from the polished library table but she is going out into your city and clean up the streets

Vote Coming to Women. If you are the sort of a person who would have objected to the magna charter on the ground of probably being a dangerous move, or would have said the old-fashioned candles are good enough for me without using an electric light or automobiles are interesting to look at, but I do not believe they will ever become practical, and are dangerous besides if you are a pessimist and afraid of change—get over it. Shortly you will have an opportunity to be much happier for the vote is coming to Georgia, and the sooner you recognize that the better.

She then took up a discussion when she had the women enough acquainted with their franchise closing with a clever bit of flattery to the men of the audience.

Miss Caroline Pultz Reese of Green rich Conn. third vice president of the national association spoke next.

Speaking upon the topic of Justice and Fair Play for women seeking the vote she stated that an examination of the women would show that nearly all of them are entitled to the right of ballot.

Women Who Should Vote. She outlined the kinds of women who should have the right to vote as follows:

Women who pay taxes Working women of whom there are 6,000,000 in the United States.

Mothers upon whom rests the responsibility of directing the lives of their children without having the right of ballot to say under what conditions they shall live.

Teachers who have the duty of instructing 20,000,000 children in the problems of today and yet cannot speak from actual experience.

Called women from whom corrupt political powers extort graft.

Women as consumers.

Add to these reasons for fair play the expenditure and usefulness of women voting, she said.

In conclusion she appealed to the young people particularly a party of young girls from Lucy Cobb institute

in the gallery to join the junior suffrage corps, which she explained.

Mrs. McCormick Speaks. Mrs. Starnes McCormick of Chicago, spoke upon the inconsistencies of the arguments the men used against woman's suffrage, and pointed to official actions of men in public office as inconsistent with the rights they had previously taken when sought by the suffragists.

She pictured the condition of women having the right to vote while the men were disfranchised, and then entered into a pantomime of the men beseeching for the right to vote and the women using the same arguments on the men that men use upon women which kept the audience in an uproar of laughter for thirty minutes.

The raising of the age of consent had been exploited as an accomplishment of the women voters in several states.

Reforms. She told of hospital reforms needed for thirty years being accomplished in two years.

She closed with a warning to women's clubs stating that if women speak in a public meeting they will shortly find themselves benefit of their power and purpose for the real world.

Will Blind Couples Together. Mrs. Mary Ware Donnelly of New York confirmed her argument mainly to an attack upon the theory that has been advanced that the granting of the ballot to women will interfere with motherhood and destroy the peace and unity of the home.

The vote she said, will bind men and women together as never before in the interests of their lives.

Her parting shot was "There is a man in the audience who will not admit that? Then if the men who have their contentions about a government of men and by the people admit this—well, our right is won. There is a majority who are always saying it can't be done, but while they are talking they are likely to be interrupted almost any day by somebody doing it."

Many Questions Asked. E. R. Black rose and asked "What valid arguments have been used against woman's suffrage?"

From Miss Pultz Reese came "I don't want you to have it. From Mrs. Laidlaw came "It hurts my feelings. I don't like it."

Did the women of Chicago have a hand in the reform movement? Did the liquor interests oppose votes for women?

Miss Adams answered "We have had a vote on this question in Chicago, and we have not yet had it in any other state, and we are now in the process of obtaining a vote almost falling into our laps. The

liquor interests offered us much opposition. Frank Callaway asked what had been the results of women's votes in the west.

Frank Callaway asked what had been the results of women's votes in the west. Mrs. McCormick answered that the majority of the accomplished reforms had been the passage of progressive measures principally in the matter of humanitarian reforms.

Is that a fair question? What have men done?" "It is a fair question. What have men done?"

Suffrage Here to Stay. A gray-haired gentleman from the state of Washington arose and stated "I come from a state where women vote. I want to say that suffrage is all right and it is here to stay."

Why not make it 48?" Other questions innumerable were asked by prominent men and women of Atlanta, all of which were promptly answered by the visitors.

Suffragists Arrive. The suffrage leaders came to Atlanta from Birmingham, and were met at the station by a committee of Atlanta suffragists. They were escorted to the Georgian Terrace hotel.

Practically the entire morning was spent in a quiet session with the Atlanta leaders for the purpose of providing ways and means of forwarding the cause of women's votes in Georgia.

Visitors were entertained at noon at a luncheon given by Mrs. Edward H. Inman at her home on Peachtree street and between 4 and 6 o'clock in the afternoon were tendered a reception at the Terrace under the direction of the Eighth Ward league.

SMITH TO PROTECT CONLEY FROM GRILL

Continued From Page One.

the bathroom and he attempted to prove that his discovery put the police on the trail of Frank and afterwards led to his arrest.

Must Give Absolute Proof. Barrett's claim to the reward will not be recognized by the city unless blood is proven beyond a doubt that the blood stains and hair on the shirt collar about Frank's conviction. In fact the blood stains adopted by council exhibit provided for the person who produces evidence which might lead to the arrest and conviction of the murderer of Mary Egan's death.

Detective Starnes of the police department of the press that he chipped the tip of the probe that introduced the evidence that Barrett introduced to the committee that Frank was suspected of the murder of Starnes were pointed out by the committee and the fact of the matter but he did not state the connection between the stains and threads of the shirt and the murder of the girl by Frank.

Barrett discovered the alleged spots of blood on the shirt collar of the murderer of the girl by Frank. Barrett reported his discovery to the police and Conley was arrested.

Why I Rank Was Suspected. While Detective Starnes was before the committee, Chairman Jesse M. Wood asked if the blood stains from the hair would show or prove without the aid of Conley and he replied that the committee was not in a position to say.

Refusal on the part of the committee to act on the matter of the blood stains was largely due to the fact that the committee was not in a position to say.

The committee has taken Barrett's application under consideration but will give no decision until the case leaves the courts.

PANAMA CANAL LOCK USED AS A DRY DOCK

Washington March 11—A novel use has been found for one of the big locks of the Panama canal at Colon which has temporarily been converted into a regular dry dock for the overhauling of the machinery of the canal.

As the lock chambers are arranged in pairs it is possible to use one of them to dry dock a vessel through the other.

Tent for Antarctic Expedition

HOW TENT IS COVERED WITH SNOW.

Lieutenant Shackleton's Antarctic expedition will have novel equipment on the daring venture into the south polar wastes. In addition to sleds operated by aeroplane propellers a newly designed tent will be utilized.

This tent is shown in the accompanying illustration is made so that it can be covered with snow and so turned into a snow hut or as it is termed an igloo.

MISSIONARIES SLAIN BY CHINESE BRIGANDS

The City of Lao Ho-Kow Sacked and Burned—Much Loot Secured.

Peking March 11—Brigands today sacked and burned the city of Lao Ho-Kow in the province of Shensi. Several missionaries and a number of Chinese were killed.

A force of 600 brigands obtained entrance to the city by means of treachery from within. They immediately used the torch and the sword. They burned the Asiatic Petroleum and the Singer buildings and looted the British and American Tobacco company's premises.

Afterward they proceeded to the arsenal where they secured 500 rifles, several hundred cartridges and a quantity of ammunition.

Lao Ho-Kow a river port on the Han Kiang is an important station in the province of Hu Pei.

Three missionary societies have representatives there. The Norwegian Lutheran China Mission association with headquarters in Norway and a staff of three men, two of them with their wives and three other women.

Another society the China Inland Mission the headquarters of which are in London, England has a staff in Lao Ho-Kow of one missionary and his wife.

The third society is the British Christian Mission in Many Lands. It has a staff in Lao Ho-Kow of two missionaries and their wives.

No Acid in Acid Phosphate.

Many farmers seem to think that the term acid phosphate means that the material contains acid and will make their land sour. Although sulphuric acid is used in making acid phosphate there is no sulphuric acid in the phosphate.

Acid phosphate is a mixture of sulphuric acid and other material in the ground rock and is no longer sulphuric acid. As a matter of fact there is no free acid in acid phosphate.

Applications of acid phosphate make the soil more fertile. It is not because the acid phosphate contains a free acid that it is called acid phosphate because the sulphuric acid is used in making sulphuric acid and not because it contains free acid. As a matter of fact the application of acid phosphate to land generally has little to do with making it sour.

Gets Cobwebs Out of Blood

If You Can't Think and the Skin Breaks Out in Boils or Abscesses You Need A Blood Bath

The fame of Georgia's native blood medicine S S S is known all over the civilized world. Throughout the Southern States it is considered a specific

for blood impurities gone to stay. For blood impurities lead to scrofula, and all those effects attributed to poisoned blood. Most anywhere you go there is some one to say what a wonderful influence S S S is to drive out completely and permanently cure any form of blood impurities.

