

# Turkey Enters War and Bombarads Russian Ports; Allies and Germans Are Leached in France

## TURKISH WARSHIP LOOSENS HER GUNS ON RUSSIAN TOWN

For an Hour Cruiser Fired on Theodosia, Situated on Crimean Coast—Considerable Damage Was Done.

Theodosia, Crimea, October 29.—(Via Petrograd.)—From 9:30 o'clock to 10:30 this morning a Turkish cruiser with three funnels bombarded the station and city, damaging the cathedral, the Greek church, a pier and some sheds. One soldier was wounded. A branch of the Russian Bank of Foreign Commerce caught fire. At the conclusion of the bombardment the cruiser left in a southwesterly direction.

**SURRENDER OF CITY.**  
Novorossysk, Crimea, October 29.—(Via Petrograd.)—The Turkish cruiser Hamidieh, which arrived here today, demanded the surrender of the city and the government properties, threatening in case of refusal to bombard the town. The Turkish consul and officials were arrested. The cruiser withdrew.

Theodosia (formerly Kaffa) is a Russian seaport on the southeast coast of Crimea, about 100 miles northeast of Sebastopol, by which it is connected by rail.

Novorossysk is on the northeast coast of the Black sea, and is the capital of the territory of the Black sea. It is almost directly opposite Theodosia, at a distance of about 120 miles.

**DIRECTORS ARRIVE TO PLAN OPENING OF REGIONAL BANK**

M. B. Wellborn, prominent banker of Aniston, Ala., chairman of the board of directors of the sixth district federal reserve bank, arrived in Atlanta Thursday afternoon to meet with Joseph A. McCord, governor of the new bank relative to opening the bank on November 15 and selecting a location.

Mr. Wellborn and Mr. McCord spent their time Thursday afternoon visiting several prospective sites for the bank. They were accompanied by J. H. Hurt, manager of the Hurt building, for several hours.

The directors are arriving in the city and by this morning the entire board will be here to attend the meeting this morning, at which time the heads of the new bank will be chosen and the site selected.

The Atlanta member banks of the reserve bank have notified Mr. McCord that they are ready to deposit their share of the reserves at any time.

Washington, Oct. 29.—(Special.) Edward T. Brown, a director of the federal reserve bank of Atlanta, on leaving here today afternoon to attend a conference with John Skilton Williams, comptroller of the currency, the other Atlanta director.

The purpose of want advertising is to reach people. What other way can you do it quite so effectively as through The Constitution "Want Ad" pages.

## Milady Has Barber Just Like the Men, Says Georgia Law

Bill Passed by Last Legislature Apparently Makes Barbers of All Hairdressers in Beauty Shops.

While the new law, passed by the last legislature, designed to regulate the qualifications for barbers and the sanitary specifications for barber shops, goes into considerable detail to explain just who, what and when a barber is, it is regarded among state house officials as possible that either the board of barber examiners, which Governor Slaton appointed on Thursday, the attorney general or the court may yet have to speak some hair-splitting words upon that question.

## MRS. FITZPATRICK HEADS FEDERATION

## Georgians in Washington.

Washington, October 29.—(Special.)—Mr. and Mrs. Paul Brown of Lexington, Ga., are here on their honeymoon.

## TOKIO, October 30.—(11:15 a. m.)—The Russian embassy here announces that Turkey has opened war on Russia.

## PRINCE TOO GERMAN TO SUIT THE BRITONS

Louis of Battenberg Quits Post as First Sea Lord Because of Birth—Wanted in the Newspapers.

London, October 29.—Prince Louis of Battenberg, about whom there has been much gossip because of his Austrian origin, has resigned his position as first sea lord of the admiralty.

Although born in Austria, Prince Louis and his English-born boy and wife were naturalized in 1888, when he was only fourteen years old.

Recently some of the less influential newspapers took up the matter, asking that some of the women be made the retention of an officer of German birth as the professional head of the navy.

Paris, October 28.—Winter has made itself felt the last day or two over the entire field of operations in which the mighty armies are at grips in Belgium, France and Alsace-Lorraine.

## WOUND RECEIVED BY CROWN PRINCE IN VERDUN ATTACK

Rome, October 30.—(Via London, 1 a. m.)—It is reported the German Crown Prince was wounded while leading an attack on Verdun.

## BAVARIANS GET WISH AND MEET THE BRITISH

Reports Indicate Meeting Was Costly for Bavarians—Entire Regiment Destroyed.

The Belgians now control the railroad between Neuport and Dixmude, as well as the river Yser, where the Bavarian troops had their headquarters.

## Secret of the Prince.

Prince Louis of Battenberg is a vice admiral and personal aide-camp to the king. He was born at Graz, Austria, in 1854, the eldest son of Prince Alfred, Duke of Saxe-Coburg and Gotha.

## States in the Balkans Will Probably Be Found In War Against Turkey

Germany Has Been Trying to Induce Turkey to Fight the Allies, and It Is Said Has Supplied Her With Large Sums of Money—German Cruisers Fled to Constantinople and Are Still Manned by German Crews—In Belgium and Northern France Allies and Germans Are Worn Out and Doing Little Fighting—Russians Are Still Driving Germans From Poland.

London, October 30.—(2 a. m.)—The outstanding feature of the great war is the entrance of Turkey into the struggle as reported from Petrograd and Tokio.

