Germans Check French Advance at Arras But Allies Win at Other Points on Line

All Germans Driven From Left of Meuse, Says French Report

Allies Make Steady Progress North of the Somme—Violent Counter Attacks by Germans Breaking Under Dogged Front of the French and British—Antwerp Successfully Withstanding Attack, Thousands of Germans Being Slain by Machine Guns of Defenders.

Paris, October 2.—(11:03 p. m.)—The following official communication was issued tonight:

"First—On our left wing one of our detachments which came out of Arras (a fortified town and capital of the department Pas de Calais) has fallen back a little toward the east and north of that city.

"North of the Somme we have made progress in front of Albert. Between Roye and Lassigny the enemy has directed violent attacks, which have broken against our resistance.

"Second—Quiet prevails along the rest of the front. It is reported that in the neighborhood of St. Mihiel (department of Meuse, twenty miles southeast of Verdun), there remains no enemy on the left bank of the Meuse."

An official statement issued by the war office this afternoon says that terrific fighting continues incessantly near Roye, where the Germans have been strongly reinforced.

The statement says: "On our left wing the battle continues with terrific fighting, notably in the region of Roye, where the Germans appear to have concentrated important reinforcements. The action extends more and more toward the north.

"The front of the battle line is now extended into the region to the south of Arras.

"Upon the Meuse the Germans attempted at night to throw a bridge across the river near St. Mihiel. The bridge was destroyed by our guns.

"In the Woivre district our offensive continues and progresses step by step, notably in the region between Apremont and St. Mihiel.

"On the remainder of the front there have been attempted only partial operations here and there."

Three Weeks of Fighting Result in No Decision On Battlefield of Aisne

London, October 2.—(9:30 p. m.)—The battle of the Aisne, as it still is called, although the armies contending in it have spread far beyond that river, has been in progress just three weeks and no decision has been reached. Reports from Paris earlier in the week that the allies' operations were about to succeed, were premature. From all appearances there must be more hard fighting before either side gives way.

The heaviest blows are being given and taken in the western area where, according to today's French official communications, an extremely violent battle continues, especially in the Roye district, where the Germans have concentrated considerable forces. The communication added that the action was extending more and more northward, and that the fighting front now extended north of Arras.

Private telegrams received in London tonight announce that the French actually have reached Arras. Stubborn resistance is being offered by the Germans in the vicinity of Roye, where earlier in the week they occupied heights which they later were forced to abandon.

Frontal Attacks Close. Along the front from the Oise to the Meuse rivers, according to the French report, only partial operations have been attempted by either side. Frontal attacks by the allies, as a matter of fact, have been discontinued, while the flanks are fighting for ascendancy.

On the allies' right the Germans have made another attempt to cross the Meuse at St. Mihiel, where they got across last week. The German attack to regain this ground which they had

RUSSIANS CAPTURE PRZEMYSL FORTS

Austrian Stronghold Is Attacked on All Sides—30,000 Germans Killed or Wounded and 20,000 Captured.

London, October 2.—(12:05 a. m.)—Reuter's Rome correspondent says news received in the Italian capital from Russian headquarters declares that Przemyśl, Galicia, has been attacked by the Russians on all sides.

Two of the forts, it is said, already have been taken and from these the Russians have silenced several Austrian batteries.

A dispatch to the Central News from Rome says: "The Russian embassy here has issued a communication announcing that the Germans have suffered a terrible defeat in the provinces of Lodz and Suwalki, Russian Poland.

"The Germans," the communication says, "were attacked with extreme violence and compelled to flee from Suwalki, Ostrowiec and other towns, leaving behind great quantities of transports and guns. Their troops threw away rifles and baggage. Numerous cannons were abandoned.

Telegrams from Petrograd, the Central News correspondent at Rome says, declare that the Germans have lost 30,000 men in killed or wounded and 20,000 taken prisoners.

Russ Cavalry Victorious. Paris, October 2.—(8:20 p. m.)—A Havas dispatch from Petrograd gives the following official announcement: "A division of Russian cavalry has

DUPONT POWDER COMPANY NOW SPENDING \$450,000 IN THE COTTON CAMPAIGN

Will Buy \$325,000 Worth of the Staple and Will Take \$125,000 in Trade at Ten Cents a Pound.

AUTOMOBILE MAKERS ARE BOOSTING COTTON

Enthusiastic Report Made at Meeting of Atlanta Association—Many Concerns Buy Bales of Cotton.

Wilmington, Del., October 2.—(Special.)—The Dupont Powder company, which has its headquarters here, today gave the cotton movement a big boost when it was announced that the concern has bought outright cotton to the amount of \$325,000. Announcement was also made that the company will accept from its southern trade, warehouse certificates to the value of \$125,000 additional for cotton, at the rate of 10 cents per pound.

This purchase of a total of \$450,000 is the largest buy reported since the movement was inaugurated. It will help the cotton situation materially. The Dupont company is being aided in the undertaking by its representatives generally throughout the south and southwest.

BOUGHT TEN BALES.

The cotton was bought throughout ten southern states, namely, North Carolina, South Carolina, Georgia, Florida, Alabama, Texas, Mississippi, Louisiana, Oklahoma and Tennessee.

This cotton, which is purchased outright, will be stored in plants of the Dupont company and elsewhere until needed.

Credit to the amount of \$125,000 will also be given dealers in each of the above states until July 1, 1915.

In other words, all dealers and jobbers who have accounts with the Dupont company can settle with ware-

COUNCIL APPROVAL OF FINANCE SHEET EXPECTED MONDAY

Budget Adopted by Committee Provides \$11,812 for Abolishing Double Sessions in City Schools.

EDUCATION BOARD READY TO MAKE THE CHANGES

All Space Available in Public Schools Will Be Used. Rooms Will Be Leased Wherever Necessary.

In the hands of Mayor James G. Woodward and Atlanta's general council the October appropriation sheet was placed by the finance committee, Friday morning, and whether or not Atlanta's public school system will get the \$11,812 appropriated for grammar and high school teachers, hinges on the action council will take when it meets Monday afternoon.

Without finding it necessary to recall any of the special street appropriations, the finance committee approved the entire sheet over the protest of Mayor Woodward.

The only street improvement fund taken by the committee was \$4,000 from the West Mitchell paving and regrading appropriation made last January. The sheet was made to balance with \$13,700 unearned revenue from the tax and market's to which Mayor Woodward objected.

Will Replace Fund.

Councillor W. G. Humphrey, chairman of the committee, stated after adjournment that he was of the opinion that the finance committee would be able to give the West Mitchell street fund the \$4,000 taken from it to balance the sheet, and an additional amount to carry on the work until the June session passed.

Mayor Woodward still declines to comment on the sheet, except to say that the finance committee reached too late in estimating the first tax revenue available for use during the last months of the year will be \$13,700.

"When I came into office two years ago the city was \$700,000 in debt," commented the mayor, "and in my inaugural address I told the people of the city that I would wipe the slate clear of these debts and have a clean budget to work with on the first of January."

I have wiped out \$700,000, and all I want to do is to get the city on a solid footing to begin the new year with a clean slate. Mayor Woodward would not intimate what action he will take when the sheet reaches him for approval.

Committee Will Adopt Sheet. Members of council have not shown hostility to the sheet as pressure men of the finance committee and floor leaders say that there is not likely to be any in view of the fact that the committee has not taken any of the funds passed by the board to the space available for use in the public schools will be utilized, and when necessary demands, the board will authorize Superintendent Smith to use the space available for school purposes in school neighborhoods.

