structed to ascertain the operatives alleged to be working with the Burns agency who were not approved by the commission.

The committee will meet next Friday, and will report to council at council's regular meeting next Monday, at which time the board recommendation will also be submitted. Mr. Colcord, who is on this committee, cast the lone dissenting ballot on the Burns question.

The matter went through the commission hurriedly. The resolution was read, presented and a motion made for its adoption. It was put to question, which caused momentary delay. No question arose. The vote was cast, after which Mr. Sears arose, saying that every man attached to the local Burns agency had been approved by the police department.

"I would also like to be able to make a statement," he declared. He was informed that the opportunity had passed, and the matter voted upon.

City Attorney Mayson was called upon to explain the board's authority in revoking the license or permits of detective organizations. He declared that only council had the power to rescind license, although the board could withdraw its permission to obtain license.

It was reported after the meeting that a strong fight will be made by the officials in the courts. The service has connections with many prominent banking and mercantile interests in the city and throughout the southeast, and is attached to the American Bankers' association.

MEXICAN PROBLEM UP TO MEDIATORS

proceedings and the importance attached to them by other South and Central American countries, was evidenced by the arrival here today of Dr. Gonzales Cardova, minister from Ecuador to the United States. He declared he had come on instructions from his government. It is understood that Dr. Alberto Membreno, minister from Honduras, is coming and that other Latin-American diplomats or their representatives will be on the scene.

Dr. Cardova's announcement of the interest of his government in the mediation was accepted here as an indication of similar interest in the part of the other Pan-American countries. Those in close touch with the situation pointed out that the mediation means much more than the settlement of the problem between the United States and Mexico. It was said the general Pan-American desire to see the mediation a success was as great as that of the three big South American

countries whose good offices have been accepted. The arrival of the Ecuadorian minister, therefore, was the subject of great comment, and to the effect the mediation proceedings would have on future relations between the United States and other republics of the western hemisphere was pointed out in circles close to the mediators that the success of the mediation would strengthen the ties between the United States and the other Pan-American nations.

LEANING ON A CANE, ROOSEVELT RETURNS

Continued From Page One.

on board a tug which proceeded to Oyster Bay.

Much Thinner and Using Cane.
Friends who had been alarmed by reports of Colonel Roosevelt's severe illness, were greatly surprised when they saw him. He was noticeably thinner, and he used a cane, but his face was as bright as ever and he apparently had not lost an ounce of his vigor and energy. After stopping ten days in his country, he returned to the United States to the wedding of his son, Kermit.

As the tug which carried several members of the Roosevelt family, including Mrs. Roosevelt, Mr. William Roosevelt, Archie and Theodore Jr., approached the Aidan, the familiar figure of the colonel could be seen leaning far over the rail. As he waved a greeting his lips flexed into the familiar smile.

Not a few eyes were wet as the collector of the port, Dudley Field Malone, and a host of newspaper men scrambled to get a glimpse of the colonel. The colonel stood at the top and shook each man by the hand. Anthony Quinn, who stood at the way with Mr. Roosevelt in his explorations, was the first man to greet the colonel.

No Word About Politics.

Mr. Roosevelt anticipated most of the things people were anxious to know as he submitted to a fusillade of questions.

"Not a word about the political situation," said Colonel Roosevelt. "I don't know anything about it. I have never seen a newspaper. Any papers which have given my views on the Mexican situation have mutilated them."

"That applies to what has been said about my presidential intentions," he said.

Old Yields and Childless Women.

She said the charge that only old men and childless women wanted laity rights for personal ambition, was cruel and untrue.

Mrs. E. B. King, of Memphis, who spoke in favor of the majority report, asserted that a majority of women did not want laity rights. "We don't want any more rights," she said. "We do not want to be removed from our position in a position that requires emancipation. We have all the rights we want."

No New Bishops.

Five reports from the committee on Episcopacy were presented by the chairman, Rev. A. J. Lamar, and placed on the calendar. These recommended the retirement of Bishop A. W. Wilson on account of advanced age; one year's leave of absence to Bishop E. E. Hoss, and that no new bishops be elected. The committee also recommended that the assignment of bishops for annual visitation be arranged by a committee of this conference.

AMERICAN DOLLARS ARE NOISY IN MEXICO

Washington, May 19.—While President Wilson and the cabinet today were discussing mediation and routine developments in the Mexican crisis, American commissioners to the Canadian peace conference were en route to the first time in many days of calm was enlivened over a phase of the situation.

Senator John Sharp Williams aroused his colleagues when he read a letter from the secretary of the government service at Vera Cruz, whose signature he tore away from the communication. The writer declared that "the noisiest thing in Mexico is the American dollar," and predicted that it would cost 200 cents in a few months to "take Mexico and hold the Mexicans in subjection."

INSURANCE MEN WILL FORM ORGANIZATION

Conference of Leading Officials Will Be Held in Atlanta Thursday Morning.

An organization which, believe the leading insurance men, will mean much not only to the life insurance interests of the south, but also to financial interests, is the Conference of Southern Life Insurance Companies, the formal organization of which will take place Thursday morning at 10 o'clock at the Piedmont hotel.

At this time a constitution and by-laws will be adopted and officers will be elected. Addresses by life insurance leaders will be made in the several meetings which will follow the organization. It is probable that Atlanta will be selected as headquarters for this new organization.

The co-operative efforts of the life insurance companies of the southeast, which will be forwarded through this organization, are expected to do much for the future growth of an already remarkably growing business.

Growth of Business.

