

MORE AFFIDAVITS ARE MADE PUBLIC BY FRANK DEFENSE

Mrs. J. B. Simmons Testifies She Heard Screams in Factory After 2 O'Clock on Day of Murder.

CONLEY A SURLY NEGRO, ASSERTS GIRL WITNESS

Ruby Snipes Declares He Tried to Get Money From Her at Spot Defense Says Mary Phagan Was Slain.

Two new affidavits for Frank's new trial hearing were disclosed Friday, the latest of which is one signed by Ruby Snipes, a 17-year-old working girl employee of the National Pencil factory, who tells a story of an attempt by Jim Conley to get money from her on the same spot at which the defense says the negro sweeper slew Mary Phagan.

The other is a document sworn to by Mrs. J. B. Simmons, a former Atlanta resident, but who now lives in Birmingham, and who testifies that she heard screams issue from the National Pencil factory building between 2:30 and 2:50 o'clock on the afternoon of the Phagan murder, and that she made an affidavit to this effect before Solicitor Dorsey, but was never called to testify at the trial.

Asked Her for Money. The Snipes girl, who lives at Hemphill street and Curran street, avers that during the month of April, 1913, two years before Mary Phagan was killed, she was coming from the second floor of the plant building and descended the stairs to the first floor. She carried a handbag, she stated, and upon arriving on the ground floor, heard a voice call from behind her.

Upon turning, she says, she faced the Conley negro, who was within only a few paces of her, and who asked her for a quarter. She states that Conley, in making the request, pointed to the purse she swung from her fingers. She was startled, she says, and was in an excited state, when there came the sound of steps coming down the steps from the second floor.

At this, the girl swears, Conley wheeled around and walked away. Miss Snipes left the factory at once, she declares, and afterwards told other girls in the factory of the incident, and forthwith learned that most of the girls of the plant were afraid of the negro because of his surlyness.

Mrs. Simmons has made her affidavit and put it in the hands of C. W. Burke, the private investigator for the defense. She asserts that she was surprised that Solicitor Dorsey did not call her as a witness in the Frank trial.

She says she appeared to be much frightened at the time, and that he put her on the stand to testify for the prosecution.

Frequent Conferences. The air of mystery that has surrounded the attitude of Solicitor Hugh Dorsey toward the recent developments in the Phagan case was heightened on an absorbing extent Friday by frequent conferences between the solicitor and important figures in the prosecution. To add to the mystery, it would have anything to say to reporters.

First, Chief Newport A. Lanford, head of the detective department, was summoned to Dorsey's office at 3 o'clock. For an hour and thirty minutes he was eluded with the solicitor, during which a stenographer attached to Dorsey's staff was called in. Whether a sworn statement was made by Lanford or not would say made by a number of private investigators employed by Dorsey were taken into conference secretly.

Following which, Detectives Elmes and Campbell, perhaps the most active figures in the detective force, were conferred with for considerable while. To complete the chain of secret caucuses, Attorney William M. Smith, Conley's counsel, was called in.

It became known Friday that Edward A. Stephens, who assisted Dorsey in the prosecution of Frank, had left Atlanta on a secret mission, admitted by members of the solicitor's staff to be in connection with the Frank case. Dorsey, himself, left Atlanta last night for a secret post which he would not divulge. It is said that Mr. Stephens is in Birmingham pending certain angles of recent developments.

Detective William J. Burns is expected to return to Atlanta either this morning or tonight. He comes directly from New York, where—including other northern cities—he was employed as a private investigator on the Phagan case. One of his first moves upon returning, it is reported, will be in an effort to quiz Jim Conley in the Tower.

Snipes' Affidavit. The Snipes affidavit follows: State of Georgia, v. Leo M. Frank—Conviction of murder. Extraordinary motion for new trial in Fulton superior court.

Georgia, Fulton County—Personally appeared Ruby Snipes, resident at Hemphill avenue and Curran streets, in the city of Atlanta, Fulton county, who, upon oath, deposes and says: I am 17 years old and am employed in the National Pencil factory on Forsyth street in the city of Atlanta, Fulton county, Georgia, and have been so employed for about three years. In said employ I came to know Jim Conley, a colored man, who was employed as sweeper in said pencil factory. The said Conley is now said to be confined in the Fulton county jail.

One evening in about the month of April, 1913, as I was leaving said pencil factory, at about 2:45 o'clock, and as I was about to go out of the street door, I heard a voice and stopped, turned around and saw the sweeper who was the said Jim Conley. The sweeper

Wilson Announce Daughter Eleanor To Wed M'Adoo

The President's Youngest Daughter and Secretary of Treasury Will Marry at White House in June.

Washington, March 13.—The president and Mrs. Wilson announce the engagement of their youngest daughter, Eleanor, to Hon. William Gibbs McAdoo. This announcement was issued at the white house by Secretary Tumulty tonight after a day of speculation in capital, official and society circles over the prospects for another white house wedding in June.

For weeks there have been rumors that the president's daughter and the secretary of the treasury would be married soon, and in the past day or two there has been no denial that an announcement could be expected. The exact date of the wedding is not known, but generally is believed it will be in June.

The youngest of the family, Miss Eleanor is said to be her father's pet, and there is a strong personal friendship between the president and the man who is to wed his daughter.

Reports that Secretary McAdoo would retire from the cabinet after his marriage and perhaps become an ambassador to France were set at rest tonight by white house officials, who emphatically said that he was expected to remain at the head of the treasury department.

Miss Wilson will be the fourteenth white house bride and the second of President Wilson's daughters to wed in the nation's executive mansion. Her sister, Miss Jessie Woodrow Wilson, became Mrs. Frank B. Rowland in the early part of November, 1913.

Washington society has not been altogether unprepared for the news of the engagement, for the couple have been seen together at many a dance and social function. Though Secretary McAdoo is 56 years old and Miss Wilson is 24, intimate friends of the secretary today said he is "as young as a man of 30." He is fond of tennis and outdoor sports and played tennis often on the white house courts with Miss Wilson last spring and fall. Miss Wilson is athletic, a good horsewoman and delights in outdoor life.

AUTHOR AND EDITOR, USING STRANGE MAP, HUNT PIRATE GOLD

New Orleans, March 13.—Hunt for the treasure of the pirate, Jean Lafitte, is supposed to have buried in the swamp lands of Louisiana during his successful operation on the gulf coast, has been renewed and this time by two parties of gold-seekers. Charles Tenney Jackson, a novelist, and Frederick B. Seaman, editor of the Treasure Magazine, form one party which left here today for the swamps where they said they would try to find the treasure.

A story accredited to Jackson is that in 1811 he met in Louisiana an old moss picker to whom he became greatly attached. Just before the old man died he is reported to have given Jackson a map, which he said would lead to the treasure. With this map Jackson and McKenzie say they will try to find the hidden gold.

A party of New Orleans men left here early in the morning for the swamps to try to find the treasure, using a map, mysteriously obtained, as a guide. Louisiana historians generally agree that Jean Lafitte doubtless had a great deal of gold somewhere in the swamps, but none of it ever was found, and from time to time the search is renewed.