No matter how badly they attack the system or how unightly becomes the skin in just remember there is one ingredient in S S S that so stimulates the cellular tissues throughout the body that each part selects its own essential nutriment from the blood.

This means that all decay all breaking down of the tissues is checked and repair work begins. S S S has such a specific influence on all local cells as to preserve their mutual welfare and afford a proper relative assistance to each other. For many years people relied upon mercury iodide or potash arsenic, phosphoric, cathartics and dopes as remedies for blood sickness but now the pure vegetable S S S is their safeguard.

It is not S S S in any drug store but in a tin upon having it. And if your blood condition is such that you would like to consult a specialist freely and confidentially address the Medical Department, The Swift Specific Company, G 16, Swift Bldg., Atlanta, Ga.

AS TO COTTON CONTRACTS.

It is reported that the present session of congress will make the stock, cotton and produce exchanges "be good" or get out of business. A multiplicity of bills have been introduced on the subject and strong pressure is being brought to bear on the committees having to do with these bills.

In this connection, it is significant that the United States court of appeals has just handed down a decision which gives to the principle of speculation involved in future contracts the sanction of law.

Courts, of course, deal with technical points of law and are not assumed to arbitrate the morals of the abstract ethics of the case. That very fact furnishes an additional argument why congress should so frame its pending legislation as to assure that all exchanges shall observe a "fair and honest contract system."

It may be said that a trader goes into the exchange with his eyes open, knowing just exactly in what manner the cards are stacked, and that the old and cynical adage of "caveat emptor" should apply. If the transactions of the New York cotton and other produce exchanges affected merely the gamblers not unwilling to "welch" on their contracts, that would be a different matter. But when it is considered that the unfair form of contract is only a lever for enabling the exchange to juggle prices a thousand miles away, then the matter becomes obviously one of national and congressional business.

No one objects to any exchange so long as it confines its operations to their legitimate sphere, which is conformance with the laws of supply and demand and bona fide "hedging."

Hedging is a legitimate part of the cotton trade. Deprive the mills and the legitimate dealers of the opportunity to hedge and their business really becomes a gamble. Put all the exchanges out of business, and you expose the farmer to the mercies of foreign exchanges dominated by foreign and unsympathetic interests.

But the producer, the consumer and the trader have long enough tolerated the "short change" game of certain exchanges. If there is any guile in the matter of reform, the next demand for relief may have dynamic behind it.

PIRATICAL PATENT LAWS.

The United States court of appeals of New York has just handed down a decision illustrating the cruel and absolute piracy of our antiquated patent laws. An inventor early in his career brought suit against a company that sought to infringe his patents. The company, with millions at its back and the ablest attorneys at its disposal, has delayed adjudication all these years.

Thirteen years ago the inventor died, a poor man. Today, the court upholds his claims, which mean millions to his heirs, if he has any.

The case is not an isolated one. Our patent laws are a crazy jumble of contradictions, full of loopholes for corporations able to command legal talent to find them, full of pitfalls for the litigant whose sole resource is generally the product of his brain.

This single incident shows that the old cynical adage, the "battle is to the strong," fails in the long run. Here the weak man won, though it took him years and impoverishment to win, and death overtook him before victory came his way.

thing is unfair and unethical. The average man's chief capital is his brain. He should be given a fair return on its product for at least a term of years. That was the original, or at least the ostensible, intent of the patent laws. But under constant congressional amendment and a maze of departmental rulings and contradictory court procedure, the poor man has lost out in the shuffle, and the rich man has, as is too often the case before the courts, been given the advantage.

Congress knows and long has known the facts. The fact that they stand unredressed is an act of omission in which no one need take particular pride.

A BILLION-DOLLAR LIFT.

The stupendous sum of one billion dollars is waiting to promote national prosperity.

That is the substance of an analysis of the financial needs of the railroads made by Richard H. Edmonds in a recent issue of The Manufacturers' Record.

Mr. Edmonds speaks with the force of authority when he says that, in round numbers, one billion dollars will be required to equip American railroads for the tasks of the present and the immediate future.

As an encouraging text for his analysis, Mr. Edmonds takes the ease with which the Southern railway recently disposed of \$10,000,000 worth of three-year 5 per cent notes for purposes of emergent improvement. The issue was handled by J. P. Morgan & Co., and was literally "gobbled up" by representative financial interests.

As Mr. Edmonds shows, it would have been practically impossible three or four months ago to have launched even this comparatively modest and gilt-edged loan. At that time, the world of business was uncertain as to how the banks would accept the currency law.

Vague distrust of the administration's trust and railroad program still whistled "down brakes" to an extent.

Today, these influences are lifting. It is true that the interstate commerce commission has yet to settle the critical request of the eastern railroads for authority to make a nominal increase in their tariffs.

But the feeling is general that the verdict will be favorable, since the railroads have shown a disposition to abandon the old piratical high financing so largely accounting for the former distrust of them.

Mr. Edmonds shows with particular significance that more than \$20,000,000 of the large loan funds needed will be immediately expended in the south. That is, of course, exclusive of other and even farther-reaching improvements the southern railroads cannot much longer postpone without endangering their standing as sheer business properties.

The decision by the interstate commerce commission will, of course, be the signal for the loosening of a billion dollars into every channel of activity in America.

What that will mean as a stimulus to universal prosperity is difficult to estimate. With other industrial and commercial portents of a healthy future, the year 1914 should be one of the most progressive in American history.

A BEDROCK ARGUMENT.

A bedrock argument for a bond issue that will enable Atlanta to "catch up," and a vivid demonstration of the manner in which our parsimonious financial policy penalizes efficiency, is carried in Councilman Knight's petition for two traffic officers on Forsyth street, between James' and Luckie.

Forsyth between these two streets is extremely congested. Undoubtedly, it needs traffic officers.

But—how is Chief Beavers to employ these men, how is he to employ two score or more additional men, needed for the department in its daily routine?

Chief Beavers' embarrassment in this respect is simply illustrative of Atlanta's financial cramp in every other direction.

To this condition are due inadequate health facilities, inadequate school facilities, inadequate street improvement funds, inadequate hospital facilities—all of them essentially permanent in their nature.

The core of the trouble is—
We are trying to make current income meet current needs and care also for permanent improvements. So long as we perpetrate that economic idiocy, Atlanta will burst at the seams, municipally speaking.

Until all Atlanta recognizes and applies the principle of using the city's idle credit to pay for permanent improvement, we shall be in danger of impairing the entire civic establishment.

A GREAT WOMAN.

One need not have agreed with all the arguments for woman's suffrage. Jane Addams, of Chicago, put forth in Atlanta last night to recognize in her one of the very great women of the country.

Her sociological relief and research work in connection with famous "Hull House" is well known. Her name everywhere is a synonym for gentleness and intelligence in dealing with women and girls and their intricate problems.

She is a symbol of what the woman of rare intelligence and intuition may be expected to do in public life, or service of a quasi-public nature. In that respect she has set an exalted standard.

She deserves the gratitude of every man and woman in America for what she has done for applied sociology. She is broad, feminine, tolerant in a degree approached by few of the women propagandists of our day.

Just from Georgia
Along the Life-Way.
I. Trouble may give no warning— Meets you in every place. But still tell the world good morning. With ever a smiling face. Best still it is, as we journey along. To leave out the sighing and give Life a song.

II. The birds in the branches singing Have sorrows of their own, But they thrill to God's or the rose-decked sod. Seldom a sorrowful tone: Take you the lesson Life's pathway along— Leave out the sighing and give Life a song!

III. The Muskiet Ridge Man. C. R. Vance, the Muskiet Ridge man, sends these sentiments to Dalton, Ga.: "I suppose that in the Promised Land there will be some who will kick because the milk is too yellow and the honey too sweet. Don't you reckon I'm right? "Try to enjoy what you have, and work like the devil for what you need. "A good laying hen now is worth about as much as a horse will be in five years. "The folk outside the penitentiary are those that have thus far kept their meanness from being found out. "Every man who goes to hell carries with him his own brimstone. "The sheriff is the guy that put the 'J' in jail. Don't mess with that chicken!"

IV. Song of the Early Birds. Twenty birds, they thought 'twas spring and 'twas in the air. Hunter got 'em, wing-and-wing—pass your plate for pie! (Never mind the trouble— Get there by five and on an earnest So it's over pie!)

V. Forcing seasons will not do—heed the warning words! Lesson in that pie for you, made of early birds! (World of tribulation. But trouble's passin' by: Twenty springtime birds are fine In a crusty pie!)

