MEDIATORS TO HOLD MEXIC CONFERENCE AT NIAGARA FALLS

A. B. C. Envoys Who Have Undertaken to Prevent War Will Try to Solve Problem on Canadian Side. DOOR IS STILL OPEN FOR CHIEF CARRANZA

Envoys Hope Rebel Leader Will Agree to Armistice. Meanwhile United States Intends to Hold Vera Cruz.

Washington, May 5.—The three South American envoys who have undertaken, by diplomacy, to settle Mexico's civil strife as well as her national difficulties, announced tonight that the first formal conference with the different parties interested in the mediation would be held at Niagara Falls, Ontario, Canada, May 18.

Secretary Bryan made the announcement for the three diplomats in a brief statement which read as follows:

"The mediators have notified the different parties that Niagara Falls, Canada, has been selected as the place where the mediation will proceed with representatives of the different parties interested in the mediation and that the date for the conference to begin."

CARRANZA URGED TO SEND AGENT

It later was learned authoritatively that the reason for this was due to the fact that a further effort was being made to induce General Carranza to send a representative. It was understood that the mediators had further explained their position to General Carranza and still were hopeful that he might be represented at the negotiations without seeking to limit his agent to discussion of any particular subjects.

The American government has not chosen its representatives. President Wilson and Secretaries Bryan and Lane discussed many names today. They are seeking to get men of training in diplomatic affairs and inasmuch as it will take several days for the Huerta envoys to reach here, some of the intervening time will be taken by the president in considering men for the mission.

As yet, there has been no formal basis of negotiation, neither the United States nor Huerta having set forth their demands. It was learned today from a high administration official that in all likelihood the United States would not confine itself now to a mere settlement of the incidents at Tampico, but would aim to bring about a solution of the whole Mexican problem so that it could recognize a constitutional government and a government which would be able to restore tranquility in the southern republic.

AMERICAN FORCES STAY IN VERA CRUZ

The disposition of General Carranza to eliminate himself from the mediation proceedings, it should include a discussion of Mexico's internal problems, has not met with the favor of administration officials, but they do not think this decision is final. It is virtually certain that withdrawal of American forces from Vera Cruz will not be ordered until some definite settlement of the whole Mexican problem is in sight.

The death of two of the Americans wounded at Vera Cruz, bringing the mortality list up to nineteen, the announcement that the president and Secretaries Garrison and Daniels would go to Brooklyn to attend memorial services for the seventeen dead, being brought back on the Montana, and orders to the hospital ship Solace to bring its wounded back to New York and Boston so that the sick may be in a cooler climate, were the chief developments during the day.

The war department continued plans for possible evacuation of the state department was arranging for refugee Americans who are leaving Mexico by the hundreds.

Niagara Falls, Ontario, was finally selected as a place to hold the mediation conferences because it is neutral territory, yet in close proximity to the United States. The fact that Niagara Falls is on the extreme border of Canada, and is known more as a scenic resort than as a political center, will remove, in the opinion of many officials here, any impression that the negotiations are to take place on their territory for diplomatic reasons.

JURY PROBE TO CENTER AROUND ALLEGED EFFORT TO BRIBE REV. RAGSDALE

Solicitor General Rests His Case, and Defense Begins Introduction of Rebuttal Evidence—Hearing to Be Resumed Today.

There were strong indications yesterday that Detective William J. Burns will be detained under heavy bond as a material witness before the grand jury in its investigation into bribery charges when he returns to Atlanta from Oklahoma City, where he is now testifying before a government land case.

His lieutenant, Dan S. Lehon, superintendent of the southern division of the Burns service, was ordered held by Judge Hill yesterday and was put under bond of \$1,000. No other arrests, however, were ordered at the time. Lehon's bond was made at once.

Solicitor Dorsey was asked by a reporter for The Constitution Tuesday afternoon if any further arrests had been proposed. He stated that this was not likely until the return of Burns, when action would, in all probability, be taken against the noted sleuth to force him to appear before the grand jury.

Just Looked Like It. Dorsey would not say affirmatively whether or not Burns would be detained. He said that "it looked like it."

The state seems determined to press a vigorous and exhaustive investigation into the bribery and coercion charges that have been made by witnesses for the state in the new trial motion for Frank. The jury probe will center around the Rev. C. B. Ragdale, incident in which the minister was bribed to effect a confession.

Dorsey stated Tuesday afternoon that he did not know definitely when he would be ready to start proceedings and he and his staff were so busy engaged in fighting the motion for a new trial for Frank.

Lehon was notified Tuesday morning that he would be forced to put up bond for appearance before the jury. He went at once with Milton Klein to the court and put up the required amount of \$1,000. The order against him was issued early this morning.

Solicitor Rests Case. Solicitor Dorsey "rested his case" shortly after noon Tuesday, and the defense began submitting its rebuttal evidence.

WITH THRILLERS T. R. ANNOUNCES OUT OF JUNGLE

Colonel Roosevelt and Party Reach Para and the Colonel Begins to Tell of His Exploits in the Wilds.

MADNESS AND DEATH MARKED THE JOURNEY

Sixty Days in Canoes and Dangerous Rapids Shot. Kermit Roosevelt Narrowly Escaped Death in the Rapids.

Para, Brazil, May 5.—Colonel Theodore Roosevelt, who, with his son, Kermit, arrived here yesterday on the steamer Durstean from Manaus, was greeted on board by a representative of the governor of the state of Para, municipal authorities and prominent persons.

Thanking the deputation for their reception, Colonel Roosevelt referred to the great progress made by Brazil and praised highly the work of the Brazilian commission under Colonel Rondon, which made the exploring trip with him.

Colonel Roosevelt and his companions were so fatigued that they decided not to go ashore until tomorrow, when they will tour the city and attend a luncheon given in their honor by the governor. On Thursday the party will leave for New York by way of Barbados.

