Only Few Women Escaped In Panic Which Followed Ramming of the Empress

Twenty-Two Passengers Die After Being Picked Up—Many Drowned in Their Beds—Rescue Ships Eureka and Lady Evelyn Pick Up Nine Boat Loads of Passengers—Numbers Maimed in Jumping Overboard.

Rimouski, Quebec, May 29.—Sinking in ninety feet of water within fifteen minutes after being rammed amidships in the upper reaches of the St. Lawrence river early today, the Canadian Pacific liner, Empress of Ireland, carried down by her more than 900 of her passengers and crew.

Looming up through the river mists, as the Empress of Ireland was lying to, waiting for the fog to lift or day to break, the Danish collier Storstad crashed bow-on into the side of the big Canadian liner, striking her about midway of her length and ripping her side open clear to the stern.

The crash occurred not far from the shore off Father Point, 150 miles from Quebec, which the Empress of Ireland left yesterday afternoon, bound for Liverpool, and ten miles from this point on the St. Lawrence. In reality, therefore, although the liner was heading for the sea and the collier coming in from it, the disaster was not one of the ocean, but of the river.

Immediately the ship's crew recovered from the shock of the collision and it was seen that the liner had received a vital blow, a wireless "S. O. S." call was sounded.

Survivors In Quebec With Faces Marked By Fright of Wreck

Quebec, May 29.—A train with 391 survivors from the sunken steamer, Empress of Ireland, reached here shortly before 8 o'clock tonight.

Among the fifty passengers left in Rimouski were a number so ill or so badly injured they had to be taken to hospitals.

To the coolness of Dr. James F. Grant, of Victoria, B. C., ship's surgeon on the Empress, was credited the saving of many passengers taken out of the water who probably would have perished had they not received prompt medical attention.

A graphic description of the scene on board the Empress of Ireland after the collision was given by Dr. Grant.

"I was in my cabin," he said, "and knew nothing of the accident until the boat listed so badly I tumbled out of my berth. I tried to turn on the light, but there was no power. I reached the bolted door, but the list was so strong that it took me considerable time to open it. When finally I got out and reached the passageway it was so steep due to the way in which the ship was listing, that my efforts to climb up were rendered impossible.

"I then scrambled up and managed to get my head through a port hole, but I was unable to get my shoulders through. At that time the ship was lying almost flat in the water on her starboard side. A passenger standing on the side of the ship managed to pull me through the port hole.

"Hundred on Side of Ship. About a hundred passengers were gathered on the side of the ship at the time, but a moment after I had

Continued on Page Two.

LINER HAD SUNK BEFORE BOATS CAME.

The hurried appeal was picked up by the government mail tender Lady Evelyn here, and the government pilot boat Eureka, at Father Point, and both set out to the rescue.

Only a few persons were picked up by the Storstad, which was badly crippled herself, and these were brought here by the collier, together with those saved by the Eureka and the Lady Evelyn.

Twenty-two of the rescued died from injury or exposure. The others, most of whom had jumped into the boats or plunged into the water from the sinking liner, scantily clad, were given such clothing as the town could supply, and later those that could travel were placed on board a train and started

HUMPHREY TO OFFER MINORITY REPORT

Councilman Wants \$10,000 Transferred From South Pryor Street to School Funds.

Because a majority of the members of the finance committee declined to support his plan to take \$10,000 from the South Pryor street improvement fund and transfer it to the school funds, W. G. Humphrey, chairman of the committee declared after adjournment of the committee yesterday that he will offer a minority report in council on Monday.

Although the finance committee has been attacked by council and by individual members, the split in the inner circle is the first to occur in this year. Chairman Humphrey has declared war on Alderman C. H. Kelley, the second ward member who succeeded in mustering four of the seven votes of the committee to save his ward appropriation.

Chairman Humphrey says that the \$10,000 asked for by the board of education is absolutely necessary and takes the position that the Pryor street improvement can wait until 1915. The finance committee put \$15,000 in the January check for the street, and on Thursday the committee decided to take back the money to make up the deficit caused by overestimation of tax receipts.

When the committee met Friday morning Alderman Kelley renewed his fight and succeeded in getting his appropriation restored. He says that the finance committee has no right to assume that the money will be placed back in the street in January, for the reason that no one can tell who will be on the committee in January. The members of the finance committee who are in favor of taking the Pryor street fund say that the money will be replaced in October, and that Alderman Kelley and his constituents have no cause for alarm as to the replacing of the money.

The \$10,000 asked for by the school board is for taking the first steps in reorganizing the school system as has been outlined by the board for several months and which was brought to a focus in the report of Miss Parrish which was submitted to the board Thursday afternoon. The money proposed for transferring the normal school from the Girls high school to the grammar school and increasing the normal faculty increasing the teaching force in the grammar schools to take care of the new limit of forty pupils to a grade paying the salary of a primary supervisor as recommended by Miss Parrish and purchasing equipment for several of the schools.

COLLEGE PARK HOLDS BIG HOME-COMING DAY

Over 2,000 persons took part in the home coming celebration of College Park Friday morning at the Johnson picnic grounds of that place. Speeches, tango and barbecue were features of the program while field day sports and band playing by Georgia Military academy students added much to the enjoyment of the day.

About half of the 2,000 were out of town guests some coming even from East Frisco. W. H. White, president of the College Park Chamber of Commerce welcomed the home-comers while Mayor Byron Huie addressed the residents.

C. D. McKinney of Decatur spoke on the like interests of the college and Decatur as residential towns. Other speakers were Dr. Lewis Fowler, associate president of the college and Major R. J. Guinn of Atlanta.

ATLANTA MAN HEADS GEORGIA ECLECTICS

Medical Association Adjourns After Holding Most Profitable Meeting.

The Georgia Eclectic Medical association which has been in convention for two days at the Wincoff hotel adjourned Friday afternoon after electing officers as follows: Dr. John Powell of Atlanta president; Dr. O. D. Adams of Raymond vice president; Dr. C. H. House, of Kirkwood, secretary; Dr. M. Adams, of Atlanta, treasurer.

Addresses of special interest to the profession were made Friday morning by Dr. H. H. Farnham, of Conyers; Dr. A. P. White of Florida and Dr. John Powell of Atlanta. The convention will meet again in Atlanta next year. Delegates of the association will go to the national eclectic medical convention next month in Indianapolis, with the purpose of bringing the national convention to Atlanta next year. This would mean about 3,000 visitors to Atlanta should they succeed.

SIX LAW STUDENTS CHOSEN TO SPEAK IN PRIZE DEBATE

Out of a total of fourteen entrants, six members of the Atlanta Law school were chosen in competitive contest Friday night to take part in the annual public debate of the school which will be held next Friday night. They will compete at that time for a \$20 gold medal that is offered by the school for the best debater in the school.

The subject of the debate both in the preliminary contest and in the final is received. That the United States should assume control and take the position of protector over Mexico. The six successful speakers were as follows: Affirmative—Franklin S. Chalmers, A. A. Baumstark and Ernest W. Smith; negative—Hewitt Chambers, J. Walter McCraw and E. A. Lokey.