Figures compiled by Wilmer L. Moore, president of the Southern States Life Insurance Company, show that in 1880 there were nine concerns in the south representing that company, with assets of \$4,784,869, while at the end of 1912 there were fifty-three representing companies with assets of \$64,931,133, having insurance in force amounting to \$664,501,212.

Other companies are meeting with the same gratifying progress. The Conference of Southern Life Insurance Companies will be distinctly a business association, being patterned largely after that of the Association of Life Insurance Presidents.

Program of Meeting.

It will not, however, antagonize that or any of the other insurance organizations, but will be able to co-operate with them. The program of the sessions will be as follows:

First Day—Morning Session—10 a. m.

"Outline of Purposes of the Conference and the Work to be Undertaken at This Meeting"—Chairman C. A. Grimsey, of Greensboro, N. C.
Presentation of constitution and by-laws. Discussion and adoption thereof.
Organization and election of officers for the permanent organization.
First Day—Afternoon Session.
Address: "Advantages of a Uniform Medical Examination Blank and a Co-operative Medical Inspection Service, with Outline of Cost of the Latter"—Dr. J. T. J. Battle, of Greensboro, N. C.
Discussion.
Second Day—Morning Session.
Address: "Opportunities for and Advantages to be Derived from Agency Co-operation"—Robert F. Moore, of Atlanta, Ga.
Discussion.
Second Day—Afternoon Session.
Address: "The Policy Contract"—E. Strudwick, of Richmond, Va.
Discussion.

P. P. CLAXTON VISITS PROF. M. L. BRITTAIN

United States Commissioner of Education P. P. Claxton was in Atlanta Tuesday and spent several hours in the office of State Superintendent of Education M. L. Brittain.

Commissioner Claxton was very much interested in the legislature's committee investigation in the proposition of the state's publishing its own school books, and asked that a copy of the report be forwarded to him personally. This report will be from the press some time during the latter part of this week.

Commissioner Claxton is now devoting considerable of his time to the study of reading courses for teachers and the question of interstate communication of teachers' certificates.

ANOTHER FAIR DAY, AND A TRIFLE COOL, SAYS FORECASTER

Another fair, comparatively cool day will prevail at Atlanta. The temperature in the morning will be about 62 degrees, but will rise in the afternoon to a more comfortable figure. Increasing cloudiness is indicated for Wednesday afternoon, with easterly winds, and there is some chance for rain at Atlanta toward the close of this week. Easterly winds will prevail probably shifting to southerly Wednesday afternoon.

CHAMBER PLANS SECOND GEORGIA PRODUCTS DAY

Albert M. Smith Succeeds Charles D. McKinney as Secretary of Chamber.

Macon, Ga., May 19.—(Special.)—Plans for the second annual Georgia products day celebration next November were discussed at a meeting of the executive committee of the Georgia Chamber of Commerce at the Hotel Dempsey today, every member of the committee except two being present. A resolution authorizing President Haden to go ahead and arrange for the celebration on a much larger scale than last year was unanimously adopted, the resolution expressing the belief that nothing ever attempted in Georgia before had done so much good for the state-at-large.

President Haden expressed the opinion that every county in the state will participate in the observance of the day this year by giving dinners and barbecues at which only Georgia products will be eaten.

Another feature of the meeting today was the formal acceptance of the resignation of Charles D. McKinney as secretary and manager of the state chamber and the election of Albert M. Smith, of Atlanta, as his successor. Mr. Smith has been office manager and publicity manager for the state chamber since its organization. Mr. McKinney presented his resignation last January, but was prevailed upon to continue in office until the May meeting of the committee.

Woodmen Unveil Monument.

Eastman, Ga., May 19.—(Special.)—The monument erected to the memory of George D. A large number of Woodmen from neighboring camps took part in the unveiling.

Final Details Are Perfected For Atlanta's Reserve Bank

Atlanta's reserve bank and district has been technically organized.

The certificate of organization was signed by A. C. Lewis, president, and J. A. Griffin, cashier of the Exchange National bank, of Tampa, Fla., yesterday morning and is today on its way to Washington.

Mr. Lewis and Mr. Griffin are two of the best known bankers of Florida. Both are former Georgians. Mr. Griffin was born in Decatur county and Mr. Lewis in Dooly county.

They did not arrive in Atlanta in time for Monday's meeting. Tuesday they were entertained at the Capital City club by Martin Amorous.

The next step will probably be a convention of all the banks and bankers in the reserve district for the purpose of electing six directors for the bank. New York held its convention Saturday almost immediately after the filing of the certificate of organization.

Members of the Atlanta Clearing House association have not yet had time to discuss the convention, but it is expected that it will be held within the next fifteen days. However, it is the plan among Atlanta bankers that the only feasible means of electing the six directors is by a convention of the bankers.

Election in 15 Days.

Under the laws governing the organization of this, the sixth district, elections must be held within fifteen days for the purpose of electing six directors. The organization committee at Washington will appoint three immediately after the charter is issued by Comptroller Williams.

Three of the directors who will be selected for Atlanta's bank must not have any connection with banks. Under the strict interpretation of the federal reserve act, a lawyer with banks as clients is ineligible.

Method of Organization. Here is the method the organization committee must pursue in the matter of electing directors:

Each bank holding stock in the regional bank will appoint one elector; each bank nominates two men for directors; each elector then votes on the nominees, giving first, second and third choice. The six men getting the most votes by this system will be the six directors.

There are 374 banks already listed as subscribers for stock—banks in all six of the states of the Atlanta district.

These banks are divided into three classes, each one of which is entitled to two of the six directors.

