WELL, LISTEN

## ROGERS IS TELLING YOU ABOUT IT

In this advertisement appears many articles—some foodstuffs, others for household uses—which are made right here in Atlanta.

We want you to know what they are—who makes them—how good they are—how cheap we can sell them to you—and how it is to your advantage, as a loyal Atlanta, to patronize home industries.

Just as far as it is possible for us to do so, we are featuring this week the articles made right here at our door. When we sell these goods—when you hand over your hard-earned cash for them—this money goes right back into Atlanta's trade channels. It isn't sent to the east or the north or the west—but it is turned back to the home manufacturer. He, in turn, hands much of it back to his employees—to the man who fires his furnace, or boils his syrup, or makes his brooms, or ships his goods, or keeps his books. Maybe that man is a neighbor or friend of yours.

You have helped him—helped yourself—and helped Atlanta—and we are satisfied with the small profit we have made.

### RUSSIANS MARCH ON GERMAN SOIL

Advance of Czar's Armies Is Said to Be Irresistible. Austrian Forces in General Retreat.

Petrograd, November 9.—(Via London)—What is described here as a continued and irresistible offensive of the Russian army, resulting in the evacuation of Poland by the Germans is reported today as successfully establishing itself in German territory at Pleschen, 15 miles west of the Russo-German frontier.

In addition, the Germans are said to be generally relinquishing their stand along the Warthe river. This advance was accomplished, it is said, by the Russian cavalry movement in outflanking the German left.

Russian penetration of German territory to Pleschen, Prussia, northwest of Berlin, upon which latter point the Germans appear to be withdrawing, threatens the German line of communication.

Along the South Polish frontier the Russians attacked the Austrian rear guard at Pincow, which commands an important crossing on the upper Vistula 25 miles from Cracow. It is asserted here that a general retreat of the Austrian forces in Cracow as a new base is now apparent.

Official Russian Report.

The following communication from the Russian general staff was issued tonight:

"On the east Prussian frontier fighting continues. The Russian troops have crossed the Soldau railway in the direction of Milawa (Poland) we have advanced and stopped the movement of the enemy's railway trains near the station of Soldau (East Prussia)."

"Beyond the Vistula the Germans have retreated from the station of Nieszama and from Konin to Szapce (Slupsk)."

"On the roads to Cracow we continue to push back the rear guards of the Austrians."

South of Przemysl, November 7, we captured 1,000 prisoners and a number of cannon.

On the coast of the Caucasus, November 7, cruisers of the enemy made their appearance."

### BERLIN CLAIMS ALLIED REPULSES.

Berlin, November 9.—(Via Amsterdam to London)—A report issued by general headquarters this forenoon (night) says:

"During the evening a sortie of the enemy from Nieport, which was repeated during the night, completely failed."

"In spite of obstinate resistance our attacks on Ypres are progressing slowly but steadily."

"The hostile counter-attacks southwest of Ypres have been repulsed and several hundred men taken prisoners."

"The report of the capture of the north of Wyssytter lake has been repulsed."

"The heavy Russian losses (several thousand Russians and machine guns were captured)."

Holland, November 9.—(Via London)—A correspondent of The Tild at Antwerp says:

"The movement of German troops from the West to the theater of war, on a large scale, is now progressing. A large number appear to have withdrawn from the West."

"Long military trains filled with men and munitions are moving into Germany by way of Brussels and Louvain."

### French Official Report.

Paris, November 9.—The following official communication was issued by the war office at 11 o'clock tonight:

"There has been no notable modification in the situation by reason of the difficulties which an intense fog has created in connection with operations of any extent."

"In the north the day has been good. We have maintained our positions between the river Lys and Langemark and made appreciable progress between Langemark and Dixmude."

The official announcement given out in the afternoon says that the German offensive has been renewed at Dixmude and the plain between Dixmude and the southeast of Ypres. All the German attacks have been repulsed.

The text of the communication follows:

On our left wing the Germans have undertaken a movement in the region of Ypres, particularly to the southeast of Ypres. Their attacks have been everywhere repulsed.

"At the end of the day, referring to the entire front between Dixmude and the Lys, we have made progress along the major part of the line. Nevertheless, our advance is also accompanied by offensive movements undertaken by the enemy and because of the strong organization. The enemy also has had time to effect around his point of support. Since the beginning of the fighting the fog, furthermore, has made operations difficult, particularly between the Lys and the Oise."

"On the center along the Aisne, the progress of the official communications of yesterday has been maintained."

"In the Argonne and in the vicinity

## GLASGOW AND OTRANTO ESCAPED GERMAN FLEET

Two British Ships Engaged in Battle Off Chile Reported Near the Falklands.

Santiago, Chile, November 9.—The British cruiser Glasgow, which was engaged with the German squadron in battle off the Chilean coast, November 1, and the British transport Otranto have passed Delgado Point light in the Straits of Magellan, bound for the Falkland islands, a British post in the south of the extreme southern point of South America.