Ever since the war began the attitude of Turkey has been the subject of doubt. It has been reported a number of times that Turkey was ready to join forces with Germany and it was even said that Germany had supplied the Ottoman government with large sums of money.

Now comes word that a Turkish cruiser has bombarded the Russian seaport of Theodosia, in Crimea, and that another Turkish cruiser has threatened the seaport of Novorossysk, on the Black sea.

Under stress of pursuit by British warships, the German cruisers Goeben and Breslau early in the war took refuge at Constantinople. They were purchased by Turkey, but the German officers and crews were retained.

The former German warships have proved a cause of irritation throughout the last few weeks to the allies, and Great Britain asked the Ottoman government to remove the German crews.

The allies, according to officers returning from the front, have inflicted such terrible losses on the enemy that the invaders are attacking at night far less furiously.

From Ypres to Arras fighting of the severest kind went on all day. For the most part it favored the allies, who made a considerable advance at some points.

Along the entrenched line from the Aisne to the Argonne forest, General von Kluck seems to have abandoned his attempt to break the allies' line, and has given way in many places and retired to trenches in the rear.

One East Württemberg regiment, numbering a thousand, is reported to have been destroyed north of the Chateau de la Motte, in the Argonne region.

The Germans hoisted a white flag and when a small party advanced to receive the surrender the Germans reopened fire, killing ten Frenchmen.

The Belgians now control the railroad between Neuport and Dixmude, as well as the river Yser, where the Bavarian troops had their headquarters.

By marriage Prince Louis is related to Emperor William of Germany, the king of the Netherlands and the king of the Belgians.

the vessels, but Turkey replied that it was a domestic question. Meanwhile, Turkey has been under surveillance by the allies. Her action in the present attack on Russian sea ports has not been explained, but it is possible her injection into the war may bring to arms some of the Balkan states which up to the present have remained quiescent.

# Allies and Germans Are Tired; Only Isolated Fighting Reported Along the Great Battle Front

London, October 29.—The battle of the Yser and the series of fights along the whole front in Belgium and France appear, with the troops now exhausted, to have degenerated into numerous isolated attacks and counter-attacks, in which gains and losses are about equally divided.

On that part of the battle front nearest the sea, where the Germans have delivered repeated attacks with daily increasing forces, in their effort to force their way to Dunkirk and eventually to Calais, and where the allies have offered such stubborn resistance, there has been another day of comparative calm, and although the Germans in their morning bulletin claim progress south of Neuport, the French this afternoon say there is no change.

### GERMANS TRY FURTHER INLAND.

The Germans seem to have transferred their more serious operations further inland and to be trying to break through the allied lines from Lille, which, if successful, would compel the allies, who are holding the front through Ypres to the coast, to fall back toward Dunkirk.

### RUSSIANS HIT GERMAN CENTER.

In Poland, where the Austrians and Germans are retiring before fresh Russian armies, something more decisive has occurred. Having a week ago driven back the German right advancing on Warsaw, the Russians now have struck at their center, where the Polish capital, and according to the Petrograd report, have broken the resistance of the last units of the armies trying to maintain themselves north of the Vistula river. The Russian advance has recaptured Radom, where many men and guns and much war material has been captured.

### REBEL BOERS BEING SUBDUED.

In South Africa the situation appears more favorable. General Buller's force, at the head of the army operating against the rebellious Boers, who have been gathering in the mountains of the Orange river, has captured the town of Mafeking, which was held by the rebels. The Boers are being driven back and their operations are being stopped.

### BRITISH COURT IN MOURNING.

Beginning today the British court goes into mourning for three weeks for Prince Maurice of Battenberg, the first British prince to die in the war. He was a cousin of King George and a son of the late Prince of Battenberg. He was killed in the King's Royal Rifle corps, and died of wounds received in the battle of the Somme.

### ALLIES TO WIN BY SUPPLY OF MEN.

The one great factor upon which the allies build their hopes of an eventual victory is the supply of men. The allies are drawing from the vast resources of the British and Russian empires, which are being poured into the front in the most rapid manner possible.

### DEADLY WORK BY BRITISH FLEET.

London, October 29.—The secretary of the admiralty makes the following announcement: The British fleet continues to support the allies' left and since the morning of October 27 the fire of 12-inch guns has been directed against the German positions and batteries. The reports received from shore testify to the accuracy of the fire and the damage done.

### RUSSIANS BURN DEAD AUSTRIANS.

Petrograd, October 29.—(Via London.)—The Lemberg correspondent of the Times says: "A British correspondent has reported from the burning of the lower regions of the San that the Russian troops have been taking the Austrians prisoner. The Austrians are being burned in the streets of Lemberg."

### PRINCE TOO GERMAN TO SUIT THE BRITONS.

Continued From Page One.

Prince Louis of Battenberg, who was the first German to be killed in the war, was a son of Queen Victoria's eldest daughter, Princess Alice. He was a German by birth and a British subject by adoption. He was killed in the battle of the Yser.

### GERMANS ARE DIGGING ENTRANCE.

The Germans are digging an entrance to the sea from the interior of Belgium. This is a strategic move to allow them to bypass the Yser river and reach the coast.

### KAISER RUSHING HIS SUBMARINES.

Amsterdam, October 29.—(Via London.)—A dispatch from St. Petersburg, dated October 28, says that the Kaiser is rushing his submarines to the Belgian coast, where they will be put together and the boats then sent to sea.