Competition between the contestants was very keen indicating that the debate next Friday night which will take place in the Atlanta Law school rooms at Five Points will be very successful. The judges who chose the six in the preliminary contest were Whatton O. Wilson, professor in the law school, Basil M. Stockbridge, an alumnus and James Paul Jones, an attorney of Rome, Ga.

Heavy Fine for Blind Tigers.

Rome, Ga., May 29.—(Special)—Heavy fines and sentences have been imposed upon alleged violators of the prohibition law. The police force, assisted by Detective Duran, have been working on the cases for some time and a general raid followed yesterday. Cliff Martin was found guilty and fined \$200. He is out on bond pending appeal. Another offender was fined six months on public works without the alternative of a fine. Robert Holbrook was given six months. Ross Averett was found guilty and fined \$150. Sentences in three other cases were postponed.

Lyerly to Have New Depot.

Lyerly, Ga., May 29.—(Special)—Lyerly will probably have a new passenger and freight depot in the near future. The Central's construction crew is now stationed here and work has already been commenced on tearing away the old freight room of the depot. It is expected that the new depot for the new freight depot will be built in the near future. Another train was at the meeting next Tuesday night.

CLOUDS ARE HEAVY, BUT RAIN FAILS

May Temperature Records Smashed on Friday—Price Urges Farmers to Prepare for Precipitation.

Heavy clouds hovered over Atlanta about 4 o'clock yesterday afternoon and until far beyond twilight inspired gladdening hope in the hearts of pedestrians who have been trading torrid and shimmering pavements for the last twenty two days.

But no sooner had these dark and ominous sisters of the sky begun gathering than all hopes of rain were dashed by the weather report which said there would be no rain last night today and probably Sunday. Now what is to be done in a case like that—clouds vs. the weather man?

Added to the depressing aridness of the atmosphere the elements were all the more pitiless Friday by smashing a May temperature records. The thermometer scooped up to 96 degrees at times during the day, and downtown Atlanta sweltered and perspired like overworked stokers.

No relief is in sight. Hearken ye to the weather prediction, pitiless though it be.

Fine clear and warm—very warm—weather is scheduled to continue over Saturday and probably Sunday as well. Winds will be light northeast at times during the day, and downtown Atlanta sweltered and perspired like overworked stokers.

FREE FOR FOUR YEARS, CONVICT IS CAPTURED

Grant Hood, a negro convict who escaped from a city stockade four years ago and has ever since roamed a free man, was arrested in his home at 8 Collier street, Thursday night by Police Sergeant A. D. Luck. Hood was arrested at the time he was sent to the city stockade has been seeking to escape ever since he managed to get away from the stockade guards.

Thursday night his untiring efforts were rewarded. Luck is police sergeant of the bicycle squad on the night Hood slipped into his home under cover of darkness and made mistakes of his life. He fell asleep when Sergeant Luck made his rounds and usual nightly call at Hood's home the negro was captured.

Judge Preston Friday afternoon sentenced Hood to fifteen days in addition to his unexpired term.

SHIPWRECK SURVIVORS ARE WRECKED IN TRAIN

Quebec, May 29.—The special Canadian Pacific relief train carrying survivors from the steamship Empress of Ireland was derailed shortly after leaving Rimouski so far as is known no lives were injured. Another train was immediately made up.

COMMERCE COMMISSION PROVES B. & O. PURCHASE

C. & D. Railroad Has Proved Heavy Burden, Testifies Willard.

Washington, May 29.—Inquiry into the acquisition of the Cincinnati Hamilton and Dayton railroad by the Baltimore and Ohio was particularly interesting to possible buyers of this transaction on the latter road's application with other eastern lines for an increase in freight rates began Friday.

The witness presented figures showing that the funded debt of the Cincinnati Hamilton and Dayton on the eastern line was \$21,999,406. He also showed that since the purchase in 1909 and up to May 27, 1914, the Baltimore and Ohio had made cash advances to the Cincinnati, Hamilton and Dayton of \$1,999,406.

Asked if the Erie had acquired the Cincinnati Hamilton and Dayton in 1909, the witness testified that it had. He also testified that when the Erie was sold to the Baltimore and Ohio the latter had assumed the debt of the Cincinnati Hamilton and Dayton.

LOCAL TYPO UNION WILL HOLD MEMORIAL SERVICE

The members of the Atlanta Typographical union, No. 48, will hold a memorial service to their deceased fellow members and dedicate their monument in Oakland cemetery Sunday afternoon at 4 o'clock.

The death roll will be read by N. H. Kirkpatrick, president of the union. Misses Elizabeth Carthers and Ruth Still will unveil the monument, and W. J. Vroman, auxiliary of the union will make the presentation speech.

Special services will be held Sunday night at the English Lutheran church in the evening. Invitations are in denominations is invited. Philip Welter and Jerome Jones will be speakers.

\$50,000 DAMAGE SUIT IS NEARING AN END

Monroe, Ga., May 29.—(Special)—The case of B. R. Hill against the Georgia Railway and Banking company for \$50,000 damages, filed in the federal court here last week, one of the most notable cases in the legal history of the circuit.

Mr. Hill, a lawyer for fifteen years claim agent of the road he is now suing was in a wreck near Social Circle last year. His property was destroyed and he was injured. He is now suing for \$50,000 damages.

HARTLEY GIVEN PARDON BY GOVERNOR SLATON

Governor Tells Why He Freed Man Convicted on Man-slaughter Charge.

The grounds upon which Governor Slaton on Thursday pardoned John H. Hartley, serving a term for man-slaughter as published in The Constitution are contained in the following opinion written by the governor.

This defendant has been in the penitentiary since the 13th day of December, 1911. Prior to the killing he had borne a good reputation and the testimony of his wife's father and her relatives are that he made a good husband and was a sober, quiet, industrious citizen.

Decidedly became enamored with Hartley's wife and over the protests of his wife's father and her relatives he made a good husband and was a sober, quiet, industrious citizen.

Mrs. Brooks believes she has found a clue to pendant she lost. Mrs. Walker Brooks of 212 Ponce de Leon avenue believes that she has found a clue that will probably aid in the recovery of the valuable diamond pendant which she lost at the Saturday afternoon matinee of Grand Opera.

LOVING CUPS PRESENTED TO SMITH AND HYNDS

Buton Smith grand marshal of the two great Shrine parades was the guest of honor last night at a jubilee feast given by his staff aids and fellow Yanks nobles at the Grand Hills Club. One hundred and one were present.

Handsome loving cups appropriately engraved were presented to Mr. Smith and Henry Hynds by the nobles for the commendable manner in which they executed their duties during Shrine week.

PREACHER PLEADS FOR STOCK COMPANY

Rev. Mr. Memminger Urges Atlantans to Support Lyric Organization and Save the House From Burlesque.

The sincere plea of a master delivered from the Lyric theater stage last night was made for the lovers of drama to financially support the Lyric Lyric Stock company in order to prevent the Lyric and the local theatrical situation becoming glutted by low priced burlesque productions.