PARIS DRESSMAKER BLAMES AMERICANS FOR RISQUE GOWNS

London, March 13.—The Daily Mail's Paris correspondent, discussing the campaign of the Women's Patriotic League against extreme styles of dress, says that the French in general, and the American women in particular, are chiefly responsible for daring innovations in fashions.

FOUNDER OF SECT IS FOUND GUILTY AS 'WHITE SLAVER'

Seattle, Wash., March 13.—The Rev. Albert Dahlstrom, founder of a religious sect known as "The Church," which claims to have 19,000 members in the United States and one of the tenets of which is said to be a belief in polygamy, was convicted today of violation of the Mann white slave act in a trial at Washington. The mother of the girl, who are young and attractive, was a witness for the government.

TOT BURNED TO DEATH WHILE PLAYING LADY

Fensicola, March 13.—Elizabeth Upp, the 7-year-old daughter of Mr. and Mrs. W. H. Upp, was burned to death late this afternoon while playing. She and her playmate had dressed in fancy clothing, and were playing circus. One of the boys set some grass on fire, and the little girl's dress ignited. The child had been so badly burned that she died in a few moments.

DIRECTORS TO END EXPRESS COMPANY

Affairs of United States Company to Be Liquidated and Dissolved in Shortest Possible Time.

New York, March 13.—Directors of the United States Express company voted unanimously today to liquidate its affairs and dissolve it in the shortest possible time. The resolution under which this action was recommended reads: "Resolved, That pursuant to the power and authority conferred on the board of directors of the United States Express company by its articles of incorporation, the board unanimously declares that it is for the best interests of the company that the company be dissolved as soon as may be, without awaiting the expiration of its term of existence; and that its business and affairs be settled up and finally adjusted as promptly as may be done. The president is directed to inform the shareholders of the company of said action of the board."

A committee on liquidation, which embraces the representatives of the leading interests in the company, including Charles A. Peabody, president of the Mutual Life Insurance company, and the chief financial adviser of the Harriman estate; William A. Read, ex-Senator W. Murray Crane, of Massachusetts; and Haley Pitkin, vice president of the Mutual Life Insurance company, was appointed to undertake the work of dissolution.

Returns for Shareholders. The precise plan for realizing on the company's assets was not disclosed, but it is thought a syndicate will be formed to take them over so that they may be disposed of to the best advantage.

Persons familiar with the company's affairs declare that the return to the shareholders will be between \$50 and \$100 a share. There is considerable real estate as well as costly equipment and outstanding contracts with railroads, which, it is expected, will be transferred to other express companies at fair prices.

Today's step was foreshadowed a few weeks ago, when the stock, which had sold down to 38 last December, suddenly rose in very large dealings from 24 to 41, the price of last Wednesday, and fell straight soon as of the option, despite official denials, that dissolution was under way.

The success of the parcel post and the recent express rate reduction by the interstate commerce commission are held directly responsible for the company's retirement from business after sixty years of continuous operation over some of the leading railroads of the country.

Earnings Steadily Declined. Earnings for the five months of the fiscal year so far reported showed steady declines, with a deficit of \$2,000 for November. Holiday business was fairly large, but earnings continued to decline until some of the more influential interests became outspoken for liquidation.

The late Thomas C. Platt and his family for years were the dominant interests in United States Express. Their control was so complete that they succeeded in warding off numerous demands and protests on the part of minority interests and for many years the public knew virtually nothing of the affairs of the company, no meeting of the stockholders having been held in more than fifty years.

There are outstanding 100,000 shares of United States Express stock, and these are in comparatively few hands. The Harriman estate is believed to hold over one-fifth, which the late E. H. Harriman acquired from the American and Adams Express companies, at an outlay of about \$2,250,000. The Platt

Park Would Take States in Mexico For Negro Colony

Bill Presented by Georgia Representative Proposes a New Solution for Problem in Turbulent Republic.

Washington, March 13.—(Special.)—Representative Frank Park, of Georgia, proposed today a new solution of the Mexican problem, which is also bound up in a solution of the negro problem. Judge Park recently proposed a constitutional amendment aimed at "pistol toting."

His bill offered today is viewed with much gravity in some quarters, since any reference to the acquisition of territory in Mexico is being sedulously avoided. In diplomatic circles the whole attempt has been to create the impression in Central and South America that if the United States intervened above 30 degrees north latitude, "to be reserved and used as territories of the United States for the colonization of and the pre-emption of homesteads by colored races inhabiting the United States."

FEDERAL REFUGEES FIGHT FOR RELEASE

Mexican Prisoners Held at Ft. Bliss Institute Habeas Corpus Proceedings to Obtain Their Freedom.

Washington, March 13.—The United States government will continue to insist on obtaining from General Carranza and the Mexican constitutionally elected government concerning the welfare of all foreigners in Mexico and will not relax its energy in using its good offices for their protection. This is the effect of a communication from Secretary Bryan to American Consul Simplicio at Nogales, who has presented the information to General Carranza. A reply was in the hands of Secretary Bryan tonight, but he did not make it public.

Mr. Bryan, it is said, did not reply to Carranza's recent notes on the Benito Juarez case, but set forth the wish of the American government with respect to more influential interests became outspoken for liquidation.

The late Thomas C. Platt and his family for years were the dominant interests in United States Express. Their control was so complete that they succeeded in warding off numerous demands and protests on the part of minority interests and for many years the public knew virtually nothing of the affairs of the company, no meeting of the stockholders having been held in more than fifty years.

GRIFFITH HEADS 17TH REGIMENT

Will Arrive in Atlanta Today to Take Charge, Succeeding Colonel J. T. Van Orsdale, Who Retires.

Colonel Thomas Griffith, until Thursday in charge of the St. Louis recruiting depot, will arrive in Atlanta some time today to take command of the Seventeenth infantry, which leaves Fort McPherson the first of the coming week for patrol duty along the Mexican-United States international boundary line.

Colonel Griffith succeeds Colonel J. T. Van Orsdale, who automatically retired from service on Thursday under the age limit clause of the army regulations. It is the general belief that Colonel Griffith will permanently command the Seventeenth at least until the regiment goes on foreign service, which will not probably happen for at least twelve months.

No definite orders have been received at Fort McPherson as to the date that the regiment will start for the border. In fact, the press reports of the movement of the regiment are generally being sought by the officer at the post, as it has been found that the press telegrams sent by the newspaper correspondents, in Washington, to Atlanta papers preceded the wire reports to the post commandant at Fort McPherson by at least 12 hours.

Captain Bankhead, adjutant of the Seventeenth, wired his father, United States Senator Bankhead, of Alabama, at Washington, to ascertain exact information as to the proposed movement of the Seventeenth. Senator Bankhead replied that the regiment had been ordered to Laredo, Texas, but the exact date of the movement had not as yet been set.

It was stated at the post on Friday that the troops would go forward by an all-rail route to Laredo. The idea of using a transport at Savannah to Galveston and thence by rail to destination has proven unfeasible. It was stated, for the reason that vessel accommodations could not be secured on time at Savannah.

