

CONLEY CONFESSION WITNESS IS CALLED BY HUGH M. DORSEY

Annie Maud Carter Due for a Long and Severe Grilling Before Judge Ben Hill Today.

WILL ASK EXPLANATION OF THE CONLEY LETTERS

Solicitor General Dorsey Asks Delay in Hearing of Petition to Set Aside the Frank Verdict.

Solicitor Dorsey will spring another sensation in the Frank case this morning when he orders Annie Maud Carter before Judge Ben Hill at 11 o'clock for a rigid examination in reference to her testimony to the effect that Jim Conley confessed to her the murder of Mary Phagan.

She will be interrogated in the court room of the fourth floor of the Towers building. Mr. Dorsey will demand a complete explanation of her evidence and will insist upon learning the source of the letters purported to be from Conley.

Annie Maud Carter is one of the star witnesses for the defense in its fight to gain a new trial. The Jim Conley letters in possession of Frank's counsel purport to have been sent to her from Conley, and were given by her to the defense.

Shortly after making her affidavits to the defense, she was sent from Atlanta, on the advice of Detective William J. Burns. Burns declared on the witness stand that he had suggested that Frank's lawyers send her away in order to keep her from the courtroom, who, he feared, would betray her.

Woman Is Brought Back.

Burns stated that she had been sent to New Orleans. During the re-trial hearing, Judge Hill issued an order instructing the defense to return the woman to the jurisdiction of his court, saying that otherwise he would decline to consider any of her evidence or any evidence in which she was involved.

She was brought back to Atlanta Thursday and put in the hands of the sheriff. She was already under bond of \$300 awaiting new trial proceedings in a case which she had been sentenced to a term in prison. At the order of Judge Hill, her bond was raised to \$3,000.

Burns stated in her affidavit that Conley was in love with her and that she had talked with him frequently. She says that he confessed the murder of Mary Phagan, and that he went into Cooper's drug store to get the pills. This, she swore, occurred while she and Conley were in prison, and on occasions when she would visit Conley in his cell.

The "Love Notes"

The "love notes" which were produced by the defense, and which are alleged to be from Conley, have been declared by handwriting experts to be the work of the defense. Detective Burns said on the stand that the letters had been secured by C. W. Burke, the investigator for the state. Mr. Dorsey will demand today that she explain in full how she came into possession of these letters, and all circumstances of the confession she lays out in her affidavit.

Mr. Dorsey will ask her to explain the contents of the letters, and to explain the two conflicting affidavits she made—one to Chief Lanford and the other to the defense. Jim Conley is the woman's husband. Affidavits will likely be presented from him during the woman's examination this morning.

Will Ask for Continuance.

Solicitor Dorsey Friday asked Judge Ben Hill to grant a continuance into next week of the John L. Tye motion to upset the verdict of guilty in the Frank case. The solicitor will not be able to prepare his counter showing by 10 o'clock this morning, which is the time set for the hearing.

It is stated by a member of the solicitor's staff that he has gathered a large amount of evidence which will combat the Tye motion, among which is said to be testimony to the effect that Frank, on the day the verdict was rendered, was aware that his attorneys had waived his presence.

He merely stated that he would win his fight against the motion.

The bill of exceptions to the defense which will carry Judge Hill's denial of a new trial to the supreme court, was filed with Judge Hill for Frank will confer with Judge Hill this morning regarding the bill.

It is understood that the defense report was not verified, that Detective William J. Burns will return to Atlanta in a few days, and that the state will fight against those who have accused him and his agency during recent developments. It has also been said that unless Burns did return in time for the grand jury investigation, he would be summoned by the solicitor.

Mr. Dorsey would have nothing to say regarding this.