### KAISER ORDERS TAKING OF CALAIS.

London, October 29.—Telegraphing from Copenhagen the correspondent of the Times says: "It is learned in Berlin that from all parts of the east and west battle fronts the Kaiser has ordered the German army to take Calais at all costs. It is semi-officially reported that the Kaiser will be able to control the southern part of the North sea as soon as they possess Calais."

### PROGRESS CLAIMED AT SOME POINTS BY FRENCH WAR OFFICE BULLETIN.

Paris, October 29.—The French war office in its official communication, issued at 11 o'clock tonight, says: "There is no important news to report according to the latest information received. The official announcement given out this afternoon says that the French troops have made progress at several points along the line of battle, but particularly around Ypres and to the south of Arras."

### GERMANS ARE CLAIMING PROGRESS BOTH IN FRANCE AND BELGIUM.

Berlin, October 29.—(Via Amsterdam and London.)—The German general headquarters this morning gave out the following report with regard to the situation in France and Belgium: "Our attacks to the south of Neuport are slowly gaining ground. At Ypres the battle is unchanged. To the west of Lille our troops are making good progress. Several fortified positions of the enemy have been taken. Sixteen British officers and 200 men, as well as four cannons, have been captured."

### GERMANY TRIES TO BRIBE FRANCE TO QUIT SUPPORTING THE ALLIES.

London, October 30.—(12:55 a. m.)—The Daily Chronicle's Paris correspondent asserts that, with a view to detaching France from the allies, Germany has made an offer to conclude peace on the basis of the cession of Metz and possibly a portion of Alsace to France. The offer, according to the correspondent, was rejected.

### GERMANS RETREAT BEFORE RUSSIANS.

Petrograd Reports That the Pursuit Is Being Pressed and Many Prisoners and Guns Captured.

Petrograd, October 29.—An official communication, issued by the Russian commander-in-chief under date of October 28, reads: "We have broken the resistance of the enemy's last units, which still attempted to hold on to the north of the Vistula. On the front beyond the Vistula all the Austro-German troops are in retreat. We have occupied Strzyzow, Leschow and Nowomestko. The Russian cavalry has entered Radom and captured several automobile convoys."

### WHY THE MEN OPPOSE BALLOTS FOR WOMEN.

Chicago, October 29.—Jane Addams told the delegates to the convention of the Illinois Equal Suffrage association that in the five states where she had investigated the chief reason for male opposition to equal suffrage was the fear that the women would usher in a reign of blue laws.

### KING ALBERT'S CALL TO BELGIAN PEOPLE.

London, October 29.—The Exchange Telegraph's Amsterdam correspondent sends the following proclamation to the Belgian troops by King Albert: "Our towns have been burned and destroyed, and there is mourning over the whole country. But more terrible disasters will follow if we do not free the country of the invaders. That is your imperative duty, and it is a duty you can fulfill with the assistance of our allies."

### CRUISER EMDEN AGAIN STRIKING

German Sea Terror Sinks Russian Cruiser and French Destroyer in Waters of Penang—Act Daring.

Tokio, October 29.—The British embassy hears that the German cruiser Emden, flying the pennant of a fourth ensign, entered Penang, a British port, on Tuesday, and attacked the Russian cruiser Jemtechug and a French destroyer. The Emden's entrance into the waters of the sea of Japan, during the Russian-Japanese war in 1905, the Jemtechug was interned at Manila.

### ABLE TO SYMPATHIZE.

To a certain extent the United States can sympathize with Turkey for having been represented at Washington by Henry Lane Wilson as ambassador in Mexico City.

### How the Emden Gets Out.

Cardiff, Wales, October 29.—(Via London.)—The explanation of how the German cruiser Emden can keep at sea without putting into ports is given by the British navy. The Emden is reported to have sailed from Penang on Tuesday, and is believed to have taken on board the steamer's 7,000 tons of steam coal.

### Suffered Twenty-One Years—Finally Found Relief

Having suffered for twenty-one years with a pain on my side, I finally found relief in Dr. Kilmor's Swamp-Root. I had been told that I had to undergo a surgical operation in New Orleans, which would have cost me \$1,000. I was so sick that I gave up hope of living. A friend advised me to try Dr. Kilmor's Swamp-Root, and I at once commenced using it. The first bottle did me so much good that I purchased two more bottles. I am now on my second bottle, and am feeling like a new man. I passed a gravel stone as large as a hen's egg, and several small ones. I have not had the least feeling of pain since taking your Swamp-Root. I feel it my duty to recommend this great medicine to all suffering humanity. Grateful for your help, I am, Sir, yours truly, MR. JOSEPH CONSTANCE, Rapides Par. Echo, La.

presented a problem "of the most urgent character," and declared his conviction that prompt subscription of the loan fund would "be productive of immensely beneficial results." The exponent, acceptance of subscribers' certificates as a basis for emergency currency issues, he added, "should greatly facilitate the banks in making and taking care of their subscriptions. The issue of certificates to the loan fund plan reached the federal reserve board today, but members of the board pointed out that consideration by clearing house associations and then by individual banks might delay final action in the matter for several days.