The plan of the movement of the regiment now is to use three trains of tourist, baggage and Pullman cars via New Orleans to Laredo. There are but about a score of usable cars in the vicinity of Atlanta just at present, and railroad agents sent out hurry orders last night to corral all rolling stock that could be placed at the disposal of the government in moving the Seventeenth regiment.

Active preparations at the post looking toward an early movement of the McPherson troops continued all of Friday. The various companies of the regiment, as well as artificers and musicians, all but completed the packing of permanent camp equipment.

'GOLDEN RULE' KOHLER IS OUT FOR SHERIFF

Cleveland, March 13.—Fred Kohler, formerly Cleveland chief of police and nationally known as the "Golden Rule" chief, in an open letter announcing his candidacy for sheriff today declared he had "paid in full" for his dismissal from the office a year ago. Kohler was ousted by the civil service commission for misconduct.

In his letter today Kohler said that he wished to rehabilitate himself in the opinion of his fellow citizens and that no other penalty ought to be exacted of him. On a visit here Colonel Theodore Roosevelt once referred to Kohler as "the best chief in America."

Double Tragedy Enacted When Macon Man Kills His Landlady and Self

SIX NEAR TO DEATH WHEN FAST AUTOS MEET IN COLLISION

Touring Car of W. D. McMichen and "Red Devil" of Assistant Fire Chief Are Wrecked.

LADIES TOSSED HIGH IN AIR BY COLLISION

Policeman Says That He Warned McMichen to Slow Down, But Charges the Driver Did Not Do So.

Six people, including two ladies, had a miraculous escape from sudden death when two speeding automobiles crashed together Friday afternoon about 4 o'clock at the corner of Boulevard and Edgewood avenues. The big touring car driven by W. D. McMichen was speeding toward town on Edgewood avenue when First Assistant Fire Chief Emmett C. Pressley's auto, the "Red Devil," which was flying south on Boulevard to answer a fire call on Eszard avenue, crashed into it.

The two ladies, Mrs. W. D. McMichen, riding on the front seat with her husband, and Miss Kittie Lee Clair, of Ashburn, Ga., were thrown in the air over the front of the touring car, landed with a heavy thud on the rear wheel of the fire chief's car. Both automobiles were demolished, the "Red Devil" having its body torn loose from the chassis.

Chief Pressley, McMichen and Lower escaped unharmed, but a fireman of No. 8 station house, W. P. Reed, Jr., riding with Chief Pressley, was thrown from the car and sustained his wrist and arm when he landed on it. His thumb was broken in the fall.

When the men rushed to the ladies they found Mrs. McMichen lying unconscious on the ground. A passing automobile was halted and in it the ladies were rushed to the Grady hospital. Before they arrived there the two ladies almost went into hysterics. Both were badly bruised and shaken by the accident. Their wounds were given expert attention at the Grady hospital.

Chief Pressley stated last night that he was not driving his machine more than eight or ten miles an hour, having just returned from a tour when he made the turn into Boulevard avenue from Auburn avenue, which is only one block away from Edgewood. Pressley stated that the first they knew of the crash was the fire chief's car, claiming that neither the gong was rung nor the siren blown.

FRENCHMEN FIGHT DUEL WITH SWORDS BEFORE THE MOVIES

Paris, March 13.—A sword duel fought today between Jacques Richelin, son of Jean Richelin, the "immortal," and Pierre Frondaie, author of a play now being performed in Paris, resulted in the wounding of M. Frondaie.

The quarrel arose out of an incident in the lobby of a theater on Wednesday. Madame Frondaie, it is alleged, made cutting remarks to Jacques Richelin's wife, known as Madame Cora Apparecchio, who is co-manager of the theater.

M. Frondaie took full responsibility for his wife's comments, and was thereupon challenged to fight by M. Richelin.

The encounter took place on the lawn of a house in the suburb of Neuilly. More than a hundred notable literary and dramatic men watched the combat from behind hedges and windows. The duel was a close one, and the combatants were surrounded by crowds of women friends. They could hear the sounds of the clashing of swords from where they sat.

During the first bout neither combatant was touched. In the second, however, M. Richelin's sword penetrated M. Frondaie's forearm, and the engagement was brought to an end.

Jean Richelin then embraced his son, and his wife threw herself into his arms, while Madame Frondaie helped her surgeon to dress her husband's wound.

Clyde Fagan Kills Mrs. Florence Bailey, Who Was Trying to Reform Him, and Then Suicides.

JEALOUSY SAID TO BE CAUSE OF SHOOTING

Macon, Ga., March 13.—Florence Yates Bailey was this afternoon shot and killed by R. Clyde Fagan, who, after as had written a pathetic letter to his mother, sent a bullet into his own brain and another into his heart, causing his death in a few minutes.

The tragedy occurred at a rooming and boarding house in a good section of the city—No. 820 Second street, next door to the Baptist Tabernacle.

Mrs. Bailey, who is the wife of Bill Bailey, a former Macon printer and now railroad man of Tampa, is the fourth member of the famous Yates family of Yatesville to meet violent death. Her grandfather was shot by a citizen of Yatesville. Her father, an engineer, was killed in a wreck on the Georgia Southern and Florida railroad four years ago, involve others losing their lives. Her brother was mangled to death in a cotton gin.

The police were doubtful at first as to which did the shooting, but a note in Fagan's writing cleared up the mystery. The note was addressed to his mother, who resides at Marble, Houston county, Georgia. Parts of it could not be deciphered. It read in part: "Bury me beside Eva (his wife) at Fort Valley. Collect the insurance and divide with my two children."

Fagan was a flagman for the Central of Georgia railroad. He was 30 years old.

Jealousy Said to Be Cause. That jealousy prompted the murder of Mrs. Bailey and the suicide of Fagan is the belief of Coroner T. E. Young, who conducted an inquest this afternoon over the two bodies.

Fagan has been paying Mrs. Bailey attention for some time, but a rival is said to have appeared on the scene recently, and this caused Fagan to become despondent, and he began drinking. For a week, so the evidence at the inquest this afternoon developed, he had been drinking heavily, but only during the last two days did he show any tendency toward violence.

According to Mrs. Bailey's sister, Mrs. C. B. Washell, Fagan came to the house yesterday and secured his pistol, announcing his intention of killing his mother. Mrs. Bailey succeeded in deterring him and secreted the pistol where he could not find it. Today he found the pistol in Mrs. Bailey's room on the lower floor of the house, and looking the door, fired the fatal shots.

Fagan's wife is dead, though he leaves two children, a daughter and a son, who live with his mother at Myrtle, Ga. On the back of a letter to Fagan, written by his daughter, Evelyn, Fagan had scrawled a note to his mother and his children. Apparently the note had been written two or three days, for the envelope was badly crumpled and soiled.

Fagan's daughter had written to him to come to Myrtle to see them, saying "Robert wants to see you." "I want you to be a good woman and Robert to be a good man," Fagan's note read, as he bade his children farewell.