WILLIAM M. SMITH SAYS HE HAS FAITH MURDER MYSTERY WILL BE SOLVED

Asserts He Had Plans to Liberate Factory Superintendent, But Was Prevented by Conditions Which He Does Not Care to Discuss—Intimates He May Reveal Them Later.

ALL THAT IS NEEDED NOW IS CO-OPERATION OF OFFICERS. HE SAYS

Solicitor Dorsey Declares That He Has No Statement to Make on Development—Dan Lehon Says That He Had Known of Smith's New Opinion for Some Time.

That he not only believes Leo M. Frank innocent of the murder of Mary Phagan, but will seek to demonstrate his innocence, was the statement made last night by Attorney William M. Smith, counsel for the negro, Jim Conley, Frank's accuser and a convicted accessory after the crime.

The statement came when a reporter for The Constitution queried the attorney in regard to persistent rumors that Conley's counsel had experienced a change of opinion in the Frank case. Mr. Smith dictated his words over the telephone.

Mr. Smith also declared that he had previously sought to manifest Frank's innocence, but was unable to do so by conditions which handicapped him.

WILL SOLVE MYSTERY.

Smith states that, with the proper co-operation of officials, Frank will be freed, and that the mystery of Mary Phagan's murder will be solved. He also adds that he never has believed Frank to be a pervert, although Conley testified so repeatedly on the stand.

"I have never ceased to be a student of the case," Smith's statement reads. "Practically all of my spare time has been devoted to a study of it. I have come definitely to the conclusion—or, at least, this is my personal judgment after much study—that Leo M. Frank is innocent, and that if a proper co-operation of officials can be secured, I have absolute faith that the mystery of the death of Mary Phagan will be solved to the satisfaction of every reasonable man in this community. I have never believed Frank to be a pervert."

At the conclusion of his statement Mr. Smith was asked on what new facts he based his conclusion.

"I would rather not discuss that now," was his reply.

"Do you intend trying to secure the freedom of Frank?" was another question.

HAD PLANS TO FREE FRANK.

"I have had plans of that nature," he answered, "and have sought before this to put them in operation, but was prevented by conditions which I do not care to discuss. I still hope to demonstrate Frank's innocence and obtain his freedom."

"Inasmuch as you say Frank is innocent, do you mean to imply that Conley is guilty?" was put to him.

"I wouldn't care to be quoted now on that point," was his answer.

Solicitor Dorsey, when notified of this statement, stated over the telephone that he had nothing to say in reply and that he would rather not touch on the subject. The solicitor, when asked earlier in the afternoon if he had heard anything of the rumor that Conley's lawyer had had a change

of mind, declared that he "was in no position to say anything about it." Smith would not go into the subject of "handicaps" which he said he had met in his previous attempts to demonstrate the innocence of Frank. He intimated, however, that they would be disclosed later. The publication of his sensational declaration now means that he will hereafter be enlisted in the aid of Frank in an effort to clear the mystery and to obtain the convicted man's freedom.

Smith was linked with the prosecution throughout the trial of Frank. He had been engaged as Conley's lawyer some time after the negro was arrested. He was retained first by an Atlanta newspaper, but declined his services to the paper when a demand was made upon him to divulge confidences between him and his client. He was then employed by the mother and sister of Conley. He has never, he states, been paid for his services to the negro.

IMPRESSED BY PAMPHLET.

Smith is known to have been impressed by a pamphlet written on the Frank case by Colonel J. P. Fyffe, of Chattanooga, a former newspaper man of the Tennessee city, whose investigation was made for The New York Times.

He admitted having read Colonel Fyffe's article and having commented upon it, but would not dwell upon it for publication.

Leonard Haas, associate counsel for Leo Frank, when called over the telephone for a statement in respect to Smith's change of attitude, said: "I have heard that Mr. Smith has changed his mind, but I would prefer to make no comment."

Early last night Dan S. Lehon, lieutenant of the William J. Burns force, who is in Atlanta, told a reporter for The Constitution that he knew of Smith's new opinion of the Frank case, that he had known of instances in which the attorney had discussed it with others.

REPRESENTED CONLEY.

Smith had actively represented Jim Conley until the time the negro was sentenced to a year in the penitentiary as an accessory to the murder of Mary Phagan. He had, during that while, professed a firm belief in the innocence of Conley and the guilt of Frank. Whether his change of mind has been influenced by a statement of act of Conley he would not state.

Smith has, perhaps, been closer to Conley than any other person connected with the Frank case. It was Conley's counsel who took such extra precautions in having the negro prisoner isolated in the Tower to prevent private detectives and others from getting to him. During the trial of Frank and the subsequent happenings in his case, Smith held numerous conferences with his client.

JAPAN ASKS REMOVAL OF CHINESE SOLDIERS

Peking, China, October 2—(10 a. m.)—The Japanese government has requested China to remove the Chinese soldiers from the railway line that connects Tsing-Tau with Tai-Nan. The request is made, Japan says, because it is her purpose to occupy the railway up to Tai-Nan, the western terminus. If any opposition is encountered the Japanese government states that it will be considered an unfriendly act.

ATROCITIES CHARGED TO FRENCH SNIPERS

Francireurs Mutilated German Wounded and Smothered Them, Says Report.

Washington, October 2—An official report from the foreign office at Berlin was made public tonight by Count Von Bernstorff, German ambassador, charging that wounded soldiers had been tortured and mutilated by French irregular soldiers, who attacked field hospital at Orches, in the north of France. The town was demolished as a result. The report said, "from headquarters General Von Schuler reported that the hospital at Orches, in the north of France, was attacked by Francireurs (snipers or irregularly armed persons) on September 21. A punitive expedition encountered superior forces and had to retreat, leaving thirty-five wounded. On the following day the Bavarian troops met the enemy and found Orches deserted, but found there twenty wounded Germans, left the day before, horribly mutilated. Their noses and ears were cut off and they were suffocated by inserting sawdust into their mouths and noses. Correctness of the evidence taken was authenticated by two French public officers, thereupon was thoroughly demolished."

Here part of the wireless message was mutilated in transmission, but the French statement said in substance, it declared that, according to the paper Avanti, of Milan, The Matin had reported in regard to the butchery of German prisoners that they should be shown no mercy. Orches described, but those nefarious criminals against human law of whom Wilhelm probably formed his bodyguard, but who are worth being butchered like pigs."

As to military operations the dispatch said:

"September 20 decision as to the gigantic battle still hangs in air. The French attacks from Verdun and Toul were repulsed. The siege of Antwerp is progressing, two forts already captured in the battle around Mechelen strict order was given not to bombard the town."

RETURNED FROM CANADA, SIKHS MUTINY IN INDIA

Sixteen of Indians Are Killed When They Fire on Europeans.

London, October 2—In a dispatch from Calcutta the correspondent of Reuters Telegram company describes a mutiny of Sikhs brought back to the Punjab after being refused admittance to British Columbia. Sixteen of the Indians were killed.

The correspondent transmits a communication on this subject issued by the Bengal government, as follows:

"The Sikh passengers on the steamer Punjab, who were on their way to the mission to land at Vancouver, B. C., after their return to board a train for the Punjab and on their way to the Punjab were shot and killed. One European was killed and several others, including the commanding officer, were wounded. One Punjab policeman was killed and several were wounded. Troops were sent to surround the steamer and the Sikhs, and sixteen of the rioters were rounded up.

The Hindus who mutinied at Punjab are the men who for more than two months resisted the Canadian government's order of deportation, but who were sent to Vancouver on the same ship that brought them out, the Japanese steamer Punjab.