The information is contained in advices received here by the admiralty from local authorities in the Straits of Magellan, who said they had seen the Glasgow and Otranto passing through the straits, toward the Atlantic.

After the cruiser Good Hope had been sunk by the Germans and the Monmouth was so badly damaged that she appeared unable to steam away, according to the British admiralty report of the sea fight off Chile, the Glasgow accompanied her as she drifted away in the darkness. The admiralty said the Glasgow was not extensively damaged and had few casualties, although during the battle she had fought the Leipzig and the Dresden, the German cruisers, and the Dresden were taking care of the two larger vessels. The Otranto, the admiralty said, was the scupper of the Dresden, and Delgado point is on the west side of the north entrance on the first narrows in the straits of Magellan.

SAVED BY SPEED.

London, November 9.—A Sydney, N. S. W. dispatch to The Evening News says that the scupper of the Dresden, Parom, arriving from Singapore, reports that after the German cruiser Emden's success in sinking the Russian and French warships at Penang, the German warship and two store ships were engaged by a British cruiser. The speedy Emden fled, but the British man-of-war sank one store ship and captured the other.

## WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad. I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

## Women Have Been Telling Women

for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

## War Relief Committee Works While It Plans

One hundred busy women, knitting, cutting, sewing, crocheting, while they conducted a business meeting, its method parliamentary, formed a unique picture yesterday morning at the home of Mrs. Richard W. Johnston, on Peachtree street.

The war relief committee, organized last week, was holding its second regular meeting. Mrs. Porter King, the chairman, presiding, and a tremendous amount of actual garment-making was done, while ways and means were being devised for the furtherance of the work, and the enlistment of still more Atlanta women than those already engaged in providing comforts for the soldiers of Europe at the front.

A mass meeting of Atlanta men and women is to be called for next Sunday afternoon at some central place to secure for the committee's work universal co-operation, but in the meantime two hundred and fifty outgoing shirts were given out at the meeting yesterday in the neighborhood of sowing, waisting, and the woolsen work which are needed being worked on in similar great numbers.

From four shirts up to a hundred were taken by individual members of the committee to be made in neighborhood gatherings, and one Atlanta manufacturer sent his offer to make many dozen socks in the intervals of his own orders, substituting woolen needles on his machines for cotton.

Boils of goods have been contributed to the committee, and they urge all Atlanta women to aid in the work, any amount of woolen thread and needles being ready for distribution to those who do not care to provide their own materials. Applications may be phoned to Mrs. Joseph N. Moody, Mrs. F. J. McCover, or Mrs. W. W. Thomas.

Mrs. Frank Pearson, Mrs. T. S. Lauren and Mrs. Behanna announce that they will teach any applicant how to make the "Lora Kitchener" muffler, which is the most approved, and Mrs. Pearson volunteers to go to the homes of any group of ladies who wish to learn.

The next meeting will be at 10 o'clock next Tuesday morning and all meetings until the close of the war will be held with Mrs. Porter King.

A benefit dance will be given at Saggalo's Thursday evening, the 13th, under the direction of Miss Viola Mosely, for the relief work. Miss Eva Wurm's kindergarten will contribute one-half of their annual Thanksgiving box, and some of money have been contributed.

Mrs. Hugh Willet was appointed to edit the Atlanta Thanksgiving, the Masons and the Shriners.

## To Miss Godfrey.

## FOSSILIZED TAIL OF 'POSSUM FOUND BY JUDGE MADDOX

Dalton, Ga., November 9.—(Special.) That Whitfield county is either near the Garden of Eden for the opossum or the land of the living dead, Judge Maddox noticed a peculiarly shaped rock, and upon closer examination was amazed to find a "possum tail, clearly defined, petrified in the rock.

Not being thoroughly satisfied, Judge Maddox exhibited the find to several old antebellum gentlemen, who, with one accord, pronounced it the fossilized prehensile appendage of their marauding friend, and entreated the finder to donate it to them to be dedicated to their patron saint.

Noting this particular non-Australian marsupial became separated from his tail will likely forever remain in the hands of the Georgia branch of the Mother's congress.

# BABY SHOW PROMISES TO BE GREAT SUCCESS

## Twenty Little Ones Already Enrolled, and More Coming in Every Day.

Indications are that the "better baby" show and exhibit which will be held under the auspices of the Georgia branch of the National Mothers' Congress, will bring out Atlanta's finest children.

Thursday will be the opening day of the show, which will be held during the W. C. T. U. convention at the Baptist Tabernacle. Mrs. James Savitz, president of the Parents' Association, will be in charge. She has enrolled twenty babies and expects to bring in many more before the opening day of the show.

The show is going to be a success is assured by the fact that the officers of the association, with the assistance of local physicals and women's clubs, are co-operating. Mrs. Howard Payne is state chairman and Mrs. John W. Bowlett is local chairman of the committee. Each committee is being assisted by presidents of parent clubs in the city. Each president enters babies of her district and gives the entries in to the central committee.