To facilitate the selection of directors, the following plan was brought forward at the meeting today as the most feasible:

Each group of banks in the three classes shall call a convention at a central city, where the chosen electors and representatives of the banks will meet.

Photo by Price. A. C. LEWIS, President of the Exchange National Bank of Tampa, Fla.

scribers, the three divisions are according to capitalization and surplus. There are 126 banks having a total capital and surplus of more than \$100,000; 124 banks with less than \$100,000, and more than \$60,000; 124 banks with less than \$60,000.

It was planned to get representatives from these three groups of banks to meet within the next fifteen days, and, at a convention similar to a political convention, for each of the three groups to elect its own directors.

YOUTHFUL BURGLAR IS PUT UNDER \$500 BOND

Walt Kelly, 15 years old, who was caught attempting to burglarize the Rogers' grocery store, corner South Boulevard and Fitzgerald streets, Tuesday morning about 1 o'clock, was Tuesday bound over for attempted burglary by Judge Nash Broyles under a \$500 bond.

Kelly was caught by a negro returning home from his work at a downtown club. There were two other white boys with Kelly at the time, but they put up too good a fight for the negro. How they got in, who lives near the store, to hold all of them.

Young Kelly is the son of respectable parents, living at 2815 South Boulevard. He graduated from Marist college last year, and was well thought of by his friends.

Another burglary some time Monday night was reported Tuesday morning to the police. Jewelry store at 150 Hurstway street was broken into. Three dozen rings, valued at \$108, stolen.

E. M. Feisman, a grocer, 81 South Hurstway street, also reported Tuesday morning that his grocery store had been burglarized during the night and a quantity of groceries taken.

MRS. LON LIVINGSTON INTERRED AT BETHANY

The funeral of Mrs. Martha Guffin Livingston, wife of the late Congressman Leodias Livingston, was held Tuesday afternoon at 3 o'clock at Bethany church, near Covington. She was interred beside her husband in the family burial ground.

Mrs. Livingston was 82 years old, but had been in good health until a few weeks ago. She died at her home in Bethany, nine miles from Covington, in Newton county.

She is survived by three sons, who are well known, and by a number of grandsons. One son, Lon Livingston, lives in Atlanta, and he went to Bethany to be at the funeral.

ADAIR WILL ADDRESS THE AD MEN TOMORROW

Great Plans Being Made for Stunts When Club Goes to Canada.

At the regular Ad Men's meeting and luncheon at 1 o'clock Thursday at the Ansley, illustrious Potentate Forrest Adair, of the Yaarab temple, will be the principal speaker.

A full attendance, possibly the largest in the club's history, is expected, for there will be an open discussion of the "On-to-Toronto" movement which has been inaugurated by the Ad Men, and it is probable that more definite plans will be laid for the attendance of a record delegation from Atlanta upon the meeting in Toronto, and the exemplification of the Atlanta spirit in that city, and not incidentally, but primarily the illumination of the minds of those from other cities who will be met there upon the subject of Atlanta.

St. Elmo Massengale is chairman of the committee from the Ad Men who have the Toronto project in charge, and he has announced that there will be big doings in Toronto when the Atlanta bunch gets there.

Adair to Speak. Potentate Adair was requested by the Ad Men to speak on the subject, "How I Put It Over," it being intended that his remarks should relate to the "On-to-Toronto" movement.

He has refused to speak on this subject until it was amended to "How We Put It Over." In his address he will tell of the remarkable cooperation, and the splendid manifestation of the Atlanta spirit which made the Shriners' convention possible for Atlanta.

The same spirit is expected to be shown in the "On-to-Toronto" movement, and an appeal to this effect will be made by Potentate Adair.

According to the plans which are being formulated now, Atlanta is going to get some desirable publicity from the Ad Men's meeting in Toronto.

Plan the Stunts. For the Ad Men are outlining their ulterior motives, the same being to boost Atlanta, and getting them in good shape for the Toronto trip. Atlanta has eighteen votes in the convention, but it is planned to have not only the regular delegates, but a delegation commensurate with Atlanta's importance.

Some of the stunts by which Atlanta is to be advertised in Toronto have already been planned by the five ones. The first will be to take two carloads of Georgia peaches with them for distribution among the other Ad Men there. Each peach is to be wrapped in paper upon which will be printed a few of the reasons why Atlanta is great.

Another plan is to hold a genuine Georgia barbecue amid the snow and ice of Canada. And if there isn't any snow there in June, to hold it anyway, amid whatever they have in Toronto at that time of year.

Half a dozen genuine Georgia plantation banjoists, the original minstrels, will be taken with the crowd, and the kind of cook that just naturally goes with that kind of function will be imported, too, in order to do justice to the preparation of the "cue."

There'll be big doings there, all right, when the Ad Men get there. But in the meantime arrangements for the trip must be made, and the Ad Men will be busy making them from now on. It is expected that the delegates will leave. They are not going to ask for any subscriptions, but they do want the public to turn out in tremendous numbers to the "On-to-Toronto" ball game, May 27.

TWO HELD FOR ATTEMPT TO WRECK FREIGHT TRAIN

Talbotton, Ga., March 19.—(Special.)—At a preliminary trial before Justice J. S. Powell was unable to make bond, and is held in jail here. Sheriff McDaniel states that there are two accessories to this offense who are now being sought by detectives of the road. Powell is charged with being an accessory.