Mrs. Bailey was an exceedingly attractive woman. She was tall and well built with coal-black hair. She appeared on the street yesterday dressed in deep black and was a caller at the office of Mayor Bridge Smith, seeking

Information relative to a pellagra hospital in Savannah where she told the mayor she desired to have an uncle placed for treatment.

Intimates of her family stated tonight that Mrs. Bailey had separated from her husband, Bill Bailey, now a printer in the employ of the Tampa Tribune and formerly with the Macon Telegraph, for several months. Mrs. Bailey had refused to go to Tampa to reside and when her mother gave up the boarding house here, the daughter decided to continue it as a means of support for herself. She was formerly Miss Florence Yates, the Yates family having at one time been well known in Georgia. A. J. Yates, Mrs. Bailey's grandfather, established the town of Yaxville and owned all of the surrounding land. He was killed by a contractor many years ago who was building the M. & R. railroad. A. J. Yates was a pioneer nurseman and produced the famous Yates apple.

Arrangements for Funeral.

The body will be buried here Sunday afternoon.

Relatives of Fagan arrived here last night and will take his body to Port Yaxley today, where it will be buried beside his wife.

Mrs. Bailey leaves her mother, Mrs. R. T. Atkinson, of Blithely near Augusta; three sisters, Mrs. C. B. Ward of Macon; Mrs. L. B. Higgins, of Columbus; and Mrs. L. W. Lynch, of Charleston. She is survived by Joe Yates, a member of the United States navy.

Husband Refuses to Talk.

Tampa, Fla., March 13.—Roy Bailey, husband of Mrs. Florence Bailey, killed in Macon this morning, admitted to her that he knew of Mrs. Bailey's acquaintance with Fagan, but refused to discuss the matter.

Bailey is employed here as a make-up man on The Times.

WILSON WILL BE ASKED TO PARDON DYNAMITERS

Petition Will Be Presented to the President Within Few Days.

Indianapolis, March 13.—The certified copy of the judgment of the United States supreme court in the famous Indianapolis dynamite case, decided last Monday, was received by United States District Attorney Frank C. Dailey here today. Mr. Dailey immediately forwarded it to the court of appeals at Chicago for such action as the court deems.

It is the understanding here that the court of appeals will remand the convicted men to Fort Leavenworth penitentiary, for when the case was appealed from the district court, it passed out of the hands of the court here.

Edward Smythe, of Peoria, Ill., one of the twenty-four members who were denied a new trial by the ruling of the supreme court, has reported voluntarily to Fort Leavenworth and begun serving his sentence, according to news dispatches received here.

Chicago, March 13.—An application for pardon for the men convicted in the dynamite conspiracy trials in Indianapolis will be presented in a few days to President Wilson. Attorney Elijah N. Zollie, counsel for most of the defendants in the case, announced today that he had prepared the application and intended to leave for Washington today to present it to President Wilson.

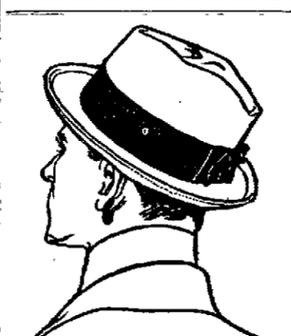

The instance of a mandate by the United States court of appeals, either returning the convicted men to the penitentiary at Leavenworth or remanding them to the federal district court in Indiana, it was declared today, would probably be held in abeyance until the reviewing court ruled on the motion of the prosecution for a hearing of the six appeals on which a new trial was granted.

NO PROTEST TO GERMAN FOR STANDARD OIL CO.

Believed Wilson Will Not Follow Step Taken by Taft Administration.

Washington, March 13.—President Wilson and his cabinet today had before them the question of whether or not a protest should be made to the German government in behalf of the Standard Oil company, which claims a pending bill in the Reichstag would injure its business in Germany. It was believed that such a protest, made by the Taft administration, would not be repeated by the present administration.

The subject was taken up at a cabinet conference since October, 1912, and a protest was made against proposed legislation which gave the German government an oil monopoly. The measure has been variously modified because of internal difficulties among cabinet members which were to finance the monopoly.

Inquiry by Ambassador.

When the subject was revived under the present administration Secretary Bryan instructed Ambassador Gerard to inquire into the matter. His first report was made today in the form of a protest, but the administration holds that it was not and has refrained from communication with the German government.

According to information that reached this office, the bill, though up for a third reading, probably will not be passed until April. At that time, the president is expected to listen to argument from both the Standard and independent American companies, and independent American companies send 15 per cent.

Discrimination Claimed.

Certain members of the cabinet took the position that the passage of the bill by Germany probably would injure the interests of the Standard Oil company, but might possibly injure the interests of the independent American companies now furnishing the oil to Germany.

Standard Oil representatives have contended that the bill, as passed by the United States, might be practiced after the bill became law, and that other foreign firms for its oil. Administration officials, however, have stated that the bill would be applied to all companies furnishing oil to Germany.

ARMY OF UNEMPLOYED SPENDS DAY FISHING

Sacramento, Cal., March 13.—While the Sacramento and Yolo county unemployed army spent yesterday over their day fishing, members of the army of the unemployed that started from San Francisco yesterday, were busy in the sunshine, fished from the Yolo levee and enjoyed an abundance of food supplied by the labor unions of Sacramento.

The Sacramento citizens committee withdrew a protest against the Yolo transportation for a distance of 50 miles to members of the army and the Sacramento district attorney warned any move toward assisting in the affairs of another county. These actions were met by the unemployed men to enforce its ultimatum delivered last night that the unemployed must be given the right to fish.

Sheriff Monroe, of Yolo, induced leaders of the army to consent to move to the Yolo levee, where they have been since Monday if Sacramento would give safe conduct through its territory.

Sacramento consented, provided Placer and Nevada counties to the east would agree. Word was received, however, that the sheriffs of these two counties were arming deputies and that Governor Johnson was preparing to prevent the army leaving railroad cars within that state.

Another suggestion considered tonight was that owners of the land on which the army is equipped demand its evacuation by the Yolo levee, which would be unable to comply and then would call on Governor Johnson for effect. Several of the unemployed enjoyed the situation tonight.

Sacramento officials took the attitude that if the army was to be allowed to move, that was Yolo's affair, while Yolo leaders declared that if Sacramento would not consent to the move, Sacramento was posting Sacramento county a day to guard the bridge leading to the eastward.

NAVAL APPROPRIATION IN JAPAN REDUCED

Tokio, March 13.—The appropriation for the construction of the new ships for the Japanese navy was reduced by the Japanese cabinet today from \$5,000,000, bringing the figure down to \$4,000,000. The reduction was adopted in an effort to save money. The cabinet vote the cabinet was severely condemned in connection with the recent naval appropriations. AMERICUS MAN NEAR DEATH FOLLOWING DRUGGIST'S ERROR

Allowed to Appeal Yaryan Stores Case

Valdosta, Ga., March 13.—(Special.) F. L. Mosten, a traveling salesman from Americus, Ga., is at the Walden hotel, in this city, suffering from bichloride of mercury poisoning which was given him through mistake of a druggist's clerk.