The show has been endorsed by physicians and nurses of the city, and are also lending their aid and co-operating with the association. Dr. Stephen Barrett, president of the Fulton County Medical Association, is chairman of the physicians' committee, and Dr. J. P. Kennedy, city health officer, is assisting. The committee is also being assisted by a group of physicians who have taken an active interest in the show. Members of the Fulton County Medical Association will act as judges. Six bronze medals will be awarded to the best developed babies.

## HEAD OF U. D. C. ARRIVES. Daughters of the Confederacy Open Convention Tomorrow.

Savannah, Ga., November 9.—Mrs. Daisy McLaurin Stevens of Brandon, Miss., president general of the United Daughters of the Confederacy, arrived today to attend the general convention of the United Daughters of the Confederacy, beginning Wednesday morning.

The delegations from California and other western states also arrived during the day. There was a meeting of the credentials committee this morning.

The Savannah daughters have completed arrangements for the reception of the visitors.

## MOOREFIELD IS CHARGED WITH "BLUE SKY" FRAUD

Accused of conducting wholesale schemes in Opelika, Ala., D. E. Moorefield, an Atlanta man, who lived on Capitol avenue, was arrested Saturday by the sheriff of Montgomery county, Ala. Extradition papers had been issued from Governor Slaton when the state instituted habeas corpus proceedings.

A hearing was given before Judge Ben Hill. The habeas corpus was denied, and attorneys for Moorefield were planning to carry the case into the superior court of the adjoining state. It is charged that he systematically swindled business people of Opelika and the Georgia towns out of hundreds through a "blue sky" promotion scheme.

## FULTON GETS BUT SMALL SHARE OF AUTO TAX

Because of the rural mileage system, Fulton county will be deprived of a surprising amount of the automobile tax fund that goes into the state treasury. Fulton has the largest number of automobiles of any county in the state, 4,000 in all, paying a tax of \$20,000. The revenue to go to the county, however, will be only \$48,72.

Carroll county, which has the most rural road mileage, will get the biggest slice, although it has but 179 cars, paying tax of only \$85. Cobb county, which adjoins Fulton, comes next.

Carroll county has 636 miles of rural roadway, Cobb county 667. Fulton, though, has only 100 miles.

The other three big counties of the state and the amount paid in by them along with the share they receive are: Chatham paid in \$4,518, and will draw \$175.78. Bibb paid in \$3,770, and will draw \$142.22.

Richmond paid in \$3,285, and will draw \$461.50.

## LA FOLLETTE TO SPEAK ON THE EUROPEAN WAR

United States Senator La Follette, who is a possible choice for republican nominee in the next presidential election, will speak in Atlanta at the Auditorium Wednesday, November 18, on the European war and the government problems it has aroused in the United States.

In this lecture, which will be the last number of the Alkabetz Lyceum course, he will express political opinion on the war, and its national importance. Few public utterances of La Follette this winter will be more significant.

Senator La Follette has spoken hundreds of times on phases of government and the war, and his discussion of the European war and its influence in America.

WHAT CATARRH IS It has been said that every third person is troubled with catarrh in some form. Science has shown that nasal catarrh indicates a weakened condition of the body; that the secretion of the mucous membranes are quickly affected, and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-ford in Scott's Emulsion which is a medicinal food and a building-tonic, free from alcohol or any harmful drugs. Try it.

### GRATIFYING RESPONSE TO CHARITIES' APPEAL

Fund Is Increased by Pulpit Pleas, Newspaper Coupons and Letters.

At the close of the campaign on Monday, J. M. B. Hoxsey, vice chairman of the committee, reported that a total of \$16,029.91 had been subscribed to revive the Associated Charities, and he stated that before the end of the week the committee expected to increase the total to \$20,000, the amount necessary to carry on the work for another year.

The committee sent out 225 letters Monday morning to citizens and business men asking them to aid in the work by subscribing to the fund. Thirty-two replies were received on the evening mail. These replies brought assurances that \$338.50 would be added to the fund.

The following is a list of subscribers of \$50 and over: George Winship, \$200; David Woodward, \$100; A. K. Hawkes, \$100; Mrs. Richard Johnston and another, \$50; Southern Ruralist, \$50; W. M. Crumley, \$50; S. C. Dobbs, \$50; Dowman-Dexter Mfg. Co., \$25; Mrs. John M. Sinton, \$50; A. D. Adair, Jr., \$30; Phoenix Mill, \$20; C. D. Atkinson, \$20; Ernest L. Rhodes company, \$25; M. B. Ford, \$25; T. R. Sawtell, \$25; J. H. Highley, \$25; George Pappenberg, \$25; Dr. W. S. Kendrick, \$24; H. E. Hopkins, \$20; Atlanta Stove Works, \$20; Atlanta Stove Works, \$20.

Vice Chairman Hoxsey stated at the close of the day's work that the committee encourage the responses made by business men and merchants to the appeals of the committee.

The committee expect to have a number of responses through the subscription coupons which appeared in the evening paper, and that the appeal which went forth from nearly every pulpit in the city on Sunday will be answered by the committee set out to collect.