This steamer, with 362 Hindus on board, reached Vancouver in April of 1914. It was ordered to return on its trip July 23. During this time the status of the East Indians was passed on by the court of the British Columbia which finally ruled that they could not land.

Lancashire Newspaper Says Cotton Mills May Close Before Christmas

London, October 2—(2 53 p. m.)—The correspondent of the Centinel News in Lancashire, says that the general opinion among cotton manufacturers is that because of the war the mills of Lancashire and Yorkshire and in fact of the whole country, will be forced to close before Christmas.

Thousands of employees are now idle and the suggestion is made that the government come to the rescue with a large grant.

ANTWERP PUTS UP BLOODY DEFENSE

Germans Die in Thousands Before Well-Directed Machine Gun Fire of the Besieged Belgians.

Petrograd, Russia, October 2—(Via London, 4 07 p. m.)—Military observers here, who judge the situation from information in Petrograd, say that as a result of the recent fighting on the Russian-German frontier, including attempts of the Germans to cross the Niemen, the German positions are suffering from the efforts to concentrate troops from four directions on the southeast Polish border, where a decisive battle is expected.

The north division of the German army landed between Mielno, in East Prussia, and Polangen, in Russia, it proceeded no further than Rossyoin, in Kovna.

The army from the province of Silesia, under the command of General von der Marwitz, on the left bank of the river Niemen, now is attempting to cross this river at Oretch, where a big battle is in progress. It is widely in the intention of this army to flank the Russians under General Ruzky.

A third army is trying to proceed from Neidenburg, in East Prussia, southeast in the direction of Warsaw, but apparently without success. Simultaneously the main German forces, starting from Posen, are proceeding eastward with Cracow as their objective.

The southern division of the German army already has joined the Austrians at Cracow.

Official Statement.

The general staff has given out the following official communication:

"The Russian troops have continued to repulse the enemy from the boundaries of the governments of Silesia, Posen, and Poland, in Russia, but very fierce west of Symoo."

"The German troops that were attacking Oswowitz are retreating hastily to the north. Considerable forces, the bulk of which are concentrated in the districts west of the governments of Piotrkow and Kielce.

"The Russian cavalry and vanguard are reconnoitering energetically through all that region, impeding through vigorous attacks, the movement of the enemy. The Germans always endeavor to use the highways in the direction of the defense. The other roads, being rough, paralyze their artillery trains.

"An attack by the Russian cavalry against the German vanguard in front of Andreev, and marching toward Kielce, with great success. The German infantry was caught unawares and is retreating in disorder, pursued by the Russian cavalry.

"The bombardment of Oswowitz did damage to only a few buildings. The telephone lines as well as the concrete walls.

"Thirty thousand refugees have arrived from Ghent, 5,000 from Bruges, 3,000 from Courtrai and 2,000 from Ostend."

"Behind and in the enemy's lines in the provinces of Brabant, Limburg and Hainault, Belgian volunteers have taken up arms and are establishing places besides destroying bridges and viaducts."

BIG GUNS SMASHED FORTS AT VERDUN

Associated Press Correspondent Describes Deadly Efficiency of German and Austrian Heavy Siege Pieces.

Berlin October 2.—(Via The Hague and London 8 1/2 p m)—An opportunity to watch closely the German and Austrian artillery, attack on the line of French forts south of Verdun last Saturday was given an Associated Press correspondent who had been with the Germans at Metz.

An attack which Friday led to the taking of Fort Caples Romains as the first step in the breaking of the defense of the fort lines resulted Saturday in the silencing of Fort Lesparpelles and the correspondent toward evening it was reported that only one armor plating of Fort Floy had been replying to the Austrians. All the other forts being silent. After that the Austrians concentrated their fire with precision on this single target from a distance of 8 miles and during that it was but a matter of time when the defense line would be ready for an infantry attack.

Fort Caples Romains was defended valiantly. The attacking forces came within yards of the trench in front of the fort before the garrison surrendered.

Given Honorable Surrender

Plan a artillerymen in the capture of the forts had to be made. The hand grenades, smoke bombs, and tubes which were placed against the opening of the casemates filling the interior with fragments of bombs and some shelling glass.

Even then the details of the capture of the forts were given honorable conditions of surrender owing to the value that it displayed.

The capture of the forts over the battlefield showed nothing of the traditional battle tumult such as attacking infantry, cavalry and galloping artillery. The heavy artillery could not be seen. There was the menacing detonation of single pieces and columns of smoke arose from burning villages. The black surface that crept was studied by the white clouds from exploding projectiles.

On the road a few wounded were making their way to the hospitals. Beyond that the battlefield gave the impression of a tremendous iron plant with its masses of artillery machinery and the attending noises a feature which seems to mark this war more and more.

German and Austrian Heavy Siege Pieces

The German and Austrian heavy siege pieces were marvelously concealed and placed and their work was done in the most astounding regularity as if they had done nothing at all. The whole mechanical process was interrupted for a few minutes in the case of countries since 1908 but until now with the state of military resistance and a consul general.

section of the fire. There was a pause for the noon meal.

One artillery piece pounded away for four days with Lesparpelles as its objective, and the location of the gun never was discovered. During that time the men handling this cannon had gone to housekeeping most comfortably.

Michel had been evacuated shortly before the arrival of the correspondent.

From hills near the battleground it could be seen that the artillery on both sides was hammering incessantly. Toward evening smoke columns rose south of Verdun indicating that a fight was going on there.

BRITISH TROOP SHIPS GUARDED BY AIR FLEET

One Aviator Mended Propeller Blade While 2,000 Feet Above Sea.

London October 2.—(10 1/2 p m)—The due of services rendered by flying machines cooperating with naval and military movements is shown by the following statement issued tonight by the official press bureau.

While the expeditionary force was being moved abroad a strong patrol east of the straits of Dover was undertaken by both aeroplanes and airships of the naval service. The heaviest losses have been in the Argonne region.

The Germans continue to make steady progress.

In the fighting before Antwerp the German artillery has silenced two of the Belgian forts. German troops captured thirty aeroplanes sent from Paris to Belgium.

In the eastern arena of the war the Russian offensive movement from the Naemen river against the Germans in the province of Suwalki is declared to have failed. It is officially reported that the Russian fortress at Qosowetz in Russian Poland was bombarded by the Germans until September 25.

The fighting in France the siege of Antwerp and the offensive operations under General von Hindenburg all going at the same time are taken in Berlin to indicate that the German army is not lacking in men.

A statement given out in Berlin says there are about 2,000 Russian officers including eighteen generals being held as prisoners of war in German detention camps.

In a copy of the Dutch newspaper Nieuwe Vrijden Dag received here there is complaint of the lack of obstructions of Dutch neutrality by British and French warships. It is declared that even Holland's trade with her colonies had to be disrupted on account of the activity of these warships.

Escaping Russians Shot

London October 2.—(10 05 p m)—The following official statement has been received from Berlin by wireless.

Russian prisoners at Grossen Prunzia attempted to escape during a thunderstorm. The sentries opened fire and killed eight severely injured and several slightly hurt.

It is reported that the Belgians already have placed machine guns on the church towers of Antwerp. The siege of that city is making progress.

The Germans have occupied Malines and strict orders have been given not to bombard the town so that the cathedral may be made without utter failure.

British Minister Named

London October 2.—(7 10 p m)—Sir Charles Maitland today was appointed minister to Panama and Costa Rica. He has performed similar service in these two countries since 1908 but until now with the state of military resistance and a consul general.

Berlin Announces Capture Of Thirty French Warplanes

Battle in France Still Undecided—Attempts of the Allies to Break the German Lines Repulsed.