VI. Spring in the Air. This is Felix McKinsey's tribute to alleged spring weather: "Spring's in the air, 'Come in on the 'care' Spring's coming out! Look about! Look about! The tangle and feel of it, Jungle and reel of it, Beauty and promise and glow— When comes the peal of it. Softly and slow. Winter's just fooling with ice and with snow."

VII. The Philosophy of It. Tom Thompson has this philosophy in The Howard Courant: "Don't take too long or too much when 'for the good of the order' is reached. It is usually time to adjourn, anyway. "It is a very commendable thing to build a good foundation, and every man should have one. But some men appear to be contented with a good foundation and never go ahead and build anything on it. "If you were bitten by a rattler, do you know of a single neighbor who could accommodate you with the loan of some liquor? I don't—not one. To the best of my knowledge and belief, I live in a too-totally dry neighborhood. Fortunately, no rattlers have ever been seen there."

VIII. Joy in the World to Stay. The New Times are with us, believers, And Joy's in the world to stay; It's with us by night, In the lonely starlight, It walks with us every day! Dollars to dimes These are best of the times, And the heart, like a bell, beats with silvery chimes!

IX. Words From Brer Williams. Judgment Day only looks for a way ter de feller whar afraid ter face de muster. Some folks as ain't make it kin' dey was bo'n ter give de good Lawd instructions as ter how ter run the world!

THE INCOME TAX.

By GEORGE FITCH, Author of "At Good Old Slawah."

The income tax is an imposition over which very few of us are privileged to get angry. A man has to have an income of at least \$2,000 a year before he can get mad at the income tax. Even then, he cannot really complain except, of course, in order to show that he is in the lower-middle upper class. A man has to have almost \$10,000 a year before he can put up enough of a mournful moan to make the common citizen look up at him admiringly. He has to pay about \$60 dues in the Seads society each year and \$100

at present it appears that the American packers are operating independently and in competition with the English and Argentine concerns. They are also doing more business, as the other plants operate only about a third of the time, while the Americans are going at full capacity. The Americans pay more for beefs and have been selling their products for what they can get. This method may in the end force such a combination in Argentina as was brought about in this country. The American packers have been the supplier of Argentine beef to their customers in England. They operate a line of meat markets in that country, and with the facilities they have at hand, and the control they have in the United States, it is possible for them to force the English and Argentine packers into an agreement as to the production and sale of South American beef.

The Americans had an agreement with their rivals in the matter of apportionment of the beef market, but they did not agree in the matter of fixing prices for beefs and meat. As a result the price of cattle on the hoof has been greatly increased. Steers weighing 820 pounds, which formerly sold for about \$40 a head, are now selling at \$75 a head. The prices before the Americans went to Argentina ranged from \$25 to \$44 a head. The higher prices have made the Americans popular with the cattle-raisers, whose confidence in them is great. In spite of the apportionment agreement the Americans have the pick of the stock and a constant supply for their plants. As they undersell the dressed meat in the European markets, they are far from popular with the English and Argentine packers.

Cosmopolis. (From The Troy Record.) Those who have wondered whether New York is an American city will be interested in the census figures just published. They show that the total population there whose mother tongue is English or Celtic is less than one million, while Yiddish and German claim 850,000 each and Italian about half a million. It may be questioned whether even the Chinese, Japanese, Eskimos, Caucasians, Shanghai and Hong Kong can claim such a cosmopolitan citizenship.

At present it appears that the American packers are operating independently and in competition with the English and Argentine concerns. GEORGIA'S WATER POWER DEVELOPMENT
S. W. McALLIE, State Geologist.

Editor Constitution: The development of Georgia's water power in the past decade has been phenomenal. Prior to 1903, ten years ago, the only water power developed within the limits of the state, which could be considered at all in the class with recent developments, was that of the Augusta canal. For more than a quarter of a century this water power held the unique position of being the most extensive water power development in the southern states. The early completion of this canal, which was a municipal undertaking of no mean proportion for its time, at once placed the city of Augusta in a position to offer attractive inducements to manufacturers in the form of cheap power, a financial consideration which has been the basis of making Augusta one of our most important manufacturing centers, and has won for that city the appropriate title "The Lowell of the South."

Other early developments which may have been considered as promising rather large powers are those at Columbus; but these, like the Augusta canal power, are now so far overshadowed by the magnitude of some of our recent hydro-electrical developments that they have become of only minor importance. The following tabulated data collected by the writer since the first of January, during personal visits to the individual plants mentioned, gives the developed and ultimate development in horse-power of all of the main water power plants at present operating in Georgia.

Developed Water Power of Georgia.

Stations.	Present Development, h-p.	Ultimate Development, h-p.
Georgia Railway & Power Co., Tallulah Falls, Tallulah river, 35,000	102,000	
Mathis Storage Dam, Tallulah river, 10,000		10,000
Bull Shoals, Chattahoochee river, 17,500	17,500	
Dunwoody, Chattahoochee river, 3,400	3,400	
Total	105,900	122,900

Augusta Canal, Savannah River:

Augusta factory, 1,075	1,075
Eastman, 1,083	1,083
Shiley, 1,421	1,421
King, 2,516	2,516
Sutherland, 215	215
Clark Milling Co., 167	167
A. & A. Ry. E. plant, 1,402	1,402
City Pumps, 850	850
Other powers, 1,486	1,486
Total	11,458

Georgia-Carolina Power Co.: Stevens Creek Development, Savannah river, 8,125

Athens Railway & Electric Co., Station No. 1, Mitchell's Shoals, 1,025	1,025
Station No. 2, Tallapoosa, 1,025	1,025
Station No. 3, Barnett Bridge, 5,600	5,600
Total	7,925

Gainesville Railway & Power Co.: Chestnut river, near Dalton, 1,500

Central Georgia Power Co., Columbus river, forty miles above Macon, 22,000	33,500
No. 1—North Highlands, 8,770	8,770
No. 2—North Highlands, 1,990	1,990
No. 3—City Mills, 1,076	1,076
No. 5—Goat Rock, 9,500	40,000
Total	21,436

Eagle & Phoenix Mills: Chattahoochee river at Columbus, 5,900

Albany Power Mill Co., Mochafoone creek, near Albany, 2,600	2,600
Grand total	181,744

The estimated horse-power above given, it should be noted, is in capacity for the present development being in water-wheel capacity as now installed, and the ultimate development being the full water-wheel capacity of the plant when equipped according to the original plans. The total installed total present water-wheel capacity with the total ultimate water-wheel capacity it will be observed that the latter is more than one and one-half times that of the former. In other words, Georgia's water power plants are at present producing less than three-fifths the power for which they were constructed; or, to state it differently, these water power plants as now developed can be increased by the installation of additional units in the present plants more than one-half times. This additional installation, which in many cases will be comparatively inexpensive, will, no doubt, be made from time to time as the demand for power increases so that within the next decade, or possibly in a much shorter interval, all of the plants will be fully installed and be producing all the power for which they were originally designed.

Not All Included. The smaller developed water powers of the state have not been included in the above estimates on account of the great difficulty in securing reliable data. Had these powers been included the above total present developed water powers would be increased by possibly as much as ten thousand horse-power.

This would give the present water-wheel capacity of all the plants now operated 191,744 horse-power. Comparing these figures with unpublished data recently compiled by Mr. B. M. Hall, formerly a member of the hydrographic division of the United States Geological Survey, who estimates the total installed water powers of the state at 1,253,600 horse-power, we find that our present developed powers are only about 14 per cent of our total water power.

Americans Raise Price of Beef.

(From Review of Reviews.) At present it appears that the American packers are operating independently and in competition with the English and Argentine concerns. They are also doing more business, as the other plants operate only about a third of the time, while the Americans are going at full capacity. The Americans pay more for beefs and have been selling their products for what they can get. This method may in the end force such a combination in Argentina as was brought about in this country. The American packers have been the supplier of Argentine beef to their customers in England. They operate a line of meat markets in that country, and with the facilities they have at hand, and the control they have in the United States, it is possible for them to force the English and Argentine packers into an agreement as to the production and sale of South American beef.

The Americans had an agreement with their rivals in the matter of apportionment of the beef market, but they did not agree in the matter of fixing prices for beefs and meat. VERDICT OF GUILTY AGAINST MRS. STOE

Will Be Sentenced by Judge Newman Today—First Woman in South Convicted of White Slavery.

Mrs. Annie Stoe, on trial in the federal court for the past two days, for violating the Mann white slave act, was yesterday afternoon found guilty by the jury, and will be brought before Judge Newman this morning for sentence.