### Senator Hoke Smith Denies He Promised 12 1/2-Cent Cotton

Senator Hoke Smith on Monday gave out a statement in which he denied that he promised a 12 1/2-cent cotton to the farmers of Georgia before the primary.

Senator Smith declared that the charge was unqualifiedly false, as no one can control the price of the staple.

Senator Smith explained that while congress did not do all he wished done in the interest of cotton, yet he says, the cotton situation in the south has been helped immensely by the legislation passed since the war began.

Senator Smith explained that the European war interfered with the entire financial status of this country, and made it difficult to obtain all the cotton banks, but, he said, twelve banks will open on the sixteenth of this month and more than one hundred of millions of dollars in addition will be furnished the nine cotton states through the amendments to the All-Republic act.

Senator Smith also explained that the senate passed additional measures, one providing for a system of warehouses to aid the farmer to handle his crop, in other an amendment to the All-Republic act so that the banks connected with the National Currency association may use their funds to secure for additional currency issues, and the third bill which is still pending in the house permits all banks to make a reserve system, to deposit all their reserves in the reserve bank of the district in which they are located.

Senator Smith says that he is certain that the three measures will be passed in the next session, and that the cotton problem can only be solved by cutting next year's crop.

### MEDICAL ASSOCIATION HONORS DR. HANCOCK

### TEDDER SURRENDERS; DENIES HE IS GUILTY

Carlton C. Tedder, of Frank case fame, appeared at the office of Sheriff C. H. B. Hester, on Monday morning, and surrendered under a grand jury indictment charging him with kidnapping a series of alleged bond forgeries. Bond was assessed and he was allowed freedom.

He has engaged counsel in John A. Boykin. Strong denial of the charges was made by both the attorney and his client, who declared he knew nothing of bond proceedings, and that he had never been associated with Harry Hester in any way.

The indictment charges that Tedder, who is now in jail in default of \$2,000 bond, was in the city of Atlanta on Monday, and that he was involved in the Burns scandal that arose over the Frank case investigation.

## Women Delegates to Good Roads Meet

Left to right: Professor Agnes Ellen Harris, chairman of committee on educational legislation, Georgia State Federation of Women's Clubs, who will speak today on "The Road an Opportunity"; Mrs. Robert Baker, of Washington, president of the Woman's auxiliary of the American Road congress, who will preside over the Woman's conference on roads at the Ansley hotel today, where women from all parts of the country will assemble to discuss methods of bettering the administration of road-building throughout the country; Mrs. M. B. Arnstein, chairman committee on conservation, Tennessee Federation of Women's Clubs, who will speak today on "Conservation and the Road."

## Bachelors Had a Hard Time When Woman Was the Boss

A successful woman farmer and road builder, Miss Frances Marie Mitchell, of Columbia, Mo., who arrived in Atlanta last night as the appointee of Governor Elliott W. Major, of Missouri, to the fourth American Road congress.

Miss Mitchell is to be one of the speakers today at the woman's conference of the road congress, which holds two sessions in the assembly hall of the Ansley hotel.

She is the only woman in the state of Missouri who has ever had actual road work experience. Last summer, when Governor Major, who is a road enthusiast, set aside two days for everybody to work the public highways, Miss Mitchell, on account of her pioneer work among the women of the state for better roads, was chosen as one of the superintendents.

"Every woman who is a member of this club is doing good road work," she said. "Every year she goes to it that the lateral roads on her own particular farm is scrapped and kept in good condition. As a result of the combined efforts of the women of the state many good roads have been constructed in the past.

"I feel that the women of Georgia can do the same, if they will but get together, and make a combined effort for better roads. Instead of working directly for rural schools, work indirectly for better country schools by seeing to it that in the country districts better roads are built. Then the women of the state will be able to solve the problems of rural education. Every school will be made accessible to every country boy and girl.

Miss Mitchell will speak on "National Old Trails," with special reference to the historic highway, Santa Fe road, which runs through her own state.

## Storm King Mountain Attracts Large Crowd Of Good Road Experts

To the left, as one enters the main entrance at the Auditorium, is seen a beautiful miniature mountain representing Storm King, on the Hudson river, near West Point, N. Y. It is the exhibit of a road being constructed jointly by the New York State Highway commission and the Hudson Palisade Park association.

As a part of the continuous Palisade river road, which runs from Jersey City up the Hudson to West Point, The Storm King mountain section of the road, which in the miniature exhibit is seen under the process of construction, is the most expensive road building undertaking in the history of the world. It is costing \$200,000 a mile to build the river road across the mountain.

Storm King is a huge mountain, and the road at points must be dug out of the rock side of the mountain by hand, as railroad tracks run at the foot of the mountain preventing blasting. At one point the road overlooks a precipice 300 feet above the waters of the Hudson river 2500 miles in the Hudson valley stretched northward and southward, presenting beautiful farm lands and prosperous cities and villages to the naked eye.

The exhibit is so ingeniously arranged as to display all the natural beauty of the surrounding country.