Kryptok Bifocals

Why we make Kryptok Bifocals and recommend them. First of all, because of their convenience. They give Near and Far Vision in one solid glass, doing away with two pairs of glasses. They can be more perfectly ground than any other bifocal known, no ugly seams or pieces to blister or come loose. We make them in Toric or Curved form, giving a larger field both for reading and distance. Each pair is made to order, conforming to the face in every detail. Your best friend would never know you have on bifocals. They are absolutely invisible white on the face. They are a joy, not a discomfort. Ask some of our patients how they are pleased.

CONFESSION RUMORED IN NAVAL STORES CASE

Attorney General Orders Indictment Against George M. Boardman Not-Prosced.

Savannah, Ga., May 19.—For some time there have been rumors in Savannah that one of the defendants in the federal court cases against the American Naval Stores company offi-

cial for building up a naval stores trust had made a confession and would be used as a witness by the government when the case is heard again. It developed this morning that the indictment against George Meade Boardman, the Jacksonville representative of the alleged trust, had been ordered not-processed by the attorney general. The order to this effect is now a part of the record of the case. District Attorney Akerman stated that the ends of justice could best be met by not-prosecuting the case against Mr. Boardman, but he declined to say whether he will use him as a witness on Monday, when the case comes up for trial.

Mrs. Alice Stackpole Is Awarded Alimony Of \$100 by Pendleton

Judge John T. Pendleton Tuesday awarded alimony of \$100 a month to Mrs. Alice Pauline Stackpole, beautiful ex-resident of the Georgian Terrace and familiar figure in society who sued her husband Charles B. Stackpole. Mr. Stackpole is connected in an executive position with the Georgia-Carolina Blaugas company. He is accused by Mrs. Stackpole of squandering her fortune—\$20,000 of which she alleged had been borrowed by Stackpole from her mother. She asserted that her husband had not contributed to her support for the past two years. She declared his earning capacity to be \$3,000 annually and pleaded for alimony of \$300 monthly on the ground that this amount was essential to her proper support. Mrs. Stackpole's attorney Young H. Fraser said Tuesday afternoon that he had not determined whether or not to bring divorce proceedings and make her an alimony person.

CHARLES A. COOK ILL; HE WAS NOT INJURED

After causing his father and mother considerable anxiety for several hours throughout Monday night, the whereabouts of Charles A. Cook, age 26, who was missing since late Monday afternoon, was established Monday morning by a telephone message received by his father, Bill Cook, secretary of the state of Georgia at his home on East Linden street. This morning his daughter in law telephoned him that Charles lay sick in her mother's hands, as the result of an attack of indigestion. While returning to his home at 311 Courtland street late Monday afternoon Charles Cook was seized with the attack in front of the J. L. Club. He fell to the ground. Those who came to his aid carried him into a nearby house at 121 Courtland where he remained overnight under medical care. As he fell to the ground in auto traffic passed by and some one who knew the stricken man telephoned his father that he had been hurt in an auto traffic accident. Mr. Cook was not carried home because he was unable to sit up and had been ill for several days. He had been ill for several days and his wife was notified and she came and spent the night with him. He is reported as being much better now.

OUTLOOK FOR CROPS IS NOT FLATTERING

Commissioner of Agriculture James D. Price will issue his weekly bulletin on the crop conditions of the entire state for which report he has been gathering data during the last several weeks. His report he says, is an affair that will not show a very flattering outlook for crops just now the reason for this being the cold and wet weather that has prevailed. I believe, however, that it is for the economic good of the state that these facts be made known at once. A false expectation of a bumper crop would lead only to a lowering in prices for farm products and extravagance which would be felt by the farmers next fall.

Washington Seminary Attracts Large Crowd To Closing Exercises

The distinguishing honor of the commencement exercises of the Washington seminary at the Atlanta Theological center was a Miss Ellen Spiggle, who won the D. A. R. medal, which is offered by the Atlanta chapter in honor of Mrs. Alice B. Chandler, for many years principal of the seminary. The medal was awarded for the best essay written by a member of the senior class. The essay which won the medal was a masterly paper on Deborah Sampson, a revolutionary heroine. The medal was presented by Mrs. Frances S. Whitehead of the Atlanta chapter, D. A. R.

Miss Spiggle has ranked as one of the most brilliant students of the seminary and the award of the medal to her seemed to meet entirely with the popular approval of the members of her class. Honorable mention and ribbon badges were awarded to the following contestants for the D. A. R. medal: Misses Essie Jackson Mildred Duncan and May Creighton. One of the largest crowds that has ever attended a commencement of the Washington seminary was present at the exercises of the thirty sixth annual commencement at the Atlanta center last night.

Dr. W. L. Pickard, of Savannah, delivered a brilliant address to the senior class, his subject being "Deathless Kings and the D. A. R. Medal." Under the direction of Mrs. John W. Hurt the St. Cecilia society of the seminary rendered a beautiful musical program.

The exercises closed with the presentation of the diploma by L. D. Scott, principal of the school to the members of the senior class who were as follows:

Advanced English Course: Elizabeth Anderson, Theodosia Andrews, Ruth Beck, Vera Buchanan, Alice Grigg, Elizabeth Green, Julia Green, Edwin Harper, Laurence Hooper, Sumner Hunter, Edith Morris, Frances Springer, Ellen Spiggle, Frances Stephens, Marguerite White, Estelle Walker, Dorothy Wilbur, Willie Fort, Williams Martha Whitner.

2 CRITICALLY INJURED IN FREE-FOR-ALL FIGHT

Deaths Are Narrowly Averted After Small Riot at Tal- lapoosa Church.

Buchanan Ga., May 19.—(Special)—In a rough and tumble fight at Tallapoosa church 2 miles north of Buchanan Sunday, six men and boys were injured two of whom are still in a very serious condition.