Berlin October 2.—(By wireless to Saxville L 1)—According to announcement made in Berlin today the great battle in France is still undecided. The Germans are described as hammering the French positions at numerous points by their heavy artillery. The attempts of the allies to break through the German lines have been repulsed. The heaviest losses have been in the Argonne region.

The Germans continue to make steady progress.

In the fighting before Antwerp the German artillery has silenced two of the Belgian forts. German troops captured thirty aeroplanes sent from Paris to Belgium.

In the eastern arena of the war the Russian offensive movement from the Naemen river against the Germans in the province of Suwalki is declared to have failed. It is officially reported that the Russian fortress at Qosowetz in Russian Poland was bombarded by the Germans until September 25.

REPORTED THAT DRESDEN WAS SUNK BY THE BRITISH

New York October 2.—A rumor that the German cruiser Dresden had been sunk by British cruisers Glasgow and Good Hope was brought here today by passengers on the steamer Japanese Prince which arrived from South American ports. This rumor the passengers said was current in Pernambuco on September 15.

Captain Johnston of the Japanese Prince said he had talked with the British consul in Pernambuco and that, although the consul said nothing about the reported sinking of the Dresden he intimated that no German warships were near the South American coast and assured the captain that the voyage to New York could be made without danger of capture.

Fifteen German vessels it was said are in Pernambuco harbor fearing to venture out because of the reported presence of British cruisers outside the harbor.

CHANGES PREDICTED IN ITALIAN CABINET

Rome October 2.—(Via Paris)—The idea of a new cabinet was published for the first time today says that the resignation of the Marquis Di San Giuliano minister of foreign affairs is confirmed and that it will lead perhaps to a greater change in the cabinet.

HOSE DEFEATS GERMANS WHEN ARTILLERY FAILS

They Withdraw From Rheims Trenches When French Fill Them With Water.

London October 2.—The correspondent of The Times writing from Chalons France under date of Monday says:

The Germans are gone and Chalons is rejoicing in the good news. The last report seems to indicate a general retreat from the strong line of defense which the Germans constructed to the north of Rheims and to the east and west.

Their trenches on this line are wonderful works of art. Dug to a depth of 6 feet they are covered and protected in many cases with layers of reinforced concrete. The work was executed by the forced labor of the inhabitants to form a defensive position in case of need while the troops were still fighting on the Marne.

Up to this line the French worked their way foot by foot until in places their front was not 100 yards from the German trenches. The condition of these underground trenches when examined will be found to be terrible. The wounded as well as the dead lie where they fell amid the wet and filth. The French in the advanced trenches could hear cries at night when the firing ceased.

These terrible conditions as much as the French fire dislodged the Germans from their miniature forts. In some of the trenches on the heights above Rheims the French had to dig the Germans out of lines of hose were laid from the town and fire pumps were worked until the water stood breast high.

Chalons suffered little from the

AVIATORS' OPERATIONS PROLONGING STRUGGLE

Bordeaux France, October 2.—(4 15 p m)—The concentration of Germans in great strength at Roye as mentioned in the war office statement today is explained here by the ease with which the commanding generals discover the dispositions of the enemy through aeroplane scouts.

A very important factor in the winning of battles is surprise. The aviators in the present war have made this factor a negligible one. For this reason the battle of the Aisne is continuing for an unprecedented time.

FRENCH GUNS WIPE OUT FORCE OF 500 GERMANS

"Make Me a Cemetery," Ordered French Officer, and Artillery Obeyed.

London October 2.—Dilatating upon the splendid accuracy of the artillery fire and the extent to which the artillery has been used in the present war The Daily Mail correspondent in France says:

The infantry has counted for little in these protracted operations. On the allies left wing the men say that they have nothing to do and several have complained of spending eight days in the trenches without seeing a German. Both armies are tired.

There was one appalling incident. Three days ago 500 Germans were caught in some flat fields with slopes on every side. The French artillery

took up positions secretly and when the moment came to open fire the officer in command said: "Make me a cemetery down there. His order was obeyed the guns accounting for the greater part of the 500 and rifle fire for the rest. Those who were there say not a single German escaped.

It is no wonder that the Germans have nicknamed the big French field artillery guns the "black butchers." Their effect is terrible. The shells they throw explode only 10 feet above the ground and spread their missiles over an area measuring 100 yards by 30 yards.

The shock of their explosion alone often kills at once a whole row of entrenched men.

An apple tree on a farm in Longmeadow has the remarkable spread of branches of 5 feet 4 inches. It is sated with blossom.

The Junior Department (Third Floor) Was Never Quite So Attractive As It Is Right Now

Perhaps the word attractive is not just the right word to describe the Junior Department. Attractive, yes, in the biggest, broadest sense. Stylish, smart apparel for the young folks at prices that will appeal to one's rule of reason. We have bettered our best!

We have managed to get smarter styles at lower prices, more varied varieties---very few new and worthy style ideas in apparel for young women, girls and children are missing.

The Junior Department is a shop that mothers may turn to with a fine sense of satisfaction right now.

The care and nicety of choice that has been exercised in gathering these stocks is reflected in the exclusive and unusual styles you will find

Serviceable Coats For Children, Girls, Juniors

For Children

In sizes one to seven years—Big cases filled with them—Coats of plush, of velvet or zibeline, of broadcloth of serge, of mixture weaves of Bedford cords and a number of styles in each fabric.

Priced From \$3.50 to \$15.00

As a rule they are straight or boxy affairs sometimes with a little belt in the back but their charm is in their colorings and the touches of tailoring that mark them in a mother's eye, as different from and prettier than coats she has found at these prices

For Girls

Sizes six to fourteen years—Kersey's chevrons, serges, broad cloths, zibelines, velvets, plushes, plaids.

Priced From \$5.00 to \$25.00

Coats for wear to school, plain and inexpensive but somehow they are stamped with good style and value.

Then come the many variations of cape coats, sturdy affairs that are too

For Juniors

Rich, furry zibelines soft velvets and broadcloths deep toned plaids.

Priced From \$3.75 to \$25.00

Tailored beautifully and reflecting the styles that could not always be found at these prices. Young women will like them, they are so new and distinctive.

Girls' Dresses Have Their Own Dainty Styles

We speak of these that now fill several cases in the Junior Department

Of Serge, of Silk, of Velvets, at \$5.00 and Slowly Up to \$20.00

Sizes six to fourteen years, and intermediate sizes

Here is a little dress with a plaid satin plaited skirt and long basque of broadcloth that has a gumpe of white and may be laundered.

Another is of Copenhagen figured challis the waist is long the skirt is full plaited.

Another of black satin is a basque model with wide girdle of black satin over striped in red, that ends in a huge back bow.

These are but a few—there is one model after another that brings one up with a start—makers have evolved and Chamberlin Johnson-DuBose Co have collected prettier dresses this fall for the Junior Miss.

MANY TO SEEK PLACE NOW HELD BY PRESTON

Interest is Centering in Election by General Council of Recorder Pro Tem.

With the election of George E. Johnson recorder over John Y. Smith and the victory of Frank Smith over B. E. Williams for city tax collector interest in city political circles today is centered on the contest which will be waged in council for the office of recorder pro tem.

While the campaign was being conducted for the recorder's place office-seekers who have their eyes fastened on the office of recorder pro tem which is nothing more or less than the clerkship of the court did not push them selves forward.

Reports around the city hall Friday went to the effect that Judge W. H. Preston who holds the place of recorder pro tem will seek re-election at the hands of council. It is understood that Judge Preston and his friends have become quite active among members of the general council in an effort to secure the place for him.