## HOG AND HOMINY PARADE Competition for Prizes Will Be Very Keen

Keen competition will mark the big hog and hominy parade on Thursday, December 3, for the \$225 in real cash prizes which the parade committee decided to offer at 2 o'clock on that day. The first prize will be \$100 in cash for the most attractive float. For the best advertising float there is offered \$50; for the best children's display in automobiles \$25; for the prettiest parade float \$25; and for the best comic masker on foot \$25.

There will be plenty of music, the committee having arranged to engage six brass bands and the Atlanta Drum Corps.

Georgia and Georgia products, especially food products from the farm will be the keynote of this parade, as of all the other big events of Hog and Hominy day.

The parade committee is composed of Julian V. Boehm, chairman, George Fauss, J. H. Atkinson, C. F. Baldwin and R. S. Abbott. This is an aggregation of men who have planned and planned many of the club's famous stunts, and in this parade they are going to be seen in their own right.

The committee of wholesale merchants, of which Frank Lowenstein is chairman, will hold a meeting on Monday to plan further features of the hog and hominy program.

## MONTFORD'S LAWYERS PREPARING SURPRISE

Dublin, Ga., November 9.—(Special.) Everything is in readiness in Laurens superior court for the trial of Ed Montford and John Gardner for killing Herschel Beacham several weeks ago. The case will be called Tuesday morning by Judge Warren. The defense is said to be preparing a surprise upon the prosecution in the way of evidence clearing Montford.

## AMERICUS BANK CRASH BEFORE U. S. GRAND JURY

One Hundred Witnesses From Sumter County Summoned Before Body in Macon.

Macon, Ga., November 9.—(Special.) The United States grand jury for the southern district of Georgia convened here this morning, L. McManus, of Macon, being chosen foreman. Judge Speer's charge to the jury was brief, and he asked the jurors, if possible, to complete their labors by the end of the week, since, under the law, he must convene the district court in Augusta, in the northeastern district, on next Monday. If the grand jury is unable to finish up this week a recess will be declared until a later date.

A large number of witnesses were before the grand jury today. The failure last February of the Americus National bank, of Americus, will be investigated, beginning Wednesday, 100 witnesses from Sumter county having been summoned. The bank failed for \$200,000, and George D. Wheatley, Jr., the assistant cashier, has been missing since the crash came. A large number of Sumter county people were ruined financially by the failure of the bank.

## ATLANTA CONVICTS WILL GIVE PARADE FOR ROAD EXPERTS

The delegates to the American Road Congress, hundreds of whom are from distant sections of the country and have never had an opportunity of witnessing the "great black mass" of highway labor of the south, will be treated to this rare sight Wednesday afternoon at 1 o'clock, when 700 negro convicts of Fulton county will march by the Auditorium.

The procession will assemble at the state capitol and march across the Washington street viaduct past the Auditorium.

Every movable piece of property belonging to the Fulton county department of public works will be in the procession. It will include the wealth of road machinery owned by the county. Every convict caught, even a bloodhound puppy, used to track escaped convicts, and every county road on which good roads have been constructed in the past.

The procession will be headed by the county commissioners riding in automobiles and W. T. Wilson, county highway engineer.

## AS HOUSER'S SLAYER WOMAN IDENTIFIES BLACK IN BIBB JAIL

Macon, Ga., November 9.—(Special.) Cassie Francy, a negro woman from West Valley, this evening positively identified Claude Sparks, the negro leader of the shooting party, as the man who shot and killed Beauford Houser, son of Emmett Houser, in the Houston county town.

The woman says she witnessed the shooting and she believes that Sparks is the man. Emmett Houser also visited the jail today and declared that he believes the right negro is in custody.

## WARM WEATHER IS STILL IN STORE

You of the overcoatless clan who began the suddenness of yesterday's snap and the suddenness of today's plenty of warm weather yet to be enjoyed before winter would seem to be the least force. The weather man Monday issued the glad tidings that the low temperature would seem to moderate and that Wednesday would bring clear and sunny weather.

But the rain and the subsequent cold winds was stated from the weather office, were due to a disturbance along the Gulf coast. It is temporary, however. Last night was an exceedingly cold one in comparison, and today will be a bit chilly. But tomorrow will be fair and warm with no prospects for rain during the remainder of the week.

## VICTOR INNES HEARING IS SET FOR WEDNESDAY

Advices from San Antonio state that Victor E. Innes and his wife, held for the murder of Beatrice and Blous Nelms to handle the meeting, will appear Monday morning on their application to fix a date for the trial.

Marshall Nelms and his mother are still fighting in Texas to extradite the Inneses to Georgia soil, where they will be given a hearing. Indictments by the Fulton grand jury, charging larceny after trust. This latter move of the prisoners is merely an effort to forestall any proposed action of Marshall and his mother.

Solicitor Dorsey is preparing to push prosecution in case Innes and his wife are brought to Georgia. All interested in the prosecution prefer to bring them to trial in Atlanta because of the better prospects for conviction. It is feared that the murder charge in Texas will not be strongly enough on account of the state's inability to prove conclusively that the missing girls are dead.

