the White Sale Neckwear, Ribbons and Handkerchiefs, Representative of the Moment's Styles, at Savings of a Third and a Half.

Let us tell you what we think of this Sale of Neckwear, Ribbons and Handkerchiefs—

It is all that we had hoped to make it when we first set to planning the White Sale—it is even more. We started with the proposition that we should get the most desirable and most stylish things that were to be had or there would be no sale.

We have got the most desirable and most stylish things—in neck fixings, handkerchiefs and ribbons—and at savings of a third to a half.

How it was possible to get such merchandise is not so interesting to you as the fact that the merchandise is here and every bit of it as fresh as the dew-besprinkled morning glory. There is not a collar, a handkerchief, a yard of ribbon listed below that is not worthy of a place in our regular stocks at the prices we quote them to be worth. Indeed, the worth price tells just what they are.

Could anything be more timely, then, than this sale?

So we think of this sale—it is most unusual, but you come, see, take the time to study and compare and judge for yourself and see how our opinions coincide.

We warrant you will see the wisdom of securing all of these things you will need during the whole summer.

At 17c of Shamrock lawn, embroidered corners, 2-inch hem.

The Ribbons

In the face of the greatest demand, we have been able to effect price reductions that are indeed remarkable. Such ribbons as are listed below are very hard to get. The reason is that they are the most desirable, the most stylish right now. See them, note quality of the silks, then the patterns, and reflect if you have ever seen such ribbons at these prices.

Novelties in Ribbons but not underpriced, are these new Roman striped and plaid ribbons wanted for girdles for white dresses. Priced at 50c to \$2.00 a yard.

TECH COMMITTEES BUSY AT CANVASS

Important Announcement of Results Are Expected to Be Made on Next Sunday.

The committees for the Greater Tech campaign have begun their work quietly among the business men of Atlanta and definite results are expected soon. It was predicted at the luncheon meeting at the Piedmont yesterday that important announcements regarding the campaign will be made Sunday.

Stirring speeches were made to the committeemen at the luncheon meeting at noon by E. M. Hall, chairman of one of the working committees. J. R. G. Matheson, president of Tech, J. R. A. Hobson, chairman of the executive committee and P. V. Stephens, director of the campaign.

"When I was asked to take charge of a committee in this campaign," said Mr. Hall, "I felt I could not possibly spare the time from my business that an undertaking of this kind requires. Since that time however I have had a talk with my conscience and the two of us have decided that I cannot refuse to devote my time to a movement of the importance and necessity of this one."

President Matheson emphasized the fact that Tech for the reason that it is an established institution has a greater claim on the citizens of Atlanta than if it were a scheme on paper.

Tech can point to twenty-six years of active work in Atlanta, he said, and she has a right to ask from the citizens of Atlanta who have seen the work she has accomplished their support of plans made to increase her usefulness.

J. R. A. Hobson, chairman of the executive committee, warned the workers against discouragement, pointing to some of the greatest successes in Atlanta's history and recent history that were beset with disappointments on every hand at their beginning.

Dr. C. B. Wilmer, director of the campaign, stressed the fact that the campaign is to be carried on in a business like manner and asked the cooperation of the workers to that end. The campaign is not to be a hit and miss affair, he said, but a systematic and efficient enterprise carried out in an orderly manner.

All the committeemen are being urged by the leaders to attend the luncheon meetings at the Piedmont hotel.

DR. WILMER ANNOUNCES HIS DECISION ON SUNDAY

Dr. C. B. Wilmer, rector of St. Luke's church, announced his decision on Sunday morning on the matter of the proposed protest against the mayor.

On Wednesday night about 60 of the younger leading members of St. Luke's church called on Dr. Wilmer and requested him not to accept the offer.