Place is Important.

The place of recorder pro tem is second in importance to that of recorder for the reason that the recorder pro tem frequently occupies the bench and tries cases in the absence of the recorder.

The fact that there was a recent effort to increase the salary of recorder pro tem to \$1,800 per annum and the further fact that there is a strong likelihood of a race being staged in 1917 is almost an assurance that there will be candidates galore in the race against Judge Preston.

Friday the city executive committee met and compiled the returns. George Johnson was declared elected recorder and Frank Smith tax collector. There were no protests.

After announcing the result the committee adopted resolutions thanking J. O. Couch in for the efficient manner in which they carried out the arrangements for the election.

Appreciates Vote.

Frank Smith, the newly elected tax collector made the following statement Friday:

I am duly appreciative for the magnificent vote given me in Thursday's primary and I wish to express my thanks to every citizen who supported me. I am more than grateful to my many friends who personally escorted me to the polls and who, in the face of a cold and unkind or unfriendly feelings for those who for reasons of their own opposed me.

It will be my earnest purpose to so conduct the business of the tax collector's office that none can justifiably hold me in contempt.

Asked how he felt over his victory, Recorder-elect Johnson said:

I told the people in my campaign that I would conduct the affairs of the recorder's court in an efficient and business-like manner and I propose to carry out from this day forward.

I am thankful to my friends for their support and want to assure them that their confidence in me is well placed. To those who did not support me I want to say that there are no ill feelings on my part and I assure them that I will be ready and willing at all times to aid them.

Smith Makes Statement

John Y. Smith defeated candidate for recorder said:

I wish to sincerely thank my friends for their support for the support given me in my recent race for recorder.

I thought a good fight and lost and when this is said there is nothing else necessary for me to say.

I am deeply grateful to my friends for their confidence in me in both contests and I sincerely hope that the time will come when I will be able to serve them again.

Suit for \$10,000 Is Filed Against Ga. Railway and Power Co. by G. B. Binder

Suit was filed on yesterday in the city court of Atlanta against the Georgia Railway and Power company by G. B. Binder who claims \$10,000 damages for injuries alleged to have been received on November 10, 1913, resulting from a collision between his automobile and a trolley car which was in the middle of Marietta street.

Mr. Binder claims in his suit that the company was grossly negligent in leaving the trolley car on the street without its warning lights and which men for the protection of travelers.

He claims that his automobile was wrecked and that he received personal injuries which impair his capacity to labor and earn money at least one-half and which will occasion him great pain and suffering for the rest of his life.

The plaintiff is represented in his suit by Messrs. Arri and Donahoe.

CARESSES WITH BELT CAUSE DIVORCE SUIT

Mrs. Mary Robinson has filed suit for divorce in superior court against her husband, Richard Robinson, making the charge that her husband's moxie of crossing his affection when drinking was by crossing her with a leather belt. They have been married since December 22, 1904. Charges of general cruelty and drunkenness are also made.

POWER COMPANY SUED FOR \$10,000 DAMAGES

Within less than a week of the accident in which two men lost their lives and one was seriously injured a suit for damages has been filed against the Georgia Railway and Power company by G. B. Binder, the plaintiff in the suit filed in the city court of Atlanta on Friday.

The suit asks \$10,000 damages for Catherine Binder, widow of the deceased, and for the plaintiff's expenses in the suit. The suit was filed in the city court of Atlanta on Friday.

CRANE AND LEE FINED FOR THEIR NEAR FIGHT

After deciding that the dispute between Jesse B. Lee, councilman from the 14th ward, and Samuel Crane a lawyer in the Temple Court building which occurred last Monday afternoon had been a near fight, Judge Broyles fined the two men \$575 each Friday afternoon.

The scene of the misunderstanding was the entrance to the building where the cause was in a dispute concerning the election of a recorder pro tem. When Crane in a Sunday paper Councilman Lee testified that he inquired of Crane who gave him that he to publish and that he had the suit that thinking a lie had been passed he seized Lee in the shirt front.

GOTHAM WOMEN BOOST MOVE FOR COTTON GOWNS

Appeal Issued to Members of New York Federation of Women's Clubs.

New York, October 2.—A movement to aid planters of the south by popularizing cotton evening gowns was started here today when Miss Florence Curran, president of the New York City Federation of Women's Clubs, issued an appeal to 100,000 members of the federation to purchase such a gown and wear it at the peace demonstration to be held during the week of October 5, 6 and 7, which meets at the New York City Federation convention on October 5, and at the New York City Federation convention on October 6, and at the New York City Federation convention on October 7.

Miss Curran announced that she would offer resolutions at the convention of the New York State Federation of Women's Clubs which meets at the New York City Federation convention on October 5, and at the New York City Federation convention on October 6, and at the New York City Federation convention on October 7.

She stated that she was in New York last night, endorsed Mrs. Curran's plan saying that it was in line with her appeal sent out yesterday to the 1,500,000 club women of the federation not only to comply with President Wilson's request to attend divine peace services on Sunday, October 4, but to come to the aid of all those dependent on the cotton crop by purchasing as generously as possible of cotton materials made in the United States.

HE GETS THREE YEARS; HIS NAMESAKE GOT TWO

The right Will Russell suffered more than his double, who, as a victim of mistaken identity, was given one year less in a sentence for the same crime for which the real Will Russell was convicted Friday afternoon.

The crime was the theft of \$1.65 from the home of Mrs. Robert Viewig, 49 Eowland street. On September 9 when the first case in the new million-dollar courthouse was called, Will Russell was arraigned on the burglary charge. He was identified by lawyers prosecutors and policemen. Upon being convicted and sentenced to two years in prison the court was astounded to find that it had dealt with the wrong negro—a witness in an entirely different case.

Friday the right negro was arraigned. The evidence was stronger against him than it had been against his unfortunate double. He was given three years.

Held on Perjury Charge.

C. C. Belcher of 238 Paul street was fined in two cases Friday morning \$100 for failure to pay city taxes for five years and \$100 for making bonds without a license was brought before Judge Broyles again yesterday.

Officer W. H. Smith some time ago Belcher signed a bond for James Hayden colored who was bound over on a burglary charge. Belcher swore it is stated that he was possessed of unencumbered property valued in excess of the bond. Investigation showed this to be untrue. He testified that he had bound Belcher over for perjury, fixing his bond at \$1,500.

ILLNESS CAUSES WOMAN TO COMMIT SUICIDE

Brunswick Widow Found Dying by Her Young Daughter.

Brunswick, Ga., October 2.—(Special)—Brooding over a long illness and worry and with her mind thought to be unbalanced, Mrs. George A. Manoe wife of Captain G. A. Manoe for many years a pilot on the Brunswick bar at an early hour this morning walked from her bedroom to the front porch, and placing a 38 caliber pistol to her head fired blowing out her brains.

Captain Manoe had just left the house to go to the home of another pilot and no one was at the residence except Miss Pearl Manoe, a daughter of the deceased who after hearing the report of the pistol found her mother on the piazza the pistol near her head and a stream of blood oozing from her temple which told the tale of the tragedy. Death was instantaneous. Captain Manoe's husband and a sister, Mrs. Manoe leaves an infant daughter who resides in Birmingham.

Mothers are equal guardians with the father over children in Kansas, Colorado, California, Oregon and Washington.

PERMANENT PEACE POSSIBLE

THE ONLY WAY

"You must be born again."

---John 3:7

Jesus said:

"Except you turn, and become as little children, you shall in no wise enter the kingdom of Heaven.