Roosevelt Tells of Trip. Colonel Roosevelt, in an interview with the Associated Press, gave many interesting details of his exploring trip through the wilds of Brazil. He said:

"The expedition has proved a signal success. It was undertaken originally for the American Museum of Natural History."

"During our trip George K. Cherry and Leo C. Miller, the naturalists, collected more than 2,000 birds and mammals, reptiles and bats, and fish, chiefly from regions not hitherto traversed by any collector, and many representing species hitherto unknown to science."

"The most important part of our trip was geographical. In the exploration of an unknown river, we have put on the map a river nearly 1,000 miles long, the existence of which is not hinted at on published maps. The upper part of its course was utterly unknown to anybody except the wild Indians along its banks, which part was known to a few rubber men only."

"The river takes its rise in the high uplands of the western part of the state of Para, just north of the thirteenth parallel of south latitude and between longitude 55 and 60 west of Greenwich."

"We embarked in latitude twelve degrees 25 minutes. The river ran with many doublings and twistings, almost due north into the river Madeira, where its entrance was at a depth of 30 minutes south latitude."

"60 Days in Canoes. We were sixty days in canoes. In latitude seven degrees south, we passed the last rapids and reached the mouth of the river, which was about 100 miles from Manaus."

"In latitude ten degrees 58 minutes south, we struck the mouth of a big affluent, flowing from the right and latitude nine degrees 49 minutes south, we came to the mouth of another big affluent, flowing from the left."

"The Duvida river, in point of volume, is like the Rhone, the Elbe, or the Hudson, but is too much broken up by rapids to be navigable, except in the lower parts. In about seven days we were in the lower half of the course of the Duvida is almost an unbroken series of rapids, there being no clear days' run without rapids. This was the hard part of our journey."

"One Man Went Mad. Two sets of rapids were at the bottom of canyons where the river clove its way through mountain chains. One of our men was drowned and two others, including Kermit, narrowly escaped death by drowning."

"Under the strain one man went mad. He finally murdered one of his comrades and fled into the wilderness, but was captured and twice heard from. While Colonel Rondon, the chief of the Brazilian mission, was out along hunting, his dog was killed by arrows. The dog's death probably saved Colonel Rondon's life."

"I had a severe bout of fever and while working around a canoe in the lower part of the river, I was struck by a bad abscess, but I am now practically all right."

TWO WOUNDED SAILORS ARE DEAD AT VERA CRUZ

Washington, May 5.—Two of the sailors wounded at the occupation of Vera Cruz died today. They were Harry Pulliam, fireman, and Clarence Birchberger, both of the battleship Utah.

The information of the deaths at Vera Cruz was received in a dispatch from Admiral Badger. Pulliam died as a result of a gunshot wound, which had caused paralysis in the lower half of his body. The nature of the wound indicated that he had been fired upon from above.

RESCUED SAILORS EXPLAIN MYSTERY OF BLAZING SHIP

Liner Franconia Picks Up 13 Men in Open Boat Who Tell of the Burning of the Freighter Columbian.

Boston, May 5.—The mystery surrounding the identity of the steamer on fire in the westbound trans-Atlantic steamer lane, south of Sable Island, for forty-eight hours, was solved tonight when wireless messages from the Cunard liner Franconia told of the burning of the freighter Columbian, and the rescue of thirteen of her crew.

Steward Matthews, whose body the survivors had in charge, and the disappearance of a second boat, in which were nineteen men, including the first and second officers, also were reported.

Whether the number of missing was represented by those said to be in the second boat was uncertain tonight. Estimates by officials of the Leyland and Phoenix lines placed the number of the crew at between forty-five and fifty. The messages from the Franconia told of only thirty-three men, represented by the occupants of the two boats. It was thought possible that there was a third boat, commanded by Captain McDonald, of the Columbian.

Survivors Were Exhausted. The survivors were so exhausted by their experience that they could tell little of what had happened, and steamship officials expressed the opinion that the omission in the wireless messages of mention of the captain might be laid to this fact.

The Franconia searched until nightfall for the second boat but without result. Then Captain Miller, of the Cunard, sent word ashore that he had given up the search and would proceed for Boston with the survivors, and his 1,732 passengers. He said he expected to arrive at Boston lights at midnight Wednesday.

Before turning for his destination, Captain Miller had notified the steamers Manhattan and Haverford, both eastbound, of the missing boat, and they sent word that they had changed their courses and were heading toward the burning steamer.

The Columbian was owned by the Leyland Line, but was chartered to the Phoenix Line for a voyage from Antwerp to New York. She carried no passengers.

The latest word of her came today from the North German Lloyd liner Scythia, which had stood by for twenty-four hours, saying that the vessel was aflame throughout and that the funnel and foremast had gone overboard.

WASHINGTON INQUIRES ABOUT CONSUL SILLIMAN

Washington, May 5.—Alarmed by unofficial reports that Acting American Consul John R. Silliman, at San Luis Potosi, Mexico, has been a prisoner of the Epitrotes, the Mexican government, the Epitrotes are said to have set fire to the church afterwards and allowed the bodies to burn.

ROCKEFELLER MONEY SPURNED BY SENATE

Cash of Oil Magnate Not to Be Used in Connection With Appropriations.

Washington, May 5.—Without enough opposing votes to secure a roll call, the senate today put into the agricultural appropriation bill a provision that none of the funds provided for farm demonstration and cotton boll weevil work should be used in connection with contributions by the general education board or other like associations.

The general education board was endowed with \$42,000,000 by John D. Rockefeller, and has contributed in help pay the salaries of government employees engaged in farm demonstration and boll weevil work in the south.

Senator Oliver, of Pennsylvania, entered a protest against refusal to accept contributions of citizens for agricultural government work and Senator Martin, of California, introduced an amendment by parliamentary procedure.

Senator Ashurst, after referring to the refusal of Mr. Rockefeller to arbitrate the labor troubles in Colorado and to the homestead strikes in Andrew Carnegie mills, declared he was not in favor of Rockefeller's earnings or any of their class being permitted to patronize the government with "money procured through the work of employees."