It seems that liquor was the main cause of the fight. John McDonald, a young man about 19 years of age it is said was the principal figure in the Sunday scrap. McDonald was the least injured of all. Julius McBraxer with whom McDonald raised a quarrel, was struck upon the head with a large stone, inflicting a very painful and dangerous wound. Doctors say the skull was cracked.

George A. Peyton was out in the temple with a knife severing the artery and had not a physician reached the scene just when he did it is averred that Peyton would have bled to death.

A FIRE-PROOF GARAGE is a necessity in those fire-prone sections. No building in Atlanta that is struck by fire will be destroyed if it is built of fireproof material. Any kind of a building to meet your requirements as to price and appearance can be put up by this system of fireproof construction. We can save you time and money if you will ask us to see these buildings either at our office or within a short distance of your own home. Blood spurted from the wound for a distance of several feet. John Duncan, Tom Thomas and a young fellow named Keith were also injured in the mix-up. The real cause of the fight, except the liquor feature, if there was any other cause, has been kept hidden. Several warrants have been sworn out for the principal actors in the row.

Eighty Years of Faithful Service to the American Public

The Mitchell-Lewis Motor Company has the enviable record of eighty years of faithful service to the American public. Bear this fact in mind when you get ready to buy a car, for it operates as insurance of quality.

No thoughtful business man ever buys a commodity or a luxury or a necessity without looking into the character of the men who make it. This rule of trade is more imperative in the purchase of an automobile than almost anything else you can name.

Eighty years of faithful service is an asset of no uncertain value. This company held the respect of the early settlers of the western country because of absolutely honest merchandise in the shape of farm wagons. It established its standing before automobiles were known. When it embarked in the automobile business, it clung to the policy that made its farm wagon business famous. And its automobiles are famous for the same satisfying reason.

You've got something behind you when you buy. Our standing and prestige constitute a bulwark of safety. Add to this the remarkably fine character of the Mitchell Models and your purchase is as solid as the Rock of Gibraltar. Ask any farmer in America what he thinks of the old Mitchell-Lewis Motor Company. Ask any one of thirty thousand Mitchell automobile owners what he thinks of the Mitchell-Lewis Motor Company. Their reputation and reliability are precisely the same.

"GOAT" MELLE TELS OF WASTING MILLIONS

Continued From Page One.

out; that he had "barked his shins" in a futile endeavor to obtain information from Mr. Morgan; and that they could try if they desired.

MELLE SOUGHT ROOSEVELT'S ADVICE.

Particular interest was aroused by Mr. Mellen's account of his conference with the then president, Colonel Roosevelt, respecting the acquisition of the Boston and Maine.

LETTER TO T. R. AS "LITTLE FATHER."

The letter concluded with this paragraph: "I have thought it possible the 'little father' at Westchester might like to get his finger into the pie in which case, if it should happen before the public should be made aware of the change, might result in definite harm to all your interests."

Mr. Mellen then stated in evidence the reply to that letter made the following day, in which Mr. Mellen wrote: "It has been thought advisable by all concerned that as little of official information should get out to the newspapers regarding the Westchester matter as is absolutely necessary."

Mellen Discussed by Cabinet.

While the hearing was in progress, President Wilson and the cabinet were in conference in the regular semi-weekly session, and the subject of the Westchester matter was brought up before the cabinet by the subject of the New Haven inquiry and the decision of the interstate commerce commission to proceed with the examination of Mr. Mellen and other directors of the road, despite his letter to the commission stating that testimony taken now might grant immunity in any future action by the government.

Mellen Announces Ready.

"I am ready to go forward," he said, "but there is nothing I can forecast ahead of my testimony."

Called Morgan's Office Boy.

"As president of the New Haven

What were your relations with Mr. Morgan?

"It is difficult to answer," Mr. Mellen said. "I have been called his office boy, Mr. Morgan's secretary, and so on."

"What would you say as to the relations?"

"I was proud of his confidence and proud to be called his man," Mr. Mellen said. "I thought a great deal of Mr. Morgan."

"Did you carry out his policies?"

"I do not know that he had any policies," Mr. Mellen said. "The relative importance of the directors as related to Morgan?"

"This is giving an opinion," Mr. Mellen said. "I recall no case in which he did not have his way."

"How many directors shared the road's financial policy?"

"There was a committee of three or four," Mr. Mellen said. "Morgan, Rockefeller, Brookier, and I think, at one time, LeMayard."

"What would have happened had you turned over those bonds to Kuhn, Loeb & Co.?"

"I should have felt that I properly might have been dismissed," Mr. Mellen said.

Deal With Inspector Byrnes.

Turning to another line of inquiry Mr. Mellen said: "How did you happen to get the 3,000 shares of New Haven stock which were exchanged for Westchester stock?"

"Byrnes, former police inspector of New York, asked that the shares be placed in my hands so that he might not have to deal with a corporation."

"What did the New Haven pay for the Westchester stock?"

"About thirty-five million dollars," Mr. Mellen said.

them Messrs. Hemingway and Skinner, particularly were aroused.

"I appointed you a committee of one to find out," Mr. Mellen said.

"There was enough said by Messrs. Hemingway and Skinner to satisfy me," Mr. Mellen said.

"What was the value of the Westchester stock at the time of its purchase?"

"I do not know," Mr. Mellen said.

"What did you mean by saying that the Westchester stock was worth more than anything else?"

"I do not know," Mr. Mellen said.

He said he learned that the American Express company wanted to sell its holdings in the Westchester stock.

"I wrote him a letter," Mr. Mellen said.