MEETING FRIDAY OF OHIO SOCIETY

Storm Halts Guests Returning to Homes

By Auto After Wedding

Several guests of a wedding at Fairburn, Ga., Wednesday night were stalled in their machines in the mud when the storm broke on their return to Atlanta and the ladies and gentlemen in the cars were forced to trudge some distance through the storm in evening clothes to take refuge on the car line which runs between College Park and Fairburn.

The occasion was the wedding of Miss Hope McClarin, daughter of a prominent citizen of Fairburn and Dr. Hayes of Stocke Plk.

Among those in the automobiles that were stuck in the mud of the road were Mr. and Mrs. Henry Brown Grant, street Mrs. C. L. Camp, No. 364 Lee street, Mr. and Mrs. Joseph Camp and two children, South avenue, Mr. and Mrs. Seaborn Howell, College Park, Mrs. Paul Selman, Douglasville.

SMOKE BOARD MEMBERS ARE READY TO RESIGN

Essig and Harwell Say That Commission Is Not Getting the Proper Support.

Declaring that the mayor and council are not giving the smoke and gas commission the support it should have to cope with the smoke nuisance in Atlanta, R. M. Harwell, chairman of the board, and Chris Essig, a member, are ready to resign.

Chairman Harwell has practically tendered his resignation. He called on Mayor Woodward and frankly informed the city's chief executive that the smoke board was not getting the cooperation it needs from council. Both Messrs. Harwell and Essig say that their time is worth more to their business than to the city under existing conditions.

The mayor and council are not giving the board the aid it deserves, said Commissioner Essig. Instead of cooperating, council is hampering the work we are trying to accomplish. My time is too valuable to worry away in a work which the general council seems determined to handicap in every way.

Commissioner Essig explained that Inspector Poole is doing magnificent work and stated that if the city loses him it will not get another man better qualified for the work.

Not content with cutting the appropriation down to almost nothing in January, the finance committee failed to provide money to pay the salary of an assistant which the board recommended to assist Inspector Poole in the inspection of boilers and other added duties.

At the last regular meeting of council, Commissioner Essig offered an ordinance proposing the abolition of the smoke board.

LOCAL AD MEN PREPARE FOR TRIP TO TORONTO

The last dinner of the Ad Men before the delegation leaves for Toronto was held yesterday in the main dining room of the Ansley hotel. It was well attended and there the On-To Toronto committee reported the arrangements for the trip.

Satisfactory hotel accommodations have been made in Toronto and the Georgia delegation will be well taken care of, according to the report of St. Lingo Massenzio, chairman of the On-To Toronto committee.

A. R. Rogers of Boston, Miss, a special commissioner from Boston to Atlanta on behalf of the mammoth pure food show to be held there in October in a short speech, extended the invitation to the Ad Men of Atlanta to participate in the show and to get behind a movement to have Georgia participate.

A committee was appointed consisting of L. D. Hicks, J. D. Karney and William F. Farkhurst to look into the matter.

All of the Ad Men will wear Palm Beach suits and white shoes during the trip to Toronto.

Dr. J. D. Kennedy, city health officer, made a talk on summer don'ts offering a number of suggestions on good health during the hot weather.

THE UPSIDE DOWN standing of the Cracker youth golfing prodigy and until we lose a game we're going to keep it upside down.

Encouraging. THE SHOWING of the Crackers in Thursday's game is the most encouraging since that we have seen yet.

Atlanta are pulling for Perry Adair, the young golfer prodigy, who has been playing in the Southern Amateur for the first time.

After Record. AMBY MCCONNELL is making a bid for the run getting record of the Southern League, now held by Tommy Long.

The BIG CHEESE, as we have lovingly dubbed Captain Harry Welchone, is not creating any ripples among the Southern League pitchers this season.

THE SCHEDULE of the Southern League thus far has been a poor one so far as the Crackers are concerned.

CRACKERS SHOW THE FIGHTING SPIRIT Charley Frank Is Honored By Atlanta Baseball Fans

Howell from the box, but fell one short of tying in a ninth-inning rally. Kirby got a single, doubles and a triple, and Jacobson four singles.