250 MOSLEMS CRUCIFIED IN AN ORTHODOX CHURCH

Appalling Work Attributed to the Epitrotes Who Have Invaded Albania.

Durrazzo, Albania, May 5.—Two hundred and fifty Mohammedan Albanians captured by the Epitrote invaders at Hormova, were crucified in the orthodox church at Kodra, according to information received by the Albanian government. The Epitrotes are said to have set fire to the church afterwards and allowed the bodies to burn.

MEXICANS IN TERROR WHEN DENVER APPEARED

On Board U. S. S. South Dakota, At Sea April 27.—Via San Diego, Cal., May 5.—The entire Mexican population of Salina Cruz fled in terror when the United States cruiser Denver touched at that port Tuesday, April 21, according to a story told by officers of the gunboat Annapolis, which was spoken this afternoon by the South Dakota. The Mexicans believed the warship had come to shell the town because of recent anti-American demonstrations by the more excitable of the native population.

GREATER HOSPITAL BONDS ARE BEATEN AT POLLS TUESDAY

About Three-Fourths of the Votes Cast Were for Issue, But the Number Received Proved Insufficient.

With all returns from country and city precincts complete, returns of the county democratic primary, held yesterday, show C. Wheeler Mangum, the present sheriff, re-elected over Captain W. M. Mayo and L. O. Wright by a plurality of 291 votes.

Sheriff Mangum received 5,700 of the total of 12,335 votes cast in the sheriff's race. His nearest opponent was Captain Mayo, who polled a total of 5,409 votes. Wright's strength, mustered from the city precincts, was only 1,226.

Sheriff Mangum carried a majority of the city wards. Mayo's greatest show of strength was in the country districts, which he carried.

The Sheriff hospital bond issue of \$750,000 was defeated. About three-fourths of the votes cast were for the bonds, but the issue failed to receive the necessary number to carry them.

Tom Armistead, tax receiver, and Andy Stewart, tax collector, respectively, will be returned winners. Oscar Mills defeated Tull C. Waters for county commissioner.

Among the seven candidates in the race for a place on the county board for the county-at-large, Dr. W. L. Gilbert and Charles G. Turner are leading, with all indications pointing to their election.

Intense interest was manifested in the election. Voting began early and was brisk until the close of the polls. Perfect order was maintained.

Under the rules governing the election, the Sheriff hospital bond issue of the plurality he received over his two opponents, will be declared the winner, as there is no rule which requires one candidate in a three-cornered race to receive a majority over both his opponents. The same rule will apply to the two leading candidates—Dr. Gilbert and Turner—in the race for commissioner from the county-at-large.

The Annapolis had aboard 16 refugees including women and children bound from south coast points for Mazatlan to be placed on board vessels bound for the United States. They told of anti-American demonstrations at various places, but said none was of a serious nature. The British consul, it was said, was looking after American interests in Salina Cruz, the American consul having left.

BONDS GET BIG VOTE

Grady hospital bonds were defeated. Out of a registration of 14,662 votes, the bond issue received 7,609, lacking 1,969 votes of being two-thirds of the total registration. Although the bonds were not carried, the interest manifested by the voters indicated that the people are thoroughly aroused to the necessity of hospital improvements. There were only 1,025 votes cast against the bonds. Neglect on the part of the voters was alone responsible for the defeat of the bonds.

In the other contests "Andy" Stewart defeated Charles Branan for tax collector by a majority of 2,937 votes. Branan made a stronger race against Stewart than at any other time he opposed him.

T. M. Armistead was elected tax receiver by a plurality of 440, lacking nearly 1,000 votes of receiving a majority of all the votes cast in the election. Armistead received 5,092.

JUDGE BARS REFERENCE TO STANDARD OIL CO.
Oklahoma City, Okla., May 5.—Holding that such reference could be only for the purpose of arousing sympathy in the minds of the jury, United States District Judge Cotteral today forbade counsel for the defense to make reference to the Standard Oil company in statements to the jury in the trial of H. H. Tucker, president of the Standard Oil company, and ten of his associates who are charged with having attempted to obstruct the investigation of the interior in its administration of the affairs of the Osage Indians in Oklahoma.
Judge Cotteral's ruling was made when counsel for Tucker endeavored to relate to the jury alleged conversations of Tucker by the Standard Oil company as a result of the oil war in Kansas a decade ago. The central point of the defense was that nothing had been shown tending to involve the Standard Oil company in the present case.
The defense also failed today to have ruled out evidence relating to tentacles of the Standard Oil company in the proposed leasing of Osage oil lands promulgated by the secretary of the interior. Judge Cotteral ruled that the evidence given was largely preliminary.

FAMOUS "BETSY" POPE MACHINE REINSTATED
The many motor fans of Atlanta will be glad to learn that the famous Betsy Pope that has won so many of the big motor meets held in the south has been granted a temporary reinstatement by the American Automobile Association.
Both Mr. Crane and his automobile were disqualified by the contest committee of the association back in February for his participation in a race meet held in Birmingham September 29, 1913.
The meet was unsanctioned by the A. A. A. and the disqualification of Crane and Betsy at the time created a sensation among the motor fans of Atlanta, and looked for a time that the affair would bar Mr. Crane and his car from participating in the Atlanta Automobile and Accessory association annual hill climb.
Mr. Crane much gladdened today over the reinstatement for it places him and his car in position to win the much coveted trophy which has been won by Crane and Betsy for two successive meets and if he succeeds Saturday, which will make him winner for the third successive time will give him the permanent ownership of the cup offered by the local association.