An audience of representative theatergoers packed the show house from pit to balcony and listened intently while the Rev. W. W. Memminger, pastor of St. Michaels Episcopal church made his speech.

His address was delivered when the curtain fell upon the second act of last night's performance of "The Revelation of St. Mary." A response was made by Miss Lucille Lyric, who is head of the stock company.

The major part of the audience was composed of members of the Lyric Lyric stock company and of which Rev. Memminger is vice president. Invitations had been sent every member of the Lyric and almost the full membership of the Lyric Lyric stock company was present.

INVENTOR MAUSER DIES

Stuttgart, May 29.—Peter Paul von Mauser inventor of the rifle bearing his name died today aged 78. Mauser rifle which under various designations has been introduced into the armies of many countries was perfected by the brothers Mauser at Lieke, Belgium with the financial assistance of an American named Norris.

CRUSHED BY ARCTIC ICE, EXPLORER'S SHIP SANK

Stefansson and Crew, However, Escape and Are Safe on Island.

Nome, Alaska, May 29.—The 770 ton wooden steamer Kulluk struck an iceberg on the 14th of May and sank on Waiyung island with a party of food and wool.

Captain Bartlett made his way ashore with a party of four men. He was rescued by a party of Eskimos and taken to a small island where he was safe.

Stefansson is in the Arctic again. He is in the Arctic again. He is in the Arctic again. He is in the Arctic again.

BEAVERS WRITES ESSAY ON THE SOCIAL EVIL

Police Chief James J. Bayers head of the Atlanta police department is the author of an essay on the social evil. The essay will be read by the chief before the annual convention of the Atlanta police officers to be held in New York.

The New Locomobile

With 105 Refinements NOW ON VIEW

Touch the Button to Start
Something new that every one adored. This was originated by our Engineers and developed by the Westinghouse Company for us.

Left Drive "The Style"
Last year we built both right and left drive—this year left drive only. The owner who wishes to sit next to the driver does not have to walk around the front of the car in the mud.

Center Control Is in Favor
The Locomobile driver changes gears with the right hand, the safest and most natural way. Few drivers are left handed. The Locomobile is the only left drive quality Six with four speeds, controlled by the right hand.

One Man Top Refinements
Storm curtains adjusted and fastened inside of car. Clear vision for driver. Two oval plate glass windows in rear. Adjustable fastening, top to windshield.

Smart Low Lines
The new Locomobile will be greatly admired on account of its low sweeping lines.

The First Electrically Locked Car
An owner can now leave his car feeling that it will not be tampered with or stolen.

A turn of your "Yale" key automatically locks the car dead ignition, lights, everything. Another turn locks the signal lights on. Another turn—the car is free to operate. The first car to be automatic, electrically and mechanically locked.

The New Mode in Lamps
Aboard you see smooth unbroken lines. We interpret this by incorporating the side lamps in the head lights. This places the signal lamps in a better position and beautifies the car.

Style Features
The New Radiator. The New Bonnet. Panelled at the front with vertical openings at the rear in the Continental Style. A longer and more sweeping Cow. Finest proportion between Body and Bonnet. Pure stream line. The new one piece fenders are moulded to graceful contours carrying out the foreign effect.

Style in the Chassis
The Locomobile is the only quality car with six cylinders, four speeds, multi plate disc clutch, left drive, and center control.

Four Speed Selective
High grade cars abroad have four speeds, not three. Four speeds are decidedly the thing.

Our Four Car a Day policy is back of all these refinements. The Locomobile Policy is Limited Production and an Exclusive Car Style and Quality instead of Quantity. Not to see how many cars we can build, but how well.

In addition to our standard bodies, we have ordered special bodies from Kellner et Fils of Paris, Henry Binder of Paris, Paul Jeanne Fieres of Paris, and Holbrook of New York. Exclusive upholstery fabrics selected by our artist from patterns imported to our order.

"IT IS FINISHED"

"The times of ignorance therefore God overlooked: but now he commandeth men that they should all everywhere repent." ---Acts 17:30

Your life is incomplete. You began well. What has hindered you? Troubles? Christ called, "Come unto me all ye that labor and are heavy laden." Pleasures? The night of His betrayal, your Savior said, "These things have I spoken unto you, that my joy may be in you, and that your joy may be made full." Nay. Sin sold you back.

LITTLE CHILDREN LABOR THEIR LIVES AWAY IN YOUR MILLS. LABORERS LACK A LIVING WAGE. BROTHEL OWNERS HOPE FOR THEIR PREY. AND BREWERS, DISTILLERS, SALOON KEEPERS AND LOCKER CLUBS FLOUT OUR LAWS. WHILE OTHERS WHO BREAK THEM SUFFER THE TORTURES OF THE DAMNED IN OUR CHAINGANGS AND JAILS.

Our shame, and not happiness, comes of these.

Matthew said of Jesus, "When he saw the multitudes he was moved with compassion for them, because they were distressed and scattered as sheep not having a shepherd."

John wrote of Him, "The good shepherd giveth his life for the sheep."

Yea, and when dying He called across the darkening world, "It is finished," the Shepherd and His flocks began coming into their own. First, only a thief; then a weeping woman, the Magdalene, who had known the horror of being devil possessed among men whose hearts were stone; these broken lives were mended, finished, made complete by Him alone.

God! How the crowds have grown! He with His cross is drawing all men unto Him.

Come.

On Mars' Hill Paul said: "God giveth to all life; He made of one every nation of men—He is not far from each one of us; for in Him we live, and move and have our being; as certain poets have said: "For we are also His offspring." "Being then the offspring of God, we ought not to think that which is divine is like unto gold or silver. The time of ignorance therefore God overlooked; but now He commandeth men that they should all everywhere repent."

Offspring of omnipotence, moving and having your being in a living God! MUST YOU SACRIFICE YOUR SONS AND DAUGHTERS TO IDOLS OF SILVER AND GOLD? You ask, "WHEN SACRIFICED I ONE?" Not one, but scores, when you put into public office men who are indifferent to the cry of the children, and to the want which waits in workmen's homes—men, who are blind to the hellgates hidden in houses of shame, bars, and liquor selling clubs—men, who are tolerant of the torturing cruelty that has been meted out to prisoners of Georgia.

God forbid that this continue!

From the White House to the home of the convict guard—in the Senate of the United States, the House, in the Legislature, on the Bench, and in the Governor's mansion we need, not merry Andrews, scoffers and trimmers, but men who will see and complete their work.

Such men are in the world. They have vision of the needs of others, and the sacred opportunities of a public trust.

Hear Woodrow Wilson saying of unhappy Mexico, "My passion is for the submerged eighty-five per cent of the people of that republic, who are now struggling toward liberty."

And Governor Hooper, of Tennessee, saying, "My activities have not caused me to forget my former enthusiasm for good roads, but have caused me to place the moral and physical welfare of the prisoners far above every material consideration."

And Lindsay, of Colorado, bearing witness to the frightful number of children orphaned by the greed of those who fail to obey the law controlling safety appliances in the mines of his unhappy state.