**Secretary McAdoo's Letter.**

Secretary McAdoo's letter to the clearing house chairmen follows:

"The cotton situation in the south presents a problem of the most urgent character. It is imperative that some intelligent financial measures shall be immediately adopted. The problem is not local, but national, because a serious hurt to the south affects the entire country. To avert the danger in this emergency must appeal, therefore, not only to our better instincts, but also to our material interests. The Government of the federal reserve board, has sent you a letter today, together with a plan which the board has approved for raising a fund of \$135,000,000 to be loaned to cotton. It is our firm belief that the prompt subscription of this fund and its use as provided in the plan, will be productive of immensely beneficial results. You wish earnestly to urge upon your city and in your federal reserve district promptly subscribing the amount allotted to you. The Government has led off with \$50,000,000 subscription, and I sincerely hope that there may be no doubt whatever about the raising of the remaining \$85,000,000 in the other leading financial cities of the country.

**Counts on Support of Bankers.**

"I am sure that we may confidently count upon the loyal and patriotic support of the bankers of your city in this emergency. The federal reserve board, itself notwithstanding the onerous duties which it has to perform, has organized the federal reserve system, has, nevertheless, consented to the issue of these certificates as a basis for the purpose of supervising the administration of the proposed fund, because of the seriousness of the emergency and the necessity for immediate service on the part of every citizen who wants earnestly to help this country.

"In order to assist the banks which may subscribe to this fund, I desire to say that the power and discretion vested in me by law, I shall, upon compliance by the banks with the terms and provisions of the plan, now develop upon it in the accept of the class A certificates referred to in this plan as 'securities' at its per cent of their face value as a basis for issue of so-called 'emergency currency' when presented to me through national clearing associations. This should greatly facilitate the banks in making and taking care of their subscriptions.

"Will you be good enough to telegraph me on receipt of this letter if we may count upon your co-operation? The secretary of the clearing house to help the southern banks which may subscribe for class B certificates he had determined to accept them also as 'securities' as a basis for the issue of emergency currency.

**INVASION OF ANGOLA DENIED BY GERMANY**

Berlin, October 29.—(Via London).—It was announced officially in Berlin today that nothing was known concerning the report that German troops had entered the Portuguese colony in West Africa.

The statement was given out by the Wolff bureau.

The dispatches relating that German troops had forcibly invaded Angola came by way of Lisbon, Madrid and Paris through a French news agency and were received here October 27. The same method of transmission was being made at Lisbon for the immediate dispatch of warships and troops from Portugal to Angola.

**SWEDISH VESSEL SUNK BY MINE IN NORTH SEA**

**TURKISH-PERSIAN PACT DENIED AT PETROGRAD**

Petrograd, October 29.—(Via London).—Reports from Berlin that an alliance exists between Turkey and Persia were denied today by the Persian minister. The report originated, he said, from a purely personal visit by Lord Curzon to Constantinople. The denial says Russia's relations with Persia have not been changed and that the Persian minister for Russia to remove her troops from the frontier was not made seriously or accepted seriously if the Persians were withdrawn, the minister said, the territory would immediately be occupied by the Turks.

**BRITONS IN GERMANY ARE HAVING HARD TIME**

London, October 29.—What the London press describes as reprisals in Berlin in the matter of the violation of the Hague under date of Wednesday.

"The German police authorities," the message says, "are preparing to take even more drastic repressive measures against the British. The authorities are taking a revised census of the British residents with a view to facilitating arrests. Word has gone forth that a clean sweep will be made, and it is considered possible that every Englishman in the German capital will be under arrest in a short time."

The Germans, it is stated, are taking advantage of the situation to seize and are curtailing the privileges of the English civilians already interned. In one of the concentration camps in Germany the Englishmen, it is said, are forced to sleep on straw.

**ANOTHER SHIP SUNK OFF COAST OF IRELAND**

Fleetwood, England, October 29.—(Via London).—Word has been received through a trader which arrived here Wednesday that another steamer has been sunk off Mahon Head, off the north coast of Ireland. There are no details of this new shipping disaster.

London, October 29.—The Times in an editorial suggesting that the mines off the coast of northern Ireland have been dropped by North sea trawlers flying a neutral flag, says:

"The Germans are flagrantly violated the precedents of international law that the only safe precaution seems to be the closing of the North sea to all neutral maritime traffic in order to prevent any further dangerous abuse of neutral flags."

"We do not, at present, advocate this extreme measure, but it is for the authorities and, above all, for the admiralty to say whether such a development is practicable and desirable."

**FRENCH COUNT FIRING ON HIS OWN CHATEAU**

Paris, October 29.—The Countess de Chambrun, formerly Miss Clara Longworth of Cincinnati, a daughter of a Congressman in Illinois, Longworth, has received a letter from her husband, who was at one time the French military attaché at Washington and is now an officer of an artillery company at the front. In his letter Count de Chambrun says:

"I am now having the great pleasure of directing the artillery fire against our own chateau and taking great enjoyment in seeing piece after piece come down."

The de Chambrun chateau is near St. Mihiel where a stubborn struggle has been going on for six weeks since that point has been occupied by the Germans.

**DETAINED COPPER SHIPS TO BE FREED BY BRITAIN**

English Ambassador and Acting Secretary Lansing Confer About Matter.

Washington, October 29.—After a conference between Acting Secretary of State Lansing and Sir Cecil Spring-Rice, the British ambassador, late today, it was stated authoritatively that Great Britain probably would release the English carrying American copper detained at Gibraltar.