EVEN O'SHAUGHNESSY ROBBED BY MEXICANS
New Orleans, May 5.—Mexicans did not even expect Nelson O'Shaughnessy former American charge at Mexico City, in pressing upon American consuls the bill of Vera Cruz. Practically all of the baggage of Mr. and Mrs. O'Shaughnessy was stolen from the special train which they were on for the charge and his party to transport them to Vera Cruz after he had been handed his passports.
The former charge arrived today on the gunboat Iankton and early in the day he and Mrs. O'Shaughnessy began a shopping tour to replenish their wardrobe as they arrived with little less than they were. The party left tonight at 9:30 for Washington.
When shown a dispatch from Vera Cruz saying that he had submitted to Washington, at the president's request, the names of Mexican consuls to act as a council to take charge of the government in the case of the downfall of General Huerta, O'Shaughnessy said he knew nothing at all about such a mission. He refused to discuss the Mexican situation in any of its phases.

Heroic Deeds of the Jackies At the Taking of Vera Cruz

Vera Cruz, May 5.—(Via Galveston, Texas, May 5.)—The first fruits of the lessons of the Spanish war have been made evident by the military organization of Vera Cruz by American forces. Those who observed both movements at close range saw there is little room for comparison. None of the confusion which attended the embarkation of the United States troops in shipping troops at Galveston and which tropical town still rinks with dead of the bluejackets during the street fighting of April 1 and 2. Funston's brigade trooped down off their transports an army fit for action. Those who never had seen any troops in the field, as they were, the Indians of the federal guard regarded the Americans as a lot of giant soldiers. The appearance of the equipment of the United States troops was a surprise. No native believed the United States had troops like that.
The gallant deeds of the bluejackets in the street fighting of April 1 and 2, probably never will all be recorded. Heroism was too common to be noted these days. On the roof of the Terminal Hotel, the rear front of the late Edward O. McDonnell, the naval attaché at Galveston, was stationed with a machine gun snuffing its leader hail through the streets while the jackies came up on the roof. One of the snipers picked on McDonnell's men and they went down until

TWO-BATTLESHIP PLAN SUPPORTED BY HOUSE
"Little Navy" Men Are Defeated by a Vote of 148 to 91.
Washington, May 5.—The administration program for the next year in the naval program bill was sustained in the house today when the one battleship proposal was voted down 91 to 148 and a motion to strike out the two battleship provision was defeated 91 to 152.
An amendment was adopted appropriating \$400,000 for the purchase of sites for high power wireless telegraph stations to be located in England, California, Hawaii, Samoa, Guam and other islands all the sites to cost not exceeding \$1,000,000.
Representative Witherspoon of Mississippi characterized the entire bill as "damnable graft." Representative Hobson of Alabama favored an amendment for constructing a superdreadnought.

SOUTHERN METHODISTS READY FOR CONFERENCE

TENNESSEE CYCLONE LEAVES DEATH BEHIND
Town of Delina Wrecked—One Person Killed and Two Others Injured.
Nashville, Tenn., May 5.—In a cyclone which struck Delina about 10 miles from Fayetteville at an early hour Tuesday morning, Mrs. Bird McRee was killed almost instantly and two other occupants of the house Mrs. Halsett and James Luna were badly injured though it is thought not seriously.
The house was partly wrecked and Mrs. McRee was blown from her bed across the house. The chimney fell at the same time and she was struck by the falling brick. The wind blew into the road and Mrs. Halsett was blown violently from her bed striking the opposite wall. At the same time home the chimney and porch were blown away and the residence of Mrs. DeBham was also badly damaged.
Trees were uprooted, fences blown down and many other damages of a nature that resulted in the loss of life.
The path of the storm was quite narrow and so far as can be learned Delina was the only serious sufferer.

STEPS TAKEN TO BAR "PINK BOLL WORM"
Washington, May 5.—Fearing the introduction into the United States of the pink boll worm, one of the most dangerous cotton pests known to the department of agriculture, the department today set in motion steps which it would hold hearings May 17 on proposed new quarantine against the insect. These steps include restrictive measures on account of the pink boll worm and the entry and manufacture of foreign lint cotton to the northern states and to restrict importations of lint cotton to many foreign countries. The movement that these measures would use will owners department of agriculture is to establish a permanent comparison with the disastrous effects that would be wrought should the insect be established here. The insect is found in India, the Straits settlements, Ceylon, Burma, and since its introduction into Egypt more than 11 other cotton insects combined.
To keep this insect out of the department has the bar of cotton seed. The number of infected seed are usually found in the bales of lint. Since the cotton is the only source of the insect to many of the southern cotton mills the danger from this insect is not to be overlooked. It is to be noted that the department is to be established in conditions in the country.
The new quarantine will keep all cotton from the southern mills. This loss can be great means for the cotton industry. The department is to be established in conditions in the country.

MEXICANS MINE RAILWAY TRACKS

Campaign of Destruction to Be Inaugurated if the Americans Advance—Mayo Wants to Seize Tampico
Washington, May 5.—Information came from Vera Cruz to the war department today that the Mexican federal troops have mined the rail tracks from Vera Cruz to Mexico City in preparation for the destruction of the road in the event that the American forces attempt a march on the capital.
Confirmation had been received of reports that the Vera Cruz bridge on the late Occidente railroad had been dynamited.
The mines are reported to be located a half mile apart and Mexican soldiers have been detailed to touch off the fuses should hostilities eventuate.
These preparations and the throwing up of defenses which are daily making the position of the Mexican federal troops stronger are said to be a source of worry to General Funston and it is understood that he would welcome orders to start for the Mexican capital at once.
Mayo Wants to Take Tampico
Admiral Mayo at Tampico has informed the navy department that he would have no trouble in taking Tampico with his present force and it was learned today that he has more than once hinted in his dispatches that it would be advisable to take such action. He is now under his command in addition to his flagship, the Des Moines two cruisers and a torpedo boat fleet of nine.
Firming continues daily at Tampico between constitutionalist and federal forces according to a report transmitted from Admiral Mayo to Admiral Badger today. Heavy guns were heard to roar from the coast of the port yesterday which has arrived at Vera Cruz from Tampico reports that Mexican federal forces at the latter port were reinforced by 1,000 men last week.
Admiral Badger reported to the navy department today the receipt of word from the torpedo boat destroyer Drayton at Tampico that the ritualist Minister Hacienda there had ordered customs officers not to clear or enter any vessels from or to American ports. This order it was further reported had been given at all ports in the state of Vera Cruz.
Americans Detained
The Drayton also reported that thirteen Americans had been detained against their will at Mellabouqua, a station on the Vera Cruz line, and given to the British consul at Turpan by American refugees who said the Mexican authorities gave as their reason for holding the Americans a desire to assure the safety. The British consul has wired the governor of Puebla requesting their release. Admiral Badger also reports that he is forming a special service squadron under Admiral Winslow. He did not indicate what ships would be included for this purpose. The factor and the Des Moines it was stated would remain in the Gulf of Mexico at Tampico for the present.