Then consider Anniston's gallant Chief of Police, the Jew, Shiretzki, dying a martyr to the discharge of his duty, shot down Saturday night by a lawless liquor seller.

In the past two weeks the blood of three more men, dying violent deaths because of alcohol, has been added to the ever-spreading hideous stain in our city, calling more loudly than the blood of Cain, not for vengeance, but for the finishing of the work of driving out this curse of disregard for law and human suffering.

And our convicts, sleeping shackled one to another and to the walls, chained and caged like beasts, in iron wagons—these, too, plead and cry to God for an end to our disgrace.

We need men in office.

God send them! You are His means. Use your brains.

ASK EVERY CANDIDATE—THAT YOU HAVE TO ASK IS ALMOST POSITIVE PROOF THAT HE IS NOT YOUR CHOICE, BECAUSE ZEAL AND HEART FOR GOD'S CAUSE PERMIT NO SILENCE, WHEN HUMAN LIFE AND HAPPINESS ARE AT STAKE—BUT ASK AND FIND WHERE ONE STANDS BEFORE YOU VOTE. WITH YOUR BALLOT YOU MOCK OR WORSHIP GOD.

May He guide you.

"The times of ignorance God overlooked; but now—"
"It is finished."

EXECUTIVE COMMITTEE OF THE MEN AND RELIGION FORWARD MOVEMENT

MANIA FOR MARRIAGE WAS DEBORE'S UNDOING

After Third Marriage He Is Brought Back to Griffin in Irons.

Griffin, Ga., May 23.—(Special.)—Sheriff L. D. Hudson returned to Griffin tonight from St. Joseph, Mo., bringing with him Will Debore, a man who has a mania for marrying and afterwards breaking other laws, which, it seems, is incurably ingrained in him.

Debore is known to have married three times, all of the women being alive; to have children by all of them, and to have been in jail three times.

Debore came to Griffin some five or six years ago from north Georgia, where he left a wife and several children. Shortly after coming here, under the name of Will Bowman, he married a Miss Weaver, of Spalding county. A child was born to her. Shortly afterwards he attacked Dr. T. J. Goin, one night on the public highway and robbed him of a large sum of money and a watch. He was arrested and convicted of bigamy, highway robbery and assault. On the first charge he was given two years and on the second four years.

Debore was transferred from the Spalding county camp to the Monroe county camp after serving five months he escaped.

Sheriff Hudson exhausted every effort to locate him. Finally he received a letter from the chief of police of St. Joseph, Mo., in which a picture of Debore was enclosed.

Ten days ago Sheriff Hudson went to St. Joseph and found that Debore was in jail there serving a term for highway robbery. Under the name of Jack James he had married there and during his confinement in jail his wife gave birth to a girl baby.

Debore was heavily ironed when he returned. He had made threats that he would never return to Georgia.

Mrs. Martha T. Smith.

The funeral of Mrs. Martha T. Smith will be held this afternoon at 3 o'clock from Patterson's chapel, and the body sent to Chicago for funeral and interment.

General Supply Co.,
51 East Alabama St., ATLANTA

ASK HALF MILLION FOR DEVELOPMENT

Continued From Page One.

pressed with the generous donations of many manufacturers. Through the efforts of Dr. K. G. Matheson and P. V. Stephens, and realizing the urgent need of the power plant and the great value of the proposed engineering experiment station. Tech for state industrial development.

Resolved, That we co-operate in every possible way in the present effort to provide immediate and necessary funds for the erection and completion of the new power plant and equipment.

An executive committee, composed of the following gentlemen, was organized to take the direction of the campaign: Allen Johnson, Brooks Morgan, J. E. Brown, Mr. R. Williams, Charles J. Haden, Phineas V. Stephens will act as general campaign manager. A working committee of seventy-five leading manufacturers and business men is being organized. It will be divided into sub-committees under the direction of the executive committee, and today or Monday a campaign to cover a period of ten days will be begun. While the campaign will center in Atlanta and its success will depend on the support of the interests of greater Atlanta, it will not be confined entirely to this city, and the manufacturing and mercantile interests throughout the whole state will be given an opportunity to contribute.

Existing Conditions.

Existing conditions in Georgia Tech, as laid out in last night's meeting, were a surprise to the majority of those present. In 1928 Tech began with two buildings. Within twenty-six years it has grown into a magnificent institution of eighteen buildings; over a thousand men each year are crowded into classrooms and laboratories. Its splendid body of alumni hold many of the most influential positions in the industrial field in this and other countries.

But the old power plant erected as a part of the original building twenty-six years ago is still being made to do duty for the greatly enlarged school. It is inadequate, and today Georgia Tech has reached a point where further expansion is practically impossible without the new power plant.

The school needs a power plant with an ample supply of steam for heating and power; electricity, both alternating and direct currents; a good supply of compressed air; high pressure hydraulic experiments; an economical refrigerating plant; an adequate intercommunicating telephone system, connecting all the buildings; more scientific equipment in all the laboratories and about the better fire equipment for routine work; improved lighting fixtures in many departments; an adequate conduit system connecting the buildings on the campus; a sufficient number of assistants and a larger annual working income.

Facts were presented at the meeting showing that the state of Georgia, although rich in size and population to Texas, contributes less to technical education than any other southern state, except Florida. It was shown that out of the fourteen representative technological schools of this country, Georgia Tech has very nearly the average enrollment, while its amount of equipment is far below the average, and the amount of money spent per student enrolled is very low compared to the average. Only two of the fourteen schools showing an expenditure of less money per man than Tech.

The present campaign is strictly a home proposition, as shown by the following figures: Eighty-five per cent of the students enter Georgia Tech from the state of Georgia, 75 per cent of the graduates are men from Georgia, 55 per cent of the graduates are at work in Georgia, over 35 per cent of the graduates not in Georgia are in neighboring southern states; consequently, money in Georgia Tech is invested in young men of Georgia and the welfare of the state.

Three-fourths of the important manufacturing states of the union maintain engineering experiment stations in their state schools, which are supported liberally by the industrial and public interests. The majority of the best engineering colleges in the United States are liberally endowed by friends of the schools. The services of the experiment stations are recognized as very valuable in industrial development. It is planned that Georgia Tech shall render this same service to the state of Georgia, and conservative manufacturers have said it will be the greatest thing that ever happened in Georgia for the production of wealth.

The proposal outlined at the meeting was to present this great opportunity of bettering Tech's condition to the engineering and manufacturing industries throughout the state of Georgia. The plan has been unanimously approved and authorized by the board of trustees of the school. That the plan be so devised that these industries cooperate in the construction of the school, raise a fund sufficient to conform to the terms of the manufacturers making this liberal offer.

This fund to be large enough to provide the erection of the new power building, to improve and enlarge the laboratories to such an extent that a central research department can be established for the benefit of engineering, manufacturing and agricultural interests in the development of Georgia's resources. By the establishment of this central research bureau transportation facilities, high-voltage power and factories will profit greatly in having an enable close at hand where their problems can be worked out on practical lines.