It was learned that the Italian government already has declared an embargo on copper exportation to belligerent countries, but that a negotiation has not formally opened. England, as soon as the fact is officially communicated, the steamers destined to carry copper to Italy will continue their voyage, according to the view of British officials here.

**Neutral Governments to Act.**

Incidentally the British ambassador revealed that negotiations were well under way between Great Britain and all neutral countries of Europe where the carrying of goods to the belligerent countries of all products classed as conditional contraband. It is intended that the neutral governments should be government behind shipments to insure against re-exportation.

In the case of copper already en route to Italy or Spain or Greece, the British government will be guided by the ultimate destination of each cargo. It is believed that copper believed to be consigned indirectly to Krupp's ammunition works in Germany or to the German navy will be refused.

The ambassador said it plain that the least possible friction would ensue in the case of copper shipments to the countries to which they consigned their cargoes, a certificate saying the copper was for use in question would not permit re-exportation.

**Secrecy About Cargoes.**

The principal object of the British ambassador's visit to Mr. Lansing was to discuss the question of the secrecy of cargoes until thirty days after ships cleared American ports. The ambassador said the following statement of explanation:

"The United States government has a perfect right to issue such regulations as it thinks fit. Foreign powers have no reason to complain. In New York, this regulation has actually been in force for some time."

Demands of American exporting interests were responsible for Secretary McAdoo's order. Since the beginning of the war the old general manifest, which gave only vague information of the details of the ships' cargoes, has been replaced by a precise invoice of all goods in the bottom. Shipping interests have objected to this change, and these new manifests operated injuriously to the individual shipper by acquainting business rivals of his methods.

**AMERICAN WARSHIPS SPEEDING TO HAITI**

Outbreak in Port au Prince the Cause—Foreigners Will Be Protected.

Washington, October 29.—Orders to proceed with all possible speed from Dominican waters to Port au Prince, the rebel-held capital of Haiti, were sent by the navy department today to the transport Hancock, which has on board a full regiment of marines.

At the same time the battleship Kansas was ordered to Port au Prince from Vera Cruz.

The Hancock should arrive tomorrow and the Nebraska probably Saturday. The cruiser Tacoma already is at Port au Prince, and a detachment of her marines were landed last week to protect the American consulate, after an understanding had been reached with both factions.

"What further steps shall be taken to protect Americans and other foreigners probably will be left to naval officers on the scene. No official report had reached Washington today of the latest disturbances in Port au Prince, but earlier dispatches, announcing that Davilmar Theodore, having proclaimed himself president, was marching against the capital, caused the state department to ask the navy to prepare to deal with a serious situation.

**FIGHTING IN STREETS OF PORT AU PRINCE.**

Port au Prince, Haiti, October 29.—A serious revolutionary outbreak occurred in Port au Prince last night as a result of the landing here of Charles Zamor, a brother of the president of the republic. There was shooting in the streets of the city throughout the night and the encounters continued today. The members of the ministry have taken refuge in the foreign consulates.

The Netherlands steamer Prinz Willem came into Port au Prince yesterday evening at 10 o'clock. On board were President Zamor and his brother Charles. Charles came ashore and his landing was the signal for the outbreak. The government forces opposed the rebels, but were driven back and compelled to evacuate their positions.

A force of rebels under Davilmar Theodore, leader of the present rebellion and the man who has been proclaimed president by the revolutionists, has occupied Mirobalais, 20 miles

**CHRYSAETHUM SHOW OPENS IN WASHINGTON**

Washington, October 29.—The annual chrysanthemum show of the department of agriculture, opened today. On account of the large number of plants, 1,000, as well as the many new varieties displayed, the exhibition gave promise of being one of the best ever held.

In spite of the fact that the warm weather and foggy nights that have prevailed this fall are said to be injurious to the life of the hardy chrysanthemum, causing the bloom to fade quickly, some of them are handsomer than any shown at previous exhibitions. As a result of the warm weather many of the plants have reached a height of two feet, attracting much attention from visitors.

One of the finest chrysanthemums on view is the Chirley Mathewson, an "incurve" variety, its petals curving up toward the center. Among other new kinds are the Flamingo, the Naketa, a large yellow American variety, and the Mrs. R. H. Boggs, an English blossom about as large as any grown, being nearly thirteen inches in diameter.

**GERMANY DENOUNCED BY FRENCH ACADEMY**

Paris, October 29.—The French academy today protested against Germany's having imported to France or her allies responsibility for the war, and also against "abominable acts" committed by Germany.

The protest says that in the name of civilization the academy denounces the violation of Belgian neutrality and the destruction of noble monuments. It expresses admiration for the armies fighting against the German Austrian coalition, and sends "greeting to the soldiers, who animated by the virtues of our ancestors thus demonstrate France's immortality."

**De Oro Defeats Moore.**

New York, October 29.—Alfred De Oro, defending his title at three-cushion billiards, defeated George W. Moore, of this city, here tonight in the second night play, 30 to 29, in 72 innings. The total score now stands: De Oro 190, Moore 57. Moore made a high run of 5 and De Oro 4. The final points will be played tomorrow night.

**STARVING BELGIANS MAY ATTACK GERMANS**

Hunger May Impel the People Left in Ravaged Country to an Outbreak.

London, October 29.—Fear that the Belgians remaining in their devastated country would be impelled through hunger to attack the German military authorities was expressed in a telegram received here today from Captain T. F. Lucey, representative of the American commission for Belgian relief.