PLEA OF HUERTA SPURNED BY VILLA

Rebel Chief Flatly Refuses to Aid in Fighting Americans—Calls Huerta the Assassin of Democracy.

Torreón, Mexico, May 4.—(Via El Paso, Texas, May 3.)—The answer of General Francisco Villa to a request from General Maas, in command of the Saltillo garrison, that Villa join the federals in avenging the American occupation of Vera Cruz, was delivered to the federal messengers today.

General Villa refused absolutely to ally himself or his men with the federals, and declared that the Huertistas had provoked foreign intervention for their own ends.

General Maas' letter to Villa announced that in addition to occupying Vera Cruz, the port of Salina Cruz had been seized by the United States forces on April 23.

The Maas Letter to Villa.

The letter follows:

"I have received instructions to notify the revolutionary chiefs that American intervention in Mexico is an accomplished fact. The United States of the north have committed a grave offense against Mexico by disembarking troops in Vera Cruz, on April 21, and by taking similar action at Salina Cruz two days later. This action constitutes the intention of war and this is the supreme moment to call on the patriotism of all Mexicans to present a united front and forest our differences in the intense love of a country of which we are possessed. We can consider the enemy only as a foreigner, who in the most unjust and ignominious manner has stepped upon the holy soil of our fatherland.

"It is well known that the North American, following the hypocritical and undignified conduct which they have used in all cases of intervention, have declared that they will not fight against the revolutionists, but only the American government, but it is clearly to be seen that the conduct is divided and to make easier their conquest. As Mexican patriots we should not permit foreign nations to enter our international affairs.

"We, therefore, call upon our brothers to rally to the common cause for the

defense of the national integrity. You could not more nobly yield your position than in the cause of all Mexico, that we can march together against the invading Yankees. I have such faith in your patriotism that I do not doubt that the forces of your command will rally to fight the invasion of the Americans.

"I referate to you assurances of my distinguished consideration."

J. MAAS.

"General in Chief of the Division of Saltillo, April 28."

The Answer of Villa.

General Villa's answer follows:

"In answer to your letter of April 23, which, in accordance with your instructions, you invite me to march with you against the foreign invaders of our country, I would say that I understand the conditions of the present and the present diabolical machinations. I know that as an accomplice, you took part in the landing and treason of February, 1913, (Madero's death). This is perfectly well understood, and you also know that you cannot pardon it and also know that it will be the cause of your ruin.

"I, therefore, give you this answer, only because your friends, enemies and my answers are historical documents, and I owe to posterity an explanation of my conduct.

"I know that the Científicos, by various processes, up to this time, have sought to bring about North American intervention in Mexico. It is known without doubt that the coming of the Americans was desired and provoked by you. The manner in which you have excited internal troubles and then called on all Mexicans to help fight the external troubles, is clear to all the world.

"General Huerta and you did not show much wisdom when you were converted into traitors and assassins of President Madero, Vice President Pino Suárez and other liberal democrats, because you did not realize that the blood of the heroes who died for the movement in 1910 would lead to your ruin.

"Now you desire to provoke a foreign war, by the coming of the American disaster coming from the civil conflict. You show even less wisdom when you pile up mountains of blood, and lies which will crumble about your ears.

"You have sought to make this union between yourselves and the constitutionalists, who are under arms, and with the pretext of a foreign war, you seek to arm many Mexicans whose sympathies are not with you, but whose patriotism you expect to exploit without reflecting that you are an assassin of democracy, who seek to win over by starting a war with the American nation to serve your personal interests and those of your party.

"It will soon be proven that the satanic declaration which you made to the fatherland have made in stating that we have formed a union with the North American is a stupid assertion which will cost you your existence and bring to your families an eternal stain.

"The constitutionalists desire to do all possible compatible with the national dignity to avoid a foreign war, but we are not with you, we will face two enemies, the powerful stranger and the depraved conspirator.

"For constitution and reform."

FRANCISCO VILLA.

A Sale of Tailored Linen Waists

At \$1.95 Were \$2.95 & \$3.50
At \$2.00 Were \$4.50 & \$5.00
At \$3.95 Were \$6.00 & \$7.50

Such waists as every woman needs at this season. They are waists for service—tubbing does not hurt them. We call them linen waists—but also there are madras and dimity waists among them—all white—some with stiff collars and cuffs, others with the low turn-back collars and cuffs. Choose from those perfectly plain but for a few tucks, and those with richly embroidered fronts and trimmed with Irish crochet laces. The reason they are so reduced is because they are a bit crumpled—but one laundering, and a new waist.

Two Waist Novelties Just Unpacked

\$2.25 \$4.95

An airy China Silk Blouse—loose, summery, cool. The collar is a small pointed sailor affair, half-length kimono sleeves, shirred cuffs, hemstitching in sleeves and front panel. Made on an elastic belt!
Made without hurt. White, mais and light blue.

A fresh, dainty waist that combines the service of linen and the vogue for colors in blouses. The fabric is a light linen lawn, and it comes in flesh, Copenhagen and mais. Cut low at the neck, with a double notched collar that lies flat. Long sleeves with pointed turn-back collars. A novelty you will like.