How money to be spent.

The first year's portion of the fund will be devoted to erection of the power plant building and the installation and perfection of equipment already owned.

One-half of the fund (\$50,000) each year for four years, which will be known as the manufacturers' endowment, will be invested in sound interest-bearing securities, the income from which will provide for the maintenance and perpetuation of power plant and laboratories; thus making this department self-supporting and permanent in efficiency.

The remaining half of the fund (\$50,000) each year for four years will be expended on such needed equipment in laboratories for research and development work.

The New Building.

The new power plant and laboratory will be the best colored and largest stations in the United States. It will provide alternating and direct currents for lighting the school, power for the shops, laboratories and general experimental purposes; steam, both low and high pressure, saturated and super-heated for driving the engines, steam turbines, pumps and other machinery, and for supplying an adequate amount of heat for the eight-story building on the campus.

The new station will enable the school to give a better training to the engineering students in all departments and will afford excellent opportunities for the solution of problems for the men in industrial power plants and industrial work.

This building will mark the beginning of a greater Georgia Tech and will commence a new era in the school.

It has been agreed by the faculty that if some wealthy person will donate a fund of sufficient proportions to justify it his new building will be built as a memorial to the patron making this donation or any relative or friend he may designate.

Endowment Certificate Plan.

Those who contribute a sum of \$100 to \$500 annually for a period of five years will receive certificates representing the amount subscribed, and these certificates will represent the contributor's relation with the school in the co-operative plan for the state-wide industrial development. The holders of these certificates will be entitled to special privileges in the laboratories for research and engineering work, and the school will further offer every possible assistance in the development of new ideas, new products, better ways of transportation, better highways, better industrial conditions, higher degree of safety in all lines of industrial work. It will entitle the donor to participate in the annual and semi-annual manufacturers' show of the school where he will be provided free of charge with electricity, steam, compressed air, water, etc., for advertising his products. Each year with detailed information each year relative to the graduates and students, which will enable him to extend his advertising first hand to the young engineers who are soon to be the captains throughout the whole state of Georgia and the south.

The co-operative plan for securing the necessary \$500,000 for the erection of the new power station.

The board of trustees of the school, as outlined herein, have been heartily endorsed by Governor John M. Slaton, the Georgia Chamber of Commerce, the Cotton Manufacturers' Association of Georgia, the faculty, the student body, influential members of the Rotary and Ad Men's clubs, the presidents of many of the leading manufacturing and producing corporations of the state, and conservative industrial and business men, and many prominent alumni.

Resolutions were presented from the student body of Tech emphasizing the necessity of erecting a new power plant to greatly increase the school's income, and collectively endorsing the campaign.

Resolutions were also presented from the fourteenth annual convention of the Cotton Manufacturers' Association of Georgia, promising that organization's complete support to the work.

Dr. Matheson's Appeal.

"The Georgia School of Technology exists for the service of the state," said Dr. K. G. Matheson, president of Tech. "Despite inadequate support, it has achieved a high standard of scientific activity, and its efficiency is increased; and the greatest need of this development is an adequate power station, both for service and for instruction and research. Realizing the importance of the state as a technical center, we believe it is our duty as strangers in other states have supplied a marvelous equipment valued at over \$100,000 for the station. Will not Georgians be equally generous to their own institution and provide an adequate building to house this equipment? Otherwise it will be just present outworn and outgrown plant. With the new power station, Tech's growth in business and technical activity will be epochal. Not only will the student output be much more efficient, but the school will begin its 'era of vital usefulness as the engineering experiment station of the state. Every Georgian is interested in this investment. We confidently ask for your generous and immediate support."

Among those present at the dinner were the following gentlemen:

J. S. Akers, H. M. Atkinson, P. S. Arkwright, R. H. Blackburn, J. S. Brogdon, C. E. Burr, O. B. Callaway, A. R. Colcord, A. S. G. Gandler, E. L. Conally, H. L. DeWitt, C. F. Foy, J. S. Floyd, J. W. English, W. M. Fambrough, Lynn Fort, W. T. Gentry, W. A. Gish, F. G. Hester, C. E. Hunter, W. C. Harman, William Hurd Hiltner, L. J. Hill, H. D. Knott, George O. M. Halloway, J. R. A. Hobson, E. R. Hodgeson, Jr., H. S. Hastings, Allen F. Johnson, Sr., Clyde E. King, V. H. Knudsen, Al Kaufman, L. B. Lillenthal, W. J. Lowenthal, D. H. McBride, W. H. McCallister, H. C. Moore, St. Elmo Masengren, Gilliam Brock, W. J. Morris, J. W. Mumford, N. Norcross, J. K. Orr, E. R. Phillips, Clark Howell, W. L. Raul, L. R. Rogers, K. S. Roper, W. O. Steel, G. R. Spaulding, S. W. Shatt, John S. Spaulding, O. W. Strauss, E. B. Thomas, W. H. Tinsley, W. D. W. Van Harlingen, W. P. Wetball, W. B. Williamson, A. E. Wimpy, R. J. Walker, E. C. Wallis, A. C. Wilcox, D. Woodard, Mayor Woodard and ten or more members of Tech faculty.

MOTHER OF TRIPLETS REQUESTS HELP OF GOVERNOR SLATON

Governor Slaton spent several hours Friday morning searching the laws of Georgia to ascertain whether or not he is empowered to be of financial assistance to a mother of triplets.

He has received a letter from such a mother, who states that she is in need of assistance, and that she understood the state was able to help her.

The governor was unable to find authority to help her, but declares that he believes from the letter that this is a worthy object of private philanthropy.

HOOPER AND HIS PARTY LEAVE FOR TENNESSEE

After spending the better part of Tuesday evening studying Georgia's convict system, Governor Hooper, of Tennessee, and the committee with him, left for Tennessee Friday afternoon.

The party inspected Rockdale convict camp Friday morning.

Governor Hooper was impressed by the humane treatment now accorded convicts and with the camp conditions, but believes that Georgia loses sight of the man too much. "The man should receive a little more attention even at the sacrifice of a little of the attention given to the solution of 'his works,'" said Tennessee's governor.

The Wrang Quarter.

(From Judge.)

Before the railroads had penetrated south Florida, land was very cheap and passed from one to another for a mere song, as the saying is. At one time an old Florida cracker went before a notary to make an affidavit, and after the deed had been prepared asked what the fee was.

"Oh, about a quarter," replied the notary indifferently.

"My gracious! ain't that purty steep?" asked the Cracker.

"No, that's the least charge. Usually we get a half."

The cracker went away, and the next day returned with a deed to a quarter section. He put the deed on the notary, who read it over carefully.

"I meant 25 cents," said he, passing the deed back to the cracker.

ANTI-KAMNIA TABLETS

The Headache Relievers.

HARVEY HATCHER WILL SUCCEED WALTER RICH

Second Ward Member of the Board of Education Has Made Fine Record.

Reports around the city hall for several days to the effect that Walter Rich will not be re-elected a member of the school board were verified yesterday when Councilman McCord, who has the voice of the second ward delegation, declared that Harvey Hatcher, ex-councilman from the second ward, will be nominated.