The message, sent from Rotterdam to Herbert C. Hoover, chairman of the relief commission, said Captain Lucey had been told by rebel workers that in Brussels, Charleroi, Liege, Namur, Mons and Dinant 3,000,000 persons were being fed by charity, and that only four days' supply of flour was on hand in the vicinity of Liege conditions were more desperate than elsewhere, it was possible. There, the necessities of life were urgently needed.

"Beans, peas and rice are acceptable, the telegram continued, but the great necessity and the urgent appeals from all concerned are for wheat flour. "You may be convinced that any statement you have heard has underestimated conditions in Belgium. Great danger is threatened. To avoid it you must get flour to the people, and get it at once."

"The steamer Iris, the second ship to take supplies to Belgium for the American committee, is expected to sail from London Saturday with 7,000 tons of wheat flour and other necessities.

"The Dutch minister of the interior," says Reuter's correspondent at The Hague, "has instructed Dutch officials handling Belgian fugitives in Holland that the invitation extended to these fugitives to return to their own country, must not degenerate into compulsion. Belgians who are destitute will continue to receive assistance."

"The statement published in several Dutch papers that distribution of food among the Belgians was to be restricted and later stopped entirely, is officially denied."

**Captain Dean Guilty.**

Washington, October 29.—Captain Warren Dean, Fifteenth United States cavalry, recently tried before a court martial at El Paso, Texas, was found guilty of carelessness in his accounts and sentenced to be reduced ten files in his lineal rank. This case will be acted upon by Secretary Garrison upon his return next week.

An after-theater supper at the Winscott Southern Gardens will wind up the day with satisfaction.—(Adv.)

**The Suit of Utmost Style and Value at \$19.50 to \$25.00**

Today we shall show you literally hundreds of suits priced anywhere from \$19.50 to \$25.00, that are so evidently right in all the little points which go to make suits smart and desirable, that they will prove themselves at once.

**We are proud to say there is not one suit in the hundreds that is the result of a special purchase, not one that we "picked up at a price."**

With the scarcity of materials that makers of suits have had to face this season we have not been able (and how diligently we have searched that great market, New York!) to find suits worth higher prices, to sell as bargains.

These suits are here at \$19.50 to \$25.00 because they represent the closest approach we can find to our ideal of \$19.50 to \$25.00 values.

And the best part of it all is that you are going to see, just as we have, that they are values such as cannot be found in every store. Serges, gabardines, chevots, broadcloths, styled distinctively, individually, beautifully, tailored with the care that marks conscientious, capable effort.

# SENTIMENT GROWS FOR BOND ISSUE

## Members of Industrial Commission Will Recommend Issue of Approximately \$3,000,000.

Statements showing that Atlanta's borrowing capacity is now \$7,571,000 stimulated the agitation for a bond issue when the city's newly-created industrial commission met Thursday afternoon.

Members of the commission who have given careful thought and study of the needs of the city are ready to recommend to the council, in a report which will be submitted next Monday, that an issue of \$1,000,000 or less be floated. The commission will urge immediate action, and council will be asked to call a special bond election with a special registration to be held this year.

### Hold One More Meeting.

The commission will hold one more meeting before submitting its report. L. C. Hopkins, C. E. Glenn and J. M. E. Hoxey, civilian members of the commission, will hold an informal meeting before Saturday at which time they will report to the entire body.

Councilman Charles Brown, chairman of the commission, urged an issue of not more than \$500,000 in bonds, and when he takes the floor in council Monday in advocacy of the issue, he will recommend that the master of how the money shall be spent be left entirely with the discretion of the voters. Councilman Brown believes that the people should be allowed to determine for themselves whether they want to increase the city's debt, or for schools, or hospital, or any of the other improvements.

### The Borrowing Power.

On December 31, 1913, the city's borrowing capacity was \$7,571,000. In December, 1914, it will be \$7,100,000. In 1915 the city issued \$2,000,000 in bonds to pay for the city's water works, plants and other improvements. The city issued \$1,000,000 through the sinking fund, and a total of \$3,000,000 in bonds, and upon which the city is paying interest on the bonds returned through the sinking fund the city saved the interest thereon.

Although the complete figures are not available, yet at the close of the year, the tax books show that the city is only \$100,000 behind in collections for the year of 1914. The tax books do not close until November 3, and according to Councilman Brown, the chairman of the committee, by the time the books are closed, the taxpayers will have paid in excess of \$1,000,000 of last year.

Chairman Smith said Thursday that the business men of the city are applying and property owners have responded so promptly to the notices sent out by the city collector, that the city is in a better financial position than it has been in for many years.

### Need Not Hesitate.

With reports glowing with optimism and confidence regarding the reports of the city's financial position, the members of the industrial commission believe that it is desirable for the city to issue bonds in the matter of issuing bonds. Members of the commission who represent the business interests and the citizens of the city believe that the city council and the mayor should give the people a chance to decide whether or not they want bonds.

There is no disputing the fact that the city needs better improvements, new streets, streets, hospital and other improvements, says Councilman Brown, and there is no denial of the fact that these improvements will give work to hundreds of men in the city. The question, what is the use of the city officials trying to dodge the issue, if the people don't want bonds they will say so by their votes. Now is the best time to make our improvements. Material is said to be cheaper, and it can be given work to our people who are doing a great service for the city.