Immediately after the verdict had been read by Deputy Clerk Steward, Judge Newman directed Chief Deputy Marshal Brock to take charge of the prisoner, and within a half hour Mrs. Stoe was an inmate of the woman's ward in the Fulton county jail, within speaking distance of her husband, Sam Stoe, who was convicted of the same offense in January last.

Guilty on One Count. The jury for the white slave suit on only the fourth count of the indictment—the count charging her with taking Annie Bond to Birmingham in February, 1913, for immoral purposes, returned a verdict within twenty-five minutes after Judge Newman had completed his charge.

When the case was resumed yesterday morning the defense began its attack on the evidence in every detail the story told by Annie Bond and the hotel registers presented by the prosecution. The defense called the witness stand last, and in a statement covering forty minutes denied the charges against her, while admitting the two had traveled over the country together frequently.

Frank Hamilton opened for the defense, and spoke for an hour and a half, his address being interrupted by the defendant at 10 o'clock and resumed when court reconvened at 2:30. He was followed by L. H. Foster, who defended the woman who testified that she had traveled over the country with Mrs. Stoe.

Shake Only Twenty Minutes. District Attorney Alexander, for the government, said all he had to say within twenty minutes, and a final well-known peroration, heard the jury retired, after hearing Judge Newman's charge, which was covered within fifteen minutes.

Mrs. Stoe was calm when the jury came in, and, without showing the least nervousness, heard the reading of the verdict, her eyes fixed upon the clerk's face as he was reading the sentence.

Her conviction is the first of a white woman in the south under the Mann white slave act.

LAST NARROW GAUGE RAILROAD IN STATE CEASES TO EXIST

Monroe, Ga., March 11.—(Special.)—With the completion of the work of broadening the gauge of the Gainesville Midland railway to Monroeville, the last narrow gauge railroad in Georgia. For some years the gauge has been standard between Gainesville and Belmont, the junction point of the Athens branch, which was built broad gauge and the work of broadening the road from Belmont to Winder was finished several weeks ago. Since then energetic efforts have been made to complete the link between Winder and Monroe, and it is expected that trains will be running over broad gauge track from the Winder to Gainesville by some time next week.

The improvement of this road and the completion of the Greene County railroad to this point mean a new interest among the people. The Greene County road will be running trains to Monroe from Opelika by the early spring. A movement is on foot to have the line railroad entering here combine in the erection of a modern union depot.

MRS. W. A. MOORE LYING AT THE POINT OF DEATH

Mother of Wilmer L. Moore Nearing End of Long and Useful Life.

Mrs. W. A. Moore, one of Atlanta's oldest and best known citizens, is lying at the point of death at her home, 550 Peachtree street. Her bedside is surrounded by her loving children and physicians.

Mrs. Moore is 82 years of age on February 4. She is the mother of one of Atlanta's most public-spirited citizens—Wilmer L. Moore, former president of the chamber of commerce. Besides her son, there are two daughters, Mrs. H. L. McKee, of Atlanta, and Mrs. Seaborn Wright, of Rome, Ga., and, also, Mrs. John M. Moore, a daughter-in-law, of Atlanta.

Originally, Mrs. Moore is from Lincoln county, North Carolina, but her father, Dr. A. L. Barry, a physician, moved to Lafayette, Ga., when she was but a mere girl, and she was raised there. It was in Lafayette that she met her husband, and they were married, and in 1874, shortly after the close of the war, they moved to Atlanta.

Throughout her long and useful career Mrs. Moore has been a member of the First Presbyterian church, and her husband, Mr. W. A. Moore, was one of the leading workers for the Nacoochee Valley School for Mountain Boys and Girls, which is situated in the mountains of northeast Georgia.

CAROLINA RAIL RATES WILL BE INVESTIGATED

Columbia, S. C., March 11.—First steps for a sweeping investigation into railroad rates in the South were taken today when the state railroad commission ordered a conference of the railroads operating in South Carolina.

The complaint alleges unfair and unjust discrimination in favor of North Carolina, and against the shipping and people of this state. The complaint was filed by B. P. McLeod, of Charleston, chairman of the freight adjustment steering committee.

M. L. BRITAIN GIVES VIEW ON ELECTIONS

M. L. Britain, state superintendent of schools, has issued the following statement in regard to the election of county school superintendents:

In response to a number of inquiries, I have stated that in my opinion the county superintendents are not required to offer for election this year, but in the summer of 1916, since the terms are made uniform and expire January 1, 1917. That there might be no question about this matter, I have asked Attorney General Fisher about this, and his reply received today confirms this view.

NEW STUTTERING CURE FOUND BY PARIS DOCTOR

Paris, March 11.—A new method of curing stuttering by means of the electrograph was described today by a member of the Academy of Science. Dr. Marage, who devised it, has found that stuttering can be cured by directing the mouth of words is shown to them on the film. He takes a moving picture of the stutterer and a normal person sitting side by side, and pronouncing the same sentence. The film serves as a model for a course of practice which leads to a cure.

KILLS SELF IN SCHOOL PLAYING WITH PISTOL

Baxley, Ga., March 11.—(Special.)—Pomeroy Tomberlin, 13 years old, while stopping underneath his desk in the school room near Surrency, this county, yesterday to examine a revolver, which had been smuggled in by a playmate, accidentally shot and killed himself. He was the son of a farmer near Surrency.

PROGRESSIVE AMERICANS ENTERTAIN AT LUNCHEON

A delightful luncheon and dance was given by the Progressive American club to their friends at the Alliance hall on Tuesday evening in honor of the school room near Surrency. The club president, J. S. Brail, vice president, and Louis Broadstreet, secretary.

MERCHANTS WILL SEEK FORT TRADE

Chamber Committee on Wholesale Trade Will Consider Atlanta Complaints on Tuesday.

Following The Constitution's fight against the alleged discrimination being made against Atlanta merchants in the matter of bidding upon contracts for the supplies of the commissary department of Fort McPherson, the Atlanta Chamber of Commerce, on Wednesday called a meeting of its chamber committee on wholesale trade to meet in the chamber quarters next Tuesday afternoon at 3:30 o'clock, for the purpose of considering the complaints and the evidence of the Atlanta merchants.

A number of Atlanta merchants at that time appear before the committee or send in the evidence upon which their complaints are based in order to urge to contain the chamber's committee with the exact facts in the case.

President Wilkinson and other members of the committee and the chamber of commerce will then take up the matter of these complaints and an adjustment with Major George W. Martin, commandant at the fort, who has been ordered by Secretary of War Garrison to make a thorough investigation.

Through the appeals of Congressman William Schley Howard, at Washington, the war department has been thoroughly aroused over the charges of the Atlanta merchants, and Secretary Garrison is determined to get at the bottom of these complaints.

On the other hand the Atlanta merchants are altogether confident of making out their case and declare that they can readily produce the evidence to prove that they are being discriminated against.

The chamber of commerce committee on wholesale trade, which will take up the fight of the merchants, is as follows: Lynn Fort, chairman; W. H. C. Rose, R. K. Rambo, J. L. Duncan, I. Leeman, W. J. Lowenstein, T. A. Burke, H. L. Singer, W. H. Kneer, H. B. West, W. J. Dabney, S. C. Dinkins, W. B. Carlton, W. B. Mansfield, Meyer Regenstatin.

OAKLEY TAKES STAND IN HIS OWN DEFENSE

Montgomery, Ala., March 11.—After consuming practically the entire day in his own defense, Oakley today proved a conspiracy between James G. Oakley, former head of the state convict department, and Theo. Lacy, his chief clerk, the state rested its case on this afternoon. The trial of Oakley, who is charged with embezzling \$42,207 of state money. The apparent effort of the state has been to establish this alleged conspiracy or to show that Oakley had guilty knowledge of Lacy's embezzlements.

The first witness called by the defense was Oakley, the defendant. He was on the stand but a short time when court adjourned. Oakley's testimony tended to show that he had given Lacy, his chief clerk, considerable sums of money to keep for him, this money to be returned to Oakley when he thought he was getting back his own money when he was returning the funds from Lacy. The state objected to this line of testimony, and Judge Brown adjourned pending his decision on the objection, as to whether he will permit it to be admitted as of record.

POOLE LEAVES MACON FOR WINECOFF HOTEL

Macon, Ga., March 11.—(Special.)—Atlantians will be interested in the announcement that W. C. Poole, for six years chief clerk of the Brown House in Macon, will take a similar position with the new Winecoff hotel in Atlanta. Mr. Poole is one of the most popular hotel men in the south and will be a valuable asset to Atlanta's newest hostelry.