## BANKRUPTCY PETITION AGAINST GA. LUMBER CO.

Savannah, Ga., November 9.—(Special.) Involuntary proceedings in bankruptcy were today instituted against the South Georgia Lumber company in the Federal court by three banks in the north. The moving creditors are the First National Bank of Jersey City, the Hudson County National Bank of Jersey City and the Chemung Canal Trust Company of Elmira, N. Y.

The assets enumerated approximate \$95,000. The lumber company has a large plant near Savannah on the Locomotive plantation.

## BULL MOOSE LOSER MADE ONE PROMISE, AND THAT TO WIFE

Washington, November 9.—A promise to his wife to stay at home more at night and prepare for the next world, was the only pledge made by Max M. Hunberry, defeated progressive candidate for congress from the first Kentucky district. Mr. Hunberry filed his report here today, showing he neither received nor spent a cent.

"The only promise I made any living human being during the whole of my campaign," read the affidavit, "was to my wife, which promise was that I would be with her at least as much as more after the election than I had prior thereto, and I did give her a little friendly advice, which was this: That we both pray earnestly to get to heaven, as there was absolutely no danger of us having to go to Washington."

## FAMOUS FOR HER HAIR

Actress Tells How to Obtain It.

Madame Rose, the well-known actress who played on one of the leading vaudeville circuits the past winter and who is especially noted for her long, beautiful hair, in a recent interview in Chicago made the following statement: "Any lady or gentleman can promote the growth of their hair and make it soft and glossy with this simple recipe which they can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound and 3/4 oz. of glycerine. Apply to the scalp two or three times a week with the finger tips. This is not only the finest hair grower I have ever known, but it prevents the hair from falling out, removes dandruff and scalp humors, darkens streaked, faded gray hair and makes it soft and glossy. The ingredients can be purchased at any drug store at very little cost."

**Why CALUMET BAKING POWDER Is Better**

It is not alone the wonderful raising qualities, or the certainty of results, or the purity, or the uniformity, or the economy, that is rapidly making Calumet the most popular Baking Powder. It is the perfect combination of all of these things.

You need only to use Calumet once to make you a constant user. Ask your grocer today—test it in your next baking. Insist on Calumet.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

Library Bureau is now operating six factories. It distributes its product through forty selling branches. Its employees number nearly three thousand. It has tens of thousands of customers. Its annual sales amount to millions of dollars.

These are impressive figures. Yet they are incomplete—the most important item of all is missing. For Library Bureau's greatest asset is the Idea for which the business stands—the Idea of Service.

Library Bureau originated the card system, an innovation that has revolutionized the business world; that is in use in a million business houses; that has made it possible for men to keep, right under their eyes, a record of every department of their businesses—sales, employees, advertising, stock on hand, customers, quotations, etc.

Here are some other things that show how the Library Bureau Idea has been developed:

Library Bureau originated vertical filing. Before Library Bureau existed, men "filed" letters in drawers, boxes or on hooks. To find a letter a year old was a day's work. But now—!

Library Bureau originated the unit record desk—a desk that has doubled the capacity of the worker and trebled his comfort. Seated in a comfortable chair, he has at his fingers' ends anywhere from 10,000 to 18,000 records—credit data, stock records, ledger cards, etc.

Library Bureau originated the counter height unit—card and filing cabinets, etc., combined so as to form a practicable counter. A saver of space and steps. Particularly adapted for offices where space is limited and rentals high.

And now Library Bureau is introducing a new—and better—method of filing—the L. B. Automatic Index. "Great" is the only word that describes it. It is quick—quick in, quick out. Makes correct filing easy and incorrect filing difficult.

# Tech Favored to Win Saturday

SPORTS—CONDUCTED BY DICK JEMISON.

## YELLOW JACKETS ARE FAVORITES

### Majority of Fans Are Only Doping Size of Their Score Against Georgia on Next Saturday.

Georgia and Tech, those time-honored rivals in athletics, are making ready for their annual battle here Saturday. Atlanta's biggest game of the season. To the rivals, this game is the game of all games. Victory in this game atones for any defeats in any other game during the season.

### Georgia Will Fight.

Georgia's fighting ability against their old rivals is not to be discounted. Atlanta football fans are going to see a better game than they at present are willing to believe is possible in recent years.

### Fumbling a Factor.

If we were reasonably sure that the fumbling would be eliminated by the Jackets, we would be willing to accept the general verdict of all "what will the score be."

But this defect makes us doubt the true outcome of the game. His men on catching punts and endeavoring to hold the ball. They will get it back that more than in any other department. The rest of their game is improving with each succeeding game.

This condition still mitigates against Georgia. Her men are in admittedly poor condition, and the chances are that she will lose her best lineman in the game. It is said to be very doubtful whether Henderson will be able to play or not.