Distinctive Styles in Separate Skirts

Silk Skirts, Woolen Skirts

Look upon this as a display of the new styles. Separate skirts have been pronounced by those in high authority as "good" this spring. And this display is composed of those styles in highest favor.

Silk Skirts \$13.50 to \$18.75

Moires and taffetas. One of the new notes is the long tunic that extends almost to the bottom of the skirt. Sometimes it is ruffled—and is cut back from the front waist. Another novelty is the wide tucked girdle and square peplum at the back. Then there are many variations of the bouffant styles and the tiered effects. In all, an authentic display.

Woolen Skirts \$5.75 and Upwards

Smartness here! Bold plaids in colors, in black and white, blue and white, brown and white, beautifully tailored into lines of the new silhouette. With these are novel ratines in dark colors and plaids.

day and for the first time it became authoritative known from them that they considered the whole range of Mexican affairs as properly embraced in their work. Their reply to Carranza had made this clear, and while exempting him from the mediation for the time being, it left the door open for him to come into the proceedings later.

At the war department it became clear that no advance at Vera Cruz was intended, unless to repel attack, but it was known that a definite course of action had been outlined in the event of a resumption of hostilities at Vera Cruz, and the extension of the campaign toward Mexico City, that event Major General Leonard Wood will be in supreme command with General Funston directing the advance beyond Vera Cruz, and General Charles B. Bailey, of the artillery, assuming command at the base at Vera Cruz. This arrangement, however, is wholly in the line of preparedness and signifies no present purpose of being put into operation.

The text of the mediators' note to Carranza, made public during the day, stated definitely to the effect that all the difficulties which contributed toward the present situation in Mexico bear either directly or indirectly on the solution of the pending conflict between Mexico and the United States. The mediators, therefore, announced that all these difficulties should be made the subject of consideration in the negotiations.

They also informed Carranza that they considered it indispensable that the difficulties as to his participation in the mediation.

DR. EDWARD RYAN REPORTED SAFE

During the state department announced that Dr. Edward Ryan, the American threatened with death, was in the custody of the foreign minister at Mexico City, but would be started for Vera Cruz Thursday night on a refugee train.

The question of the receipts of customs during the period of the American occupation has been decided by the decision to keep the receipts but interest altered to be payable from customs receipts.

The Mexican foreign minister today officially notified the Spanish embassy here, which is in charge of the Mexican affairs, of the appointment of the Huerta delegates to meet with the mediating envoys.

The dispatch said the three delegates would be accompanied by the general Esteva, secretary of the mission.

The Colombian legation here today announced that the Colombian senate has passed a law declaring the conflict between the United States and Mexico, and expressing warm wishes for the success of mediation and a peaceful and lasting settlement of all existing differences. The resolution was communicated to the mediators.

was still adrift. The Franconia cruised in search.

Survivors suffered terribly during forty hours exposure in an open boat. Their condition was so grave that it was impossible to get their story for several hours after they were picked up.

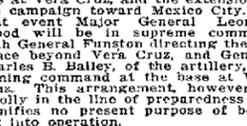

The Colombian caught fire Sunday when 300 miles south of Cape Race. Captain McDonald ordered the wireless operator, James Drolan, to send out calls for assistance, but a series of explosions put the wireless out of commission. It soon became evident that the crew could not control the fire and the order to abandon the ship was given. The men left the Colombian in two boats. Chief Steward Matthews was in charge of the first boat. This boat put away from the steamer and lay-to for a time, but in the course of the other boat was not visible, and the steward's boat finally drifted far from the scene.

Chief Steward Matthews' fate was a mystery until the men were brought onto the decks of the Franconia.

Those aboard the Franconia are: James Drolan, wireless operator; Antonio Blas, carpenter; Ivar Iversen, boat-swain's mate; Ungase Priize, Jens Jensen; A. Abelnick, quartermaster; Gustav Schriber, donkey man; Thomas Connor, Juri Lei and Arthur Brantke, able seamen; Anthony Cordense and

of assistance to the shipwrecked ones. Captain Miller, of the Franconia, saw to it that they were first given the required rest.

Having learned that another boat with thirteen men, probably including Captain McDonald, still was missing and supposed adrift, Captain Miller ordered the Franconia turned about on a searching cruise. No trace of the second boat had been obtained late tonight.

MORAL OF THE BOND ELECTION.

The Greater Grady Hospital bond issue
failed in yesterday's election.

Two morals can be drawn from the elec-
tion:

(1) That the overwhelming majority of
the voters of Atlanta realized affirmatively
the importance of the improvement.

(2) The force of the principle that
makes an important bond issue contingent
upon the votes of dead men, absent men, or
bushwhackers too cowardly to come out
into the open, but whose deliberate absence
from the polls was equivalent to a vote
against the issue.

With reference to the first point, it is
emphatically true that the people of Atlanta
never yet made up their minds to secure an
improvement but what they have been suc-
cessful in the end. In the current instance,
Greater Grady received an overwhelming
majority of the votes cast. Considering that
the registration is nearly 15,000, it may be set
down that the vote yesterday was an over-
whelming affirmation of public sentiment
regarding a bond issue to enlarge Grady.

Had the question been decided by voters
participating instead of voters registered,
the bonds would have triumphed.

As it is, the vote of yesterday forecasts
that it is only a question of time, a few
months, perhaps, before the bonds will be
authorized under even the difficult and
clumsy two-thirds of the full registration
provision prevailing.

There is now pending a proposal for a
constitutional amendment requiring that a
bond issue shall be validated by two-thirds
of the votes cast, rather than two-thirds of
the votes registered. This will provide
ample margin and ample guarantee against
the abuse of the bonding function. It will
put a premium upon the sort of citizenship
with interest enough in public affairs to
come out and vote. It will discount the
sort of citizenship too indifferent to the
public welfare to vote, or willing to "snipe"
negatively by staying at home.