BURGLARS SHOOT TWO AND MAKE ESCAPE

Montreal, March 11.—Four burglars running to escape after robbing a St. Laurent shop early today killed Constable Bourdon and shot and wounded another officer who probably was fatally wounded.

Kaiser and King to Meet.

It is a member of the board of emperor passes through Venice on the way to his villa on the island of Corfu. It is a member of the board of emperor passes through Venice on the way to his villa on the island of Corfu.

MAN WHO DEFAMED VIRTUOUS GIRL GETS SENTENCE OF 1 YEAR

Athens, Ga., March 11.—(Special.)—Luther Perry, of Fulton county, was today convicted in Grinnett superior court before Judge Brand of misdemeanor for uttering a defamation against a virtuous female.

SERVICE IS STARTED BY G., C. & P. RAILROAD

Brunswick, Ga., March 11.—(Special.)—Though the first passenger train was operated on the Georgia Coast and Piedmont railroad a week ago in the shape of a booster special by the Brunswick board of trade, the first passenger train opening up service on the road left Brunswick this morning at 6:30 o'clock for Collins, while the first through train from that city arrived in Brunswick this afternoon at 1:22 o'clock. This was the inauguration of passenger service over the new road.

The opening of this road Brunswick is giving its fourth direct connection to and from Savannah, as a close order through special by the Brunswick board of trade, the first passenger train opening up service on the road left Brunswick this morning at 6:30 o'clock for Collins, while the first through train from that city arrived in Brunswick this afternoon at 1:22 o'clock.

SOULE MADE DIRECTOR BY ALFALFA GROWERS

Athens, Ga., March 11.—(Special.)—President Andrew M. Soule, president of the National Alfalfa Growers' association, which has headquarters at Winston-Salem, N. C., was elected director of the organization in the south.

GOVERNMENT TO STUDY DISEASES OF THE PECAN

Thomasville, Ga., March 11.—(Special.)—S. C. McMurry, of the United States department of agriculture, will be in Thomasville this afternoon for the purpose of studying diseases of the pecan trees in this section of the country.

Mr. McMurry will make his headquarters in Thomasville, but will visit the pecan orchards all through this part of south Georgia and make a thorough examination into and study the diseases that may affect the growth or healthfulness of the trees.

MAYOR NOW CHAIRMAN OF THE POLICE BOARD

Politicians Believe That Deadlock Will Continue for a Long Time.

It is within the power of Mayor James C. Woodward to call a special meeting of the police board to go into the election, if possible, of a chairman to succeed Carlos H. Mason, resigned. Mayor Woodward is now chairman of the board and also its secretary, and although politicians agree that he can call a meeting whenever he so desires, it is not likely that he will take any action until requested to do so by petition of at least seven members.

Mayor Woodward is likely to remain chairman of the board for many months to come. Tuesday night the board was deadlocked over the question of selection of a chairman between Commissioners W. P. Fain, of the second ward, and Robert T. Pace, of the seventh ward. Commissioner Fain received six votes, which is regarded as his high-water mark. Even his most ardent supporters do not believe that he will be able to muster the necessary seven which the rules of the police board decree is the number to decide a ballot.

Friends of Commissioner W. A. Vernoy, the third ward member, who went to work with renewed vigor Wednesday morning in an effort to get the Face vote. With his own vote and the votes of Commissioners Garrison, Johnson, Clarke, Mayor Woodward, Councilman Colcord and Commissioner Pace, Vernoy would have the necessary seven to elect. It is believed that Commissioner Vernoy can be induced to quit the race in the event the supporters of Commissioner Pace put some other candidate in the field. The only objection to Commissioner Pace, according to those who are opposing him, is his inexperience as a member of the board.

Wednesday morning Commissioners Clarke and Johnson were being discussed as possible dark horses in the race.

These three candidates—Pace, Fain and Vernoy—declare that they will remain in the race to the end.

It is an agreed fact that a chairman cannot be selected as long as Commissioners of Commissioner Pace put some other candidate in the field. The only objection to Commissioner Pace, according to those who are opposing him, is his inexperience as a member of the board.

THOUSANDS ROBBED BY THE EXCHANGES

Washington, March 11.—Hundreds of thousands of persons are being lured into the New York stock exchange and other commercial centers to be robbed, the Common Council club was told today by Senator Owen, of Oklahoma. The senator spoke on his bill to regulate stock markets, explaining that he proposed to have the stock exchanges regulated at meeting houses, where those who have something to sell and buy may meet by mutual consent and transact their business.

FATHER OF FREE LUNCH PASSES IN CHICAGO

Chicago, March 11.—Joseph C. (Cheslerfield) Mackin, considered a powerful force in Illinois democratic politics, died today at the age of 73. He was a native of Chicago and had been in the state penitentiary for four months and was acquitted insane last week. He was 73 years old.

ONLY \$10,000 NEEDED FOR WESLEY FUND

Only \$10,000 more is needed to complete the fund for the Wesley Memorial hospital (on address) of \$2,124.15 was announced. As Oakley has been paid \$10,000, the \$75,000 offered by Mrs. G. G. Gaudin will be available.

Band Organized in Cordele.

Cordele, Ga., March 11.—(Special.)—The "Hub City Concert Band" is the name of a musical organization created by the Hub City Concert Band, which was made up of Cordele musicians. Professor A. H. Tubbs was made director of the organization, and J. H. Lawrence, president; F. A. Lawrence, vice president, and Ferrel Frasuer, secretary and treasurer.

Whitfield Man Killed.

Dalton, Ga., March 11.—(Special.)—Charley Lane, an employee of Baker's sawmill near Dawsonville, this county, was killed at the mill yesterday afternoon when he fell on the cut-off saw. He was the 29-year-old son of Frank Lane, a prominent farmer of the Norton settlement. The funeral service was conducted at Dawsonville today.

CHARGED WITH BREAKING GEORGIA'S FISH LAWS

Brunswick, Ga., March 11.—(Special.)—Charged with violating the Georgia fish laws by running a set net from Saturday sunrise to Monday sunset, three shad fishermen on the Altamaha river have been arrested. Warrants have been issued in Glynn county for Lonnie Knight, while William Odum and A. Coleman will be prosecuted in McIntosh county, they having been caught violating the law in that county.

Under the fish law of Georgia, drit nets must come up from Tuesday's sunrise to Monday sunrise, and set nets from Saturday sunrise to Monday sunrise. Recently information came to this city that shad fishermen were violating the law along the Altamaha river and a special deputy was appointed to patrol this city. Shad fishermen caught the three men named above all fishing with a set net, and returning to Brunswick yesterday he reported the case to the local county warden and prosecutions will follow at once.

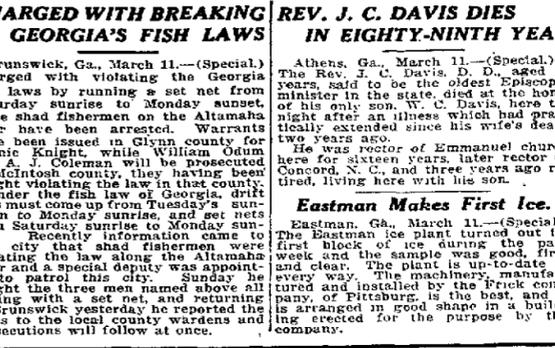

REV. J. C. DAVIS DIES IN EIGHTY-NINTH YEAR

Athens, Ga., March 11.—(Special.)—The Rev. J. C. Davis, D. D., aged 88 years, said to be the oldest Episcopal minister in the state, died at the home of his only son, W. C. Davis, here tonight after an illness which had practically extended since his wife's death two years ago.

He was rector of Emmanuel church here for sixteen years, later rector at Concord, N. C., and three years ago retired, living here with his son.

Eastman Makes First Ice.

Eastman, Ga., March 11.—(Special.)—The Eastman ice plant turned out its first block of ice during the past week and the sample was good, firm and clear. The plant is up-to-date in every way. The machinery, manufactured and installed by the Frick company, of Pittsburgh, is the best and is arranged in good shape in a building erected for the purpose by the company.

“Have it again today, please!” And she will very likely say the same thing tomorrow. That shows the tempting quality of Campbell's Tomato Soup. It just suits the natural unspoiled appetite of the healthy child; suits it again and again, day after day. You couldn't find a much harder test than that. And it is just as wholesome as it is tempting—good for the whole family. Buy it by the dozen; and give it to them whenever they want it. You won't serve it too often. Have it today. Your money back if not satisfied. 21 kinds 10c a can.