Mosten's condition is apparently much improved tonight, but by reason of the insidious action of the poison his physician is apprehensive of his recovery.

The salesman went to one of the drug stores here for something to allay an eruption of the skin, and asked for a medicine for his blood. A clerk in the store waited on him, and gave him some tablets, one of which he took on retiring for the night. In a half hour after swallowing the tablet Mosten became deathly sick and a physician was hurriedly summoned when the fact that he had swallowed a deadly poison was discovered.

NO AGREEMENT REACHED IN EQUADOREAN DISPUTE

By John Carrigan, Jr.

Washington, March 13.—(Special.) Judge A. L. Miller, of Macon, passed through Washington today on his way home from Ecuador, where he has been engaged as the representative of the United States in a railroad arbitration dispute. Judge Miller stated that the arbitration had failed, and he and Dr. A. L. Miller, who is the representative of the Ecuadorian senate, the other arbitrator, being unable to reach an agreement, the case will now be referred to the presidents of the two republics.

The arbitration was to discover the value of the Quito and Guayaquil railroad, which runs from Guayaquil, on the Pacific coast, to the capital, Quito. American capitalists are interested, and a former attempt at an arbitration was made in 1907, but failed because of the influence of Senator Bacon's influence, as his successor.

DIRECTORS TO END EXPRESS COMPANY

Continued From Page One.

Interests are said to be relatively small.

The express company at one time had contracts covering 38,000 miles. In the remaining ones are said to be of potential value and it is assumed they will be sold to one of the company's former competitors, probably the Wells, Fargo & Co., in which the Harriman interests have large holdings.

Statement by President.

D. I. Roberts, president of the United States Express company, in a statement made tonight, said the action of the directors was "not a threat or a bid for government sympathy," but simply that the company could not continue in justice to the stockholders, more than half of whom are women.

The company was not confronted by any theory but by a real condition. Mr. Roberts said if the government had been satisfied with the parcel post, it first was inaugurated, and if we were not confronted by another condition by the action of the interstate commerce commission in putting into effect severe cuts in express rates, we could have gone along all right. The action of the interstate commerce commission was a severe blow to the company, and when we were confronted with a further threat on the part of the government to further reduce rates in parcel post rates and further increase the rates of parcel post, we would carry it to the point where for us to continue in the express business, was impossible.

ALLOWED TO APPEAL YARYAN STORES CASE

Receivers Directed to Preserve and Protect Possessions of Company.

Tampa, Fla., March 13.—Application for an appeal from his decree, made in Macon last January, ordering the sale of the Brunswick and Gulfport property of the Yaryan Naval Stores company, was allowed here today by United States Judge W. B. Sheppard. The receivers in the equity suit pending in the southern district of Georgia were directed by order of the court to preserve and protect the possessions of the property in custody of the court, and to refuse to deliver same or any part thereof to any person or persons. Attorneys Clarence Brown and King & Spalding, of Atlanta, appeared for the creditors, and Reese, Twitt & Bennett represented the receiver.

The property concerned is said to be worth \$1,500,000, and includes besides thousands of acres of land in Georgia and Alabama, a receiving plant for turpentine and resin, located at Brunswick and valued at \$500,000.

FEDERAL REFUGEES FIGHT FOR RELEASE

Continued From Page One.

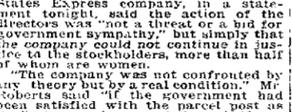

By surprise, because yesterday's news dispatches had said that General Scott, who is in direct charge of the Mexicans, was endeavoring to prevent attorneys from reaching his charges to get signatures necessary for an application for a writ. The secretary turned General Elliot's dispatch over to Attorney General McReynolds, who is expected to direct the district attorney at Houston to represent General Elliot in the proceedings.

To Resist Release.

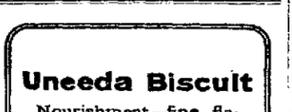

The war department will resist to the utmost the release of the prisoners at this time on the ground of public policy. It is held that the community would be imperiled by the presence of several thousand homeless and unsheltered and unfed Mexicans. The refugees

FRANCHISE SOUGHT FOR ALABAMA BLOCK

New Line Will Relieve Congestion and Will Improve the Service to East Point, Declares Arkwright.

The Georgia Railway and Power Company through President Frestor S. Arkwright yesterday turned down the city's demand for free transportation for twenty water department employees in return for the Butler and the Alabama streets franchises.

President Arkwright's refusal was based on the contention that the street car company, now furnishing city employees with approximately \$1,000 worth of free rides daily, also because the company paid the city \$178,000 in taxes last year.

Following a conference between President Arkwright and W. K. Glenn representing the railway company and Aldermen John S. Owens and Councilmen C. W. Smith and A. J. Colcord Friday morning it was made that the city would grant the street car company a franchise to extend its College Park suburban line into Alabama street as far as Broad, on condition that the extension be made under the supervision of the construction department and the company agree to restore the street.

College Park Line Extension.

The franchise is asked as an extension to College Park line which is operated under an indefinite or life franchise in accordance with an ordinance of February 8, 1902, consolidating the Atlanta Consolidated Street Railway Company and the Atlanta Rapid Transit Company.

Because of the hostility of council to giving the company an indefinite franchise, it is proposed that the Butler street franchise be made in connection with the College Park line which is operated under a franchise granted for thirty-nine years, ending in the city of Atlanta, Georgia, in 1941.

Aldermen John S. Owens opposed granting the company a franchise in the city of Atlanta, Georgia, in 1941. President Arkwright took the matter that with the College Park street line will be constructed and served to the city of Atlanta, Georgia, and the effect of relieving the congestion in the city of Atlanta streets where the line terminates.

When the street line is laid will enable the company to park its cars during the winter season and facilitate transportation to a city part of the city. President Arkwright told the city council that the company demands that the city should in Butler street express station and establish a new line in Butler street. Outfits have already been secured for the company to construct a line on the site and is not anxious to make the investment unless the city of the line is put on.

WEATHER FORECAST IS FOR CLEAR DAY WITH LITTLE WIND

Following is the weather forecast for Saturday. It will be a fine clear day with very little wind mostly light air currents from the south. The temperature in the early morning will be about 40 degrees but there will be light frost in low places. During the middle of the day the temperature will rise above 60 degrees and will rise during the next several days quite rapidly. Sunday also is likely to be a similarly fine day. There is, however, no sign of the approach of warm summer-like weather as yet. Everybody should be pleased with the weather today.

DAYLIGHT BURGLARS AT WORK IN MACON

Thieves Seem to Be Operating Exclusively in Suburban Sections. Macon Ga. March 13—(Special)—Daylight burglars are operating in Macon with considerable success and so far have succeeded in eluding the police.

"Think Again"

"Repent: for the Kingdom of Heaven is at hand" Matt. 4:17

Jesus said: "But what think you? A certain man had two sons; and he came to the first and said: 'Son, go work today in my vineyard.'"

"He answered and said: 'I will not;' but afterwards he repented and went.