"Whosoever shall humble himself as this little child, the same is the greatest in the kingdom of Heaven."

Learn from Him the secret of true greatness, and remember—

"IF WE SAY THAT WE HAVE NO SIN, WE DECEIVE OURSELVES—"

Make not this mistake. But recall the truth written by John, whom Jesus loved—

"If we confess our sins, He is righteous and faithful to forgive us—

"We have an advocate with the Father, Jesus Christ the righteous—

"I write unto you, my little children, because your sins are forgiven you for His name's sake."

This coming Sunday, remember your own childhood!

BIG BROTHERS—OLDER SISTERS—MOTHERS AND FATHERS—TURN. BECOME CHILDREN AGAIN. AND WITH THE CHILDREN COME TO THE SCHOOL IN THE CHURCH OF THE LIVING GOD.

IF YOU ARE ALONE IN THE WORLD, COME. GOD IS YOUR FATHER. CHRIST YOUR BROTHER. AND THERE IS A PLACE FOR YOU IN YOUR FATHER'S HOUSE.

Sunday, come and enter His school. And after the hour of school, attend the services in His church.

Our President, Woodrow Wilson, has called the Nation to prayer.

SUNDAY IS THE DAY. Frivol it not away. Forget your business. **UNLESS** grim necessity compels, or an errand of mercy calls, **BE ASHAMED TO WORK OR PLAY THIS DAY WHEN OTHERS PRAY.**

A Christian country in this hour of stress and agony for the world, this time when thousands of lives are being blotted out because of sin, will unite in praying to the God of our fathers for peace.

LET US COME AS LITTLE CHILDREN TO HIM.

Humbling ourselves under His mighty hand—casting all of our anxieties and worries upon Him—confident of His abiding love and care for us, let us come.

WE SHALL FIND MERCY. WE SHALL RECEIVE GRACE, HIS STRENGTH, TO HELP IN TIME OF NEED.

Believe and come.

"You must be born again."

Christ is the only way.

He bids you come.

CABINET OFFICIALS WILL STUMP COUNTRY

Bryan and Daniels Start Campaign Next Week—Lane Going West.

Washington, October 2—Plans for active participation in the congressional campaigns, about to begin throughout the country, were taken up today by President Wilson and administration leaders.

The president and Secretary Bryan conferred to decide on the itinerary of the campaign trip Mr. Bryan is to begin next week, and to discuss the subjects he is to take up in his speeches. It tentatively was decided that Mr. Bryan should speak in New York, in addition to Pennsylvania and the middle west, Nebraska and Iowa. He will be in Ohio three days next week and, if possible, will start out again within three days after his return to Washington.

Secretary Daniels will appear next week in Kentucky, Tennessee and West Virginia and the week following in Connecticut and New Hampshire.

Secretary Lane, who was also a white house caller during the day, announced he expected to speak on the Pacific coast, explaining the conservation program and work of the administration.

It became known that the full strength of the administration is to be thrown behind Ambassador Gerard in order to secure the election of another democratic senator from New York and that the administration is counting on the election of a democratic senator from Connecticut. There were evidences that the democratic leaders are to conduct their fight on the understanding that the republican party will give no formidable opposition and that the progressives are to be the chief opposing forces.

54 SHIPS ARE ADDED TO MERCHANT MARINE

Washington, October 2—Fifty-four ships aggregating nearly a quarter of a million tons worth approximately \$15,000,000 dollars have been added to the American merchant marine under the new law. Although the vessels previously sailed under British, German and Belgian flags they were really American-owned and have been under the registry only because they were foreign built.

Mrs. Ida Richardson Dead.

Mobile Ala. October 2—Mrs. Ida Richardson aged 75, former prominent social worker of Mobile, Pa. dropped dead at Robertsdale near here today where she was visiting. Mrs. Richardson was on her way to the post-office to post a letter.

VOTE ON CLAYTON BILL HOPED FOR BY MONDAY

Effort to Secure Agreement Frustrated—The Measure is Vigorously Attacked.

Washington, October 2—Efforts of democratic leaders in the senate today to procure an agreement for a vote on the Clayton anti-trust bill conference Monday were frustrated when Senator Smith, of Michigan, objected, expressing the hope that "Providence will interfere to prevent enactment of such a law."

Following Senator Culberson's request for an agreement, Senator McCumber, of Michigan, objected, to have further consideration of the measure postponed until next December. A similar motion by Senator Smith, of Michigan, failed today, predicting that the vote on the conference report would be reached by Monday night.

In debate on the measure, Senator Eristow, of Kansas, charged the president with abjectly surrendering to the Wall street interests. Senators Norris and Clapp also attacked the conference report, which they declared drew the teeth of the bill.

When Senator Clapp asserted the process of international affairs had prevented the president from watching the anti-trust program carefully, Senator Eristow interrupted "I believe," he said, "that the president knows exactly what this conference report does, and that he is supporting it because it does what it does."

Further democratic opposition to the measure was voiced by Senator Martine of New Jersey, who expressed the fear that its passage without specific penalties for offenses of monopolists would "increase the prejudices of men who have no respect for man made law."

PRESIDENT SIGNS THE RIVER AND HARBOR BILL

Washington, October 2—President Wilson today signed the rivers and harbors bill appropriating \$20,000,000 to be expended under the direction of the war department on projects already begun.

Walker for Prohibition.

Seattle Wash. October 2—Joseph Walker, progressive candidate for governor, tonight formally announced himself in favor of the prohibition of the sale of wine. He said state prohibition could not be enforced.

AUTOS WILL BE TAXED FIFTY CENTS PER H. P.

Such Is the Decision of Senate Committee—Tax Falls on Dealers.

Washington, October 2—Reduction of the proposed tax on gasoline in the war revenue bill from 2 cents to 1 cent a gallon and the imposition of a tax of 50 cents per horse power on automobiles were agreed to today by democrats of the senate finance committee. They plan to complete their revision of the house bill by tomorrow night.

The committee did not reach the bank tax in its deliberations today, but will have before it tomorrow a subcommittee recommendation that the proposed tax of \$2 a thousand on bank capital and surplus be eliminated and that there be substituted a stamp tax on checks, drafts, certificates of deposit and other negotiable paper. The tax on checks, drafts, etc. would be 2 cents and on certificates of deposit, etc. 2 cents for each \$100. From this the estimated revenue would be about \$14,000,000 a year.

It was also agreed to retain the proposed increased tax of 50 cents a barrel on beer in the house bill, with the understanding, however, that a further increase of cents might be made should the committee find it necessary to raise more revenue after it has completed consideration of all sections of the bill.

The proposed tax of 20 cents a gallon on sweet domestic wines and 12 cents on dry wines, the committee agreed to revise, retaining the house rate on sweet wines, but reducing the dry wine tax to 8 cents. This was on recommendation of the treasury department.

The committee action with reference to gasoline and automobiles occasioned considerable surprise, as the general expectation had been that an automobile tax would be substituted for the gasoline tax. The 1 cent on gasoline will bring revenue amounting to \$10,000,000. The proposed 50 cents per horse power on automobile sales will not affect persons owning automobiles, but will be levied only on sales. There is a provision that whenever a manufacturer already has contracted to sell automobiles at a certain price the tax shall be paid by the jobber or dealer.

The stamp tax, including the insurance tax on sweet wines, and other features of the bill will be considered tomorrow.

Russ Ships to Puget Sound.

Seattle Wash. October 2—Russian Consul Dbogoloviansky announced today that the Russian volunteer fleet would soon begin the operation of a line of steamers between Puget sound and Vladivostok, Siberia.