Animals Are Killed By Hail Storm in Southwest Georgia

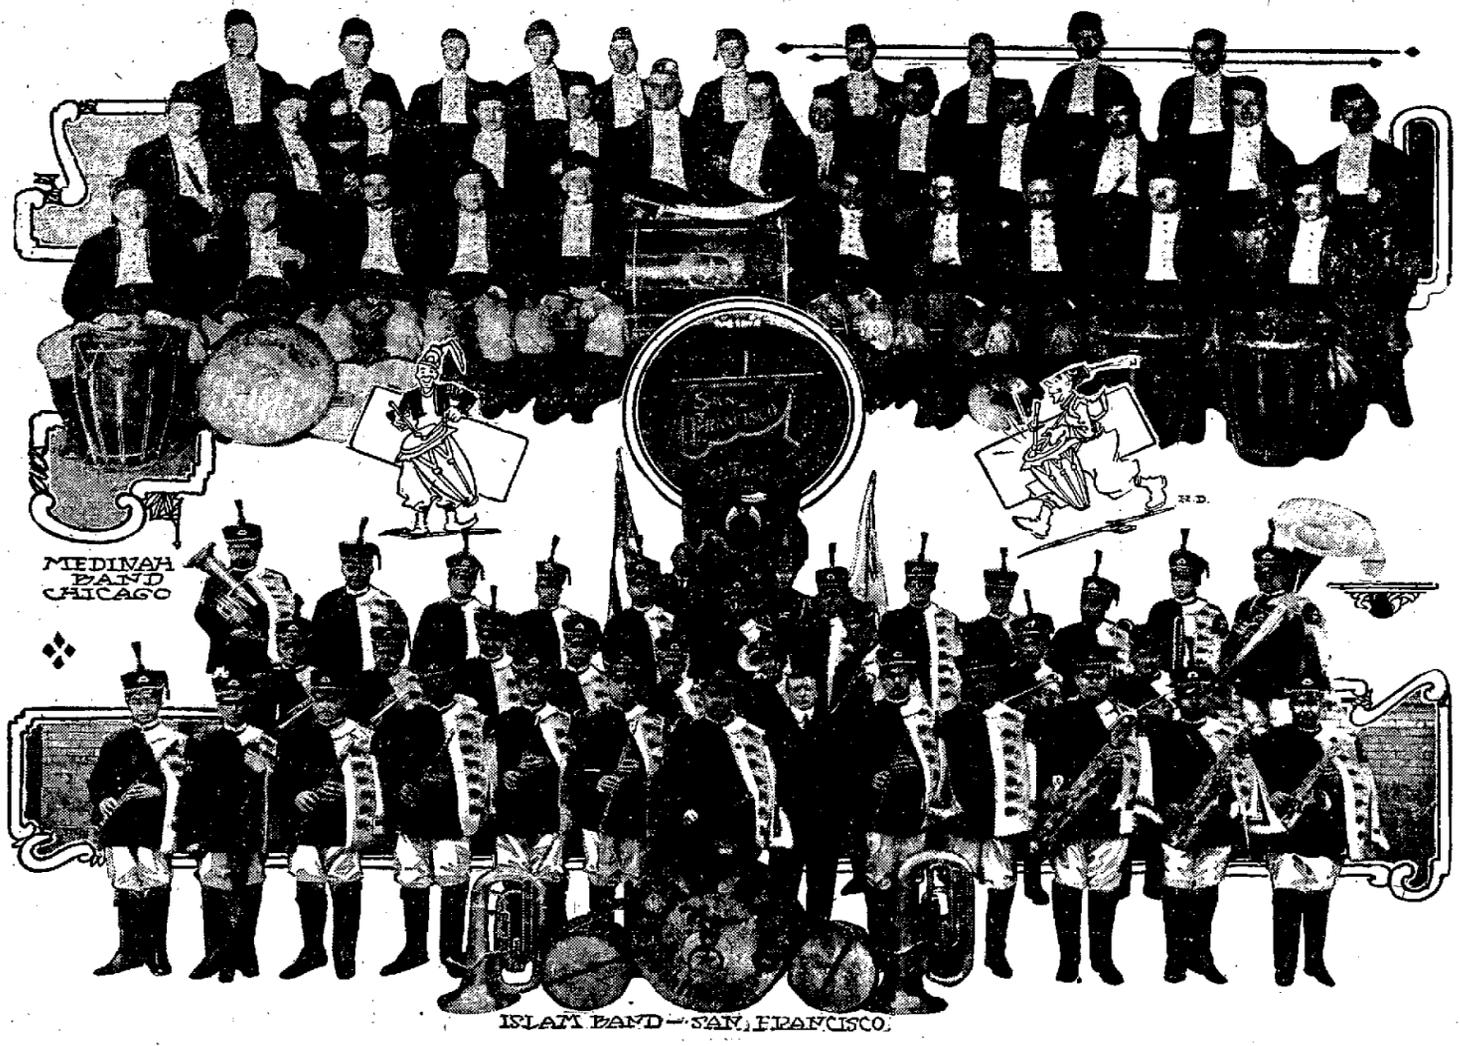

The Streets of Edison Are Completely Covered by the Stones—Crops Are Wiped Out.

Albany, Ga., May 8.—(Special.)—Reports reached here today of a most destructive hailstorm which fell yesterday at Edison, and for several miles in every direction from that town.

In fields and gardens the hail made a clean sweep of growing plants, leaving hardly a vestige of cotton, corn and cabbage. Chickens and pigs are reported killed, and in the streets of Edison the hailstones completely covered the ground.

Old residents agree that it was the heaviest fall of hail ever witnessed in that section.

Roasting Match Between 'Tom' Watson and 'Bill' Harris Rakes Leading Politicians

By John Corrigan, Jr. Washington, D. C., May 8.—(Special.) Director of the Census William J. Harris, candidate for governor of Georgia, has sent a red-hot letter to Thomas E. Watson, of Thomson, Ga., replying to one received from Watson, acknowledging receipt of Mr. Harris' circular letter sent to several thousand Georgians in making soundings for his contemplated candidacy.

Chairman Harris sent to Georgia as many as fifteen thousand letters, covering every county in the state, and among them it seems that one was inadvertently sent to Hon. Thomas E. Watson, who replied to Mr. Harris as follows:

"Mr. William J. Harris, Dear Sir: Your letter to me received. While somewhat surprised, I did not faint. "Yes, run, by all means. Hold the office your boss gave you, and go after another, just as he did. We want to show you how much we love you for the manner you tricked Old Man Peepul at the Macon convention. We are going to give you hell, and we are going to give your fatulent boss the same thing.

"Your cowardly boss is a two-faced humbug and so are you.

"Very dearly yours,

(Signed) "THOS. E. WATSON," April 27, 1914.

Mr. Harris' Reply.

To this letter of Mr. Watson Chairman Harris makes quite a lengthy reply, the chief features of which are summarized as follows:

"I would not ask your support even if I knew by doing so I could become the governor of my state. I would not so offend the more than 92,000 loyal democrats of Georgia who supported our great president. Of all the false and malicious statements ever made against Woodrow Wilson, you are responsible for the worst. Without the slightest foundation or scintilla of truth, you published in your paper a statement that Governor Wilson had sent a telegram of sympathy to Booker Washington when he was arrested in New York for trying to enter the apartment of a white woman. Your statement was made in such a plausible way that thousands of Georgians believed it. It was telegraphed to the papers all over the United States, especially in the south, and some of our best papers published it.

"If there is a single public man who has served the people of Georgia unselfishly and with distinction in the past few years whom you have not denounced, I am not aware of it.

"I do not believe there is a prominent democrat in the Tenth congressional district of Georgia whom you have not maligned through the columns of your paper or on the stump.

"Turned Down Watson's Son.

"After I was elected chairman of the state democratic executive committee, I was urged to appoint your son a member of the committee from the state-at-large—just to keep Tom Watson in a good humor with the democratic party." I refused to appoint him for any such reason, and stated I would resign the chairmanship before I would do so.

"By your false and malicious statements, you had attempted to do Governor Woodrow Wilson such an injury. I knew you would not support him, and to appoint any man, however good, just to please you, would have been an affront to every loyal democrat in Georgia.

"You refer in your letter to my ruling as chairman of the state convention, which nominated Hon. J. D. Price for commissioner of agriculture. I do not read your paper, but I am informed that you have at numerous times made such statements. There was not a fair-minded man present at the convention who will say I ruled unjustly. Except for my ruling which forced the delegates on the first ballot to vote the instructions of their county, Mr. Price would have been nominated on the first ballot. As chairman I ruled justly to all, but I did use my influence to defeat Mr. J. D. Brown, the candidate supported by you and the fertilizer trust.

"While a member of the legislature a measure of mine was enacted into law which required all bags of fertilizer to be marked with the number of pounds of other material 'worthless as fertilizer,' and made it unlawful to use cinders, sand, or other deleterious matter in the manufacture of fertilizers. When this matter was brought before the senate, the agents of the fertilizer trust filed the lobby to defeat it, and many of the same men who now nominate your boss as delegates to urge the nomination of Mr. J. J. Brown for commissioner of agriculture, were at the time in the legislature between Mr. Brown and Mr. Price, so many agents of the fertilizer trust were on the floor to talk to the delegates and try to influence them to vote for Mr. Brown. It was difficult for me to restore the order, but the agents of the fertilizer trust, who were at the convention supporting Mr. Brown, had before me numerous 'tricks' your paper would have given columns each week to denouncing them, and saying the farmers had been sold out to the fertilizer trust, which had named the commissioner of agriculture to do their bidding.

"I do not favor any law which would destroy the fertilizer industry of our state, which has so many millions invested in the enterprise. The use of fertilizers by our farmers is wise, and every farmer who is a merchant and professional man is deeply interested in having a commission of agriculture which will protect the farmers from worthless fertilizers. It is apparently more important to you to elect or defeat some one for personal reasons than to protect the farmers.

"His Railroad Attitude.

"If instead of denouncing public officials who are trying to serve the people honestly, you would devote your time and talents to calling attention to the great importance of electing the ablest men to the legislature—men who would not be influenced by the corporations in leasing the Western and Atlantic railroad, you would be of real service to the state.

"I am not unfriendly to the railroads and their employees. Some of my best friends are attorneys and employees of the railroads. I believe in encouraging the railroads to be leased to the state. Neither are the people of Georgia unfriendly to the railroads. It does not indicate an unfriendly spirit towards the railroads to object to the election of a railroad attorney at this time for governor.

"Some of the ablest and best men of Georgia are railroad attorneys, but unqualified to serve as a juror in cases between the state and the railroad by which he is employed, and such an attorney should not, as governor, be allowed to lease the state's property to a railroad lawyer, who is not the choice of a majority of the people of Georgia.

"I am not unfriendly to the railroads, when the Western and Atlantic railroad is leased to the state. It will be a great help toward soundly the death knell of the county unit plan. The long time that the county schools will be open each year for the next quarter of a century will depend largely upon the revenue from the lease of the Western and Atlantic railroad."

To Rush More Troops to Mexico; Situation Takes Warlike Aspect

GEN. HUERTA WOULD SEE CITY IN ASHES BEFORE HE'D QUIT

Veracruz, May 8.—Mexicans arriving here today from Mexico City say that General Huerta shows no intention of abandoning the presidency of Mexico. The president, they assert, is popularly credited with having made the statement that he would see the capital in ashes before he would quit.

The American forces at Vera Cruz are violating the armistice by landing more troops, ordnance and supplies, according to Mexican papers under the domination of Huerta.