### MIKE GIBBONS DEFEATS YOUNG MIKE DONOVAN

New York, November 9.—(Special.)—Young Mike Donovan, of this city, in a ten-round match at Madison Square Garden tonight, the referee stopping the contest in the sixth round to prevent a knockout. Gibbons scored two knockdowns in the fourth and one in the sixth. Gibbons weighed 154½ pounds and Donovan 156½.

### Darlington 48, G. M. A. 0.

Rome, Ga., November 9.—(Special.)—Displaying a variety of attack that was new to this season, the Georgia Military academy here Saturday, 48 to 0. Only in one instance did G. M. A. get the lead, but it was at the end of the game. Darlington's fleet backs gained practically all with and without fan subsidies. The Georgia football fans know they will see a hero scrap, and the attendance is going to be a large one.

### Demorest Scouts Win.

Demorest, Ga., November 9.—(Special.)—The Boy Scouts of Demorest won their fourth straight game of basketball from Cornelia high school today by the score of 25 to 17.

### Increase World's Series Games to Best Five Out Of Nine in a Series

Philadelphia, Pa., November 8.—A proposition to increase the number of games in the world's baseball championship series, from the best in seven to the best in nine was favorably considered by the American league managers at their recent meeting in Chicago, according to a report here today.

### 154-Game Schedule For Southern Again In 1915 Campaign

The 154-game schedule will be tried again in the Southern league next season. It is not known whether the schedule will be run as it was last season or whether it will be stretched out with a few days here and there.

### Tifton 12, Piedmont 6.

Waycross, Ga., November 9.—(Special.)—Tifton won an interesting football game from Piedmont Institute today, 12 to 6. A long run after the ball in the second quarter gave Tifton the first touchdown, while line plunges were mainly responsible for the second. Tifton showed exceptionally good work in breaking the visitors' line and made several pretty end runs.

## WELSH AND WHITE FIGHT TO A DRAW

White opened over the champion's left eye and Welsh, partially blinded by blood, was forced to leave a minute and cover up to escape White's rights and lefts to the head.

The first round was lively but ineffective. White deserved a shade in the second and third rounds, landing heavy blows on Welsh and striking him put over his left hook, credited with being his knockout punch.

White rushed the fight in the tenth, again driving Welsh into a corner, where he landed three lefts to the head and a right to his jaw.

"The National Old Trails Road"—Mrs. Sheppard Foster, former state regent of Daughters of American Revolution. "Why and How the Women Should Further the Road Movement" (Illustrated)—J. E. Pennacker, chief of road economics of United States office of public roads.

Mr. Hooper's Speech. Mr. Hooper said in part: "In my state we have been confronting a problem which has been fronted at low cost. However, regardless of the price of a road we have built a road which has cost us more in foundations and good drainages."

States Should Help. "I believe that should the federal government build a main road it should be obligatory upon the state to build a proportion of road leading into the federal road.

Too Much Talking. "The reason federal aid is not any further along is that we do too much talking and listening and don't go to the trouble to push the cause along."

Not a Local Proposition. "The greatest drawback we have had in the good roads movement is that it has been conceived as a local proposition. It was argued that a farm highway should be built by people whose gate as when it passes Sandy Heck."

Where It Will Do Good. "I won't vote for a bill which spreads money over a large territory. I want to see money put in a certain special mileage where it can do the most good."

For Local Operations. "The smaller roads are legitimate objects for local operations. We have to start somewhere on some specific road."

For Local Operations. "The smaller roads are legitimate objects for local operations. We have to start somewhere on some specific road."

States office of public roads, then explained the work being done by the American Highway Association.

Need Federal Aid. "In brief, the American Automobile association believes that the federal government should help the several states on their most important arteries of communication, and then the states can concentrate more thoroughly with the county and township units in the essential lateral roads."

We need better roads to help develop our country. I understand the Leonard Tuffa, chairman of the executive committee of the American Highway Association, in a short address praised the improvement in southern highways during the last few years.

See "Peg o' My Heart" tonight at the Atlanta.

EXCHANGE REOPENS EARLY NEXT WEEK

New York Traders Confident the Doors Will Open Next Week—No Definite Date Has Been Fixed.

New York, November 9.—Expectations that a definite date for reopening the cotton exchange would be fixed immediately following Saturday's court proceedings, permitting the sale of cotton tied up by the failure of a large house here last July, were not realized today.

Increase in Cotton Exports Causes Cheerful Comment

Everything in Movement of Cotton Points to Normal Conditions Before Many Days—Advances Recorded at Several Points.

New Orleans, November 9.—Swelled receipts of cotton at important interior points and healthy increase in the export movement, when compared with the amount received at the ports today, caused much cheerful comment among cotton traders.

This was taken to mean that reports of heavy buying in the large cotton counties of Texas during the last fortnight were true.

That the demand is not abating apparently is reflected in the steady advance of the price of spot cotton at Dallas, another eighth of a cent being added today.

ATLANTA QUOTATIONS 9,828,695 BALES OF COTTON CROP GINNED

Table of cotton quotations for various grades including EGG FLAXES, PINEAPPLES, CALIFORNIA ORANGES, etc.