"I suggested that he make a contract with the Boston and Maine for the American Express company before I got hold of the road," Mr. Mellen said.

"I do not know," Mr. Mellen said.

one. That resolution was passed solely to strengthen my hand in an endeavor to persuade Mr. Billard to reduce his profits.

"All this is covered in the minutes of the board of directors, which fully ratified and confirmed my action in the transaction," Mr. Mellen said.

"I do not know," Mr. Mellen said.

James H. Nunnally Again Heads the Driving Club

James H. Nunnally was last evening re-elected president of the Piedmont Driving Club, and Brooks Morgan vice president.

New members of the governing board elected were John E. Murphy and Harold Hentz. Old members of the governing board re-elected were J. J. Spalding, Preston S. Arkwright and John S. Cohen.

This will make Mr. Nunnally's sixth term as president of the club. His election and that of other officers was unanimous. Under his regime the club has prospered greatly, and last night he was cordially felicitated on his election to serve another year.

The afterglow of a beautiful sunset illumined the picture presented on the terraces of the Piedmont Driving Club last evening when after the annual election a company of five hundred guests assembled for supper.

At 8:30 o'clock there was the annual

meeting, reports read indicating the popularity of the club and its efficient management, and its factorship in the city's prosperity. Many large banquets have been held here during the year, which brought together men of affairs from all sections, their delightful entertainment at the club giving them a lasting impression of Atlanta's hospitality.

After the meeting the gentlemen joined the ladies already assembled on the terrace, and enjoyed the orchestra concert. The officers were congratulated and the new members of the board introduced.

The parties were divided into groups large and small, and a delicious supper served. Hot and cold things were bountifully supplied, and the club cuisine continued its reputation for the easy service of large gatherings.

After supper the hall was the smaller dining room, the house as well as outside, and everywhere was the atmosphere of pleasure characterizing every event at the club.

After supper the hall was cleared for dancing, and the music soon assembled in the new dances the club membership those young—and those still younger.

Parties reassembled on the terrace, and until a late hour there was a spirit of pleasure, appropriate to the celebration of another year's life in the club's service to the community.

It was announced that the dinner-dances will hold each Saturday evening of the summer season; and that the club would serve dinners each evening due notice is given the management.

The tea dances will continue on Wednesday afternoon.

Acting as a receiving committee yesterday with Mr. Nunnally were the other officers of the club and their wives.

For Bridal Party.

After the rehearsal for the wedding of Miss Ida May Blount and Mr. Elliott Cheatham, which took place this evening, the bridal party, out-of-town guests and a few friends were entertained at 8 o'clock tea at the home of Mr. and Mrs. E. M. Blount yesterday afternoon. Ferns and flowers decorated the house and a basket of pink tulips was the centerpiece of the tea table in the dining room. The candle shades, cakes, bonbons and other details of the pretty table were pink. Mrs. Blount wore black charmeuse, Miss Ida May Blount wore white crepe and Miss Ruth Cheatham, of Dawson, was gowned in green tulle.

PIEDMONT CHAPTER PRESENTS FLAG TO PEEPLES ST. SCHOOL.

An interesting occasion of Monday was the presentation of a handsome United States flag to the Peoples street school by the Piedmont Continental chapter, of which Mrs. A. H. Alfriend is regent, and who presided.

The presentation took place in Howell park, which is opposite the school building.

The first speech was by Rev. Dr. Dunbar Ogden, who spoke on the peace movement. He was followed by Mrs. Richard E. Brooks, of Forsyth, a former regent of the Piedmont Continental chapter, and present state D. A. R. chairman, who, in a charming address, presented the flag to the school. It was accepted in talks by Superintendent Slater, and Miss Ruby Jones, principal of the Peoples street school, both of whom highly complimented Mrs. Brooks on her address.

W. S. Neal Badly Hurt When His Motorcycle Strikes Motor Truck.

W. S. Neal, a clerk at the Texas Oil company, ran into a motor truck last night about 6 o'clock on his motorcycle, and, in addition to breaking his collar, he sustained serious injuries about the head and body. His motorcycle was completely demolished.

Neal was coasting down grade on Georgia avenue, near Cowley street. A motor truck in front of him was also coasting, and Neal turned his wheel to the left to pass it. As he did the truck also turned to the left as if to turn around, and Neal struck it almost broadside. He was rushed to the Grady hospital in an automobile.

Neal was unconscious when he arrived at the hospital, but soon regained consciousness as much his fault as that of the truck driver, declaring he didn't signal the truck and that he rode too close to the wheels. It is probable that several of Neal's ribs were broken also.

The unfailing guide to supremacy in any form of human endeavor is Popular Approval.

The Chickering Piano has held first place in the popular estimation through its entire history, ranging over more than 90 years.

It is true that great composers and players use and endorse the Chickering Piano, but these endorsements would mean little unless they were backed up by the approval of thousands of music-loving people the world over.

We particularly want you to see our present display of the famous Chickering Pianos and to learn how these instruments may be bought on a liberal payment plan.

WHIFFS

No Criticism.

WE HAVE no criticism to make of the Crackers after Wednesday's game. They played good baseball Wednesday, and any time they lose a 1 to 0 game the other fellow is entitled to the credit. It is in fact, they kick away with four or five errors that we object to. It's a pity, though, that when Browning struck out with the first ball game he has twirled this season the locals could not hit behind him. But the fact that Browning showed signs of rounding to the form expected of him is encouraging.