Commissioner Rich is one of the most aggressive members of the board. He has given considerable thought and study to the school system of Atlanta, and has also studied the systems in other cities. Since he has been on the board he has applied his knowledge to good effect, and many of his ideas have materially aided the school department to increase the efficiency of the schools.

It is understood that Commissioner Rich was not ambitious to seek the place for another term, but his friends recently urged him to try for another term, and they have gone to the front in his behalf.

Alderman C. H. Kelley and Councilman C. D. Knight stated Friday that they were in last night's meeting were a surprise to the majority of those present. In 1928 Tech began with two buildings. Within twenty-six years it has grown into a magnificent institution of eighteen buildings; over a thousand men each year are crowded into classrooms and laboratories. Its splendid body of alumni hold many of the most influential positions in the industrial field in this and other countries.

A. B. C. MEDIATORS RECEIVE DELEGATE

Continued From Page One.

acceptance by President Wilson of the invitation extended by the South American envoys to discuss the mediation. The president said:

"This government hopes most earnestly that you may find those who speak for the several elements of the Mexican people, and who are ready to discuss terms of settlement. If you should find them willing, this government will be glad to take up with you proposals that may be authoritatively formulated."

The arrival of the Carranza emissary was regarded with evident satisfaction by the American delegates. They are understood to be anxious that negotiations be reopened to admit Carranza's agents to the mediation conference.

Progress on the agreement between the United States and the Huerta government was slow today.

ACCEPTANCE OF NOTE DEMANDED BY CABINET.

Washington, May 29.—Mexican mediation was discussed at the cabinet meeting today and the administration took a positive position that the communication forwarded to the mediators at Niagara Falls this week should be received.

President Wilson announced to the cabinet that General Carranza has addressed a note to the mediation conference seeking representation. Details of the Carranza message were not discussed, but it was declared that the administration took the view that the constitutionalist chief should not be ignored.

While the cabinet was in session, word came from Niagara Falls that there was some doubt whether Juan Urquidí, agent of Carranza, who went from Washington with the message, would be received in Mexico. It was learned the administration had directed the American representatives at the peace conference to advise Carranza's message be accepted.

When word came late today that the mediators had received Carranza's communication, government officials expressed the opinion that this would lead to a resumption of negotiations for the mediation proceedings. On just what terms the constitutionalist might be received, administration leaders remained silent.

Representatives of Carranza here announced that the nature of the communication would be discussed until the mediators had passed on its contents. Secretary Bryan, informed of the mediation decision, conferred with C. A. Douglas, an attorney representing Carranza, and John Lind, Douglas and Lind having been negotiating with Carranza's representatives and the secretary of state for several days, and the sending of Urquidí to Niagara Falls was a result of these deliberations, it was said.

Arms From Jap Vessels.

Secretary Bryan today said the navy department was seeking to get more information concerning the reported landing of arms by the German steamers Ypiranga and Bavaria, and the secretary also said that the Japanese ambassador official reports that Japanese vessels had delivered arms at Mexican west coast ports.

Buy Correctly Graded Diamonds

In buying diamonds it is quite important to select a dealer in whom you have the utmost confidence—not only as to his integrity, but as to his ability to correctly grade and classify diamonds.

A diamond classifier requires a good eye for grading crystals, colors and imperfections. He should have an intuitive knowledge of grading and long experience in handling diamonds to acquire the necessary skill to know the many characteristics by which he can intelligently determine their values.

Our expert has had over 27 years' experience with us alone. All grades and weights are guaranteed. Lowest net prices, exact weights and grades, are marked in plain figures.

We send diamonds on approval and sell on attractive monthly payments.

Write or call for booklet, "Facts About Diamonds," and 160-page illustrated catalogue.

PLANS ARE NOW ON FOOT FOR A NEW TERMINAL

Grants of Macon Property to Be Transferred to New Terminal Company. Macon Ga., May 29.—(Special)—At the coming session of the legislature the central of Georgia railway company will submit an amendment to the bill passed at the last session transferring certain grants from the city of Macon to the railway to be used for terminal purposes, including the closing of Cherry street, between Fifth and Seventh streets and Plum street, and in addition the utilization of a portion of Fifth street for trackage purposes transferring these grants to a terminal company which will be formed here for the purpose of erecting the new \$1,500,000 terminal in which all of the railroads entering the city will have an interest.

GRiffin IS SHOWING BIG BUSINESS BOOM

Griffin Ga., May 29.—(Special)—Big figures characterize the business of this city in recent weeks. The increase in taxable values during the past year in Spalding county is over \$1,000,000, more than one-half of which is in Griffin alone. Within the past thirty days new business enterprises amounting to \$370,000 have been launched and the end is not yet in sight. New enterprises noted are a \$50,000 new union passenger station, a gas, coal and ice plant to cost \$100,000 and an electric railway system to cost \$250,000. Plans are being devised for the erection of a modern office building and a commodious apartment house. In addition to the above business projects over \$1,000,000 worth of new residences and small business houses are now being erected, to gether with numerous improvements and enlargements of others.

Attractive Concert Given By Philharmonic Orchestra

The Atlanta Philharmonic orchestra presented a brilliant program of music last evening at the Atlanta theater. The program presented was: Overture, Merry Wives of Windsor; Song Without Words, Tchaikovsky; Funeral March, Chopin; Massed March of the Dwarfs, Grieg; Blue Danube Waltzes, Strauss; Intermission; Quartet (Rigoletto), Donizetti; Sextet (Carmen), Bizet; "Avril Chorus" (Il Trovatore), Verdi; Hungarian Dances Nos. 3 and 4, Brahms; Overture, Jubilee, Weber.

Pageant Play to Be Given This Afternoon and Evening

One of the most beautiful pageant plays presented in Atlanta will be that presented this afternoon and evening under the auspices of the Young Women's Christian association at the Atlanta theater. Miss Lora Selzer is the talented director of the performance and will interpret three difficult roles. The pageant presents the transformation of winter to spring and includes features as follows: PART I: Dance of the breezes, Sun dance, Dance of winter, Dance of winter and sun, Dance of spring. PART II: Indian scene, Indian sun dance, Song From the Land of the Sky, Blue Water, Juliana, Gayly, Ned, Carolyn, Bonney, Alice, Greene, Clayton, Clay, loway, Caroline, Beckham, Lillian, McClelland, Clara, Belle, King, Elizabeth, Owens, Lavin, Levesque, Thelma, Beckham, Florence, Boydin, Clair, Blanton, Frances, Woolly, Virginia, Blanton, Mrs. L. REV. L. C. BRANSCOMB TO PREACH AT EMORY

Emory College Oxford Ga. May 29.—(Special)—President James E. Dickie, who has just returned from the general conference at Oklahoma City, announced that Rev. L. C. Branscomb, D. D. presiding elder of the Birmingham (Ala.) district has consented to take the place of Dr. DeWitt of Nashville Tenn. and preach the commencement sermon for Emory. Dr. Branscomb is well known throughout the bounds of the southern Methodist church. Emory conferred upon him some five years ago the degree of doctor of divinity. Dr. DeWitt had to cancel his engagement on account of throat trouble lately developed.