"And he came to the second and said likewise. And he said: 'I go, sir;' and went not.

"Which of them did the will of his father?"

Are you idle? Why? Did you not in the Church, the house of your Father, promise to go? Are you hindering His work?

He warned— "Verily, I say unto you, that the publicans and the harlots go into the kingdom of God before you."

"Not every one that sayeth unto me 'Lord, Lord,' shall enter into the kingdom of Heaven, but he that doeth the will of my Father who is in Heaven."

Judas kissed Him and said: "Hail, Master."

But Peter, in fear of his life, with oaths and curses cried: "I know Him not."

Judas died. But Peter lived. Why? He repented; he thought again; and today his life gives hope to all who strive to follow Christ.

In our age, Satan would never offer coin to Judas. He would give him position and place where he could make an honest (?) dollar; and Judas would deny that he had been bought.

Thank God! Men of the Judas type are rare. We know of none in Georgia who would deliberately sell his Lord for gold.

But there are many like Peter in denying Him.

Have you never denied your Lord? Again, in our day, the test is changed. You are not called, as was Peter in terror of death, to say with your lips, "Yea, He is my Lord." But there is the fear of being called "queer," a "fanatic" or an "impractical dreamer."

Did you ever approve the making of money by withholding a living wage? Did you ever sanction the darkening of children's lives in factories and mills to make dividends for men?

You would scarcely claim such to be confessing Christ your Lord and Savior.

And to stand consenting to the setting apart of a district where men may grow rich upon the shame of women—

Surely this is a denial of Him worse than Peter's oaths and curses.

And this— Judge Broyles says—

"In 1907 there were 7,000 cases of drunkenness in Atlanta. In 1913 3,000 cases came before me. A decrease of 4,000 cases, despite the increase of 50,000 inhabitants, proves that prohibition has produced good."

HE IS RIGHT. BUT CONSIDER 3,000 DRUNKS. THINK OF THE HOMES, THE WOMEN AND CHILDREN MADE WRETCHED LAST YEAR BY THESE WHO HAD TO BE HALED BEFORE THE RECORDER'S COURT. THINK OF THOSE NOT KNOWN, BUT WHO YET CAUSED MISERY AND PAIN IN THEIR HOMES.

And recall these—

There was the mother who again and again begged that her boy might go free, only at last to have him come home to beat her up—the man let go, who in the same night killed his wife—the two little children in the house where the mother had been shot by the drunken bar-keeper.

Do you confess Christ as a Savior? Or do you deny your Lord, when you encourage the sale of this poison? And before answering, will you not remember—not to stifle pleasure but to stop the spread of this agony and disgrace—a law forbidding the sale of liquor in any form in any place in Georgia, has been passed?

Consider and answer—

Are you serving Him who died for you—are you at work in the vineyard when you, directly or indirectly, try to teach men, who have sworn upon God's word to uphold this law, to perjure themselves?

You need only a second thought.

Heed Him. He is pleading—

"Go work today."

Deny Him not.

God grant that you hear, not man, but Him saying—

"Think again—Repent: for the kingdom of Heaven is at hand."

The Tuesday evening dances at St. Agatha's for the debutants and their men friends will be continued through Lent. These dances are always enjoyable occasions and are largely attended.

For Home Missions.

The Atlanta Baptist women have planned a day of prayer Tuesday, March 17, from 10 to 3 o'clock, at the Ponce de Leon Baptist church. A cordial invitation is extended to all women of the city to attend this association, to join in a service of prayer for home missions.

The program will include a comprehensive study of the organized plans of work of the Woman's Baptist Missionary union in our home land, showing the importance of every factor in the Southern Baptist convention organization. At noon a recess will be taken for lunch. Each one attending is requested to bring a box lunch. Coffee and tea will be provided, and a social hour will be enjoyed.

In all Baptist churches of the S. B. C. a season of prayer for home missions is observed in March and this meeting will bring together the interested workers in all the Atlanta churches, and some from neighboring cities, to hear from officers of the union, how this work may be accomplished more intelligently. The program speaks for itself.

The program includes: Devotional service, led by Mrs. Arthur H. Gordon. Greetings from home board, Mrs. Edgar Crawford. W. B. M. C. of S. B. C. Mrs. J. C. Lanier, of West Point, vice president of Georgia Union. "The State a Factor," Mrs. W. J. Neel, president W. B. M. C. of Ga. "The Individual Society a Factor," Mrs. Samuel Lumpkin. "The Individual Woman a Factor," Mrs. W. J. Neel. "The Association a Factor," Mrs. P. S. Awtrey, vice president central division.

WOULD CHANGE SYSTEM TO BENEFIT FARMERS

The Rural Credit Commission Wants Smaller Banks in Reserve System.

Washington, March 13.—To benefit farmers, the rural credit commission today recommended to congress that banks with a capitalization as low as \$2,000 be allowed to become member banks of the federal reserve system. The commission contends that the present limit of \$25,000 prevents the benefits of the system being extended to a large number of small banks. The commission recommended that the states authorize the creation of credit unions and credit associations. These recommendations were submitted in a report on short-term credits and distinguished from long-time or agricultural and credits.

NEW HAVEN RAILROAD STILL HOLDING OUT

Washington, March 13.—Officials of the department of justice and the New Haven railroad resumed conferences today in an effort to find a plan acceptable to both sides for the dissolution of the system. Although Attorney General McReynolds and his assistants were still hopeful that the New Haven representatives would see their way clear to meet the demands of the department, it was conceded that the negotiations had reached a critical stage and that further delay on the part of the railroad might lead to the filing of an anti-trust suit for dissolution by a court's decree.

The principal point of difference, it was said, involved the length of service of the trustees of the Boston and Maine stock owned by the New Haven and the dissolution of some of the New Haven railway lines. Mr. McReynolds said that the trustees shall serve not more than two years with a possibility of a two-year continuation and if the trustees at the first period insufficient, New Haven representatives were invited to present a plan for a three-year extension if found necessary. Inability to get to this point may lead to a breach.

WOMAN PLAYED PART IN BIG JEWEL THEFT

New York, March 13.—About \$65,000 of the \$250,000 in jewelry, stolen from Mrs. John H. Haman at Narragansett Pier last July has been found in Amsterdam and one of the thieves, an announcement published here today. Private detectives here and abroad now fix the robbery on the hand of international thieves, including a woman, whose appearance enabled her to mingle in society and locate collections of jewelry.

DR. JOHN E. WHITE FILLS PULPIT; IS BACK HOME

Dr. John E. White, who has been serving as university preacher at the University of Chicago for two weeks, has returned to the city. On the invitation of the Chicago organization of business men, Dr. White addressed an audience of 3,000 in Orchestra hall under the auspices of the Chicago Sunday Evening club. He was brought into close association with the committee of fifteen, through which wonderful civic reforms have been wrought in that city, and also with the new woman's suffrage achievement. Next Sunday night Dr. White will preach at the Second Baptist church on "Christianity, Conscience, Citizenship League for a City's Life." His subject Sunday morning will be, "The Cry for Christ."