### Orville Hall Aids.

Councilman Orville H. Hall, the author of a resolution authorizing the appointment of a bond committee, has joined with the industrial commission in its work. He called together the members of the industrial commission and went over with the heads of the various departments the estimates of such department. From estimates submitted by department chiefs, the city will have a total of \$3,000,000 for the improvement of the city for a period of twenty years. In some instances ten years, but a subcommittee has been appointed to go over the estimates and if they come down to a million with a view of helping the city council to estimate to a total of \$3,000,000 or less.

# SUFFRAGE DEBATE LOSES TO BANQUET BY A CLOSE VOTE

Though it is generally reported that college students delight in debating on the subject of "Woman Suffrage," the students of the Atlanta Law school upset the "dope" by choosing "cats" instead of a debate on this question tonight. However, the change was not without opposition, and a vote of the students voted for the woman suffrage debate instead of the banquet.

Robert M. Strickland, Jr., of the senior class, will act as toastmaster at the banquet, which will be held at the Wineoff hotel. The following speeches will be delivered:

"The Practice," by Wharton O. Wilson, faculty speaker.

"Professional Ethics," by Robert B. Troutman, faculty speaker.

"Profession v. Business," by Catchings Thrull, president of the senior class.

"Legal Ideals," by East Stockbridge, alumni speaker.

"The Beginner's Outlook," by Wallace E. Day, president of Junior class.

"Toast to the Debating Society," by J. W. Lockraw, president of Debating society.

## GEORGE JOHNSON QUITS POLICE BOARD PLACE

### Jack Letton and Walter Waits Are Mentioned as His Possible Successors.

Recorder-elect George Johnson has resigned his place on the police board. The resignation becomes effective on November 16, the same date upon which Recorder Nash Broyles leaves the police court to prepare for his duties as judge of the court of appeals.

Commissioner Johnson's resignation will be presented to the general council next Monday. It is generally expected that the vacancy on the board will be filled immediately, and that at the next meeting of council, which will fall on November 16, Commissioner Johnson will be appointed to serve the unexpired term of Recorder Broyles.

Reports as to the choice of the sixth ward delegation in the police board appointment are conflicting. It is said that some members favor putting Jack Letton, leader of the Wineoff hotel, in Johnson's vacancy, while others are understood to favor Walter Waits, an attaché of the Atlanta Terminal company.

### CASHING CHECKS GETS MOORE INTO TROUBLE

P. H. Moore, who lost that he came to Atlanta from Los Angeles, California, was arrested by the police on Thursday on the charge of being a common carrier in excess of his bond which was fixed at \$1,000. According to the prosecution, Moore cashed three checks, amounting to \$50, on the firm of Law Bros. 16 Whitehall, and a draft amounting to \$15. The Third National bank reported upon the checks, that Moore had no credit in Los Angeles. During the trial, Moore admitted that he had intended to have them protected by money received from a friend, but that this source had failed him unexpectedly.

### CELEBRATE HALLOWE'EN AT WINECOFF TONIGHT

Elaborate preparations have been made by Manager J. F. Letton of the Wineoff hotel, for the celebration of Halloween Saturday night. The Rose Garden will be decorated for the occasion, and a Halloween menu is being prepared for the dinner. An attractive musical program will be presented by the hotel orchestra and Mrs. Frank M. Pearson, soprano. The decorations and other details have been completed and now include 13,000 geraniums.

# REAL DISTRESS COTTON, 5,000 ACRES OFFERED WHO WILL GIVE AID?

## Deserving Case Is Pointed Out by the Associated Charities.

Although the Associated Charities is closed to the public temporarily, at least the former agents of the institution find it hard to rid themselves of the thought that they are still duty-bound to look after those suffering and destitute people who were their wards before disbanding of the Charities. One case especially, that Miss Margaret Bradley, of the institution, is worried over is a family of four whom the charities met on their feet last April.

This family has several bales of cotton, and unless one of these bales is sold at 10 cents a pound before Saturday night, three children will have to walk out into the cold with no place to turn for aid.

Six years ago, Albert Mashburn, a young Atlanta man, reached beneath the wheels of a moving passenger train and made a thrilling rescue of a well-to-do Bostonian who had tried to board the train and missed the step. The Bostonian told the young man at the time that if he ever got into trouble to write him.

It happened that during the first of this year Mr. Mashburn lost his health, and was unable to continue at work. He was suddenly found by three small boys who had been playing on the tracks. Under circumstances, and finally found it necessary to appeal to the Associated Charities for assistance.

The story related by his story of saving the Bostonian's life to Miss Bradley, who in turn wrote to the party and told him of the young man's plight. The charities immediately received \$500 from the gentleman who instructed to put the young man on a farm with the money, whereupon the institution leased a farm at Felton, Ga., near Cartersville, purchasing a house and making the necessary farm implements.

The life of the farm did much to restore Mashburn's health, and worked for the boy's education. In the months later a plague swept that part of the state, killing out the stock, and the horse and mule were among the stricken.

On November 1, rental payment of \$50 was made for the month of October. The landlord has already placed a lien on the property for the rent. The little family has a few small bales of cotton, however, and this can be sold and they can pull through the winter and buy new stock in the spring.