Advertisement for Campbell's Soups, featuring a can of soup and the text: "Campbell's Soups. Look for the red and white label."

It is a member of the board of emperor passes through Venice on the way to his villa on the island of Corfu.

CARRANZA PROMISES TO PROTECT FOREIGNERS

Rebel Leader Gives Satisfactory Reply to Note From Secretary Bryan.

Agua, Prieta, Mexico, March 11.—A clear and probably satisfactory understanding between the state department and General Venustiano Carranza, supreme chief of the Mexican constitutionalists, was freshened here today, in the belief of prominent constitutionalist advisers, after the consideration of representations by Secretary Bryan which were made through Frederic Simplic, American consul at Nogales.

The communication from the American secretary of state was contained in a long letter mailed to Consul Simplic at Nogales shortly after the receipt of Carranza's note in which he declined to furnish the Washington government information regarding the death of William S. Foster, on the ground that requests should have come through the diplomatic channels of the English government.

The note from Washington today and Carranza's answer thereto, it was said, were considered as indicating much encouragement to what had been deemed the most critical situation during the present revolution.

The note from Washington today and Carranza's answer thereto, it was said, were considered as indicating much encouragement to what had been deemed the most critical situation during the present revolution.

The note from Washington today and Carranza's answer thereto, it was said, were considered as indicating much encouragement to what had been deemed the most critical situation during the present revolution.

MORE TROOPS SENT TO MEXICAN BORDER

Continued From Page One.

That he was sending photographs of the body of Carranza by mail and beyond that, messenger there was no word from the border today.

Officials of the Seventeenth stated to a "constitution" reporter last night at Port Mifflin that they had not received official communication from Carranza. They had prepared, however, to contain within a few hours after orders had been received to proceed to the border.

DIAZ IN WASHINGTON TO ASK FOR HEARING

Washington, March 11.—The appearance of General Felix Diaz and

is being used to help support the rebel army. The commission is expected to avoid such mistakes as were made when the 3,000-acre ranch of General W. E. Snyman, a British subject, was seized, and he has been based on the investigation. It now is intended that the investigation shall be made first.

SCOTT BARS LAWYERS FROM REFUGEE CAMP

Fort Bliss, Texas, March 11.—Lawyers were barred today from the release through habeas corpus of the five thousand Mexican prisoners held here in the Milledgeville prison camp today by General Scott.

The lawyers requested permission to obtain individual signatures necessary before going into court, but General Scott declined to grant it.

Through a "tip" given the police department by Miss Cochran, a pretty girl of about eighteen, who lives at 143 Forsyth street, Will Knight, alias Billie Phillips, has been put under arrest in Wilmington, Del., charged with having had a hand in the \$25,000 grocery store robbery in Milledgeville on February 15.

BOSS MURPHY BARRED BY DEMOCRATIC CLUB

Several Friends of Tammany Boss Also Expelled—Murphy Will Not Fight.

New York, March 11.—Charles F. Murphy, the Tammany leader, said this afternoon he would make no effort to fight his way back into the National Democratic club from which he was expelled last night. He intimated, moreover, that Tammany Hall was all the democratic club he felt any need of.

Mr. Murphy was put out of the club on the ground that he had not pay his dues. "I have been a member for the past sixteen years," he said today, "and this year is the first one that I was not sent a notice that my dues were payable. As this is a year of economy and efficiency I will take that \$50 a year and, in time, buy a couple of acres of ground at my country home."

UNJUST CONFISCATION OPPOSED BY CARRANZA

El Paso, Texas, March 11.—General Carranza's efforts to prevent unjust confiscation of property in Mexican rebel territory, particularly that of foreigners, will take the form of a commission to review evidence on which seizures already have been made, and to investigate before future seizures are made.

ECLIPSE INVISIBLE BECAUSE OF WEATHER

Atlantans who had prepared to view the moon's eclipse, were disappointed last night, as the eclipse was invisible here due to the cloudy weather.

BLIZZARD IS RAGING IN NORTH CAROLINA

Greensboro, N. C., March 11.—Following a sharp drop in temperature this evening, hail began falling, which later changed to snow, and at midnight a blizzard was raging with the ground covered to a depth of an inch and snow still falling.

Join the Cavalry Farmers.

(From The Progressive Farmer.)—Everywhere the hustling, riding, up-to-date cavalry farmers (like the one shown in our Progressive Farmer on page 1 every week) are fast gaining on the infantry farmers.

TERRY NELSON DOWNS McMAHON IN FOURTH

With a right clip to the ear, Terry Nelson, Atlanta's fighting cock, won in the fourth round over the champion of Chicago, at the Columbia theater, last night. The fight was fast while it lasted and, at the end of the last long the fans were excited every minute of the evening.

GEORGE IS EXONERATED BY REPUBLIC DIRECTORS

New York, March 11.—William R. George, former of the Georgia Junior Republic, was exonerated today by the board of directors of the National Association of Junior Republics of charges brought against him recently in connection with his treatment of certain young women members of the Free Georgia and adjoining states.

GIRL'S TIP JAILS ALLEGED BURGLAR

Through a "tip" given the police department by Miss Cochran, a pretty girl of about eighteen, who lives at 143 Forsyth street, Will Knight, alias Billie Phillips, has been put under arrest in Wilmington, Del., charged with having had a hand in the \$25,000 grocery store robbery in Milledgeville on February 15.

FEDERAL GRADES ASKED FOR COTTON AND GRAIN

Washington, March 11.—Identical bills to authorize the secretary of agriculture to investigate the handling, grading and transportation of cotton and grain and to establish standards of quality and condition of each grade were introduced today by Representative Lever of South Carolina. They would prohibit interstate shipment of grain or cotton unless its sale grade is fixed by the secretary of agriculture and conforms to standards he prescribes, but variations from official standards may be permitted under his rules.

GOVERNORS ARE WANTED AT DRAINAGE CONGRESS

Savannah, Ga., March 11.—Invitations to attend the national drainage congress in Savannah, April 23-25, will be sent out to the governors of all states, the majority of the county commissioners in Georgia and adjoining states.

HILL IS CONSIDERED FOR RESERVE BOARD

Washington, March 11.—Walker Hill, president of the Mechanics-American National bank of St. Louis, is being considered for a place on the federal reserve board, which will administer the new currency system. He is acquainted with many of the large cities of the middle west.

CHORAL SOCIETY MEETS WITH MR. WOLFFMUNGEN

De Cortez Wolffmungen, famous singer and promoter of grand opera, is in Atlanta as director of study in operatic music and choruses arranged for women's voices at the large club assisting the Atlanta Choral society of thirty-five members in a study of French lullabies. This society met Wednesday afternoon with Mr. Wolffmungen at the Ansley hotel.

JACK LETTON TO SPEAK TO THE AD MEN TODAY

The Ad Men's association will hold a luncheon today at 12 o'clock at the Ansley hotel. Jack Letton, manager of the Ansley hotel, will make an address on "The Inside of Hotel Life." Mr. Letton has been in Atlanta less than a year, but he reads the Atlanta Journal and is president of the board of directors of the Atlanta Convention bureau, vice president of Atlanta Hotel Men's association and vice president for Georgia of the Hotel Men's Mutual Benefit Association of the United States.

Forget Your Stomach. Anyone in perfect health never "feels" at the stomach. It's forgotten like any other part of a perfect running machine. No jar, no shock, no sensations at all; just easy, pleasant, restful work—duty well done. The Way lies in the proper selection of food and drink, getting down to Nature's principles—plenty of fresh air, good water, and particularly plenty of good food that will easily digest, and nourish and rebuild—not clog up. Understanding how the body works upon food and what elements it requires to rebuild itself, this knowledge was used to produce the perfect food—Grape-Nuts. It contains the natural Phosphate of Potash which the life forces especially require for rebuilding bone, muscle, brain and nerves. Then again, in Grape-Nuts a part of the starch of the wheat and barley has been changed into sugar by the baking at the factory. That is exactly the condition which starchy food—bread, oatmeal, potatoes, etc., assumes in the act of natural digestion. So we find Grape-Nuts has passed through this process outside the body, and is therefore partially predigested—a tremendous help for those who are a bit weak in digestive power. And so The Old Joy of health, with its glow, vigor and energy, will come back. The years are forgotten, and so is the stomach, but you'll know "There's a Reason" for Grape-Nuts.—sold by Grocers, everywhere.