CANADIAN PROTESTANTS PLAN TO CONSOLIDATE

Union of Methodist, Presbyterian and Congregational Churches Not Unlikely.

Ottawa Ont. October 2—The Canadian Methodist general conference today unanimously endorsed a special committee's recommendation that the Methodist Presbyterian and Congregational churches in Canada be consolidated. It is said the general conference's favorable action will result in placing the plan before the Presbyterian general assembly in 1916. It is understood the Congregationalists favor the plan.

Criticism of the church was expressed in the report of the committee on evangelism.

"There has been progress in the church in the past quadrennium," the report said, "but our church is not showing the aggressive evangelizing power we might reasonably expect of a body so well organized and of such traditions in common with all the churches of Christendom, the Methodist church is failing to meet the demands of the age with that all-conquering enthusiasm which has swept her onward in the past. Church life is losing its grip on heart and conscience."

EFFORTS TO NEUTRALIZE PHILIPPINES DEFEATED

Washington, October 2—Democrats in the house today rejected a proposition for the neutralization of the Philippines and defeated every other amendment offered to the Jones bill declaring the purpose to recognize Philippine independence when the Philippines are able to govern themselves.

Representative Burgess of Texas, offered the amendment which proposed that the Jones bill also provide for the effecting of an international agreement to guarantee the neutralization of the Philippine islands. It was lost 58 to 14 the republicans refraining from voting.

During the debate Representative Sherry of Kentucky, declared the real issue is when we could see justice to the Philippines, give them self government.

"An amount of theorizing or possible commercial or actual conflict with the nations in the Orient in the far distant future," he said "ever will be sufficient to make the American people conclude that they should hold the Philippine islands permanently as a part of the American republic over the objection of the Philippine islands."

Home Products Luncheon Plan of Atlanta Women

By Anna Dooly. At a home products luncheon about the season of Thanksgiving it is proposed that Atlanta's representative women gather to discuss their interests and to plan means by which they may further aid in working out the problems which are of common interest now to both the men and women of the state.

There are over eight federated women's organizations in Atlanta, besides the organizations branches of national bodies—the Daughters of the American Revolution, the United Daughters of the Confederacy, the Colonial Dames, the Temperance Union, the Grand Army of the Republic, the three organizations devoted to the cause of woman's suffrage, the Woman's Christian National Congress, of Mothers the Daughters of the Georgia branch woman's department National Civic Federation.

All of these organizations have large representation among Atlanta women. All are devoted to some line of activity whether patriotic, educational, industrial, philanthropic, social and so on. It is a well known fact that many of them in their efforts unconsciously duplicate the work of one another and so the ever generous public is the sufferer.

Now that times are hard many people are being thrown out of employment and in many directions certain organizations have been organized in form of work already inaugurated by the union of a rational working out of how it can be done might be the outcome of discussion at the woman's home products luncheon.

Specific Subjects.

That could be one specific subject taken up for consideration at the luncheon while another timely suggestion for the program was that the women of the town and the city district who has not been reached by any of the messages of helpfulness carried by women's organizations.

These organizations many of them have a wonderful machinery through which they push their work but they do not reach the women of the town and the city district who has not been reached by any of the messages of helpfulness carried by women's organizations.

Who are these women to be reached? In the town the same conditions exist. Through the press women are notified that a meeting is to take place whereat the women of the community are going to get back of the better schools and better hospital movement. Beautifully expressed resolutions are set forth papers are read individuals praised or abused who may be connected with the work of the community are at work. Investigation would prove that about one tenth of the women in the community know that such a work is on foot. Not even all the women who take the daily paper know what is going on in the civic life of the community.

How to reach her will be another subject it is suggested can be discussed at the proposed Georgia products luncheon.

The luncheon will follow the wonderful convention of the Georgia Federation of Women's Clubs in Albany where the subject of the better schools and better hospital movement will be discussed by able men and women with a miniature cotton exposition illustrating from the women who attend this convention with the subject of the better schools and better hospital movement.

Three Questions. Even if none other than these three questions are methodically discussed and the opinions of intelligent women brought out on a home products luncheon could prove a successful event.

The subject of the luncheon has been discussed by several of Atlanta's representative organizations with the many different organizations. Representatives of these would occupy seats at the speakers table and the rooming arranged during the luncheon in the colors and insignia of the various organizations would be the membership list.

Mrs. Samuel Lumpkin, president of the City Federation of Women's Clubs, Mrs. William Lawson Peck a leader in patriotic organizations, Mrs. John Marshall, president of the Atlanta Musical association, Mrs. Sammel Inman, Mrs. Charles J. Haden, Mrs. Belle H. Haden, Mrs. High W. H. Mrs. Sommerfield, Mrs. W. S. Elkin, Mrs. P. M. Robinson, Mrs. Frederick Hodgson, and Mrs. Atlanta women who have discussed with enthusiastic interest the subject of the home products luncheon on an occasion when the women of the community could assemble for a good work in which they are engaged.

Many Approve. Mrs. William Lawson Peck, honorary state regent of the Georgia Daughters of the American Revolution in discussing the home products luncheon said of it yesterday.

The women of Atlanta and of Georgia have done so many splendid things for home and country all along the line in the last twenty years that it seems to me that we should get together and have a day of their own. Particularly so if it is a successful thing. We are all so proud and thankful that we live in this free and beautiful land that we are so proud that we are Daughters of the American Revolution when we think of what our fathers and mothers heroically won for us in this great country.

Mrs. Lawson Approves. I think the home products luncheon could be an occasion of both profit and pleasure. It is the opinion of Mrs. Samuel Lumpkin, president of the City Federation.

By November all Atlantans will have returned home and will be interested not only in questions pertaining to woman's work but the absorbing and momentous events stirring the whole civilized world to its very foundation. Georgia women are earnest and true and they want to bear their share of the responsibilities not only of the old problems before us but of the new ones that are coming as a result of the European war. I hope we may meet together on such an occasion to look into many faces we love that we rarely have the opportunity of seeing.

Mrs. Wilson Comments. Mrs. A. McD. Wilson indorses the idea of the home products dinner and was most interesting in her discussion of it.

The war conditions in Europe affects every city, hamlet and town in this country. It is a matter of living or industrial life. Since the war between the states there has not been

Home Products Luncheon Plan of Atlanta Women

Greater need of patience, wisdom and self-denial on the part of our women. Our farmers are unfortunately not the only ones feeling the result of our curtailed exportation. They can manage to live on the home products, which in a measure makes the farmers independent, but what of the thousands of importing houses with their revenue entirely cut off?

What of the hundreds of thousands of the laboring classes whose living depends upon the income from the dry's utmost gravity and in the hands of the women—in large measure—lies the solution of the economic side of the question.

Urges Economy. Mrs. Wilson directly indorses the campaign already inaugurated by Mrs. Z. Fitzhick in her address to Georgia women August 21 when she (Mrs. Wilson) further states.

Let us make it fashionable to live economically. Let our pleasures be selected in such way as to bring the greatest amount of enjoyment into little outlay. Choose attractive rather than expensive apparel of styles which can be more than six weeks durable. Purchase whenever possible home products.

Who lives on the home products are giving their time their talents their money to encourage and support the soldier at the front and the American woman abroad to sit idly by without raising her voice to help the great army of unemployed who are being for the absolute necessities of life—food, clothing and shelter. The added distress and facing for daily food and clothing and shelter for the added distress and facing for daily food and clothing and shelter in form of work already inaugurated by Mrs. Caille Hoke Smith in Washington.