RAILROAD OFFICES BURNED AT OCILLA

Ocilla, Ga., March 13.—(Special.)—The general offices of the Ocilla Southern Railroad company were completely destroyed by fire early this morning. Clerk Milby was in his office until after 9 o'clock and left some fire in the grate, from which it is presumed the burning caught. The fire was discovered by the night police after midnight and alarm given. The offices of general manager, chief clerk and general agent were completely burned, including practically all of the valuable records of those offices. The subject of the records of the office of auditor were damaged slightly, but none of them were destroyed. It is impossible to estimate the damage by reason of the burning of the records, but the loss is estimated at several thousand dollars, with about \$2,000 of insurance.

MINING STOCK DEALERS SENT TO ATLANTA PEN

New York, March 13.—John J. Meyers and Archie L. Wisner were found guilty of the federal crime of defrauding using the mails to defraud by the sale of mining stocks through A. L. Wisner & Co. Wisner was sentenced to six years in the federal penitentiary at Atlanta. Meyers, a reputed millionaire, received a similar term, and was fined \$10,000.

REV. DR. ANNA H. SHAW WILL SAIL FOR ROME

New York, March 13.—The Rev. Dr. Anna H. Shaw, president of the National American Women's Suffrage association, will sail April 16 for Rome. She will make only one speech and that on suffrage. Mrs. Shaw expects an audience with the pope and she will be the first suffragist to be granted that honor. Shaw, who broke a leg some weeks ago, went out yesterday for an automobile ride for the first time since her accident.

REQUISITION GRANTED FOR WILLIAM KNIGHT

Governor Slaton Friday granted a requisition for Will Knight, alias Bill Phillips, wanted for murder by the Milledgeville and who escaped to Delaware. It was stated some days ago that governor Slaton had paroled Knight after he had committed another offense and that he was to make only one speech and that on suffrage. This was an error. Great pressure was brought to bear to get governor Slaton to parole him, but he declined. The parole was granted by Governor Egan. A deputy sheriff has gone to Delaware to bring Knight back to Georgia.

SHARP ADVANCE IN COTTON PRICES

Market Closed Very Steady. Old Crop Positions Six to Eighteen Points Up—Spot Cotton Steady.

New York, March 13.—There was a further advance in the cotton market during today's trading and the bulk of the demand was again attracted to existing contracts of speculative buyers in the old crop months. The close was very steady, and last prices were 6 to 15 points higher on the old crop positions, while later deliveries were 1 to 3 points higher.

Liverpool fully met yesterday's local advance and there was nothing in the overnight news from the south to influence the market. The market closed at a steady level, with a reaction of 4 or 5 points during the afternoon. The market was quiet, with a few scattered orders, and may contract sold up to the 12-cent level shortly after the close.

This represented an advance of practically half a cent from the low record of 12.45 cents for the week, and there was further realizing combined with local selling inspired by a large overnight movement than expected. The feature was a steady advance, by the continued heavy spinners' statements, which gave the weather and the general bullish sentiment, and closing prices were only slightly off from the best.

The difference between May in New York and the corresponding delivery in Liverpool has narrowed about 10 points, followed by a few local traders' regard this as reflecting a considerable reduction in the standard price, which is probably met some selling on a belief that the technical position had been weakened.

FOREIGN WHEAT ADVANCED WHEAT

The Bulls Took Advantage of the Rumored Trouble Between Austria and Russia.

Chicago, March 13.—Discredited rumors of an impending break in relations between Russia and Austria were utilized by the wheat bulls today in an effort to bring about a substantial advance of 1-8 to 1-4 net. Other speculative commodities, too, showed a similar advance.

It was evident, however, that the trade had been caught in an oversold condition and there was consequently little reaction from the top price. Preceding the bulls, July delivery especially was under pressure from the bears.

Chicago gathered strength throughout the session. Cash demand was better and smaller receipts were predicted. Rumors of a decrease in the United States crop, except 5,000 bushels to go to Cuba, shorts were particularly interested.

HESTER'S WEEKLY COTTON FIGURES

New Orleans, March 13.—Secretary Hester's weekly New Orleans cotton exchange statement, issued before the close of business today, shows an increase of 84,000 bales in the total crop compared with the seven days ending this date last year.

For the thirteen days of March, the totals show an increase over last year of 84,000 bales, a decrease under the same period year before last of 189,000, and an increase over the same time in 1911 of 107,000 bales.

For the 194 days of the season that have elapsed, the aggregate is ahead of the 194 days of last year 200,000 bales, behind the same days of year before last 765,000 and ahead of 1911 by 2,277,000 bales.

There makes the total movement for the season of 2,277,000 bales, against 2,277,000 bales in 1911, and 2,277,000 bales in 1910, and 2,277,000 bales in 1909.

Foreign exports for the week have been 135,265 bales, against 135,265 bales in 1911, and 135,265 bales in 1910, and 135,265 bales in 1909.

There makes the total movement for the season of 2,277,000 bales, against 2,277,000 bales in 1911, and 2,277,000 bales in 1910, and 2,277,000 bales in 1909.

Receiver Appointed for the Inter-Ocean.

Chicago, March 13.—Herman H. Kohnst, president of the Inter-Ocean Newspaper Company, has been appointed receiver for the Inter-Ocean.

Naval Stores.

Savannah, Ga., March 13.—Receipts of naval stores for the week ending today were 1,715 bales, against 1,715 bales in 1911, and 1,715 bales in 1910, and 1,715 bales in 1909.

SUDDEN ADVANCE IN STOCK MARKET

But After Vigorous Buying for an Hour the Upward Movement Stopped—New Low Records Made.

New York, March 13.—An unexpected turn for the better came in the stock market today, after an indefinite opening. The principal stocks were lifted a point or more. The movement stopped after an hour of vigorous buying.

The situation in this respect is supposed to have led to some modification of the market for the balance of the week. The advance has been more generally attributed to a scare of old crop shorts growing out of the failure of the March premium to attract shipments of cotton here from the south.

There was a moderate scale of Canadian Pacific shares recently have been under fire, but their declines did not affect the general market.

In the early movement, several new low records were made. Canadian Pacific stock at 293.5-8, the lowest since 1911.

London bought stocks were on a moderate scale. Canadian Pacific's return was influenced largely by foreign buying.

Linseed.

Duluth, Minn., March 13.—Linseed, 51.75; net receipts 1,715; gross 1,715; sales none; stock 514.15.

MAIL SCHOOL USED TO MARKET STOCKS

International Correspondence School Charged With "Wildcat Schemes"—Institution Denies Charge.

Boston, March 13.—Sharp criticism and a vigorous defense of the International Correspondence Schools of Scranton, Pa., and their relations with corporations which have a capital of more than \$100,000,000 were voiced today before the legislative committee on mercantile affairs.

It was claimed that the cause of education was being prostituted for the marketing of stocks through agents of the schools. On the other hand, friends of the schools scored its opponents as interested for material reasons in injuring the stocks in question and flatly denied that the schools had any physical connection with the other corporations.