TERRY NELSON DOWNS McMAHON IN FOURTH. With a right clip to the ear, Terry Nelson, Atlanta's fighting cock, won in the fourth round over the champion of Chicago, at the Columbia theater, last night. The fight was fast while it lasted and, at the end of the last long the fans were excited every minute of the evening. The preliminary between two raw newsboys proved interesting. ECLIPSE INVISIBLE BECAUSE OF WEATHER. Atlantans who had prepared to view the moon's eclipse, were disappointed last night, as the eclipse was invisible here due to the cloudy weather. The moon passed in the earth's shadow, and at 10:15 o'clock last night about nine-tenths of its face was obscured by its shadow. This eclipse will last until 11:44 o'clock this morning, when the moon will pass entirely out of the shadow of the earth. BLIZZARD IS RAGING IN NORTH CAROLINA. Greensboro, N. C., March 11.—Following a sharp drop in temperature this evening, hail began falling, which later changed to snow, and at midnight a blizzard was raging with the ground covered to a depth of an inch and snow still falling. Join the Cavalry Farmers. (From The Progressive Farmer.)—Everywhere the hustling, riding, up-to-date cavalry farmers (like the one shown in our Progressive Farmer on page 1 every week) are fast gaining on the infantry farmers. North Carolina, farmer, puts the whole matter in a nutshell when he says in his letter for The Independent Special: "I don't mind working in the sun when there is no need of it, but when I can sit in the shade and ride on a good seat, and drive a yoke of mules, and get the most out of it, I had rather do it than to get down and follow one mule and a plow that is tearing up all the feed roots and damaging my crop." If you are not in a position to join the cavalry farmers this year, work out a plan so that you can do it next year. Moreover, it is well to keep the mules in the winter. Dr. James H. Carlisle, of Wofford college, which T. B. Shackleton quotes in his letter, says: "We can do better together than we can do individually. And by joining together, with brother farmers in the use of teams, tools and machinery, you can become a cavalry farmer, and do it quicker than you could ever do working alone." There is no better field for co-operation than in the purchase and use of improved tools and machinery. Talk the subject over with your neighbors, and see what you can do about it.

Sealed! WRIGLEYS' SPEARMINT is now electrically sealed with a "SEAL OF PURITY" so absolute that it is damp-proof, dust proof, impurity-proof—even air-proof! Give regular aid to teeth, breath, appetite and digestion. It's the safe besides delicious and beneficial confection! BUY IT BY THE BOX for 85 cents—at most dealers. MARIST LEADING WHEN RAIN CAME

Prep School Title Play-Off Postponed Until Today. Score, First Half, Was 19 to 13.

With the score standing 19 to 13 with Marist in the lead, rain broke up the boys' high-marist game at the end of the first half. This was the first of the series of games to decide the winner of the pennant in the college league, and will in all probability be played at Tech. The winning and losing teams are Marist College, the Atlanta Athletic Club or at the Crystal Palace at Tech. The game was postponed because of the state championship, according to a telegram received last night from the central office.

CHICAGO MEN SEEKING CONTROL OF THE CUBS

Agent of the Spiegel Syndicate Holds Conference With Charles P. Taft.

Cincinnati, Ohio, March 11.—Frank D. Mayer, of Chicago, representing the Spiegel syndicate, held a lengthy conference here today with Charles P. Taft, and at the close of the second day of the conference, it was reported that Chicago men would purchase control of the Chicago National League club. Mr. Mayer said that Mr. Taft would go to Chicago on Friday and that the question of the disposal of the club probably would be settled at that time.

Chicago, March 11.—"The Chicago National League baseball club will not be sold this year, in my belief," said John F. Thompson tonight after receiving the results of a lengthy conference here today with Charles P. Taft. Mr. Taft would not set a price for the club since he would not be interested in the club, said Mr. Thompson, "and as far as my agent could determine he has not seen a majority of the stock, and therefore had not sold it back to Mr. Taft."

PITCHER RAY COLLINS SIGNS WITH RED SOX

Hot Springs, Ark., March 11.—After holding a conference with pitcher Ray Collins, President Lammie, of the Boston American league club, late today announced that Collins had signed a contract to play with his team during the 1914 and 1915 seasons. While the terms were not made public, Lammie stated that the Red Sox had paid him "a high price" for his left-handed pitcher.

Gordon Baseball

Barnesville, Ga., March 11.—(Special.)—The officially corrected baseball schedule of the Gordon institute as announced by the institute as follows: March 21—Gordon v. Mercer, at Macon. March 24—Gordon v. Macon (S. A. L.) at Barnesville. March 27—Gordon v. Mercer, at Barnesville. April 1—Gordon v. S. W. P. U., at Barnesville. April 10, 11—Gordon v. Cordale at Cordale. April 13, 14—Gordon v. Georgia Military college, at Columbus. April 20, 21—Gordon v. Wake Forest, at Barnesville. April 27, 28—Gordon v. Riverside, at Gainesville. May 1, 2—Gordon v. Riverside, at Barnesville. May 8—Gordon v. Dahleroga, at Barnesville. May 15—Gordon v. LaGrange (probable) at LaGrange. May 17—Gordon v. Georgia Military college, at Milledgeville.

HARD-HITTING OUTFIELDER

"STEAMER" FLANAGAN. The big outfielder from the Decatur club of the Three I league, who is trying for a berth on the 1914 Cracker. With Decatur last season, Flanagan hit the batsmen of that league with a grand average of .352 for the season. He made 180 hits during the season, seven of them being two-baggers, sixteen three-baggers and four home runs. He fielded 367 and swiped 24 bases. He will be seen by this photo, which was snapped by The Constitution's staff photographer during practice this week. Flanagan is a very rangy fellow. He appears to be a good fielder, has a good arm and at the plate stands up well and takes a good

Photo by Francis E. Price.

healthy wallop at the ball. He swings straightaway and meets the ball squarely. Flanagan is likable and though he has very little to say, he plays the game for all there is in it and gives his best efforts at all times. Wallie Smith, Milton Reed, Red Smith and other local players who have seen Flanagan play say that the Cracker has picked up a real ball player in him.

STUBBS CAPTAINS MERCER QUINTET

Macon, Ga., March 11.—(Special.)—At a meeting of the basketball team, J. E. Stubbs, of Macon, was elected to head the Orange and Black for next season. Stubbs has played forward on the Mercer team for two years and should make an excellent leader. The following men were awarded to the following men: Westmoreland (captain), Stubbs, Grace, Cochran, Sams, Clements and Forrester.

Hank Eible Has Reported; Three Pitchers Due Today; Regulars Beat Peppertites

By Dick Jemison. Hank Eible, slated to hold down the first cushion vice Joe Agler, sold to the Chicago National League club, was reported to have been seen at the Mercer team on Wednesday's arrival in the Cracker training camp, bringing the training session to a close. Eible arrived with the rain Wednesday afternoon, blowing in on the Seaside special shortly before dark. He will don the war paint this morning and will play first base in the game between the Regulars and the Peppertites this afternoon.

Regulars Win. In the first game of the practice season Captain Peppertite's Regulars defeated Captain Nixon's Peppertites by the score of 1 to 0 in a six-inning game. Doscher and Browning twirled for the regulars, the former working four innings and the latter two. Perryman and Lawrence worked for the Peppertites, the former three innings and the latter two, as the Regulars having last time at bat did not take it when they were ahead at the end of the Peppertites' half of the sixth. Rain also prevented some new pitching.

Line-up and Summary. The following was the batting order used by the two teams. This line-up will be used today with two changes. Inman, who has been out of the team, and Eible for the Regulars. The pitcher will probably be different: REGULARS. Mercer, p. Schwind, ss. Kirschner, cf. Welton, c. Lynch, 2b. Flanagan, rf. Walsh, 3b. Manush, 1b. Browning, lf. Munch, c. Perryman, p. Doscher, p. Price, rf.

Young Meets Eggers Tonight At Georgia Athletic Club

Kid Young, Atlanta's hard-hitting featherweight, will battle Knockout Eggers, of New York, tonight at the new Georgia Athletic club on James street, the home of the old Gate City Athletic club. Eggers come here fresh from a ten-round draw with Kid Herman, New Orleans, last 120-pounder, the bout being staged in the Pelican City last Monday night. Young realizes that a victory over Eggers will put him in line to meet with the best boys in the country, and if he lands a knockout, as he is confident of doing, he can start east where he can get bookings before the big clubs of Philadelphia, New York and Boston. The husky little newsboy has trained faithfully for this scrap. He is already down to the goal weight of 124 pounds, and according to Jimmy Grant and Terry Nelson, who have been working with him, the Kid is hitting harder than ever and boxing much better. Eggers has fought nearly all the best bantams and featherweights in the country. He held Frankie Burns to a draw right after Burns had decisively outpointed Johnny Coulton in one of the most sensational ten-round battles ever held in New York city. According to his record he has never had a decision rendered against him. "K. O.'s" are plastered all through his long record. The main bout tonight should be a corker, so should the other two main

Score by Innings: R. H. E. Peppertites 0 0 0 0 0 1 Regulars 10 0 0 0 0 0

Game Saturday. There will be six-inning game again this afternoon and one on Friday. To these games, no admission will be charged. But Saturday, Manager Smith will have his team play at the team of the Baptist Tabernacle over the nine-inning route. The regulars will be charged for this contest, which will start at 3 o'clock.