EMERY ATTACKS ANTI-TRUST LAW

He Declares That the Clayton Bill Might Result in Great Harm to Business Interests.

James M. Emery, chief counsel of the National Association of Manufacturers, in his address before the Georgia cotton manufacturers yesterday on "Legislation and Business" assailed several of the administration's bills regulating big business now before the house.

He declared that the people of the country would lose their sovereign rights as individuals if section 7 of the new anti-trust law, commonly known as the Clayton bill, was passed. He claimed that the ambiguity of the section gave unrestricted privileges to labor unions, so that the result would be that organized labor would be able to make unwarranted demands upon business interests and the result would be harmful to the best interests of the people. He urged that business men organize to combat with the demands of the labor unions.

Allen P. Johnson, president of the Exposition Cotton Mills of Atlanta, was elected president of the Georgia Cotton Manufacturers' association at its annual meeting at the Piedmont hotel.

Fred Gordon Remembered.

At the banquet held at 6:30 o'clock Lee M. Jordan, attorney for the association, made the presentation speech, delivering to the retiring president, Fred B. Gordon, president of the Columbus Manufacturing company, a handsome silver service.

Over 150 cotton manufacturers of the state attended the convention, and July 26 of the leading mills in the cotton goods industry were represented.

At the afternoon session Dr. K. G. Matheson, president of the Georgia School of Technology, addressed the association and asked the aid of the manufacturers in securing for the Tech a new power house plant. A resolution was passed unanimously by the association endorsing Dr. Matheson, and pledging him their support in securing for the Tech a new power house plant.

Governor Welcomes Visitors.

Governor John M. Slaton made the welcoming address at the afternoon session, which was responded to by J. D. Massey, treasurer of the Electric Mills of Columbus, Ga.

At the night session Stuart W. Chamber, of Charlotte, N. C., the retiring president of the American Manufacturers' association, delivered an address upon the benefits of "Dulac's Warehouse Plan," explaining the devices for saving money that have been scientifically worked out in this well-known warehouse plan. He recommended that the Georgia manufacturers try out the plan, and presented figures showing the savings under its usage.

At the office of first vice president C. V. Tenth, of LaGrange, Ga., of the City Mills, was chosen, and Harry L. Williams, president of the Swift Manufacturing company, of Columbus, was re-elected secretary-treasurer.

VETERANS INDORSE POLICY OF WILSON

"Great Wisdom and Discretion of President" in Mexican Imbroglio Supported by Heroes in Gray.

Jacksonville, Fla., May 8.—Indorsement of the policy of President Wilson in handling the Mexican situation was one of the last official actions of the twenty-fourth annual United Confederate Veterans' reunion which concluded here tonight. A general exodus of veterans and visitors began this afternoon and continued tonight.

Approval of the policy of the president was contained in the following resolution adopted by the veterans this afternoon:

"Whereas, the present unsettled condition in the commonwealth of Mexico appears likely to involve some action on the part of the United States, "Be it resolved, That this convention of United Confederate Veterans recognizes the great wisdom and discretion of the president of the United States and will heartily support such action as he may take, in every possible way."

Commander-in-chief Bennett H. Young was instructed by the convention to forward the resolution to President Wilson.

Peace Jubilee Approved.

Among other resolutions adopted at the annual session was one approving the peace jubilee to be held in Vicksburg, Miss., next year. The resolution states that the invitation to federal veterans to "meet the conciliatory soldiers on southern soil is approved, provided the spirit of the occasion be to accord equal honor for patriotism to Jefferson Davis, leader of the people of the south, and Abraham Lincoln, leader of the people of the north."

The present departmental commanders, General Theo S. Garnett, Norfolk, commander of the Army of Northern Virginia; General George F. Herstein, Opelika, Ala., commander Department of Tennessee; and General K. M. Van Zandt, Fort Worth, Texas, commander

Forces May Be Increased Sufficiently for Expedition to Mexico City if Huerta Regime Collapses.

ARMISTICE NOT BROKEN, SAYS REPLY OF BRYAN

Governors Asked if National Guards Are in Fit Condition to Proceed at Once to the Border.

Washington, May 8.—High tension marked the Mexican situation today, on both the military and the diplomatic sides.

The war department was the chief center of activity, and while no authoritative statement was made beyond Secretary Garrison's formal reply that "no orders for any national troop movements have been sent," it became known that the administration was considering sending off additional troops to Vera Cruz, and probably would do so.

This step would not be intended as an aggressive measure, but as a caution. An evidence of the serious conditions was contained in a report today that German merchants were about to arrive at Puerto Mexico with arms and ammunition for Huerta. It was realized that this, if true, would present an incident similar to the arrival of the Ypiranga at Vera Cruz, which led to the American occupation of that port.

Reply to Huerta's Protest.

Huerta's protest to the mediators that the United States had broken the armistice by landing additional troops at Vera Cruz, was considered by the cabinet and later Secretary Bryan announced that the reply of this government stated that no aggressive steps had been taken by the United States force and that nothing had been done to violate the suspension of hostilities. The American reply was delivered to the mediators late today. The mediators themselves also took the view that the question raised by Huerta over the observance of the armistice could be cleared away, and that Huerta could be convinced that the United States had not violated, in spirit at least, the armistice.

The cabinet meeting brought out a general discussion of the situation. It was said after the meeting that there was little doubt as to the sending of additional forces, wholly for precautionary purposes. It also became known that inquiries had been made of the governors of states to ascertain the condition of national guards and how soon they could be prepared for active service. This also is a precautionary measure. Indications are that if national guards are called on, they

LOW RATES IN EFFECT ON ALL THE RAILROADS

Six Thousand Visitors Expected in Atlanta for Convention Before the Sunday Rush Begins.

Atlanta got their first glimpse of the splendor and brilliance of Five Points, with its decorations for Shriners' work completed, for a brief while last night. The gigantic star suspended in midair at the junction of Peachtree, Edgewood, Decatur and Marietta streets, and its wires of electric lights leading in every direction to the buildings around, were lighted up for several hours in the early part of the evening. It made a dazzling sight, such as Five Points has never before seen in all its checkered history.

The streets beneath this brilliant display surged with people. The vanguard of the Shriners had already begun to swell the crowds in the downtown section. People stood around by hundreds and watched the fascinating electric display. The illumination was kept on till about 9 o'clock, when it suddenly shut off and Five Points became its natural self again.

Atlanta today is the mecca of more than 3,000 Shriners—heralds of the advance guard of the caravans that are trudging across the hot sands of the desert to the Georgia oasis.

Almost every train entering the Imperial City carries delegates to the conclave. Potentate Forrest Adair, of Yaarab Temple, estimated Wednesday that there would be fully 16,000 visitors in Atlanta before Sunday night.

Atlanta has the "Shrine spirit." Almost every building in the city is decorated with the colors of the Imperial council. The streets are crowded with visitors who are coming to enjoy this big occasion with the Shriners.

Low Rates in Effect.

On Friday the low rates promulgated by the Southeastern Passenger association went into effect, and during the afternoon and night the crowds in the hotels and on the streets began to thicken. The low rates have been offered every village and hamlet in the United States and in Canada.

In and about the Shrine headquarters there is activity. Potentate Adair made the announcement that before noon on Saturday all the arrangements for welcoming the visitors will be complete. "The Welcomers," a committee headed by Noble W. A. Fuller, was organized Friday morning. Noble Fuller will be in charge of the committee at the terminal station, and Noble Lee Hazan will be in charge at the union station. The committee is having telephones installed at both stations, and is erecting booths for the registration of the visitors just as fast as they arrive.