About to Repeat. LAST YEAR, when the Crackers paid their first visit to Gulltown, they dropped four straight games, but look where we finished. If you believe in signs, hunches, or are the least bit superstitious, here is a fine chance for you, as it brings to look like a dose of the same medicine this trip.

In a Slump. LONG, Welchance and Flanagan, who are expected to do the majority of the hitting for the Crackers this season, are right now in a slump. Long is having as much to do with the Crackers losing as any one thing. Long and Welchance have been in a slump between, while Steamer has not been able to get a safe blow in six straight games. Long and Welchance are today, boys, and see whether they get mad or not.

Joy in Hedland. BUCK HERZOG has Redland fans standing on their ears, as the result of the splendid showing he and his legs have been making of late. And just as long as he keeps hitting for a good percentage of its games he can have anything Cincinnati has got. Cincinnati has been in a slump for years. A winner is an innovation, and Herzog is entitled to all the praise he is getting. He is not the usual mid-summer Cincinnati slump.

See It Same Way. SCRIBES in other Southern leagues towns look at the Crackers in the same way that we do, that they need pitching and then the batsmen are not dependable as any in the league, one that can be counted on to be in the pennant half all the way.

Next Week. HILL SMITH will look over his team in Mobile and New Orleans. After the Sunday game in New Orleans, Hill will have seen every team in action and will be able to compare it with his own. It seems just where the Crackers need strengthening is in the outfield. Hill will return to Atlanta next week, if he believes he needs more players, and they can be purchased. Hill will also see the directors of the local club will furnish the wherewithal.

Barney's Opinion. HARNEY SHERIDAN, sporting editor of The Mobile Register, has the following to say about the Crackers: "Hill Smith is a good ball club, as usual, and the Crackers can be counted on when figuring the probable pennant winners. Hill will see every team will have their troubles against left-handers, as four of their best hitters are right-handers. Hill will see that they will right. They have already done so. In fact, their percentage of hits has been the highest of any left-handers than right-handers."

Thanks, Judge. JUDGE KAVANAUGH, president of the Southern League, has ruled that George Kircher, manager of the Crackers, is to be suspended for one week for writing lines for the Crackers. Kavanagh, who chased George here, wrote Kavanagh a letter enclosing a clipping from The Constitution where we roasted him. Kavanagh, in a letter to President Callaway of the local club, said, "I will inform the umpires not to chase your stellar attraction from the lines."

Want Him On. MOBILE wants to see Kircher in action. Barney Sheridan asked him to get out on the lines and show him and Mobile fans the brand of comedy that the other papers in the league have been writing about. "We hope Kircher, who is probably too busy playing ball here, will double us some and get on the lines, if his hit is as funny as the press agents say it is," is the way Barney puts it.

Volts Buy Paulet. New Orleans, May 19.—First baseman Paulet, formerly of the local club, has been purchased by the Nashville club from the Cleveland American association. Paulet was expected to arrive here today, according to Manager Schwartz. It is believed this acquisition means that Paulet will hereafter manage his club from the bench.

Hurdle Record. Stato College, Pa. May 19.—E. Hammett, a sophomore, equalled the world's record in the 120-yard hurdle event today in the inter-class field meet at Stato college, covering the distance in 11.5 seconds.

Billies 13, Lookouts 1. Montgomery, Ala. May 19.—Montgomery hit Kroh and Reisinger today and won the third game of the series from Chattanooga. The score was 13 to 1. Black, who pitched for the

Big Jim Gudger Smears White wash on Crackers; Final of Series Today

By G. J. Flournoy. Mobile, Ala., May 19.—(Special.)—The visiting players to go anything with the delivery of Big Jim Gudger, the Mobile pitcher, who pitched shut-out ball this afternoon, lost the third game of the series for the Crackers by a score of 1 to 0. Gudger was up scattered hits, and after the first inning not a Cracker landed on second base. In the second of three up and three down. Atlanta had three men on bases in the first inning due to the wildness of Gudger and a hit by Welchance, but Big Flanagan, who has not done anything in this series against the locals, pitched, struck out, and Jennings forced Long at second with a grounder to short.

Kircher Stars. Out of the four safe drives obtained off Gudger, two of them went to the credit of Kircher, who pitched a fourth game at third base. Welchance's misjudgment of a fly ball hit to his territory in the fifth was responsible for the only run that the Gulls made in the contest, Hudnall, who hit the ball, making three runs, and Kircher, who Dobard's safe drive to left for a base hit. Schmidt's pegging to second, catching the visiting runners was a feature. Manager Smith changed his pitcher, struck out, and Jennings forced Long at second with a grounder to short.

ATLANTA'S STRIDES FROM DAY TO DAY

The work of getting West Peachtree street ready for the big fill just beyond the junction of Peachtree is now progressing rapidly and it is expected that the fill will have been completed with in the next three weeks.

The trees along the territory of the fill have been cut down.

Incidentally the removal of the trees might be taken as an omen. The removal of trees from a residence street usually presages an advance of the business district. Even the newsstand in Atlanta can attest to this. When Forsyth street was lined with the struggling trees of a line down at the head of the street, the business district advanced to the building activities of Edgewood and others.

On Central avenue the trees have recently given away before the advance of a new business street.

And so the removal of the trees on West Peachtree may be taken as the first step of the development of a new business street such as has been predicted by many when that street has been extended to the north side.

Interest in Coming Auction

The announcements of consummated deals in real estate on Tuesday were not many.

Considerable interest however is being evinced in the coming sale of the property at the foot of Peachtree street which will take place May 30.

This subdivision of residence lots is located at the foot of Peachtree street in West End. They are owned by W. J. Davis. They will be auctioned off by Forrest and Adams.

