

Flash light pictures

very dark at this point.

Mary Inagan, having drawn her pay, comes to street floor, watched by Jim Conley from behind boxes.

Flash light picture—Extremely dark near elevator  
when brightest daylight.

"I want to make water"

Mary places her umbrella near the open elevator shaft  
from where it was accidentally kicked into the elevator shaft by  
Conley—See him watching her.

"In 1903, the umbrella hole"

See the umbrella color card.

...ing and  
and legs. Note the one leg at bottom of ladder.

"He said: go down that hole"

See the umbrella going down.

The ladder broke the fall and prevented breaking arms  
and legs. Note the saw log at bottom of ladder.

They often get in back of head and back ends, which  
causes unconsciousness. See log follows log.

High, 20  
While the body of the unconscious girl was carried, latter and  
the witnesses. The girl was well like as a late case. The girl  
Just after out in back of head had been made, which  
created unconsciousness, Conley follows her.

Cinder pile in basement 75 feet long, 3 ft high, to which the body of the unconscious girl was carried, ladder and log in distance. "he said he would love me - laid down play with me." witness drawers out open. Hymen ruptured. See evidence Drs. Hurt and Harris and girl's clothes with Mr. Dorsey.

Pain of attempted rape aroused her to consciousness. She screamed, she fought, she begged for her life. She was left alive on this cinder pile. Condition of face, hands, dress, mouth, nostrils. See her face pushed well into cinders to silence screams, by Canley's left hand. Note the hand near bleeding out in head.

Then Conley pried the staple from the rear door and went out into the alley and around to Mary Rich, where he bought a lunch, leaving on the inside of the back door the marks of bloody finger prints of left hand.