Chief of Police James L. Beavers and his staff of officers are busy making arrangements for handling the crowds. The traffic men have been fitted out in their new uniforms, and the commanding officers have given orders to the rank and file of the department to appear in the smartest togs during the Shrine week.

CONGRESS PLANNING EARLY ADJOURNMENT

House Leaders Issue Formal Call for Democratic Caucus Tuesday Night

Washington May 8—Plans for an early adjournment of congress took more definite shape today when the senate advanced its meeting hour from noon to 11 o'clock and house leaders issued the formal call for a democratic caucus Tuesday night. The legislative program will be laid out at the caucus which will include adjournment as a leading feature. Leaders now believe the hope of adjournment July 10 may be realized. The house caucus Tuesday will consider a resolution announcing it to be the sense of the party that the anti-trust, interstate trade commission and railway capitalization bills the rural credits measures and the appropriation bills should be passed and the house then adjourn.

The senate changed its meeting hour today to hasten passage of the agricultural appropriation bill. This bill has dragged along for more than a week and several senators are anxious that it be disposed of before other appropriations bills are reported.

There was one cloud on the adjournment horizon today when talk was renewed of an attempt to reach a vote at the present session on the proposed constitutional amendment for national prohibition. There is little likelihood that the amendment will be taken up in the Tuesday caucus. Its passage requires a two-thirds vote and leaders expect the fight to be close.

No matter what the house does at this session with the prohibition legislation the senate has its hands so full of other subjects that it is not believed it will be reported up there for the present. Senators are taking the attitude that if the house passes the anti-trust legislation and the senate becomes so tangled up with it that there is little prospect of an agreement for months an adjournment should be taken without any legislative passed by the senate. Some senators feel that the passage by the house would be an assurance to the count in the party is carrying out its platform pledges.

Representative Bulkeley, chairman of the house banking and currency committee which has charge of the proposed rural credits bill, confided today that he was optimistic about the bill's enactment at this session.

Methodists Asked to Build Great University Here

Two Resolutions Introduced by Dr. DuBose Urge the Establishment of Second Vanderbilt in Atlanta

Oklahoma City Okla. May 8—(Special)—At the general conference of the Methodist Episcopal church in session here Dr. H. M. DuBose of Atlanta, offered two resolutions proposing the removal of Vanderbilt university from Nashville, Tenn. to Atlanta, Ga. and the establishment of a second Vanderbilt educational institution of the church in Atlanta.

One resolution calls for the removal of the university from Nashville, or rather the theological department, and the withdrawal of future support of the church from the other departments and the other resolution suggests the establishment of a university in Atlanta. Both resolutions were referred to a special committee on the Vanderbilt question. The committee appointed at the session held Thursday has reported, but because of the flood of matters touching on Vanderbilt, none of the questions submitted was discussed.

Change Strongly Favored

Evidently there is a strong sentiment favoring the changing of the location of the theological department, and was questioned he stated that it was his belief that the general conference will appoint a special committee to consider the location of the university. It is reported that the movement is looked on with favor among the delegates. If the plan is adopted the conference will consider definite offers which will be made to the conference. A committee would have power to provide for the removal of the church interests in the university and the establishment of a new university.

Dr. DuBose strongly favors the creation of a commission to study the matter and to report to the general conference and Atlanta. He made the statement according to report that the resolutions are offered looked also to the building up of money reserves. None of the resolutions of the Tennessee supreme court, which was favorable to the trustees of Vanderbilt is the cause of the present discussion.

Service Opened With Prayer

In view of the many great problems before the church and realizing their dependence for wisdom and strength upon God the third day's session of the general conference of the Methodist Episcopal church in session here today opened with a service of prayer in accordance with a resolution adopted the previous day.

Bishop Hendrix presided and the Rev. J. C. Orr, a noted preacher of the Holston conference of Tennessee led the singing. After Bishop Hendrix read the forty sixth psalm Bishop W. L. W. made a brief prayer. He says that it is the urgent need that we should lay emphasis on prayer in this time of our great troubles.

Prayers were offered by Rev. J. C. Orr, who prayed night and morning has passed away through the urgent needs of business and the church after sunset. The story of the church over the world can only be assured through prayer. None of the resolutions it requires a greater wisdom than we have.

Prayer and devotional service was closed by a brief talk by Thomas B. King of Memphis. He declared that he had brought the resolutions with him to the conference and would do all possible to help the clerical members displace the work in the proper spirit.

Bishop Candler Presides

When Bishop Warren A. Candler who presided over the session called the roll of the delegates and the names of the church came in from various conferences. The resolutions suggested were the Methodist Episcopal church in America, the American Methodist church and the Methodist Episcopal church.

Dr. H. M. DuBose of Atlanta finished his report on the resolutions to enter to the Methodist church of Canada presented a report of his visit to the Canadian conference at Victoria in 1915.

The only reference to the Vanderbilt case today's session was when a number of memorials sent up from annual conferences were received and referred to committees. The Vanderbilt special committee has organized by electing H. D. Linebaugh president and Dr. F. A. Starnes secretary.

CUT GOOD ROADS CASH DOWN TO \$5,000,000

Washington May 8—A bill appropriating \$5,000,000 for the construction of good roads probably will be reported upon by the committee on the postoffice committee. This measure is a substitute for the house bill and the senate will act upon it. The present plan is to hold a meeting of the subcommittee this week.

St. Louis May 8—Seven bishops and more than 100 delegates will attend a conference of the colored Methodist Episcopal church which was opened here last night.

The 1916 annual address of the church will be given by Bishop W. L. W. at 8 o'clock tonight. The Methodist Episcopal church now has 1,000,000 members and is the largest negro church in the world.

Exercises at Senoa.

Senoa, Ga. May 8—(Special)—The closing exercises of the school will be held May 23 and June 1. The commencement exercises will be held by Rev. H. W. Greenlee, pastor of the Methodist church. The school has had one of its best years.

called for reports on papers heretofore referred to them. A large number were presented and placed on the calendar.

When the report of the committee providing for a joint commission to investigate the coal trust against ports on the Atlantic coast came up Dr. James Cannon of Korea J. M. Terrill South Brazil R. C. Elliott J. A. Phillips and Dr. W. Carter of Mexico and E. E. Clements of Cuba.

Proposals made on the floor of the convention suggesting changes in the phraseology of a resolution which urged the cooperation with the colored Methodist Episcopal church in America caused spirited debate today in the grand assembly. The resolution proposed that the church should cooperate with the colored Methodist Episcopal church in America.

Among those who led in prayer were Rev. J. C. Orr, a noted preacher of the Holston conference of Tennessee led the singing. After Bishop Hendrix read the forty sixth psalm Bishop W. L. W. made a brief prayer. He says that it is the urgent need that we should lay emphasis on prayer in this time of our great troubles.

MISS LAW, OF ATLANTA, WINS JUDGMENT ABROAD

\$3,000 Annually From Breach of Promise Suit Against British Army Aviator.

London May 8—As a sequel to a breach of promise of marriage judgment was given today to Miss Derry, Elizabeth Law of Atlanta, Ga. in a suit brought to enforce payment of a settlement of \$3,000 a year made in her favor by the late Captain Patrick Hamilton.

Miss Law is the only daughter of Mrs. Latham Law of Atlanta. She became acquainted with Captain Hamilton on Long Island and shortly afterward it was alleged accepted his proposal of marriage. Counsel for Miss Law in his opening speech declared that the family of Captain Hamilton when it discovered that Miss Law was not an heiress persuaded the captain to break the engagement. Miss Law thereupon brought suit for breach of promise and the captain in her agreeing to postpone the wedding until the following October settled \$3,000 on her for life. The suit now was continued for trial.

