## GIVE RIGHT OF WAY TO CASE OF FRANK

for Relatives in Attorneys the Crawford Will Hearing Are Willing to Yield Their Claim of Priority.

The conflict between the dates of hearing the litigation over the \$250,-000 estate of the late Joshua B. Crawford, and the trial of Leo M. Frank, charged with the Mary Phagan murder, may cause a postponement of the Frank trial, as Attorneys Reuben R. Arnold and Luther Z. Rosser are con-

der, may cause a postponement of the Frank trial, as Attorneys Reuben R. Arnold and Luther Z. Rosser are connected with both cases.

The Crawford hearing will be renewed today and by right of priority takes precedence over the other trial. It is expected, however, that an arrangement will be made whereby Attorneys Burton Smith and P. H. Brewster, we presenting Mrs. Mary Belle torneys Burton Smith and P. 11, Brewsster, wepresenting Mrs. Mary Bello Crawford, the Tofondant, will continue the case and Attorneys Arnold and Rosser, also on the side of defendant, will devote their time to the defense of Frank.

Attorneys J. S. James and Albert

Crawford hearing might be postponed until the criminal case was disposed of.

Judge L. S. Roan, who is to preside over the trial of Frank, has stated that he would call the case Monday, but Attorney Arnold had declared that he wants the question of whether or not it is to be heard settled before the jurymen are summoned and a hearing in regard to that is expected this week.

Solicitor Hugh M. Dorsey is anxious to finish the Frank case and opposes any postponement, Frank's attorneys have shown no attempt at postponing it, except for the remark of Attorney, Arnold, who asserted that he dreaded the thought of the long and dreaded the thought of the long and dresome trial during the hot season.

May Start on Date Set.

Judge Roan has also stated that he is willing to a postponement if the weather proves as hot, on, next Monday as it was recently, and it is believed that he would willingly grant a postponement until fall. As the solicitor is anxious for a trial and as Frank's attorneys appear not to want to ask a postponement except on good and sufficient ground, it is possible that the case will start on the date set and will be carried through.

Preparations are already being made in the courtroom on the first floor of the old chainber, of commerce building where the case will the tried. Deputy Sheriff Plennie Miner, acting under orders from Judge Roan, had the janifors at work all day Tuesday putting in additional seats and benches and preparing for the crowd that is sure to attend the public hearing in which interest has centered for months.

Double the number of seats will be installed and after those directly con-

Double the number of seats will be installed and after those directly concerned with the case have entered, a sufficient number of the general public will be allowed to come in until all i-vacant seats are taken. Then the doors will be closed and no one else will be allowed in the courtroom. Deputy Miner has also ordered a dozon large electric fans which will be placed at intervals around the room to keep the air stirring and to draw as much fresh air through the large windows as possible.