APPEAL OF SULZER FOR SALARY DENIED

Albany, N. Y., March 13.—Without passing upon the merits of the case the appellate division, third department, today sustained Supreme Court Justice Chester in his denial of the application of William Sulzer for a writ of mandamus to compel Comptroller Solmer to pay the salary of the former governor from the time of his impeachment. Preparations were begun immediately to have the case reviewed by the court of appeals. Mr. Sulzer hopes to have the United States supreme court pass upon the validity of his impeachment.

Winder Sunday School Leads

The Christian Sunday school of Winder, Ga., defeated the West End Christian of Atlanta, last Sunday, by 91 points, taking the lead by 7 points in the attendance contest. Winder's reports show a total of 2,905 points. West End reports 2,788. The West End school expects to report 3,000 points Sunday and retain the lead. The season begins at 10 a. m. Visitors at Sunday school and at the preaching service at 11 a. m. are counted.

Atlanta Women Will Hear Landscape Gardening Talks

A series of lectures on landscape gardening is the timely movement being started by a group of Atlanta's representative women. These lectures to be given the latter part of the Lenten season. A home may be constructed on an expensive basis with hardwood floors, frescoed walls, upholstered furniture and veritable exhibits of pictures and ornaments. If, however, these things are not in form; if the walls do not carry the right design in the fresco; if the upholstered chair is out in the room calling for that kind of furniture; if the colonial lamp is on the table in the Oriental den, "those who know" will sigh and wonder why anyone has not better posted herself about the "right way."

The farthest end of the vegetable garden, where even the onions and the cabbage grow. There is just as much "form" about the flower garden and the vegetable garden as there is in the interior, and there is a relation between the two which the artistic woman maintains. It is not so easy to know the landscape art, in the relation to the home, without some study and consideration of the subject. The American woman alive to her opportunity in every field, especially in those related directly or indirectly to the home, has become an expert in landscape gardening, and women have the outer premises of the home on the subject. Of these may be mentioned Grace Cabot and Mrs. Frank Doubleday. The latter was the inspiration of her husband's publishing company, Life in America, also his magazine devoted to the art of landscape gardening. Atlanta women will hear the lectures in all things will greet the keen interest and aptness for the character of the lectures will be announced later.

Noted Dentists Gather For Midwinter Clinic Of the Local Society

Many noted dentists are in the city attending the midwinter clinic of the Atlanta Society of Dental Surgeons, which opened Friday morning at the Ansley hotel and adjourns this afternoon at 1:30 o'clock. The audience of each clinic is seated in a small amphitheater erected for the purpose. The session Friday morning was taken up with the reading of two interesting papers by Dr. John R. Callahan, of Cincinnati, and Dr. F. T. Van Wert, of Brooklyn, followed by a general discussion. Clinics were held in the afternoon. Dr. T. B. Hartsell, of Minneapolis, read an instructive paper on "The Part That Mouth Infections Play in Systemic Disorders." This was illustrated with lantern slides. Dr. Hartsell said that pneumonia and many other ailments of the system were caused by faulty teeth. Dr. J. H. Gathers, of Chicago, will give an illustrated lecture on "Essential Steps in Anatomical Dissection of the Dental Arch." The discussion following it will be opened by Dr. C. N. Hughes, of Atlanta, and Dr. H. E. Johnson, of Macon, and Dr. P. E. Callahan, of McRae. Clinics will follow from 10:30 to 1:30 o'clock each afternoon, when the midwinter clinic closes.

PEACE FUNDS USED TO FAVOR REPEAL

Thousands Used by Carnegie Endowment in Campaign of Education Against Tolls Exemption Clause.

Washington, March 13.—Activities of the Andrew Carnegie Endowment for International Peace in circulating literature in favor of a repeal of the Panama tolls exemption were brought out before the senate lobby committee today in the testimony of James Brown Scott, secretary of the foundation. It was developed that the endowment expended thousands of dollars in a campaign of education. Scott testified that more than a million copies of a pamphlet urging repeal were distributed under date of March 15, 1914. The endowment also distributed, Dr. Scott testified, 75,000 copies of Senator Root's speech, also urging the repeal. Senator Walsh brought out that there was an allotment of \$28,000 for circulation of Panama canal literature, and that the 75,000 copies of Senator Root's speech had been sent out by the endowment under the senator's frank. Mr. Scott said the order of the executive committee directing this action had been taken in Senator Root's absence. The pamphlet issued by "members of the board of trustees of the Carnegie Endowment for International Peace," under date of March 15, last, was signed, among others, by Joseph H. Choate, Andrew D. White, Charles W. Eliot, Billie Root, Luke E. Wright, Charles Magne Tower, Oscar S. Straus, Samuel Mather, James S. Slayden, Cleveland H. Dodge and Nicholas Murray Butler. For Repeal of Exemption. His appeal was as follows: "The greatest interest of the United States as a free nation is to present worthily before the world the principles of civil and religious liberty and the public efficiency and well-being which those principles demand, and thereby to promote the adoption of those principles the world over. This is of great material as well as of great moral interest. In comparison with this large interest, the smallest of the United States in its coastwise vessels sinks into insignificance. "By securing the repeal of that part of the act of congress on the Panama canal which provided for the exemption of the coastwise vessels from the payment of tolls the American people would embrace a precious opportunity to prove that they understood their highest interest and recognized their duty to promote it for the benefit of mankind. "It was the circulation of the pamphlet to which Senator O'Gorman had referred, in part, when he made his report at the senate upon the Carnegie endowment.

Women Who Take Charge Of French Army Canteens Are Ousted From Service

Paris, March 13.—The picturesque "antennae" or women who take charge of the French regimental canteens, and who have played such a heroic part in the French military history, are no longer to share the dangers of active service with the troops, according to the minister of war. The women, one of whom is commissioned to each battalion of infantry, regiment of cavalry or battery of artillery, are in future to be retained in the rear of the army. Formerly the women, wearing the uniform of their branch of the service, were sent into the front lines, serving often as nurses, or carrying soothing drinks to the wounded. They also have played many heroic parts in the front lines, and if their husbands died or were killed usually married the widows and their children, and not remain in the service. The minister of war has now decided that the women, who have been in the front lines, and if their husbands died or were killed usually married the widows and their children, and not remain in the service. The minister of war has now decided that the women, who have been in the front lines, and if their husbands died or were killed usually married the widows and their children, and not remain in the service.

Patrick was described to the police as 46 years old, five feet six inches tall and with a heavy black mustache.

Many Filings Are Made ON TURKEY ISLAND LAND. Guthrie, Okla., March 13.—Filings on "Turkey Island" land, Dark River, in the Osage Nation of Oklahoma, almost swamped the United States land office today. The filings, which number about sixty, are for land considered valuable because of recent discoveries of oil. The papers filed were for mineral rights on ten and twenty-acre tracts. The island has been in controversy for years. In a recent decision of the supreme court the question as to whether the title was in the state or the federal government was left open. It is said that drilling rights will be sold for \$100,000. There will be worth hundreds of thousands of dollars for each tract.