After all, while the result is not as the
city hoped, it is gratifying in the tremen-
dous percentage of the vote cast in favor of
the bonds. It means that the city will yet
get what it wants.

"TAINTED MONEY" IDIocy.

The senate the other day anticipated the
silly season by reviving the prehistoric con-
troversy over "tainted money."

The battle raged around an effort to cut
off Rockefeller donations for farm demon-
stration, and boll weevil extermination in
the south.

A few excitable senators declared the
millions thus spent were "soiled by the
blood of the men and women of Colorado,"
and phrases of a similar hectic hysteria—
all of which is arrant rubbish.

Senator Martin, of Virginia, had the
right angle when he said he would be glad
to see half of Rockefeller's money spent for
developing his state. If the fortune were
illegally accumulated, he said, there was a
law to punish the man or men culpable.

The incident in the senate reminds us
that we are yet suffering a "hang-over" from
the era of the muck-raker, the sob-squadder
and the solve-it-while-you-wait faddist.

If every dollar, shekel, shilling, mark or
franc in this world that ever has been or
ever will be "tainted" should be called in,
the currency systems of civilization and,
with them, civilization itself, would go out
of business.

Trace the lineage of the most honest
man back far enough and he gets to Adam,
who was a pretty tough sinner, according
to the standards of his day.

Trace the lineage of the dollar in your

"jeans" and at some stage of its wanderings
it is likely to have touched hands with some
sort of wrong.

The best way to purge "tainted money"
is to sanctify it to good uses.

We do not know of worthier purposes
than farm demonstration, which is increas-
ing the fortunes and happiness of millions,
or efforts to exterminate the boll weevil,
directed in the same general channel.

As for the other great social foundations,
providing for research work to ameliorate
disease, as well as to cure crime and civic
inefficiency at their sources—it would be
nothing short of a calamity if the "tainted
money" howlers wrought their destruction.

What this country needs is a thorough
baptism of sanity, a return to reason, and a
rejection of the doctrinaires who infest it
more sorely than a plague of locusts.

All of these colossal fortunes, being now
returned in part and intelligently to the
people, came originally from—the people!

The reasoning that would check this
voluntary working out of the law of restitu-
tion is about as blatant an exhibition of
sophistry as ever taxed a country's tolera-
tion.

Tomorrow is Tag day.

Tag day can accurately be called the
"Annual Festival of the Atlanta Kiddies
Looking for a Square Deal in Life."

The proceeds of the tag sales go to the
support of the tree nurseries and allied
kindergartens conducted under the super-
vision of the Sheltering Arms society, of
which Mrs. W. S. Elkin is president.

Placed at strategic points in the indus-
trial sections of the city, the nurseries take
care of the babies, from morning to night-
fall, of the mothers who must go forth to
earn or help earn a living.

Without the kindly intervention of the
nurseries, the children would either go
neglected or the family income, scanty
enough at best, would suffer by forcing the
mother to remain at home.

The kindergartens take care of the
children below school age.

With both the kindergartens and nur-
series, the work is the highest type of con-
structive human conservation.

They are intelligently operated factories
for giving to thousands of little bodies and
minds the healthy and proper start in life.

The institutions are not to be viewed
as simply eleemosynary or philanthropic.

They are among the best positive and
direct investments Atlanta can make.

Whatever tends toward self-supporting
and efficient citizenship is a financial and
ethical asset to the community.

And these free nurseries and kinder-
gartens are proven influences of this na-
ture.

For several years now, the gentle-
spirited Atlanta women underwriting this
movement have depended solely on the pro-
ceeds from Tag day to finance it.

They call upon Atlanta at no other time
during the year. They give each citizen
the opportunity to cooperate. Whether it
is a penny or a five-dollar gold piece you
give for a tag, you are a partner in these
laboratories for giving human life the proper
twist.

The sales tomorrow should assume rec-
ord proportions.

THE NEXT CURRENCY STEP.

President Wilson has taken the next step
toward the installation of the new currency
system by the appointment of the federal
reserve board. The appointees, as an-
nounced, are men of singular aptitude.

If Richard Olney accepts, he will be a
tower of strength and conservatism.

Paul Moritz Warburg, member of the
great banking firm of Kuhn, Loeb & Co.,
will bring to the deliberations of the board
an encyclopedic knowledge of practical
financial problems.

Harry A. Wheeler, of Chicago, is a man
of vast experience in large commercial and
financial operations.

W. G. P. Harding, of Birmingham, pres-
ident of the First National bank of that
city, is foremost among the bankers in the
south.

Dr. A. C. Miller, of San Francisco, is an
international authority on finance and
economics.

These men, with Secretary McAdoo and
Comptroller John Skelton Williams, will
compose the board. Whether they all ac-
cept, or whether the membership shifts, the
president has shown a gratifying breadth
and wisdom in his choice.

A few days ago Secretary McAdoo was
quoted as saying that the new currency
system should be in operation by August.

It is to be hoped such will prove the
case. The distinct advantage in early or-
ganization and installation is that the money
system of the country will be on a sound
but adjustable basis to meet the strain of
the business revival in the fall.

Among the first duties of the reserve
board will be to hear the protests against
the selection of regional bank centers.

From the best advices obtainable, this pro-
cess will be little more than perfunctory,
and will not materially delay the installa-
tion of the system with changes in the plans
of the organization committee.

100 GOOD TO BE TRUE.
Advices from South Carolina are to the
effect that Governor Bleas has lost the
first technical skirmish in the senatorial
contest to Senator E. D. Smith, forfeiting
even his own county.

Perhaps it is too much to hope that the
results in this first test offer an omen of the
ultimate result.

It is possible that the prognostication of
a Bleas victory, unstable as is everything
having to do with politics, may be ill-
founded.