PLAN TO BUY CITY HALL WILL BE DISCUSSED

Wavercross Ga., May 29.—(Special)—Next Tuesday a meeting of city council will be called to discuss the purchase of city hall property that has been held in some time. The proposed purchase of city hall property will cause some serious discussion. The fight for a new city hall has been waged actively for over a month and while the administration seems still over it, there is no question that sentiment among council members is for definite action of some kind next Tuesday night.

BOARDMAN TESTIFIES IN NAVAL STORES CASE

Intense Interest Was Displayed When He Took Stand in Savannah Friday. Savannah Ga. May 29.—George Meade Boardman, former treasurer of the American Naval Stores company and one of the defendants indicted at the trial of the officials of the American for violation of the Sherman anti-trust law which conviction was subsequently set aside by the United States supreme court, took the stand today in the case against him in proof of the practice of retarding out of the practice of retarding on the Brooklyn yard. Mr. Boardman testified that he was not a party to the practice of retarding and that the differences between the company and himself had been settled by the court. He testified that he had signed but consented to withhold his resignation until after the annual meeting of the company in the promise that the practice of retarding would be discontinued.

UNLESS RAIN FALLS CROPS WILL BE RUINED

Everyly Ga. May 29.—(Special)—The long drought, becoming a serious proposition in northwest Georgia just now, and unless there is relief at once the crops will be totally destroyed. No rain has fallen here now in four weeks and the dry parching wind and the burning sun of the past week has almost ruined the crops. Cotton that was planted a month ago has not come up and in some instances the seeds have been plowed up and ruined, but the second planting does not come up. The wheat and oat crop has also been greatly injured by the drought. This week will wind up the scorching and hazy season locally. The crop has been good, considering the dry weather. The cherry crop was the largest in many years.

THIRTY AUTOS READY FOR 500-MILE RACE

Goux and Boillot Rule as Favorites at Indianapolis Sweepstakes.

Indianapolis, May 29.—Automobile racing enthusiasts, who are swarming into Indianapolis by the thousands to-night, are bemoaning the fact that Ralph De Palma will not start in the fourth annual 500-mile automobile race here tomorrow. De Palma said his car vibrated so much that his engine would not stand the terrific strain for 500 miles.

GUY FRIDDELL BLANKS TECH HIGH 8 TO 0

By Carl Taylor. The combined features of Guy Friddell, the hitting of the Purple and White batsmen, were enough to register a defeat against Tech High in the opening game of the three-game series, played Friday afternoon at Grant field by the score of 8 to 0.

Standing out above the rest of the features of the game was the great pitching of Guy Friddell. Durlin, the game, exactly twenty-eight men faced him, and with the exception of one inning, Tech High men went out in regular order. Only one hit was secured off of his delivery, and that was a single secured by Smith, the opposing pitcher, and came in the last round. Three Tech High men reached first, and only one of these got as far as second, while none reached the vicinity of the third cushion.

KIRKWOOD-CAPITOL VIEW GAME AT PONCE TODAY

Capitol View and Kirkwood of the Sunday League, will play at Ponce de Leon Saturday. These teams are two of the fastest in the city, and a good game is promised.

RADIUM IN THE NEWS

Radium, the most priceless of all minerals, is collected in small amounts and in only a few places, because man has not yet discovered places where it may be found in large quantities.

Science tells us, however, that there is a little radium to be found everywhere, that there is enough in every foot of the earth's crust to keep this planet warm and habitable long after the sun has become cold.

There is Radium to be found in the Want Ad. columns of The Constitution. If you are not collecting it you are neglecting an opportunity that lies close to the cornerstone of success.

Learns Difficult Role In Quarter of an Hour And Scores a Big Hit

When a girl can learn a role in fifteen minutes, dress and make up for it while she is reading the lines and then go on and play the role before a big audience without a slip, she has the makings of a real actress.

MISS KATHERINE KIRBY.

Miss Katherine Kirby, of Atlanta, did at the Lyric when a part had been suddenly left vacant by the "walk out" of Miss Marguerite Chaffee.

The story of Miss Chaffee's announcement of her forthcoming marriage to Arthur Dudley, of New York, was published in The Constitution Friday and the story of her leaving the Lyric company and her suit for \$40 which had been deducted by the management from her salary also was published.

Miss Lucille LaVerne, head of the company which bears her name, requested Friday that her side of the case of "Chaffee v. The Georgia Theater Company" be published.

"Miss Chaffee did what actors consider a most unprofessional thing in leaving the company without notice. She had given two weeks' notice, but this was not to take effect until Saturday night, when she had completed her week in 'The Rejuvenation of Aunt Mary'."

"Miss Chaffee recently began to out rehearsal repeatedly and when she did come to the theater, and when she was seriously to delay the rehearsals of other plays. This naturally had its effect on discipline and other members of the company resented it deeply."

"This came to a climax when on the opening night this week Miss Chaffee caused a serious stage wait by her late arrival and went on without command of her lines, almost ruining an important scene. The management, then asserted the usual privilege and notified her that a reduction in salary would be imposed on her, after due notice had been posted that this penalty would be imposed on all who failed to attend rehearsals."

"That hit by Rivington Bisland in the fifth inning of yesterday's game at Boston sure did give our boys a big morale boost. 'Till the delivery of Bisland's single, he had accumulated 42-23 innings during the course of which he had quelled all efforts of the opposition to score."

"But yesterday's game was a shut-out for a Johnson or a Mathewson, let alone a Foster. It was a matter of a first real hit for world-wide and age-long ball fans."

"Last night, Foster had surpassed all records for a positive scoreless innings except those of Walter Johnson, Ted Combs and a White. Today Foster range fourth among the pitchers of all time in that respect."

NO MORE SORORITIES AT WESLEYAN COLLEGE

Board of Trustees Decides to Abolish Secret Organizations by Gradual Method.

Macon, Ga., May 28.—(Special.)—The day the sororities at Wesleyan Female college, the oldest chartered woman's college in America, are numbered.

For ten years the board of trustees has been working toward the abolishment of sororities from the institution, but it was not until the meeting today that a vote was taken, and the board was found to be practically unanimous in favoring that course.

It was decided that no new girl ever to come to Wesleyan shall be initiated into any secret order or sorority. The present members of the organizations can use their habits until they graduate, as can those who have already been pledged, but no new members can be taken in. This means that in four years, at the most, the sororities will cease to exist at Wesleyan.

The trustees did not intend to force the issue until before graduation. Two of the sororities, the Alpha Delta Pi and the Tri Delta, have been in existence at Wesleyan for more than fifty years and some of the best-known women in the south affiliated with them during their college days.

The trustees did not intend to force the issue until before graduation. Two of the sororities, the Alpha Delta Pi and the Tri Delta, have been in existence at Wesleyan for more than fifty years and some of the best-known women in the south affiliated with them during their college days.