By Dick Jemison. Spotting the Pelicans a four-run lead in the opening inning, the Crackers showed their fighting spirit and hammered their way to a 9 to 6 victory in the first appearance of the Birds in this city since 1907.

Incidentally they scored their fourth straight win and as the Barons were defeated by the Crackers on Monday the fourth position in the league race without dividing the honor with anyone.

It was one of those slugfests that every fan loves to see occasionally. There was plenty of hitting on both sides; in fact, each team secured fourteen bingles at the expense of two pitchers on each side.

Hub Northern featured the attack of the birds with a triple, a single and a double, in that order, in his first three trips to the plate. Bill Lindsay also got three blows.

McCormell, Kircher, Long, Welchone, Elbel and Tyce hummered in driving across the runs for the locals. Three great hitting plays by McCormell and Tyce were instrumental in Long's victory.

The Birds tallied four times in the opener. Hendryx worked Doscher for a free ticket. Starr singled. Both added to the Barons' woes in the fifth.

Long opened the inning with a home-run clout to the score board. Welchone pitched the first three innings, second by Jennings. Finnanagan hit to Barbara and when Sylvester dropped the throw at first base, the runner advanced on Tyce's single to right.

The local lead in the fourth. With two men gone, Northern dropped Long's fly. Long swiped second and tallied with a sacrifice fly. Doscher pitched the fifth and sixth.

Memphis, Tenn., June 4.—(Special.)—Perry Adair, the 14-year-old golfer from Chattanooga, the sensation of the golf tournament for the amateur championship of the Southern Golf association being played over the local course.

Though a mere whisp of a boy, he has been playing an amateur golf course of the contestants in the tournament. Every one of his matches has been more than a walkover.

Charley Frank, one of the founders of the Southern league, and until the present season actively connected with the organization as a manager, was presented with a silver loving cup by Atlanta fans yesterday afternoon at Ponce de Leon.

The presentation of this trophy was a token of the esteem of Atlanta baseball bugs for the former Pelican chieftain and a little appreciation of what he did for them when he defeated Mobile last September, sending the pennant to this city.

The presentation took place in the third inning of Thursday's game. Players of both teams, the umpires, Mr. Frank, Vice President Nunnally, of the Atlanta club, President Wilcox, of the Montgomery club, representing Judge Kavanaugh, president of the Southern league, and John D. Harrington, who conceived the trophy idea, were present.

Harrington's Speech. Mr. Harrington's presentation speech follows: "I have been requested by the local fans of the great national game above reproach, and to have been with the boys that battled in Mobile last September, I conclude that if it was the last word in my career I had done well."

MELLEN NO MARTYR, ASSERTS LEDYARD

New Haven Director Denies Story That Mellen Assumed Blame to Save Morgan—Ledyard Says Mellen's Story Is False.

Washington, June 4.—Charles S. Mellen's recent testimony that he, as president of the New York, New Haven and Hartford railroad, allowed himself to be indicted in the Grand Trunk case to shield the late J. Pierpont Morgan, was flatly denied before the interstate commerce commission today by Lewis Cass Ledyard, of New York, a New Haven director at the time.

"I want to say in the most unqualified terms," Mr. Ledyard declared, "that Mr. Mellen did not offer himself as a vicarious sacrifice for Mr. Morgan."

Telling of the letter in regard to the Grand Trunk investigation to the United States district attorney at New York, written by Mr. Mellen in the presence of E. D. Robbins, counsel for the New Haven, and himself, Mr. Ledyard said: "That letter was not the letter of a man accepting responsibility. It was the letter of a man claiming innocence."

Mr. Ledyard took the stand as a voluntary witness in the commission's investigation into the New Haven's financial affairs, and was not sworn. The subpoena issued for him some time ago had been withdrawn, but he urged that he be allowed to make a statement.