Soon after the captain's death the present suit was brought against his executors in the chancery court. A letter produced during the hearing was signed by Captain Hamilton's mother to Mrs. Law and suggested that the sole object of Miss Law was to obtain the captain's estate.

Miss Law on the witness stand said that Captain Hamilton had told her over the telephone that he wanted to break off the engagement. He gave as his reason that they would have a baby and she would have to live on. This was the last she heard from him and she asserted that she had never released him from his engagement.

of the late Captain Patrick Hamilton the English army aviator is prominently connected in Atlanta. He and Thomas Law Ham lives in Inman Park and her grandmother Mrs. Frank Mc. Cawley resides on Ponce de Leon avenue.

Relatives however were reluctant when approached on the subject of Miss Law's claim and the subsequent estrangement and her friends recall the incident and her own opinion of the wedding. Miss Law and Captain Hamilton who was to take place about three years ago for a long time. Miss Law and her mother lived at the Kimball House. They entertained frequently at the time of her departure for New York where she subsequently met Captain Hamilton. Miss Law was only 19 years old and was exceedingly pretty and accomplished.

Friends here say that Miss Law's return from New York in the November was made by her mother. Mrs. Law is understood to have inherited a comfortable sum from her husband at his death.

Report says that Miss Law met Captain Hamilton in London and shortly afterward it was alleged accepted his proposal of marriage. Counsel for Miss Law in his opening speech declared that the family of Captain Hamilton when it discovered that Miss Law was not an heiress persuaded the captain to break the engagement. TO CONGRESS—QUIT!
 House leaders have called a democratic caucus for next week to debate the chances of adjourning congress by July 10.

In the name of business, in the name of prosperity and for the good of the democratic party, The Constitution wishes the movement a fervent God speed!

The United States suffers from a chronic case of legislative indigestion. Ill-assorted, freak, good, bad and indifferent laws have been stuffed into the country's craw by congress and the legislatures of more than two-score states.

The wonder is that business can hold up its head much less crawl along on all fours as it is doing now.

Since the first year of the Taft administration congress has been almost continuously in session.

It has kept business and prosperity on the grill. The legislatures have contributed their quota to the process.

Suspense hangs over the head of business, like the sword of Damocles.

There has even been in the senate, a mad revival of the talk of putting through radical legislation against corporations. Not content with the two capital, and needed operations on the tariff and currency the legislative quacks meditate another operation before the patient has had time fully to recover from the anesthetic.

OUT UPON THIS ILL ADVISED PROGRAM!
 If it is kept up until the approach of fall, the democratic party is coming in for a wiggling at the polls.

The best, the safest service congress can render the country and democracy is to get through and go home!

Empower the president to act in the Mexican situation.
 Pass the canal toll repeal bill!
 Then stand pat before the voters on the achievements already recorded!

THE PAN-AMERICANS.
 At Niagara Falls, Canada, on May 18, the diplomatic representatives of the Argentine Republic, Brazil and Chile will begin their task of attempting to adjust by mediation the differences between the United States and Huerta with a probability that ultimately Carranza and the constitutionalists will enter, thus embracing the entire Mexican question.

It has been the very practical dream of hard-headed business men and statesmen in this country to create such an era of good feeling between the different nations of this hemisphere as to justify to the world the title—Pan America.

By that is not meant anything resembling an organic or political union. Such a development is out of the question, for an indefinite reach into the future at any rate. But it is possible to create a strong moral, ethical and commercial bond of sympathy which will eliminate past jealousies on part of Latin America promote mutual understanding and strengthen our mutual trade relations.

The citizen of the United States who wonders why we have been so slow in forming an intelligent entente with the other nations on this hemisphere, particularly those to the south of us, overlooks the enormity of the task. Latin America is a domain vastly different from what may

broadly be called English America, or Canada, with its underlying French influences. The Latin American has a civilization all his own. He does not think, feel or act as does the resident of the United States or Canada. Those Atlantans who heard the recent address of Bishop Kinsolving, the Episcopal bishop of Brazil, will at once recognize the radical contrasts. Agriculture is going forward in Latin America, but slowly. Mining and forestry and lumbering are important industries, but yet in their infancy. There is no broad industrial system anywhere in Latin America. The countries in South America are more advanced and infinitely freer from the germ of revolution than those in Central America. But even with these advantages there is a great gulf between the general intellectual status of America, with its myriad education and business opportunities, and South and Central America.

All this preliminary to the statement that the exaltation of Latin American influence in the role of mediators for this country is bound to give the Pan American movement a material impetus. Whether mediation is or is not successful, it will be productive of good reaching far into the future.

JUST "SNIPERS"
 The Constitution is in receipt of one or two communications protesting its classification of the Greater Grady bond opponents as "snipers."

Of course these communications are not signed—all anonymous! Same old sniping! How significant it is that the bond opponents shun the open!

If they came into broad daylight, proud of their cause and not ashamed of it, The Constitution would be glad to answer them. As it is—
 'Snipers—that's all!'

KEELEY'S NEW VENTURE
 Profound changes in the newspaper world of Chicago, second largest city in the country are of significance to all the United States. From this point of view the acquisition of The Record Herald and The Inter Ocean, of Chicago, and their merger, by James Keeley, foreshadows a new virility in the Chicago newspaper field and in Chicago itself.

Up to this time and for several years Keeley has been the general manager of The Chicago Tribune, which he now leaves. But he has been a great deal more than the title implies. Keeley in the minds of the newspaper profession, is synonymous of The Chicago Tribune and The Chicago Tribune is indicative of the best the most aggressive and effective types of American journalism. His is the original James Gordon Bennett style of journalism on a modernized and more galvanic scale. Knowing the game from press to editorial room, he has infused his vigorous personality through the length and breadth of this great paper.

Himself a prodigious worker and indomitably resourceful, his prime rule has been to get the news and get it first. He presented it with vigor yet with effectiveness. Some people have complained that he is more a machine than a man. At least he is a machine every cog and gear of which is inspired with intelligence and whirling to a definitely constructive end.

Keeley has done a great deal for Chicago. He has done much for the country for the craft the country over has been influenced by his methods, which are pungent without being "yellow" and accurate without being dull. It is a safe assumption that with his remarkable personality thrown behind these two papers hereafter to be published under the name of The Record Herald, Chicago and the country will be the gainers. The Constitution extends its good wishes to Mr. Keeley and its congratulations to the people of the wide territory now to feel the impulse of his influence.

O'SHAUGHNESSY AND LIND.
 Our imbroglio with Mexico has done us at least one substantial service. It has developed the fact that there are in the American diplomatic corps two men of rare and impeccable discretion. Nelson O'Shaughnessy and John Lind.

The one at the heart of things in the Mexican capital and the other at Vera Cruz have served their country with signal of fidelity. Above all, they have done so with unflinching reticence. They are in a class by themselves.

A revealing glance was secured at O'Shaughnessy in his fifteen minute stop in Atlanta last week.

The man was travel worn, exhausted, frayed out from tension of months duration. It was natural to assume he was bubbling with resentment, bursting with opinions.

The trained reporters of the town were loosened on him. Yet they pried out not one leading bit of information despite their most ingenious questionings.

O'Shaughnessy left them as ignorant as when he found them. But he left them with a good taste in their mouths, a fine impression of breezy, enduring, courageous American manliness.

For he told them frankly he couldn't and wouldn't talk about his experiences in Mexico, where they touched his diplomatic mission. Anything, everything else, he talked about with engaging freshness and candor. Once the interviewers got on the danger zone, he shut them off with a smile and humorously baffled.