### LINEN WILL BE HIGHER. J. B. Fallaize Sees Good Business Ahead, However.

That, owing to the curtailment of linen manufacturing in Europe, there will be a sharp rise in the prices of linen goods is the prediction of J. B. Fallaize, president of the J. B. Fallaize company, at Broad and Alabama streets, who has just returned from a business tour in Europe. Mr. Fallaize predicts also a considerable substitution of cotton goods for certain linen fabrics, and has already placed orders for a number of items, however.

Mr. Fallaize stated that he feels that people are recovering from the financial shock of the war, and have awakened to the fact that linen, being an imported goods, will be more affected by war conditions than any other class of merchandise.

"People are buying linens today, for they know they are cheaper than they will be," he said, "and the cold snap of the last few days has made 'The Linen Store' a busy place in its blanket department. We feel that we are on the eve of a good business, particularly for the holiday season."

"We are getting all the Scotch and Irish goods we can use, but at higher prices. French, Belgian and German, as well as Austrian, linens are practically exhausted. Naturally a great many cotton fabrics will have to take the place of linen. 'The Linen Store' management has already placed a number of cotton items in its line to keep the price down."

"The fact that large amounts of flax from which linen goods are manufactured, come from Russia and Belgium, will mean a considerable curtailment of the output of British goods, and they will not be able to get raw material. It is, therefore, clearly to the advantage of the purchasing public not to delay in getting linen supplies."

### WOMAN CLIENT BRINGS CALHOUN INTO COURT

Lowides Calhoun, an attorney, was accused by one of his clients of appropriating \$500, which he had collected for her through litigation in superior court, when Miss Annie Sullivan, a young woman, filed a petition, Thursday for a rule nisi to make him show cause why she has failed to receive the money.

Judge Bell issued an order commanding Mr. Calhoun to appear before him at the opening of the November term of court on the second of next month to explain why he has not turned over the alleged amount to his client.

Miss Sullivan charges that she retained Mr. Calhoun as counsel in litigation during May, 1911, against the Georgia Knives and Cutlery Manufacturing company in which she was beneficiary of her father's insurance.

She alleges that since then the lawyer's hands a claim constituting one-third interest in lands due from the insurance corporation in the superior court litigation. One thousand five hundred and twenty dollars and seventy cents, she accuses, she turned over to the clerk of court for distribution among the persons involved. Five hundred and twenty-six dollars and fifty cents of this amount, she says, was paid to Lowides Calhoun as attorney for Sullivan—her estate of the \$1,520.75.

### CHILDREN'S MEETING AT FIRST METHODIST

There will be a meeting for the children at the First Methodist church this afternoon at 3 o'clock, conducted by Evangelist Helen White, and lasting two weeks' revival.

Sunday afternoon at 3 o'clock, there will be a meeting for the children. Miss Kiehl extends a cordial invitation to the men and youths of the city to come and hear the speaker, and receive the revival. The revival has been signally successful, states the pastor, Dr. DeBoer, and he extends a cordial invitation to the public.

Services will be held every day this week at 10 o'clock in the morning and at 7:30 o'clock in the evening.

# GERMANS WILL GIVE "COUNTRY SOCIABLE" FOR BENEFIT FUND

## Number of Prominent Officials Will Be in the City Today.

A German "country sociable" will be given on the night of November 19 at 117 1/2 Whitehall street, for the benefit of the working men's sick and death benefit fund. The social features will last from 8:15 to 9:15, and be followed by a ball.

German food will be served and German women will be dressed like the peasant girls of Germany. Young men will form a Harmlosen club, representing harmless county youths. The entertainment will be conducted exactly as are the famous county fairs of Germany, including the girl letter carriers, fortune tellers and the marriage ceremony.

### HENDRIX TO GET PLACE. Slated for Appointment as Special Attorney.

Before the next meeting of the tax committee, which will be two weeks hence, members of the committee will be deluged with applications from energetic lawyers who will seek the appointment as special attorney to collect tax in the county and prior to that time.

One member of the committee, to avoid further annoyance, announced Thursday that the committee has practically decided to appoint W. C. Hendrix, a prominent young attorney and a member of the national guard, to the place. Captain Hendrix has several warm friends on the committee, and, in addition, he has aided the committee considerably in the work of getting the I. fas. in shape to issue executions.

The compensation of the attorney will be 25 per cent of all money he collects and turns into the city treasury. It is estimated that there are about \$1,000,000 I. fas. outstanding.

### GIRL HELD TO ANSWER FORGERY ACCUSATION

Minnie Wilson, 18 years old, who gave her address as 269 Whitehall, and who was arrested on the complaint of the federal attorney in Montgomery, Ala., who charge that she received, in exchange for a more order of \$8 made out to Minnie Lee Wilson, was held in \$200 bail for forgery.

The girl was taken part Wednesday by W. Colquhoun Carter Thursday. It is alleged that she cashed the money order in Montgomery. The delivery of the letter was a mistake, according to the government's contention. Miss Wilson claimed that she was all known as Minnie Lee Wilson. She will be held to await the action of the grand jury.

### "WAR TALES" ARE TOLD AT THE BURNS COTTAGE

"War Tales" were told at the Burns cottage Thursday evening by a number of members of the Atlanta Burns club, who were caught by the war while traveling abroad last summer. Many interesting yarns of exciting experiences were told by the travelers to their club members.

Incidentally, during the course of the evening, the Burns lovers partook of some "hammy fare."