Pittsburg Roster. Pittsburg, March 11.—William, Macon, pitcher; George Leclair, pitcher; Howard Camnitz, Philadelphia National and Pirates; Cy Berger, Newark, pitcher; George Leclair, Montreal; Eddie Hooper, Tri-State league; Eddie Lennox, Montreal; Charles McDonald, Boston National part of last season.

Chapman's Leg Broken Sliding at Athens. Athens, Ga., March 11.—R. Chapman, shortstop of the Cleveland American league team, training here, sustained a broken leg this afternoon while sliding to a base. An X-ray examination has been made to determine how seriously the fracture is. One bone of the right leg was broken above the ankle.

Mrs. John Z. Hoke, Jr.

The funeral of Mrs. John Z. Hoke, Jr., of the Hotel Ansley, will be held this morning at 11 o'clock from the funeral home of the late Mrs. Hoke, 100 West View cemetery. Mrs. Hoke was held in New York city.

Tennis at Pinehurst.

Pinehurst, N. C., March 11.—Lawrence Cowing, of Cincinnati, will play R. A. Burns, of Toronto, tomorrow for the men's singles championship of the Pinehurst tennis tournament. The event advanced to the final stage today. Four teams still remain in the contest for the mixed doubles tennis championship.

FEDS TO ORGANIZE MINOR LEAGUES

For Farming Players Not Used—Plan Raid of Majors—After Ty Cobb and Other Stars.

New York, March 11.—Confirmation of reports that the Federal league officials were working on a scheme to organize two minor leagues, one provided for players cast off by the parent organization was made here yesterday by John M. Ward, business manager of the Brooklyn Federal league club. The establishment of recruiting farms is President Gaffney's latest plan in his fight against organized baseball. Mr. Ward said he approved of the plan, but he said, "I will keep in touch with training quarters of National and American League clubs and will see that the players who are dropped at the close of the training season, the best of them, are sent to the minor leagues, while the others will be apportioned to teams in the two minor league circuits."

Eleven Want Berths. Chicago, March 11.—Eleven big league players have telegraphed President Gaffney asking for a chance to join the Federal league, according to a dispatch from Chicago. The players are: Fred Gilmore, of the Boston Americans, and players on the Chicago Federal team are quoted as saying they would accept of the Federal league if it was understood the Federal league would accede to Wagner's demands and give nothing to 500 farm lollers reported terms may be accepted, it was said, and if so he will be signed for the Brooklyn club.

After Ty Cobb and Others. Shreveport, La., March 11.—If any of the players whose services are sought by the Federal league, or who have offered to sign up with the new league have come to Shreveport, La., they will make the other officials, Gilmore did not make the other officials today. He stated that he had no further information to report. The signing of more players.

Cleveland and Boston to Play in Americas. American, Ga., March 11.—(Special.) The Cleveland Scouts, who are training in Americas, and the Boston Braves, who are training in Americas, will play two exhibition games in Americas on next Monday afternoon. The Scouts will play the Braves, and the Braves will play the Braves.

Baseball Aged Him, Says Artie Shafer. Stanford University, Cal., March 11.—"While playing with the Giants in New York I aged ten years," Artie Shafer today, discussing the strain of a baseball season.

COOSA CLUB OFFICERS.

Rome, Ga., March 11.—(Special.)—At the annual meeting of the Coosa Country club yesterday afternoon officers for the coming year were elected as follows: E. D. Walters, president; J. H. O'Neill, vice president; W. C. Cochran, secretary; and H. B. Kelly, treasurer. There were four officers.

McGraw Reaches Camp.

Marlin, Texas, March 11.—John J. McGraw, manager of the New York National league baseball club, joined the club's spring training camp at Marlin today. Despite a cold north wind, McGraw put his veterans and youngsters through a stiff workout.

Filly Breaks Mile Record.

Juarez, Mexico, March 11.—Christophine, a 3-year-old filly owned by the western turfman, S. Vetter, broke the world's mile record on a circular track at the Juarez course this afternoon, going the distance in 1:35 4-5.

Golf Dates.

New York, March 11.—The tournament committee in charge of the annual seniors golf tournament at the Atlantic City Golf and Country Club, June date for the next meeting, according to announcement today of the seniors golf dates by the Metropolitan Golf association. Heretofore fathers and grandfathers who, this year will meet on June 23 and 24, have assembled in October.

Protecting Paradise Birds.

Berlin, March 11.—An order forbidding the hunting of birds of paradise in German New Guinea for eighteen months was issued by the German colonial minister for the colonies, Dr. Solff, minister for the colonies. Dr. Solff had intended to make the prohibition permanent, but changed his view after receiving a report from a German expedition in New Guinea, which said there were immense numbers of the birds there and that there was no danger of their extinction.

Ex-Postmaster Goes to Pen.

Meridian, Miss., March 11.—Former Postmaster W. J. Price, who pleaded guilty to embezzling about \$4,000 of the post office funds, was sentenced to the pen today. A fine of \$3,735 also was imposed.

Stop Your Headache in Two Minutes

Take A-K Tablets.

BILL SWEENEY GOES TO CHICAGO CUBS

Chicago, March 11.—W. J. Sweeney, the lightweight champion, who will meet Al Wolcott in a 10-round bout at Milwaukee tomorrow night, completed his training here today. Ritchie weighed in today at 135 pounds, one pound above the figure he has agreed to make for the fight. Sweeney's weight reports from Milwaukee say Wolcott's weight had been announced at 135 pounds.

WILSON NAMES MALBURN TO TREASURY OFFICE

Washington, March 11.—William Peabody Malburn, of Denver, Colo., was nominated by President Wilson today to be assistant secretary of the treasury. He will be assigned to the currency division, succeeding Assistant Secretary Hamilton, who took charge of the financial division when the resignation of William Williams became comptroller of the treasury.

COACH GRAVES STICKS WITH TUSCALOOSAS

Tuscaloosa, Ala., March 11.—(Special.)—Coach D. V. Graves, of the University of Alabama, has decided to stay with the school at the request of the student body and the faculty. He has signed up for another year, with a salary of \$10,000, which was tendered some time ago. A petition signed by practically every student caused him to change his mind.

Holden Stays With Yankees.

Houston, Texas, March 11.—William Holden, Texas-born American league outfielder, whose name is included in the list of players given out today by the financial division at the request of the student body and the faculty. He has signed up for another year, with a salary of \$10,000, which was tendered some time ago. A petition signed by practically every student caused him to change his mind.

Schulz Reports to Gilks.

Montgomery, Ala., March 11.—Pitcher Carl Schulz, brother to the American league pitcher, reported to Manager Gilks today, making a total of fourteen players in the city for the training season.

SUFFRAGETTES ON RAID FIRE CITY'S BUILDINGS

Nottingham, England, March 11.—A suffragette arson squad early today set fire to and destroyed all the buildings belonging to the town corporation at Bulcote, six miles northeast of this city. The loss is many thousands of dollars. A suffragette literature was found strewn about the vicinity.

Tobacco Melon to Be Cut.

New York, March 11.—Directors of the American Tobacco company voted to distribute to stockholders on April 20, the \$60,729 deferred ordinary dividend. The company's stock price on the basis of the present market value of the stock, the melon will amount to nearly \$4,000,000.

ATLANTA'S STRIDES FROM DAY TO DAY

The most significant sale of many years in Atlanta was the Wednesday of the Emory-Stiner building, fronting on Peachtree street at the viaduct and extending through to a Broadway frontage, which was sold by the heirs of the Flynn estate, at an administrative sale, to the Flynn Realty company, Inc. for a consideration of \$600,000. The sale was made by the Otis & Holland agency from New York.

Farm Sale.

E. L. Harling has sold for Mrs. Florence Daniel to a customer a farm comprising 25 acres of land in DeKalb county for \$6,000. The farm is situated between Union Point and Daniel Springs.