These two men are, we hope precursors of new types in our foreign service. Not stiff, not taking themselves too seriously, reserved yet sociable, they represent the great genius of this country.

May the O'Shaughnessys and the Linds multiply in America without regard to the speed limit. We can't have too many of them.

Would Have No Autos Parked in Town's Center During Visit of Shriners

Editor Constitution I notice the city council has suspended certain rules during the Shriners week.

Allow me to make a suggestion which I think will be of much more benefit than anything which has been done in that line. The prohibition of parking automobiles, buggies and carriages on Whitehall and Peach tree streets between Mitchell and Illinois during the week when the city is in such a congested condition.

DAILY GRIND FROM THE STATES POLITICAL GRIND

DORSEY BOOM TAKES BH. SPIRIT LETTERS FROM ALL OVER STATE
 Following the publication in an afternoon paper that Hugh M. Dorsey, solicitor general of the superior court, would be a candidate for governor and the statement from Mr. Dorsey in The Constitution that he had not had time to consider any matter not directly connected with his official duties, the Dorsey boom which seems to have developed spontaneously all over the state took on fresh impetus.

Not since the famous Joe Brown ground swell of some six years ago has the name of a person hitherto little known in state politics been so many lips. Many of Mr. Dorsey's admirers are divided on the subject of what office he should run to, but all of them are a unit in saying that to matter what office he runs for they will support him.

Mr. Dorsey's name was first heard Friday and it was impossible for him to go through one tenth of it. It included letters from all parts of the state. On Thursday he received word from his home in Atlanta that the rate Daily City morning he was called up by long distance telephone before he had had time to get to work and assumed of the support of The Constitution that day.

Around the Kimball house lobby, where a politicians' forage there was little talk of any candidate other than Dorsey. Freely by the hats and suits of clothes they already being there that he will run for governor and be elected.

In the meantime Mr. Dorsey is not letting his sudden boom disturb him in the least. He has two weeks of the busiest kind of work before him and he is not every moment of his time and it is doubtful if he will have leisure to consider politics.

Speaking of Mr. Dorsey's support in work at all over the state, who has had a wide experience said:
 I never knew a man in all my career who has such a capacity for detail as Hugh Dorsey. I never knew a harder worker or one who has held up under a strain which would have killed stronger men during the past four months he has done more legal work than any lawyer I know of ever did in the same length of time.

Another well known traveler pretty well all over the state said:
 I don't care where you go you will hear the name of Hugh Dorsey mentioned and coupled with it will be the statement that the speaker is for him no matter what he wants to run for.

Since Mr. Dorsey's name has been mentioned so prominently there has been little talk of Governor Hoke's name. It is more than probable that pending some declaration on his part they will hold off for ten days or two weeks.

LITTLE JOE BROWN'S ATTITUDE STILL CAUSES SPECULATION
 With Hugh Dorsey attending strictly to his duties and former Governor Joseph M. Brown usually engaged in the cards on union labor—a subject which he says is of far more interest to him just now than state politics—the public has two conspicuous silent figures to figure on.

Some days ago it was well defined rumor out that Mr. Dorsey would oppose Hoke Smith for the senate and Joe Brown would enter the race for governor. This rumor was given currency by a gentleman who has paid several recent visits to Marietta and who has held more than one conference recently with Tom Watson.

Now however, the rumor seems to be extinct and the opposite and there is a persistent rumor that Mr. Dorsey will oppose Hoke Smith. Should he do so it is stated on good authority that Murphy Candler will make the race for governor—that the entry of anything against Mr. Smith is the only thing that Mr. Dorsey can do so.

Some time ago Mr. Candler was stated that he had no intention of running at that time. He left the impression however, that if Governor Hoke were elected he would cause him to alter his mind.

STRONG SLATON SENTIMENT IS NOTED IN FULTON IN REPORTED
 A riding to The Washington Journal Governor John M. Slaton's race for the annexed term of the late United States senator A. O. Bacon is in excellent shape. The following news item appeared in a recent issue.

If judgment were to be passed as to the result of the coming primary to elect United States senator to fill the vacancy caused by the death of Senator Bacon from the district of Georgia, the opinions of delegates to the annual state convocation of the Knights Templars of Georgia now in session in this city it will be Senator Slaton in 1915.

A representative of The Journal took occasion to interview a great number of the delegates from every section of the state and the same showed an overwhelming majority of the delegates predicting that Governor Slaton will carry over his counties.

With Governor Slaton as a strong leader Congressman Hardwick and T. S. Felzer seem to be about neck and neck for slow progress with Cooper and give em hell. Hutehens flaggered in first choice and pole.

Most of the delegates interviewed refused the reporter the right to quote them in public print and limited space will not permit of The Journal giving but a few of those who were willing to be quoted.

J. D. Jones, editor of The Jackson (Butts county) Progress and who was connected with The Journal for several months in 1907 and Mr. Felzer, first choice for Butts county is rightfully in Mr. Felzer's territory and while he has a strong following in the county Governor Slaton will easily receive more votes than Felzer and Hardwick. He has nothing about either Mr. Hutehens or Colonel Cooper.

Jack Slaton has made one of the best governors Georgia has ever had in the feeling in my section and Editor Jones and they also believe that he will make a better United States senator than he has as governor and for this reason the people are with him. They like the dignified manner in which he is conducting his campaign and they are certain that he will be elected.

Senator L. R. Aiken of Brunswick one of the best known public men in south Georgia, was heard to remark: The ticket in Glynn county will be Smith and Slaton by almost a solid vote. Cooper and Hutehens will do nothing and Felzer and Hardwick will only get a complimentary vote in my personal opinion.

One of the most prominent men from middle Georgia who is now a candidate himself and who lives in Cordele, said: Weep county will certainly go for Governor Slaton. To be sure the election is three months off and changes can be made, but I see no chance for any one but Slaton to carry the count. Mr. Felzer will get a good vote and Cooper and Hutehens will not be surprised if he does not carry Doan's county.

INTEREST IN FULTON CANDIDATES WILL BE GREAT THIS YEAR
 With several projects of great interest to Atlanta to come up at the next session of the legislature the feeling is growing that Fulton county should send the strongest delegation possible to the general assembly this year. It looks practically certain that Judge Spencer R. Atkinson will be one of the candidates. Others spoken of are Charles H. Hamilton, president of the state chamber of commerce and Colonel E. E. Romero, one of Atlanta's best known attorneys.

HUTEHENS GIVES HIS REASONS FOR OPPOSING CHANGE IN RULES
 Rome Ga. May 8.—(Special)—Hon. G. R. Hutehens, announced as a candidate for

the United States senate some short term has written a communication for the press in which he explains why as a member of the state committee he opposes the proposal of State Chairman William J. Harris to re-open the committee for the purpose of changing the rules of the state primary.

Among other things Mr. Hutehens states that he received a letter from the committee on the 11th inst. in which it was stated that the committee had decided to re-open the committee which letter contained the suggestion that he should not support it. I have written on the 11th inst. to the committee and stated that I had written something to the effect that I had written a letter to the members of the committee calling for a caucus.

He says when the meeting assembled Mr. Harris proposed a motion to re-open the committee and I voted in favor of it. I have written on the 11th inst. to the committee and stated that I had written something to the effect that I had written a letter to the members of the committee calling for a caucus.

The next day the committee met and the vote was taken and the motion was carried. I have written on the 11th inst. to the committee and stated that I had written something to the effect that I had written a letter to the members of the committee calling for a caucus.

Mr. Hutehens concludes as follows:
 In the first place I saw no necessity for Mr. Harris's motion and I saw no necessity for Mr. Harris's motion and I saw no necessity for Mr. Harris's motion.