Carolina, and the friends of the state out-

I.
He heard it in the singing birds;
"Up to the hills!"
In song of twilight whip-

"Up to the hills!"
Clad in the beauty of the

Out of the shadows of the night
"Up to the hills!"
Crowned as with everlasting light—
The star-gemmed hills!
And still that cry rings high o'er all—
From cabin-door to palace wall;
Forevermore that clarion call:
"Up to the hills!"

DISTRACTING NOISES

Why All England Is Upset.

(From Leslie's.)
If the south has the right to demand
autonomy, the north has an equal right to
demand the same. The north is under the
"Union." This striking sentence reads as if
it might have been taken from some old
newspaper files in the period just preceding
our civil war. It is actually taken from an
editorial in the London Spectator, written
by the London Spectator. While the United
States had to go through the stress of a
great civil strife to keep its states in the
Union, it seems strange that Great Britain
should be facing public rebellion from a
part of Ireland, and insist upon sticking
by the mother country. The majority of
people in the north of Ireland do not want
independence. It is actually taken from an

On Monday afternoon at 3:30 o'clock the Atlanta Pan-Hellenic held the most interesting meeting ever conducted by the organization.

Beautiful Dinner Given At Druid Hill Golf Club

Last night Mr. H. M. Atkinson gave a beautiful dinner at the Druid Hill club in compliment to the party of New York capitalists who spent yesterday in the city.

The party entertained by Mr. Atkinson numbered sixty, and they were served in the club ballroom at a table elaborate in decorations of pink roses and valley lilies. The menu served was delicious, and there were many clever after-speeches, which

brought forth the eloquence of the visitor in response to the toasts proposed by the host and his Atlanta friends.

After dinner there was a dance, when a number of Atlanta's loveliest young women joined the party, these received by Mrs. Atkinson.

Mrs. Atkinson's becoming toilet was in green with overtones of black lace, and Miss Atkinson's lovely toilet was in white satin with trimmings of black tulle and pink roses.

talk, after which Mrs. Hugh M. Willet addressed the members on the work of the Young Women's Christian association of Atlanta. She explained the many needs of the association and after her address the Pan-Hellenic voted unanimously to take up some phase of work connected with the Y. W. C. A.

Committees were appointed to investigate the matter and the organization will decide later in just what way they will undertake to lighten the burdens and brighten the lives of the less fortunate ones.

Bridge Luncheon.

Mrs. Edward L. Bishop entertained at a delightful bridge luncheon yesterday afternoon at her home on W. D. Ellis, in honor of Mrs. William W. D. Ellis, and Mrs. J. P. Jacobs, of Clinton, S. C., who are the guests of Mrs. Thornwell Jacobs. Sweet peas and yellow iris decorated the dining room and hot and pink roses attractively arranged were the flowers in the dining room.

The prizes were silk stockings, a fan, and the guests of honor were each given a handkerchief.

Invited to meet the visitors were Mrs. Bailey, Mrs. Jacobs, Mrs. Robert R. Rambo, Mrs. Peter Erwin, Mrs. M. C. Carnegy, Mrs. Frederick Palmer, Mrs. Augustus Wilkerson, Mrs. John C. Way, Mrs. W. B. Freeman, Dr. and Mrs. George Ducker, Mrs. Chesley B. How, and Miss Sallie Melton. Mrs. Mark Shelden, Mrs. Henry Pitt and Mrs. William Rhettt joined the players for luncheon.

Please notify us if you can help us. Anything and everything will be appreciated. MRS. J. C. WRIGHT, Chairman, 325 Courtland street; phone Ivy 2483.

Mrs. Ehney's Luncheon.

Mrs. Edward Ehney entertained at a luncheon yesterday at her home on Fifteenth street in compliment to Mrs. Hubert Stanley Dent, of Washington, D. C., who is the guest of Mrs. James B. Hickey. Mrs. Ehney's luncheon was a most attractive affair.

Flowers were attractively arranged through the apartments and in the dining room, where a delicious luncheon was served buffet. The decorations were in green and white. A platoon of white peonies, was the central decoration of the table and other artistic details were in white and green.

Mrs. Ehney wore a handsome gown of black lace and chiffon, and Mrs. Dent wore wistaria crepe, the corsage of lace and chiffon and her hat to match was trimmed in green feathers.

Mrs. Hickey wore a gown of bronze colored tulle and her leghorn hat was trimmed with flowers. There were thirty-five guests.

For Mrs. Bradley.

Mrs. William A. Parker entertained at a pretty luncheon yesterday at her home on Fourteenth street in compliment to Mrs. Bradley, of Worcester, Mass., the guest of Mrs. Floyd McRae. The guests included a few of Mrs. Bradley's friends.

This Is Nemo Week in Our Corset Salon

And Nemo Week Stands for Economy and Education

ECONOMY Dealers everywhere prepare for Nemo Week by placing in stock the very latest Nemo models—always the last word in corset style and comfort—and replenishing their stocks of the well-known and popular numbers that are always in universal demand. This gives you your selection from full lines of fresh, new goods, and the very newest fabrics and styles; therefore, the BEST POSSIBLE VALUES. And expert fitting will assure you a corset that will give you lasting satisfaction and long wear—that's another economy.

EDUCATION During this great trade movement, dealers vie with each other to give the best Nemo corset service. This is highly important, especially this season, when Fashion's requirement is for a fashionable figure rather than a fashionable gown. The keen rivalry between expert fitters in the various stores insures you their most able assistance in the fascinating study of correct style, and in the selection of the corset best adapted to attain that style for each individual figure.

The Rivalry of Nemo Week Is That of SERVICE—Not PRICE

Nemo Week this year brings you the only complete standardized line of corsets in existence, from the old short models to the extreme of present fashion, including—

KOPSERVICE—Four Wonderful Models, all at \$5
SELF-REDUCING—Thirty Models, \$3, \$4, \$5, \$7.50
LASTIKOPS—Ten Models at \$3.00, \$5.00 and \$10

All former successes will be eclipsed by this Nemo Week. Practically every woman will realize that she cannot afford to miss this opportunity to study the new Nemo models.