The Board also will discuss prospects for a big delegation to the Pittsburg convention to bring the 1916 real estate convention to Atlanta.

He will be assisted by a number of other evangelists and several singers.

The campaign quartette which has been heard only at the central meetings in the First Baptist church will sing as well as Mrs. J. Fred Schield. Not only the men and women of Atlanta have entered into the campaign but the children as well have added their efforts to those of the grown ups. At the Jackson Hill Baptist church a junior choir of forty voices has been formed and will render music throughout the services there. None of the members of the choir who have volunteered their services in the campaign are over 15 years of age.

Shop Meetings

The first of the shop meetings to be held in Atlanta were conducted yesterday in a dozen of the factories and shops of the city. The services were held under the direction of the

Pullman Co. Played Big Part in Success of Shrine Week

Twelve million dollars in equipment and expenses with a staff of 45 expert assistants were used to help Superintendent W. M. Camp. That was the contribution of the Pullman Palace Car company towards the success of the Shrine week. And the little Napoleons who engineered the skillful handling of this vast fortune in property and the small army of employees was W. M. Camp, district superintendent of the Pullman company.

When it is considered that the job of hauling the great army of Shriners and their families was split up between the eight railroads entering the city, Mr. Camp had to furnish every Pullman car that came in on every one of these roads and then care for the millions of people entering the city in Atlanta, the colossal dimensions of his undertaking become apparent—hence the new name for the general southern representative of the Pullman company.

Striking Figures.

Here are some of the striking figures which go to show that probably the biggest burden of Shrine week fell upon the sleeping car company.

The first of the sleeping cars which were used in bringing to Atlanta the thousands of Shriners that came into the city on Sunday and Monday—these in addition to the regular service cars—were sent to the city in a single train which would have formed a line lacking only a few hundred feet of being eight miles long.

At Atlanta during the entire stay of the Shriners they averaged 25 persons to the car many of them remaining in the cars during their stay in Atlanta. These cars, therefore, people the Pullman car company employed over 700 employees. To these employees it served 300 meals during the week, including the city two special meals, one for breakfast and one for supper. No estimates have been made as to the number of meals served to Shriners but it is probable that they amounted up to the hundreds of thousands.

From Monday morning until Friday night over 10,000 pieces of linen were furnished in Atlanta for the occupants of these cars. Incidentally, the amount of linen passing that way is remarked in passing that 1,000,000 pieces of laundry in some weeks washing.

The total value of these extra Pullman cars is considerably over \$12,000,000.

Probably the most remarkable feature of it all is that notwithstanding the magnitude of the job which confronted the company not a single complaint has been registered to the present time from any one of the thousands which inhabited these Pullman cars in the majority of cases of over a week.

Organization the Answer

And it is known that in addition to being a wizard on the job Mr. Camp was also a man of extreme modesty. For he insists that it was the staff under him and the splendid system employed that enabled the Pullman company to pull off its big part of Shrine week without a hitch or a complaint. Hereinafter those who know say that without the guiding hand of Mr. Camp things would have been far from as smooth as they were. It is his policy that the Pullman company should be seen again until Friday night so close to the superintendent of the work in hand.

One record was broken by Atlanta during Shrine week declares Mr. Camp in talking of the strenuous week just passed. That has not been mentioned before is that the Pullman Palace Car company brought into Atlanta more cars than it has ever before sent to a Shrine meeting. It indeed to any occasion in America save the inaugurations in Washington.

We recall that the Pullman Car company was able to serve the Shriners of the country as smoothly as we did and while we all feel very much as if we had been dragged through a mud bog in which our business is organized and the big corps of expert Pullman employees who are the backbone of the Pullman company.

When it is considered that 152 of our 165 extra cars were paid in Atlanta with 700 employees to attend to the needs of the guests answered by the Pullman company, it is not a simple task of any kind was the Pullman company realized that it had to go some to keep up the pace. Atlanta during the week had to break all records for former Shrine meetings. The Pullman company is proud to feel that we lent a helping hand towards sending the visitors away from Atlanta with nothing but words of praise upon their lips.

Fred C. McManus 20 years old of 57 Dodd street, who was arrested at the residence of his father, Dr. W. J. McManus, a well known young attorney on the charge of impersonating him and borrowing law books from several law firms in the city, which he later sold to the book store of Judge Nash Broyles Tuesday morning under four separate charges—impersonating another larceny after trust larceny from the house and forgery. McManus admitted having gone into many law offices and securing law books from the stenographers in the absence of the lawyers while impersonating himself as Mr. Bartlett. He also forged an order for \$750 law books upon the firm of Harrison Law Book Supply company in Mr. Bartlett's name. He received several checks as payment for the stolen law books made payable to Mr. Bartlett.

Mr. Bartlett charges that McManus also sold tickets to fictitious Sunday school entertainments.

The manager of the case was when his young sister appeared at police station and pleaded for her brother or offering to repay everything.

BOARD PRAISES POLICE FOR CONVENTION WORK

At the suggestion of Commissioner Bill Pain and with the hearty approval of Mayor James G. Woodward resolutions were adopted at the meeting of the board of police commissioners last night praising the entire police department for its effective efforts during the recent law convention.

It is not believed that the police department of New York could have handled the situation any more capably than the Atlanta police did.

Mr. Pain it was nothing but of wonderful. Every man on the force deserves a commendation.

Not a man to be excluded chimed in Mayor Woodward. From Chief of Police to every man doing the most efficient work it has ever been my pleasure to witness.

Mr. Pain was appointed to draft the resolutions.