Washington, November 9.—The fourth cotton ginning report of the season, compiled from reports of census bureau correspondents and agents throughout the country, announced that 9,828,695 bales of cotton, counting round as half bales, of the growth of 1914 has been ginned prior to November 1.

THEY UNSETTLED PRICES OF LOST OF

Day's Developments Unsatisfactory to Bulls—Corn and Oats Also Lost—Provisions Easy.

Chicago, November 9.—Speculative activity due to the absence of any radical bullish news, operated as a drag today on wheat. Prices at the close were unsettled, with a 1-2 cent decline on 2-5-3c.

Unfounded fear of a banish Washington crop report and the government estimate was bullish. Grains felt the depression in other markets.

WINNING IN GEORGIA IS GIVEN BY COUNTIES

71,005 More Bales Ginned to October 18 Than to Same Time Last Year.

Washington, November 9.—Cotton ginned prior to October 18, of crops of 1914 and 1913. The report was made public for the state by the census bureau.

Table showing cotton ginning statistics for various counties in Georgia, comparing 1914 and 1913.

ANOTHER SHIPMENT OF GOLD TO CANADA

This Rounds Out About One-Half of New York City's Debts to London and Paris.

New York, November 9.—Aside from more liberal purchases of commercial paper by local and interior institutions, and another large gold shipment to Canada, there were no important financial developments today.

Last week's steady inquiry for high grade securities again was in progress, but in reduced volume.

Government reports on corn and cotton news regarding the crop and cotton exports for the past week were considerably under the preceding week's figures.

ECZEMA COVERED CHILDREN'S HANDS

Had to Keep Hands Tied Up, Itched So Could Not Rest at Night, Cried About All the Time, Cuticura Soap and Ointment Healed.

Lafayette, Tenn.—I received great benefit from the Cuticura Soap and Ointment. My children's hands were covered with running sores and I had to keep their hands tied up. The eczema came in yellow pimples and turned to a sore eruption also. They itched so bad the children could not rest at night and cried about all the time.

We had tried several remedies without relief when I sent for samples of Cuticura Soap and Ointment. They helped so much I got some more and the Cuticura Soap and Ointment healed them without leaving any scars. There hasn't been any signs of sores since and that was nearly a year ago. I think they are the greatest remedies in the world. (Signed) Mrs. Isabell Curtis, Jan. 28, 1914.

BRYAN FINDS COMFORT IN ELECTION RETURNS

Secretary Says Result Proves Country Is With President Wilson.

Washington, November 9.—Secretary Bryan, back at the state department today after his campaign trip west, issued a formal statement summarizing election results and declaring that he could not be considered other than as an indorsement of President Wilson and his policies.

Washington, November 9.—Secretary Bryan, back at the state department today after his campaign trip west, issued a formal statement summarizing election results and declaring that he could not be considered other than as an indorsement of President Wilson and his policies.

The statement reads: "The 1914 election cannot be considered other than as an indorsement of the president and his policies. I am so convinced of the merits of the remedial measures enacted under the president's leadership and of the righteousness of his foreign policy that I expected the vote to support the candidates who represented his views."

"The gains in the senate are especially gratifying," he said, "and three senators taken from the republicans. There is every reason to believe that the administration will grow in popularity as the laws go into effect, and as democratic policies bear fruit."

SOLUTION IS AT HAND FOR EXCHANGE PROBLEM Washington, November 9.—Final solution of the foreign exchange problem probably will be announced by the state department before the end of the week.

New "Peg" Pleases Atlanta; Large Audience Sees Play

When tow-headed little "Peg" O'Connell stole demurely into Chichester reception rooms last night and placed her telescope handbag on the floor, the audience at "Peg o' My Heart," at the Atlanta, realized that from this point on things were never going to cease happening in the show.

"Peg" had an audacious tilt to her nose and a disreputable dog in her arms. There was a girlish defiance in her manner, and she was as wholesomely Irish as the green on a Shamrock.

The young lady is seated at a piano with her eyes covered with a bandage. Mercedes rushes through the audience and invites those present to whisper to her that she is the lady at the piano to play it.

"Peg" O'Connell is as refreshing a little girl as one would ever want to know. She is a really young girl. She is a Peter Pan of Ireland. She'd never grow up.

She is impulsive, headstrong—even tomboyish. You can imagine what that sort of little girl would do in a family where she wears a monocle and the stately daughter carries a Pomeranian!

BIRMINGHAM SOUTHERN HELD COMMON CARRIER

Allowance Made by A., B. & A. Road Found Not to Be in Nature of Rebate.

Washington, November 9.—The Birmingham Southern railroad today was held by the interstate commerce commission to be a common carrier, and as such entitled to make joint rates with other carriers and to receive divisions out of such rates.

The Birmingham Southern is controlled by the Tennessee Coal, Iron and Railroad company, and was alleged to be merely a plant facility of that company.

From the majority opinion, prepared by Commissioner Meyer, Chairman Harlan dissented. He held that the Birmingham Southern was a common carrier.