Southerners Oppose Early Adjournment

Insist That Congress First Pass Laws to Relieve Cotton Situation.

Washington, October 2.—Conferees among leaders in congress with a view to adjournment October 15 continued today Democratic Leader Underwood of the house conferred with Senators Kern and Smoot who expressed the view that an adjournment could be effected at the time planned. Some of the southern democrats however are threatening a vigorous opposition to either adjournment or to an agreement for three days recess pending adjournment until some legislation to relieve the cotton situation has been passed. Any objection might upset any three day recess plan but there is said to be ample majority in both houses to put through an adjournment resolution at any time.

ENGLAND MAY PERMIT SHIPMENTS OF COPPER

Washington, October 2.—Officials at the British embassy today intimated that the Holland could make the same guarantee in regard to copper that she had made in regard to foodstuffs. It was unlikely that Great Britain would object to the shipment of copper from America to the Netherlands. The question however is complicated and its solution it was said would not be as simple as in the case of foodstuffs.

J. L. Goodnight Dead.

Nashville, Tenn., October 2.—James Lincoln Goodnight aged 68, stated clerk and treasurer and general traveling secretary of the general assembly of the Cumberland Presbyterian church died at 5 o'clock this afternoon at his home in Nashville. He had been ill for ten days with heart trouble. Dr. Goodnight was president of West Virginia university in 1883, 97 and president of Lincoln (Ill.) university 1900-04.

Mellen Resumes Stand.

New York, October 2.—Charles S. Mellen formerly president of the New York New Haven and Hartford Railroad company today resumed the stand before the special federal grand jury investigating the New Haven's management to determine if the criminal laws were violated.

Sunday's Sporting Section Features World's Series

In addition to carrying all the news of the sporting world of the day, including all the football and baseball results, the sporting section of the Constitution Sunday will feature—THE WORLD'S SERIES.

OTIS F. WOOD, of New York, one of the most up-to-date dopsters writing baseball, is handling the series for The Constitution, and all angles of the greatest sporting event of the season will be covered by him in The Constitution.

FINANCES—How the players and teams have fared individually in series games by H. H. Wood.

RESULTS—How the series have come out, since the inception of inter-league series in 1883.

ATTENDANCE—Figures on each series and the amount of money received from all sources.

EMPIRES—A little dope on the men who have umpired the series in the past and will umpire the coming series.

HERO—Every series brings out a hero. The heroes of former series are recalled, and probable heroes in the coming series are forecasted.

NEWS END—A discussion of how the fans all over the country will receive the news and the steps that are taken to give it to them.

LUCK—Will this element figure in the coming series?

From these angles and from many others, Mr. Wood will discuss the coming big games. Others of his stories will appear Monday and every day preceding and during the series.

The complete rules of the series, some cuts of the players. In fact, everything of interest and of the latest moment, will be given to the readers of—THE SUNDAY CONSTITUTION. Don't Miss It.

"WILL NEVER PLAY AGAIN" --Harry Welchance

Harry Welchance, Atlanta captain, who was stricken with tuberculosis in 1911, has been up here at Asheville for four or five days, and he is in good improvement in my condition. The doctors say I am going to go along all right and when I will take some time, I expect to fully recover. They have notified me that while I will be strong and feel like my old self by spring that it will be suicide for me to try anything so strenuous as baseball.

VIRGINIA ELEVEN TACKLES YALE ELIS

Old Dominion Team Plays on New Haven Gridiron Today.

Charlottesville, Va., October 2.—(Special.)—The University of Virginia football team left Friday evening for New Haven, where they clash with the Yale eleven today.

In spite of the fact that the coaches and students are not very hopeful of winning the game, still enthusiasm is at the highest pitch.

About 6:40 o'clock a large crowd gathered at the entrance to the university grounds, and headed by the university, amid loud cheers and shouts, marched down the streets to the stadium, where they met the Yale eleven.

The regular men who made the trip are: Lane, center; Coleman, left guard; Moore, right guard; Ward, left tackle; Barker, right tackle; White, left end; Gillette, right end; Good, quarter back; Word, right half; Mayer, left half; Sparr, full back.

In addition to those regulars seven subs were taken along, among whom are Berkley, sub quarter; Flannigan, sub end; Walker, sub half; Fuller, sub full; George Anderson, sub full; Ed Anderson, sub half, and Golden, sub guard.

Account of the injury to Coleman in the Randolph-Macon game he has been unable to play since, and Moore has been shifted to left guard and Ward has been put in at left tackle, thus adding materially to the weight of the line.

Only light practice was held Friday afternoon, consisting chiefly of snappy sign drills. The first part of the week was occupied chiefly in scrimmages and in secret practice.

The second day showed up remarkably well against the regulars, the backfield especially, and this fact is shown by the fact that the whole sub backfield was taken along.

NATIONAL LEAGUE Giants 11, Braves 5.

New York, October 2.—New York turned the tables on Boston today and won the first game of the series by 11 to 5. The locals hit both Tyler and Cochrane hard and took full advantage of the poor feeling of the new champions. Teasara started very wild, but settled down and pitched fair.

TECH HIGH TO PLAY S. V. D. TEAM TODAY

This afternoon at 3 o'clock at Piedmont Tech High school, the members of the local pro league, will play the strong S. V. D. eleven of the West.

This will be the first test of the strength of the 1914 Tech High team, and it is probable that Coach Martin will use every one of his most promising youngsters in the game. The S. V. D. team has many former stars in their lineup and should give Tech High a good battle.

PROGRESSIVES HOLDING CONVENTION IN MACON

Question of Separate Ballot Boxes Is Up to County Authorities.

The state convention of the progressive party will take place at Macon at 11 o'clock this morning.

Considerable interest attaches to the convention by reason of the fact that candidates will be nominated to oppose Senator Hoke Smith, T. W. Hardwick, Congressman William Schley Howard, and possibly candidates in other congressional districts as well as candidates for the legislature from Fulton county.

At 11 o'clock, executive secretary, will today send out the official blanks on which the returns are to be made. These blanks will contain the names of both the Democratic and the Progressive party, as proposed by the county authorities of the various counties.

Leonard J. Grossman, president of the Georgia Men's League, and the former Suffrage, leaves for Macon this morning to look after the interests of the suffrage at the state convention of the progressive party, which convenes today. He will attend the convention, both at Macon and at Atlanta, and will return to Macon this morning.

A suffrage plank in the platform of all parties has been asked for in a bulletin issued by the Georgia Men's League for Woman Suffrage last night.

HOLLAND NOT TO SHIP FOODSTUFFS TO KAISER

London, October 2.—Holland has given assurance that it will prevent the exportation of foodstuffs from Holland to Germany or to other countries now at war.

This action greatly simplifies differences concerning cargoes of food destined for the British government, and ceases the seizure and investigation of cargoes of foodstuffs by the Dutch dealers.

The decision will eliminate also the first step in the seizure of foodstuffs bound from the United States to Rotterdam. The British foreign secretary, Lord Curzon, has ordered the American ambassador, Walter Hines Pate, to have conferred daily as to what shipments may be permitted to the contraband. A great percentage of the American exports to Holland is wheat and flour.

FRENCHMAN EXECUTED UNDER MILITARY LAW

Bordeaux, October 2.—(1.05 p. m.)—Pierre Nascia was put to death today for "military reasons."

Nascia faced the end bravely. As the other soldiers in the military wagon that brought him to the Aclac parade ground, the condemned man was escorted by a military band.

At a sharp command a volley sounded. Nascia's eyes were closed and his body fell. He refused to have his eyes closed.