FORMER POLICEMAN WANTS COURTS TO PROVE HE IS WHITE

Savannah, Ga. May 8.—(Special)—Declaring that while known under the name of Albert Augustus Sheckells, it has been stated that he had negro blood, and that he is a white man and his real name is Albert Lee Williams, a man who heretofore has been known as Sheckells today filed in the superior court a petition to be allowed to change his name. The petition sets forth some interesting facts, and tells of the humiliation suffered by Sheckells, or Williams through the belief that his blood was tainted. On December 26, 1908, states the petition, Sheckells married Miss Anne McKale. It was told to Mrs Sheckells that her husband had negro blood. She threatened to bring divorce proceedings, and left him. He secured proofs and demonstrated to the satisfaction of his wife that he was white, and they became reconciled. Since that time two children have resulted from the union. Some time ago Sheckells secured a position as policeman and walked his beat one night. The next day he was discharged, the reason being given that some of the men claimed he had negro blood, and they refused to remain on the force with him. He accepted the discharge but, on second thought, demanded an investigation. He declares that it has been impossible for him to get an investigation so he could prove that he is a white man.

MEN AND RELIGION BULLETIN No. 114 Still Seeking Sanity

"I am come that they might have life and that they might have it more abundantly." ---John 10:10

In the May McClure's, Connie Mack, manager for years, and today, of the Athletics, baseball champions of the world, says:

"Moderate drinking gets a baseball player in the end just as sure as boozing—

"I wouldn't bother with a youngster who drinks. That's my fixed policy—

"I have proved up to my own satisfaction this business of clean living and quick thinking. It's the stuff champions are made of."

Of forbidding beer and wine on board our vessels, Current Opinion says:

"Secretary Daniels issued the order. President Wilson approved it. Rear Admiral Braisted, Surgeon-General of the Navy, recommended it. Colonel L. M. Maus, Chief Surgeon of the United States Army, Eastern Division, seems to have instigated it.

"Colonel Maus says:

"Lord Kitchener allowed his men no spirits in the Soudan campaign; Lord Roberts was equally opposed to its use in South Africa, and Sir Frederick Treves, who served at Ladysmith, said that the drinking men fell out and dropped as regularly as if they were labeled with the big letter D on their backs."

"One of Lord Wolseley's experiments, in which his troops were divided into three marching squads. The first had a daily ration of whisky, and at the start it marched gaily ahead. The second had a ration of beer, and it soon overtook and passed the whisky squad. The third squad marched on water. It maintained an even, steady gait, passed both the other squads and reached its destination long before the others."

"In the maneuvers of the Connecticut Militia last summer Colonel Maus notes similar results.

"The majority of the young men who fell out of line in the hot weather were declared inefficient by the medical officers because of the drinking of beer."

"Moderate drinking gets a player."

"Men who fell out of line."

RECALL THEM IN YOUR LIFE! Possibly your brother—certainly some relative and more than one friend known personally to you—once good fellows all, but now dead or out of the game, fallen out of God's battle line because of drink. And back of each of these are scarred hearts and the tears of mothers and wives.

Well may drinkers sing: "Wine, woman and song."

For without the drug of alcohol there could be neither laughter nor song while pitiless wrong is being wrought upon womankind.

And yet, when a great body of men, Masons all, whose very creed is help for the helpless and the defense of women, the fatherhood of God and the brotherhood of man—when such as these come to the capital of Georgia, whose laws forbid the sale of liquor, law breakers are able to go to our City Council and get a special license to ply their traffic into the small hours of morning.

Atlanta will remember.

AND HER CHURCHES SEND WORD TO THE WORLD THAT THIS ACTION, THIS AFFRONT TO MASONRY DOES NOT SPEAK THE WILL OF OUR CITY, BUT ONLY OF THE FEW WHOSE DAY IS RAPIDLY WANING. A MINORITY OF JERUSALEM SHRIEKED AGAINST THE CHRIST: "HE HATH A DEVIL AND IS CRAZY," WHEN HE SAID:

"I AM COME THAT THEY MIGHT HAVE LIFE, AND THAT THEY MIGHT HAVE IT MORE ABUNDANTLY."

But He has conquered.

Sanity? You know—

The Cross, sacrifice of self for the salvation and happiness of others, is the summit of wisdom.

Christ calls to the broader, braver, better life of joy for all, as opposed to the narrow, self-centered existence that seeks sensual pleasure for the few regardless of the agony and suffering resulting to the many. And you—you will come with your Lord.

WORKED WONDERS SPITE OF UNBELIEF

"At First I Had No Faith," Says Mother, "But Soon There Was Such a Change."

Ontario, Va.—Mrs. M. L. Anderson, of this town, gives out the following for publication. "I went to Richmond seeking relief, and tried almost everything in the medicine line, but nothing proved a cure until I tried Cardui, the woman's tonic. I had indigestion very bad, and a complication of diseases. Although, at first, I had no faith in it, I bought a bottle of Cardui, but soon, there was such a change. I was certainly benefited. I felt so different! Then I began to take the medicine in earnest. Now, I can do my work, and I eat and sleep like a young person. Cardui also cured my daughter of womanly troubles. I keep Cardui in the house, all the time. It is a great blessing to all women who need it." Thousands of ladies have written like Mrs. Anderson, telling of the wonders worked by Cardui in the relief of various forms of weakness and distress, after other remedies had failed to help. Isn't it likely that you will be helped by Cardui, this remedy which has been in constant successful use for more than half a century? Its record of years of success, in relieving troubles such as your own, is proof that it will help you, too. Try Cardui.

RETURNS FROM WEST; SAYS SOUTH IS AHEAD

After spending four years in California, Arizona and New Mexico, J. De Witt Bowen, a former Atlanta boy, who has been here on a visit for several days, declared today that he had decided that Georgia is the best place to live.

Why does a man carry a tank of gasoline on his motor car? Because he needs a reserve supply to bring him back on the return journey.

For the same reason you should carry a reserve supply of ready money in our Savings Department.

If a motor car runs out of gasoline in the country the riders are stranded.

If you run out of money or lose your job in dull times, or your family becomes ill, you are, unless you have a reserve fund, in the same position as the stranded motor car.

We offer you every facility in our Savings Department, where an Interest-Bearing Account may be started with One Dollar or more.

PLANNING TO RUSH TROOPS TO MEXICO

Continued From Page One.

would not be sent out of the country, but would be used on the Texas border. Cabinet Members Differ. The discussion of reinforcing General Funston at Vera Cruz has developed a marked difference of opinion in the cabinet.

It was understood that within two weeks at least nine transports will have been secured. Secretary Garrison declined to discuss the chartering of the steamers. The only thing he would say was:

There is no contemplated aggressive movement at this time. This is in line with the attitude of other high officials of the administration who contend that the sending of merchant steamers and that which do not violate the arrangement for a suspension of hostilities.

Reinforcements Recommended. The fact that the army officers had recommended the sending of at least 50,000 to 60,000 men to Vera Cruz became known generally in official quarters.

The names of American delegates to the conference will be announced shortly and it is known that Justice Lamar, of the United States supreme court, and Mayor Newton D. Baker of Cleveland, are two of the men who probably will be named.

Hopeful Over Mediation. The administration is still hopeful that mediation will accomplish something and there is every desire that the conference shall proceed without an untoward incident.

Extensive preparations are being made for participation by the president and the secretary of the navy, the secretary of war and a delegation of seven senators and twenty-one representatives in congress in the funeral ceremonies at New York and Brooklyn, Monday, for the marines and blue-jackets killed at Vera Cruz.