G. M. A. COMMENCEMENT DRAWS LARGE AUDIENCE

Thirty-three members of the senior class of Georgia Military academy at College Park received diplomas last night at the final exercises of the spring term and all the officers promoted during the year were awarded commissions.

A-K TABLETS The Headache Relievers.

William G. Brantley, Jr., of Atlanta, delivered the commencement address, which was declared by Federal Judge C. E. McCall, of Mississippi, who was present to be one of the finest speeches he had ever heard.

Indianapolis, Ind., May 29.—(Special.)—Indianapolis motor speedway Maxwell cars are the hot favorites among the American cars entered in the big speed classic to be pulled off tomorrow.

DR. ELAM ACQUITTED OF CHARGE OF MURDER

Kansas City, May 29.—"Not guilty" was the verdict a jury returned today in the case of Dr. W. T. Elam, a prominent physician of St. Joseph, charged with the murder of W. Purman Cramer, a Chicago magazine solicitor, in a hotel here November 13 last. The jury deliberated two and a half hours.

Elam was killed last November in his room in a Kansas City hotel where he and Dr. Elam had come to discuss Cramer's case with Mrs. Elam. There was a scuffle, which Elam says was started by Cramer. The doctor, a small man, drew his revolver and it went off.

STEVENS GREETED BY LOCAL R. M. S.

Head of Mail Service Tells Clerks That Department at Washington Appreciates Their Efforts.

Atlanta's mail clerks greeted A. G. Stevens, of Washington, chief of the railway mail service, when he arrived in the city last night, and tendered him a dinner at the Ansley hotel. The dinner was given under the auspices of the Atlanta division, Railway Mail association, and was one of the most pleasant events pulled off by the association in many years.

Chief Stevens told the local clerks that the department at Washington is highly appreciative of the efforts of the local corps to make the mail service co-operate in the difficulties experienced by the administration in straightening out some of the tangles in the service, and explained that had it not been for the wholesome co-operation and good will of the association the problem would have been a greater one.

Chief Stevens is in Atlanta on a pleasure jaunt, and will be the guest of the Atlanta division of the Railway Mail Clerks' association until 4 o'clock Saturday afternoon. The association invited the chief to come to the big barbecue and outing which will be given at Grant park Saturday.

The committee in charge of the barbecue is composed of John Hogan, chairman, J. A. Zacharie, R. P. Thompson, Fred Rooney, John Eastman, W. G. Travis and J. L. Hudson.

In addition to Chief Stevens, the committee sent invitations to J. A. Metts, chief clerk at Charleston; J. H. Boyd, Jacksonville; J. S. Morris, Memphis; L. O. Poole, of Birmingham; F. W. McDaniel, of Nashville, and Watson Fuller and G. L. Cobb, of Atlanta. Chief Stevens also was invited to come, but his duties at Wash-

Uneda Biscuit
A crisp, clean, nutritious food. For everybody—everywhere. Fresh in the moisture-proof package, 5 cents.

Zu Zu
The funny little name of the famous little ginger snap that puts fresh "snap" and "ginger" into jaded appetites. 5 cents.

Graham Crackers
The natural sweetness and nutriment of the wheat are retained, giving them a delightful flavor. 10 cents.

NATIONAL BISCUIT COMPANY

This Afternoon, 3:30 o'clock. FORREST ADAIR, Auctioneer

ington made it necessary to decline. Much of the pleasure the clerks anticipate in the future depends on the outing Saturday. It is the aim of the association to make the outings annual affairs, and the members show the proper spirit and make it known that they are in favor of the events, no pains will be spared to make the future outings bigger.

NEGRO CUTS DETECTIVE IN EFFORT TO ESCAPE

John Black Stabbed in Encounter With Desperate Shoplifter.

Chief Detective John Black, a prominent figure in the Leo Frank murder case, being one of the city's sleuths, received several severe cuts Friday morning in a terrific struggle with a negro shoplifter, whom he had just arrested in a Decatur street store, corner of Bell street. Detective Black received one cut across his face, which will probably mark him for life. He was stabbed by the negro prisoner in several places about the body.

The negro, who had come to the store to answer a call. When they arrived there two negro shoplifters were pointed out to them. Detective Black and his partner, Detective J. H. Davis, had gone to the store to answer a call. When they arrived there two negro shoplifters were pointed out to them.

The city sleuth reached for his pistol and the struggle with the negro the pistol fell to the floor. The negro quickly reached for the pistol, and as he did so, Black walked with his billy. The negro fell, stunned.

In the struggle, which had lasted only a minute, the negro inflicted several minor knife wounds about Black's body.

"SAFETY FIRST" BOOKS FOR SCHOOL CHILDREN

"Safety First" booklets, designed to educate the children of Georgia in the avoidance of accidents have been prepared by the Georgia Automobile club, and are being distributed among the school children of Georgia. It is the purpose of the club to place one of the booklets in the hands of every child in the state who is old enough to read, and into the family of every child.

WILLIAM D. ELLIS III. CAPTURES SECOND PRIZE

William D. Ellis III. recently won a second prize of \$10 in an inter-academic oratorical contest, which was held at Onarga, Ill. Ellis won second place in the contest in which all the contestants were required to write their own speeches.

MANY STORES TO CLOSE WEDNESDAY AFTERNOONS

Ninety-eight per cent of the grocery stores and meat markets of Atlanta have already signed the agreement to close their stores on Wednesday afternoon during the summer months from June 10 to September 16.

CLASS OF 1909 TO HOLD REUNION ON JUNE 15

Athens, Ga., May 28.—(Special).—The committee for the great reunion of the 1909 class, consisting of Morton Hodgson, chairman, Jerome Michael and A. M. Brown, of Atlanta, have completed the arrangements for the holding of the first reunion of their class.

The members of the class will gather in Athens on June 15 and hold an important reunion at the headquarters in the Southern Mutual building. The big feature of the reunion will be the parade of the class of 1909 and 1904, the first time that such a stunt has been arranged for at a reunion, at the university. The class of 1909 will appear as sailor boys, preceded by a big naval float, while the class of 1904 will appear in the quaint costume of the Chinaman, while the graduating class of 1914 will bring up the rear in the latest fashions.

The sensation among the ladies of Atlanta has been caused by Dolly Varden—the Flour that is White as the Driven Snow. Ask your Grocer.

ATLANTA CITIZENS INVITED TO VISIT CHAMBER OFFICES

W. H. Leahy, secretary of the chamber of commerce, has extended an invitation to Atlantans especially to visit the offices of the chamber and learn what the organization is doing to further the commercial interests and general enterprise of Atlanta.

RESINOL CURED AWFUL ITCHING IN ONE NIGHT

New York.—"The skin on my hand got red and rough. It itched and I began to scratch it. It itched so that sometimes I could not sleep all night. I was suffering very much. I used Resinol Ointment and Resinol Soap. I used them one night. In the morning, to my surprise, my hand was all well and the trouble has never returned. This is the absolute truth."—(Signed) Miss Celia Klejman, 41 Columbia St., April 26.