Mr. Ledyard announced when he took the stand that he desired to contradict certain statements made by Mr. Mellen in his testimony.

On the Boston and Maine board, he said, he represented the largest holders of stock, the American Express company.

Mr. Ledyard said: "I tried to get for the American Express company the business of the New Haven, but it was never a condition of the sale of the Boston and Maine stock. Mr. Mellen has testified that what I was after was to get an extension of the contract between the American Express company and the Boston and Maine. There is not a word of truth in that statement. After I had become a director of the New Haven, Mr. Mellen sent for me and said he wanted to take the road's express business away from the Adams company and I asked if the American Express company would take the business. I told it would not."

"I said: 'Do you think I would let you turn the Adams company off and have people say that this was due to my making my influence as a director?'"

Mr. Ledyard said it was the fall of 1908 when he first took an active part in New Haven affairs.

"Much has been said," continued Mr. Ledyard, "in the commission's hearings as to my relations with Mr. Morgan or

TWO MEN ARE KILLED IN LAGRANGE STORM

All Wires Blown Down and City Cut Off From Outside Communication.

LaGrange, Ga., June 4.—(Special)—Two men were killed by electricity and all telephone and telegraph wires here were blown down, cutting off the town from outside communication when a heavy rain, accompanied by wind and lightning swept Troup county yesterday.

Hugh Green, an employee in the Unity Spinning mills, of this city, was one of the victims. The heavy wind blew down a telegraph wire across the Atlanta and West Point railroad near the mill, No. 34, which leaves LaGrange for Atlanta at 4:25 o'clock, ran over and cut this wire, and the sparks from the ends of the wire connected with a cross-tie. Mr. Green, endeavoring to extinguish the flame, put his foot upon the live wire and was thrown down, his neck falling upon the end of the other wire. He was killed instantly. Mr. Green was a married man, about forty years of age, and is survived by his wife and three children. He has lived in LaGrange for some time, and has many friends here.

Jim Harris, colored, was the other victim. He had ridden in the rain for some time when he stopped at Murphy's store, near LaGrange, to get out of the weather. Harris, in his wet clothes, thoughtlessly leaned against the wall near the electric meter, and was instantly killed when a heavy stroke of lightning ran into the meter.

Blind Tiger Raided.

Two sacks of blind tiger liquor, containing sixty-four half pint bottles, were secured in a raid on a blind tiger at No. 4 Wesley's alley, and eight negroes taken into custody at the same time by Call Officers Eadd and Shumate, assisted by Harry Anderson, a local automobile man. The blind tiger was discovered almost within the shadow of the Baptist Tabernacle and the new Young Men's Christian Association building, on Luclid street.

MRS. SMITH BITTEN BY DOG SUFFERING FROM HYDROPHOBIA

Mrs. Shelby Smith, wife of the well-known Atlanta real estate man, was bitten by a dog late Thursday afternoon at her home on Hemphill avenue, six miles from the city.

Mrs. Smith was seeking to drive the dog from her home and, in doing so, kicked at the dog. The dog bit her foot and ran.

She was rushed to the capital, department of health, and took the "first day's treatment" given those who are bitten by a mad dog.

The dog was later killed and its head sent to the capital to ascertain whether or not it had the rabies. Late last night it was announced that the animal was suffering from a mild case of hydrophobia.

MRS. SMITH BITTEN BY DOG SUFFERING FROM HYDROPHOBIA

Mrs. Shelby Smith, wife of the well-known Atlanta real estate man, was bitten by a dog late Thursday afternoon at her home on Hemphill avenue, six miles from the city.

Mrs. Smith was seeking to drive the dog from her home and, in doing so, kicked at the dog. The dog bit her foot and ran.

She was rushed to the capital, department of health, and took the "first day's treatment" given those who are bitten by a mad dog.

The dog was later killed and its head sent to the capital to ascertain whether or not it had the rabies. Late last night it was announced that the animal was suffering from a mild case of hydrophobia.