GEORGIA BANKERS MEET AT BANQUET

First Day's Session of the Association Closes With a Brilliant Affair at Capital City Club.

No more brilliant or unique banquet was ever given in Atlanta than that which was tendered the Georgia Bankers' association at the Capital City Club last night.

If the bankers don't want to come back to Atlanta for their next convention or the next after that it is not the fault of the committee having last night's affair in charge.

Fully 400 bankers from Georgia and many from other states, members of the American Bankers' association attended last night's banquet.

Unique Document.

As each guest was seated he discovered at his plate a handsomely engraved document which is a familiar object in banking houses. It was a bond with coupons attached. A perfectly good bond was negotiable by any individual with a good appetite and a sense of humor. The coupons represented the various courses of the menu and the several sabbat numbers of the banquet. The tables were exquisitely decorated and the menu was an excellent one.

Robert F. Maddox acted as master of ceremonies and introduced the various speakers, all of which are to be seen at the Forsyth this week.

One number which was not on the program, but which provoked a great deal of interest, was the presentation to Harry Hawes, of Philadelphia, of a beautifully gowned young female, who persisted in sitting at the table with him and staring fixedly at him until John D. Rockefeller, Jr. intervened and she was removed. Other than the fact that her first name is Vivian and she is a friend and roommate of Henry Kennedy, of the Fulton National Bank, little seemed to be known of her.

Roommate? Yes, roommate—that and nothing more. But, you exclaim in surprise, Henry Kennedy is a bachelor and Vivian—well, Vivian is a wax figure, but her heart has not melted one little bit despite the close proximity to so charming and eligible a young man as John D. Rockefeller, Jr. Some of Henry's friends left Vivian in his bed one cold wintry night and Henry has kept her ever since.

Vivian Much at Home.

Vivian seemed as much at home with Mr. Harris as with Mr. Kennedy and was just as communicative in the presence of Colonel Graves as to either of the other two.

Colonel Graves was the last coupon on the bond and he acquitted himself in his usual attractive style. In passing he said that he for the first time realized the true greatness of William Jennings Bryan who, during his hours out of office, came in keen competition with "bottle balancers and yodelers."

John D. Rockefeller, Jr. presided at the occasion of competing with the vaudeville performers who had preceded him, but his remarks were greeted with fully as much applause.

Following the banquet, many of the guests remained for an informal dance in the ball room.

The officers of the association will be elected today.

Morning Session.

Friday's session was called to order by President L. P. Hillier, of Mason, in the convention hall of the Piedmont hotel.

Governor John M. Slaton made the address of welcome to the visiting bankers. Following him was Captain P. D. Bloodworth, of Savannah, who paid Governor Slaton a high compliment, and said he was sure he voiced the sentiment of the assembled delegates when he hoped that future honors might be his very soon.

The suggestion was met with rousing applause.

Friday morning's session was for the most part taken up with routine business. President Hillier read his annual address, the report of the executive council was adopted, the report of Secretary Haynes McFadden was read and the report of the treasurer, F. C. Smith, of Griffin, showed the organization to be in a thriving condition, and steadily growing in membership.

The keynote of those present was one of optimism, and it was truly prophetic that the state of Georgia, and the south generally were on the eve of the best sort of good times.

At 1:30 o'clock the delegates were tendered a luncheon at the Piedmont hotel.

Arbitrators Report ON G. & F. STRIKE TODAY

Augusta, Ga., May 8.—The board of arbitrators, to whom was submitted contentions between the engineers and firemen of the Georgia and Florida railroads demanding more pay, and management of the road, will announce their findings tomorrow morning at 10 o'clock, when there will be a dissenting opinion. Judge W. L. Peeler, former chief justice of Georgia and Washington, is chairman of the board. A. W. Anderson, general manager of the C. & W. C. railroad, represents the railroad, and Davis of Augusta represents the trainmen.

The demand was for an increase of \$1.00 per month for engineers and Florida trainmen, to the rate paid by standard roads, which is 4.35 per mile; and for passenger runs, being paid \$1.25 for passenger runs.

Judge Peeler and Mr. Davis agreed on an increase of \$1.00 per month, or 3.50 for passenger runs and 4.35 for freight runs. Mr. Anderson takes the position it is understood, that the road is not making operating expenses under the present wage scale, and can't pay the increase.

OLLIE TAYLOR MUST GO TO REFORMATORY AGAIN

This story for boys—boys who are just reaching that stage between boyhood and young manhood when they feel that they are no longer to be considered "tied to their mothers' apron strings," and it seems much more manly to them to be considered the Jesse Jameses of the neighborhood.

Several years ago a boy about 11 years old was arrested and carried into the juvenile court upon the charge of stealing a 5-cent cigar from a store. Previous to that misdemeanor he had been warned against being dishonest, but apparently to no avail.

So the judge said that he must go to the reformatory farm and stay there until he was 21 years old, or until his reformation was assured.

Appealed His Case.

That boy now is Ollie Taylor. Ten years seemed a long, long time to the father and friends of little Ollie for him to have to stay within the walls of the reformatory and miss the fun and fun of boyhood.

So the judge was appealed until at least it reached the highest court in Georgia, but because of the peculiar and wise pondered long, the high court of this small boy, this high court was able to take the case.

At length the court announced that it was not within its power to release Ollie Taylor from the reformatory. The newspapers printed the news. The people read about it.

But the nation knew that little Ollie Taylor was at the state reformatory because he had been convicted of stealing a cigar and could not get out until he was a man.

Everybody it seemed a great pity that a boy should miss all the pleasure and the freedom of boyhood. So from every part of the state, people rose up and pleaded, even demanded, that little Ollie Taylor be released from the reformatory.

Released on Parole.

So he was released on parole and had his chance to start all over again. The joy of the country was that he never heard of him before thought he ought to have his chance, but it seems he failed to use it right.

So the judge said that he was taken before Recorder Broyles on a misdemeanor charge and was sent again to the reformatory and to stay until he is 21 years old.

And the lesson for boys in the story of Ollie Taylor is that if you do not do right, you will miss the fun of boyhood. It is this: The world is willing to give you your chance, but if you do not use your chance, you will miss the fun of the world, the world will not give you a second chance.

WILSON'S REPEAL STAND IS ATTACKED BY GOFF

Washington, May 8.—Quoting from members of the platform committee of the Baltimore democratic convention, Senator Goff, of West Virginia, today in the senate today criticized President Wilson's action in "disregarding the will of the people" in his press declaration on tariff. "Oh, consistency, thou art a jewel!" declared the senator.

He asserted that the president's message asking for the repeal was one of the most remarkable state papers ever submitted to congress.

WIFE ASKS FOR NEWS OF HUSBAND IN MEXICO

Savannah, Ga., May 8.—Mrs. Robert C. McQueen, a British subject, called on the British consul, Colonel A. N. Mrs. McQueen reached Savannah April 27 and she immediately by way of Galveston. Her husband had planned to follow her in a few days, but she has heard nothing since she left leaving Mexico. Mrs. McQueen expects to go to Washington in a few days to take the matter up with the state department.

REPORT AGAINST GENERAL STRIKE

John D. Rockefeller, Jr., Is Blamed for Loss of Life in Colorado Before the Mine Workers of America.

Washington, May 8.—Senator James Hamilton Lewis spoke today in the senate in eulogy of the American bluejackets and marines who fell in the first fighting at Vera Cruz.

"John Schmahor, the descendant of those who fought for us under Steuben, 'the first four completing the ever present mystic squad personifying all that is noble and heroic in our country.' Those who marched with the Jew, child of a people without a country, but now a son saluted by every nation."
